Provided, however, that this section shall not apply to persons whose names appear of record, as devisees under the will or as the heirs in proceedings brought to determine their identity, in the office of the county judge administering the estate of the decedent.

Provided further that minors whose rights might be barred hereby shall have until two years after attaining their majority to take proceedings to establish their rights.

Provided further that suit may be brought within the time limited in said original section 1, Chapter 10168, Acts of 1925, by an heir or

devisee of a decedent who died before the effective date of this law.

History.—§1, ch. 10168, 1925; CGL 4659; §14, ch. 20954, 1941.

95.23 Limitations where deed or will of record for twenty years or more.—After the lapse of twenty years from the record of any deed or the probate of any will purporting to convey lands no person shall assert any claim to said lands as against the claimants under such deed or will, or their successors in title.

After the lapse of twenty years all such deeds or wills shall be deemed valid and effectual for conveying the lands therein described, as against all persons who have not asserted by competent record title an adverse claim.

History.—§§1, 2, ch. 10171, 1925; CGL 4660, 4661.

95.24 Liability of cities and villages for damages to person or property.

(1) No action shall be brought against any city or village for any negligent or wrongful injury or damage to person or property unless brought within twelve months from the time of the injury or damages.

(2) The provisions of this section shall not be applicable to any action brought for negligent or wrongful injury or damage received prior to the effective date on which this section became a law.

History.—§§1, 2, ch. 20885, 1941.

95.241 Notice of claim required.—

(1) No suit arising out of any action in tort or sounding in tort shall be maintained against any municipal corporation of Florida unless written notice of the claim, giving time, place, and circumstances of the injury, is given the presiding officer of the governing body of the municipality or the city manager or the city clerk or recorder or the city attorney within thirty days of the occurrence of the injury or of the discovery of the injury. In the event that the requisite notice is not given within the prescribed period and the municipality or its agents are alleged to have actual notice of the injury, in order for the action to proceed the injured party must show to the satisfaction of the court having jurisdiction over the claim that the delay or failure to give the requisite notice has not been prejudicial to the municipality.

(2) The provisions of this act relating to the time for giving notice shall not impair the right of any municipality to extend the period within which the requisite notice may be given, nor to repeal any existing notice required by any municipality whether by charter, ordinance or otherwise.

History.—§§1, 2, ch. 61-503.

95.251 Effect of repeal of §95.25.—Chapter 61-489, repealing §95.25 July 1, 1961, does not apply to rights vested prior to the effective date of this act.

History.—§2, ch. 61-489.

95.26 Limitations where deed or will on record for ten years or more.—

(1) After the lapse of ten years from the

record of any deed or the probate of any will purporting to convey lands, where it appears that the person or persons owning the land therein described had attempted to convey the title thereto, the same shall be taken and held by all the courts of this state, in the absence of any showing of fraud, adverse possession or pending litigation, to have authorized the conveyance of, or to have conveyed, the fee simple title, or any interest therein, of the person or persons signing such instruments, to the land therein described, as effectively as if there had been no lack of any seal or seals, witness or witnesses, defect in the acknowledgment, or the relinquishment of dower, and shall likewise be taken and held by all the courts of this state to have been duly recorded so as to be admissible in evidence under §21, Art. XVI of the constitution of Florida.

(2) Provided, however, that this law shall not apply to any conveyance, the validity of which shall be contested or shall have been contested by suit commenced heretofore or within eighteen months of the effective date of this law.

(3) The word convey as used herein shall be construed as embracing the word devise whenever such construction may be necessary to give effect to this law.

(4) This law is intended to liberalize former curative acts; and is not to be construed as imposing, by implication, any technical requirements, upon the execution of any deed or will, not otherwise required by law; this law shall not be construed as repealing or amendatory of, but as cumulative to all laws touching the subject matter hereof and now in force and effect.

History.—§§1-4, ch. 21790, 1943.

95.27 Sections 95.16 and 95.17 retroactive.—The provisions of §§95.16 and 95.17 shall be applicable to lands heretofore and hereafter held adversely under color of title as therein defined; provided, however, that owners whose lands have been held adversely by others during that period of time between June 5, 1939, and June 11, 1945, shall have until December 31, 1945, within which to bring proceedings to obtain possession of such lands, if the seven-year period of possession has run or may run before said date.

History.—§4, ch. 22897, 1945.

95.28 Limitations; instruments encumbering real estate.—The lien of a mortgage or other instrument encumbering real estate (hereinafter referred to as mortgage), except mortgages and liens specified in §95.32, shall terminate and no action or proceeding of any kind shall begin to enforce or foreclose the mortgage after the expiration of the following periods, unless an extension of any such period shall have been effected in the manner provided in §95.29:

(1) If the final maturity of an obligation secured by a mortgage is ascertainable from the record of the mortgage, the period of limita-

tion shall be twenty years after the date of such maturity.

(2) If the final maturity of an obligation secured by a mortgage is not ascertainable from the record of the mortgage, the period of limitation shall be twenty years from the date of the mortgage.

(3) In all such obligations, including taxes paid by the mortgagee, the period of limitation shall be twenty years; provided, however that a mortgagee shall have no right of subrogation to the lien of the state, for taxes paid by said mortgagee to protect the security of his mortgage unless said mortgagee obtains an assignment from the state of the tax sales certificate, and, provided, further that the mere redeeming of the tax certificate shall be insufficient for such subrogation purposes.

If any provision of this section, or the application thereof to any set of circumstances, shall ever be held by a court of competent jurisdiction to be invalid or ineffective for any reason, such holding shall not affect the applicability thereof to other circumstances, nor affect the remaining provisions hereof.

History.—§1, ch. 22560, 1945; §1, ch. 29977, 1955.

95.29 Same; extension agreements; recording.—If an extension agreement executed by the mortgagee or his successors in interest, and the mortgagor or his successors in interest, be recorded in each county wherein such mortgage was recorded before the period of limitation has expired, the period of limitation shall be extended as follows:

(1) If the final maturity, as extended, of the obligation secured by the mortgage is ascertainable from the record of the extension agreement, the additional period of limitation shall be twenty years after the date of final maturity of the obligation as extended by the extension agreement;

(2) If the final maturity, as extended, of the obligation secured by the mortgage is not ascertainable from the record of the extension agreement, the additional period of limitation shall be twenty years after the date of such extension agreement.

History.—§2, ch. 22560, 1945.

95.30 Same; instruments payable in installments.—If the record of the mortgage shows that the mortgage secures an obligation payable in installments, and the maturity date of the final installment of the obligation is ascertainable from the record of the mortgage, the periods of limitation in §§95.28 and 95.29 shall commence to run from the maturity date of the last installment of the obligation secured by the mortgage as ascertained from the record thereof.

History.—§3, ch. 22560, 1945.

95.31 Same; extensions; tolling of statute; application of law.—

(1) The periods of limitation set forth in this law shall be extended only as provided in this law and shall not otherwise be extended by any other agreement, nonresidence, disability,

partial payment, by operation of law, or by any other method.

(2) The running of the limitations prescribed in this law shall be tolled by the commencement of an action or a proceeding to foreclose or to enforce the mortgage; and the action or proceeding to foreclose or to enforce the mortgage may proceed to completion, notwithstanding that the period of limitation has, in fact, run.

(3) The limitations prescribed in this law shall apply only to the foreclosure or enforcement of a mortgage; but shall have no application to actions to enforce or collect the obligation secured by a mortgage.

History.—§§4-6, ch. 22560, 1945.

95.32 Same; exemptions from operation of law.—The provisions of this law shall not apply to mortgages or deeds of trust executed by any railroad or other public utility corporation or by any receiver or trustee thereof; nor shall the provisions of this law apply to liens or notices of liens under chapters 84 and 85.

History.—§7, ch. 22560, 1945.

95.33 Same; duties of clerk of circuit court.—The clerk of the circuit court shall file and record the extension agreement provided for in §95.29, shall enter on the margin of the record of the mortgage mentioned therein a reference to the filing of the extension agreement, stating thereon the date of the filing of such extension agreement, for which services the clerk of the circuit court shall be entitled to a fee at the rate provided by law.

History.—§8, ch. 22560, 1945.

95.34 Same; to what mortgages and liens applicable.—After one year from May 4, 1945, the provisions of this law shall apply to all mortgages in existence on May 4, 1945, on which actions to foreclose have not been commenced, except mortgages and liens excepted from this law by §95.32; provided, however, this law shall not apply to mortgages the enforcement of which is barred under existing law on May 4, 1945.

History.—§9, ch. 22560, 1945.

95.35 Termination of contracts, to purchase real estate, in which there is no maturity date.

—Whenever anyone shall have contracted to purchase real estate in the state, prior to July 1, 1927, by written agreement, the final maturity of which obligation is not disclosed and is not ascertainable from the record of said contract, or has accepted an assignment of such agreement, and the fact of the existence of such a contract of purchase, or assignment, appears of record from the instrument itself or by reference in some other recorded instrument, and shall not have obtained and placed of record a deed to the property or a decree of a court of competent jurisdiction recognizing his rights thereunto, and is not in actual possession of the property covered by the contract or by the assignment as defined in §95.17, he, his widow, heirs, personal representatives, successors, and

assigns, shall have no further interest in the property described in the contract, or the assignment, by virtue thereof, and the record of such contract, assignment or other record reference thereto, shall no longer constitute either actual or constructive notice to a purchaser, mortgagee, or other person acquiring an interest in the property, unless within six months after this law shall take effect, he or someone claiming under him shall:

(a) Place on record a deed or other conveyance of the property from the holder of the record title; or

(b) Place on record a written instrument executed by the holder of the record title evidencing an extension or modification of the original contract and showing that the original contract remains in force and effect; or

(c) Institute, or have pending, in a court of competent jurisdiction a suit for the enforcement of his rights under such contract.

History.—§1, ch. 24292, 1947.

95.36 Dedications for park purposes.—It is hereby declared to be in the best interest of the public that ancient dedications of lands to municipalities for park purposes for a period of thirty years or more shall not hereafter be disturbed or challenged in law or in equity by the original dedicator, his heirs or assigns, or any other person, in cases where such lands have been put to some municipal use during the period of dedication and/or have been conveyed by the municipality for a period of at least seven years by a deed recorded in the public records for that period of time. Accordingly, the legislature hereby declares such suits in law or equity shall not be maintained in any

court in this state, and all rights of said ancient dedicator and all other persons are terminated and declared null and void.

History.—§1, ch. 25503, 1949.

95.37 Claims against state; limitations.—

(1) No claims against the state shall be presented to the legislature more than four years after the cause for relief accrued. Any claim presented after this time of limitation shall be void and unenforceable.

(2) All relief acts of the legislature shall be for payment in full. No further claim for relief shall be submitted to the legislature in the future.

History.—§§1, 2, ch. 26953, 1951.

cf.—§215.26 Limitation on right to refund from state treasury.

95.38 Limitation of actions; drainage district bonds and coupons.—

(1) No action shall be maintained at law or in equity in the state on any bond or coupon issued by a drainage district under the general laws of the state after the expiration of twenty years from the maturity of the bond or coupon. Provided, however, that the holder of any such bond or coupon which, at the passage of this act, is more than twenty years old, or which becomes twenty years old within one year from the time this act becomes a law, shall have a period of one year from time this act becomes a law to institute an action or actions for the enforcement thereof.

(2) This statute shall not apply to any bond or coupon if the time for the payment of the indebtedness evidenced by the bond or coupon has been extended by agreement beyond the maturity date of the bond or coupon.

TITLE IX

ELECTORS AND ELECTIONS

CHAPTER 97

QUALIFICATION AND REGISTRATION OF ELECTORS

- 97.011 Short title.
- 97.021 Definitions.
- 97.031 Registration prerequisite to voting.
- 97.041 Qualifications to register.
- 97.051 Oath and identification of elector for registration.
- 97.061 Special registration certificate; electors requiring assistance.
- 97.062 Registration; special armed service preregistration book.
- 97.063 Armed services absentee registration.
- 97.071 Registration certificate.

97.011 Short title.—All chapters in this revision, including chapters 97 to 104 inclusive, are cited as "The Election Code of 1951."

History.—§1, ch. 26870, 1951.

97.021 Definitions.—The following words and phrases when used in this code shall be construed:

(1) Primary election means election held preceding the general election, for the purpose of nominating a party nominee to be voted for in the general election to fill a national, state or county office. The first primary is a nomination or elimination election, the second primary is a nominating election only.

(2) General election means an election held on the first Tuesday after the first Monday in November in the even numbered years, for the purpose of filling national, state and county offices and for voting on constitutional amendments as proposed by the legislature.

(3) Special primary election is a special called nomination election designated by the governor, for the purpose of nominating a party nominee to be voted on in a general or special general election.

(4) Special general election is a special called election for the purpose of voting on a party nominee to fill a vacancy in the national, state or county office.

(5) Elector as used throughout this code is synonymous with the word voter or qualified elector or voter.

(6) (a) Any group of citizens may organize as a political party if the general purpose of the organization is for election to office of qualified persons, and the determination of public issues under the accepted democratic processes of the United States.

(b) Any such group may be recognized as a political party which on January 1 preceding

- 97.081 Registration of freeholder.
- 97.091 Electors must be registered in precinct.
- 97.101 Replacement of registration certificate.
- 97.111 How persons may register change of party affiliation.
- 97.121 Persons inducted into military service, re-registration not a prerequisite to right to vote.
- 97.131 Registration of federal employees and military personnel absent from the state.

a primary election has registered to vote as members more than five per cent of the total registered electors of the state. Such political party shall nominate its candidates for elective offices to be voted for in the next general election, in the primary and in no other manner except to fill vacancies in nomination as otherwise provided.

(c) A minority political party is any such group as defined above which on January 1 preceding a primary election does not have registered as members five per cent of the total registered electors of the state.

(7) Wherever the word supervisor is used it shall mean the supervisor of registration.

(8) Weekday shall include Monday, Tuesday, Wednesday, Thursday, Friday and Saturday.

History.—§2, ch. 6469, 1913; RGS 300; §1, ch. 8582, 1921; CGL 356; §1, ch. 13761, 1929; ch. 18060, 1937; §1, ch. 19663, 1939; §1, ch. 26870, 1951; (2) §1, ch. 28156, 1953; (3) n. §1, ch. 61-370.

Note.—Formerly §102.02.

97.031 Registration prerequisite to voting.—No person whose name is not on the registration books is permitted to vote in any election.

History.—§11, ch. 6469, 1913; §3, ch. 6874, 1915; RGS 314; CGL 371; §16, ch. 13761, 1929; CGL 1936 Supp. 371(1); §1, ch. 26870, 1951.

Note.—Formerly §102.18.

97.041 Qualifications to register.—Any person twenty-one years of age or any person who will attain age twenty-one prior to the next succeeding primary or general election, upon proof of his birthdate, who is a citizen of the United States, a permanent resident living in Florida for one year, residing in the county where he wishes to register for six months, is eligible to register with the supervisor when the registration books are open; provided however, that a person who has not attained the age of twenty-one years at the time the registration books close, but who will attain such

age prior to the next succeeding primary or general election may not register sooner than thirty days prior to the closing of the registration books next preceding his twenty-first birthday. Naturalized citizens must present to the registration officer a certificate of naturalization or certified copy thereof. The following persons are not entitled to vote:

- (1) Persons not registered.
- (2) Persons under guardianship or confined in any state prison.
- (3) Persons insane or idiotic.
- (4) Persons convicted of any felony by any court of record, and whose civil rights have not been restored.
- (5) Persons convicted of bribery, perjury, larceny or infamous crimes in this or other states or interested in any wager depending on the result of any election.
- (6) Persons not registered in the precinct in which they have their permanent place of residence.

History.—Ch. 3850, 1889; §1, ch. 3879, 1889; §1, ch. 4328, 1895; §1, ch. 8583, 1921; RGS 215; CGL 248; §1, ch. 26870, 1951; §2, ch. 28156, 1953; §1, ch. 63-408.

Note.—Formerly §98.01.

97.051 Oath and identification of elector for registration.—A person making application for registration as an elector shall take the following oath: "I do solemnly swear (or affirm) that I will protect and defend the Constitution of the United States and of Florida; that I am twenty-one years old, a resident of Florida for one year and of this county for six months; that I am a citizen of the United States and qualified to vote under the Constitution and Laws of the State." The person must also state under oath, to be administered by the registration officer, whether he is registered in any other jurisdiction. If he answers affirmatively, the registration officer shall notify the supervisor in that jurisdiction to cancel the prior registration. He shall also give a sufficient description of himself as to reasonably identify his person.

Note.—Formerly §98.11.

97.061 Special registration certificate; electors requiring assistance.—

(1) Any person who is otherwise eligible to register but who is found by the supervisor to be so physically impaired as to make it impossible indefinitely for him to register or to cast his vote efficiently shall upon his request be registered by the supervisor under the procedure prescribed by this section and shall be entitled to receive assistance at the polls under the conditions prescribed by the applicable provisions of this code.

(2) The supervisor upon finding that a person is qualified to register under the procedure prescribed herein and that such person's incapacity is expected to continue indefinitely, shall enter in his registration record a specific description of the particular disabling impairment and a precise, accurate, and full description of the physical appearance of the person,

giving in addition to the information required of all other electors the person's weight, height, color of eyes, description of hair, complexion, and any other distinguishing characteristic which would be of assistance in establishing his identity.

(3) Such persons upon being registered shall be issued a special registration certificate of a distinctive color and convenient size which shall contain the name of the person bearing it and the other information required above and which shall indicate that it must be presented by such person in order for him to be entitled to vote without the necessity of being examined orally and under oath at the polling place by the election inspection board. Such certificate shall give notice that the bearer is required to keep the supervisor advised of any change in his condition which would avoid the necessity of this special procedure or which would require the alteration of his physical description; provided that any such disabled elector registered to vote under this section who has identified himself by signing the registration book shall continue to be privileged to identify himself at the polls by use of his signature in lieu of the identification certificate and receive assistance in voting as prescribed herein.

History.—§14, ch. 6469, 1913; RGS 318; CGL 375; §3, ch. 25388, 1949; §6, ch. 25391, 1949; §1, ch. 26870, 1951; (1) §3, ch. 28156, 1953; §1, ch. 59-446; (1) §1, ch. 61-358.

97.062 Registration; special armed service preregistration book.—Any person subject to be called for military duty in the service of his country who has received orders or induction papers, or is already inducted or enlisted, and is a citizen of the state and under the age of twenty-one years, and who will be eligible to vote in any primary, general, school, municipal or special election when he reaches the age of twenty-one years, may make application to the supervisor of registration of the county of his legal residence, presenting at the time evidence to show that he is about to be inducted into the military service, has received orders to report, or is already inducted or enlisted into the armed service, and enter his name on a special registration book of the precinct of his or her residence by filling out the following affidavit:

AFFIDAVIT

_____ being first duly sworn upon oath says that he is a citizen of the United States; that he is about to be called into the military service of his country; that he is now _____ years of age; that his legal residence is _____ County of the State of Florida; that he will be twenty-one years of age on the _____ day of _____, 19____, and will then be eligible to vote in election precinct No. _____, or _____ ward in the city of _____, county of _____; that he may not be able to appear personally

and register when he becomes twenty-one years of age because of absence from the state on military duty; that he is not and will not be registered in any other county or state at this time; that his full name is _____; that he was born on _____ and that he is _____ feet and _____ inches tall, and weighs _____ pounds; that he has been a legal resident of the State of Florida more than twelve months and of the county of _____ for more than six months, last past; that his party affiliation is _____ and that he desires the supervisor of registration of _____ county to enter his name in the registration books of his precinct when he becomes twenty-one years of age; that his precinct and the date he becomes twenty-one years of age are correctly recited herein, and that this application and affidavit are made for this purpose and no other purpose.

Signature of Applicant.

Sworn to and subscribed before me this _____
day of _____ A. D. 19_____.

Supervisor of Registration.

Upon filing the application and affidavit the supervisor of registration shall hold such application and affidavit until the applicant becomes twenty-one years of age. When such applicant has attained the age of twenty-one years and is eligible to vote, the supervisor of registration is directed to enter such application on the legal registration books of his precinct or ward, and forward to such applicant a certificate of registration which shall be evidence of his official registration to vote in all general, primary, school, municipal or special elections.

The supervisor of registration shall keep a separate armed service special preregistration book in which only the names of members of armed services who register under this special provision prior to induction or after induction and prior to becoming twenty-one years of age, shall be entered. Registration in this special armed service preregistration book shall be sufficient registration when the registrant becomes twenty-one years of age, and upon receipt of the certificate of registration to vote registrant shall be qualified as any other regularly registered elector.

History.—§1, ch. 26870, 1951.

97.063 Armed services absentee registration.—Members of the armed forces while in the active service, and their spouses, shall be entitled to register absentee.

History.—§1, ch. 59-217.

97.071 Registration certificate.—A certificate of registration shall be furnished each registered elector upon registering, containing a statement of: the precinct or district number where registered, full name, place of residence, sex, age, state or country of nativity, party affiliation, occupation, color, freeholder status, date of registration and signature of the regis-

tration officer. The certificate of registration is in substantially the following form:

REGISTRATION CERTIFICATE NO. _____

Note.—Formerly §§98.31 and 98.32.

97.081 Registration of freeholder.—

(1) The supervisor or other registering officer shall require every person registering to state under oath or affirmation whether he is a freeholder, and record it opposite his name in the registration books.

(2) (a) The county commissioners of any county or the governing authority of any municipality may at any time call for a reregistration of freeholder electors for the purpose of securing a new and up-to-date list of freeholders to be used for qualifying freeholder electors to participate in any election called for the purpose of approving the issuance of bonds of such county or municipality, respectively, or for the purpose of approving an act with reference thereto. The reregistration of freeholder electors of a municipality may be called for under the provisions of this section, for the purposes herein stated, whether the proceedings requiring such freeholders election are under the authority of the charter of the municipality or under the authority of the general laws.

(b) The county commissioners of any county shall, when presented with a resolution adopted by the board of public instruction of said county requesting a reregistration of the freeholder electors, call such reregistration for the purpose of securing a new and up-to-date list of freeholder electors of said county to participate in any election called for the purpose of approving the issuance of bonds for financing the school building program of said county or for the purpose of approving any act with reference thereto. The cost of making the call and conducting the reregistration provided by this subsection shall be borne by the county board of public instruction requesting the same.

(3) The latest record of reregistered qualified freeholders shall supersede prior records and in any bond election held after a reregis-

tration of freeholders the power to issue bonds shall be based upon the approval by a majority of the votes cast in an election in which a majority of the reregistered freeholders who reregister and are qualified shall participate.

(4) The county commissioners or the governing authority of the municipality shall by resolution or ordinance call for such reregistration, notify the supervisor, or other registration officer as may be provided for by municipal charter, and shall publish the calling of such reregistration in a newspaper of general circulation once each week for four consecutive weeks stating the purpose and use of such reregistration.

(5) The registration books shall be kept open for at least thirty days and closed at least fourteen days prior to the holding of any bond election at which time a certified number of registered freeholders shall be available, as provided by law. In computing days, election day is to be excluded, but all Sundays and holidays are to be included and should the fourteenth day preceding a bond election fall on a Sunday or holiday, the registration books shall close at 5:00 p.m. on the day preceding.

§100.251 Registration and freeholders proof.

97.091 Electors must be registered in precinct.—No person shall be permitted to vote in any election precinct or district other than the one in which he has his permanent place of residence and in which he is registered. When an elector's name does not appear on the registration books of the election precinct in which he is registered and resides and when he cannot present a valid certificate of registration, he may have his name restored upon making satisfactory proof to the supervisor, of the fact of his previous registration, that his name has been omitted from the books and that he is entitled to have his name restored. The supervisor may issue a duplicate certificate of registration signed by the supervisor and by the elector; across the face of which shall be written in red ink "duplicate registration certificate." Upon the presentation of the duplicate registration certificate at his precinct, he shall be entitled to vote.

History.—§13, ch. 3879, 1889; RS 167; §15, ch. 4328, 1895; GS 192; RGS 236; CGL 289; §4, ch. 24203, 1947; §11, ch. 25035, 1949; §1, ch. 26870, 1951; §4, ch. 28156, 1953.

Note.—Formerly §98.32.

97.101 Replacement of registration certificate.—Every elector has the right to a replacement of his certificate of registration without charge when same becomes defaced, upon his surrendering the certificate to the supervisor. Any elector who loses his certificate is entitled to a renewal thereof by the supervisor of the county in which he was registered upon application and proof of the loss, in the following manner: he shall, when the books are open, apply for a renewal of certificate, stating under oath, administered by the supervisor that his

certificate was lost and was not sold, bartered or wilfully destroyed or lost, which application the supervisor shall examine and if he feels the facts justify it, he shall issue a renewal certificate, marking across its face "Renewal", and make this entry in the registration books. The decision in such case, if it is against the application, is subject to review by the board of county commissioners, provided the applicant shall notify the supervisor of his appeal to the board of county commissioners within three days after notice of the rejection.

History.—§15, ch. 3879, 1889; RS 169; §17, ch. 4328, 1895; GS 198; RGS 242; CGL 295; §1, ch. 26870, 1951.

Note.—Formerly §98.38.

97.111 How persons may register change of party affiliation.—Any person who has registered, desiring to change his party affiliation may at any time after a general election and thirty days before the next succeeding primary election when the registration books are open and at no other time, change his party affiliation. The person shall surrender his certificate of registration or card, or make a sworn affidavit if his certificate or card is lost, to the supervisor, at which time the supervisor shall cancel his prior registration and issue the person a new certificate and card. All cancellations are retained on file by the supervisor.

History.—§9, ch. 6469, 1913; §1, ch. 6874, 1915; RGS 309; CGL 365; §1, ch. 25388, 1949; §1, ch. 26870, 1951; §5, ch. 28156, 1953; §2, ch. 29934, 1955.

Note.—Formerly §102.11.

97.121 Persons inducted into military service, reregistration not a prerequisite to right to vote.—

(1) A person inducted into the military service of the United States and remaining in service when the registration books of any county are open for reregistration of electors is exempt from any general or local law, requiring reregistration as a prerequisite to vote in elections, provided the person has registered as an elector and his name has not been removed from the registration lists.

(2) No persons entitled to exemption due to military service shall be deprived of voting in any election because of failure to reregister, but the supervisor or other registering officers may require reasonable proof of his military service, as grounds for exemption.

History.—§§1, 2, ch. 20738, 1941; §1, ch. 26870, 1951.

Note.—Formerly §98.42.

97.131 Registration of federal employees and military personnel absent from the state.—When a person holding a position in the government of the United States or in the military service is, by reason of his duties incident to his position, required to be absent from the state during the period of time required for the registration of qualified electors to vote in a primary or general election as now required by law and thereby unable to register, in such a case it is lawful for such elector, if retaining his qualifications to vote under his last registration, to make out and forward to the supervisor of the county in which he is registered the following affidavit, or one in substantially

the same form:

"STATE OF _____

COUNTY OF _____

Before me, the undersigned authority, authorized to take oaths, personally appeared _____

_____, who, being by me first duly sworn, deposes and says that he (she) is a qualified elector of the State of Florida and that he (she) is registered as such elector in _____ Precinct, County of _____,

State of Florida, and that since the time of such registration he (she) has not by any act of omission or commission become disqualified to serve as a qualified elector in the precinct and county aforesaid. That he (she) reaffirms the oath taken by him (her) upon his (her) original registration; that he (she) hereby authorized the supervisor of registration in the county aforesaid to transfer his (her) name from the present registration books and re-register the same in the new registration books. That he (she) holds a position under the gov-

ernment of the United States or in the military service and by reason of the duties attendant thereto it is impossible for him (her) to appear personally before said supervisor of registration at any time within the time allowed by law for such reregistration.

Sworn to and subscribed before me this _____ day of _____ A.D. 19____.

(Name and title of officer administering oath)"

Upon receipt of this affidavit the supervisor shall make out his renewal certificate of registration, transferring the elector's prior registration to the new registration books, and the renewal or transfer of registration, when so allowed and certified, is valid for all intents and purposes; provided the elector retains his residence and other qualifications to vote at the place specified in the registration.

98.011 Time of registration and office hours.—The supervisor shall keep the registration books open at his office from 9:00 a.m. to 12:00 noon, and from 2:00 p.m. until 5:00 p.m. on all weekdays throughout each year, unless the board of county commissioners shall authorize otherwise, but the registration books must be kept open at least one day in each week, and every weekday for thirty days prior to closing for any primary or general election. If the time when the registration books are to remain open has been limited by the board of county commissioners, the supervisor shall give notice by publishing twice in a newspaper of general circulation printed in his county naming the days of the week he will keep his books open. If there is no newspaper published in the county the supervisor shall have notices posted in at least three public places of which one shall be the courthouse. All the registration books close on the thirtieth day preceding the day on which there is a primary or general election and remain closed for five days following the election. No person shall register at any time other than during the period provided for registration of electors. In computing the thirty day

period, the election day is excluded, but all other holidays and Sundays are to be included. Registration shall be conducted on weekdays only and should the thirtieth day preceding an election fall on Sunday or holiday, then the registration books shall close at 5:00 p.m. on the day preceding.

When a special election is called at a time when the books are open the supervisor shall close all books to further registration thirty days prior to election date or immediately in the event the date of the election is less than thirty days.

Note.—Formerly §§98.22 and 102.17.

98.021 Registration books open in precincts; notice of location.—The registration books in each precinct may if necessary be opened at a convenient place on each week day from 9:00 a. m. to 12:00 M., and from 2:00 p. m. until 5:00 p. m., and one night each week until 9:00 p. m. during the month of January in even-numbered years. Unless the board of county

commissioners directs otherwise, the books must be kept open for not less than one day in each week throughout the period. Each precinct registration officer shall post notice in at least three public places within his precinct stating the building in which the registration books will be open.

This section shall have equal application to all counties whether or not they have adopted the permanent registration system as provided in §98.041 or §98.141.

Note.—Formerly §102.09.

98.031 Registration and election districts, precincts and polling places; boundaries.—Each election precinct, election district and polling place in this state as defined and fixed is recognized and continued. The board of county commissioners in each county upon recommendation and approval of the supervisor may, in any odd-numbered year, alter or create new districts or precincts. Each precinct shall be numbered and a polling place at a suitable location designated. The district, or precinct, shall not be changed thereafter except in odd-numbered years with the consent of four members of the board of county commissioners and the supervisor. The board of county commissioners and the supervisor may if requested by official action of a municipality or if practical and desirable have precinct boundaries conform to municipal boundaries.

98.041 Permanent single registration system established; effective date.—A permanent single registration system for the registration of electors to qualify them to vote in all elections is provided for the several counties except those mentioned in §98.141 including elections held in municipalities which by resolution elect to use the system. The system shall be established on or before January 1, 1966, and become effective in each county on January 1 subsequent to the date the board of county commissioners shall officially adopt the system. When the system is adopted, the supervisor shall obtain materials as provided in §98.361. Electors shall be registered in pursuance of this system by the supervisor or by precinct registration officers, and electors registered shall not thereafter be required to register or reregister except as provided by law or as provided for the registration of freeholders.

History.—§1, ch. 25391, 1949; §2, ch. 26870, 1951; §1, ch. 59-237.
Note.—Formerly §97.01.

98.051 Registration books for permanent registration system; when open.—

(1) The permanent registration books shall be kept open each week day in the office of the supervisor, and at all offices at which a deputy supervisor or registration officer is on duty, from 9:00 a. m. until 12:00 M., and from 2:00

p. m. until 5:00 p. m. to permit electors previously registered and others, to be registered under this permanent registration system. For thirty days prior to closing for the first primary, such offices shall be open for two nights in each week until 9:00 p. m. Such offices shall also be open one night each week until 9:00 p. m. during the period from sixty days to thirty days prior to closing for the first primary in any even-numbered year.

(2) The first year only when the permanent registration system becomes effective, the books may be kept open each week day by the precinct registration officers from 9:00 a. m. until 12:00 noon and from 1:00 p. m. until 9:00 p. m. at a convenient place in the precinct during the months of January and February; provided, however, that the board of county commissioners upon the recommendation of the supervisor of registration may shorten the said period of time in any precinct or precincts so long as the same shall not be made less than one week; and provided further, while registrations are being made in the precincts, registrations may also be made at the office of the supervisor of registration.

(3) The books shall close on the thirtieth day before each election at 5 o'clock p. m. and remain closed for five days after the election, after which they shall be open for permanent registration except in bond elections as contemplated by §6, Art. IX, Florida constitution.

(4) The board of county commissioners may authorize the supervisor to keep his office open for less time, but at no time shall the office be open less than one day each week.

The supervisor shall give notice of the days of the week his office will be open by publication in two issues of a newspaper of general circulation published in the county. If there is no newspaper published in the county, the supervisor shall have such notice posted in at least three public places of which one shall be the courthouse.

History.—§3, ch. 25391, 1949; §2, ch. 26870, 1951; (1), §5, ch. 29934, (2), §1, ch. 29761, 1955.

Note.—Formerly §97.02.

98.061 Registration certificates; certificate of transfer; when reregistration required.—

(1) Registration certificates issued to electors registering under this permanent registration system are of the form provided for by §98.111. When a qualified elector moves from one precinct to another in the county, he shall notify the supervisor and obtain a certificate of transfer before he is qualified to vote in the precinct.

(2) An elector registered in one county, who moves to another county and remains there for six months must reregister in the county where he now resides and request the supervisor to ask cancellation of his former registration before being eligible to vote.

History.—§9, ch. 25391, 1949; §2, ch. 26870, 1951.

Note.—Formerly §97.09.

98.071 Duty of elector to record change in registration.—It is the duty of electors under

this permanent registration system to notify the supervisor in person of any changes in his record with reference to name by marriage or other legal process.

History.—§7, ch. 25391, 1949; §2, ch. 26870, 1951.
Note.—Formerly §97.07.

98.081 Removal of names from registration books; procedure.—Between October 1 and January 31, preceding a general election, upon adoption of the permanent registration system the supervisor shall mail either to each qualified elector in the county or to each elector who did not vote in any election in the county during the past two years, a form to be filled in, signed and returned by mail within thirty days after the notice is postmarked. The form returned shall advise the supervisor whether the elector's status has changed from that of the registration record. Names of electors failing to return the forms within this period shall have their names withdrawn temporarily from registration books. The list of the electors, temporarily withdrawn, shall be posted at the courthouse. Names will be restored to the registration records when the elector in person makes known to the supervisor that his status has not changed. The supervisor is then required to reinstate the names on the registration books at any time the books are open without the elector reregistering. Notice of these requirements shall be printed on the registration certificates. This method prescribed for the removal of names is considered cumulative to statutes relating to the removal of names from registration book by the supervisor or board of county commissioners. This is not a reregistration but a method to be used for keeping the permanent registration list up to date.

History.—§8, ch. 25391, 1949; §2, ch. 26870, 1951; §1, ch. 61-86.
Note.—Formerly §97.08.

98.082 Removal of elector's name from registration book.—Any elector may have his name removed from the registration books by filing with the supervisor a written request duly acknowledged and upon receipt of said request the supervisor shall remove the name of said elector from the registration book.

History.—§1, ch. 63-185.

98.091 Use of system by cities.—Any municipality in a county which has adopted this permanent registration system and which has not less than 1500 population according to the latest official decennial census may use such system in its elections in place of a separate registration for its electors with the concurrence of the board of county commissioners and supervisor of registration. Any municipality desiring to use this system shall, before July 1 of any odd-numbered year, adopt a resolution to that effect and shall notify the board of county commissioners that it desires to use this system. The board of county commissioners may, prior to the following January 1, arrange the boundaries of the precincts in the county so that no precinct in the said municipality adopting this system extends beyond the boundaries of the municipality and shall be in not more than one ward or district of the

municipality. When a municipality has adopted this system, it shall be effective on January 1 following the adoption of the above resolution. The supervisor or one of his deputies shall deliver the registration records required for a municipal election to the municipal election boards on the morning of the election and collect them when the polls are closed. The municipality shall reimburse the county for actual costs incurred. In the event any municipality elects to use this system, regardless of the provisions of its charter or other laws relating to electors, any registered elector in the precinct at the time the municipal election is held is qualified to participate in such election; provided that when registration books are closed for an election in a municipality within the county, said county registration books shall not be closed for registration to any elector in any other section of the county who is not a resident of the municipality in which the election is being held.

History.—§4, ch. 25391, 1949; §2, ch. 26870, 1951; §10, ch. 27791, 1953; §2, ch. 29761, 1955; §1, ch. 57-136; §1, ch. 63-268.
Note.—Formerly §97.04.

98.101 Specifications for permanent registration binders, files and forms.—In this system, visible record binders, files and registration forms are used as registration books. The binders shall be visible record binders, metal bound with built-in shifts, to hold executed registration forms, with label-holders and folios for sheet protection as necessary. The registration forms shall consist of duplicates, both to be signed by the registrant. One of the original executed forms shall be used for the poll binders, which binders shall have a built-in lock to protect the forms. The poll binders are divided in a manner convenient for electors to vote. The other original form shall be used for the office copies and arranged alphabetically, in suitable filing cabinets, thus providing a master list of all electors in the county.

History.—§3, ch. 25391, 1949; §2, ch. 26870, 1951.
Note.—Formerly §97.03.

98.111 Registration form; secretary of state to prescribe; information required.—The secretary of state shall prescribe the registration form and the form shall be prepared to elicit the following information: (1) registration number, (2) date of registration, (3) full name, (4) sex, (5) political affiliation, (6) business or occupation, (7) date of birth, (8) age, (9) color, (10) state or country of birth, (11) if naturalized, the time, place and court of naturalization as evidenced by legal proof, (12) postoffice address at time of registering, same to be entered with as specific particularity as possible, (13) freeholder status, (14) whether the registrant owns a beneficial interest in the fee simple title to real estate in the county, (15) the fact whether the registrant is able to write his name or mark his ballot, and if not, the nature of the disability, (16) whether such registrant has been convicted of any felony, and if so, have his civil rights been restored, and (17) other information deemed necessary by the secretary of state. There shall also be printed on the form an

affidavit to include the oath prescribed by §3, Art. VI, Florida constitution, and a statement that all the information on the form is true.

History.—§5, ch. 25391, 1949; §2, ch. 26870, 1951; §1, ch. 59-231.
Note.—Formerly §97.05.

98.121 Preservation of certain registration forms.—When names of registrants are removed from the books, their executed registration forms shall be attached together and filed alphabetically in the office of the supervisor.

History.—§10, ch. 25391, 1949; §2, ch. 26870, 1951.
Note.—Formerly §97.10.

98.131 Permanent registration system mandatory by 1966.—All counties which have not adopted the permanent registration system or the system described in §98.041 shall adopt the system in the year 1966 and reregister all the electors in said year. On and after January 1, 1966, electors shall not participate in elections if they are not registered in the permanent registration system.

The board of county commissioners shall pay any expenses incurred by the supervisor in putting this permanent registration system into operation including extra clerical help or assistants required, provided such expense shall be subject to approval by the board of county commissioners.

History.—§14, ch. 25391, 1949; §2, ch. 26870, 1951; §2, ch. 59-237.
Note.—Formerly §97.14.

98.141 Counties having permanent registration system exempt.—Counties which have or may have adopted a permanent registration system before January 1, 1960, under authority of special or population acts, if in the opinion of the secretary of state they substantially comply with the requirements of the state permanent registration system, may upon resolution of the board of county commissioners, adopt this law as the basis for their system without reregistration.

History.—§12, ch. 25391, 1949; §2, ch. 26870, 1951.
Note.—Formerly §97.12.

98.151 Existing law effective until system adopted.—Until this system is effective in a county, registration systems existing under other general state laws either as set forth herein or effective at the time of the adoption of chapter 26870, Laws of 1951, or under population, local or special acts shall remain in full force and effect. Upon the adoption of this permanent registration system, all state laws in conflict or inconsistent with the provisions of this code shall cease to remain in full force or effect.

History.—§13, ch. 25391, 1949; §2, ch. 26870, 1951; §6, ch. 28156, 1953.
Note.—Formerly §97.13.

98.161 Supervisor of registration; election, tenure of office, compensation.—There is elected at the general election in 1948, and every four years thereafter a supervisor of registration in each county, and he shall hold office for four years, beginning on Tuesday after the first Monday in January succeeding his election, and until his successor is elected and

qualified. The terms of the office of supervisors priorly appointed and now holding office are extended to expire on the first Tuesday after the first Monday in January, 1949. Each supervisor shall before performing any of his duties, take the oath prescribed in §2, Art. XVI, of the state constitution and give bond payable to the governor in the sum of five hundred dollars, with two sureties approved by his board of county commissioners, conditioned on the faithful discharge of his duties; and his compensation shall be of such sum in proportion to the amount of work to be done and allowed by his board of county commissioners; provided that the compensation is not less than one hundred dollars per annum.

The compensation of precinct registration officers is fixed by their board of county commissioners, after the supervisor has certified the amount of service performed.

Note.—Formerly §§98.13, 98.14 and 98.17.

98.171 Supervisor to keep separate precinct register.—The supervisor shall enter in the separate book of the precinct in which the elector resides, the same number and information concerning the elector as entered in the general registration book, arranging the names alphabetically, according to surname. The supervisor or his deputy shall require the elector then to sign his name, and he shall attest the registration.

History.—§15, ch. 6469, 1913; RGS 319; CGL 376; §2, ch. 26870, 1951.
Note.—Formerly §102.22.

98.181 Supervisor of registration to make up books; certify official lists.—

(1) Immediately upon the expiration of the time for registration at the precincts each precinct registration officer shall promptly deliver his book and blanks to the supervisor at the county seat where they shall be kept, and the supervisor shall then make up the registration books for the precincts in his county, so that the two books of each precinct shall be as nearly duplicate as possible. The duplicate books shall be marked and numbered on the backs to designate clearly the precinct to which they belong, and one of the books marked on the back "office copy" and kept at all times in the supervisor's office.

(2) The supervisor shall attach his certificate to each of the two books, certifying that they have been examined and revised and the registration was made in compliance with the constitution and laws of this state, impartially, to the best of his ability. The books or lists of names so certified, with the additions, corrections, erasures and revisions in conformity to law, shall constitute the registration books and elector lists of the county.

(3) A set of such indexes or records as the supervisor may direct shall be kept in all cities of over twenty-five thousand population, when such city shall not be the county seat, as will enable the supervisor, or the super-

visor's deputy, to provide all the services to the electors in such city as are provided by the supervisor at the supervisor's office at the county seat. Such set of indexes or records may be limited to cover those persons residing in such city and its environs. If there be two such cities in a county then an additional set shall be kept, or such number of sets as may be required to serve all such cities, but all services available at the supervisor's office at the county seat shall be equally available in such cities, the same as if they were the county seat.

Note.—Formerly §§98.30 and 98.35.

98.191 New registration books.—The supervisor of any county shall, whenever it may be necessary, transfer and transcribe into new registration books and into new books of the precinct, the names of all legally registered electors as their names appear upon the old registration books.

History.—§14, ch. 3879, 1889; RS 168; §16, ch. 4328, 1895; GS §94, RGS 238; CGL 291; §6, ch. 24203, 1947; §10, ch. 26484, 1951; §2, ch. 26870, 1951.

Note.—Formerly §98.34.

98.201 Custodian of registration books.—The supervisor is the official custodian of the books of registration with the exclusive control of matters pertaining to the registration of electors. Whenever it shall come to his knowledge that any elector has become disqualified to vote by reason of conviction of any disqualifying crime or from other causes, or has removed from the county or to another precinct without obtaining a certificate of transfer, or his right to vote has become affected since his registration, the supervisor shall notify the person at his last known address by certified or registered mail and should there be evidence that the notice was not received, then notice shall be given by publication in a newspaper of general circulation in the county where the person was last registered or last known. The notice by publication shall run one time. The notification shall plainly state that the registration is allegedly illegal and shall be in the form of a notice to show cause why the person's name should not be removed from the registration books. The notice shall state a time and place for the person so notified to appear before the supervisor to show cause why his name should not be removed. Upon hearing all evidence in a quasi judicial manner, the supervisor of registration shall determine whether or not there is sufficient evidence to strike the person's name from the registration books. If the supervisor determines that there is sufficient evidence he shall strike the name forthwith. Appeal shall be to the circuit court in and for the county wherein the person was registered. Notice of appeal shall be filed within fifteen days with the supervisor of registration and shall act as supersedeas. Trial in the circuit court shall be de novo and governed by the rules of that court. Unless the person can show that his

name was erroneously or illegally stricken from the registration books or that he is indigent, he shall be made to bear the costs of the trial in the circuit court. Otherwise, the costs of the appeal shall be paid by the board of county commissioners.

The supervisor may, at any time, process and forward to any elector a post or renewal card to verify the qualifications of an elector and, on the nonreturn of such card within the prescribed time set by law, shall proceed as otherwise provided in section 98.081, for nonreturns.

Note.—Formerly §98.36.
cf.—§§98.301, 98.312 Striking names from registration lists.

98.211 County registers open to inspection; copies.—The registration books are public records. Every citizen is allowed to examine the general county and precinct books while they are in the custody of the supervisor, but is not allowed to make copies or extracts therefrom. The supervisor may furnish copies of the names, occupations, color, party and residence of any electors upon reasonable compensation, not exceeding customary fees for copying papers, in the office of the clerk of the circuit court, including the affixing of his official seal, but shall not furnish in writing any other information contained in the books.

Note.—Formerly §102.25.

98.212 Supervisors to furnish statistical and other information.—

(1) Upon written request supervisors shall, as promptly as possible, furnish to recognized public or private universities and senior colleges within the state, to state or county governmental agencies and to recognized political party committees, statistical information for the purpose of analyzing election returns and results.

(2) In general election years, between January 1 and December 1, supervisors may require reimbursement for any or all actual expense of supplying such information but at all other times such information shall be supplied or made available at out of pocket cost for materials. Supervisors are authorized to utilize the services of research and statistical personnel that may be supplied. All such statistical information and analyses shall be made public no later than thirty days after the completion of compilation.

(3) Lists of names submitted to supervisors for indication of registration or nonregistration or for party affiliation shall be processed at all times at cost; provided, that in no case shall the charge exceed three cents for each name on which the information is furnished.

History.—§2, ch. 57-810.

98.221 Public inspection of all renewals and transfers allowed.—The supervisor shall keep open for public inspection a record of renewals and transfers of registration allowed under §97.131, and shall not allow renewal or transfer

to be made except upon basis of a lawful registration personally made in the state previously, which registration would entitle the elector to vote but for the requirement of biennial registration in the particular county or city, nor shall any registration officer allow any renewal or transfer under §97.131, except to an elector qualified to vote in the county, precinct or city.

History.—§2, ch. 19333, 1939; CGL 1940 Supp. 280(70); §2, ch. 26870, 1951.

Note.—Formerly §102.15.

98.231 Supervisor of registration to furnish secretary of state number of registered electors.—The supervisor of each county, within ten days after the closing of registration books prior to the election, shall advise the secretary of state the total number of registered electors of each political party.

History.—§17, ch. 6469, 1913; RGS 321; CGL 378; §3, ch. 25379, 1949; §2, ch. 26870, 1951; §1, ch. 61-84.

Note.—Formerly §102.24.

98.241 Supervisor to furnish inspectors of elections registration books.—The supervisor shall furnish inspectors of elections with one of the registration books for each precinct, and he is not authorized prior to any election to furnish copies of the books of his county, or allow indiscriminate handling or examination thereof by anyone, but he shall at all times allow any elector to examine his own status upon the books.

History.—§19, ch. 3879, 1889; RS 172; §20, ch. 4328, 1895; GS 201; RGS 245; CGL 298; §2, ch. 26870, 1951.

Note.—Formerly §99.01.

98.251 Blanks and forms; election laws.—Each supervisor shall furnish to inspectors of election at the polling place at each precinct in his county, a sufficient number of forms and copies of election laws for their use at the election. The secretary of state shall prepare the blanks, forms and a sufficient number of copies of the laws regulating elections, and at least sixty days before any election transmit them to each supervisor for use of the inspectors of election.

History.—§38, ch. 3879, 1889; RS 192; §69, ch. 4328, 1895; GS 253; RGS 297; CGL 353; §2, ch. 26870, 1951.

Note.—Formerly §99.54.

98.261 Supervisor to deliver books and papers to successor.—The supervisor shall, upon his removal from office, deliver to his successor immediately all books, papers and blanks belonging to his office.

History.—§8, ch. 3879, 1889; RS 162; §9, ch. 4328, 1895; GS 182; RGS 226; CGL 262; §2, ch. 26870, 1951.

Note.—Formerly §98.20.

98.271 Appointment of deputy supervisors and precinct officers; compensation.—Each supervisor shall select and appoint, subject to removal by him, as many deputy supervisors as may be necessary and whose compensation shall be paid by the board of county commissioners and who shall have the same powers and whose acts shall be as effective as the acts of the supervisor. In addition, the supervisor shall select and appoint, subject to removal by him, as many precinct registration officers for each precinct as may be necessary

and whose compensation shall be paid by the board of county commissioners and, who shall register electors in the precincts. Whenever the supervisor shall remove any precinct registration officer, the precinct registration officer shall, on demand, surrender to the supervisor, all books and papers connected with the office. Each precinct registration officer shall, before entering office, make an oath in writing that he will faithfully perform the duties of his office, which oath is filed by the supervisor.

Note.—Formerly §§98.15, 98.18, 102.16 and 102.20.

98.281 Special registration procedure, deputy supervisor to handle registration.—Each supervisor may appoint deputy supervisors to accept registration of those who are qualified in settled sections of the county as may be reasonably necessary. These appointments are in addition to precinct registration officers, who shall accept registration during the time provided in §98.021.

History.—§2, ch. 26870, 1951.

98.291 Names may be restored to registration books.—When the name of any elector has been wrongfully or erroneously erased, the name of the elector is restored by the supervisor on application and proof to him, or restored by order of the board of county commissioners, if the supervisor fails to do so.

History.—§14, ch. 3879, 1889; RS 168; §16, ch. 4328, 1895; GS 197; RGS 241; CGL 294; §8, ch. 24203, 1947; §2, ch. 26870, 1951.

Note.—Formerly §98.37.

98.301 Duty of bureau of vital statistics to furnish lists of deceased persons.—It is the duty of the bureau of vital statistics of the state to furnish each supervisor monthly a list of deceased persons who were residents of their county, and a copy of said list to every municipality in said county and upon receipt of these reports, transmitting names and addresses of deceased persons over twenty-one years of age, the supervisor is required to strike their names from the registration books and the municipalities are also required to strike the names of said deceased persons from their registration books.

Nothing in this section shall limit or restrict the supervisor in his duty to remove the names of such deceased persons from the registration books after verification of information received from other sources as provided in §98.201 or other provisions of the registration laws.

98.331 Secretary of state to make certificate and transmit to person elected.—The secretary of state shall make and transmit to each person nominated or elected to any state office, immediately after the state canvass, a certificate of election, which certificate is prima facie evidence of his nomination or election to the office.

History.—§36, ch. 3879, 1889; RS 190; §67, ch. 4328, 1895; GS 251; RGS 295; CGL 351; §2, ch. 26870, 1951.

Note.—Formerly §99.52.

98.341 Seal of office for supervisor.—

(1) The attorney general shall approve a suitable seal for the supervisor for each county and the supervisor shall then deposit an impression and description of the seal with the secretary of state.

(2) Each supervisor is authorized to obtain for his office an impression seal of the seal as herein provided, and the cost of the impression seal shall be paid by the board of county commissioners upon signed requisition of the supervisor from the county general fund.

(3) The supervisor is empowered and directed to attach an impression of his seal upon official documents and certificates executed over his signature, and take oaths and acknowledgments under his seal in matters pertaining to his office.

History.—§§1-3, ch. 21762, 1943; §2, ch. 26870, 1951.
Note.—Formerly §98.51.

98.351 Form of registration books.—There shall be one or more volumes, well bound with leather backs and corners and cloth sides for each election precinct, large enough to contain

the names of all electors of the precinct for which provided, called the "General County Register for Election Precinct _____"

(number to be inserted). The pages of the register are alphabetically indexed on the margin. There is one registration book bound in tag board with cloth strips on the back for each election precinct in each county, called "Precinct Register for _____ Precinct _____

County," and its pages are alphabetically indexed in the margin so as to facilitate registering the electors in the precinct in alphabetical order, according to surname. These precinct registers are bound in different sizes, so as to suit the different precincts. The paper, size of papers, ruling and printing are the same as used for the general county register.

The following form of oath shall be printed in the column in which the word "Oath" appears: "I, having been first duly sworn, say upon oath, that the statements here entered opposite my name, as to my qualifications as an elector, are true." The supervisor shall administer this oath; and he shall also administer the oath required by §3 of article VI of the constitution of Florida, in the manner prescribed by §97.051.

The pages of the registration book shall carry the heading "Official Register of Electors for _____ Precinct, _____ County, Florida," and shall be ruled and printed in columns with the following headings: (1) number, (2) date, (3) surname and given name, (4) sex, (5) party affiliation, (6) voted, (7) occupation, (8) age and date of birth, (9) color, (10) nativity, (11) declaration of naturalization, (12) residence, (13) oath, signature of voter, (14) signature of supervisor, (15) freeholder—tax on real property, (16) tax on personal property and (17) remarks.

History.—§12, ch. 6469, 1913; §4, ch. 6874, 1915; RGS 316; CGL 373; §2, ch. 25388, 1949; §2, ch. 26870, 1951.

Note.—Formerly §102.19.

98.361 Registration books, forms and certificates furnished by secretary of state.—

(1) The secretary of state shall prepare a sufficient number of registration books, and all other books and blanks required by law for registration of electors for county not under permanent registration system. Upon request of the supervisor the secretary of state shall furnish required books and blanks.

(2) All binders, files and other materials are furnished by the board of county commissioners; provided, however, that when a municipality elects to use the system it shall reimburse the county fifty per cent of the cost of such binders, files and other materials for the precincts within the said municipality.

History.—§11, ch. 3879, 1889; RS 165; §13, ch. 4328, 1895; GS 188, 189; §19, ch. 6469, 1913; RGS 232, 233, 323; CGL 285, 286, 380; §11, ch. 25391, 1949; §2, ch. 26870, 1951; §3, ch. 29761, 1955.

Note.—Formerly §§97.11, 98.28, 98.29 and 102.26.

98.381 Conflicting registration laws.—All registration laws after January 1, 1960, in conflict with the election code of 1951 are repealed except chapter 22195, Laws of 1943, creating the Hillsborough county election board.

History.—§2, ch. 26870, 1951.

(h) That he has not violated any of the laws of the state relating to elections or registration of electors; and

(i) That he has taken the oath as required by §§876.05-876.10.

(j) That he has qualified for no other public office in the state, the term of which office or any part thereof runs concurrent to the office he seeks.

A printed copy of the statement is required to be furnished to the candidate by the executive committee of said party and said sworn statement shall be substantially in the following form:

State of Florida

County of _____

Before me, an officer authorized to administer oaths, personally appeared _____, to me well known, who, being sworn, says he is a member of the _____ party; that he did vote for ninety per cent of the opposed nominees of said party, at the last past general election; that he did not register as a member of any other political party during the two years immediately preceding, and that he pledges himself to vote for ninety per cent of the opposed nominees of said party, whose names shall appear upon the ballot at the next succeeding general election and during his term in office, if elected; that he is a candidate for the office of _____

in _____;
 (insert description of primary election involved) that he is a qualified elector of _____ county, Florida; that he has paid the assessment levied against him as a candidate for said office by the _____ executive committee of the _____ party; that he is qualified under the constitution and laws of Florida to hold the office for which he desires to be nominated; that he has taken the oath required by §§876.05-876.10, and that he has not violated any of the laws of the state relating to elections or the registration of electors.

(Signature of the candidate)

Sworn to and subscribed before me this _____ day of _____, 19____ at _____ county, Florida.

(2) The provisions of subsection (1) relating to the required oath of candidates for nomination in a primary election, and the form of oath prescribed, shall apply with equal force and effect to, and shall be the oath required of, candidates for election to political party offices in the primary, as provided by law. The requirements set forth in this section shall also apply to persons filling vacancies under §103.111.

History.—§§22, 23, ch. 6469, 1913; RGS 326, 327; CGL 383, 384; §3, ch. 19663, 1939; §3, ch. 26870, 1951; §10, ch. 28156, 1953; §1, ch. 57-742; (1)(b), (2)a. §1, ch. 61-128; (1)(j) n. §2, ch. 63-269; (2) §1, ch. 63-66.

Note.—Formerly §§102.29 and 102.30.

99.022 Qualification of candidates for county commission and county school board.—

A candidate for the office of county commission or county school board shall have been a bona fide resident of the district from which he qualifies for a period of at least six months prior to the qualifying date.

History.—§1, ch. 59-489.

99.031 Filing fee of candidate.—A candidate for nomination for any office is required to pay, to the officer with whom he qualified, a filing fee and attach the original or signed duplicate of the receipt for his party assessment or pay the same in accordance with the provisions of §103.121 at the time of filing the sworn statement. The amount of the filing fee is three per cent of the annual salary of the office. The amount of committee assessment is two per cent of the annual salary unless made less by the executive committees.

99.161 Contributions; expenditures, etc.—

(1) CERTAIN PERSONS PROHIBITED FROM MAKING CONTRIBUTIONS.—

(a) No person holding a horse or dog racing permit, nor any member of an unincorporated association holding such a permit, nor any officer, director, or supervisory employee of a corporation holding such a permit, or trustee authorized by trust agreement to vote stock in such corporation where such stock is owned by person or persons sui juris, shall make, directly or indirectly, any contribution of any nature to any political party or to any candidate for nomination for, or election to, political office in the state.

(b) No person holding a license for the sale of intoxicating beverages, nor any member of an unincorporated association holding such a license, nor any officer or director of a corporation holding such a license, shall make, directly or indirectly, any contribution of any nature to any political party or to any candidate for nomination for, or election to, any political office in the state.

(c) No person operating a public utility subject to grant of franchise or regulation by the state, or any political subdivision thereof, nor any member of an unincorporated association operating such a public utility, nor any officer or director of a corporation operating such a public utility, shall make, directly or indirectly, any contribution of any nature to any political party or to any candidate for nomination for, or election to, political office in the state.

Members of non-profit cooperative corporations which operate public utilities shall not, by reason of such membership therein, be included within the prohibition contained in this subsection.

(2) MAXIMUM CONTRIBUTIONS; INDIRECT AND PROHIBITED CONTRIBUTIONS; ADVERTISING; INITIAL DATE OF EXPENDITURES.—

(a) No person shall contribute to a candidate for election or nomination to political office in the state, directly or indirectly, in moneys, material, supplies, or by way of loan, in an amount or value in excess of one thousand dollars in any primary or general election.

(b) No person shall give, furnish or contribute moneys, material, supplies or make loans in support of a candidate for election or nomination, through or in the name of another, directly or indirectly, in any primary or general election. The solicitation from and contributions by candidates and party executive committees to any religious, charitable, civic, eleemosynary or other causes or organizations established primarily for the public good is expressly prohibited; provided that it shall not be construed as a violation of this section for a candidate to continue regular personal contributions to religious, civic or charitable groups of which he is a member or to which he has been a regular contributor for more than six months.

(c) No candidate or party executive committee, or person or organization on behalf of such candidates or committee, shall expend any moneys or give anything of value for advertising in any publication or newspaper not qualified for legal advertising as provided by law, unless the publication or newspaper has been published at least once per month for not less than a period of three years prior thereto, and has a circulation of at least one thousand; provided, further, that no such political advertising shall be done in any club or association bulletin, program, news sheet, magazine, pamphlet or hand bill.

(d) No candidate for nomination or any committee, organization or person on his behalf shall, prior to noon on the first filing date for the nomination which said candidate seeks, make any expenditures for campaign purposes or for the promotion of his candidacy other than for personal travel and incidental expenses, and all expenditures as defined in this section shall be reported as required by this section from the date of public announcement of his candidacy or from the date of filing of his qualification papers, whichever date shall occur first; provided that such candidate or committees or organizations shall be permitted to reserve but make no use of advertising time and space and office facilities prior to qualification.

(3) CAMPAIGN TREASURER AND DEPUTY; DESIGNATION OF DEPOSITORIES; REMOVAL; VACANCY, FILLING.—

(a) Each candidate for nomination for, or election to, political office in the state, upon or before, and as a condition precedent to, qualifying as such candidate, shall appoint one campaign treasurer and shall designate one campaign depository and shall file the name and address of each with the officer before whom

such candidate is required by law to qualify. The candidate may designate himself or any other elector to act as such campaign treasurer and may designate as his campaign depository any bank authorized by law to transact business in the state.

(b) Any campaign treasurer for any candidate may appoint as many deputy treasurers as deemed necessary and may designate not more than one depository in each county in which a campaign is conducted; provided, however, the campaign treasurer herein provided for shall be responsible for the accounts of all such deputy campaign treasurers; and provided further that the names and addresses of each deputy campaign treasurer and additional campaign depositories shall be filed with the officer before whom such candidate is required by law to qualify.

(c) Any candidate may remove a campaign treasurer or deputy campaign treasurer so appointed.

(d) In case of the death, resignation, or removal of a campaign treasurer, the candidate shall forthwith appoint a successor and certify the appointment in the manner provided in the case of an original appointment.

(4) CAMPAIGN TREASURER IN CHARGE OF FUNDS; TIME LIMIT.—

(a) No contribution or expenditure of money or other thing of value, nor obligation therefor, including contributions, expenditures, or obligations of the candidate himself or of his family, shall be made, received, or incurred, directly or indirectly, in furtherance of the candidacy of any candidate for political office in the state except through the duly appointed campaign treasurer or deputy campaign treasurers of the candidate.

(b) Any contribution received by the campaign treasurer or deputy treasurer less than five days before the election shall be returned by him to the person contributing it and shall not be used or expended in behalf of the candidate or in furtherance of his candidacy.

(5) DEPOSIT OF CONTRIBUTIONS; STATEMENT OF CAMPAIGN TREASURER.—All funds received in furtherance of the candidacy of any candidate shall, within twenty-four hours after receipt thereof (Sundays and holidays excepted), be deposited by the campaign treasurer or deputy campaign treasurers in a campaign depository of such candidate in an account designated "Campaign Fund of _____ (name of candidate)."

Accompanying all deposits so made by the campaign treasurer or deputy campaign treasurers shall be a detailed statement showing the names and addresses of the persons contributing or providing the funds so deposited, together with a statement of the amount received from, or provided by, each person. Such statement shall be in triplicate upon a form prescribed by the secretary of state, one copy to be retained by the campaign depository for its records, one copy to be filed by the depository as set forth in subsection (10) of this section, and one copy to be retained by the campaign treas-

urer for his records, which statements shall be certified as correct by the campaign treasurer.

(6) **EXPENDITURES RESTRICTED TO AMOUNTS ON DEPOSIT.**—No candidate, campaign treasurer or deputy campaign treasurer shall authorize the incurring of any expense in behalf of the candidate, or in furtherance or aid of his candidacy, unless there are moneys on deposit in the campaign depository to the credit of the account known as the campaign fund of the candidate sufficient to pay the amount of the expenses so authorized, together with all other expenses previously authorized. Any such expenses, incurred or authorized or official campaign treasurer's reports thereof, in excess of such moneys on deposit shall be deemed to constitute a violation of this section.

(7) **WRITTEN AUTHORIZATION OF EXPENDITURE REQUIRED.**—No expenses shall be incurred by any candidate for election or nomination to political office, or by any person, corporation, or association in his behalf, or in furtherance or aid of his candidacy, unless prior to the incurring of the expense a written order shall be made in and upon the form prescribed, and signed by the campaign treasurer of the candidate authorizing the expenditure, and no money shall be withdrawn or paid by any campaign depository from any campaign fund account except upon the presentation of the written order, so signed, accompanied by the certificate of the person claiming the payment, which certificate shall state that the amount named in the order, or such part thereof as may be claimed, naming the amount claimed, is justly due and owing to the claimant, that the order truly states all of the purposes for which the indebtedness was incurred, and that no person other than the claimant is interested, directly or indirectly, in the payment of the claim, and unless an order for payment in and upon the form prescribed, and signed by the campaign treasurer or deputy treasurer, is presented to the campaign depository; provided that any such authorization may be issued by the campaign treasurer to the candidate for traveling expenses still to be incurred. The order authorizing such expenditure, the certificate, and the order for payment shall be on the same piece of paper.

(8) **REPORTS; CERTIFICATION AND FILING; UNOPPOSED CANDIDATES.**—(a) Each candidate shall report to his campaign treasurer on Friday of each week all expenditures made by such candidate for traveling expenses during the preceding seven days and each campaign treasurer shall make a full and complete report of all monies or other things of value contributed to him and to all deputy campaign treasurers of such candidate; the report shall contain the names and addresses of each of the contributors and the amount contributed by each, and a complete statement of all expenditures authorized, incurred, or made by him, and by all deputy campaign treasurers, to the date of such report, and all expenditures by the candidate for traveling expenses made prior to the Friday next preceding the filing of such

report. These reports shall be made at the following intervals by the campaign treasurers of the candidates for the following respective offices between the date of the appointment of the campaign treasurer and the date of the election or elimination of the candidate:

1. Governor and United States Senator—On Monday of each week preceding the election
 2. All other offices—On the first Monday of each month preceding the election
 3. In the case of all offices—Fifteen days after each primary or election in which the candidate participates
- (b) The rental or purchase of public address equipment shall not be regarded as traveling expense.

(c) The campaign treasurer shall certify as to the correctness of each report and the candidate shall also bear the responsibility for the accuracy and veracity of each report.

(d) Such reports shall be filed with the officer before whom the candidate is required by law to qualify not later than noon of the day designated and all such reports shall be open to public inspection. Duplicate copy, duly certified, shall be filed by the same time with the clerk of the circuit court in the county in which the candidate resides, unless, under the provisions of this subsection, the original reports are filed with such clerk.

(e) Should any candidate be unopposed for nomination for, or election to, any office after the time prescribed by law for qualifying for the nomination or election, then the obligation to file the above reports shall cease.

(9) **STATE AND COUNTY EXECUTIVE COMMITTEES, REPORTS, CERTIFICATION AND FILING.**—

(a) Each state and county executive committee and each organization, group, or other committee organized in support of a candidate or party in any primary or election, shall make a report of the amount of money received from each candidate qualifying in the county or in the state, as the case may be, on the first Monday of the month following the closing date of qualification of candidates. Each such executive committee, organization, group, or other committee shall make a full and complete report of all moneys or other things of value contributed to them or to any member of such body and such report shall contain the names and addresses of each of the contributors and the amount contributed by each, and a complete statement of all expenditures authorized, incurred or made by them, or by any member of said body, to the date of such report. These reports shall be made by the chairman or secretary of the state or county executive committee, and by the chairman of all other organizations covered by this subsection, on the first Monday of each month following the first report preceding the election. The state executive committee shall file its report with the secretary of state and the county executive committee shall file its report with the clerk of the board of county commissioners. All other organizations shall

file reports with the clerk of the circuit court of that county in which the greatest number of its members or contributors resident in the state may reside and shall, in addition, file a duplicate copy, duly certified, with the secretary of state if there be members or contributors residing in more than one county or in another state.

(b) The chairman or secretary of said committee shall certify as to the correctness of each report.

(c) Any contribution received by the committee less than five days before the election shall not be used or expended in behalf of any candidate or political party.

(d) No state or county executive committee, in the furtherance of any candidate or political party, directly or indirectly, shall give, pay or expend any money or give or pay anything of value or authorize any expenditure or become pecuniarily liable, except for the purpose provided in §99.172; provided, however, that the contribution of funds by one executive committee to another or to establish party organizations for legitimate party or campaign purposes shall not be prohibited but all such contributions shall be recorded and accounted for in the reports of the contributor and recipient.

(10) **DEPOSITORY'S STATEMENT AFTER ELECTION.**—Within fifteen days after each election in which a candidate participates, the designated campaign depository or depositories of each such candidate shall file either the original or a true copy of all the deposit slips filed with the said depository by the campaign treasurer or deputy campaign treasurer, and the original or a true copy of all authorizations of the campaign treasurer or deputy campaign treasurers upon which funds were withdrawn from said depository. Such statement by such depository shall be filed with the officer before whom the candidate whose account the depository carries is required to qualify.

(11) **NOT APPLICABLE TO CANDIDATES FOR MUNICIPAL OFFICES.**—This section shall not apply to candidates for municipal offices.

(12) **SECRETARY OF STATE TO PRESCRIBE FORMS.**—Appropriate forms necessary to effectuate the purposes of this act, including the campaign treasurer's reports, the statements by the campaign depository, the deposit slips, and the order authorizing expenditures, the certificate of the person to whom payment is made, and the order for payment, shall be prescribed and approved by the secretary of state of the state.

(13) **LIMITATION OF ACTIONS.**—Prosecution for the violation of any of the provisions of this section may be commenced before, but not after, four years shall have elapsed from the date of the violation.

(14) No person or public office holder in the furtherance of his candidacy for nomination or election for public office in any election, shall himself, or by any other person, or state or county executive committee, or on behalf of any person, directly or indirectly, give, pay or expend any money or give or pay anything of

value, or authorize any expenditures or become pecuniarily liable for any political poll, survey, index or measurement of any kind or the publication, production or distribution thereof, relating to candidacy for public office.

No person shall solicit either directly or indirectly from any candidate for nomination or election for public office, or from any public office holder, any money or thing of value for the conduct of any poll, survey, index or measurement of any kind or the publication, production or distribution thereof, relating to candidacy for public office.

Provided however, this subsection shall not apply to any poll conducted by the candidate himself, where the candidate maintains control of the manner, method, time, advertisement and complete jurisdiction over the said poll in all its aspects.

Any person violating the provisions of this act shall, upon conviction, be punished by a fine of not more than \$500.00 or by imprisonment not exceeding 1 year.

100.011 Opening and closing of polls, all elections; expenses.—

(1) The polls shall be open at the voting places at 7:00 a. m., on the day of the election, and shall be kept open until 7:00 p. m., of the same day, and the time to be regulated by the customary time in standard use in the locality. The inspectors shall make public proclamation of the opening and closing of the polls, and during the election and canvass of the votes the ballot box shall not be concealed.

(2) The time of opening and closing polls shall be observed in all elections held in this state, including municipal and school elections; and all provisions of general, special or local laws, or municipal charters setting forth contrary hours are repealed.

(3) The expenses of holding all elections for county and state offices necessarily incurred shall be paid out of the treasury of the county or state, as the case may be, in the same manner and by the same officers as in general elections.

History.—§23, ch. 3879, 1889; RS 117; §27, ch. 4328, 1895; GS 209; §8, ch. 6469, 1913; RGS 253, 306; CGL 309, 362; §§1, 2, ch. 20409, 1941; §§1, 2, ch. 22739, 1945; §4, ch. 25384, 1949; §4, ch. 26870, 1951.

Note.—Formerly §§99.07 and 102.08.

100.021 Notice of general election.—The secretary of state shall, between the first days of July and September in any year in which a general election shall be held, make out a notice stating what offices and vacancies are to be

filled at the general election in the state, and in each county and district thereof. At least sixty days prior to the date of holding the election the secretary of state shall have the notice published four times in a newspaper printed in each county, and in counties in which no newspaper is printed, he shall send to the sheriff a notice of the offices and vacancies to be filled at such general election by the qualified voters of his county, or any district thereof, and the sheriff shall have at least five copies of the notice posted in the most conspicuous and public places in the county.

History.—§5, ch. 3879, 1889; RS 159; §6, ch. 4328, 1895; §4, ch. 4537, 1897; GS 176; RGS 220; CGL 255; §1, ch. 25383, 1949; §4, ch. 26870, 1951.

Note.—Formerly §98.06.

100.031 General election.—A general election is held in each county on the Tuesday next succeeding the first Monday in November, 1906, and biennially on the same day, at which time the qualified electors shall choose, as provided by constitution and laws of this state, persons to fill all vacant federal, state or county offices required to be filled by an election.

History.—§2, ch. 4328, 1895; §1, ch. 4537, 1897; GS 171; RGS 216; CGL 251; §4, ch. 26870, 1951.

Note.—Formerly §98.04.

100.041 Officers chosen at general election.—

* (1) The governor, the administrative officers of the executive department, and the state senators representing the odd numbered

districts, shall be elected at a general election to be held in 1920, and every four years thereafter. State senators from the even numbered districts shall be chosen in the general election in 1922, and every four years thereafter. Members of the house of representatives shall be chosen at every general election. The clerk of the circuit court, county judge, sheriff, superintendent of public instruction, county surveyor, county assessor of taxes and county tax collector shall be chosen for each county by its qualified electors at the general election 1920, and every four years thereafter. The justice of the peace for each justice district, and a constable for each justice district shall be elected by the qualified electors thereof at the general election 1920, and every four years thereafter.

(2) A board of county commissioners of five members, one for each district, elected from the several counties at large, shall be elected by the qualified electors of the county at every general election beginning in 1944. The commissioners elected from the even numbered districts shall serve two years, those elected from the odd numbered districts shall serve four years, and thereafter the terms shall be for four years; provided, that §11 of Art. VIII of the state constitution shall not be affected.

(3) County school board members shall be elected at the general elections held in November, and their terms shall be arranged so that in counties which now have five board members, the terms shall be arranged with three members elected at one general election and two members elected at the next ensuing general election.

***100.041 Officers chosen at general election.**

(1) The governor, and the administrative officers of the executive department and the state senators representing the odd numbered districts, shall be elected at a general election to be held in 1920 and every four years thereafter. State senators from the even numbered districts shall be chosen in the general election in 1922, and every four years thereafter. Members of the house of representatives shall be chosen at every general election. The clerk of the circuit court, county judge, sheriff, superintendent of public instruction, county surveyor, county assessor of taxes and county tax collector shall be chosen for each county by its qualified electors at the general election in 1920 and every four years thereafter. The justice of the peace for each justice district, and a constable for each justice district shall be elected by the qualified electors thereof at the general election in 1920, and every four years thereafter. Provided however, that if the appropriate constitutional amendment authorizing same becomes effective the governor and the administrative officers of the executive department shall be elected at the general election of A.D., 1964, for a term of two years, and thereafter commencing with the general election of A.D., 1966, the governor and the administrative officers of the executive department shall be elected for a term of four years. The terms of office shall begin the first Tuesday after the first Monday in January after said election. The governor elected at the general election of A.D., 1964, shall be eligible for re-election to said office in the general election of A.D., 1966, but the governor elected at the general election of A.D., 1966, and thereafter, shall not be eligible for re-election to said office the next succeeding term.

History.—(1) §1, ch. 63-479.

***Note.**—This subsection (1) enacted by ch. 63-479 is dependent upon ratification of constitutional amendment.

100.051 Candidate's name on general election ballot.—The board of county commissioners of each county shall print on ballots to be

used in their county at the next general election the names of candidates who have been nominated and qualified.

History.—§53, ch. 6469, 1913; RGS 357; CGL 414; §4, ch. 26870, 1951.

Note.—Formerly §102.50.

100.061 First primary election.—A first primary election shall be held on the first Tuesday after the first Monday in May of each year in which a general election is held for nomination of candidates of political parties. Each candidate receiving a majority of the votes cast in each contest in the first primary election shall be declared nominated for such office. A second primary election shall be held as provided by §100.091 in all contests where a candidate does not receive a majority.

History.—§5, ch. 6469, 1913; RGS 303; CGL 359; §2, ch. 13761, 1929; §1, ch. 17897, 1937; §7, ch. 26329, 1949; §4, ch. 26870, 1951; §1, ch. 57-166; §1, ch. 59-4.

Note.—Formerly §102.05.

100.071 Grouping of candidates on primary ballots.—

(1) Where two or more similar offices are to be filled in the same election, the names of candidates are placed or printed upon the ballot or voting machine in groups; that is, if two or more places on the supreme court, or two or more members of the legislature from the same county, are to be elected, then the candidates' names are placed or printed on the ballot or voting machines in groups, such as group 1, group 2, group 3 as the case may be.

The name of the office shall be printed over each numbered group and each numbered group clearly separated from the next numbered group, the same as in the case of single offices, so as to emphasize the necessity of voting for one candidate in each of the numbered groups.

(2) Nominees of recognized political parties chosen in primaries are in the same numbered group on the general election ballot in which their names appeared on the primary election ballot.

History.—§§1, 2, ch. 23957, 1947; (3) n. §10, ch. 24994, 1948; (3) r. §1, ch. 25051, 1949; §4, ch. 26870, 1951; (1) §1, ch. 29937, 1955.

Note.—Formerly §99.58.

100.081 Conducting primary elections; nomination of county commissioners.—The primary elections shall provide for the nomination of county commissioners by the qualified electors of such county at the time and place set for voting on other county officers, provided, that county commissioners are nominated by the several districts of the county instead of by the county at large, except as provided by §11 of Art. VIII of the state constitution.

History.—§63, ch. 6469, 1913; §10, ch. 6874, 1915; RGS 362; CGL 419; §18, ch. 13761, 1929; §4, ch. 26870, 1951.

Note.—Formerly §102.55.

Held unconstitutional in *Ervin v. Richardson*, 70 So. 2d 585.

100.091 Second primary election.—

(1) A second primary election shall be held on the fourth Tuesday after the first Monday in May of each year in which a general elec-

tion is held for the nomination of candidates of political parties where nominations are not made in the first primary election.

(2) The names of the candidates placing first and second in the first primary election shall be placed on the ballot in the second primary election in all contests wherein no candidate received a majority of the votes cast in the first primary election, subject to the following exceptions:

(a) In all contests wherein there is a tie for first place in the first primary election only the names of the candidates so tying shall be placed on the ballot in the second primary election.

(b) In all contests wherein there is a tie for second place in the first primary election and the candidate placing first did not receive a majority of the votes cast, then in that event, only the names of the candidates placing first and tying for second shall be placed on the ballot in the second primary election.

(3) The candidate who shall receive the highest number of votes cast for the office in the second primary election shall be declared nominated.

History.—§50, ch. 6469, 1913; RGS 352; CGL 411; §14, ch. 13761, 1929; §2, ch. 17897, 1937; §4, ch. 19663, 1939; §4, ch. 26870, 1951; §2, ch. 57-166; §2, ch. 59-4.

Note.—Formerly §102.48.

100.101 Special elections.—Special elections shall be held in the following cases:

(1) Where there has been no choice of any officer who should have been elected at a general election.

(2) When a vacancy occurs in the office of state senator or member of the house of representatives.

(3) When it shall be necessary to elect presidential electors, by reason of the offices of president and vice-president both having become vacant.

(4) When a vacancy occurs in the office of national representative in congress from Florida.

History.—§4, ch. 3879, 1889; RS 157; §5, ch. 4328, 1895; GS 175; RGS 219; CGL 254; §4, ch. 26870, 1951.

Note.—Formerly §98.08.

100.111 Filling vacancy.—

(1) Whenever there is a vacancy in an elective office which may not be filled by appointment, and a special election is called by the governor to fill the vacancy in such office, nominees of recognized political parties under the primary laws of Florida shall be chosen in a special primary which shall be called by the governor who may fix the date of a primary election and if necessary a second primary election to select nominees of recognized political parties to become candidates in the special election above referred to.

(2) The last date on which for candidates to qualify in such special primary election shall be fixed by the secretary of state and candidates shall qualify not later than noon of the day so fixed.

(3) The filing of campaign expense statements by candidates in such special primaries

shall be not later than such dates as shall be fixed by the secretary of state and in fixing such dates the secretary of state shall take into consideration and be governed by the practical limitations of the time element.

(4) The qualification fees and party assessments of such candidates as may qualify shall be the same as collected for the same office at the last previous primary for that office. The party assessment shall be paid to the appropriate executive committee of the political party to which the candidate belongs.

(5) The county canvassing boards shall make as speedy a return of the result of such primaries as the time element will permit and the state canvassing board likewise shall make as speedy a canvass and declaration of the nominees as the time element will permit.

(6) When used in this subsection only, the following quoted words shall have the meaning herein indicated:

(a) "County office" shall include any office which is filled by election by the electors of one county only.

(b) "District office" shall include any office which is filled by election by the electors of an area comprising two or more counties but less than state-wide.

(c) "State office" shall include any office which is filled by election by the electors of the entire state.

(d) "District committee" shall mean the majority of the members of the state executive committee of a political party from the counties comprising the area involving a district office, and which members are convened into session at a meeting presided over by the chairman of such state executive committee or by a vice-chairman designated by said chairman. When such a district committee shall be convened into session, the members thereof shall elect from among their number a secretary who shall keep accurate minutes of the proceedings of said committee; that at the conclusion of the meeting of said committee, such secretary shall file in the office of the chairman of the party's state executive committee the written minutes of such meeting signed by the presiding officer and secretary of such committee at said meeting; and that copies of said minutes or of motions or resolutions appearing therein as adopted at said district committee meeting, duly certified to by the chairman and secretary of such state executive committee, shall be accepted as legal evidence of the action of such a district committee.

In the event that death, resignation, withdrawal, removal or any other cause or event should cause a vacancy in office or nomination between the last date of filing for a special or local primary election or between the date of the first and second primary election or between the date of the second primary election and the general election shall leave no candidate for nomination or election to any county, district or state office, then in that event the secretary of state shall set the latest practicable filing date for that office which will per-

mit ballots to be available and if no such date be practicable, then the secretary of state shall notify the chairman of the state political party executive committee of that party which lost its nominee or candidate as may be appropriate under the terms of this section, or notify the chairman of all state political party executive committees if there be a vacancy in office for which it would be appropriate for more than one political party to designate a candidate or nominee. The candidate or nominee should be named as soon as possible in order that he may have his name printed on the ballot of the ensuing primary or general election and in no event shall the county commissioners be required to print a name on a ballot submitted by the appropriate committee or committees less than five days prior to the election. In the event that the ballots are printed more than five days prior to an election, the name of a committee designated candidate or nominee may be placed on the ballot with a rubber stamp or by other appropriate method. In the event that it is impossible or impractical for a committee to designate a nominee or candidate within five days prior to an election, every effort should be made by the county commissioners to have that candidate's or nominee's name placed on the ballot by the best, practical and appropriate means.

When, under the circumstances set forth in the preceding paragraph, vacancies are required to be filled by committee nominations as to county, district and state offices, such vacancies shall be filled as follows: vacancy in a county office as defined herein shall be filled by the county executive committee of the political party losing its candidate; provided, that if at any time such action is required of a county committee and there be less than three members of such committee, the vacancy shall be filled by a district committee of the party which would be convened to fill a vacancy in a congressional office in the district wherein such county is located. Vacancy in a district office as defined herein shall be filled by a district committee of the party losing its candidate. Vacancy in a state office as defined herein shall be filled by the state executive committee of the party losing its candidate.

(7) It is declared to be the purpose of subsections (1)-(5) of this section to provide for special primaries to select nominees to become candidates in special elections which are necessary to be held to fill vacancies in the elective offices which cannot be filled by appointment.

History.—§4, Ch. 26870, 1951; §16, Ch. 28156, 1953. §§(1), (4), (6) §1, ch. 29933, 1955; (6) (d) by §1, ch. 57-91; (6) (d) by §1, ch. 59-139.
cf.—§114.04 Filling vacancies.

100.112 Filling vacancy occurring on or immediately prior to election day.—In the event a vacancy in nomination or office should occur within seventy-two hours prior to any general election the office shall not be filled by a write-in vote but rather the vacancy shall be filled as if it had occurred immediately upon the close of the polls on election day.

History.—§1, ch. 63-229.

100.121 Candidates in special election; filing fee and campaign expenses; canvassing returns.—Whenever there is a vacancy in an elective office which may not be filled by an appointment, and a special election is called by the governor to fill the vacancy:

(1) The last date on which a candidate is entitled to qualify shall be fixed by the secretary of state and the candidate shall qualify not later than noon of the day so fixed.

(2) The qualification fee of the candidate shall be in the amount fixed in the general primary election law and the party assessment collected from the candidate shall not be more than the maximum in the general primary general law and the party assessment so collected shall be remitted or paid, in accordance with the provisions of §103.121, to the appropriate executive committee of the political party.

(3) The filing of campaign expense statements by a candidate in a special election shall not be later than the dates fixed by the secretary of state and he should take into consideration and be governed by the practical limitations of the time element, and

(4) The county canvassing board shall make as speedy return of the result of the primary as the time element will permit and the state canvassing board likewise shall make as speedy a canvass and declaration of the nominee as possible.

History.—§§1-6, ch. 24103, 1947; §11, ch. 25035, 1949; §4, ch. 26870, 1951; §15, ch. 29934, 1955.

Note.—Formerly §102.73.
cf.—§99.031 Filing fee of candidate.

100.131 Notice of special election; vacancy in legislature during regular session.—Whenever a special election is required to fill a vacancy in the office of state senator or representative during a regular session, the governor shall issue an order declaring on what day the election shall be held and deliver the order to the secretary of state who shall deliver to the sheriff of the county in which the special election is to be held a notice of the time of election and the office to be filled by the electors of the affected county. The sheriff shall have a copy of the notice published one time in a newspaper published in the county, if a newspaper is published on a date not less than five or more than ten days prior to the election. If a newspaper is not published in the county or not published within the period set forth, then the sheriff shall have at least five copies of the notice posted in the most conspicuous and public places in the county, such notices to be posted not less than five days nor more than ten days prior to the election.

History.—§2, ch. 20872, 1941; §3, ch. 26329, 1949; §4, ch. 26870, 1951.

Note.—Formerly §98.44.

100.141 Notice of special election; generally.—Whenever a special election is required, the governor shall issue an order declaring on what day the election shall be held and deliver the order to the secretary of state. The secretary of state shall prepare a notice stating what offices and vacancies are to be filled in a

special election in the state, county and district thereof; he shall have the notice published three times in a newspaper printed in each county wherein a special election is to be held at least fifteen days prior to the election. The secretary of state shall deliver to the sheriffs, of counties in which no newspaper is published, a notice of the time of the special election and the offices to be filled by the electors of their respective counties, or district thereof. The sheriff shall post at least five copies of the notice in the most public and conspicuous places in the county.

100.221 General election laws to govern where not covered under this code.—The laws governing the holding of general elections are applicable to bond elections, except as provided in §§100.201-100.351. The places for voting in bond elections are the same as the places for voting in general elections, when the bond elections are held in the county or district; but when bond elections are held in a municipality the polling places are the same as in other municipal elections.

History.—§8, ch. 14715, 1931; CGL 1936 Supp. 457(8); §4, ch. 26870, 1951.

Note.—Formerly §103.08.

100.231 Registration closes fourteen days prior to election.—The registration books shall close not later than fourteen days prior to the date of holding any bond election unless such bond election shall be held on the day of another election as prescribed in §100.261 in

which case the registration books shall close as prescribed for such other election.

History.—§5, ch. 14715, 1931; CGL 1936 Supp. 457(5); §4, ch. 26870, 1951; §16, ch. 29934, 1955.

Note.—Formerly §103.05.

100.241 Freeholder requirements.—

(1) (a) Any person is deemed a freeholder who has an immediate beneficial ownership interest, legal or equitable, in the title to a fee simple estate in land. For the purposes of this section a tenant-stockholder of a corporate apartment corporation is deemed to have an immediate beneficial ownership interest, legal or equitable, in the title to a fee simple estate in land.

(b) As used in this section, cooperative apartment corporation means a corporation organized for the purpose of owning, maintaining and operating an apartment building or apartment buildings to be occupied by its stockholders, and tenant-stockholder means an individual who is entitled, solely by reason of his ownership of stock in a cooperative apartment corporation, to occupy for dwelling purposes an apartment in a building owned by such corporation.

(2) (a) In any election where only freeholders are qualified to vote the regular registration books of the county shall be used and if the registration system of the county is used for voting by a municipality, the books covering the precincts located within the municipality shall be used and only those persons who are shown thereon as freeholders shall be entitled to vote in said election.

(b) In order to determine the number of freeholders entitled to vote in each particular election, the supervisor shall determine from the records of his office the number of freeholders appearing on said registration books and shall execute his certificate as to the number, which shall be accepted as the determination prima facie of those entitled to vote in the election.

(c) Those persons shown on the registration books in a freeholders' election to be freeholders shall be permitted to vote in the election.

(d) Any registered elector who is not shown as a freeholder, but who presents to the inspectors a tax receipt showing a payment of taxes on property in his name or a deed or certified copy thereof of property in his name, or makes a sworn affidavit of ownership giving either a legal description, address or location of the property in his name shall be entitled to vote in the election and shall be considered a freeholder.

The number of persons qualifying in this manner shall be added to the number shown on the certificate of the supervisor in determining the number of persons qualified as freeholders.

(e) The supervisor shall be compensated at reasonable rates for actual costs and services rendered in conducting a freeholders election by the county, district or municipality requiring the same to be held.

(f) It is unlawful for any person to vote or participate in any county, district or other bond

election held, who is not a freeholder and a qualified elector.

Note.—Formerly §§98.03, 103.04, 103.06, 103.14.

cf.—§97.081 Registration of freeholders.

100.251 Registration and freeholders proof.

—Qualification and registration of electors participating in any bond election are the same as prescribed for voting in elections under the general election laws and in addition, they shall submit proof by either affidavit, tax receipt, deed or certified copy of deed before the registration officer that they are freeholders who are qualified electors residing in the county, district or municipality in which the election is to be held.

History.—§3, ch. 14715, 1931; CGL 1936 Supp. 457(3); §4, ch. 26870, 1951; §18, ch. 28156, 1953.

Note.—Formerly §103.03.

cf.—§97.081 Registration of freeholders.

100.261 Holding bond elections with other elections.—Whenever any bond election is called, it shall be lawful for any county, district or municipality to hold such bond election on the day of any state, county or municipal primary or general election, or on the day of any election of such county, district or municipality for any purpose other than the purpose of voting on such bonds, provided, however, nothing in this section shall prohibit the holding of a special or separate bond election.

History.—§1, ch. 22545, 1945; §4, ch. 26870, 1951; §19, ch. 28156, 1953.

Note.—Formerly §103.21.

100.271 Inspectors, clerk, duties; return and canvass of election recorded.—In any bond election, except where the election is held in connection with a regular or special state, county or municipal election, at least two inspectors and one clerk shall be appointed and qualified, as in cases of general elections, and they shall canvass the vote cast and make due returns of same without delay. Elections held in a municipality shall be returned to and canvassed by the governing authority which called the election, but in counties and districts returns are made to the board of county commissioners. The board of county commissioners or in the case of a municipality, the governing authority thereof, shall canvass the returns and declare the result and have same recorded in the minutes of the board of county commissioners, and in case of a district the certificate of declaration of result is recorded in the minutes of the governing authority of such district, or in the minutes of the governing authority of the municipality, as the case may be.

History.—§10, ch. 14715, 1931; CGL 1936 Supp. 457(10); §4, ch. 26870, 1951.

Note.—Formerly §103.10.

100.281 Returns necessary to authorize issuance of bond.—Should a majority of the freeholders who are qualified electors participate in a bond election and a majority of the votes cast be in favor of approving the issuance of bonds, then the issuance of said bonds is deemed authorized in accordance with §6, Art. IX of the state constitution as amended. Before

any bonds are deemed to have been authorized it shall be found and determined by the canvassing board that a majority of freeholders qualified to vote did participate in the bond election. In the event a majority of the freeholders who are qualified electors residing in such county, district or municipality, shall fail to participate in the election, or a majority did participate but a majority of those participating did not vote in favor of approval of the issuance of the proposed bonds, then the issuance of those specified bonds are deemed to have failed of approval and it is unlawful to issue or attempt to issue the said bonds.

History.—§12, ch. 14715, 1931; CGL 1936 Supp. 457(12); §4, ch. 26870, 1951.

Note.—Formerly §103.12.

100.291 Record results of election prima facie evidence.—Whenever any bond election is called and held, and the minutes have been recorded as provided in §100.271 and also a separate finding as to the total number of votes cast in the election both in favor and against the approval of bonds, then a duly certified copy of the finding is admissible as prima facie evidence in all state courts of the truth, including the regularity of the call, conduct and holding of the election at the time and place specified.

History.—§17, ch. 14715, 1931; CGL 1936 Supp. 457(15); §4, ch. 26870, 1951.

Note.—Formerly §103.17.

100.301 Refunding bonds excluded.—Sections 100.201-100.351 shall not apply to refunding bonds and wherever the word "bond" or "bonds" is used in these sections it shall be construed to exclude refunding bonds; but if the statute, ordinance or resolution under which refunding bonds are authorized or are to be issued requires an election to determine whether such refunding bonds shall be issued, the election may be held as provided by §§100.201-100.351.

History.—§21½, ch. 14715, 1931; CGL 1936 Supp. 457(19); §4, ch. 26870, 1951.

Note.—Formerly §103.20.

100.311 Local law governs bond election held by cities or towns.—No section of this code controlling or regulating bond elections is deemed to repeal or modify any provision contained in any local law relating to bond elections held by cities or towns, but §§100.201-100.351 are deemed additional and supplementary to such local laws.

History.—§21, ch. 14715, 1931; CGL 1936 Supp. 457(18); §4, ch. 26870, 1951.

Note.—Formerly §103.19.

100.321 Test suit.—Any taxpayer of the county, district or municipality wherein bonds are declared to have been authorized, shall have the right to test the legality of the election and of the declaration of the result thereof, by a bill in equity in the circuit court of the county wherein the election was held. The bill shall be filed against the county commissioners in the case of a county or district election, or against the governing authority of the municipality in the case of a municipal election. In

case any such election or the declaration of results thereof shall be adjudged to be illegal and void in any such suit, the judgment or decree shall have the effect of nullifying the election in toto. No suit shall be brought to test the validity of any bond election unless the suit shall be instituted within sixty days after the declaration of the results of any bond election. In the event proceedings shall be filed in any court to validate the bonds, which have been voted for, then any such taxpayer shall be bound to intervene in such validation suit and contest the validity of the holding of the election or the declaration of the results thereof, in which event the exclusive jurisdiction to determine the legality of such election or the declaration of the results thereof shall be vested in the court hearing and determining said validation proceedings. If said bonds in the validation proceedings shall be held valid on final hearing or an intervention by the taxpayer shall be interposed and held not to have been sustained, then the judgment and decree in said validation proceedings shall be final and conclusive as to the legality and validity of the election and of the declaration of the results thereof, and no separate suit at law or in equity to test the same shall be thereafter permissible.

History.—§18, ch. 14715, 1931; CGL 1936 Supp. 457(16); §4, ch. 26870, 1951.

Note.—Formerly §103.18.

cf.—Ch. 75, Validation of bonds; procedure.

100.331 Bond issue defeated not to be recalled for period of six months.—If any bond election is called and held for approving the issuance of bonds for a particular purpose and such election shall not result in the approval of the bonds as provided in §100.281, then no other election for the approval of bonds for the same purpose shall be called for at least six months.

History.—§13, ch. 14715, 1931; CGL 1936 Supp. 457(13); §4, ch. 26870, 1951.

Note.—Formerly §103.13.

100.341 Bond election ballot.—The ballots used in bond elections are on plain white paper with printed description of the issuance of bonds to be voted on as prescribed by the authority calling the election. A separate statement of each issue of bonds to be approved, giving the amount of the bonds and interest rate thereon, together with other details necessary to inform the electors, shall be printed on the ballots in connection with the question "For Bonds" and "Against Bonds." Direction to electors to express his choice by making an "X" mark in the space to the right or left of the question shall be printed on the ballot.

History.—§11, ch. 14715, 1931; CGL 1936 Supp. 457(11); §4, ch. 26870, 1951.

Note.—Formerly §103.11.

100.342 Elections; notice of special referendum elections.—In all special or referendum elections not otherwise provided for there shall be at least thirty days' notice of the election by publication in a newspaper published within the county, district or municipality as the case may be. The publication shall be made at least

once a week for four consecutive weeks during the thirty-day period. If no newspaper be published in the county, district or municipality, the notice shall be posted in as many places as deemed advisable by the supervisor of registration, and in no event shall the notice be posted in less than ten places within the limits of the county, district or municipality.

History.—§1, ch. 59-335.

100.351 Referendum election; certificate of

results to secretary of state.—Whenever an election is held under a referendum provision of an act of the legislature, the election officials of the governmental unit wherein the election is held shall certify the results thereof to the secretary of state who shall enter same upon the official record of the act requiring such election on file in his office.

101.011 Voting.—

(1) In counties where ballots are used, each elector shall be given a ballot by the inspector. Before delivering the ballot to the elector, one of the inspectors shall write his initials or name on the stub attached to the ballot; then the elector shall, without leaving the polling place, retire alone to a booth or compartment provided, and place an "X" mark after the name of the candidate of his choice for each office to be filled and likewise mark an "X" after the answer he desires in case of a constitutional amendment or other question submitted to a vote.

(2) At a general election an elector may vote for any person possessing the qualifications to hold the office for which the vote is cast other than those whose names are printed on the ballot by writing in the name of such person in the blank space provided.

(3) No ballot shall be voided or declared invalid in any special, general, or primary election within the state by reason of the fact that same is marked other than with an "X", so long as there is a clear indication thereon to the election officials that the person marking such ballot has made a definite choice, and provided further, that the mark placed on said ballot with respect to any candidate by any such voter shall be located in the square on the ballot opposite such candidate's name.

Note.—Formerly §102.40.

101.031 Instructions for electors.—The secretary of state (or in case of municipal elections, the city or town council) shall print in large type on cards, instructions for the electors in preparing their ballots. He shall provide not less than four cards for each voting precinct and furnish them to each supervisor on their requisition. It is the duty of the supervisors and the board of county commissioners to send a sufficient number of these cards with the ballot boxes to the precincts prior to an election. It is the duty of election inspectors to display the cards in the election booths as information for electors. The cards shall contain information about how to obtain ballots, how to prepare ballots for depositing in the ballot box, how to obtain a new ballot in place of one accidentally spoiled and such other information as the secretary of state may deem necessary.

Note.—Formerly §99.08.

101.051 Examination by election board of physically impaired electors.—

(1) If an elector has been issued a special registration certificate under the provisions of §97.061 but does not have it or a renewal thereof on his person at the time he presents himself for voting, the clerk or one of the inspectors shall place the person under oath and orally examine him according to the form provided below, which form the clerk or inspector shall fill out in his own handwriting and certify to in the space provided for his signature. The form is in lieu of identification slips and the elector shall present the form to the clerk or inspector in charge of the booth, which clerk or inspector shall also certify, sign and deposit the form in the container for identification slips. This form shall be as follows:

I hereby certify that an applicant to vote stated that he could not write, whereupon I propounded the following questions to the applicant

1. Hold up your right hand. Do you solemnly swear that the answers you give to these questions are true, so help you God? _____.
2. What is your name? _____.
3. Your age? _____. Your sex? _____.
4. Your address? _____.
5. Your occupation? _____.
6. Your political party? _____.
7. Why are you unable to write? _____.
8. Did you previously present yourself and have your name _____ entered on the registration books in time for this election? _____.

9. Are you a duly qualified elector in this precinct? _____.

10. Are you physically able to cast your vote? _____. (If answer is "no", then ask:

- (a) Do you now request assistance in voting? _____.
- (b) Why do you need such assistance? _____.)

I further certify that I correctly wrote in the answers as given by the applicant and compared them with the information on the registration books opposite the name given by the applicant and found the applicant qualified to vote.

(Clerk or Inspector)

I hereby certify that this form filled out and signed by an election official of this precinct was handed to me by the applicant who was personally known to me or who told me that his name and address was that shown on the form; and I admitted the applicant to the booth.

(Signature of official preparing ballot)

When assistance is given, election official or person giving assistance must sign below:

(Note: It is unlawful to assist, or be in the booth with any elector unless such elector is blind, unable to read, or so physically incapacitated as to be unable to prepare his ballot and requests such assistance.)

I certify that I assisted this elector in voting at his request.

(Signature of clerk or inspector or person assisting elector to vote.)

(2) It shall be unlawful for any person to be in the voting booth with any elector, except as provided above. In such cases only the elector may upon request be assisted by two election officials that he may select or some other person of his own choice who has not previously so acted for any other person during the election. The officials or person giving the assistance shall first be required to sign the certificate last provided above.

(3) It shall be the duty of the board of county commissioners to furnish a sufficient number of these forms to the supervisor who shall deliver a sufficient number thereof to each voting precinct along with other election paraphernalia.

History.—§3, ch. 18407, 1937; CGL 1940 Supp. 337(28e); §3, ch. 22018, 1943; §5, ch. 26870, 1951; §2, ch. 59-446.

Note.—Formerly §100.36.

101.061 Assistance to blind and disabled electors in marking ballots.—Any elector applying to vote in any election who under the provisions of §97.061 has been issued a special registration certificate, upon the presentation of such certificate or, if he does not have it or a renewal thereof and has submitted to the examination required by §101.051, may request assistance of two inspectors or his choice or some other person of his own choice who has not previously so acted for any other person during the election to mark his ballot without suggestion or interference from the inspectors. In all cases any elector before retiring to the booth may have one of the clerks of the election read over to him the titles of the offices to be filled and the candidates therefor. After the elector requests the aid of the two inspectors, they shall retire to the booth for the purpose of marking the elector's ballot for the candidates according to the elector's choice. All electors after voting are required to withdraw immediately from the voting place. The special registration certificates under this law shall not apply or be issued to illiterates. Provided however,

that no special registration certificate shall be issued to any person on account of illiteracy.

Note.—Formerly §§99.30, 99.32, 99.56, 100.22, cf.—§97.061 Special registration certificate; electors requiring assistance.

101.071 To occupy booth alone; time allowed elector.—When the elector presents himself to vote, the election official shall ascertain whether his name is upon the register of electors, and if his name appears and no challenge interposes, or if interposed, be not sustained, one of the election officials stationed at the entrance shall announce the name of the elector and permit him to enter through the entrance to the booth to cast his vote, allowing only one elector at a time to pass through to vote. No elector, while receiving, preparing and casting his ballot, shall occupy a booth longer than five minutes or be allowed to occupy a booth already occupied, or to speak with anyone, except as provided by §§101.051 and 101.061, while in the polling place. If an elector requires longer than five minutes, then upon a sufficient reason he may be granted a longer period of time by the election officials in charge. After casting his vote, he shall at once leave the polling room by the exit opening, and shall not be permitted to re-enter on any pretext whatever. After the elector has voted, declined or failed to vote within five minutes, he shall immediately withdraw from the place and go beyond the prohibited distance. If he refuses to leave after the lapse of five minutes he shall be removed by the election officials.

Note.—Formerly §§99.27, 99.28 and 100.20.

101.081 Elector to deposit ballot.—After preparing his ballot the elector shall fold the ballot so as to conceal the face and show the stub attached with the name or initials of the inspector, and hand it to the receiving inspector who shall detach the stub and return the ballot to the elector to deposit in the ballot box in the presence of the inspectors. The detached stubs are numbered consecutively and filed by the inspectors.

History.—§53, ch. 4328, 1895; GS 234; RGS 278; CGL 335; §5, ch. 26870, 1951.

Note.—Formerly §99.35.

101.091 Marking more names than persons to be elected.—If the elector marks more names than there are persons to be elected to an office, or if it is impossible to determine the elector's choice, his ballot shall not be counted for the office; but this shall not vitiate the ballot, as to those names which are properly marked, and nothing in this code is construed to prevent any elector, at any general election, from voting at a general election for any qualified person other than those whose names are printed on the ballot.

History.—§54, ch. 4328, 1895; GS 235; RGS 280; CGL 336; §5, ch. 26870, 1951; §22, ch. 28156, 1953.

Note.—Formerly §99.36.

101.101 Elector who spoils ballot.—Any elector who shall by mistake, spoil a ballot, so he cannot safely vote the same, may return it to the inspectors who shall immediately detach the stub and destroy the ballot without examination, and give the elector another ballot. In no case shall an elector be furnished with more than three ballots, or carry a ballot outside the polling room. The clerk of inspection shall keep a record of all ballots destroyed.

History.—§52, ch. 4328, 1895; GS 233; RGS 278; CGL 334; §5, ch. 26870, 1951.

Note.—Formerly §99.33.

101.111 Person offering to vote may be challenged by any elector or watcher; oath of challenged elector; determination of challenge.—When the right to vote of any person who desires to vote is questioned by any elector or watcher, the challenge is communicated to the inspectors, before the person is permitted to vote, by the sheriff or some other officer or person in charge of admission to the polling place, when his right to vote must be determined by law. It is necessary for the elector or watcher entering the challenge to state any reason for such challenge. The inspectors of election shall immediately deliver to the challenged person the following form of affidavit:

Oath of Challenged Elector

“(Instruction to election officials: The oath below is required to be executed by a challenged elector at a primary election; the same affidavit shall be executed by a challenged elector at a general election, except there shall be stricken therefrom the words:

“that I am a member of the _____ party and that at the last preceding general election, if I voted therein, I voted for a majority of the nominees of such party”)

State of Florida

County of _____

I do solemnly swear that my name is _____; that I am a member of the _____ party and that at the last preceding general election, if I voted therein, I voted for a majority of the nominees of such party; that I am _____ years old; that I was born in the state of _____ or the country of _____; that my residence is on _____ street, in the town or city of _____, in this election precinct of _____ county; that I personally made application for registration and signed my name and that I am a qualified elector.

Signature of elector

_____, 19____

Inspector or clerk of election”

Any inspectors or clerks of election may administer the oath. If the challenged person refuses to make and sign the affidavit, the inspectors shall refuse to allow him to vote.

If such person makes the affidavit, the inspectors and clerk of election shall compare the information in the affidavit with that entered on the registration books opposite his name, and, upon such comparison of the information in the affidavit with that entered on other evidence which may then be offered, the inspectors shall decide by majority of votes whether the challenged person is permitted to vote. If the challenged person be unable to write or sign his name, the inspectors shall examine the precinct register to ascertain whether the person registered under the name of such person is represented to have signed his name. If he is so represented, then he shall be denied permission to vote without further examination; but, if not, then one of the inspectors shall place such person under oath and orally examine him upon the subject matter contained in the affidavit and if there is any doubt as to the identity of such person, the inspector shall compare his appearance with the description entered upon the precinct register opposite his name. The inspector shall then proceed as in other cases to determine whether the challenged person is permitted to vote.

Note.—Formerly §§99.26 and 102.42.

101.121 Persons allowed in polling places.—As many electors are admitted to vote as there may be booths available and no person is permitted under any pretext to come within fifteen feet of any polling place whatever from the opening of the polls until the completion of the count of the ballots and certificates of returns, except the sheriff or his deputy, officially designated watchers, the inspectors and clerks of election. No sheriff, deputy sheriff or city policeman shall enter the polling place without permission from a majority of the inspectors, except to cast his ballot.

Note.—Formerly §§99.23 and 99.25.

101.131 Watchers at polls; ballot box voting.—All political parties and all individual candidates for office are permitted by the election officials to have one watcher for each candidate or political party in all polling places from the beginning to the conclusion of all elections. The watchers are not permitted to come close to the official's table or voting booths than is necessary to properly perform their function but are allowed within the polling room to watch and observe the conduct of electors and officials. The watchers are required to furnish their materials and necessities, and shall not obstruct the orderly conducting of any election. During the elections the officials are required to call out the names of electors loud enough to be heard by the watchers. The authority the watchers are required to present to the officials is their appointment or designation by a candidate or if representing a political party, then the design-

nation from the chairman of the executive committee or any vice-chairman or secretary or by a candidate or any deputies designated by him in written notice to the county supervisor of elections at least fourteen days in advance of any primary or election.

Note.—Formerly §100.45.

101.141 Specifications for primary election ballot.—In counties where voting machines are not used, and for use for absentee voting prior to election day in those counties using voting machines, the primary election ballot shall conform to the following specifications:

(1) The ballots are of different color for each political party participating in the primary election. All ballots shall contain the same information as far as possible and be printed on paper of such thickness that the printing cannot be distinguished from the back.

(2) Across the top of the ballot shall be printed, "Official Primary Ballot _____ Party" (with proper party name inserted), beneath which shall be printed the date of the election, county, and precinct number, but the number shall be omitted in voting machine counties, but filled in by the person issuing the ballot. Above the caption of the ballot shall be two stubs, with perforated line between the stubs and between the lower stub and top of the ballot, each stub shall have printed thereon: "Official Primary Ballot," above which shall appear the party name; on the left side shall be a blank line under which shall be "Signature of elector" (only on the top stub); on the right side shall appear: "Initials of issuing officer," under which shall be a blank line; the stubs of all ballots for each precinct shall be prenumbered consecutively, beginning with "No. 1," the stubs on each ballot shall bear the same number.

(3) Beneath the caption and preceding names of candidates, shall be the following words: "To vote for a person whose name is printed on the ballot, mark a cross (X) in the square at the right of the name of the person for whom you desire to vote."

(4) The ballot shall have the headings, under which appear the names of the offices and the candidates for the respective offices alphabetically arranged as to surnames, in the following order: the heading "Congressional," and thereunder the offices of United States senator and representative in congress; the heading "Judicial," and thereunder the offices of the justices of supreme court, circuit court judges, and the other judicial offices involved in the primary election in the order fixed by the secretary of state; the heading "State" and thereunder the offices of governor, secretary of state, comptroller, commissioner of agriculture, state treasurer, attorney general, superintendent of public instruction, railroad commissioner and state attorney; the heading, "Legislative," and thereunder the offices of state senator and member of the state house of

representatives; the heading, "County," and thereunder the offices of clerk of the circuit court, sheriff, tax assessor, tax collector, superintendent of public instruction, and thereafter such other county offices involved in the primary election in the order fixed by the secretary of state; the heading "Official presidential preference primary ballot," as provided in §101.180, followed by national committeemen and committeewomen; or, in the year of their election, "Party offices," and thereunder the offices of state committeemen and committeewomen followed by precinct committeeman and committeewoman except where more than one candidate is to be nominated for an office and qualify and run in groups, immediately following the name of each office on the ballot shall be printed, "Vote for One (or such other proper number)." When more than one candidate is to be nominated for office and the candidates qualify and run in groups, the group's number is printed beneath the name of the office and the names of candidates in the respective group are arranged thereunder in alphabetical order as to surnames, and following group numbers there are printed the words, "Vote for One." The name of the office shall be printed over each numbered group and each numbered group clearly separated from the next numbered group, the same as in the case of single offices. If in any primary election all the offices as above set forth are not involved, those offices to be filled are arranged on the ballot in the order named.

(5) On the ballot stubs the words, "Official Primary Ballot" and the party name, and on the caption the words, "Official Primary Ballot _____ Party" shall be in 18-point caps; the printed instruction to electors immediately preceding the offices and names of candidates shall be in 10-point type; the headings shall be in 12-point black-face caps; the offices, group numbers and the words, "Vote for one (or such other proper number)," shall be in 12-point upper and lower case black-face type; the names of candidates shall be in 10-point light-face caps; the lines on which are printed the candidates names shall be at least one and one-half picas apart, and the box to the right of each candidate's name provided for the cross (X) in voting shall be two picas wide and one and one-half picas high.

(6) Should the above directions for complete preparation of the ballot be insufficient, the secretary of state shall determine and prescribe any additional matter or form, and the secretary of state shall, not less than thirty days prior to the first primary election, mail to the clerk of the board of county commissioners in the counties, the form of the ballot to be used with instructions for the preparation and printing and before final printing shall, under his certificate, approve the form of the ballot including the color.

(7) If the above requirements as to type, size and kind should not be possible to follow, the ballot shall be prepared to conform as

closely as possible to such requirements.

History.—§§38, 39, ch. 6469, 1913; RGS 342, 343; CGL 399, 400; §7, ch. 13761, 1929; §1, ch. 17901, 1937; §§1, 2, ch. 25386, 1949; §5, ch. 26870, 1951; (4) §2, ch. 29937, 1955.

Note.—Formerly §§102.37 and 102.38.

101.151 Specifications for general election ballot.—In counties where voting machines are not used, the general election ballot shall conform to the following specifications:

(1) The ballot shall be printed on paper of such thickness that the printing cannot be distinguished from the back.

(2) Across the top of the ballot shall be printed "Official Ballot, General Election," beneath which shall be printed the date of the election, the county and the precinct number. The precinct number is omitted in counties having voting machines, but shall be filled in by the person issuing the ballot. Above the caption of the ballot shall be two stubs with perforated line between the stubs and between the lower stub and the top of the ballot. The top stub shall be stub No. 1 and shall have printed thereon, "General Election, Official Ballot," and then shall appear the name, county and number of precinct and the date of the election. On the left side shall be a blank line under which shall be printed "Signature of Elector." On the right side shall be "Initials of Issuing Officer" under which there shall be a blank line. The second stub shall be the same, except there shall not be a space for signature of the elector. Both stubs No. 1 and No. 2 on ballots for each precinct shall be prenumbered consecutively, beginning with "No. 1."

(3) Beneath the caption and preceding the names of candidates shall be the following words: "To vote for a person whose name is printed on the ballot, place a cross (X) mark in the square at the right of the name of the person for whom you desire to vote." The ballot shall have headings under which shall appear in not more than three columns the names of the offices and names of duly nominated candidates for the respective offices in the following order: The heading "Electors for President and Vice-President" and thereunder the names of the candidates for president and vice-president of the United States nominated by the political party which received the highest vote for governor in the last general election of the governor in this state, above which shall appear the name of said party. Then shall appear the names of other candidates for president and vice-president of the United States who have been properly nominated. Then shall appear the subheading "For write-in voting for electors for President and Vice-President" followed by blank spaces to the number of such electors to which this state is entitled under federal law. Then shall follow the heading "Congressional" and thereunder the offices of United States senator and representative in Congress; then the heading "Judicial" and thereunder the offices of justices of the supreme court, circuit court judges and such other judicial offices involved in the general election in the order to be fixed by the secre-

tary of state; then the heading "State" and thereunder the offices of governor, secretary of state, comptroller, commissioner of agriculture, state treasurer, attorney general, superintendent of public instruction, state attorney, together with the names of the candidates for each office and the title of the office which they seek; then the heading "Legislative" and thereunder the office of state senator and member of the state house of representatives; then the heading "County" and thereunder the offices of clerk of the circuit court, sheriff, tax assessor, tax collector, superintendent of public instruction, and thereafter such other county offices involved in said general election in the order to be fixed by the secretary of state.

Immediately following the name of each office on the ballot shall be printed, "Vote for One." When more than one candidate is nominated for office and the candidates qualify and run in groups, the group numbers shall be printed beneath the names of the office. The name of the office shall be printed over each numbered group and each numbered group clearly separated from the next numbered group, the same as in the case of single offices. Following the group number shall be printed the words, "Vote for One" and the names of the candidates in the respective groups shall be arranged thereunder.

(4) The names of the candidates of the party which received the highest number of votes for governor in the last election in which a governor was elected shall be placed first under the heading for each office together with appropriate abbreviation of party name, the names of the candidates of the party which received the second highest vote for governor shall be second under the heading for each office together with appropriate abbreviation of the party name.

(5) All offices for which there are more than one candidate shall be placed at the top of the ballot immediately following the instructions. Thereafter, all candidates for office where only one candidate is seeking the position shall be printed in succession in the general order as provided for contested offices. Then shall appear the names of the unopposed candidates. Above the names of unopposed candidates shall be printed the following: "The remaining offices required by law to be filled at this election are being sought by only one candidate for each office. To vote for these remaining offices place a cross (X) mark in the square to the right of the name of the candidate for whom you desire to vote. To vote for a person whose name is not printed on the ballot, write his name in the blank space provided for that purpose." A blank line shall be left at the bottom of the list of the candidates for these remaining offices.

(6) The same requirement as to the type, size and kind of printing of official ballots in primary elections as provided in §101.141(5), shall govern the printing of official ballots in general elections.

(7) Should the above directions for complete

preparation of the ballot be insufficient, the secretary of state shall determine and prescribe any additional matter or form, including the number of columns in which the ballot may be printed, so as to provide a presentable ballot and conserve paper, and not less than sixty days prior to a general election mail to the clerk of the board of county commissioners in the counties the forms for use in the general election with instructions for preparation of the ballot and before final printing shall, under his certificate, approve the form of the ballot.

(8) The provisions of §101.141(7) shall be applicable in printing of said ballot.

History.—§35, ch. 4328, 1895; GS 219; §1, ch. 5612, 1907; RGS 264; CGL 320; §5, ch. 17898, 1937; §§2, 3, ch. 25187, 1949; §5, ch. 26870, 1951; (3), (5) §3, ch. 29937, 1955; (3) §1, ch. 57-235; (5) §2, ch. 59-334.

Note.—Formerly §§99.18 and 99.171.

101.161 Constitutional amendment or other public measure.—Whenever a constitutional amendment or other public measure shall be submitted to the vote of the people, the substance of such amendment, or other public measure shall be printed on the ballot one time, after the list of candidates, followed by the phrase “for the amendment,” and also by the phrase “against the amendment,” with a sufficient blank space thereafter for the placing of the symbol “X” to indicate the voter’s choice, excepting that when voting machines are used the amendment or measure shall be in the form relating to the use of voting machines. The phraseology of the substance of the amendment or other public measure, shall be furnished to the several counties by the secretary of state so as to insure uniformity, and he shall be authorized to give each of the proposed constitutional amendments or other public measure, a designating number for convenient reference and this number designation may also appear on the ballot.

History.—§34, ch. 4328, 1895; GS 218; RGS 262; CGL 318; §§1-11, ch. 16180, 1933; §1, ch. 16877, 1935; §4, ch. 17898, 1937; §1, ch. 22626, 1945; §5, ch. 26870, 1951.

Note.—Formerly §99.16.

101.171 Copy of constitutional amendment to be posted.—Whenever any amendment to the state constitution is voted upon at any election, the county commissioners of each county shall have the amendment printed in legible type and a copy thereof conspicuously posted at each precinct upon the day of election, such printed amendments to be furnished the county commissioners by the secretary of state.

History.—§1, ch. 5405, 1905; RGS 263; CGL 319; §5, ch. 26870, 1951.

CONSTITUTIONAL AMENDMENT
ARTICLE IX, SECTION 17

(Here the Secretary of State will insert brief description of the amendment as otherwise provided by law.)

FOR the Amendment

AGAINST the Amendment

History.—§35, ch. 4328, 1895; GS 220; RGS 265; CGL 321; §5, ch. 24994, 1948; §4, ch. 25187, 1949; §5, ch. 26870, 1951; §29, ch. 29934, 1955; §2, ch. 57-235; §3, ch. 59-334.
Note.—Formerly §99.19.

101.20 Publication of ballot form.—Upon completion of the list of qualified candidates, in counties where paper ballots are used, the board of county commissioners shall publish in a newspaper of general circulation, in the county at least seven days before any primary, general or special election of whatever nature, a sample ballot form, or should the county have an addressograph or equivalent system for mailing to registered electors, a sample ballot may be mailed to each registered elector in lieu of publication at least seven days before any election.

History.—§5, ch. 26870, 1951; §8, ch. 57-166.

101.21 Number of ballots required, payment for ballots.—Where voting machines are not used, there shall be as many official ballots as shall be equal to one hundred and ten per cent of the registered qualified electors at the voting place. The printing and delivery of ballots and cards of instruction shall in municipal elections be paid for by the several cities and towns respectively, and in all other elections by the counties respectively.

History.—§§29, 37, ch. 4328, 1895; §11, ch. 4537, 1897; GS 211, 222; RGS 255, 267; CGL 311, 323; §7, ch. 17898, 1937; §2, ch. 24088, 1947; §7, ch. 25384, 1949; §5, ch. 26870, 1951.
Note.—Formerly §§99.09, 99.21.

101.22 Voting procedure, ballots.—Before any ballot is delivered to an elector, one of the inspectors shall affix his initials on the line provided on each of the two ballot stubs and the elector shall sign his name on the line on the top stub, and if he is unable to write, he shall sign his mark with the assistance of one of the inspectors. The inspector shall compare the signature on the ballot stub with the signature on the elector's registration and if necessary require other identification. If the inspector is reasonably sure that the person is entitled to vote, he shall then detach and retain the upper stub and the elector shall go to the booth and mark his ballot and after he has marked his ballot, he shall fold it so as to leave the stub remaining attached visible so that it can be detached without unfolding. The inspector shall compare it with the stub he retained and if it is the ballot he delivered to the elector, he shall detach and retain the remaining stub and the elector shall then deposit the folded ballot in the ballot box. But, if the marked ballot returned proves to be a different one from the one delivered to him, the inspectors shall then and there search the elector and if the original ballot is found on or about his

person, the inspectors shall take possession of the ballot and discharge the elector from the polling place without permitting him to vote. Inspectors of elections, where ballots are used, are clothed with such police power as is necessary to carry out the provisions of this section.

History.—§36, ch. 4328, 1895; GS 221; RGS 266; CGL 322; §6, ch. 17898, 1937; §6, ch. 25187, 1949; §5, ch. 26870, 1951.
Note.—Formerly §§99.20, 102.41.

101.23 Election inspector to keep list of those voting.—When any person has been admitted to vote, his name shall be checked on the margin of the page opposite his name, or at the place indicated upon the registration books, by one of the inspectors. One of the inspectors shall, at the same time, keep a poll list containing names of electors who have voted. The inspectors may prevent any person from voting a second time when they have reason to believe that the person has voted. They may refuse to allow any person to vote who is not a qualified elector, or who has become disqualified to vote in the precinct or prevent any elector from consuming more than five minutes in voting. But no inspector shall handle the ballot being voted or interfere with the voting of any elector.

History.—§58, ch. 4328, 1895; GS 236; RGS 281; CGL 337; §5, ch. 26870, 1951; §24, ch. 28156, 1953.
Note.—Formerly §99.37.

101.24 Ballot boxes and ballots.—The county commissioners, except where voting machines are used, shall prepare one ballot box for each polling place in their respective counties, of sufficient size to contain all the ballots of the particular precinct, and the ballot box shall be plainly marked with the name of the precinct for which it is intended. Before any general or special election they shall place in the ballot box as many ballots as provided in §101.21. After securely locking the ballot box, and sealing up the keyhole and other openings, they shall send the key in a sealed envelope, to the inspector of elections of the precinct, together with the box. The custodian is placed under oath or affirmation to perform his commission faithfully and without favor or prejudice to any political party.

Note.—Formerly §99.02.

101.25 Names on ballot.—The nomination of all candidates for all elective state, congressional and county offices, for United States senator and for the election of members of the state, congressional and county executive committees is made in the manner provided in this code.

The name of no person nominated shall be placed upon the official ballot to be voted at any general election as a candidate for any office, unless the person has been nominated for the office under the provisions of this code.

History.—§1, ch. 6469, 1913; RGS 299; CGL 355; §1, ch. 17900, 1937; §5, ch. 26870, 1951.
Note.—Formerly §102.01.

101.26 Order of titles and names of candi-

dates.—The ballots printed shall contain the names of all candidates nominated who have not declined. In general elections the names of the candidates shall be printed on the ballots in the order in which their party nominee ran for governor in last election.

History.—§33, ch. 4328, 1895; GS 217; RGS 261; CGL 317; §4, ch. 24994, 1948; §1, ch. 25187, 1949; §5, ch. 26870, 1951.

Note.—Formerly §99.15.

101.27 Voting machines; defined.—The list of candidates used or to be used on the front of the voting machine for an election district in which a voting machine is used pursuant to law shall be deemed official ballots under this code. The word "ballot" as used in this act (except when reference is made to irregular ballots) means that portion of the cardboard or paper or other material within the ballot frames containing the name of the candidate and the designation of the party by which he was nominated, or a statement of a proposed constitutional amendment, or other question or proposition with the word "yes" for voting for any question or proposition, and the word "no" for voting against any question. The term "question" shall mean any constitutional amendment, proposition or other question submitted to the elector at any election. The term "official ballot" shall mean the printed strips of cardboard containing the names of the candidates nominated and a statement of the questions submitted. The term "irregular ballot" shall mean a vote cast, by or on a special device, for a person whose name does not appear on the ballots. The term "voting machine custodian" shall mean the person who shall have charge of preparing and arranging the voting machine for elections. The term "protective counter" shall mean a separate counter built into the voting machine which cannot be reset, which records the total number of movements of the operating lever. The term "board of elections" shall mean the clerk and inspectors appointed to conduct an election.

History.—§1, ch. 13893, 1929; CGL 1936 Supp. 337(1); §1, ch. 18405, 1937; §5, ch. 26870, 1951.

Note.—Formerly §100.01.

101.28 Requirements of voting machines.—Any voting machines may be adopted, rented, purchased or used which shall be so constructed as to fulfill the following requirements: It shall secure to the elector secrecy in the act of voting; it shall provide facilities for voting for or against as many questions as may be submitted; it shall permit the elector to vote for the candidates of one or more parties; it shall permit the elector to vote for as many persons for an office as he is lawfully entitled to vote for, but no more; it shall prevent the elector from voting for the same persons more than once for the same office; it shall permit the elector to vote for or against any question he may have the right to vote upon, but no other; if used in primary elections, it shall be so equipped that the election officials can lock out all rows except those of the elector's party by a single adjustment on the outside of the machine; it shall correctly register

or record, and accurately count all votes cast for any and all persons, and for or against any and all questions; it shall be provided with a "protective counter" or "protective device" whereby any operation of the machine before or after the election will be detected; it shall be provided with a counter which shall show at all times during any election how many persons have voted; it shall be provided with a mechanical model, illustrating the manner of voting on the machine, suitable for the instruction of electors; it shall also be provided with one device for each party for voting for all presidential electors of that party by one operation, and in that connection there shall be provided on the ballot the words "Electors for President and Vice-President" followed by the name of the party and thereafter by the names of the candidates thereof for the offices of president and vice-president, and a registering device which shall register the votes cast for such electors thus voted for collectively, as contemplated by section 103.111. Every voting machine shall be furnished with a lantern, or a proper substitute for one, which shall give sufficient light to enable electors while voting to read the ballots and suitable for use by the election officers in examining the counters. All voting machines used in any election shall be provided with a screen, hood, or curtain which shall be so made and adjusted as to conceal the elector and his action while voting.

History.—§2, ch. 13893, 1929; CGL 1936 Supp. 337(2); §5, ch. 26870, 1951; §25, ch. 28156, 1953.

Note.—Formerly §100.02.

101.29 Providing machines; payment for same.—The authorities adopting the use of voting machines, shall, as soon as practicable, provide for each polling place one or more voting machines in complete working order, and the authorities in charge of elections shall preserve and keep them repaired, and have custody of same when not in use at any election. If it is impracticable to supply each election district with voting machines at any election, as many may be supplied as it is practicable to procure, and these may be used in the districts as the officers adopting the machine may direct. The board of county commissioners or the municipal authorities on the adoption and rental or purchase of voting machines may provide for payment as they may deem for the best interest of their respective localities.

History.—§§5, 6, ch. 13893, 1929; CGL 1936 Supp. 337(5), (6); §5, ch. 26870, 1951.

Note.—Formerly §§100.05, 100.06.

101.30 Voting machine model.—For the instruction of electors on any election day there shall, so far as practicable, be provided for each polling place a mechanically operated model of a portion of the face of the machine. The model, if furnished, shall, during the election, be located on the election officers' table or in some other place which the electors must pass to reach the machine, and each elector shall, before entering the machine booth, be instructed regarding its operation and such instructions illustrated on the model, and the

elector given opportunity to personally operate the model. The elector's attention shall also be called to the diagram on the face of the machine so that the elector can become familiar with the location of the questions and the names of the officers and candidates. In case any elector, after entering the voting machine booth, shall ask for further instructions concerning the manner of voting, two election officers of opposite political parties, if present, and if not, two election officers of the same party shall give such instructions to him, but no officer or person assisting an elector shall in any manner request, suggest or seek to persuade or induce any elector to vote for or against any particular ticket, candidate, amendment, question or proposition. After giving them instructions and before the elector shall have registered his vote, the officers or persons assisting him shall retire and such elector shall then register his vote in secret.

History.—§21, ch. 13893, 1929; CGL 1936 Supp. 337(21); §5, ch. 26870, 1951; §26, ch. 28156, 1953.
Note.—Formerly §100.21.

101.31 Experimental use of voting machines.

—The board of county commissioners of any county or the governing body of any municipality may provide for experimental use at any election in one or more precincts, voting machine or machines and the use of any machine shall be as valid for all purposes as if they had been adopted.

History.—§4, ch. 13893, 1929; CGL 1936 Supp. 337(4); §3, ch. 18405, 1937; §5, ch. 26870, 1951.
Note.—Formerly §100.04.

101.32 Adoption of voting machines; powers incident to adoption.—The board of county commissioners or the governing body of a municipality, may if they so elect, submit to the electors of a county or municipality at a general or special election the question of whether it shall adopt voting machines; providing that no special election shall be called for the sole purpose of determining this question. If a majority of the electors approve of same, the board of county commissioners of the county or governing body of the municipality shall adopt for use at elections any kind of voting machine that meets the requirements set forth in §101.28, and the machines shall be used at any and all elections held in the county or municipality or any part thereof for voting, registering and counting votes cast at any election; provided that the board of county commissioners or governing body may purchase, install and use, not to exceed five voting machines, for experimenting with same in districts or precincts without submission of the question to the electors of the county or municipality. Voting machines may be adopted for use in different districts in the same county or municipality. The provisions of this section relating to the submission of a question to the public relating to the adoption of voting machines shall be construed as permissive.

In every case in which the governing authorities of any city or town, shall adopt and use at any precinct any voting machine, the govern-

ing authorities may do anything necessary which they deem to be requisite to a fair, honest and satisfactory use of the machines.

History.—§§3, 28, ch. 13893, 1929; CGL 1936 Supp. 337(3), (27); §2, ch. 18405, 1937; §5, ch. 26870, 1951; §1, ch. 59-116.
Note.—Formerly §100.32.

101.33 Number of electors for each machine.

—In precincts containing six hundred or less registered electors there shall be one voting machine and in precincts containing more than six hundred registered electors there shall be available one machine for every six hundred registered electors or fraction thereof which are expected to participate in any election.

History.—§14, ch. 13893, 1929; CGL 1936 Supp. 337(14); §5, ch. 18405, 1937; §5, ch. 26870, 1951.
Note.—Formerly §100.14.

101.34 Supervisor shall be custodian of voting machines.

—The supervisor is the custodian of voting machines in the county using them, and he shall appoint deputies necessary to prepare and supervise the machines prior to and during elections and their compensation shall be the same as clerks and inspectors of elections and they shall be paid by the board of county commissioners from the same fund the clerks and inspectors are paid from.

History.—§3A, ch. 22018, 1943; §4, ch. 24089, 1947; §5, ch. 26870, 1951.
Note.—Formerly §100.42.

cf.—§102.021 Compensation of inspectors and clerks.

101.35 Custodians of voting machines.

—Where a voting machine is used, it shall be in proper order for use at any election at the polling place before the time fixed for opening of the polls, and the counters set at zero. The custodian, the supervisor, shall appoint one or more deputies to be known as deputy custodians of voting machines, who shall be competent, thoroughly instructed, and sworn to perform their duties honestly and faithfully, and shall be instructed at least thirty days before the election. They shall be considered as officers of elections. Before the machines are prepared for any election, the supervisor shall mail written notice to the chairman of the county executive committee of the principal parties, or if the election be a municipal, bond or referendum election, or if there be no chairman of any county executive committee, to the chairman of at least two local organizations representing the opposing sides, stating the time and place where the machine will be prepared, at which time one representative of each political party is afforded an opportunity to see that the machines are in proper condition. The representatives are sworn to faithfully perform their duties and are regarded as election officials but shall not interfere or assume any of the deputy custodians' duties. When the machine has been examined by such representatives it shall be sealed with a numbered seal. The representatives shall certify to the numbers of machines, that all counters are set at zero, and the number registered on the protective counter, if one is provided, and on the seal. After the preparation of the machines, an officer or

someone authorized, other than the person who prepared them, shall inspect each machine and report in writing the fact whether the machines are in the proper order as set forth above; and the right of such inspection shall be accorded any candidate or his representatives authorized in writing. When a machine is properly prepared, it shall be locked against voting and sealed, and the keys delivered to the board of officials having charge of said election, together with a written report, stating that such machine is properly prepared for the election. The machine shall be transferred to the polling place, and it is the duty of the local authorities to provide protection against molestation or injury to it. The lantern or light fixture shall be in good order before the opening of the polls.

Those members of the board of elections who have not served regularly at each election in a precinct in which a voting machine is used shall attend meetings and receive such instructions from the deputy custodians concerning their duties as is necessary for the proper conduct of the election with the machine. The instruction shall be given not more than twenty-one days prior to date of election and as near the election as practicable for all primary general elections. The deputy custodian shall, when giving the instruction, call as many meetings as necessary and within five days, file a report with the board or official in charge of elections stating that he has instructed the election officers, giving their names, time and place where the instructions were given. Each member shall receive a certificate from the deputy custodian certifying that he is qualified to properly conduct the election with the machine. The members shall be entitled to receive ten cents for every mile traveled of the estimated distance by the most usual route from their place of residence to the place of instruction, and like sum for returning.

Note.—Formerly §§100.10, 100.11.

101.36 Voting machines; when used.—In counties having adopted voting machines, the machines shall be so arranged as to require individual voting for all offices. The order in which the ballot is arranged shall as nearly as practicable conform to the requirements of the form of the paper ballot. The voting machines shall be used by the counties in all general, primary and special elections. In counties above two hundred sixty thousand population according to the latest federal census which have adopted the use of voting machines, it shall be mandatory for all municipalities in such counties to use such voting machines in all elections but in all counties of lesser population it shall be optional with each municipality as to whether it shall use ballots or voting machines in its elections. Authority is hereby granted to the board of county commissioners of any county having adopted voting machines to permit municipali-

ties within the county to use county-owned voting machines.

Note.—Formerly §§99.191, 100.30, 100.43.

cf.—§228.11 When voting machines may be used in school elections.

101.37 Location of voting machines.—At all elections where voting machines are used, the arrangement of the polling room shall be as follows: The exterior of the voting machine and every part of the polling room shall be in plain view of the election officers; the voting machine shall be placed at least one foot from every wall or partition of the polling room and at least four feet from any table where any of the election officers may be engaged or seated. The voting machine shall be so placed that the ballots on the face of the machine can be plainly seen by the election officers and the party watchers when not in use by electors. The election officers shall not themselves be, or permit any other person to be in any position or near any position that will permit one to see or ascertain how an elector votes, or how he has voted. The election officer attending the machine shall inspect the face of the machine after each elector has cast his vote, to see that the ballots on the face of the machine are in proper places and that the machine has not been injured. During elections the door or other covering of the counter compartment of the machine shall not be unlocked or open, or the counters exposed except for good and sufficient reasons, a statement of which shall be made and signed by the election officers and shall be sent with the returns.

History.—§19, ch. 13893, 1929; CGL 1936 Supp. 337(19); §5, ch. 26870, 1951.

Note.—Formerly §100.19.

101.38 Disposition of voting machine keys.—The keys of the machine shall be enclosed in an envelope supplied by the custodian on which shall be written the number of the machine, the district and ward where it has been used, which envelope shall be securely sealed and endorsed by the election officers and returned to the officer from whom the keys were received. The number on the seal and the number registered on the protective counter shall be written on the envelope containing the keys. All keys for voting machines shall be kept securely locked by officials having them in charge. It shall be unlawful for any unauthorized person to have in his possession any key of any voting machine and all election officers or persons entrusted with the keys for election purposes, or in the preparation of the machines, shall not retain them longer than necessary to use them for such purpose. All machines shall be boxed and stored in a suitable place as soon as possible after the election.

History.—§25, ch. 13893, 1929; CGL 1936 Supp. 337(25); §5, ch. 26870, 1951.

Note.—Formerly §100.27.

101.39 Voting machines, sealing curtains.—Curtains on all voting machines shall be se-

curely sealed or fastened before being used in any election so that the clearance lever can not be operated without opening or closing curtains. And no voting machine, while in use, shall be concealed in any voting place, so as to hide or obscure the machine from public view.

History.—§3C, ch. 22018, 1943; §5, ch. 26870, 1951.

Note.—Formerly §100.44.

101.40 Voting machine out of order.—In case any voting machine used in any precinct shall, during the time the polls are open, become injured, it is the duty of the election board to substitute a perfect machine, if possible, and at the close of the polls, the records of votes shown on the counters of both machines shall be added together in ascertaining the results of the election. If no other machine can be prepared for use at the election, and the one injured can not be repaired in time for use, unofficial ballots made as nearly as possible like the official ballots may be used, received by election officers and placed in receptacle in such case to be provided by said officers, and counted with votes registered on the voting machines, and the result shall be declared the same as though there had been no accident to the voting machine. The ballots thus voted shall be preserved and returned with a certificate or statement setting forth how and why same were voted.

History.—§16, ch. 13893, 1929; CGL 1936 Supp. 337(16); §6, ch. 18405, 1937; §5, ch. 26870, 1951.

Note.—Formerly §100.16.

101.41 Sample ballots.—

(1) Where voting machines are used, two sample ballots must be furnished to each polling place by the officer whose duty it is to provide official ballots, arranged in the form of a diagram showing the official ballot on the voting machine as it will appear on election day. Sample ballots shall be open to inspection by all electors in any election and a sufficient number of reduced size of ballots may be furnished to election officials so that one may be given to any elector desiring same.

(2) Upon completion of the list of qualified candidates, the board of county commissioners shall publish in a newspaper of general circulation, in the county at least seven days before any primary, general or special election of whatever nature, a sample ballot form, or should the county have an addressograph or equivalent system for mailing to registered electors, a sample ballot may be mailed to each registered elector in lieu of publication at least seven days before any election.

History.—§8, ch. 13893, 1929; CGL 1936 Supp. 337(8); §5, ch. 26870, 1951; (1) §27, ch. 28156, 1953; (2) §9, ch. 57-166.

Note.—Formerly §100.08.

101.42 Official ballots; number; printing.—

(1) Official ballots of the form and description for use upon voting machines shall be prepared and furnished in the same manner, at the same time, and are delivered to the supervisors. Two sets of official ballots shall be provided for each polling place for each precinct, of which one set shall be inserted or placed in or upon the machine and the other retained in

the custody of the board of elections, unless it shall become necessary during the election to make use of same upon or in said machine.

(2) All ballots for voting machines shall be printed on white paper of such size as will fill the ballot frames of the machine, in plain color type as large as the space will permit. Party nominations shall be arranged on each voting machine, either in columns or horizontal rows; the captions of the ballots on said machines so placed as to indicate to the elector what push knob, key, lever or other device is used or operated in order to vote for the candidates of his choice.

(3) If the official ballot is larger than the voting machine can accommodate, the officer whose duty it is to provide the official ballots may place the ballot upon more than one machine or place part of the ballot upon the voting machine to its reasonable capacity and the remainder upon paper ballots, provided that when possible, that portion of the ballot so placed upon additional machines or upon paper ballots shall consist of candidates who are unopposed, and when this is not possible all candidates for a particular office shall be placed upon one machine or upon one paper ballot, as the case may be. No opposed candidates for any federal or state office shall be placed upon such paper ballots. The board of county commissioners shall determine which county offices shall be placed upon such paper ballots.

History.—§§7, 9, 13, ch. 13893, 1929; CGL 1936 Supp. 337(7), (9), (13); §5, ch. 26870, 1951; (3) n. by §1, ch. 59-299.

Note.—Formerly §§100.07, 100.09, 100.13.

101.43 Substitute ballot.—When voting machines are used and the required official ballots for a precinct are not delivered in time to be used on election day, or after delivery, are lost, destroyed or stolen, the clerk or other officials whose duty it is to provide ballots for use at such election, in lieu of the official ballots, shall have substitute ballots prepared, conforming as nearly as possible to the official ballots, and the board of election shall substitute these ballots to be used in the same manner as the official ballots would have been used at the election.

History.—§15, ch. 13893, 1929; CGL 1936 Supp. 337(15); §5, ch. 26870, 1951.

Note.—Formerly §100.15.

101.44 Irregular ballots.—Ballots voted at a general election for any person whose name does not appear on the machine as a qualified candidate for office are referred to as irregular ballots. Such irregular ballot shall be deposited, written or affixed in or upon the receptacle or device provided on the machine for that purpose. An irregular ballot must be cast in its appropriate place on the machine, or it is void and not counted. Where an irregular ballot is cast it shall not be necessary to use the (X) mark.

History.—§18, ch. 13893, 1929; CGL 1936 Supp. 337(18); §5, ch. 26870, 1951; §28, ch. 28156, 1953; §4, ch. 59-334.

Note.—Formerly §100.18.

101.45 Election board opening polls.—The board of election of each precinct shall attend

the polling place one-half hour before the time set for opening of the polls and shall arrange the furniture, stationery and voting machines. The said boards shall, if not previously done, insert in their proper places on the machines the ballots containing the names of offices to be filled and the names of candidates nominated. The keys to the machine shall be delivered to the election officers at least one-half hour before opening the polls, in a sealed envelope, on which shall be written or printed the number and location of the machine, the number of the seal and the number registered on the protective counter or device, as reported by the custodian. The said envelope shall not be opened until at least one member of the board from each of two political parties is present, and shall have examined the envelope to see that same has not been opened. Before opening the envelope, the election officers present shall examine the number on the seal on the machine, also the number registered on the protective counter, and see if they are the same as the number written on the envelope. If they are not the same, the custodian or an authorized person must be present when the machine is opened to re-examine such machine and certify that it is properly arranged. If the numbers are found to agree with those on the envelope, the election officer shall proceed to open the doors concealing the counters and each officer shall carefully examine every counter and see that it registers zero (000), and same is subject to the inspection of official watchers. The machine shall remain locked against voting until the polls are opened, and only electors are to operate same. If any counter is found not to register at zero (000), the board of election shall immediately notify the custodian, who shall adjust such counters at zero (000), but if it is impracticable for the custodian to arrive in time to adjust such counters, the election officers shall immediately make a written statement of the designating letter and number of such counter, together with the number registered thereon, and shall sign and post same upon the wall of the polling room and it shall remain throughout election day. In filling out the statement of canvass, they shall subtract such number from the total then registered thereon.

History.—§17, ch. 13893, 1929; CGL 1936 Supp. 337(17); §5, ch. 26870, 1951.

Note.—Formerly §100.17.

101.46 Instruction to electors before election.—The authorities in charge of elections, where voting machines are used, shall designate suitable and adequate times and places for giving instructions to electors who apply, and the machines shall contain a sample ballot showing the title of offices to be filled, and, so far as practicable, the names of candidates to be voted on at the next election. No voting machine which is to be assigned for use in an election shall be used for instruction after having been prepared and sealed for the election. During the public exhibition of any voting machine for any instruction, the counting

mechanism shall be concealed but the doors may be temporarily opened when authorized by the board or official in charge of elections.

History.—§12, ch. 13893, 1929; CGL 1936 Supp. 337(12); §5, ch. 26870, 1951.

Note.—Formerly §100.12.

101.47 Requirements before elector enters voting machine booth.—

(1) In all elections where voting machines are used, every elector desiring to vote is required to identify himself to the clerk and inspectors of the election as a duly qualified elector at such election by signing his signature, in ink or indelible pencil, to an identification blank or slip, which is substantially the form provided by this code.

(2) It is the duty of the clerk or inspector to compare the signature with the signature of the elector upon the registration books, and if satisfied that the signature is the same, he then shall sign the slip in the place provided and the signing shall constitute an oath or affirmation of the fact stated by the clerk or inspector above his signature.

(3) The board of county commissioners shall furnish and the supervisor shall supply sufficient containers for each precinct, each container to be securely sealed. Each container shall have a slot large enough to receive the identification slips. Before the polls open, the clerk in the presence of all inspectors and the public, shall open the container and ascertain that it is empty, and while empty shall securely seal same and place a seal across the lid and body of the container leaving a slot open without breaking or removing the seal; and the clerk or inspectors shall sign their names upon the seal. Printed forms of seals shall be furnished with each container, containing a statement over the place for the signature that the container was opened, emptied, and sealed while empty before the polls were opened; the signing of the certificate shall constitute the clerk's or inspector's certificate to the facts.

(4) No person shall be admitted to a voting machine unless he presents to the clerk or inspector an identification slip as provided in subsections (1) and (2) of this section.

(5) Before the elector enters a voting machine he shall deliver his identification slip duly signed to the clerk or inspector operating the machine, and the clerk or inspector shall also sign the slip and his signature shall constitute an oath or affirmation as to the printed facts set forth above his signature, and then the clerk or inspector shall deposit the slip through the slot in the locked or sealed container.

(6) The identification slip, when signed by any person as an elector and by the clerk or inspector comparing his signature and by the clerk or inspector admitting him to the voting machine and depositing slip in the container, shall be prima facie evidence that the person whose name appears therein as an elector was admitted to the voting machine and that he then and there voted.

(7) It is the duty of the clerk and inspec-

tors to return all unused signature identification blanks to the supervisor immediately on the closing of the polls, and then seal the slot of the container with a seal signed by all the election officials in that precinct and the clerk shall deliver same to the supervisor.

(8) The identification slip shall be in the following form:

No. _____

SIGNATURE IDENTIFICATION SLIP

ELECTION

Held in _____ County, Florida,
on the _____ day of _____ A. D. 19____.

I affix my signature hereto in the place and at the time of voting for the purpose of identifying myself as a duly registered and qualified elector in this election.

(Signature of elector)

I hereby certify that the foregoing signature was signed in my presence during voting hours at this voting precinct and by me compared with that on the registration books and approved for voting in precinct No. _____.

(Signature of clerk or inspector)

I hereby certify that I admitted the person who signed this identification slip to the voting machine; that said elector was personally known to me, or told me that he signed it; and that the number of the voting machine is _____.

(Signature of official operating machine)

(9) It shall be the duty of the board of county commissioners to prepare and send to the supervisor for delivery to each polling place the same number of signature identification slips as there are qualified electors for such polling place. In preparing the slips the same shall be numbered consecutively beginning with number (1) and continued to such number as there are qualified electors for each county. In preparing the identification slips the appropriate information to designate the date, name of county and kind of election, to-wit: general, special or primary, shall be printed in at the appropriate blank spaces appearing in the form.

(10) Any certificate signed by any clerk or inspector of any election certifying to the result of the election in or for any precinct is admissible in evidence in the trial of any cause, either civil or criminal, in any court in the state, and when admitted shall constitute prima facie evidence that it was signed by the persons whose names are signed hereto and conclusive proof that any person who signed the certificate as clerk or inspector of election was duly appointed and qualified to act throughout the election and in the capacity indicated upon said certificate, unless the contrary is disclosed thereby.

(11) It shall be the duty of the supervisor to deliver the required number of identification slips, numbered in consecutive numerical order, to each precinct and to preserve for one year

a record in his office showing the number of identification slips which he delivered to each precinct designating the precinct number and address and the numbers of slips so delivered. (Such as: Delivered to precinct number one, five hundred identification slips, numbered one to five hundred inclusive.)

(12) The identification slips and all other election materials required to be delivered to each precinct shall be delivered by enclosing and locking same in the voting machine; along with an itemized list with a receipt in the form: "I hereby certify that I have checked the items listed hereon and acknowledge receipt thereof," which receipt shall be signed by the clerk of the precinct and deposited in the container provided for identification slips.

(13) It shall be unlawful for any person, other than the printer while printing and delivering the slips to the board of county commissioners, the county commissioners and their agents engaged by them in delivering the slips to the supervisor and his agents in placing the slips in the voting machine for delivery to the voting precincts, the clerks and inspectors and qualified electors while acting inside of polling places during the election, to have in their possession any signature identification slip or other slip containing the same, or substantially the same wording as the signature identification slip; and it shall be unlawful for any person or official to deliver any official slip or other slip containing the same or substantially the same wording as the signature identification slip to any person other than as herein provided.

History.—§1, ch. 18407, 1937; CGL 1940 Supp. 337(28-c); §1, ch. 22018, 1943; §3, ch. 24089, 1947; §5, ch. 26870, 1951; (5) §29, ch. 28156, 1953.

101.48 Examination by election board of physically impaired electors.—

(1) If an elector has been issued a special registration certificate under the provisions of §97.061 but does not have it or a renewal thereof on his person at the time he presents himself for voting, the clerk or one of the inspectors shall place the person under oath and orally examine him according to the form provided below, which form the clerk or inspector shall fill out in his own handwriting and certify to in the space provided for his signature. The form is in lieu of identification slips and the elector shall present the form to the clerk or inspector operating the voting machine, which clerk or inspector shall also certify and sign the form, and deposit same in the container for identification slips. This form shall be as follows:

I hereby certify that an applicant to vote stated that he could not write, whereupon I propounded the following questions to the applicant:

1. Hold up your right hand. Do you solemnly swear that the answers you give to these questions are true, so help you God? _____.
2. What is your name? _____.
3. Your age? _____. Your sex? _____.
4. Your address? _____.
5. Your occupation? _____.

6. Your political party? _____
 7. Why are you unable to write? _____
 8. Did you previously present yourself and have your name _____ entered on the registration books in time for this election? _____

9. Are you a duly qualified elector in this precinct? _____

10. Are you physically able to cast your vote? _____. (If answer is "no", then ask: (a) Do you now request assistance in voting? _____. (b) Why do you need such assistance? _____.)

I further certify that I correctly wrote in the answers as given by the applicant and compared the same with the information on the registration books opposite the name given by the applicant and found the applicant qualified to vote.

(Clerk or Inspector)

I hereby certify that this form filled out and signed by an election official of this precinct was handed to me by the applicant who was personally known to me or who told me that his name and address was that shown on the form; and that I admitted the applicant to voting machine No. _____.

(Signature of official operating machine.)

When assistance is given, election official or person giving assistance must sign below:

(Note: It shall be unlawful to assist, or be in the compartment, while the curtain thereof is closed, with any elector unless such elector is blind, unable to read, or so physically incapacitated as to be unable to operate the machine and requests such assistance.)

I certify that I assisted this elector in voting at his request.

(Signature of clerk or inspector or person assisting elector to vote.)

(2) It shall be unlawful for any person to be in the voting booth with any elector while the curtain is closed, except as provided above. In such cases only the elector may upon request be assisted by two election officials that he may select or some other person of his own choice who has not previously so acted for any other person during the election. The officials giving the assistance shall first be required to sign the certificate last provided above.

(3) It shall be the duty of the board of county commissioners to furnish a sufficient number of these forms to the supervisor who shall deliver a sufficient number thereof to each voting precinct along with other election paraphernalia.

101.49 Procedure of election officers where signatures differ.—

(1) Whenever any clerk or inspector, upon

a just comparison of the signature, shall doubt that the handwriting affixed to a signature identification slip of any elector who presents himself at the polls to vote, is the same as the signature of the elector affixed in the registration book, it shall become the duty of the clerk or inspector to deliver to the person an affidavit which shall be in substantially the following form:

STATE OF FLORIDA,
 COUNTY OF _____.

I do solemnly swear (or affirm) that my name is _____; that my occupation is that of _____; that I am _____ years old; that I was born in the State of _____; County of _____; that I personally made application for registration within the last two years and at such time signed my name in the registration book, and at said time I resided on _____ Street, in the Town or City of _____, County of _____, State of Florida; that I am a qualified elector of the county and state aforesaid and have not voted in this election.

(Signature of elector).

Sworn to and subscribed before me this _____ day of _____, A. D. 19____.

Clerk or inspector of election
 Precinct No. _____
 County of _____.

(2) The person shall fill out, in his own handwriting, the form and make an affidavit to the facts stated in the filled-in form, such affidavit is then sworn to and subscribed before one of the inspectors or clerks of the election who is authorized to administer the oath. Whenever the affidavit is made and filed with the clerk or inspector, the person shall then be admitted to the voting machine to cast his vote, but if the person fails or refuses to make out or file such affidavit, then he shall not be permitted to vote.

History.—§2, ch. 18407, 1937; CGL 1940 Supp. 337(28-d); §2, ch. 22018, 1943; §5, ch. 26870, 1951.

Note.—Formerly §100.35.

101.50 Election officers to preserve affidavits and identification slips.—All signature identification slips where voting machines are used shall be preserved by the clerk and inspectors of election, but in those instances where an affidavit has been made in addition to the identification slip, such affidavits and slips bearing the signatures of the same persons are placed together in a separate envelope and kept separate from the remaining slips, but all such slips and affidavits preserved shall be returned to the supervisor whose duty it is to preserve them for at least one year, subject to inspection by any elector, and to deliver the same to any prosecuting officers of the county, upon demand, after taking his written receipt.

History.—§5, ch. 18407, 1937; CGL 1940 Supp. 337(28-f); §5, ch. 22018, 1943; §5, ch. 26870, 1951.

Note.—Formerly §100.38.

101.51 To occupy booth alone; time allowed elector.—When the elector presents himself to

vote, the election official shall ascertain whether his name is upon the register of electors, and if his name appears and no challenge interposes, or if interposed, be not sustained, one of the election officials stationed at the entrance shall announce the name of the elector and permit him to enter through the entrance to the booth or compartment to cast his vote, allowing only one elector at a time to pass through to vote. No elector, while receiving, preparing and casting his ballot, shall occupy a booth or compartment longer than five minutes or be allowed to occupy a booth or compartment already occupied, nor to speak with anyone, except as provided by §§101.051 and 101.061, while in the polling place. If an elector requires longer than five minutes, then upon a sufficient reason he may be granted a longer period of time by the election officials in charge. After casting his vote, he shall at once leave the polling room by the exit opening, and shall not be permitted to re-enter on any pretext whatever. After the elector has voted, declined or failed to vote within five minutes, he shall immediately withdraw from the place and go beyond the prohibited distance. If he refuses to leave after the lapse of five minutes he shall be removed by the election officials.

History.—§§44, 45, ch. 4328, 1895; GS 228, 229; RGS 273, 274; CGL 329, 330, 1936 Supp. 337(20); §5, ch. 26870, 1951.

Note.—Formerly §§99.27, 99.28, 100.20.

101.52 Assistance to blind and disabled electors in using voting machine and voting absentee.—

(1) Any elector applying to vote in any election who under the provisions of §97.061 has been issued a special registration certificate, upon the presentation of such certificate, or, if he does not have it or a renewal thereof and has submitted to the examination required by §101.48, may request assistance of two inspectors of his choice or some other person of his own choice who has not previously so acted for any other person during the election to use the voting machine without suggestion or interference from the inspectors, but in all cases any elector before retiring to the compartment may have one of the clerks of the election to read over to him the title of the offices to be filled and the candidates therefor. After the elector requests the aid of the two inspectors, they shall retire to the compartment for the purpose of operating the voting machine for the candidates according to the elector's choice. All electors after voting are required to withdraw immediately from the voting place.

(2) Any elector applying to cast an absentee ballot in the office of the supervisor of registration, in any election, who under the provisions of §97.061, has been issued a special registration certificate, upon presentation of such certificate, or, if he does not have it or a renewal thereof and has submitted to the examination required by §101.051, may request the assistance of some person of his own choice, who has not previously assisted any other person during the election, in casting his absentee ballot. Provided, however, that no supervisor of registra-

tion, his deputies or members of his staff shall act in such capacity.

History.—§§47, 48, ch. 4328, 1895; §3, ch. 4329, 1895; GS 231, 232; RGS 276, 277; §22, ch. 13893, 1929; CGL 332, 333; 1936 Supp. 337(22); §5, ch. 26870, 1951; §5, ch. 59-446; §1, ch. 61-416.

101.53 Watchers at polls; voting machine voting.—All political parties and all individual candidates for office shall be permitted by the election officials to have one watcher for each candidate or political party in all polling places from the beginning to the conclusion of all elections. The watchers shall not be permitted to come closer to the officials' table or voting machines than is necessary to properly perform their function but are allowed within the polling room to watch and observe the conduct of electors and officials. The watchers are required to furnish their materials and necessities, and shall not obstruct the orderly conducting of any election. During the elections the officials shall call out the names of electors loud enough to be heard by the watchers. The authority the watchers are required to present to the officials is their appointment or designation by a candidate or if representing a political party, then the designation from the chairman of the executive committee or any vice-chairman or secretary or by a candidate or any deputies designated by him in written notice to the county supervisor of elections at least fourteen days in advance of any primary or election. Watchers have the right to challenge electors, but it shall be necessary for the watchers to state any reason for such challenge and no election official or officers shall interfere with the watchers in the orderly performance of their duties.

History.—§3D, ch. 22018, 1943; §5, ch. 26870, 1951; §20, ch. 29934, 1955; §1, ch. 61-365.

Note.—Formerly §100.45.

101.54 Tabulation of vote and proclamation of results, where voting machine used.—As soon as the polls are closed, the inspectors of election shall immediately lock and seal the voting machines against voting. The inspectors then shall sign a certificate stating that the machines have been locked against voting and sealed; the number of electors as shown on the public counters; the number on the seal; the number registered on the protective counter, if one is provided; and that the voting machines are closed and locked. The inspectors then shall open the counting compartments in the presence of the watchers and all other persons who may be lawfully within the polling place, giving full view of all the counter numbers. The clerk of the board of elections shall then read and announce in distinct tones the designating number and letter on each counter for each candidate's name, the result as shown by the counter numbers, and shall then read the votes recorded for each office on the irregular ballots. He shall also read and announce the vote on each constitutional amendment, proposition or other question. The results shall be announced four times by the following procedure. While the clerk is announcing the results, one inspector shall stand by his side and check the clerk's announcements.

The vote as registered is entered on the tabulation, by two inspectors of opposite political faith, whenever practicable, but not including the clerk, in the same order on the space which has the same designating number and letter, after which the figures are verified by being called off from the counters of the machine by the inspector standing near the clerk. While the inspector is announcing the results, the clerk shall stand by his side and check the inspector's announcements. After the results are announced by the clerk and the inspector, they shall exchange positions with the two inspectors who are tabulating the results. The same procedure as used by the clerk and inspector shall again be followed by the two inspectors in announcing the results. The tabulation shall then be filled out, which shall show the total number of votes cast for each office, the number of votes cast for each candidate, as shown on his counter, and the number of votes for persons not nominated or elected. The counter compartment of the voting machine shall remain open until the official returns and all other reports have been fully completed and verified by the board of elections. Any candidate or duly accredited watcher who may desire to be present shall be admitted to the polling place from the closing of the polls until count and tabulation are complete. The proclamation of the result of the votes cast shall be deliberately announced in a distinct voice by the clerk who shall read the name of each candidate, with the designating number and letter of his counter, and the vote registered on such counter; also the vote cast for and against each question submitted. During each proclamation ample opportunity is given to any person lawfully present to compare the results so announced with the counter dials of the machine, and any necessary corrections shall then and there be made by the board, after which the doors of the voting machine shall be closed and locked. Before adjourning, the board shall, with the seal provided therefor, so seal the operating lever of the machines that the voting and counting mechanism will be prevented from operation. The same procedure shall be followed for each machine where more than one machine is used in any precinct, and a final proclamation made to the total vote received by each candidate. Irregular ballots, enclosed in properly sealed package and properly endorsed, shall be filed with the original statement of returns. The inspector filing the returns shall deliver to the said board or officer from whom they were received, the keys of the voting machine, enclosed in a sealed envelope having endorsed thereon a certificate of the inspectors stating the number of the machine or machines, and the precinct where it has been used, the number on the seal and the number on the protective counter, if any. As each vote is read and announced, it shall be recorded on two statements by two other members of the board, and when completed compared with the numbers on the counters of the machine. If found correct, the result shall be announced by the clerk and the tabulation of votes, after being duly certified and sworn to,

shall be filed as provided for filing election returns.

History.—§23, ch. 13893, 1929; CGL 1936 Supp. 337(23); §7, ch. 18405, 1937; §5, ch. 26870, 1951.

Note.—Formerly §100.23.

101.55 Certificate of returns.—In precincts where voting machines are used, certificates of results shall be printed to conform with the type of machines used, on a form approved by the secretary of state. The designating number and letter on the counter for each candidate shall be printed next to the candidate's name on the certificate of the result. The form of such certificate shall also provide for the entry of the total number of votes cast for each candidate and upon each question. Three of such certificates shall be made in each precinct of which one shall be sent to the supervisor of the county, another sent to the county judge, and another publicly posted at the polling place in which the precinct is situated.

History.—§8, ch. 18405, 1937; CGL 1940 Supp. 337(23-a); §5, ch. 26870, 1951.

Note.—Formerly §100.24.

101.56 Locking machine and returning irregular ballots.—The election officers shall, as soon as the count is completed and ascertained, lock the counter compartment of the machine, and it shall so remain for a period not less than ten days, unless another election is held within three weeks, in which event the machine shall remain locked for five days, except in either event it may be opened by the canvassing board or by order of a court of competent jurisdiction. Whenever irregular ballots have been voted, the election officers shall return such ballots in a secured package endorsed "irregular ballots" and return and file such package with the original statement of the result of the election made by them. The package shall be filed for six months succeeding the election, and not opened or its contents examined during that time except by a judge of a court lawfully empowered to direct the package to be opened and examined. The package may be opened at the end of six months and the ballots disposed of at the discretion of the official or body having charge of them.

Note.—Formerly §100.26.

101.57 Protest of election returns; inspection by canvassing board.—Whenever any elector believes that election returns are erroneous and fraudulent, he shall have a right to file a written protest against the canvass of such returns with the canvassing board specifying the precinct or precincts in which he believes such returns are erroneous or fraudulent. Such protest may be filed with the canvassing board up until the time the canvass has been completed and the totals of votes tabulated. Before canvassing such returns the canvassing board shall examine the counters on the machines in such precincts and find whether the returns correctly show the votes cast. If there be discrepancies between the

returns and the counters of the machines, the counters of such machines shall be presumptively correct, and the votes shown by the counter shall be canvassed wherever there is a discrepancy between the returns and the vote shown by the counters. The rights of all parties in interest to appeal to the courts for protection against error or fraud are not annulled.

History.—§31, Ch. 28156, 1953.

101.58 Supervising and observing registration and election processes.—The secretary of state may, at any time he deems fit or upon the petition of five per cent of the registered electors, or upon the petition of any candidate, county executive committee chairman, state committeeman or committeewoman or state executive committee chairman, appoint one or more deputies whose duties shall be to observe and examine the registration and election processes and the condition, custody and operation of voting machines in any county or municipality. The deputy shall have access to all registration books and records as well as any other records or procedures relating to the election process. The deputy shall supervise preparation of the election machines and procedures for election, and it shall be unlawful for any person to obstruct the deputy in the performance of his duty. He shall file with the secretary of state a certificate that he personally examined the voting machines and with such certificate file a report of his findings and observations of the registration and election processes in the county or municipality and a copy of the certificate and report shall also be filed with the clerk of the circuit court of said county. The compensation of such deputies shall be fixed

by the secretary of state; and costs incurred under this section shall be paid from the biennial operating appropriation made to the office of secretary of state.

History.—§13, ch. 18405, 1937; CGL 1940 Supp. 337(28-b); §5, ch. 26870, 1951; §1, ch. 63-256.

Note.—Formerly §100.31.

101.60 Election board to report violations of this code.—It shall be the duty of the clerk and inspectors to report any violation of this code to the proper prosecuting officers of the county. If ordered by a majority of the board at any precinct, any person presenting himself to vote may be arrested by any peace officer attending such precinct, for known violations of the election code.

History.—§4, ch. 18407, 1937; CGL 1940 Supp. 7476(8); §4, ch. 22018, 1943; §5, ch. 26870, 1951.

Note.—Formerly §100.37.

101.61 Absent elector defined.—The term absent elector shall mean any registered and qualified elector who due to physical disability is unable without another's assistance to attend the polls, or who on account of the tenets of his religion cannot attend the polls on the day of a general, special or primary election or any qualified elector wherever he may be, except persons confined in prison or jail, so long as he will not be in the county of his residence during the hours the polls are open for voting on the day of an election. Such person may cast an absentee ballot upon compliance with the absent elector provisions of this code.

History.—§1, ch. 7380, 1917; RGS 368; CGL 429; §1, ch. 25385, 1949; §5, ch. 26870, 1951; §1, ch. 59-213.

Note.—Formerly §101.01.

101.62 Absentee ballots; application; time; form.—Any elector who will be absent on the day of an election from his home county, or who is physically incapable of appearing at the polling place, or who on account of the tenets of his religion cannot attend the polls on the day of a general, special or primary election, may make application to the supervisor or his deputies at any registration office maintained by the supervisor for the purpose of registering electors, either in person or by mail, at any time during the forty-five days preceding any election, but not later than 5:00 p. m. of the fifth day preceding such election, upon a blank to be furnished by the supervisor for the official ballot to be voted at such election. The application blank shall be sent immediately, by mail, or delivered by hand, to the absent elector; provided however that the absent elector who cannot attend the polls on the day of an election on account of the tenets of his religion must make application only in person and have application delivered only by hand. Such blank shall be in substantially the following form, signed by the applicant, and witnessed as herein required.

Note.—Formerly §101.02.

101.63 Absentee ballots; filing; record; publication.—Upon receipt of application for absentee ballot, filled out and signed, the supervisor shall file it in his office and enter the name and address of the applicant to which the ballot is to be sent, upon a list to be kept by the supervisor or clerk for that purpose, together with the date of receiving the application, the date of mailing or delivering the ballot to the elector, the date of receiving the ballot from the elector and such other information he may deem necessary. The names of all applicants for absentee ballots received by the supervisor during any week prior to an election

shall be listed alphabetically or by precinct and said list shall be posted at the courthouse or published once in a newspaper published in the county during the week following the receipt of such applications.

History.—§3, ch. 7380, 1917; RGS 370; CGL 431; §1, ch.

61-70; §1, ch. 63-186.
Note.—Formerly §101.03.

**101.64 Mailing absentee ballots; number-
ing; return envelopes; form.**—The supervisor
shall, after the printer delivers the ballots for
a precinct in which applications from absent
electors have been received, prepare the first
numbered ballot for the first applicant, the
second ballot for the second applicant, and
so on. The supervisor shall initial both stubs
No. 1 and No. 2 and enter the name of the
elector in the place indicated for the elector
to sign. If the applicant appears in person he
shall sign stub No. 1 as if he were voting on
election day. The supervisor shall then detach
the ballot and stub No. 2 from No. 1 and
forward by mail, postage prepaid or deliver
personally, one of such ballots with stub
No. 2 attached (or if there be more than one
kind of ballot to be voted, then one of each
kind) to each applicant from his county as
shown by the list provided by §101.63, pro-
vided such applicant is properly registered.
In counties under the permanent registration
system or the system described in §98.041,
where the supervisor maintains deputies in
municipalities other than the county seat and
such municipalities shall have a population in
excess of ninety thousand blocks of numbered
ballots shall be made available as required
and as the supervisor may direct in order to
comply with the provisions of §98.181; all bal-
lots made available in municipalities where
deputies are maintained shall be fully account-
ed for to the supervisor. But the supervisor
or any deputy shall not receive applications
for absent electors' ballots later than 5:00 p.m.
of the fifth day preceding any such election.
In counting, the day of the election shall not
be counted. The supervisor shall enclose with
such ballot two envelopes, a plain white en-
velope into which the absent elector shall en-
close and seal his marked ballot and then
place the sealed white envelope, together with
detached stub No. 2 in the second envelope
which is addressed to the supervisor and also
bearing on the back side of this "return en-
velope" a certificate which shall be substan-
tially in the following form:

The statement shall be so arranged that the signature of the absent elector and the attesting witness shall be across the flap of the envelope. The absent elector and the attesting witness shall execute the said form on the envelope.

History.—§4, ch. 7380, 1917; RGS 371; CGL 432; §1, ch. 25385, 1949; §5, ch. 26870, 1951; §34, ch. 28156, 1953; §22, ch. 29934, 1955; §1, ch. 61-369.

Note.—Formerly §101.04.

101.65 Instruction to absent electors.—

(1) The supervisor shall enclose with each ballot sent to an absent elector separate printed instructions furnished by them containing substantially the following: "Upon receipt of the enclosed ballot you will mark the same according to the instructions, then detach stub No. 2 bearing the initial of the supervisor from the ballot. Place only the marked ballot in the enclosed plain envelope and securely seal it, and then place stub No. 2 and sealed plain envelope in the second envelope addressed to the supervisor. The application blank properly filled out shall be mailed in a separate envelope from the ballot envelope. Fill out the "Elector's Certificate" on the back of the envelope, sign, and have the envelope signed by an attesting witness, place the necessary postage upon the envelope and deposit it in the post office or in some government receptacle provided for the deposit of mail, or deliver it personally to this office so that absent elector's ballot will reach the supervisor of the county in which your precinct is located not later than 5:00 p.m. of the day preceding the primary or general election.

(2) Any notary public, United States postmaster, assistant United States postmaster, United States postal supervisor, clerk in charge of a contract postal station or any officer having authority to administer an oath or take an acknowledgment may be an attesting witness.

If a postmaster, or assistant postmaster, or postal supervisor, or clerk in charge of a contract postal station acts as an attesting witness, his signature on the elector's certificate must be authenticated by the cancellation stamp of their respective post offices. If one or the other officers named acts as attesting witness his signature on the elector's certifi-

cate, together with his title and address but no seal shall be required.

(3) Any affidavits made by an absent elector, who is in the armed forces, may be executed before a commissioned officer, warrant officer or non-commissioned officer not lower in grade than sergeant or its equivalent navy rating, or any person authorized to administer oaths.

History.—§5, ch. 7380, 1917; RGS 372; CGL 433; §1, ch. 25385, 1949; §5, ch. 26870, 1951; §35, ch. 28156, 1953; (2) §23, ch. 29934, 1955.

Note.—Formerly §101.05.

101.66 Absent elector's ballot; signing, sealing, mailing.—Upon the receipt of the absentee ballot and printed instructions as provided in §101.65, the absent elector shall, in secret, mark his ballot, follow the instructions enclosed with his ballot, place only the marked ballot in the plain envelope and return same to the supervisor of the county in which his precinct is located.

History.—§7, ch. 7380, 1917; RGS 373; CGL 434; §1, ch. 25385, 1949; §5, ch. 26870, 1951; §36, ch. 28156, 1953.

Note.—Formerly §101.06.

101.67 Safekeeping of mailed ballots; deadline for receiving absentee ballots.—The supervisor shall safely keep in his office any envelopes received containing marked ballots of absent electors, and he shall, before the canvassing of the election returns deliver the envelopes to the county canvassing board and his list kept regarding same. All marked absent electors' ballots to be counted must be received by the supervisor by 5:00 p. m. of the day preceding any election; all ballots received thereafter shall be marked with the time and date of receipt, and filed in his office. No application for an absent elector's ballot shall be received or handed out to an elector unless there remains time for the ballot to be mailed to the supervisor by United States mail or personally voted in the office of the supervisor, or in the office of any deputy where ballots are available before the deadline for receiving said ballots.

History.—§2, ch. 11824, 1927; CGL 436; §1, ch. 25385, 1949; §5, ch. 26870, 1951; §24, ch. 29934, 1955; §24, ch. 57-1.

Note.—Formerly §101.07.

101.68 Canvassing absent elector's ballot.—

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot and shall safely keep the ballot unopened in his office until the board of county canvassers canvasses the vote according to law. The canvassing board shall compare the information on the back of the envelope with the registration book to see that the elector is duly registered in the precinct, has not voted on election day and to determine the legality of the absent elector's ballot. If it is determined, by the canvassing board that any vote is illegal, then some member of the board shall, without opening the envelope, mark across the face of the envelope "rejected as illegal." The envelope and the ballot contained therein shall be preserved in the manner that official ballots voted are preserved.

(2) The board of county canvassers shall

then open the covering envelope and record the ballot upon the poll book of the proper precinct in the same manner as clerks of elections record votes. The ballots for the entire county still in the plain sealed envelope shall be mixed up so as to make it impossible to determine which plain envelope come out of which signed envelope. The vote of all absent electors shall be added to the total of the poll for the county.

(3) The supervisor or the chairman of the canvassing board shall, after the board convenes, have custody of the absent electors' ballots until a final proclamation is made as to the total vote received by each candidate.

History.—§5, ch. 26870, 1951; (3) n. by §37, ch. 28156, 1953.

101.69 Voting in person; return of ballot; double voting.—The provision of this code shall not be construed to prohibit any absent elector, returning to his home county from voting in his precinct at any election notwithstanding that he may have made application for an absent elector's ballot and same may have been mailed to him; provided, that the elector has not voted the ballot and provided also that he returns the ballot if he received same to the election board in his precinct. The returned ballot shall be marked "canceled" by the board and placed in the regular box of other canceled ballots.

History.—§1, ch. 22014, 1943; §1, ch. 25385, 1949; §5, ch. 26870, 1951.

Note.—Formerly §101.11

101.691 Armed services and federal personnel absentee voting.—The following persons shall be entitled to cast an absentee ballot in any primary, special, or general election held in their respective election districts or precincts, subject to the conditions hereinafter set forth in this section:

(1) Members of the armed forces while in active service, their spouses and service academy cadets.

(2) Members of the merchant marine of the United States, their spouses and dependents.

(3) Civilian employees of the United States in all categories serving outside the territorial limits of the several states of the United States and the District of Columbia and their spouses and dependents when residing with or accompanying them, whether or not the employee is subject to the civil-service laws and the classification act of 1949, and whether or not paid from funds appropriated by the congress.

(4) Members of religious groups or welfare agencies assisting members of the armed forces, who are officially attached to and serving with the armed forces, and their spouses and dependents.

In order to cast an absentee ballot, the persons covered by this section must be otherwise eligible to vote.

History.—§§1, 2, ch. 29904, 1955; (1) §1, ch. 63-484.

101.692 Same; post card application for ballot or registration.—

(1) Upon receipt of a federal post card application for an absentee ballot, the super-

visor of registration shall check the registration records to determine whether the applicant's registration is in order. If so, the absentee ballot shall be mailed as herein provided.

(2) If the applicant shall have previously registered and his registration has lapsed because of his failure to reregister or because of his failure to return a notice mailed to his address of record by the supervisor in compliance with the provisions of a permanent single registration law, then the supervisor shall send to the applicant, in the same envelope containing the absentee ballot, a blank form which shall be so conformed to the requirements of the registration law applicable in the county as to permit the reinstatement of the applicant's registration when it is properly filled out and returned to the supervisor.

(3) Upon the return of such blank form the supervisor shall properly reregister or reinstate the applicant's name in the registration books or records of the county and maintain on file, as the basis for such reinstatement, or reregistration the properly filled out form received from the applicant. Such reinstatements or reregistrations shall be permitted even though the registration books or records may have been closed in preparation for the impending election.

(4) If the supervisor finds that the applicant has never registered in the county, then the supervisor shall send to the applicant, in the same envelope containing the absentee ballot, an application for absentee registration.

History.—§3, ch. 29904, 1955; (4) §2, ch. 59-217.

101.693 Same; federal post card application for absentee registration and ballot.—The federal post card application, as provided for by federal law, shall be accepted as an application for absentee registration when duly executed by residents of Florida who are otherwise entitled to vote who are members of the armed forces and their spouses living outside the territorial limits of the state. The federal post card application shall also be accepted as an application for an absentee ballot when duly executed by any one of the persons covered in §101.691. If any application is sent to the secretary of state or is directed to some other official, it shall be immediately forwarded to the supervisor of registration in the county of the applicant's residence if possible.

History.—§4, ch. 29904, 1955; §3, ch. 59-217; §1, ch. 63-190.

101.694 Same; mailing of ballots and registration applications; form.—

(1) Upon receipt of a duly executed federal post card application, as provided for by §101.693, the supervisor of registration shall mail to the applicant a ballot, if they are available for mailing. An application for reregistration shall also be sent if the applicant has been registered but has failed to reregister. An application for absentee registration shall be sent if the applicant has never registered in the county, or if the applicant has

been registered but has failed to reregister, an application for registration shall be sent. There shall also be included the necessary instructions for voting and returning the ballot and for executing and returning the application for re-registration or registration, and a return envelope pre-addressed to the supervisor of registration. Such ballots and instructions and other necessary materials for this section shall be available at least forty-five days prior to each election.

(2) There shall be printed across the face of each envelope in which a ballot is sent to a federal post card applicant, or is returned by such applicant to the supervisor, two parallel horizontal red bars, each one-quarter inch wide, extending from one side of the envelope to the other side, with an intervening space of one-quarter inch, the top bar to be one and one-quarter inches from the top of the envelope, and with the words "Official election balloting material—via air mail," or similar language, between the bars. There shall be printed in the upper right corner of each such envelope, in a box, the words "Free of U. S. postage, including air mail." All printing on the face of each such envelope shall be in red, and there shall be printed in red in the upper left corner of each ballot envelope an appropriate inscription or blanks for return address of sender. Otherwise the envelopes shall be the same as those used in sending ballots to, or receiving them from other absentee voters.

(3) The gummed flap of the envelope supplied for the return of the ballot shall be separated by a wax paper or other appropriate protective insert from the remaining balloting material and there shall be included an instruction sheet outlining a procedure to be followed by absentee voters, such as notation of the facts on the back of the envelope duly signed by the voter and witnessing officer, in instances of adhesion of the balloting material.

(4) Cognizance shall be taken of the fact that absentee ballots and other materials such as instructions and envelopes are to be carried via air mail and to the maximum extent possible such ballots and materials should be reduced in size and weight of paper. The same ballot shall be used, however, as is used by other absentee voters.

(5) The application for absentee registration shall be of the following form:

APPLICATION FOR ABSENTEE REGISTRATION

101.695 Same; oaths administered by.—For the purposes of §§101.691-101.696 oaths may be administered and attested by any commissioned officer in the active service of the armed forces, or any member of the merchant marine of the United States designated for this purpose by the secretary of commerce, or any civilian official empowered by state or federal law to administer oaths.

History.—§6, ch. 29904, 1955.

101.696 Same; definitions.—

(1) The term "members of the merchant marine of the United States" means persons (other than members of the armed forces) employed as officers or members of crews of vessels documented under the laws of the United States, or of vessels owned by the United States, or of vessels of foreign-flag registry under charter to or control of the United States, and persons (other than members of the armed forces) enrolled with the United States for employment, or for training for employment, or maintained by the United States for emergency relief service, as officers or members of crews of any such vessel; but does not include persons so employed, or enrolled for such employment or for training for such employment, or maintained for emergency relief service, on the Great Lakes or the inland waterways.

(2) The term "armed forces" shall be interpreted to mean and include the army of the United States, navy, air force of the United States, marine corps, coast guard, coast and geodetic survey, and public health service, when on active duty.

(3) The term "dependent" means any person who is in fact a dependent.

History.—§7, ch. 29904, 1955.

101.70 Any governmental agency or political subdivision may adopt any provisions of

the absentee voting law.—Any municipality, school district or other governmental agency or political subdivision may by resolution or ordinance adopt this law as means of providing for absentee voting in any authorized election. In such event the words "city clerk" or other appropriate official is inserted wherever the word "supervisor" appears.

History.—§2, ch. 22014, 1943; §1, ch. 25385, 1949; §5, ch. 26870, 1951.

Note.—Formerly §101.12.

101.71 Polling place.—

(1) There is in each precinct in each county one polling place, managed by a board of inspectors and clerk of election. The inspectors of election shall rail off and construct a space, in which to hold an election, with an opening at one end for entrance of the electors and an opening at the other for their exit. Only one elector shall be allowed to enter any polling place at a time, and no one except inspectors shall be allowed to speak to him while casting his vote, and no inspector shall speak to or interfere with the elector concerning his voting, otherwise than to perform his duties as such inspector.

(2) Notwithstanding the provisions of the above subsection and of §98.031, whenever the board of county commissioners of any county shall determine that the accommodations for holding any election at a polling place designated for any precinct in the county are inadequate for the expeditious and efficient housing and handling of voting and voting paraphernalia, including voting machines where used, said board may by resolution, duly adopted not less than sixty days prior to the holding of such election, provide that the voting place for such precinct shall be moved for the purpose of such election to another site in said precinct or, if such is not available, to another site in a contiguous precinct. If such action of the board shall result in the voting place for two or more precincts being located for the purposes of an election in one building, the voting places for the several precincts involved shall be established and maintained separate and apart from each other in said building. When any board adopts the aforesaid resolution it shall be required, not more than thirty days nor less than twenty days prior to the holding of any such election, to give notice of the change of the polling place for the precinct involved, with clear description of the voting place to which changed, in not less than two issues of a newspaper of general circulation published in said county and to use such other advertising media as necessary to properly publicize said change.

History.—§22, ch. 3879 1889; RS 176; §26, ch. 4328, 1895; §1, ch. 4699, 1899; GS 208; RGS 252; CGL 308; §5, ch. 26870, 1951; (2) n. §1, ch. 57-385.

Note.—Formerly §99.06.

101.72 Booths.—The county commissioners of each county (or in case of a municipal election, the mayor or other chief executive officer), where voting machines are not used, shall provide at each polling place, a room or covered enclosure. In such place or covered enclosure shall be provided booths or compartments, one booth or compartment for each hundred or fraction of hundred over fifty qualified electors registered for that election, and furnish each with a shelf or table for the convenience of electors preparing their ballots. Each booth or compartment shall be so arranged that it will be impossible for one elector in one compartment to see an elector in another in the act of marking his ballot and each voting table or shelf shall be kept supplied with conveniences for marking the ballots.

History.—§38, ch. 4328, 1895; §7, ch. 4329, 1895; GS 223; RGS 268; CGL 324; §5, ch. 26870, 1951.

Note.—Formerly §99.22.

101.73 Description of election districts and precincts.—Within ten days after there is any change in the division, number or boundaries of the election precincts, or of the location of the polling places, the county commissioners shall make in writing an accurate description of any new or altered election precincts, setting forth the boundary lines thereof, so as to designate accurately the limits of each precinct. They shall at the same time name, clearly define and describe in writing the polling place which they have established in each new or altered election precinct or in any precinct in which they may have changed the polling place. Such changes shall be recorded in the registry of deeds in the clerk of the circuit court's office for such county. Upon the recording of the changes, the county commissioners shall publish the change four times in some newspaper in the county, and if there is no newspaper, they shall post a plainly written or printed copy at the courthouse in a conspicuous place and also at three other places in each changed or altered district.

History.—§10, ch. 3879, 1889; RS 164; §11, ch. 4328, 1895; GS 185, 186; RGS 229, 230; CGL 282, 283; §7, ch. 25383, 1949; §5, ch. 26870, 1951.

Note.—Formerly §§98.25, 98.26.

cf.—§98.031 Registration districts, precincts; boundaries.

101.74 Temporary change of polling places in case of epidemic.—In case of an epidemic existing in any city or town, at the time of holding any election, the county commissioners may establish at any safe and convenient point outside such infected locality, additional polling places for the electors in the infected precinct, in which the qualified electors shall be allowed to vote. The registration books belonging to the infected precinct shall be applicable to and are used at such polling places established.

 102.061 Duties of election board; counting; closing polls.
 102.071 Tabulation of votes and proclamation of results where ballots are used.
 102.081 Deputy sheriff at each polling place.
 102.091 Duty of sheriff to watch for violations; appointment of special officers.
 102.101 Sheriff and other officers not allowed in polling place.
 102.111 Board of state canvassers.
 102.121 State canvassing board to issue certificates.
 102.131 False and fraudulent returns.
 102.141 County canvassing board; duties.
 102.151 County canvassing board to issue certificates; supervisor to give notice to secretary of state.

102.012 Inspectors and clerks to conduct elections.—

(1) The board of county commissioners in each county, at least twenty days prior to the holding of any election, shall appoint two election inspection boards for each precinct in the county. Each election inspection board is composed of three inspectors and a clerk, all of whom must be registered qualified electors of the precinct in which they are appointed; and in the event no such elector or electors can be found in the precinct in which they are appointed, then such person, or persons, may be appointed from any precinct within the county commissioners' district in which such precinct is located; and all of whom shall not belong to the same political party; provided that in any primary in which only one party has candidates appearing on the ballot all clerks and inspectors may be of that party. One of the boards shall conduct the voting, beginning at 7:00 a.m. and closing at 7:00 p.m. at which time the second board shall come on and count the votes cast. The first board shall turn over to the second board all closed ballot boxes, registration books and other records of the election at the time the boards change. The second board shall continue counting until the count is complete or until 7:00 a.m. the next morning, and if the count is not completed, the first board that conducted the election shall again report for duty and complete the count. The second board shall turn over all ballots counted and not counted, all registration books and other records, and shall advise the first board what has transpired in tabulating the results of the election.

(2) In precincts of more than a thousand registered electors the board of county commissioners shall appoint additional election inspection boards necessary for the election on the recommendation of the supervisor.

(3) In precincts of less than three hundred registered electors it is not necessary to appoint two election inspection boards but one such board shall suffice.

(4) The board of county commissioners may, in any election, in their discretion and except in first primary elections, appoint one election

inspection board if they have reasons to believe that only one is necessary.

(5) In precincts using voting machines there shall be one election inspection board appointed plus an additional inspector for each machine in excess of one; provided, that the board of county commissioners may in their discretion appoint additional inspectors to those provided for in the first part of this sentence.

(6) The board of county commissioners may require the supervisor to divide alphabetically the registration books for each precinct as will best facilitate the holding of an election.

(7) The board of county commissioners shall publish the names of the inspectors and clerks once in a newspaper published in the county, at least fifteen days before the election day. If there is no newspaper published in the county then the board of county commissioners shall have the names of the inspectors and the clerks posted in at least five conspicuous places in the county, at least fifteen days prior to election day.

(8) Only electors who can read and write the English language shall be appointed to the election inspection board.

History.—§20, ch. 3879, 1889; RS 174; §24, ch. 4328, 1895; §8, ch. 4537, 1897; GS 205; RGS 249; §1, ch. 8587, 1921; CGL 305; §2, ch. 17898, 1937; §2, ch. 25384, 1949; §6, ch. 26870, 1951; (5) §38, ch. 28156, 1953; (1) §25, ch. 29934, 1955; (1), (7) §10, ch. 57-166; (1), (7) §1, ch. 63-53.

Note.—Formerly §99.03.

102.021 Compensation of inspectors and clerks.—Inspectors and clerks of any election and the deputy sheriff serving at the precincts shall be paid for their services by their respective boards of county commissioners, and the inspectors who deliver the returns to the county seat shall receive such sum as the board of county commissioners shall determine but in no event shall the sum exceed one dollar per hour and traveling expenses as provided in §112.061.

History.—§24, ch. 4328, 1895; §8, ch. 4537, 1897; GS 206; RGS 250; CGL 306; §1, 2, ch. 20448, 1941; §3, ch. 25384, 1949; §6, ch. 26870, 1951; §5, ch. 63-400.

Note.—Formerly §99.04.

102.031 Election boards to maintain good order.—The election boards shall possess full authority to maintain order at the polls and enforce obedience to their lawful commands

during an election, and during the canvass and estimate of the votes.

Note.—Formerly §102.41.

102.051 Filling vacancy of clerk or inspector.—In case of absence or refusal to act of any inspector or clerk appointed by the board of county commissioners, the qualified electors present favoring the ticket which the absent inspector or clerk was chosen to represent, shall choose from among them an inspector or clerk, who together with those present, shall constitute a board of four. The inspector or clerk so chosen shall (if any be present), represent the same political party that the absent inspector or clerk would have represented, and the person chosen may act as inspector or clerk of the election at the precinct where he may be chosen. The inspectors and clerks shall each take and subscribe an oath or affirmation, which is written or printed, to the effect that they will perform the duties of inspectors or clerks of election according to law, and will endeavor to prevent all fraud, deceit or abuse in conducting the election. The oath may be taken before an officer authorized to administer oaths, or before either of the persons who are to act as inspectors, one of them to swear the others, and one of the others sworn thus in turn to administer the oath to him who has not been sworn. The oaths are returned with the poll list and the returns of the election to the supervisor. One of the inspectors shall be chosen by them as chairman of their board. In all questions that may arise before them, the decision of a majority of them shall decide the question.

History.—§21, ch. 3879, 1889; RS 175; §25, ch. 4328, 1895; §9, ch. 4537, 1897; GS 207; RGS 251; CGL 307; §7, ch. 22858, 1945; §6, ch. 26870, 1951.
Note.—Formerly §99.05.

102.061 Duties of election board; counting; closing polls.—

(1) At the close of the election at each precinct, the election inspection board that conducted the election shall turn the ballot box, registration books and other records over to the relieving board when more than one board is conducting the election, which shall proceed to open the ballot box in presence of the public desiring to witness the canvass, count the ballots without adjournment or interruption until the count is completed, except for the necessary interruption provided for in §102.012. The ballots are first counted and if the number of ballots exceeds the number of persons voted, as may appear by the poll list kept by the clerk, and by the stubs detached by the inspectors, the ballots are replaced in the box and one of the inspectors shall publicly draw out and destroy

unopened as many ballots as are equal to such excess. If two or more ballots are found folded together to present the appearance of a single ballot, they are laid aside until the count is completed, and if, upon comparison of the count, and the appearance of such ballots, a majority of the inspectors are of the opinion that the ballots were voted by one person such ballot shall be destroyed.

(2) In counting the ballots the election inspection board shall use either (a) the tally call system of counting; or (b) a system whereby the ballots are opened and placed in piles according to the candidate voted for, then the number of ballots in each pile is counted. The ballots are then reshuffled and the process repeated until the total votes cast for each candidate for every office has been determined; and no other system of counting shall be used.

(3) Where voting machines are used the procedure and the tabulating of results shall conform to the provisions of the law relating to voting machines.

Note.—Formerly §99.42.

102.071 Tabulation of votes and proclamation of results where ballots are used.—The election board shall post at the polls, for the benefit of the public, the results of the voting for each office or other item on the ballot as the count is completed. Upon completion of all counts in all races triplicate certificates of the results shall be drawn up, upon a form provided by the board of county commissioners, by the inspectors and clerk at each precinct, which shall contain the name of each person voted for, for each office, the number of votes cast for each person for such office, and if any question is submitted, the certificate shall also contain the number of votes cast for and against the question. The certificate shall be signed by the inspectors and clerk, and one of the certificates delivered without delay by one of the inspectors, securely sealed, to the supervisor for immediate publication; the duplicate copy of the certificate shall be delivered to the county judge; and the remaining copy shall be enclosed in the ballot box together with the oaths of inspectors and clerks. All the ballot boxes, ballots, ballot stubs, memoranda and papers of all kinds used in the election shall also be transmitted, sealed by the inspectors, with the certificates of result of the election to be filed in the supervisor's office. Registration books and the poll lists shall not be placed in the ballot boxes but returned to the supervisor.

Note.—Formerly §99.43.

102.081 Deputy sheriff at each polling place.—The sheriff shall deputize a deputy sheriff for each precinct who must be present during the time the polls are open and until the election is completed, who shall be subject to all lawful commands of the inspectors, and who

shall maintain good order. The deputy may summon a posse from among bystanders to aid him when necessary to maintain peace and order at the polls.

Note.—Formerly §99.39.

102.091 Duty of sheriff to watch for violations; appointment of special officers.—The sheriff shall exercise strict vigilance in the detection of any violations of the election laws and in apprehending the violators. The governor may appoint special officers, when deemed necessary, to see that violators of the election laws are apprehended and punished.

History.—§16, ch. 470, 1913; RGS 5931; CGL 3195; §6, ch. 26870, 1951.
Note.—Formerly §875.44.

102.101 Sheriff and other officers not allowed in polling place.—No sheriff, deputy sheriff, policeman or other officer is allowed within the polling place unless summoned by a majority of the inspectors. On failure of any of said officers to comply with this provision, the inspectors or one of them shall make affidavit against such officer for his arrest.

Note.—Formerly §99.41.

102.111 Board of state canvassers.—Immediately after certification of any election by the county canvassing board, the results shall be forwarded to the secretary of state concerning the election of any state officer, member of the legislature or representative to congress. The secretary of state, comptroller and attorney general, or any two of them, together with an administrative officer of the executive department who may be designated by them, shall meet in the secretary of state's office after reasonable notice, and they shall be a board of state canvassers, who shall canvass the returns of the election and determine and declare who has been elected for such office, or as such member. If the returns are not in by the seventh day at 5:00 p.m. following an election all missing counties are ignored and the results shown by the returns on the file are certified.

History.—§35, ch. 3879, 1889; RS 189; §66, ch. 4328, 1895; GS 248; RGS 292; CGL 348; §6, ch. 26870, 1951.
Note.—Formerly §99.49.

102.121 State canvassing board to issue certificates.—The board of state canvassers shall make and sign separate certificates of the result of the election for national and state officers, which certificates shall be written and contain the total number of votes given for each person for each office and for each member of the legislature and state senate. The certificates, the one including the result of the election for presidential electors and representatives to congress, and the other including the result of the election for state officers, members of the legislature and state senators, shall be recorded in the secretary of state's office in a book to be kept by him for that purpose. He shall have a certified copy of each certifi-

cate published once in one or more newspapers printed in Tallahassee.

History.—§35, ch. 3879, 1889; RS 189; §66, ch. 4328, 1895; GS 250; RGS 294; CGL 350; §6, ch. 26870, 1951.
Note.—Formerly §99.51.

102.131 False and fraudulent returns.—If any returns shall appear to be irregular, false or fraudulent so that the state canvassing board is unable to determine the true vote for any officer or member, they shall so certify and shall not include the returns in their determination, canvass and declaration. The secretary of state shall file in his office all the returns, together with other documents and papers received by him or the board. The board shall canvass the returns for presidential electors and representatives to congress separately from their canvass of returns for state officers or members of the legislature.

History.—§35, ch. 3879, 1889; RS 189; §66, ch. 4328, 1895; GS 249; RGS 293; CGL 349; §6, ch. 26870, 1951.
Note.—Formerly §99.50.

102.141 County canvassing board; duties.—

(1) At the close of the polls, or as soon thereafter as is practicable, but not later than the third day after any primary, general or other election, the county judge and supervisor with the assistance of the chairman or other members of the board of county commissioners shall meet in the supervisor's office. In case the county judge or supervisor cannot act, another member of the board of county commissioners who is designated by the chairman of the board shall act in his place, and they shall constitute the county canvassing boards. They shall proceed publicly to canvass the absentee electors' votes as provided for in §101.68.

(2) On the third day after any election, or sooner if the returns are received, the county judge and supervisor with the assistance of the chairman or other members of the board of county commissioners shall meet in the supervisor's office. In case the county judge or supervisor cannot act, another member of the board of county commissioners who is designated by the chairman of the board shall act in his place, and they shall constitute the county canvassing board. They shall proceed publicly to canvass the vote given each candidate and nominee as shown by the returns then on file in the office of the county judge and supervisor, and the absentee returns which have been previously publicly canvassed.

(3) The canvass, except absent electors' returns, shall be made entirely from the returns and certificates of the inspectors, as signed and filed by them with the county judge and supervisor, respectively, and the board of county canvassers shall not change the number of votes cast for the candidates or nominees respectively, in any polling place, as shown by the returns. All returns shall be made to the board on or before the third day after the election, and all returns of missing precincts shall be ignored and the results as shown by the returns then on file certified.

(4) The canvassing board may employ such

clerical help to assist with the work of the board as they deem necessary, with one member of the board present at all times, until the canvass of the returns is completed. The clerical help shall be paid from the same fund as inspectors and other necessary election officials.

History.—§46, ch. 6469, 1913; RGS 350; CGL 407; §11, ch. 13761, 1929; §6, ch. 26870, 1951; §1, ch. 57-104.

Note.—Formerly §102.45.

102.151 County canvassing board to issue certificates; supervisor to give notice to secretary of state.—The county canvassing board shall make and sign triplicate certificates containing the total number of votes cast for each person nominated or elected, the names of persons for whom such votes were cast and the number of votes cast for each candidate or

nominee. One of such certificates which relate to offices for which the candidates or nominees have been voted for in more than one county, shall be immediately transmitted to the secretary of state, another to the clerk of the circuit court and the third copy filed in the supervisor's office. The supervisor shall transmit to the secretary of state immediately after the returns of the election, a list containing the names of all county officers nominated or elected, the office for which each was nominated or elected, with their post office address in their respective counties.

CHAPTER 103

PRESIDENTIAL ELECTORS; POLITICAL PARTIES; EXECUTIVE COMMITTEES
AND MEMBERS

- 103.011 Electors of president and vice-president.
 103.021 Nomination for presidential electors.
 103.031 Plurality of votes to fill vacancy; proceeding in case of tie.
 103.041 Presidential electors to receive certificate of election.
 103.051 Congress sets meeting dates of electors.
 103.061 Meeting of electors and filling of vacancies.
 103.071 Compensation of electors.
 103.081 Committees for each party; political advertising.
- 103.091 Minority political party.
 103.101 Delegates and alternates to national convention; election of national committeemen and committeewomen.
 103.102 Committeemen and committeewomen; expenses.
 103.111 State and county executive committees.
 103.121 Powers and duties of executive committees.
 103.131 Political party offices deemed vacant in certain cases.

103.011 Electors of president and vice-president.—Electors of president and vice-president, known as presidential electors, are elected on the first Tuesday after the first Monday in November, 1908, and on the same day thereafter every four years. Votes cast for the actual candidate for president or vice-president, whose names appear on the general election ballot, are counted as votes cast for the presidential electors of the party supporting such candidate. The secretary of state shall certify as elected the presidential electors of the party whose candidates for president and vice-president received the greatest number of votes.

History.—§§2, 3, ch. 3879, 1889; RS 157; §4, ch. 4328, 1895; §3, ch. 4537, 1897; GS 174; RGS 218; CGL 253; §2, ch. 25383, 1949; §7, ch. 26870, 1951.

Note.—Formerly §98.07.

103.021 Nomination for presidential electors.—Candidates for presidential electors are nominated in the following manner:

(1) The governor shall nominate the presidential electors of all political parties who have elected a president of the United States subsequent to January 1, 1900. He shall nominate the electors upon recommendation of the state executive committee of the political parties and shall nominate only persons who are qualified electors and who have taken an oath that they will vote for the candidate of the party that they are nominated to represent. The governor shall certify to the secretary of state on or before September 1, in a presidential election year, the names of a number of persons for each political party, equal to the number of senators and representatives which this state has in congress. They shall be nominated the electors from this state for president and vice-president of the United States.

(2) The names of the electors are not printed on the general election ballot, but the names of the actual candidates for president and vice-president for whom the electors will vote if elected are printed on the ballot in the order in which the party of which the candidate is a nominee polled the greatest number of votes for governor in the last general election.

(3) Minor political parties, which have not elected a president of the United States since

January 1, 1900, may have the names of their candidates for president and vice-president printed on the general election ballots provided a petition signed by seven thousand five hundred registered electors of Florida of which no more than one thousand shall come from any one county, and at least twenty-five shall come from each of thirty-four counties. A separate petition shall be submitted from at least thirty-four counties. Said petition shall be submitted to the supervisor of registration of said county no later than August 15 in a presidential election year and the supervisor shall check the names and shall, on or before September 1 in a presidential election year, certify to the secretary of state, the number shown as registered electors of said county and said supervisor shall be paid by the person requesting the certification the sum of ten cents for each name checked. The supervisor shall then forward the petition, with his certificate attached, to the secretary of state who shall order the names of the candidates petitioned to be included on the ballot and to permit the required number of persons to be certified as electors in the case of major party candidates when the number of the petitioners complies with the number required on the petition.

(4) When, for any reason a person nominated or elected a presidential elector, is unable to serve because of death, incapacity, or otherwise, the governor may appoint a person to fill such vacancy who possesses the qualifications whereby he could have been nominated in the first instance. Such person shall file with the governor an oath that he will support the candidate for president and vice-president that the person who is unable to serve was committed to support.

History.—§1, ch. 25143, 1949; §7, ch. 26870, 1951; (3) §1, ch. 61-364.

Note.—Formerly §102.011.

103.031 Plurality of votes to fill vacancy; proceeding in case of tie.—If any more than the number of persons required to fill the vacancy as provided by §103.061 shall have the greatest and an equal number of votes, then the election of those having such equal and highest number of votes is determined by lot drawn by the governor in the presence of the electors attend-

ing; otherwise, they, to the number required, having the greatest number of votes, are considered elected to fill the vacancy.

History.—§9, ch. 71, 1847; RS 207; GS 291; RGS 387; CGL 452; §7, ch. 26870, 1951.
Note.—Formerly §105.04.

103.041 Presidential electors to receive certificate of election.—When any person is elected to the office of presidential elector or representative in congress the governor shall make out, sign and seal with the seal of the state, and transmit to such person a certificate of his election.

History.—§37, ch. 3879, 1889; RS 191; §68, ch. 4328, 1895; GS 252; RGS 296; CGL 352; §7, ch. 26870, 1951.
Note.—Formerly §99.53.

103.051 Congress sets meeting dates of electors.—The presidential electors shall, at 12 o'clock on the day which is directed by congress, meet at Tallahassee and perform the duties enjoined upon them by the constitution and laws of the United States.

History.—§6, ch. 71, 1847; RS 204; GS 288; RGS 384; CGL 449; §7, ch. 26870, 1951.
Note.—Formerly §105.01.

103.061 Meeting of electors and filling of vacancies.—Each presidential elector, shall, before the hour of 12 o'clock on the day preceding the day fixed by congress to elect a president and vice-president, give notice to the governor that he is in Tallahassee, and ready to perform the duties of elector. The governor shall forthwith deliver to the electors present a certificate of the names of all the electors; and if on examination thereof, it should be found that one or more electors are absent, and shall fail to appear before 10 o'clock in the morning of the day of election of president and vice-president, the electors present shall elect by ballot, in the presence of the governor, a person or persons to fill such vacancy or vacancies as may have occurred through the nonattendance of one or more of the electors.

History.—§3, ch. 71, 1847; RS 206; GS 290; RGS 386; CGL 451; §7, ch. 26870, 1951.
Note.—Formerly §105.03.

103.071 Compensation of electors.—Each presidential elector attending as such in Tallahassee shall be reimbursed for his traveling expenses as provided in §112.061, from his place of residence to Tallahassee and return. Such expenses shall be paid upon approval of the governor. The amounts necessary to meet the requirements of this section shall be included in the legislative budget request of the governor. If the amounts appropriated for this purpose are insufficient the state budget commission may release the necessary amounts from the deficiency appropriation.

History.—§12, ch. 71, 1847; RS 210; GS 294; RGS 390; CGL 455; §87, ch. 26869, ch. 26870, 1951; §1, ch. 61-32; §6, ch. 63-400.

103.081 Committees for each party; political advertising.—The following committees shall constitute the executive or managing committees of each political party, namely: a state executive committee and a county executive committee; provided, that nothing herein con-

tained shall prevent a political party from electing or appointing other committees, in accordance with its practices. The state executive committee of each political party shall file with the secretary of state the name of the political party it was elected to manage and the name and address of its chairman, vice-chairman, secretary and treasurer. The county executive committee of each political party shall file with the clerk of the circuit court of its county the name of the political party it was elected to manage and the name and address of its chairman, vice-chairman, secretary and treasurer.

No person affiliated on the registration records with any political party, the name of which is so filed with the secretary of state or a clerk of the circuit court, in association with others, shall use such name or any abbreviated form thereof in political advertising in newspapers, other publications, handbills, radio or television, in connection with any political activities in support of a candidate of any other party, unless such person shall first obtain the written permission of the chairman of the state executive committee of the party with which such person is so affiliated.

No person, or group of persons, shall use the name of any political party, the name of which is so filed with the secretary of state or a clerk of circuit court in full or abbreviated form, in connection with any club, group, association or organization of any kind unless approval and permission has been given in written form by the advisory committee of the state executive committee of such party. Specifically excluded from this provision are organizations which are chartered by the national executive committee of the party concerned and county executive committees of such parties.

History.—§6, ch. 6469, 1913; RGS 304; CGL 360; §7, ch. 26870, 1951; §26, 29934, 1955; §1, ch. 57-202; n. §1, ch. 61-424.
Note.—Formerly §102.06.

103.091 Minority political party.—

(1) A minority political party may provide for the selection of its state executive committee in such manner as it deems proper.

(2) The state executive committee of minority political party may by resolution provide a method of election of national committeemen, national committeewomen and nomination of presidential electors if such party is entitled to a place on the ballot as otherwise provided for presidential electors, and may provide also for the election of delegates and alternates of national conventions.

History.—§§1-2A, ch. 22039, 1943; am. §§1-3, ch. 22678, 1945; §7, ch. 26870, 1951.
Note.—Formerly §102.71.

103.101 Delegates and alternates to national convention; election of national committeemen and committeewomen.—

(1) Each political party which had cast for its candidate for governor in the last election more than ten per cent of the total vote cast for governor, or each political party with whom ten per cent of the total registered electors have registered by the first day of February in the year 1956 and every four years thereafter, shall

elect on the fourth Tuesday in May in the year 1956 and every four years thereafter the delegates of said party to the national convention, one man and one woman from each congressional district and the remaining delegates which said party is entitled to have as delegates to the national convention from the state-at-large, one-half men and one-half women. Petitions of delegates accompanied by individual qualification papers, filing fees and receipts for party assessments, may be filed at any time after noon of the first filing date, which shall be the same as for state offices in the year in which delegate elections are held.

(2) Names of candidates for delegates to the national convention, in number equal to the number of state-at-large delegates and the number of district delegates for at least half of the congressional districts in the state, shall be grouped under their respective designations upon a single nominating petition, which shall contain a statement indicating their collective preference choice for president of the United States, if any, or that they have no preference. No name of any candidate for delegate shall be filed in more than one group and no group shall contain more candidates than the total number of delegates to be elected from both state-at-large and all districts. The group filed first with the secretary of state shall occupy the left hand column of the ballot, beneath the name of the candidate for president that they have petitioned to support, followed by other groups in the order of filing. No more than one group in support of a single candidate for president may appear on the ballot. If two or more groups file petitions indicating a preference for the same candidate for president, he may choose the group that shall appear on the ballot. If the candidate does not choose one group, only the first group to file shall appear on the ballot. If two or more groups file with no preference for a candidate for president, all such groups shall appear on the ballot. No squares shall appear at left of the individual names in the groups, but a circle shall be placed at the head of each list for delegates-at-large and a cross placed therein shall vote for the delegates-at-large and the two district delegates which said party is entitled to have as delegates to the national convention. If any state-at-large delegate group shall be elected in the state but its district delegate group shall be incomplete in any district for any reason, then such state-at-large delegate group shall, at its first organizing meeting, complete such district delegate group or groups for those districts in which such state-at-large delegate group shall have received a plurality of the vote cast. Members of any district delegate group so selected by a state-at-large delegate group shall be entitled to all the rights and privileges as delegates that would accrue to them if they had been elected in the election held for such delegates, and the secretary of state shall, within five days, be notified of their election.

(3) Each group of candidates for delegate shall designate a member of the group from the

state-at-large to serve as organizing chairman, and shall so specify in filing its petition. The organizing chairman of each group shall be so identified on the ballot; and when the results of the election have become known, it shall be the duty of the elected organizing chairman to convene an organizing meeting of all of the elected delegates at an appropriate time and place prior to the national convention. The delegation shall then proceed to the election of a permanent delegation chairman for the duration of the national convention to which it is accredited. The organizing chairman shall be eligible to serve as permanent chairman if so elected.

(4) National committeemen and committeewomen of any political party authorized to have a primary under this section shall be elected the fourth Tuesday in May in the year 1956 and every four years thereafter. National committeemen and committeewomen elected in 1952 shall continue to serve until their terms of office expire under the rules of the respective national committees and the conventions of their respective parties, thereafter to be replaced by the national committeemen and committeewomen elected the fourth Tuesday in May in the year 1956 and every four years thereafter.

(5) Each delegate elected to the national convention on the fourth Tuesday in May in the year 1956 and every four years thereafter shall choose his or her alternate to the national convention, except that the national committeeman and national committeewoman elected the fourth Tuesday in May in the year 1956 and every four years thereafter shall be ex officio alternates to the state-at-large delegates who occupy the last two positions on the ballot for state-at-large delegates, unless such national committeeman or committeewoman has been elected as a delegate.

(6) The secretary of state shall certify to the board of county commissioners of each county in the order in which they appear on the petition in case of each delegate to be voted on by the electors of the whole state, and to the board of county commissioners of the counties composing a congressional district, in case of delegates to be voted for by the electors of the district containing one or more counties, the names of persons filed in each preference or no preference group of candidates. The ballot form as prescribed in §101.180 shall be used.

(7) Wherever an election is conducted for party delegates or officer the results of such election are determined by plurality vote. For state-at-large delegates, the state-wide vote shall be controlling; for district delegates, the vote in the particular district shall be controlling.

History.—§3, ch. 6469, 1913; RGS 301; CGL 357; §§1-3, ch. 22058, 1943; §1, ch. 22729, 1945; §1, ch. 25235, 1949; §7, ch. 26870, 1951; §1, ch. 29947, 1955.

Note.—Formerly §§102.03, 102.72.

103.102 Committeemen and committeewomen; expenses.—The state executive committee of any political party may defray the expenses for per diem and mileage of the national committeeman and committeewoman of its

party, incurred in connection with the official duties of such committeeman and committeewoman as members of the national committee of the party, on the same basis as such expenses of members of said state executive committee are defrayed by such committee for attendance at regularly called meetings and the provisions of §112.061, or any amendment thereof, shall be inapplicable.

History.—§1, ch. 57-81; §7, ch. 63-400.

103.111 State and county executive committees.—

(1) The state executive committee of each political party shall consist of two members, a man and a woman for each county, who shall be elected for four years in the second primary elections held in the year 1958 and every four years thereafter. The members of the executive committee shall, within thirty days after their election, meet and organize by electing from their members a chairman and a vice-chairman, one of whom is a man and the other a woman, and a vice-chairman for each congressional district, and other such officers as each committee deems necessary. The outgoing chairman of the state executive committee shall, not less than ten days before the first meeting, notify each newly elected member of the time and place of the meetings.

(2) The county executive committee of each political party shall consist of two members, a man and a woman, from each precinct within the county, who shall be elected for four years at the second primary held in the year 1958, and every four years thereafter; provided that in precincts where any political party has an official registration of more than one thousand qualified electors, an additional two members, a man and a woman, may, if desired, be authorized for each political party having more than one thousand registered electors in said precinct and their membership provided for as in other precincts; provided further that members of the county executive committee of each political party, whether elected or appointed to vacancy, shall before taking office establish by written oath or affirmation that he did vote for at least ninety per cent of the opposed nominees of his political party at the past general election, if he voted at said election, that he did not register as a member of any other political party during the two years immediately preceding, and that he pledges to vote for at least one hundred per cent of the opposed nominees of his political party at the next succeeding general election and during his term in office. The members of the committee shall, within thirty days after their election, meet at the county seat and organize by electing from among their members a chairman and a vice-chairman, one of whom shall be a man and the other a woman, and other officers as are necessary.

(3) In the event of no election of committeemen or committeewomen, or of a vacancy occurring from any other cause in any county executive committee, the chairman shall call a meeting of the county executive committee by

due notice to all members and the vacancy shall be filled by a majority vote of the members of the county executive committee attending from among the members of the party residing in the precinct where the vacancy occurs. In the event of no election or of a vacancy occurring from any other cause in the state executive committee, the executive committee, or a majority thereof, of the county so without representation, may fill the vacancy by the election of some person who is a member of the party in the county. Any officer or member of any of the committees may be removed and his or her office declared vacant upon a two-thirds vote of the entire membership of the committee at any regular meeting or at any special meeting, after ten days notice to the membership of the committee that a motion for that purpose will be considered at a special meeting. The removal may be for any cause which in the opinion of two-thirds of the membership of the committee warrants the removal of the member. Any vacancy so created is filled as provided above.

(4) In the event of no election of precinct committeeman or committeewoman, or of a vacancy occurring from any other cause in any county executive committee, where such vacancy is not filled by the county executive committee as herein provided, the chairman of the state executive committee of such party may fill such vacancy by appointment, if, after giving sixty days notice of his or her intention to do so, to the chairman of the county executive committee by registered mail, such vacancy is not filled by the county executive committee.

(5) In the event of no election of county committeemen or committeewomen of a political party in any county the chairman of the state executive committee of such party may appoint a committeeman and a committeewoman in each precinct in said county from the members of the party residing in the precinct to which the appointment is made and all appointments so made shall constitute the county executive committee of such party until the next election in such county when a county executive committee shall be elected as herein provided.

(6) The members of the state executive committee from each congressional district under the vice-chairman from such district shall perform all duties usually handled by congressional district committees if authorized.

(7) A majority of the members of the state or county executive committee shall constitute a quorum.

(8) The clerks of the respective circuit courts shall be required to maintain a list of the elected members of county executive committees of recognized political parties and shall within thirty days after the primary election in which such members are elected, send a copy of said list to the chairman of the state executive committee of the political party to which said county committee member belongs. The chairmen of the county executive committees of recognized political parties shall furnish to the clerks of their respective circuit courts a list of

the vacancies filled by appointment within thirty days after the appointment and shall likewise send the names of said appointees to the chairman of the state executive committee of the political party to which said appointed executive committee members belong.

(9) The chairman of each county political executive committee shall furnish to the chairman of the state executive committee on October 1, 1963, and quarterly thereafter, copy of the committee's financial report, copy of the minutes of its meetings, and copy of its attendance records. For each meeting the attendance record shall list the total membership by name with the indication of those present, absent, or excused from attendance.

103.121 Powers and duties of executive committees.—

(1) The state and county executive committees shall have the following powers and duties:

(a) To adopt a constitution by two-thirds vote, of the full committee,

(b) To adopt such by-laws as they may deem necessary by majority vote of the full committee,

(c) To conduct their meetings according to general accepted parliamentary practice,

(d) To make party nomination when required by law,

(e) To conduct campaigns for party nominees,

(f) To do anything that is considered by custom and practice as proper for party committees,

(g) To make assessment it requires of candidates, for the purpose of meeting its expenses or maintaining its party organization, not later than twenty calendar days before the last filing date for state offices of each year in which a general election is held. No executive committee shall levy assessments to exceed two per cent of the annual salary of the office sought by any candidate. Within five days after adoption the state executive committee shall deliver a certified copy of its assessment resolution to the secretary of state; the county executive committee shall deliver a certified copy of its assessment resolution to the clerk of the board of county commissioners. The certified copies shall be filed by the secretary of state and the board of county commissioners. The county executive committee shall have exclusive power to levy and receive payment of assessments upon candidates to be voted for in a single county except state senators and members of the house of representatives and representatives to the congress of the United States, and the state executive committees shall have exclusive power to levy all other assessments authorized. Upon payment by a candidate of his filing fee and committee assessment, he shall be entitled to a receipt from the officer with whom he quali-

fied. If any executive committee shall fail to meet and levy party assessments before the expiration of the last day for levying assessments in a year in which a general election is held, then such assessments shall be two per cent.

(h) To appoint from its own membership the necessary sub-committees,

(i) And to allow proxies, but each proxy shall reside in the same election precinct, in the case of a county executive committee, or in the same county in case of a state executive committee, as the committeeman or committee-woman represented by the proxy.

(2) The state executive committee shall declare by resolution for the recommendation of candidates for presidential electors and deliver a certified copy thereof to the governor within the time required for filing sworn statements by candidates.

(3) The state executive committee may declare by resolution for the nomination of candidates for the offices of president and vice president of the United States. Upon adoption of a resolution and upon service of a certified copy thereof upon the secretary of state within the time required for filing sworn statements by candidates as provided in §99.061 (1), the names of such candidates shall appear upon the official primary election ballot.

(4) The chairman and treasurer of an executive committee of any political party shall be accountable for the funds of such committee and jointly liable for their proper expenditure for authorized purposes only. The treasurer of the state executive committee of any political party shall furnish adequate bond, but not less than ten thousand dollars, conditioned in effect upon the faithful performance by such party officer of his duties and for his faithful accounting for party funds which shall come into his hands; and the treasurer of a county executive committee of a political party shall furnish adequate bond, but not less than five thousand dollars, conditioned as aforesaid. The funds of each such state executive committee shall be publicly audited at the end of each calendar year and a copy of such audit furnished the attorney general for his examination prior to April 1, of the ensuing year. Copies of such audit when filed with the attorney general shall become public documents. The treasurer of each county executive committee shall maintain adequate records evidencing receipt and disbursement of all party funds received by him, and such records are subject to inspection by any member of the party represented by the committee, and by the state attorney of the judicial circuit in which the executive committee is located.

Note.—Formerly §875.01.

104.27.—Penalties for violation of §99.161.—

(1) Any person who knowingly violates the provisions of §99.161 shall be deemed guilty of a misdemeanor and subject to a fine of not more than one thousand dollars or to imprisonment for not more than six months.

In addition thereto—

(2) The nomination or election to office of any person who knowingly violates the provisions of §99.161, or whose campaign treasurer or deputy campaign treasurer knowingly violates the provisions of §99.161, shall be void, and the nomination or office shall be filled as in other cases where a vacancy occurs.

(3) The charter of any corporation, including nonprofit corporations organized in whole or in part for political purposes or for the support of religious, charitable, civic, eleemosynary and similar causes, which knowingly vio-

lates the provisions of §99.161 shall be subject to revocation by the secretary of state.

(4) The permit of any horse or dog racing track shall be subject to revocation by the state racing commission if any person holding such a permit, or any member of an unincorporated association holding such a permit, or any officer, director, supervisory employee, of a corporation holding such a permit, or trustee authorized by trust agreement to vote stock in such corporation where such stock is owned by a person or persons sui juris, knowingly violates §99.161.

(5) Any license for the sale of intoxicating beverages shall be subject to revocation by the state beverage department if any person holding such a license, or any member of an unincorporated association holding such a license, or any officer or director of a corporation which holds such a license, knowingly violates §99.161.

(6) The franchise of any public utility shall be subject to revocation by the Florida public utilities commission if any person holding such a franchise, or any member of an unincorporated association holding such a franchise, or any officer, or director of a corporation which holds such a franchise, knowingly violates §99.161.

(7) Whoever shall knowingly make any false certificate, statement, or report provided for in §99.161 shall suffer the pains and penalties for perjury.

(8) Any chairman or secretary of any state or county executive committee who fails to file the report provided for in §99.161, or shall violate the provisions thereof shall be subject to the process prescribed under subsection (9) of this section and his office shall be filled as in other cases where a vacancy occurs.

(9) Any elector having information of any violation of §99.161 may file a petition in any circuit court of this state in the county in which the person or persons violating said §99.161 resides. The petition shall be filed in duplicate and the clerk of the court where the same is filed shall within three days after its filing send one of such duplicate copies to the attorney general. The procedure in each such case after the filing of the petition shall be the same as is provided for the prosecution and defense of a chancery case.

It shall be the duty of the attorney general upon his receipt of a copy of the petition to act as counsel for the state, and he shall file in the proceeding such pleadings as he determines ought to be filed.

The final decree entered by the court in each case shall make a finding of fact that §99.161 was or was not violated, as the case may be. If the decree of the circuit court finds as a fact that §99.161 was violated by any nominee or one elected to office, the attorney general shall send a certified copy thereof to the officer responsible for issuing the certificate of nomination or office and upon receipt of such certified copy such officer shall immediately revoke the certificate of nomination or office as may have been issued, or in case such certificate has not been issued he shall withhold the same.

Appeals from any decree entered by the court may be taken by either petitioner or the respondent in the same manner as other appeals are taken in chancery cases, excepting that the notice of appeal shall be filed within ten days after the decree is entered. Any such appeal shall have priority on the docket of the district court of appeal and be heard and considered at such time as that court may direct. The appellate court shall have the power to shorten the time in such cases for filing the transcript and briefs, and when it acts to shorten this time the clerk of the appellate court shall mail copies of orders entered by the appellate court to all interested parties or their counsel.

Any vacancy in office or nomination on account of any such decree shall not be filled until the expiration of ten days from the date the decree is entered, or if an appeal is taken in time such vacancy shall not be filled until the appeal has been determined by the appellate court and a final decree consequent upon such appeal is entered in the circuit court.

(10) Any elector having information of any violation of §99.161 punishable under subsections (3), (4), (5), (6) may file complaint with the secretary of state, racing commission, beverage department or the public utilities commission as may be appropriate in each case and it shall be the duty of such officer or agencies to investigate such complaints and refer any findings of fact indicating that a violation occurred to the state's attorney in the appropriate county for filing of a petition and pleadings in the circuit court. The final decree entered by the court in each case shall make a finding of fact that §99.161 was or was not violated as the case may be. If the decree finds as a fact that §99.161 was violated, the state's attorney shall send a certified copy thereof to the officer or agency concerned and such officer or agency shall upon receipt of such certified copy immediately revoke the charter, permit, license or franchise of the defendant person, persons, corporation or utility. Appeals from any decree may be taken as prescribed in subsection (9) of this section and in all other respects the provisions of subsection (9) of this section shall apply to such appeals.

History.—§12, ch. 26819, 1951; §8, ch. 26870, 1951; (8), §43, ch. 28156, 1953; §§(2), (3), (8), (9), (10), §3, ch. 29936, 1955; (9) §17, ch. 63-559; §1, ch. 63-279.

104.271 False, wilful or malicious charges against opposing candidates; penalty.—Any candidate who, in a primary election or other election, falsely, wilfully or maliciously charges an opposing candidate participating in such election with a violation of any provisions of §99.161, or any other section of the election laws providing and declaring that certain acts of candidates shall constitute violations of the law, shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than five hundred dollars or sentenced to not more than six months in the county jail, or both such fine and imprisonment, in the discretion of the court, and in addition to such penal provisions, a person from and after any such

conviction shall be disqualified to hold office or position to which he aspires for the term affected. If at the time of conviction such person who was a candidate is serving in a position or office to which he aspired, his conviction shall be cause for removal or impeachment.

104.31 Political activities of state, county and municipal officers and employees.—

(1) No officer or employee of the state, or of any county or municipality thereof, except as hereinafter exempted from provisions hereof, shall

(a) Use his official authority or influence for the purpose of interfering with an election, or a nomination for office, or affecting the result thereof, or

(b) Directly or indirectly coerce or attempt to coerce, command or advise any other officer or employee to pay, lend or contribute any part

of his salary or anything else of value to any party, committee, organization, agency or person for political purposes, or

(c) Directly or indirectly coerce or attempt to coerce, command and advise any such officer or employee as to where he might purchase commodities or to interfere in any other way with the personal right of said officer or employee. The provisions of this section shall not be construed so as to prevent any person from becoming a candidate for and actively campaigning for any elective office in this state. All such persons shall retain the right to vote as they may choose and to express their opinions on all political subjects and candidates.

(d) The provisions of paragraph (a) of this subsection shall not be construed so as to limit the political activity in general, special, primary, bond, referendum or any other election of any kind or nature, of elected officials or candidates for public office in the state or of any county or municipality thereof unless, in the case of municipalities, there be provisions in the charters or ordinances thereof which apply to officers, employees or candidates in such municipalities; and, the provisions of paragraph (a) of this subsection shall not be construed so as to limit the political activity in general or special elections of officials appointed as the heads or directors of state administrative agencies, boards, commissions or committees or of the members of state boards, commissions or committees whether they be salaried, nonsalaried or reimbursed for expense. In the event of a dual capacity of any member of a state board, commission or committee, any restrictive provisions applicable to either capacity shall apply. The provisions of paragraph (a) of this subsection shall not be construed so as to limit the political activity in general, special, primary, bond, referendum or any other election of any kind or nature of the governor, the elected members of the governor's cabinet or the members of the legislature. The provisions of paragraphs (b) and (c) of this subsection shall apply to all officers and employees of the state, or of any county or municipality thereof, whether elected, appointed or otherwise employed, or whether the activity shall be in connection with a primary, general, special, bond, referendum or any other election of any kind or nature. Those officers and employees under the state merit system who are employed by state agencies receiving federal funds and who are not otherwise exempted from paragraph (a) of this subsection in general or special elections shall not be eligible to hold party offices or membership on any county or state executive committee.

(2) Any person violating the provisions of this section shall, upon conviction, be guilty of a misdemeanor.

History.—§1, ch. 16180, 1933; CGL 1936 Supp. 319(1).

107.02 Delegates.—Conventions shall consist of sixty-seven delegates from the state at large. Each delegate shall possess the qualifications of a member of the house of representatives of the legislature of this state; and each shall hold office from the date of his election and until the convention shall have discharged the duties for which it was selected.

History.—§2, ch. 16180, 1933; CGL 1936 Supp. 319(2).

107.03 Election of delegates.—The delegates composing the convention shall be elected at a special election which shall be held in each county of this state on a date to be fixed by the governor, not less than five months and not more than ten months after the date of the proposal by the congress. The governor shall issue his call for such election at least forty-five days prior to the date thereof, which, as soon as issued, shall be published by the secretary of state at least one time, in a newspaper of general circulation in each county. Such election shall be conducted, except as herein specified, in all respects in the manner and form prescribed by the laws of this state for holding general elections.

All electors who were duly qualified to vote in the last preceding general election shall be qualified to vote in such special election without further registration. The registration books in each county shall be opened ten days after the governor shall issue his call and shall remain open, in each county, until and including the tenth day before the election, during which time all persons who have not been registered, though entitled to be or who shall have become entitled to registration since the last general election, shall be permitted to register. During the time in which the registration books are required to be kept open by this section, any registered voter shall be permitted to qualify to vote in such election.

Provided: That if any general election be held in this state within one year after the date

of the proposal by the congress, such delegates shall be chosen at such general election and all electors qualified to vote in such general election shall be qualified to vote for such delegates, unless the governor, by his proclamation, shall require such delegates to be chosen at a special election, in which event they shall be elected as herein provided.

History.—§3, ch. 16180, 1933; CGL 1936 Supp. 319(3).

107.04 Candidates file application; fee and petition for name on official ballot.—Any person desiring to become a candidate for election as a delegate to said convention shall file a sworn application with the secretary of state on such form as that official shall prescribe, not less than twenty days before the date of election, in which shall be stated his name in full, his residence, his age, his color and his occupation. Such application shall also state, under oath, that the applicant is a citizen of the United States and of the state and that he is a qualified elector of the county in which he resides. The applicant may also state whether or not he favors the ratification of the proposed amendment or opposes it and whether or not he desires his name to appear upon the ballot as favoring or opposing such amendment or as unpledged.

If the applicant shall request that his name appear on the ballot as favoring or as opposing the amendment, his application shall be accompanied by a qualification fee of twenty-five dollars and by one or more petitions, requesting that his name be placed upon the official ballot, and signed by not fewer than five hundred qualified electors. It shall be permissible for any number of qualified voters to join in one or more petitions requesting the placing on the official ballot of the names of more than one candidate but not exceeding the total number to be elected. Any applicant may withdraw his name at any time before the ballots are actually printed.

History.—§4, ch. 16180, 1933; CGL 1936 Supp. 319(4).

107.05 Official ballots.—The ballots shall be prepared by the secretary of state and distributed by him to the county commissioners in the several counties at least ten days prior to such election. They shall contain the substance of the proposed amendment and in alphabetical order (1) the names of all candidates who shall have declared in favor of the ratification of such amendment; and (2) the names of all candidates who shall have declared against the ratification of such amendment; and (3) the

names of all candidates who shall have qualified without pledging themselves either for or against the amendment. When delegates are elected at general elections as provided in §107.03, such matters shall be printed on the general election ballots. In either event, in addition to the names of unpledged candidates printed on said ballots and whether there be any such names on said ballots or not, there shall be provided, under the caption "(3)" blank lines in equal number to the number of persons who may be elected as such delegates.

History.—§5, ch. 16180, 1933; CGL 1936 Supp. 319(5).

107.06 Clerks and inspectors; compensation fixed.—The board of county commissioners of each county shall appoint clerks and inspectors of election for such special election in accordance with the general election laws, except that such appointments may be made at any time more than five days prior to the election; whereupon they shall publish the names of such inspectors and clerks in a newspaper printed in the county. The clerks and inspectors of election shall receive compensation at the rate of five dollars per diem for each day actually and necessarily served in performing their duties as such. Such compensation, together with other lawful expenses incurred by the several boards of county commissioners, shall be paid as provided in §107.11, after the several boards of county commissioners shall have certified the same to the board of state canvassers and such accounts shall have been approved by such board of state canvassers.

History.—§6, ch. 16180, 1933; CGL 1936 Supp. 319(6).

107.07 Canvass of returns.—Within three days after the date of the special elections the county commissioners shall meet and canvass the returns thereof in their respective counties and transmit the same to the secretary of state. Within fourteen days after the date of the special elections the board of state canvassers shall meet and canvass such returns. The board shall thereupon declare the sixty-seven candidates who receive the greatest number of votes in the state at large, to have been elected as delegates to the convention; and shall immediately issue a certificate of election to each of such persons. In case of a tie the board of state canvassers shall select the delegates from those receiving the tie votes.

History.—§7, ch. 16180, 1933; CGL 1936 Supp. 319(7).

107.08 Convention time and place.—The delegates to the convention shall meet in such place as shall be provided for that purpose by the secretary of state, at the state capitol at Tallahassee on the second Tuesday in the month following their election, at twelve o'clock noon. They shall thereupon constitute a convention to

ratify or reject the proposed amendment to the constitution of the United States.

History.—§8, ch. 16180, 1933; CGL 1936 Supp. 319(8).

107.09 Convention powers; quorum; compensation.—The convention shall have power to ratify or reject the proposed amendment to the constitution of the United States for which it shall have been selected; to choose a president and a secretary and all other necessary officers, clerks and attaches to fill vacancies in its membership; and to make rules governing its procedure. It shall be the sole judge of the election and qualifications of its members. A majority of the total number of delegates elected to the convention shall constitute a quorum.

The delegates to such convention shall serve without compensation or expenses; but the secretary and other officers, clerks and attaches shall receive such compensation as may be fixed by the convention.

The convention shall have no other power than that hereby expressly conferred or is necessarily incident to the purpose of its creation; any other action attempted to be taken by it shall be utterly null, void and of no effect.

History.—§9, ch. 16180, 1933; CGL 1936 Supp. 319(9).

107.10 Certification of convention action.—When the convention shall have agreed, by "yea" and "nay" vote of a majority of the total number of delegates elected, to the ratification or rejection of the proposed amendment to the constitution of the United States, a certificate to that effect shall be executed by its president and secretary and filed with the secretary of state of Florida. A copy of the minutes of its proceedings, likewise signed by such officials, shall also be filed with the secretary of state. The secretary of state of Florida, after the filing of such certificate, shall transmit a copy thereof, certified under the great seal of Florida, to the secretary of state of the United States.

History.—§10, ch. 16180, 1933; CGL 1936 Supp. 319(10).

107.11 Appropriation for expenses.—For the purpose of defraying the expenses of preparing for, conducting, holding and declaring the result of the election provided for by this chapter and also for the purpose of defraying the expenses allowed by this chapter for the holding of sessions of the convention as herein provided, to be audited by the comptroller, there is appropriated out of the general revenue fund of the state of Florida a sufficient sum of money for the payment of all amounts necessary to be expended under the terms of this chapter, which sums of money shall be disbursed by the state of Florida pursuant to warrants drawn by the comptroller upon the treasurer for the payment of same.

History.—§11, ch. 16180, 1933; CGL 1936 Supp. 319(11).

- 110.13 Political activities and unlawful acts prohibited.
- 110.14 Penalties.
- 110.15 Awards to state employees.

110.01 Merit system.—There is hereby created a merit system of personnel administration covering the employees of the state board of health, the Florida industrial commission, the Florida crippled children's commission, the state and district welfare boards, the merit system council, the hospital planning division of the Florida development commission, and the employees of such other state agencies as the governor, other constitutional officers, or the Florida public utilities commission, may direct in accordance with the provisions of this chapter.

History.—§1, ch. 29933, 1955; §1, ch. 63-279.

110.02 State personnel board.—

(1) There is hereby created the state personnel board which shall consist of the governor, who shall be the chairman, the secretary of state, the comptroller, the commissioner of agriculture, the attorney general, the superintendent of public instruction, and the treasurer.

(2) The state personnel board shall meet at such times and places as shall be specified by the governor or any three members thereof.

History.—§, ch. 29933, 1955.

110.03 Powers and duties of board.—The state personnel board shall have the following duties:

(1) To appoint the members of the merit system council in accordance with the provisions of this chapter.

(2) To adopt and amend such rules and regulations as may be necessary to effect the purposes of this chapter, provided that the regulations previously adopted by the existing merit system council and applicable to employees served by the Florida merit system council shall continue to be applicable to such employees and to any additional employees of other state agencies brought within the purview of this chapter until such time as the

same may be altered or amended by the state personnel board; and provided further, that such board shall not amend such rules or regulations in such manner as to deprive any agency of this state of the receipt of federal grants made available to this state on condition of the maintenance of a merit system for personnel administration.

(3) To make biennial reports to the legislature, together with recommendations, and to perform such other duties as may be elsewhere specified in this chapter, or, if not prohibited, as in the judgment of such board are deemed necessary to effectuate the provisions hereof.

History.—§3, ch. 29933, 1955.

110.04 Merit system council.—

(1) There is hereby established a merit system council, which shall be composed of five members appointed by the state personnel board. The members of the existing merit system council shall be members of the council authorized by this chapter until the state personnel board shall make appointments in accordance with this chapter. The initial appointments shall be made within ninety days of the effective date of this chapter.

(2) The members of the council shall be citizens of this state and shall be in sympathy with the application of merit principles to public employment. No member of the council shall be a member of any local, state, or national committee of a political party or an officer or member of a committee in any partisan political club or organization, or shall hold, or be a candidate for, any other public office. No person shall be appointed as a member of the council who has held an elective public office or position in a political party within the year immediately preceding his appointment. No member of the merit system council may be removed from office prior to expiration of his term except for cause and after being given an opportunity for public hearing.

(3) Members of the merit system council shall be appointed for overlapping terms of four years each, except that the initial appointments shall be as follows: two members for terms of one year each; the other three members each for a term of two, three, and four years, respectively.

(4) Members of the council shall be paid twenty-five dollars for each day devoted to the work of the council but not more than one thousand dollars in any year. They shall be reimbursed for traveling expenses as provided in §112.061.

History.—§3, ch. 29933, 1955; (4) §19, ch. 63-400.

110.05 Duties of merit system council.—The merit system council shall hold regular meetings not less often than bimonthly and such additional meetings as may be required for the proper discharge of its duties. It shall be the duty and the function of the merit system council:

(1) To represent the public interest in the improvement of personnel administration.

(2) After public hearings to recommend the adoption for consideration by the state personnel board, of rules and regulations effectuating the merit system of personnel administration as contemplated by this chapter. Such rules and regulations shall include provision for the classification of positions, the establishment of salary schedules and minimum personnel standards for the positions so classified and for periodic payroll audits of such positions. They shall also provide for the holding of examinations to determine the qualifications of applicants, and for temporary appointments without such examinations for periods not exceeding six months. They shall also provide for promotions, transfers, demotions, separations, tenure, reinstatement, appeal, and such other matters as may be found necessary for the maintenance of a sound merit system of personnel administration.

(3) To hear such appeals and make such decisions or recommendations as may be authorized by this chapter, or by rules adopted by the state personnel board.

(4) The council shall be responsible for the promotion of public understanding of the purposes, policies and practices of the merit system and for assistance and advice to the merit system director and to any other state agency in fostering merit system practices, and for securing the interest of institutions of learning and of civic, professional, and other organizations in the improvement of personnel standards under the merit system.

History.—§4, ch. 29933, 1955.

110.06 Classified service and exemptions.—

(1) The classified service to which this chapter shall apply shall include all full-time positions in the following agencies or departments not exempt by this chapter:

(a) The agencies now under the existing Florida merit system, including the director and staff of the merit system council;

(b) Any state agencies under the jurisdic-

tion of the governor which may be placed under the merit system by executive order of the governor.

(c) Any other state agency or department which may be placed under the merit system by action of the executive authority thereof and with the approval of the state personnel board.

(d) Any agency or department which may be placed under the merit system by act of the legislature.

(e) Positions included within the classified service established by this chapter shall not be removed therefrom.

(2) Exempt positions shall include all positions in the state service not included in subsection (1) of this section and shall specifically include the following:

(a) Officers elected by popular vote and persons appointed to fill vacancies in such offices.

(b) Temporary or part-time officers and employees of the legislature.

(c) Members of boards and commissions and heads of departments appointed by the governor or the cabinet acting as the board of commissioners of state institutions or the board of conservation, and a secretary to the administrative head of each board, commission or department; those division heads or other high-level employees under such boards or commissions or within such departments who participate in the formulation of policy and who are not in agency units receiving federal grants in aid, and the designation of whom shall be made by the board, commission or department head involved, subject to the approval of the state personnel board.

(d) Not more than three administrative assistants or deputies, together with a secretary for each such assistant or deputy, for each board or commission or head of a department appointed by the governor or the cabinet acting as the board of commissioners of state institutions.

(e) Such administrative assistants, confidential secretaries, and receptionists employed in the governor's office as may be designated by him.

(f) Officers, attendants, and employees of the state judiciary, judges, referees, receivers, jurors, and notaries public.

(g) Officers and members of the teaching staffs of state universities and other state institutions of learning, and student employees of such institutions.

(h) Patient or inmate help in state charitable, penal and correctional institutions.

(i) Persons employed in a professional or scientific capacity to make or conduct a temporary and special inquiry, investigation or examination on behalf of the legislature or a committee thereof, or by authority of the governor.

(j) Internes, trainees, and part-time professional and technical employees paid by fees, stipends, or on a part-time salary basis.

(k) All employees exempted by the merit

system regulations heretofore adopted by the Florida merit system council, and any other employees who may hereafter be exempted by the state personnel board, or legislative act.

History.—§5, ch. 29933, 1955; (2) (c) §1, ch. 61-258.

110.07 Status of employees.—

(1) Employees of an agency already covered by an existing merit system other than employees covered by the Florida merit system will have the same status if transferred to the merit system provided by this chapter as they may have acquired under such other merit system. Employees of an agency not previously covered by a merit system who are made subject to the provisions of this chapter shall be given status as follows:

(a) An employee who shall have been continuously employed for not less than one year immediately preceding the date on which the position in which he is employed is made subject to the provisions of this chapter shall be given status in the classified service without an examination.

(b) An employee who shall have been employed for less than one year on the date the position in which he is so employed is made subject to the provisions of this chapter shall be required to pass such test or examination as may be required by rules and regulations adopted by the state personnel board.

(c) Persons appointed to fill vacancies in the classified service of an agency under the merit system established by this chapter shall achieve permanent status only in accordance with the rules and regulations adopted pursuant to this chapter.

History.—§6, ch. 29933, 1955.

110.08 Examinations.—Under the supervision of the merit system council, the merit system director shall be responsible for the conduct of such promotional and competitive examinations and entrance examinations as may be necessary and required under this chapter. Such examinations shall be of such character as to determine the qualifications, fitness, and ability of the persons tested to perform the duties of the class of positions for which such tests or examinations are given. Adequate public notice shall be given by the merit system director prior to all examinations except for promotion within a department or agency.

History.—§7, ch. 29933, 1955.

110.09 Suspensions, reductions, demotions, discharges, layoffs, and transfers.—

(1) Any employee in the classified service may be terminated for cause by the agency or officer by whom he is employed. The state personnel board by rule shall establish a procedure in accordance with the provisions of this chapter for the suspension, reduction in pay, demotion, and discharge of employees in the classified service for misconduct, insubordination, inefficiency, habitual drunkenness, inability to perform the duties of the position in which employed, willful violation of the provisions of the rules prescribed by the state

personnel board, conduct unbecoming a public employee, conviction of a crime involving moral turpitude, or any other just cause; and for the investigation and hearing of appeals on such suspension, reduction, demotion, or discharge of an employee. Such rule shall provide for appeals to the merit system council, provided that such appeal must be filed with the council in writing within twenty days from the date notice of suspension, demotion, or discharge, in writing is delivered or mailed to the employee. The council shall conduct hearings on such appeals, and within thirty days after the completion thereof shall make its finding and decision which shall be in writing, and copies thereof shall be submitted to the employee, employing agency concerned, and the state personnel board. The decision of the merit system council shall be final; except that in the case of a discharged employee, the personnel board by an affirmative vote of a majority thereof, may in its own discretion and after notice to all parties, within thirty days of the filing of the decision of the merit system council, review the same and accept, reject or alter such decision.

(2) The state personnel board may order the reinstatement of an employee, with or without back pay, which order shall be binding on the agency concerned. The action of the board shall be in writing and shall be served on the parties to such appeal either in person or by mail.

(3) The board shall also provide by rule for transfer or layoff, within an agency or department, of an employee when it becomes necessary to abolish a position because of a shortage of funds or work, or a material change in duties or organization; provided that such rule shall not allow an employee the right to be transferred from a classified position in one agency or department to a classified position in any other agency or department.

(4) The board shall also provide regulations for preparing and distributing lists of employees who have been laid off because of shortage of funds or work, and such lists shall be made available to other departments or agencies so that trained and qualified personnel may be specially considered by such departments or agencies for re-employment.

History.—§8, ch. 29933, 1955.

***110.091 Uniform termination for state employees.**—The state personnel board is hereby authorized to establish and prescribe a uniform termination order and report to be filed for all employees whose employment with the state is terminated. All state agencies shall prepare and deliver to the comptroller a report of the termination of employees in such cases as may be prescribed by the state personnel board. The comptroller is hereby authorized to establish and maintain a permanent file of such termination reports as an activity of his office and to act as agent of the state personnel board in handling matters pertaining to such files and reports. The contents of such reports shall be disclosed only to those officers or employees

authorized by regulation of the state personnel board.

History.—§1, ch. 63-482.

*Note.—Effective January 1, 1964.

110.10 Administrative costs and appropriation.—

(1) The administrative expenses and cost of operating the merit system shall be paid by the various divisions of the state government, and each such division shall be authorized to include in its budget estimates its pro-rata share of such cost. To establish an equitable division of the costs, the amount to be paid by each division shall be determined in such proportion as the service rendered to each division bears to the total service rendered by the department.

(2) To provide funds for administrative costs for any agency which is unable at the time of its application to provide such funds out of its then current budget, there is hereby appropriated out of the general revenue the sum of fifty thousand dollars which shall be allocated by and with the approval of the budget commission to the merit system herein established to pay the costs of administration for such agencies, as contemplated in subsection (1) of this section.

History.—§9, ch. 29933, 1955.

110.11 Services to political subdivisions.—

Subject to the rules approved by the state personnel board, the merit system director may enter into agreements with any municipality or political subdivision of the state to furnish services and facilities of the agency to such municipality or political subdivision in the administration of its personnel on merit principles. Any such agreement shall provide for the reimbursement to the state of the reasonable cost of the services and facilities furnished. All municipalities and political subdivisions of the state are hereby authorized to enter into such agreements.

History.—§10, ch. 29933, 1955.

110.12 Oaths; testimony; records.—The members of the state personnel board, the members of the merit system council, and the director shall have power to administer oaths, subpoena witnesses and compel the production of books and papers pertinent to any investigation or hearing authorized by this chapter. Any person who shall fail to appear in response to a subpoena or to answer any question or produce any books or papers pertinent to any such investigation or hearing or who shall knowingly give false testimony therein shall be guilty of a misdemeanor.

History.—§11, ch. 29933, 1955.

110.13 Political activities and unlawful acts prohibited.—

(1) No person in the classified service shall be appointed to, or demoted or dismissed from, any position in the classified service, or in any way favored or discriminated against with respect to employment in the classified service

because of his political or religious opinions or affiliations.

(2) No person shall use or promise to use, directly or indirectly, any official authority or influence, whether possessed or anticipated, to secure or attempt to secure for any person an appointment or advantage in appointment to a position in the classified service, or an increase in pay or other advantage in employment in any such position, for the purpose of influencing the vote or political action of any person, or for any consideration; provided, however, that letters of inquiry, recommendations and references by public employees or public officials shall not be considered political pressure unless any such letter contains a threat, intimidation, irrelevant, derogatory or false information. And provided further, that for the purposes of this section the term "political pressure" in addition to any appropriate meaning which may be ascribed thereto by lawful authority shall include the use of official authority or influence in any manner prohibited by this chapter.

(3) No employee in the classified service, and no member of the merit system council shall, directly or indirectly, pay or promise to pay any assessment, subscription, or contribution for any political organization or purpose, or solicit or take any part in soliciting any such assessment, subscription, or contribution of any employee in the classified service.

(4) No employee in the classified service shall be a member of any national, state or local committee of a political party, or an officer or member of a committee of a partisan political club, or a candidate for nomination or election to any paid public office, or shall take any part in the management or affairs of any political party or in any political campaign, except to exercise his right as a citizen privately to express his opinion and to cast his vote.

(5) Upon a showing of substantial evidence by the personnel director that any officer or employee in the state service has knowingly violated any of the provisions of this section, the state personnel board shall notify the officer or employee so charged and the appointing authority under whose jurisdiction the officer or employee serves. If the officer or employee charged so desires, the state personnel board shall hold a public hearing, or shall authorize the merit system council to hold a public hearing, and submit a transcript thereof, together with its recommendations, to the state personnel board. Relevant witnesses shall be allowed to be presented and testify at such hearing. If the officer or employee shall be found guilty by the state personnel board of the violation of any provision of this section, the board shall direct the appointing authority to dismiss or suitably discipline such officer or employee; and the appointing authority so directed shall comply.

(6) No person shall make any false statement, certificate, mark, rating or report with regard to any test, certification or appointment

made under any provision of this law or in any manner commit or attempt to commit any fraud preventing the impartial execution of this law and the rules.

(7) No person shall, directly or indirectly, give, render, pay, offer, solicit, or accept any money, service or other valuable consideration for or on account of any appointment, proposed appointment, promotion or proposed promotion to, or any advantage in, a position in the classified service.

History.—§12, ch. 29933, 1955.

110.14 Penalties.—

(1) Any person who willfully violates any provision of this chapter or of any rule or regulation adopted pursuant to the authority herein granted shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$50 nor more than \$1000, or by imprisonment for not longer than six months, or by both such fine and imprisonment.

(2) Any person who is convicted of a misdemeanor under this chapter shall, for a period of five years, be ineligible for appointment to or employment in a position in the state service, and if he is an employee of the state, shall forfeit his position.

History.—§13, ch. 29933, 1955.

110.15 Awards to state employees.—

(1) The state personnel board may make awards to state employees who:

(a) Propose procedures or ideas which hereafter are adopted and which will result in eliminating or reducing state expenditures or improving operations; provided, such proposals are placed in effect, or

(b) By their superior accomplishments, make exceptional contributions to the efficiency, economy or other improvement on the operations of the state government.

(2) Awards for superior accomplishments shall be made in accordance with procedures and standards established by the state personnel board.

(3) Any award made by the state personnel board under the provisions of this section shall be paid from the appropriation available to the state agency affected by the award or from any specific appropriation therefor.

(4) The board may adopt rules and regulations to carry out the provisions of this section, and may appoint merit award boards made up of state officers, employees or citizens to consider employee proposals, special acts, special services, or superior accomplishments, and to make recommendations to the board as to the merits of the proposals, special acts, special services, or superior accomplishments, and whether or not the proposals, special acts, special services or superior accomplishments, justify an award.

(5) Any award granted under the provisions of this section shall be limited to one hundred fifty dollars unless a larger award is made by the legislature.

(6) When requested by the state personnel board the merit system agency may furnish such assistance as may be necessary to carry out the provisions of this section. Any expenditures made or costs incurred by the merit system agency for the purposes of this section may be paid from funds available for the support of the merit system agency.

History.—§1, ch. 61-221.

COMPENSATION AND ACCOUNTS OF CERTAIN OFFICIALS

- 111.02 Perquisites.
111.03 Detailed account of fees to be kept; monthly statements.
111.04 Officer failing to comply with law subject to removal.

111.02 Perquisites.—All perquisites fixed by law accruing from the administration of any state officer shall be faithfully accounted for, reported and turned over to the state treasurer once each month with a certificate as to the correctness of such accounting. The state treasurer shall receive all such funds and issue his receipt to the officer transmitting the same.

History.—§2, ch. 6447, 1913; RGS 207; §2, ch. 8491, 1921; §2, ch. 11335, 1925; RGS 207; CGL 239, 478.

111.03 Detailed account of fees to be kept; monthly statements.—In all state administrative offices where fees or perquisites of any nature or character are allowed to be collected, or are collected or received by any person connected with such office, a detailed account thereof shall be kept in a book provided for that purpose and such book shall be carefully preserved and treated as a public record of the office. At the end of each month a detailed statement of such receipts shall be made and verified under the oath of the head or acting head of such office, which statement together with the amounts received during said month by any and all persons connected with such office shall be delivered to the state treasurer, for which amounts receipts shall issue in due course and the amounts shall be placed in the general revenue fund of the state. The state treasurer shall preserve the statements so delivered to him as a public record of his office. Where fees or other compensation or perquisites

- 111.05 Officer reinstated after suspension; back pay.

are allowed by law to be collected or received by any person in any state office for any work or service done or rendered in connection with the administration of such office, such fees, perquisites and compensation shall be collected and duly accounted for as herein provided.

History.—§1, ch. 6448, 1913; RGS 208; CGL 240.

111.04 Officer failing to comply with law subject to removal.—Any person failing to comply with the provisions of §111.03 shall be regarded as having committed misfeasance in office and shall be subject to removal, suspension or discharge as provided by law.

History.—§2, ch. 6448, 1913; RGS 209; CGL 241.

111.05 Officer reinstated after suspension; back pay.—An officer who is lawfully entitled to resume the duties of his office after his suspension by the governor shall suffer no loss of salary or other compensation because of his suspension. His compensation which is unpaid because of his suspension is appropriated and shall be paid from the source and in the manner in which the compensation of the office is normally paid. If funds sufficient to pay his unpaid compensation are not available in the proper source, the deficit is appropriated and shall be paid from the general funds of the state or of the political subdivision under which the office exists, as the case may be.

Note.—Formerly §121.001.

cf.—Ch. 122 State and county officers and employees retirement system.

112.051 Merit systems; retirement or transfer of employees aged 65 to 70.—

(1) Any employee of the state who is within the merit system established by chapter 110, or who is protected by any other merit system plan or system providing for tenure, except instructional personnel employed in the public school system, may be retired by the agency or department in which he is employed on the basis of his age and without specifying charges or other cause for such retirement when such employee has reached sixty-five years of age.

Such employee may be retired in accordance with the following conditions:

- (a) Has reached age sixty-five and
- (b) Is eligible for retirement under any state retirement system.

(2) The department or agency which is within any merit system, in which any employee who is over sixty-five years of age is employed shall have the discretion to continue such employee in employment after he attains age sixty-five, but when such employee has reached the age of seventy years of age he shall be automatically retired and separated from the state employment within thirty days thereafter unless

- (a) Such employee has submitted a request in writing to the state agency in which he is employed at least sixty days before his seventieth birthday; and
- (b) Such department has given written notice of consent for continuation of such employment.

(3) Any employee who has attained age sixty-five may be transferred to some job requiring less responsibility and less arduous duties by the department in which he is employed when determination is made that such employee is not able to satisfactorily carry out the full duties of his position. Such transfer shall not be subject to appeal by the employee and may be accompanied by appropriate reduction in salary in line with the duties and classification of the position to which the employee is transferred. In the event of such transfer the agency or department concerned shall furnish to the state personnel board in writing the reasons for the transfer, together with the name and classification of the employee concerned, who shall also be furnished a copy in writing of the notice to the state personnel board.

(4) This act shall take effect December 31, 1961.

History.—§§1-4, ch. 61-289.
cf.—Ch. 122, State and county retirement system.

112.061 Per diem and traveling expenses of public officers, employees, and authorized persons.—

(1) LEGISLATIVE INTENT.—There are inequities, conflicts, inconsistencies and lapses in the numerous laws regulating or attempting to regulate traveling expenses of public officers, employees, and authorized persons in the state, it is the intent of the legislature:

(a) To remedy same and to establish uniform maximum rates, and limitations, with certain justifiable exceptions, applicable to all public officers, employees, and authorized persons whose traveling expenses are paid by a public agency.

(b) To preserve the standardization and uniformity established by this law:

1. The provisions of this section shall prevail over any conflicting provisions in a general law, present or future, to the extent of the conflict; but if any such general law contains a specific exemption from this section, including a specific reference to this section, such

general law shall prevail, but only to the extent of the exemption.

2. The provisions of any special or local law, present or future, shall prevail over any conflicting provisions in this section, but only to the extent of the conflict.

(2) DEFINITIONS.—For the purposes of this section the following words shall have the meaning indicated:

(a) Agency or public agency—Any officer, department, agency, division, subdivision, political subdivision, board, bureau, commission, authority, district, public body, body politic, county, city, town, village, municipality or any other separate unit of government created pursuant to law.

(b) Agency head or head of the agency—The highest policy making authority of a public agency, as herein defined.

(c) Officer or public officer—An individual who in the performance of his official duties is vested by law with sovereign powers of government and who is either elected by the people, or commissioned by the governor and has jurisdiction extending throughout the state, or any person lawfully serving instead of either of the foregoing two classes of individuals as initial designee or successor.

(d) Employee or public employee—An individual, whether commissioned or not, other than an officer or authorized person as defined herein, who is filling a regular or full-time authorized position and is responsible to an agency head.

(e) Authorized person—

1. A person other than a public officer or employee as defined herein, whether elected or commissioned or not, who is authorized by an agency head to incur travel expenses in the performance of his official duties, or

2. A person who is called upon by an agency to contribute time and services as consultant or advisor, or

3. A person who is a candidate for an executive or professional position.

(f) Traveler—A public officer, public employee, or authorized person, when performing authorized travel.

(g) Travel expense, traveling expenses, necessary expenses while traveling, actual expenses while traveling, or words of similar nature—The usual ordinary and incidental expenditures necessarily incurred by a traveler.

(h) Common carrier—Train, bus, commercial airline operating scheduled flights, or rental cars of an established rental car firm.

(i) Travel day—A period of twenty-four hours consisting of four quarters of six hours each.

(j) Travel period—A period of time between the time of departure and time of return.

(k) Class A travel—Continuous travel of twenty-four hours or more away from official headquarters.

(l) Class B travel—Continuous travel of less than twenty-four hours which involves overnight absence from official headquarters.

(m) Class C travel—Travel for short or day

trips where the traveler is not away from his official headquarters overnight.

(3) AUTHORITY TO INCUR TRAVELING EXPENSES.—

(a) All travel must be authorized and approved by the head of the agency from whose funds the traveler is paid.

(b) Traveling expenses of travelers shall be limited to those expenses necessarily incurred by them in the performance of a public purpose authorized by law to be performed by the agency and must be within the limitations prescribed by this section.

(c) Travel by public officers or employees serving temporarily in behalf of another agency or partly in behalf of more than one agency at the same time, or authorized persons who are called upon to contribute time and services as consultants or advisors, may be authorized by the agency head. Complete explanation and justification must be shown on the travel expense voucher or attached thereto.

(d) Traveling expenses of public employees for the sole purpose of taking merit system or other job placement examinations, written or oral, shall not be allowed under any circumstances, except that upon prior written approval of the agency head, candidates for executive or professional positions may be allowed traveling expenses pursuant to this section.

(4) OFFICIAL HEADQUARTERS.—The official headquarters of an officer or employee assigned to an office shall be the city or town in which the office is located; except that:

(a) The official headquarters of a person located in the field shall be the city or town nearest to the area where the majority of his work is performed, or such other city, town or area as may be designated by the agency head; provided that in all cases such designation must be in the best interests of the agency and not for the convenience of the person.

(b) When any state employee is stationed in any city or town for a period of over thirty days, such city or town shall be deemed to be his official headquarters and he shall not be allowed per diem or subsistence, as provided in this section, after the said period of sixty days has elapsed, unless this period of time is extended by the express approval of the budget commission.

(c) A traveler may leave his assigned post to return home overnight, over a weekend, or during a holiday, but any time lost from his regular duties shall be taken as annual leave and authorized in the usual manner and he shall not be reimbursed for traveling expenses in excess of the established rate for per diem allowable had he remained at his assigned post.

(5) COMPUTATION OF TRAVEL TIME FOR REIMBURSEMENT.—For purposes of reimbursement and methods of calculating fractional days of travel the following principles are prescribed:

(a) The travel day for Class A travel shall be a calendar day (midnight to midnight). The travel day for Class B travel shall begin at the same time as the travel period. For Class A

and Class B travel, the traveler shall be reimbursed one-fourth of the authorized rate of per diem for each quarter, or fraction thereof, of the travel day included within his travel period. Only full quarters spent outside the state shall be reimbursed at the authorized out-of-state rate of per diem. All other quarters, or fractions thereof, shall be reimbursed at the authorized in-state rate of per diem.

(b) A traveler shall not be reimbursed on a per diem basis for Class C travel, but shall receive subsistence as provided in this section, which allowance for meals shall be based upon the following schedule:

Breakfast—When travel begins before 6:00 a.m. and extends beyond 8:00 a.m.

Lunch—When travel begins before 12:00 noon and extends beyond 2:00 p.m.

Dinner—When travel begins before 6:00 p.m. and extends beyond 8:00 p.m., or when travel occurs during nighttime hours due to special assignment.

No allowance shall be made for meals when travel is confined to city or town of the official headquarters or immediate vicinity.

(6) RATES OF PER DIEM AND SUBSISTENCE ALLOWANCE.—For purposes of reimbursement rates and methods of calculation, per diem and subsistence allowances are divided into the following groups, and maximum rates to be determined by the agency head:

(a) *Out-of-state.—*

1. All travelers may be allowed for subsistence when traveling out-of-state on official business to attend a convention or conference which will serve a direct public purpose with relation to the public agency served by the person attending such meeting, either of the following:

a. Up to twenty dollars per diem, or

b. Up to the amounts permitted in paragraph (c) of this subsection for meals, plus actual expenses for lodging at single occupancy rate to be substantiated by paid bills therefor.

2. All public officers may be allowed for subsistence up to twenty dollars per diem when traveling out-of-state on other official business.

3. Public employees while accompanying a public officer, when traveling out-of-state on other official business may be allowed for subsistence the same rate of per diem as is allowed the public officer.

4. All other travelers may be allowed for subsistence up to sixteen dollars per diem when traveling out-of-state on other official business.

(b) *In-state.—*

1. All travelers may be allowed for subsistence when traveling in-state on official business to attend a convention or conference which will serve a direct public purpose with relation to the public agency served by the person attending such meeting, either of the following:

a. Up to twenty dollars per diem, or

b. Up to the amounts permitted in paragraph (c) of this subsection for meals, plus actual expenses for lodging at single occupancy rate to be substantiated by paid bills therefor.

2. Public officers may be allowed for sub-

sistence when traveling in-state on other official business the following rates:

a. The governor, members of the state cabinet, and members of the legislature, as follows:

(I) While the legislature is in session, twenty-five dollars per diem.

(II) While the legislature is not in session, up to twenty dollars per diem, and

b. All other public officers up to sixteen dollars per diem.

3. Public employees while accompanying a public officer, when traveling in-state on other official business may be allowed for subsistence the same rate of per diem as is allowed the public officer.

4. All other travelers may be allowed for subsistence up to fourteen dollars per diem when traveling in-state on other official business.

(c) *Meals only.*—All travelers may be allowed for subsistence while on Class C travel on official business, up to the following amounts:

Breakfast	\$1.25
Lunch	1.75
Dinner	3.00

(7) TRANSPORTATION.—

(a) All travel must be by a usually traveled route. In case a person travels by an indirect route for his own convenience any extra costs shall be borne by the traveler and reimbursement for expenses shall be based only on such charges as would have been incurred by a usually traveled route.

The agency head shall designate the most economical method of travel for each trip, keeping in mind the following conditions:

1. The nature of the business.

2. The most efficient and economical means of travel (considering time of the traveler, cost of transportation and per diem or subsistence required).

3. The number of persons making the trip, and the amount of equipment or material to be transported.

(b) The state comptroller may provide any form he deems necessary to cover travel requests for traveling on official business and when paid by the state. All outstanding transportation request books shall be cancelled on or before January 1, 1964, and unused portions of such books returned to the state comptroller.

(c) Transportation by common carrier when traveling on official business and paid for personally by the traveler, shall be substantiated by a receipt therefor. Federal tax shall not be reimbursable to the traveler.

(d) The use of privately-owned vehicles for official travel in lieu of public-owned vehicles or common carrier may be authorized by the agency head if a public-owned vehicle is not available. Whenever travel is by privately-owned vehicle, the traveler shall be entitled to a mileage allowance at a fixed rate not to exceed ten cents per mile or the common carrier fare for such travel, to be determined by the agency head. Reimbursement for expenditures related to the operation, maintenance, and

ownership of a vehicle shall not be allowed when privately-owned vehicles are used on public business and reimbursement is made pursuant to this paragraph, except as provided in subsection (8) of this section.

All mileage shall be shown from point of origin to point of destination and when possible shall be computed on the basis of the current state road department map. Vicinity mileage necessary for conduct of official business is allowable but must be shown as a separate item on the expense voucher.

(e) Transportation by chartered vehicles when traveling on official business may be authorized by the agency head when necessary or where it is to the advantage of the agency, provided the cost of such transportation does not exceed the cost of transportation by privately-owned vehicle pursuant to paragraph (d) of this subsection.

(f) The agency head may grant monthly allowances in fixed amounts for use of privately-owned automobiles on official business in lieu of the mileage rate provided in paragraph (d) of this subsection. Allowances granted pursuant to this paragraph shall be reasonable, taking into account the customary use of the automobile, the roads customarily traveled, and whether any of the expenses incident to the operation, maintenance, and ownership of the automobile are paid from funds of the agency or other public funds. Such allowance may be changed at any time, and shall be made on the basis of a signed statement of the traveler, filed before the allowance is granted or changed, and at least annually thereafter. The statement shall show the places and distances for an average typical month's travel on official business, and the amount that would be allowed under the approved rate per mile for the travel shown in the statement, if payment had been made pursuant to paragraph (d) of this subsection.

(g) No contracts may be entered into between a public officer or employee, or any other person, and a public agency, in which a depreciation allowance is used in computing the amount due by the agency to the individual for the use of a privately-owned vehicle on official business; provided, any such existing contract shall not be impaired.

(h) No traveler shall be allowed either mileage or transportation expense when he is gratuitously transported by another person, or when he is transported by another traveler who is entitled to mileage or transportation expense.

(8) OTHER EXPENSES.—The following incidental traveling expenses of the traveler may be reimbursed:

(a) Taxi fare.

(b) Ferry fares; and bridge, road and tunnel tolls.

(c) Storage or parking fees.

(d) Communication expense.

(e) Convention registration fee while attending a convention or conference which will serve a direct public purpose with relation to

the public agency served by the person attending such meetings.

(9) **TRAVEL AGENCIES.**—The state comptroller may pay to properly qualified travel agencies located in the state, for the purchase of tickets issued in exchange for state of Florida transportation requests to be used for travel on common carriers, upon such travel agencies obtaining an annual permit from the state comptroller at a cost of twenty-five dollars and under such rules and regulations, including a requirement for a ten thousand dollar bond to be furnished by the travel agency, as the state comptroller may deem necessary.

(10) **RULES AND REGULATIONS.**—

(a) The state comptroller shall promulgate such rules and regulations and prescribe such forms as may be necessary to effectuate the purposes of this section.

(b) Each agency shall promulgate such additional rules and regulations not in conflict with the rules and regulations of the state comptroller, as may be necessary to effectuate the purposes of this section. Such rules and regulations shall be recorded in the official minutes of the agency or maintained in a special file in the main office of the agency.

(11) **FRAUDULENT CLAIMS.**—Claims submitted pursuant to this section shall not be required to be sworn to before a notary public or other officer authorized to administer oaths but any claim authorized or required to be made under any provision of this section shall contain a statement that the expenses were actually incurred by the traveler as necessary traveling expenses in the performance of his official duties and shall be verified by a written declaration that it is true and correct as to every material matter; and any person who wilfully makes and subscribes any such claim which he does not believe to be true and correct as to every material matter, or who wilfully aids or assists in, or procures, counsels, or advises the preparation of presentation under the provisions of this section of a claim which is fraudulent or is false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such claim, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished accordingly. Whoever shall receive an allowance or reimbursement by means of a false claim shall be civilly liable in the amount of the overpayment for the reimbursement of the public fund from which the claim was paid.

(12) The state comptroller shall furnish a uniform travel voucher form which shall be used by all state officers, employees, and authorized persons, when submitting traveling expense statements for approval and payment. No traveling expense statement shall be approved for payment by the comptroller unless made on the form prescribed and furnished by him.

112.07 Fixing terms of office of certain officers.—

(1) The terms of office of the successors to the incumbent members of the state road department, the Florida industrial commission, the director of the state beverage department, the hotel commissioner, and the state motor vehicle commissioner, shall expire with the first Monday in January, A.D. 1945, and thereafter the terms of office of said officials shall begin and run concurrently with the regular terms of office of the successive governors of the state.

(2) The terms of office of the successors to the incumbent members of the state racing commission shall expire on the first Monday in January, A.D. 1945, and thereafter the terms of office of said officials shall be for two years beginning in each instance on the first Tuesday after the first Monday in January and ending with the first Monday in January each two years thereafter.

(3) The governor is hereby authorized to make appointments and issue commissions for the full term of any of the offices covered by this section or for any fractional part of such term, but nothing herein contained shall be construed to repeal or modify any existing law requiring confirmation by the senate of the appointment of any such official, or any repeal or modification of any requirement of law as to the qualification, eligibility or other limitation upon the appointment, suspension or removal of any such official, inasmuch as the purpose of this section is to cause the terms of office of all the officials named in this section to expire concurrently with the terms of office of the successive governors of Florida.

History.—§§1-3, ch. 20299, 1941.

112.08 Group insurance for public employees.—From and after the passage of this law, each and every county, county board of public instruction, governmental unit, department, board, or bureau, of the state, be, and each of them is hereby authorized, empowered and permitted to provide for life, health, accident, hospitalization or annuity insurance, or all of any kinds of such insurance, for the employees thereof, upon a group insurance plan, and to that end to enter into agreements with insurance companies to provide such insurance.

History.—§1, ch. 20852, 1941.

112.09 Evidence of election to provide insurance.—The election to exercise such authority shall be evidenced by resolution, duly recorded in the official minutes, adopted by the board of county commissioners in the case of a county, by the county board of public instruction, in the case of a school board and by the members of the board, or department head if an individual, in the case of any state department, board or bureau, and by the governing body by resolution or ordinance in the case of any other governmental unit of the state of Florida.

History.—§2, ch. 20852, 1941.

112.10 Deduction and payment of premiums.—Upon the request in writing of any employee,

the proper officials of each and every county, county board of public instruction, governmental unit, department, board or bureau of the state, are hereby authorized and empowered to deduct from the wages of such employee, periodically, the amount of the premium which such employee has agreed to pay for such insurance, and to pay or remit the same directly to the insurance company issuing such group insurance.

History.—§3, ch. 20852, 1941.

112.11 Participation voluntary.—The participation in such group insurance by any employee shall be entirely voluntary at all times. Any employee may upon any pay day, withdraw or retire from such group insurance plan, upon giving his employer written notice thereof, and directing the discontinuance of deductions from wages in payment of such premiums.

History.—§4, ch. 20852, 1941.

112.12 Premiums for insurance of school teachers.—Provided that in event any school board should include school teachers under any policy provided for by this law, then no part of the premium therefor as to such teachers shall be paid from any public funds.

History.—§5-A, ch. 20852, 1941.

112.13 Insurance additional to workmen's compensation.—The insurance permitted and allowed under this law shall be in addition to, and in no manner in lieu of the provisions of the Florida workmen's compensation law.

History.—§6, ch. 20852, 1941.

112.14 Purpose and intent of law.—It is hereby declared to be the purpose and intent of this law to make available upon a voluntary participation basis to the several employees aforesaid, the economics, protection and benefits of group insurance not available to each employee as an individual.

History.—§5, ch. 20852, 1941.

112.16 Change in position or reclassification; continuance or resumption of membership in retirement system.—

(1) Any person who is a participant in any state or county retirement system, who changes his position of employment, or who is reclassified so that under any existing law such person would participate in a different retirement system, may continue to participate and come

under the same retirement system in which he participated or came under before changing positions or being reclassified so long as such person remains in the employ of the state or county and continues to make the contributions required by law. Any person who has changed positions or been reclassified heretofore may come back under and participate in the retirement system to which he belonged before such change or reclassification upon payment of all back contributions, plus three per cent interest per annum, that he would have been required by law had he continued to participate and come under such system continuously, such election to be made and payment to be made on or before the time of retirement.

(2) The provisions of this section shall supersede any existing law relating to state and county retirement systems or pensions, provided nothing herein shall be construed to apply to state supreme court justices, as provided in chapter 25; nor to circuit judges as provided by chapter 38; nor to members of the department of public safety as provided by chapter 321; nor to members of Duval county employees pension fund as provided in chapter 23259, Acts, 1945, as amended by chapter 27520, Acts, 1951, and chapter 27523, Acts, 1951.

History.—§§1, 2, ch. 57-752.

112.171 Employee wage deductions.—The state or any of its departments, agencies, bureaus, commissions and officers; the counties, municipalities and special districts of the state and the departments, agencies, bureaus, commissions and officers thereof are authorized and permitted in their sole discretion to make deductions from the salary or wage of any employee or employees in such amount as shall be authorized and requested by such employee or employees and for such purpose as shall be authorized and requested by such employee or employees and shall pay such sums so deducted as directed by such employee or employees.

It is the intent and purpose of this section to vest in the public officers, agencies and commissions herein enumerated the sole power and discretion to approve or disapprove requested deductions and the approval of and making of approved deductions shall not require the approval or making of other requested deductions.

History.—§1, ch. 59-409.

such bond shall have been duly executed, approved and filed in the office where it is required by law to be deposited, and official notice thereof given to the governor.

History.—§1, ch. 227, 1849, RS 212; §1, ch. 5178, 1903; GS 296; RGS 394; CGL 459.

113.06 Record of commission, oath and acceptance.—Every commission issued by the governor shall be recorded in the office of the secretary of state in a book of commissions and an index made thereof, and the oath of office of the person named in said commission shall be endorsed on said commission, and accompanying the commission there shall be transmitted to each officer a printed acceptance of said commission, and his oath of office, which shall be subscribed and taken by such officer, and returned to the office of the secretary of state and filed therein, and a note thereof made on the record of said commission by the secretary of state.

History.—§2, ch. 12, 1845; RS 213; GS 297; RGS 395; CGL 460.

113.07 Bond by surety company; when required.—

(1) In all cases where public officials, not honorary, either state, county or district, are now, or shall hereafter be required to post fidelity or performance bonds, all such bonds shall be written by surety companies authorized by law to do business in the state.

(2) The provisions of this law shall not apply to deputy sheriffs nor to notaries public.

(3) No such official shall be qualified to hold office or perform the duties thereof until such surety bond has been filed.

(4) The cost of the premium on such bond shall be paid out of the general revenue fund of the state, or out of the county or out of the various districts, depending upon the class into which such officer belongs. In the event any excess premium over the base premium rate should be charged in the procurement of the bonds herein provided for, such excess premium shall be paid by the individual officer or official.

CHAPTER 114
VACATING OFFICE

- 114.01 Office deemed vacant in certain cases.
 114.02 Absence from state of certain officers.
 114.03 Administrative officers of executive department not to absent themselves.

114.01 Office deemed vacant in certain cases.—Every office shall be deemed vacant in the following cases:

- (1) By the death of the incumbent.
- (2) By his resignation.
- (3) By his removal.
- (4) By his ceasing to be an inhabitant of the state, district, county, town or city for which he shall have been elected or appointed.
- (5) By his neglect or refusal to qualify according to law within sixty days after his election or appointment, or by his refusal to accept the office.
- (6) When any office created or continued by the constitution or laws shall not have been filled by election or appointment under the constitution or law creating or continuing such office.
- (7) The conviction of the incumbent of any felony, or an offense involving a violation of his official oath.
- (8) The decision of a competent tribunal declaring void his election or appointment, and his removal by said tribunal.
- (9) The governor may also declare vacant the office of every officer required by law to execute an official bond, when a judgment shall be obtained against such officer for the breach of the condition of such bond.
- (10) If any officer shall be required by law to give a bond in the performance of any duty of his office, and shall fail so to do, the governor may declare the office vacant.

History.—§1, ch. 1633, 1868; RS 214; GS 298; RGS 396; CGL 461.

114.02 Absence from state of certain officers.—When any administrative officer of the executive department shall desire to absent himself from the state he shall be permitted to do so upon notifying the governor in writing of such intention, but he shall return to

- 114.04 Filling vacancies.

the state and to the performance of his duties whenever requested by the governor to do so, and upon his failure so to do the governor may declare his office vacant and may fill the same as provided by law.

History.—Ch. 1749, 1870; RS 215; GS 299; RGS 397; CGL 462.

114.03 Administrative officers of executive department not to absent themselves.—The secretary of state, the attorney general, comptroller, treasurer, superintendent of public instruction and commissioner of agriculture shall reside at the capital of the state; and, without the consent of the governor and a majority of his cabinet, no member of said cabinet shall absent himself for a longer period of time than thirty days. And in case any incumbent shall fail to comply with and observe the requirements hereof, it shall be deemed an abandonment and vacation of the office, and the governor may fill such vacancy and office according to law.

History.—Ch. 1845, 1871; RS 216; GS 300; RGS 398; CGL 463.

114.04 Filling vacancies.—In all such cases, and in all other cases in which a vacancy may occur, if the office be a state, district or county office (other than a member or officer of the legislature), the governor shall fill such office by appointment, and the person so appointed shall be entitled to take and hold such office until the same shall be filled by an election as provided by law, and in cases requiring the confirmation or the advice and consent of the senate, the person so appointed may hold until the end of the next ensuing session of the senate unless an appointment be sooner made and confirmed and consented to by the senate.

History.—§2, ch. 1633, 1868; RS 217; GS 301; RGS 399; CGL 464.

CHAPTER 115

LEAVES OF ABSENCE TO OFFICIALS

- 115.01 Leave of absence for military service.
- 115.02 Governor to grant application; proviso.
- 115.03 Appointment of deputy; bond.
- 115.04 Apply to certain officers.
- 115.05 Duties of deputy.
- 115.06 Reassumption of duties.
- 115.07 Officers' and employees' leave of absence.
- 115.08 Definitions.

115.01 Leave of absence for military service.—Any county or state official of the state, subject to the provisions and conditions hereinafter set forth, may be granted leave of absence from his office, to serve in the volunteer forces of the United States, or in the national guard of the state, or in the regular army or navy of the United States, when the same shall be called into active service of the United States during war between the United States and a foreign government.

History.—§1, ch. 7393, 1917; RGS 400; CGL 465.

115.02 Governor to grant application; proviso.—When any such officer shall volunteer or be called into the service of the United States during war, the governor shall, upon application being made by such officer, grant such officer leave of absence during the time he shall be retained in such military service; provided, such service shall not extend beyond the term of office of such officer, in which event the office shall be filled by election at the expiration thereof.

History.—§2, ch. 7393, 1917; RGS 401; CGL 466.

115.03 Appointment of deputy; bond.—Before applying for such leave of absence as above mentioned, such officer shall appoint a capable and competent deputy to take over and perform the duties of the office, and the bond of such officer shall be in full force during the remainder of his term of office, in addition to which such deputy shall be required to furnish good and sufficient bond in a sum of not more than one-half of the amount of the bond of the officer appointing him as such deputy, for the faithful performance of such duties.

History.—§3, ch. 7393, 1917; RGS 402; CGL 467.
cf.—§113.04 Payment of premium on bond.

115.04 Apply to certain officers.—The provisions of §§115.01-115.06 shall only apply to such officers as are now authorized by law to appoint deputies.

History.—§4, ch. 7393, 1917; RGS 403; CGL 468.

115.05 Duties of deputy.—Any deputy qualifying under the provisions of §§115.01-115.06 shall perform all of the duties that may devolve upon the officer appointing him, and he shall sign all official papers and documents in the name of the officer so appointing him as such deputy, and his said acts as such deputy shall in all respects be as binding as if performed by the officer appointing such deputy.

History.—§5, ch. 7393, 1917; RGS 404; CGL 469.

- 115.09 Leave to public officials for military service.
- 115.10 Leave to be granted by governor.
- 115.11 Leave not to extend beyond term of office.
- 115.12 Rights during leave.
- 115.13 Resumption of official duties.
- 115.14 Employees.
- 115.15 Adoption of federal law for employees.

115.06 Reassumption of duties.—Upon his being mustered out of the service of the United States, such officer granted leave under §115.01 shall immediately enter into the duties of his office for the remainder of the term for which he was elected.

History.—§6, ch. 7393, 1917; RGS 405; CGL 470.

115.07 Officers' and employees' leave of absence.—All officers or employees of this state, or of the several counties or municipalities of this state, who are commissioned reserve officers or reserve enlisted personnel in the United States military or naval service or members of the national guard, shall be entitled to leave of absence from their respective duties, without loss of pay, time or efficiency rating, on all days during which they shall be engaged in field or coast defense exercise or other training ordered under the provisions of the United States military or naval training regulations for such personnel when assigned to active duty; provided that leaves of absence granted as a matter of legal right under the provisions of this section shall not exceed seventeen days in any one annual period; provided, further, that leaves of absence for additional or longer periods of time without pay for assignment to duty with civilian conservation corps units or other functions of a military character may be granted in the discretion of employing or appointing authority of any state, county or municipal employee and when so granted shall have the force and effect of other leaves of absence authorized by this section.

History.—§1, ch. 17975, 1937; CGL 1940 Supp. 470(1); §1, ch. 26852, 1951.
cf.—§250.48 Leaves of absence.

115.08 Definitions.—The term active military service as used in this law shall signify active duty in the Florida defense force or federal service in training or on active duty with any branch of the army of the United States, the United States navy, the marine corps of the United States, the coast guard of the United States, and service of all officers of the United States public health service detailed by proper authority for duty either with the army or the navy, and shall include the period during which a person in military service is absent from duty on account of sickness, wounds, leave, or other lawful cause.

The term period of active military service as used in this law shall begin with the date of entering upon active military service, and shall terminate with death or a date thirty

days immediately next succeeding the date of release or discharge from active military service, or upon return from active military service, whichever shall occur first.

History.—§2, ch. 20718, 1941.

115.09 Leave to public officials for military service.—All state and county officials in the state, and all others who hold office under the government of the state, and who are officers or enlisted men either in the Florida defense force, the national guard, the naval militia, marine corps, unorganized militia, United States army reserve, United States navy reserve, United States marine corps reserve, United States coast guard reserve, or officers or enlisted men in any other class of the militia, or county school officers, and all municipal officials in the state, may, subject to the provisions and conditions hereafter set forth, be granted leave of absence from their respective offices and duties to perform active military service, the first thirty days of any leave of absence to be with full pay and the remainder without pay.

History.—§1, ch. 20718, 1941; §1, ch. 20863, 1941.

115.10 Leave to be granted by governor.—Application for such leave of absence shall be made to the governor of the state and may be granted or denied by the governor in his discretion, as the public interest may require.

History.—§3, ch. 20718, 1941.

115.11 Leave not to extend beyond term of office.—In the event that the term of office of an official on leave shall expire during such leave, the office of that official shall be filled by election or appointment as may be required by law; provided, however, that said official on leave shall have the right to qualify and become a candidate for such office, and, if nominated or elected shall have the same rights and privileges herein accorded to an incumbent.

History.—§4, ch. 20718, 1941.

115.12 Rights during leave.—During such leave of absence such official shall be entitled to preserve all seniority rights, efficiency ratings, promotional status and retirement privileges. The period of active military service shall, for purposes of computation to determine whether such person may be entitled to retirement under the laws of the state, be deemed continuous service in the office of said official. While absent on such leave without pay, said official shall not be required to make any contribution to any retirement fund.

History.—§5, ch. 20718, 1941.

115.13 Resumption of official duties.—Upon said officer terminating his active military service, he shall immediately enter upon the duties of his office for the unexpired portion of the term for which he was elected or appointed.

History.—§6, ch. 20718, 1941.

115.14 Employees.—All employees of the state, and of the several counties of the state, and of the municipalities or political subdivisions of the state, may, in the discretion of the employing authority of such employee, be granted leave of absence under the terms of this law, and upon such leave of absence being granted, said employee shall enjoy the same rights and privileges as are hereby granted to officials under this law, insofar as may be.

History.—§7, ch. 20718, 1941.

115.15 Adoption of federal law for employees.—The provisions of section 8 of chapter 720 Acts of Congress of the United States, approved September 16, 1940 (Title 50 App. Section 308, U. S. C. A.), insofar as it relates to the re-employment of public employees granted a leave of absence on active military duty under this law, shall be applicable in this state and the refusal of any state, county, or municipal official to comply therewith shall subject him to removal from office.

History.—§8, ch. 20718, 1941.

116.01 Payment of public funds into treasury.—Every state and county officer within this state, authorized to collect funds due the state or county, shall pay all sums officially received by him into the state or county treasury promptly, within thirty days after the first day of the month next succeeding the day receiving the same.

No officer shall hereafter be entitled to receive any commission or compensation for collecting said funds, where he fails or refuses to pay the same over for thirty days after the expiration of the time for payment as provided in this section.

History.—§§1, 2, ch. 6205, 1911; RGS 406; CGL 471. cf.—§219.07 Disbursements of public funds collected.

116.02 Payment of commissions on unremitted funds prohibited; penalty.—It is unlawful for any state or county officer or any board of county officers, required to audit the accounts of officers under the laws of this state, to approve or pay any commissions on funds collected and not paid over as required by §116.01 and any officer violating the provisions of this section, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by fine of not exceeding one thousand dollars or by imprisonment in the state prison for a term not exceeding one year.

History.—§3, ch. 6205, 1911; RGS 5328; CGL 7461.

116.03 Officers to report fees collected.—Each state and county officer who receives all or any part of his compensations in fees or commissions, or other remuneration, shall keep a complete report of all fees and commissions, or other remuneration collected by him, and shall

make a report to the state comptroller of all such fees and commissions, or other remuneration, annually on the 31st day of December of each and every year. Such report shall be made upon forms to be prescribed from time to time by the state comptroller, and shall show in detail the source, character and amount of all his official expenses and the net amount that the office has paid up to the time of making such report. All officers shall make out, fill in and subscribe and properly forward to the state comptroller such reports, and to swear to the accuracy and competency of such reports.

History.—§§1, 2, ch. 6815, 1915; RGS 407; CGL 472; §1, ch. 24198, 1947. cf.—§298.401 Tax collectors and assessors; compensation; general drainage; service.

116.04 Failure of officer to make sworn report of fees.—Any officer who shall fail or refuse to make, subscribe and swear, or to file with the comptroller a report of all fees, commissions or other remuneration collected by him, as required by law, or if any officer shall knowingly or willfully make false or incomplete reports, or in any report violate any of the provisions of §116.03 he shall be guilty of a misdemeanor, and upon conviction he shall be punished by a fine of not more than one thousand dollars, or by imprisonment not exceeding six months, for each offense.

History.—§2, ch. 6815, 1915; RGS 5356; CGL 7491. cf.—§775.06 Alternative punishment.

116.05 Examination and publication by comptroller.—The comptroller shall have examined and verified any of the reports received under §116.03 whenever in his judgment the same may be necessary, and the comptroller

shall cause the matter and things in each of said reports to be published one time in a newspaper published in the county in which such report originate, in such form as he shall direct, and the expense of such publication shall be paid by the county commissioners of such county.

History.—§3, ch. 6815, 1915; RGS 408; CGL 473.

116.06 Summary of reports; certain officers not required to report fees.—A summary of all such reports shall be included by the comptroller in his annual report to the governor; provided, that jurors, notaries public and county surveyors shall not be required to make such reports as provided for in §116.03.

History.—§4, ch. 6815, 1915; RGS 409; CGL 474.

116.07 Account books to be kept by sheriffs and clerks.—All sheriffs and clerks of the circuit court and ex-officio clerks of the boards of county commissioners of this state, shall keep books of account and of record in accordance with forms to be approved by the state auditor, except such books and forms are now otherwise provided for by law.

History.—§1, ch. 5716, 1903; GS 814; RGS 410; CGL 475.

116.08 County commissioners to furnish books.—The county commissioners shall furnish the books provided for in §116.07.

History.—§2, ch. 5176, 1903; GS 815; RGS 411; CGL 476.
cf.—§28.22 Record book to be kept.

116.09 Penalty for failure.—Any officer who shall neglect or refuse to comply with the duties imposed by §116.07 shall be subject to suspension from office by the governor.

History.—§4, ch. 5176, 1903; GS 817; RGS 412; CGL 477.

116.10 Nepotism prohibited.—Any state officer, member of state board, county officer, member of county board or commission, city official, or his appointee, who shall knowingly employ, either directly or indirectly, any person related within the fourth degree, either by consanguinity or by affinity, to such state officer, member of state board, county officer, member of county board or commission, city official, or his appointee, shall be deemed guilty of misfeasance and malfeasance in office and subject to removal therefor; provided, however, that the provisions of this section shall not apply to the officers above who employ only one person related to them as above set out.

History.—§1, ch. 16088, 1933; CGL 1936 Supp. 478(1).

116.11 Penalty.—Any state officer, member of state board, county officer, member of county board or commission, city official, or his appointee, violating the provisions of §116.10 shall forfeit all compensation, salary, fees or emoluments of such office during the time that such state officer, member of state board, county officer, member of county board or commission, city official or his appointee violates the provisions of §116.10.

History.—§2, ch. 16088, 1933; CGL 1936 Supp. 478(1).

116.12 State officials' and employees' purchase of motor vehicles.—It shall be unlawful

for any state officer or employee to purchase or contract for the purchase of any motor vehicle for the use of himself or another to be paid for out of funds of the state or any department thereof unless a specific appropriation directly and expressly authorizing the purchase of such motor vehicle has been made, and it shall be unlawful for the comptroller of the state to issue or pay any warrant in violation of this section. For the purpose of this section an appropriation for the purchase of motor vehicles shall not be deemed to be expressly made by the legislature unless an item authorizing the purchase of such motor vehicle in specific terms has been mentioned in the appropriation out of which the same is proposed to be made. This section shall extend to and include the purchase of motor vehicles of all kinds, provided this section shall not apply to purchase of motor vehicles by the state road department.

History.—§1, ch. 13810, 1929; CGL 1936 Supp. 1363(1); §1, ch. 20716, 1941; am. §7, ch. 22858, 1945.

116.13 Sale of property by heads of state institutions without permission prohibited.—The superintendents of state asylums, and the presidents and principals of all state educational institutions are prohibited from selling or otherwise disposing of property belonging to the state, except in cases where they have previously obtained permission from their respective boards of commissioners or trustees.

History.—§1, ch. 4181, 1893; GS 3493; RGS 5373; CGL 7507.

116.14 Receipts required from purchasers of state property.—Upon the sale of any state property by the superintendent and presidents of state institutions as provided by law, they shall take receipt for the same from the purchaser, which receipt shall be forwarded, together with the proceeds of the sale, to the state treasurer.

History.—§2, ch. 4181, 1893; GS 3494; RGS 5374; CGL 7508.

116.15 Penalty for violation of §§116.13 and 116.14.—Any violation of §§116.13 and 116.14 shall subject the offender, upon conviction thereof, to a fine of not less than fifty nor more than five hundred dollars, at the discretion of the court.

History.—§3, ch. 4181, 1893; GS 3495; RGS 5375; CGL 7509.

116.16 Motor vehicles; purchase by board of control and commissioners of state institutions.—The state board of control, and the board of commissioners of state institutions are hereby authorized, subject to the approval of the budget commission, to purchase automobiles, trucks, tractors and other automotive equipment for the use of institutions under the management of said board of control and said board of commissioners of state institutions.

History.—§1, ch. 20896, 1941; §6, ch. 26859, 1951.
cf.—§116.12 State officials' and employees' purchase of motor vehicles.

116.18 Motor vehicles; purchase by department of agriculture.—The department of agriculture is hereby authorized to purchase all necessary trucks for exhibit and laboratory use by said department, provided such purchases

are within the appropriations for necessary and regular expense of such department, or within the motor vehicle appropriation therefor.

History.—§2-A, ch. 20896, 1941.

116.19 Motor vehicles; exempted departments.—No part of §§116.16-116.20 and §216.25 is intended to apply to the Florida board of forestry and parks, the state road department, the Florida industrial commission, the railroad commission, the state department of public safety or the state beverage department.

History.—§3, ch. 20896, 1941; §1, ch. 23854, 1947; §24, ch. 57-1.

116.20 Motor vehicles; appropriation required for purchase.—It shall be unlawful for any state officer or employee, agency, department or institution not included within the provisions of §§116.16 and 216.25 to purchase, or contract for the purchase of, any motor vehicle for the use of himself, or another, to be paid for out of the funds of the state, or any department thereof, unless the legislature shall make specific appropriation authorizing the same. Provided, however, that the provisions of this section shall not apply to the departments, their officers, agents and employees, excepted in §116.19 and provided further, that the purchases authorized in §§116.16 and 216.25, may be made in the manner and form as therein set forth.

History.—§4, ch. 20896, 1941.

116.21 Unclaimed bond money; limitation.—

(1) The sheriffs and clerks of the courts of the various counties of the state are hereby authorized at their discretion on or before the 25th day of September of each and every year hereafter to pay into the fine and forfeiture fund of their respective counties any or all unclaimed bond and evidence moneys in their hands or custody by virtue of their office as sheriff or clerk, which unclaimed bond and evidence money came into their hands in cases which have been finally disposed of or bonds estreated and no information filed, or defendant bound over and no information filed, or in which no case has been made, prior to January 1 of the preceding year and for which moneys claim has not been made.

(2) The sheriffs and clerks of the various courts of the respective counties may, during the month of July of each year, hereafter make and compile a list of any or all unclaimed bond and evidence moneys which came into their hands as provided in subsection (1) above. Such compilation shall list in addition to the name of the defendant, the names of such bondsmen, if known, and shall specify the respective amounts of such unclaimed bonds or evidence moneys. Such list or compilation shall be published one time during the month of July in a newspaper of general circulation in the county served by such sheriff or clerk and said notice shall specify that unless such bond moneys or evidence moneys are claimed on or before the first day of September after such publication that same shall be declared forfeited to such county. Proof of such publication shall be made by the publisher of such newspaper and

shall be filed and recorded in the minutes of the county commissioners of such county.

(3) Persons having or claiming any interest in said funds or any portion of them shall file their written claims with the sheriff or clerk of the court of the county having custody of such funds within the time specified by said notice and shall make sufficient proof to said sheriff or clerk of his ownership and upon so doing shall be entitled to receive any part of the moneys so claimed. Unless claim is filed within such time as aforesaid, all claims in reference thereto are forever barred.

(4) The cost of publishing the notices as required by subsection (2) shall be paid by the county commissioners, and the sheriff or the clerk shall receive as compensation the regular fee allowed by statute for the collection of fines, fees and costs adjudged to the state upon the amounts remitted to the fine and forfeiture fund. Upon such payment to the fine and forfeiture fund, the sheriff or clerk shall be released and discharged from any and all further responsibility or liability in connection therewith.

History.—§§1-4, ch. 22050, 1943.

116.22 Definitions; forfeiture of personal property in custody of clerks of various courts.

—In construing this act and each and every section, word, phrase or part thereof, where the context permits, the term "personal property" or "chattels personal" shall include all property of any kind except real estate and anything permanently attached thereto.

History.—§1, ch. 61-380.

116.23 Forfeiture of personal property or chattels personal in the custody and control of the clerk of the circuit court.—

(1) All personal property or chattels personal listed, used, offered or received in evidence at the trial of any criminal or quasi-criminal case in any circuit court, criminal court of record, court of record, civil and criminal court of record, county court, county judge's court, or any other state court in this state having criminal jurisdiction and wherein a verdict or judgment was returned or entered, and the time for taking an appeal from said verdict or judgment having expired, and said property not having been disposed of and a claim not having been made or filed therefor, within sixty days from the time for taking an appeal shall be subject to forfeiture under the provisions of this act as hereinafter set forth.

(2) All personal property and chattels personal in the custody and control of the clerk of any circuit court, criminal court of record, court of record, civil and criminal court of record, county court, county judge's court, or any other court of this state except municipal courts having criminal jurisdiction, and of any judge of any such state court not having a clerk, and said property having been in the custody and control of said clerk or judge for seven years or more and not having been disposed of, and no claim for said property having been made or filed for the same during said time shall be subject to forfeiture as hereinafter set forth.

History.—§2, ch. 61-380.

116.24 Disposition and appraisal of personal property or chattels personal held by the clerk of the circuit court under this chapter.—

(1) The clerk of every court mentioned in §116.23(1) (except the clerk of the circuit court) and the judge of any state court having criminal jurisdiction and not having a clerk shall, at the expiration of sixty days after the expiration of the time for taking an appeal from any verdict or judgment entered in any criminal or quasi-criminal case, deliver to the clerk of the circuit court of the county where said trial occurred all personal property or chattels personal listed, used, offered or received as evidence at said trial and not previously disposed of. Said clerk or judge aforesaid shall also within sixty days deliver and turn over to the clerk of the circuit court any and all personal property or chattels personal that have been held or been in possession of said clerk or judge for seven or more years and not previously disposed of. All of the personal property and chattels personal above mentioned shall be subject to forfeiture under the provisions of this act.

(2) When the clerk, (except the clerk of the circuit court) or judge, if the trial court has no clerk, delivers the property mentioned in subsection (1) to the clerk of the circuit court, there shall also be delivered with said property a report or return setting forth the following information: Style and number of the case; the name and address of each defendant; the offense charged; the verdict or judgment rendered and entered; an itemized list of all property listed, used, offered or received in evidence at the trial of said case, with the appraised value thereof (said appraisal may be made by the clerk or judge or under his direction); the names of the owners of the property and all lien holders, with their respective addresses and if any of the property is a motor vehicle subject to registration, then the names and addresses of the owner and lien holder, if any, as evidenced by a certificate of title as shown by the record of the motor vehicle commissioner. Said report or return, when filed with the clerk of the circuit court shall become a part of the records of said case.

(3) The clerk of the circuit court of each judicial circuit in this state, shall sixty days after the expiration of the time for taking an appeal from any verdict or judgment entered in any criminal or quasi-criminal case tried in the circuit court, make and file in said case a report or return setting forth the information called for in subsection (1) and when said report or return is made it shall become a part of the records thereof. The said clerk shall also make and file in the office of the clerk of the circuit court within sixty days a report or return showing all personal property or chattels personal that have been held or have been in possession of the said clerk for seven or more years, setting forth in said report the information called for in the report or return mentioned in subsection (1) and when said report or return is filed it shall become a part of the records in said case.

(4) It shall be the duty of the clerk of the

circuit court after the property herein mentioned is delivered to him, to keep it until disposed of as hereinafter provided.

History.—§3, ch. 61-380.

116.25 Proceedings for forfeiture, notice of holding and order to show cause.—

(1) The report or return heretofore mentioned, that is filed with or made by the clerk of the circuit court shall be taken and considered as the state's petition or libel in rem for the forfeiture of the property therein described, of which the circuit court of the county wherein the case was tried shall have jurisdiction, without regard to value, under and by virtue of that provision of Art. V, §6(3), of the state constitution, under which the circuit court may be given jurisdiction of "such other matters as the legislature may provide." The report or return shall be sufficient as a petition or libel, notwithstanding the fact that it may contain no formal prayer or demand for forfeiture, it being the intention of the legislature that forfeiture may be decreed without a formal prayer or demand therefor. The return may be amended at any time before final judgment, provided a copy of said amendment shall be furnished to any person, firm or corporation that has filed a claim to the property prior to the filing of the amendment. In event an amendment is filed to the report or return, then the court may allow time for the claimant or any person, firm or corporation who may have filed a claim prior to said amendment, to reply to the amended report or return.

(2) Upon the filing of said report or return, the clerk of the circuit court shall issue a citation, directed to all persons, firms and corporations owning, having or claiming an interest in or lien upon the property held by said clerk, giving notice that he holds said property and directing that all persons, firms or corporations owning, having or claiming any interest therein or lien thereon, to file their claim to, on, or in said property within the time fixed in said citation, as to persons, firms and corporations not personally served, and within twenty days from personal service of said citation, when personal service is had. Personal service shall be made on all parties in Florida having liens noted upon a certificate of title as shown by the records in the office of the motor vehicle commissioner.

(3) The citation may be in, or substantially in, the following form:

IN THE CIRCUIT COURT IN AND FOR
COUNTY, FLORIDA.

IN RE: FORFEITURE OF THE FOLLOWING
DESCRIBED PROPERTY (Then set
out description of property
to be forfeited)

THE STATE OF FLORIDA

TO: ALL PERSONS, FIRMS, AND CORPORATIONS OWNING, HAVING OR CLAIMING ANY INTEREST IN OR LIEN ON THE ABOVE DESCRIBED PROPERTY.

YOU AND EACH OF YOU are hereby noti-

fied that the above described property is held in the custody of the Clerk of the above Court, under and by virtue of the Laws of Florida, Acts of 1961, and is now in the possession of said Clerk of the above County. YOU AND EACH OF YOU are hereby further notified that a Petition, under said Chapter has been filed in the above styled Court, seeking the forfeiture of the above described property. YOU AND EACH OF YOU ARE HEREBY DIRECTED AND REQUIRED to file your claim, if any you have, and show cause, on or before the _____ day of _____, 19_____, if not personally served with process herein, and within twenty days from personal service, if personally served with process herein, why the said property should not be forfeited pursuant to the Laws of Florida, Acts of 1961. Should you fail to file your claim as herein directed judgment will be entered against you in due course. Persons not personally served with process may obtain a copy of the Petition to forfeiture filed herein from the undersigned Clerk of Court.

WITNESS my hand and official seal of the above mentioned Court at _____, Florida, this _____ day of _____, 19_____.

Clerk of the above mentioned Court
(COURT SEAL)

By _____

Deputy Clerk

(4) Such citation shall be returnable, as to persons served constructively, as therein directed, not less than twenty-one nor more than thirty days from the posting or publication thereof, and as to those personally served with process within twenty days from service thereof. A copy of the petition shall be served with the process when personally served. Personal service of process may be made in the same manner as a summons in chancery.

(5) If the appraised value of the property held is shown by the return to be five hundred dollars or less, the above citation shall be served on all persons, firms or corporations not personally served by posting said citation at three public places in the county; one of which shall be at the front door of the courthouse; if the value of the property is more than five hundred dollars, the citation shall be published for two consecutive weeks in some newspaper of general circulation in the county where the property is held, if there be such a newspaper published in the county and if not, then notice of publication shall be made by certificate of the clerk if publication is made by posting, and by affidavit as provided in chapter 49, if made by publication in a newspaper, which affidavit or certificate shall be filed in said cause and become a part of the record thereof. Failure of the record to show proof of publication shall not affect any judgment made in the cause unless it shall affirmatively appear that no such publication was made.

History.—§4, ch. 61-380.

116.26 Delivery of property to claimant.—Any person, firm or corporation filing a claim

in the cause, which claim shall state fully his right, title, claim or interest, in and to the held property, may, at any time after said claim is filed with the clerk of court, obtain possession of the held property by filing a petition therefor with the clerk of the circuit court and posting with him, to be approved by said clerk, a surety bond, payable to the governor of the state in twice the amount of the value of said property as fixed in the return to or by the clerk of the circuit court, with a corporate surety duly authorized to transact business in this state as surety, conditioned upon his paying to said clerk the value of the property together with all costs of the proceedings, if judgment of forfeiture be entered. Upon posting of such bond with the clerk and the release of the property to the applicant the cause shall proceed to final judgment in the same manner as it would have had no such bond been filed, except that any execution to be issued in the cause pursuant to judgment may run against and be enforced against the person posting said bond and his surety.

History.—§5, ch. 61-380.

116.27 Proceedings when no claim is filed.—When no claim is filed in the cause within the time required, the clerk shall enter a default against all persons, firms and corporations, claiming or having any interest in and to the property held by the clerk and the cause may then proceed in the same manner as a common law action after default, and final judgment shall be entered therein ex parte, except as may be herein otherwise provided.

History.—§6, ch. 61-380.

116.28 Proceedings when claim is filed.—When one or more claims are filed in the cause, the cause shall be tried upon the issues made thereby, with the petition for forfeiture, with any affirmative defenses being deemed denied without further pleadings. Judgment by default shall be entered against all other persons, firms and corporations owning, claiming or having an interest in and to the property held, after which the cause shall proceed as in other common law cases; except claimant shall prove to the satisfaction of the court, that he did not know or have any reason to believe, at the time his right, title, interest, or lien arose, that the property was being used for or in connection with the violation of any of the statutes and laws of this state; and further that at said time there was no reasonable reason to believe that the said property might be used for such purpose. Where the owner of the property has been convicted of a violation of the statutes and laws of this state and said property had been offered or received in evidence at the trial for said violation, then such conviction and the offering or receiving of said property in evidence at such trial shall be prima facie evidence that the claimant had reason to believe that the property might be used for or in connection with a violation of a criminal statute and law of this state, and it shall be incumbent upon such claimant to satisfy the court that he was without knowledge of such violation. Trial of all

such causes shall be without a jury, except in such cases as a trial by jury may be guaranteed by the state constitution and in such cases trial by jury shall be deemed waived unless demanded in the claim when filed.

History.—§7, ch. 61-380.

116.29 Judgment of forfeiture.—On final hearing the report or return of the clerk of the circuit court or the clerk of any other court heretofore mentioned, or the judge of any court not having a clerk as heretofore referred to, shall be taken as prima facie evidence that the property therein described, and delivered to the clerk of the circuit court was or had been used in or in connection with the violation of some law of the state, and shall be sufficient predicate for a judgment of forfeiture in absence of other proofs and evidence. The burden shall be upon the claimant to show that the property was not so used or if so used that the claimant had no knowledge of such violation and no reason to believe that the property so held was, would be or had been used for the violation of a statute or law of the state. Where such property is incumbered by a lien or retain title agreement under circumstances wherein the lien holder had no knowledge that the property was, had been or would be used in violation of the statutes and laws, and no reasonable reason to believe that it might be so used, then the court may declare a forfeiture of all other rights, titles and interests; subject however, to the lien of such innocent lien holder, or may direct the payment of such lien from the proceeds of any sale of the said property. The proceedings and the judgment of forfeiture shall be in rem and shall be primarily against the property itself. Upon the entry of a judgment of forfeiture the court shall determine the disposition to be made of the property, which may include the destruction, sale, and allocation thereof to some governmental agency, function or use, or otherwise as the court may determine. Sales of such property may be at a public or private sale, as the court may determine and direct, to the highest and best bidder therefor for cash, after public notice as the court may direct, which notice shall be not less than ten nor more than thirty days after the date of such forfeiture order. Notice of such sale shall be published once only at least seven days prior to the sale.

Where the property has been delivered to a claimant upon the posting of a bond the court shall determine the value of the property, or portion thereof subject to forfeiture, and shall enter judgment against the principal and surety of the bond in such amount for which execution shall issue in the usual manner. Upon the application of any claimant the court may fix the value of the forfeitable interest in the held property and permit the claimant to redeem the property upon the payment of a sum equal to said value and costs, which sum shall be disposed of as would the proceeds of a sale of property under a judgment of forfeiture.

History.—§8, ch. 61-380.

116.30 Disposition of proceeds of forfeiture.

—All sums received from a sale or other disposition of the held property shall be paid into the fine and forfeiture fund and shall become a part thereof.

History.—§9, ch. 61-380.

116.31 Fees for services; expenses.—

(1) The fee of any clerk of court for preparing the report or return taken and considered as the state's petition or libel in rem shall be five dollars. The fee of the clerk of the circuit court in connection with services of said clerk in the forfeiture proceedings contemplated by this chapter shall be ten dollars. The fees of all other officers shall be those provided by law for like services in other cases and matters. The fees provided by this section shall be paid from the general fund or the fine and forfeiture fund of the county.

(2) The reasonable cost of posting the citation or of publication as required by this chapter and the cost for the safekeeping of property in the custody of the clerk of the court shall be paid from the general fund or the fine and forfeiture fund of the county.

History.—§10, ch. 61-380.

116.32 State attorney to represent state.—

Upon the filing of the return or report with or by the clerk of the circuit court, the clerk of the circuit court shall furnish the state attorney with a copy thereof and a copy of the citation and the state attorney shall represent the state in the forfeiture proceedings. The attorney general shall represent the state in all appeals from judgments of forfeiture to the supreme court. The state may appeal any judgment denying forfeiture in whole or in part or that may be otherwise adverse to the state.

History.—§11, ch. 61-380.

116.33 Exercise of police power.—It is deemed by the legislature of the state, that this act is necessary for the more efficient and speedy method of forfeiture of property that is held by the clerks of the circuit court of Florida, and a lawful exercise of the police power of the state for the protection of the public welfare of the people of the state. All the provisions of this act shall be liberally construed for the accomplishment of the purposes herein mentioned. This act is to be considered as cumulative and not an exclusive method of forfeiture.

History.—§12, ch. 61-380.

116.34 Facsimile signatures.—

(1) **SHORT TITLE.**—This act may be cited as the uniform facsimile signature of public officials act.

(2) **DEFINITIONS.**—As used in this section:

(a) Public security means a bond, note, certificate of indebtedness, or other obligation for the payment of money, issued by this state or by any of its departments, agencies, public bodies, or other instrumentalities or by any of its political subdivisions.

(b) Instrument of payment means a check, draft, warrant, or order for the payment, delivery, or transfer of funds.

(c) Instrument of conveyance means an instrument conveying any interest in real property.

(d) Authorized officer means any official of this state or any of its departments, agencies, public bodies, or other instrumentalities or any of its political subdivisions whose signature to a public security, instrument of conveyance or instrument of payment is required or permitted.

(e) Facsimile signature means a reproduction by engraving, imprinting, stamping, or other means of the manual signature of an authorized officer.

(3) **USE OF FACSIMILE SIGNATURE.**—Any authorized officer, after filing with the secretary of state his manual signature certified by him under oath, may execute or cause to be executed with a facsimile signature in lieu of his manual signature:

(a) Any public security or instrument of conveyance, provided that at least one signature required or permitted to be placed thereon shall be manually subscribed.

(b) Any instrument of payment.

(c) Any official order, proclamation or resolution; provided, however, that this shall not apply to the signing of legislative bills or veto messages.

Upon compliance with this act by the authorized officer, his facsimile signature has the

same legal effect as his manual signature.

(4) **METHOD OF USE OF FACSIMILE SEAL.**—When the seal of this state or any of its departments, agencies, public bodies, or other instrumentalities or of any of its political subdivisions is required in the execution of a public security or instrument of payment, the authorized officer may cause the seal to be printed, engraved, stamped or otherwise placed in facsimile thereon. The facsimile seal has the same legal effect as the impression of the seal.

(5) **VIOLATION AND PENALTY.**—Any person who knowingly, without authorization or with intent to defraud, uses on any of the documents referred to in subsection (3), a facsimile signature, or any reproduction of it, of any authorized officer, or any facsimile seal, or any reproduction of it, of this state or any of its departments, agencies, public bodies, or other instrumentalities or of any of its political subdivisions, shall be punished by imprisonment in the state prison not exceeding 10 years or in the county jail not exceeding 1 year or by fine not exceeding \$5,000.00 or by both such fine and imprisonment.

(6) **UNIFORMITY OF INTERPRETATION.**—This section shall be so construed as to effectuate its general purpose to make uniform the law of states which enact it.

History.—§§1-6, ch. 63-441.

CHAPTER 117

NOTARIES PUBLIC

- 117.01 Appointment, term of office, powers, bond and oath.
 117.02 Women eligible.
 117.03 May administer oaths.
 117.04 May solemnize marriages and take acknowledgments.
 117.05 Fees

117.01 Appointment, term of office, powers, bond and oath.—The governor may appoint as many notaries public as to him shall seem necessary, each of whom shall be at least twenty-one years of age, a citizen of the United States, and a permanent resident of the state for one year; and upon the death, removal or resignation of any such notaries public, to appoint others in their room, which said notaries public shall hold their respective offices for four years, and shall use and exercise such office of notary public for such places and within such limits and precincts as the governor shall direct, to whose protestations, attestations and other instruments of publication due credence shall be given. Every notary public shall, prior to his or her executing the duties of said office, give bond to the governor for the time being, in the penalty of \$500.00 conditioned for the due discharge of his said office, and also take an oath that he will honestly, diligently and faithfully discharge the duties of a notary public. Said bond shall be approved and filed in like manner and place as the bonds of county officers of the county in which the person so appointed notary public shall reside; provided, however, where such bond is executed by a surety company for hire, duly authorized to transact business in Florida, said bond may be approved by the state comptroller.

History.—Act Sept. 13, 1822; §1, ch. 4544, 1897; RS 218; GS 302; RGS 413; CGL 479; §1, ch. 21765, 1943; §1, ch. 63-138.

 Ch. 137, Bonds of county officers.

117.02 Women eligible.—

(1) Women over twenty-one years of age are eligible to appointment by the governor as notaries public, and to hold and exercise the office thereof upon the same terms and conditions, and with the same powers and emoluments, as notaries now appointed by the governor.

(2) Any woman who is commissioned as a notary public and subsequently changes her name by marriage or any other method, may continue to hold her commission under the name in which it was issued until said commission shall have expired. Upon expiration, she shall then apply for a new commission using her correct name, except those married women who use their maiden name, or the name in which said commission was issued, in their occupation or profession.

History.—§1, ch. 4742, 1899; GS 303; RGS 414; CGL 480; §2, ch. 63-138.

117.03 May administer oaths.—In all cases where it may be necessary to the due and legal execution of any writing or document whatever

- 117.06 Validity of acts prior to first day of April, 1903.
 117.07 Must state time of expiration of commission; and affix seal.

to be attested, protested or published under the seal of his office, any notary public may administer an oath, and make certificate thereof, which shall have the same effect as if administered and certified by a justice of the peace; and any person making a false oath before a notary public shall be guilty of perjury in like manner as if the same was made before any justice of the peace of this state, and be subject to like penalties, forfeitures and disabilities as are prescribed by law in cases of willful and corrupt perjury.

History.—Sept. 13, 1822; RS 219; GS 304; RGS 415; CGL 481.

117.04 May solemnize marriages and take acknowledgments.—Notaries public are authorized to solemnize the rites of matrimony, and to take renunciation and relinquishment of dower, and the acknowledgments of deeds and other instruments of writing for record, as fully as justices of the peace and other officers of this state are; and for so doing they shall be allowed the same fees as allowed by law to other officers for like services.

History.—§2, ch. 1127, 1860; RS 220; GS 305; RGS 416; CGL 482.

117.05 Fees.—The fees of notaries public shall be as follows: For protesting bills of exchange, promissory notes, noting protest of captain of vessel and all other papers necessary to be protested, both for non-acceptance and non-payment, including the entering and registering of same, issuing certificates with seal, all necessary notices and postage and each and every act necessary to perfect such protest, two dollars; administering each oath, ten cents; attending at a demand, tender or deposit and noting the same, one dollar; each certificate with seal thereto, fifty cents; each order for survey, fifty cents; copying any paper necessary to be copied, the same as allowed clerks of the circuit court.

§116.06 Certain officers not required to report fees.

117.06 Validity of acts prior to first day of April, 1903.—Any and all notarial acts that were done by any notary public in the state prior to the first day of April, 1903, which would have been valid had not the term of office of the notary public expired, are declared to be valid.

History.—§1, ch. 5217, 1903; GS 307; RGS 418; CGL 484.

117.07 Must state time of expiration of commission; and affix seal.—Every notary public in the state shall add to his or her official signa-

ture to any acknowledgment taken before, or certificate made before him or her, relating to or affecting the sale, mortgage, transfer or assignment of any interest in and to any real or personal property, a statement of the time of the expiration of his or her commission as such notary public in words and figures as follows: "My commission expires _____"

(Herein insert the date when commission expires.) A notary seal shall be affixed to all documents notarized and shall include the words "Notary Public—State of Florida at Large." Such seal may also include the name of the notary public.

History.—§1, ch. 5218, 1903; GS 308; RGS 419; CGL 485; §3, ch. 63-138.

117.08 Notary public acting after expiration of commission.—Every notary public in this state who shall take any acknowledgment of any instrument as a notary public, or who makes any certificate as such, after the expiration of his commission, shall, upon conviction, be punished by fine not exceeding one hundred dollars, or imprisonment not to exceed three months.

History.—§2, ch. 5218, 1903; GS 3496; RGS 5376; CGL 7510. cf.—§775.06 Alternative punishment.

117.09 Penalties.—

(1) Every notary public in the state shall require reasonable proof of the identity of the person whose signature is being notarized and such person must be in the presence of the notary public at the time the signature is notarized. Any notary public violating the above provision shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than \$500.00 or by imprisonment for not more than 6 months or by both such fine and imprisonment. It shall be no defense under this section that the notary public acted without intent to defraud.

(2) Any notary public in this state who shall falsely or fraudulently take any acknowledgment of any instrument as a notary public or who falsely or fraudulently makes any certificate as a notary public or who falsely takes or receives an acknowledgment of the signature on any written instrument shall be deemed guilty of a felony and upon conviction shall be punished by imprisonment in the state prison not exceeding 5 years or by a fine not exceeding \$5,000.00 or by both such fine and imprisonment.

History.—§4, ch. 63-138.

CHAPTER 118

COMMISSIONER OF DEEDS

118.01 Appointment and power to take acknowledgments.

118.02 May administer oaths.

118.01 Appointment and power to take acknowledgments.—The governor may name, appoint and commission one or more commissioners in each of such of the states and territories of the United States, the District of Columbia, and in any foreign country, as he may deem expedient; and such commissioner shall continue in office for four years, and shall have authority to take the acknowledgment and proof of the execution of any deed, mortgage or other conveyance of any lands, tenements or hereditaments lying or being in this state, and any contract, letter of attorney, or any other writing under seal to be used or recorded in this state, and such acknowledgment or proof taken or made in the manner directed by the laws of this state and certified by any one of the said commissioners before whom the same shall be taken or made under his seal, which certificate shall be endorsed on or annexed to said deed or instrument aforesaid, shall have the same force and effect, and be as good and available in law for all purposes, as if the same had been made or taken before the proper officer of this state.

History.—§1, Jan. 28, 1831; RS 222; §1, ch. 4757, 1899; GS 309; RGS 420; CGL 486.

CHAPTER 119
PUBLIC RECORDS

- 119.01 Public records open to examination by citizens.
119.02 Penalty.

119.01 Public records open to examination by citizens.—All state, county and municipal records shall at all times be open for a personal inspection of any citizen of Florida, and those in charge of such records shall not refuse this privilege to any citizen.

History.—§2, ch. 5942, 1909; RGS 424; CGL 490.

119.02 Penalty.—Any official who shall violate the provisions of §119.01 shall be subject to removal or impeachment and in addition shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding one hundred dollars, or imprisonment in the county jail not exceeding three months.

History.—§2, ch. 5942, 1909; RGS 425; CGL 491; §1, ch. 17173, 1935.
cf.—§775.06 Alternative punishment.

119.03 Photographing public records.—In all cases where the public or any person interested has a right to inspect or take extracts or make copies from any public record, instruments or documents, any such person shall hereafter have the right of access to said records, documents or instruments for the purpose of making photographs of the same while in the possession, custody and control of the lawful custodian thereof, or his authorized deputy. Such work shall be done under the supervision of the lawful custodian of the said records, who shall have the right to adopt and enforce reasonable rules governing the said work. Said work shall, where possible, be done in the room where the said records, documents or instruments are by law kept, but if the same in the judgment of the lawful custodian of the said records, documents or instruments be impossible or impracticable, then the said work shall be done in such other room or place as nearly adjacent to the court house as may be, to be determined by the board of county commissioners of the said county. Where the providing of another room or place is necessary, the expense of providing the same shall be paid by the person desiring to photograph the said records, instruments or documents. While the said work hereinbefore mentioned is in progress, the law-

ful custodian of said records may charge the person desiring to make the said photographs for the services of a deputy of the lawful custodian of said records, documents or instruments to supervise the same, or for the services of the said lawful custodian of the same in so doing at a rate of compensation to be agreed upon by the person desiring to make the said photographs and the custodian of the said records, documents or instruments, or in case the same fail to agree as to the said charge, then by the board of county commissioners of said county.

History.—§§1, 2, ch. 6922, 1915; RGS 426; CGL 492.

119.04 Photographing and destruction of public records; alternative procedure.—Any state, county, or district officer, board, department, commission, institution, or other such agency may apply for permission to destroy any public records in the custody of the applicant, either with or without photographing the records prior to their destruction. The application shall be submitted to the secretary of state, the attorney general, and the state auditor, which officers shall constitute ex officio the public records screening board. The public records screening board may approve or disapprove the application, and if it approves it shall specify whether the records shall be photographed prior to their destruction. The public records screening board shall inform the state librarian of its approval of an application to destroy public records. Upon the request of the state librarian, any public records the destruction of which has been approved by the public records screening board shall be delivered into the custody of the state librarian and shall not be destroyed except in his discretion. Photographs made pursuant to this law shall have the same force and effect as the originals thereof would have. Section 92.35, relating to admissibility in evidence, is applicable to public records photographed pursuant to this law. This law is supplemental in nature and provides an alternative procedure to other provisions of law authorizing the photographing of public records.

CHAPTER 120

ADMINISTRATIVE PROCEDURE ACT

PART I RULE MAKING (§§120.011-120.071, 120.09)

PART II ADMINISTRATIVE ADJUDICATION PROCEDURE (§§ 120.20-120.28)

PART III JUDICIAL REVIEW (§§ 120.30-120.331)

PART 1 RULE MAKING

- 120.011 Legislative intent for part I.
 120.021 Definitions.
 120.031 Adoption of rules.
 120.041 Filing and taking effect of rules.
 120.051 Publication and distribution of rules.
 120.061 Revolving fund; appropriation.

120.011 Legislative intent for part I.—It is the intent of the legislature to establish a uniform procedure to be used by agencies in adopting rules and to provide notice of the adoption and content of rules, and that part I shall supersede all other laws on the same subject. Subsequent inconsistent laws shall supersede part I of this chapter only to the extent that they do so by express reference. No rule shall have retroactive effect unless expressly so provided, nor shall a rule impair or take away vested rights or benefits, other than procedural rights or benefits.

History.—§1, ch. 61-280.

120.021 Definitions.—For the purpose of part I:

(1) Agency means any state board, commission, department, or officer authorized by law to make rules, except the legislative and judicial departments of government, the military, and the governor.

(2) Rule means rule, order, regulation, standard, statement of policy, requirement, procedure, or interpretation of general application, including the amendment or repeal thereof, adopted by an agency to implement, interpret or make specific the law enforced or administered by it, or to govern its organization or procedure affecting the rights, duties, privileges or immunities of, or procedures available to the public or interested parties; but rule shall not include matter concerning only the internal management of the agency, nor special traffic regulations adopted by the state road department pursuant to chapter 317, or the Florida highway code of 1955.

History.—§1, ch. 61-280; (2) §1, ch. 63-552.

120.031 Adoption of rules.—In addition to other rule-making requirements imposed by law:

(1) Only rules adopted by an agency in the manner and form provided in part I shall be valid or effective, and then only if reasonably necessary to effectuate the specific authority granted to the agency by law and not in conflict or inconsistent therewith.

(2) Each rule adopted shall be accompanied by a reference to the legal authority pursuant to which the rule was adopted and a

 120.09 Disqualification of members of any commission, administrative body, etc.; substitutions; effect of orders, judgments, etc.

reference to the specific law being implemented, interpreted, or made specific.

History.—§1, ch. 61-280.

120.041 Filing and taking effect of rules.—

(1) Each agency shall file with the secretary of state a certified copy of each rule adopted by it.

(2) Copies of all agreements, cooperative and reciprocal, or contracts and amendments thereto between federal and state agencies, between the several states and their agencies, and between state agencies and local units of government shall be filed with the secretary of state but shall not be published.

(3) Each rule hereafter adopted shall become legally effective only upon filing but shall not become operative until thirty days after the summary of the rule is published in the register except for emergency rules as provided in subsection (4). The operative date of any rule may be postponed subsequent to thirty days after the summary is published in the register by specifying such date in the rule adopted.

(4) In any particular proceedings in which a state agency makes a finding, including a statement of facts constituting an alleged emergency, in writing, that the adoption of a rule is necessary for the immediate preservation of the public health, peace, and safety or general welfare, a rule may be adopted as an emergency rule. A rule adopted as an emergency rule shall remain in effect ninety days, unless such a rule so adopted be deemed necessary as a permanent rule, in which case it shall be adopted in the manner otherwise provided in this part.

(5) Each rule adopted shall contain only one subject and shall be preceded by a concise statement of the purpose of the rule and reference to the rules repealed or amended, but such statement shall not be printed in the code.

History.—§1, ch. 61-280; §2, ch. 63-552.

120.051 Publication and distribution of rules.—

(1) The secretary of state shall:

(a) Conduct a systematic and continuing study of the rules and regulations of this state for the purpose of reducing their number and bulk, removing redundancies and unnecessary

repetitions, and make such changes in style and form as shall be required to comply with the rules promulgated under paragraph (c).

(b) Publish in a permanent compilation entitled Florida administrative code all rules adopted by each agency, and publish a monthly bulletin entitled the Florida administrative register containing a summary of and an index to all rules filed during the preceding month. Supplementation of the code shall be made monthly or as often as is practicable.

(c) Prescribe by rule the style and form required of rules submitted for filing and to establish the forms, constructions and procedures for the execution of part I.

(d) Correct grammatical, typographical and like errors not affecting the construction or meaning of the rules and regulations.

(e) All rules and regulations general in form but of such local or limited application as to make their inclusion in the Florida administrative code or any revision or supplement thereof impracticable, undesirable or unnecessary shall be omitted therefrom but shall be filed in the office of the secretary of state. The exclusion of such local or limited rules from publication in the Florida administrative code shall not affect their validity or effectiveness.

(f) Make copies of the Florida administrative code and register available for sale at a price fixed by the secretary of state. Copies shall be made available to other state agencies at cost.

(g) Furnish free copies of the Florida administrative code to the following: one set each to the supreme court of the United States; the circuit court of appeals of the fifth circuit of the United States; the federal district courts within the state; the Florida supreme court; the Florida district courts of appeal; the Florida circuit courts; the Florida senators and representatives in congress; each member of the senate and house of representatives of Florida; the cabinet officers of the state; the state library and the libraries of the university of Florida, the Florida state university, Florida agricultural and mechanical university; two sets each to the law libraries of the university of Florida, Florida agricultural and mechanical university, Stetson university, and the university of Miami; three sets to the library of the attorney general of the state.

(2) Notwithstanding any other provisions of law each agency may print its rules in cooperation with and through the secretary of state; copies of such rules desired by an agency for distribution by it may be obtained from the secretary of state and shall be paid for from the agency's appropriations.

History.—§1, ch. 61-280; §3, ch. 63-552.

120.061 Revolving fund; appropriation.—

(1) There is hereby created and established in the state treasury a revolving fund to be known as the secretary of state's publication revolving trust fund and there is hereby appropriated to said revolving trust fund from

the general revenue fund of the state the sum of ten thousand dollars.

(2) All moneys collected by the secretary of state from sales of the code, register and supplements thereto shall be deposited in the revolving trust fund for the purpose of paying the printers' contract cost for the preparation and publication of same and postage for mailing, and for contract costs of other legal indexes and publications prepared by the secretary of state as required in carrying out the purpose of these sections.

(3) The unencumbered balance of money in the revolving trust fund at the beginning of each biennium shall not be in excess of ten thousand dollars. Any excess of such balance shall be transferred to the general revenue fund. An amount sufficient to bring the revolving trust fund up to ten thousand dollars is appropriated and shall be transferred from the general revenue fund for the purposes set forth in this section.

(4) All fees collected by the secretary of state for services rendered under these sections shall be deposited in the revolving trust fund.

History.—§8, ch. 29777, 1955; §1, ch. 61-292; §4, ch. 63-552.
Note.—Formerly §120.17.

120.071 Service of process on state agencies.

—Each agency shall designate a person within the agency upon whom service of process may be served. The name and address of such person shall be filed with the secretary of state. If the person's name is not so filed, service of process may be had on the agency by serving the secretary of state in the name of the agency concerned.

History.—§1, ch. 61-280.

120.09 Disqualification of members of any commission, administrative body, etc.; substitutions; effect of orders, judgments, etc.—

(1) Any member of a commission elected by the people of the state and authorized by the statutes to exercise judicial powers may be disqualified, either voluntarily or involuntarily, from serving in a particular investigation, inquiry, hearing, trial, appeal, matter or thing on the same grounds, in the same manner and to the same extent as circuit judges may be disqualified from acting in a judicial capacity. In the event a commissioner is disqualified as aforesaid the governor shall appoint a circuit judge to serve temporarily in such pending matter in lieu of the disqualified commissioner. Provided, however, the provisions of this section shall not apply to the state insurance commissioner and the commissioner of agriculture.

(2) Any member of a commission, authority, administrative body or governmental agency existing under the laws of the state may be disqualified, either voluntarily or involuntarily, for bias, prejudice, interest or other causes, to serve in a particular investigation, inquiry, hearing, trial, appeal, matter or thing. If the disqualified member holds his membership by appointment the appointing power shall appoint a substitute to serve temporarily in such pending matter in lieu of the disqualified member

If the disqualified member is an elected official and is not authorized by the statutes to exercise judicial powers the governor shall appoint a substitute to serve temporarily in such pending matter in lieu of such disqualified member. Provided, however, the provisions of this section shall not apply to the state insurance commissioner and the commissioner of agriculture.

(3) Any judgment, order, determination or decision made with respect to any investigation,

inquiry, hearing, trial, appeal, matter or thing by any commission, authority, administrative body or governmental agency, consisting in whole or in part of persons appointed under the provisions of this law, shall be as conclusive and effective as if such judgment, order, determination or decision had been rendered by the commission, authority, administrative body or governmental agency as it was constituted prior to any substitution of members hereunder.

History.—Comp. §§1-3, ch. 26854, 1951.

PART II

ADMINISTRATIVE ADJUDICATION PROCEDURE

120.20 Legislative intent for part II.

120.21 Definitions.

120.22 Hearing guaranteed.

120.23 Notice of hearing.

120.24 Conduct and record of hearing.

120.20 Legislative intent for part II.—It is the intent of the legislature to establish minimum requirements for the adjudication of any party's legal rights, duties, privileges or immunities by state agencies. Subsequent inconsistent laws shall supersede part II only to the extent that they do so by express reference.

History.—§2, ch. 61-280.

120.21 Definitions.—As used in this part:

(1) Agency means the governing body of any state board, commission or department, or state officer who constitutes the agency authorized by law to adjudicate any party's legal rights, duties, privileges or immunities, except the legislature, courts and governor.

(2) Adjudication means agency proceeding for the formulation of an order.

(3) Order means the whole or any part of the final decision (whether affirmative, negative, injunctive, or declaratory in form) of any agency in any matter other than rule making but including licensing.

(4) Party means individuals, partnerships, corporations, associations, or public or private organizations of any character, and any other agency allowed to intervene in an agency proceeding.

(5) License means the whole or part of any agency permit, certificate, approval, registration, charter, membership, statutory exemption or other form of permission.

(6) Licensing means agency process respecting the grant, renewal, denial, revocation, suspension, annulment, withdrawal, limitation, amendment, modification, or conditioning of a license.

(7) Agency proceeding means any agency process as defined in subsections (2), (3), (5) and (6).

History.—§2, ch. 61-280.

120.22 Hearing guaranteed.—Any party's legal rights, duties, privileges or immunities shall be determined only upon public hearing by an agency unless the right to public hearing

120.25 Agency's and hearing examiner's powers.

120.26 Procedure for due process.

120.27 Evidence.

120.28 Separation of functions.

is waived by the affected party, or unless otherwise provided by law.

History.—§2, ch. 61-280.

120.23 Notice of hearing.—Parties affected by agency action shall be timely informed by the agency of the time, place, and nature of any hearing; the legal authority and jurisdiction under which the hearing is to be held; and the matters of fact and law asserted. In fixing the time and place for hearings, due regard shall be had for the convenience and necessity of the parties or their representatives. Each agency shall adopt appropriate rules of procedure for notice and hearing.

History.—§2, ch. 61-280.

120.24 Conduct and record of hearing.—

(1) All hearings shall be presided over by the agency, or by a member of the agency, or by a hearing examiner supplied by the agency who shall be competent by reason of training or experience.

(2) The agency shall, by stenographic or mechanical device, accurately and completely preserve the testimony and exhibits in the agency proceeding, and the recommended order of the hearing examiner or member of the agency, if any, together with all pleadings, briefs and requests filed in the agency proceeding which shall constitute the exclusive record for any final order. Where any agency order rests on official notice of a material fact not appearing in the evidence in the record, any party shall on timely request be afforded an opportunity to show the contrary.

History.—§2, ch. 61-280.

120.25 Agency's and hearing examiner's powers.—The agency, member of the agency, or the hearing examiner shall have authority, subject to the agency's published rules, to

(1) Administer oaths and affirmations,

(2) Issue subpoenas authorized by law,

(3) Rule upon offers of proof and receive relevant evidence,

(4) Take or cause depositions to be taken

whenever the ends of justice would be served thereby,

(5) Regulate the course of the hearing,
(6) Hold conferences for the settlement or simplification of the issues by consent of the parties,

(7) Dispose of procedural requests or similar matters, and

(8) Enter any order to carry out the purposes of this law, or as to a member of the agency or hearing examiner make recommended orders to the agency, as the case may be, which orders shall include findings of fact.

History.—§2, ch. 61-280.

120.26 Procedure for due process.—The agency shall afford all parties authorized by law to participate in an agency proceeding the right, to

(1) Present his case or defense by oral and documentary evidence,

(2) Submit rebuttal evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts,

(3) Submit for the consideration of the hearing examiner, member of the agency, or the agency if it receives the evidence, proposed findings and conclusions and supporting reasons therefor,

(4) Submit exceptions to the order of the agency or to a recommended order, if one is made, and make oral arguments in support of any such exceptions,

(5) Make offers of settlement or proposals of adjustment,

(6) Be accompanied, represented, and advised by counsel or to represent himself, and

(7) Be promptly notified of the denial in whole or in part of any written application, petition or other request, and of any other agency action affecting substantive or procedural rights taken in connection with any agency proceeding.

History.—§2, ch. 61-280.

120.27 Evidence.—The hearing examiner, member of the agency, or agency shall give probative effect to evidence which would be admissible in civil proceedings in the courts of this state, but in receiving evidence due regard shall be given to the technical and highly complicated subject matter agencies must handle and the exclusionary rules of evidence shall not be used to prevent the receipt of evidence having substantial probative effect. Otherwise effect shall be given to the rules of evidence recognized by law in this state.

History.—§2, ch. 61-280.

120.28 Separation of functions.—No hearing examiner shall, in any proceeding where he presided as hearing examiner or a factually related proceeding, participate or advise the agency in entering its order except through his recommended order.

History.—§2, ch. 61-280.

PART III

JUDICIAL REVIEW

120.30 Declaratory judgment on validity of rules.

120.31 Review of agency orders.

120.30 Declaratory judgment on validity of rules.—

(1) Any affected party may obtain a judicial declaration as to the validity, meaning or application of any rule by bringing an action for a declaratory judgment in the circuit court of the county in which such person resides or in which the executive offices of the agency are maintained. This subsection shall not apply to chapter 212.

(2) In addition to any other ground which may exist, any rule may be declared invalid, in whole or in part, for a substantial failure to comply with the provisions of this chapter, or in the case of any emergency rule, upon the ground that the facts recited in the statement do not constitute an emergency.

History.—§3, ch. 61-280.

120.31 Review of agency orders.—

(1) As an alternative procedure for judicial review, and except where appellate review is now made directly by the supreme court, the final orders of an agency entered in any agency proceeding, or in the exercise of any judicial or quasi-judicial authority, shall be reviewable by certiorari by the district courts of appeal within the time and manner prescribed by the

120.321 Inapplicability of §120.041 (3), (4) to chapter 601.

120.331 Effective date.

Florida appellate rules. If judicial review is sought under this section, the petition shall so state. The venue of the proceedings for such review shall be the appellate district which includes the county wherein hearings before the hearing officer or agency, as the case may be, are conducted, or if venue cannot be thus determined, then the appellate district wherein the agency's executive offices are located.

(2) In cases where certiorari is granted pursuant to this section, the court may issue its mandate, or order, with directions to the agency to enter such order in the proceedings as is appropriate on the record, or the court may remand the cause for such further proceedings, including the taking of testimony, as may to the court seem necessary or proper:

(a) To accord the parties due process of law;

(b) To establish a sufficient record, for review;

(c) To accord the parties their constitutional, statutory or procedural rights; and

(d) To accomplish the purposes and objectives of the law pursuant to which the administrative proceeding was initiated.

(3) When supersedeas is not otherwise pro-

vided for, any such ruling or order of an agency, may in appropriate cases, be superseded upon an application for supersedeas showing good cause therefor, made to the agency, or the court. If the order has the effect of suspending or revoking a license, supersedeas shall be granted, as of right, upon such conditions as shall be reasonable, and in any event the order granting supersedeas shall specify the conditions upon which supersedeas is granted.

(4) When appropriate, a party may attack an adverse order by mandamus, prohibition or injunction, and costs shall be assessed as provided in other civil actions.

History.—§3, ch. 61-280.

120.321 Inapplicability of §120.041 (3), (4) to chapter 601.—Nothing contained in section 120.041 (3) and (4) shall affect or repeal the

provisions of chapter 601.

History.—§4, ch. 61-280.

120.331 Effective date.—This act shall take effect July 1, 1961. Each agency has until June 30, 1962, to rewrite its rules existing prior thereto in the style and form prescribed by the secretary of state, who shall adopt such original rules no later than August 1, 1961; provided further, that rules not complying with the foregoing shall be ineffective after June 30, 1962. No hearing is required to be held on the adoption of rules rewritten as required in this section in which no change in substance was made. Any hearing or other proceedings affected by part II or part III of this act shall continue unabated or unaffected by the passage of part II or part III of this act.

History.—§6, ch. 61-280.

122.01 State and county officers and employees retirement system; consolidation; divisions.—

(1) Chapter 121, the state officers and employees compulsory retirement system, and chapter 134, the county officers and employees compulsory retirement system are hereby consolidated and shall be known as the "state and county officers and employees retirement system."

(2) Any person who is employed after the effective date of this chapter, (July 1, 1955), by a county having a retirement system shall be a compulsory member of this retirement system unless he becomes a member of a local county retirement system at the time of employment.

(3) The rights of members of the retirement system established by former chapters 121 and 134, Florida Statutes, shall not be impaired, nor shall their benefits be reduced by virtue of any part of this chapter.

(4)(a) The state and county officers and employees retirement system shall be deemed to be divided into two divisions to be designated division A and division B.

Division A of this system shall consist of those members of the system who were employed prior to July 1, 1963, who did not elect to become members of division B; and §§122.01 to 122.20, inclusive and §§122.34 to 122.36, inclusive shall control with respect to division A and membership therein.

Division B of this system, established for the purposes and within the contemplation of section 218(d) (6) of the federal social security

act ((42 USCA §418 (d) (6))) for the purpose of affording to the members of said division B the opportunity to obtain federal social security coverage, shall consist of those members of the system who elected to or were required to become members of division B, as hereinafter provided and §§122.21 to 122.36 shall control with respect to division B and membership therein.

(b) Notwithstanding any provision to the contrary contained in this chapter, §122.34 shall apply with respect to sheriffs and "high hazard" deputy sheriffs, as provided for herein, to the extent that the provisions of such sections are at variance or in conflict with the sections otherwise applicable, and with respect to members who are classified as "high hazard" members as hereinafter defined, the provisions of §122.03, §122.08, §122.27, and §122.28 shall be subject to the provisions of §122.34.

(5) Notwithstanding any provision contained herein to the contrary, the provisions of this chapter relating to age for retirement under §122.08 shall be subject to amendment or modification by subsequent legislation at any time and all other provisions of this chapter relating to the administration of the system or to the duties, rights, privileges, requirements, and benefits of those persons who become members on or after July 1, 1963, shall be subject to amendment, modification, deletion or substitution by act of the 1965 legislature of the state and all such legislation shall apply retroactively to July 1, 1963, with respect to those persons who become members on or after July 1, 1963; provided, however, that such

legislation shall not set the age for retirement, as specified in §122.08(1) to exceed the age of sixty-five years, nor shall such legislation affect any benefit which becomes payable to, or with respect to, such members prior to July 1, 1965.

History.—§§1, 25, 26, ch. 29801, 1955; §1, ch. 57-382; §§1 and 2, ch. 63-555.
cf.—For history notes on chapters consolidated see table of repealed sections.

122.02 Definitions.—The following words and phrases as used in this chapter shall have the following meaning unless a different meaning is plainly required by the context:

(1) "State and county officers and employees" shall include all full-time officers or employees who receive compensation for services rendered from state or county funds, or from funds of drainage districts or mosquito control districts of a county or counties, or from funds of the state board of administration or from funds of closed bank receivership accounts or from funds of any state institution or who receive compensation for employment or service from any agency, branch, department, institution or board of the state, or any county of the state, for service rendered the state or county from funds from any source provided for their employment or service regardless of whether the same is paid by state or county warrant or not; provided that such compensation in whatever form paid shall be specified in terms of fixed monthly salaries by the employing state or county agency or state or county official and shall not include amounts allowed for professional employees for special or particular service or for subsistence or traveling expenses; provided further the comptroller shall prescribe appropriate procedure for contribution deduction out of such compensation in accordance with the provisions of this chapter, provided further that such officers and employees defined herein shall not include those officers and employees excepted from the provisions by §122.18 of this law.

(a) Any employee of a county agricultural conservation association who has heretofore made contributions to the retirement trust fund by virtue of administrative interpretation, may continue to contribute to the retirement trust fund; provided further, any former employee of a county agricultural conservation association, upon making proper payments to the retirement trust fund in accordance with this chapter, may claim such prior service.

(2) "Average final compensation" shall mean the average salary of the ten best contributing years of the last fifteen years prior to retirement, or the career average since July 1, 1945, which ever is greater. A year shall be twelve running months. In the event that an officer or employee has not contributed to the retirement trust fund for at least ten years, then the average final compensation shall mean the average salary of the last ten years service.

(3) "Salary" shall mean the fixed monthly compensation paid officers and employees, and where officers' or employees' compensation is derived from fees set by statute, salary shall be the total cash remuneration received from

such fees. Under no circumstances shall salary include fees paid professional persons for special or particular services.

(4) (a) In determining the aggregate number of years of service of any officer or employee the time of military service between 1939 and 1946 by the employee on leave of absence shall be added to the years of state or county service. Credit for any other military service shall not exceed four years; provided that those individuals who were employed by the war manpower commission in Florida (or on military leave from the war manpower commission) prior to November 16, 1946, by the national re-employment service in Florida subsequent to June 30, 1933, the Florida state employment service subsequent to June 30, 1935, or in the readjustment allowance or employment service departments of the veterans administration in Florida between July 1, 1944 and January 1, 1950, and who continued in employment with the state or any county without more than one interruption in the performance of service, this interruption not to exceed five years, shall be entitled to credit for continuous service for all such employment with the named agency or department, and shall have such time added to their aggregate number of years of service; provided, further, that any such employee claiming such credit shall pay into the state and county officers and employees retirement trust fund an amount equivalent to the amount which would have been placed in the fund had such employee been paying into the fund from July 1, 1945 on the basis of the wages paid to such employee by the federal government, plus interest thereon at the rate of three per cent per annum; and provided, further, that such persons shall furnish proper proof from the governmental agency showing the payment of wages for such service and such persons are not claiming and have not been allowed credit for such service in a federal or any other retirement system. Leave of absence shall be construed to cover any officer or employee of the state or county who was serving as such during the calendar year of 1940, or any time subsequent thereto, and who resigned his employment in time of war or national emergency to enter military service, and who thereafter returned to his former employment with the state or county as soon as possible after release from military service.

(b) Any person claiming prior service credit under the provisions of this subsection shall pay into the state and county officers and employees retirement trust fund a contribution equal to five per cent of the earnings received during the period being claimed, plus three per cent interest thereon compounded annually, such interest to commence and run from July 1, 1945, with respect to service prior thereto and from dates of employment with respect to service subsequent to June 30, 1945, and such interest shall run to date of payment in full of all such contributions and interest.

(5) If compensation for accumulated annual leave is due and payable and is paid to the

surviving spouse and the necessary contribution is made to the retirement trust fund, time for accumulated annual leave, not to exceed thirty working days, shall be added to the aggregate number of years service and to the member's age, provided such time is needed to make the member eligible for retirement benefits at the time of death, in which event the retirement benefits shall be computed on the basis of the retirement age specified in §§122.08(1) and 122.08(2)(a) if the member died prior to July 1, 1963, or on the basis of a retirement age of sixty-five years if the member died on or after July 1, 1963. Otherwise aggregate number of years of service shall mean the total number of years, and fractional parts of years, of service of any officer or employee omitting intervening years and fractional parts of years, when such officer or employee may not be employed by the state or county. Provided that any nonacademic employee of a school board shall receive a full year's service credit for all years under the following conditions:

(a) Provided all necessary contributions have been made to the retirement trust fund.

(b) Provided the employee is employed and receives salary for the full school year.

122.03 Contributions; participants; prior service credit.—

(1) From and after July 1, 1955, the officer or board paying salaries to officers or employees entitled to the benefits of this law shall deduct six per cent from each installment of salary of each officer or employee so long as such officer or employee shall hold office, or be employed and said amount so deducted shall be deposited in a special trust fund hereby established in the state treasury, to be known as the "state and county officers and employees retirement trust fund." Provided further, whenever any county now or hereafter authorized by law to take over and perform the functions of a municipality, exercises such power and takes over functions heretofore performed by a municipality, and as a result thereof municipal employees become county employees and are paid salaries from county funds, such employees who are members and continue to be members of a municipal retirement system shall not be eligible to participate in the state and county officers and employees retirement trust fund. Such employees, whose pension or retirement rights are otherwise preserved, who by merger, transfer or assignment of governmental units or functions, become county employees, shall not lose their municipal pension or retirement rights, or any reserves accrued to their benefit during their period of employment with a municipality and the county is authorized to pay into such municipal retirement system during the period that such employees remain as county employees the sums of money previously paid by the municipality for the benefits of such employees, and may make appropriate deductions from the employees' salaries to preserve their retirement

benefits. Provided further, such employees who by merger, transfer or assignment of governmental units or functions, become county employees shall have six months from the date they become county employees to elect to remain in the retirement system of which they were members as municipal employees or become compulsory members of the state and county officers and employees retirement system. Such employees becoming compulsory members of the state and county officers and employees retirement system shall be classed as new members of the state and county officers and employees retirement system and any service rendered by such employees as municipal officers or employees, prior to becoming compulsory members of the state and county retirement system, shall not be allowed.

(2) Any officer or employee who held office or was employed by the state or a county of the state on July 1, 1945 or October 1, 1950 and has been holding office or has been continuously employed from April 1, 1955:

(a) May receive credit for prior service rendered subsequent to 1945;

(b) Credit for service rendered prior to July 1, 1945 shall be continuous except that one period of absence not more than five years shall be allowed, and in computing such service credit, the period of absence shall not be creditable service.

(c) Provided any person receiving prior service credit under (a) or (b) pays into the retirement trust fund the amount he would have paid had he been a member since July 1, 1945, plus three per cent interest per annum; provided further that no officer or employee shall make contributions under this section for less than ten years or for his total service being claimed, whichever is less.

(3) Any officer or employee claiming prior service under subsection (2) of this section shall make the required payment on or before the time of actual retirement.

(4) Any officer or employee who formerly rejected the provisions of the retirement law may elect to become a member of the retirement system at any time. Any person becoming a member under this subsection shall not receive any prior service credit.

(5) Any state or county officer or employee who prior to becoming a state or county officer or employee was a member of the department of public safety pension fund, and who is not receiving retirement benefits under said fund, shall be a compulsory member of the state and county officers and employees retirement system, and if any such state or county officer or employee has not received a refund from the department of public safety pension fund, the amount he has paid into said fund, plus the amount the state has paid into said fund to match the employee's payment, shall be transferred from the department of public safety pension fund to the state and county officers and employees retirement trust fund, or if such person has received a refund from the department of public safety pension fund, then any

such state or county officer or employee shall, within twenty-four months from the time such person becomes a state or county officer or employee, or within twenty-four months from July 1, 1963, whichever is the later date, pay into the state and county officers and employees retirement trust fund five per cent of the salary he has received from the department of public safety, beginning with July 1, 1945, to June 30, 1955, inclusive and from July 1, 1955, six per cent of the salary he has received from the department of public safety, plus three per cent per annum interest thereon. Thereupon the total time spent with the department of public safety since its creation in chapter 19551, acts of 1939, shall be added to and computed with such person's service as a state or county officer or employee. No state or county officer or employee who is receiving benefits under the department of public safety pension fund shall be eligible to become a member of the state and county officers and employees retirement trust fund.

(6) Any official court reporter now a member of the state and county officers and employees retirement system may claim credit for all prior service as a secretary to a circuit judge doing court reporting work by paying into the retirement trust fund five per cent of the total earnings received by such person for such service as a secretary to a circuit judge doing court reporting work, or in the alternative may elect to pay on earnings in the sum of two hundred fifty dollars per month for the number of months of service as a deputy court reporter, plus three per cent interest per annum, and provided that no credit may be extended for service prior to July 1, 1945.

(7) Any officer or employee who held office or was employed by the state or a county of the state continuously from May 1, 1959, and who has not previously received credit for, or is not eligible to claim credit for, prior years of service under subsection (2); or any officer or employee who holds office or is employed by the state or a county of the state on June 1, 1961, and is continuously employed; or any officer or employee who holds office or is employed by the state or county of the state after June 1, 1961, and who is continuously employed for three years, during which period of time no back payments may be made:

(a) May claim credit for all prior years of service under the conditions hereinafter set forth.

(b) Credit for service prior to July 1, 1955, may be allowed, provided a contribution of five per cent of all salary received in the period being claimed, plus three per cent interest compounded annually, is made to the state and county officers and employees retirement trust fund on or before the time of actual retirement.

(c) Credit for service subsequent to July 1, 1955, may be allowed, provided a contribution of six per cent of all salary received in the pe-

riod being claimed, plus three per cent interest compounded annually, is made to the state and county officers and employees retirement trust fund on or before the time of actual retirement.

(d) Prior service allowance may be made only for those periods in which state or county records of service and salary are available, or at least three affidavits and such other information as might be required by the state comptroller to meet the provisions of this law.

(e) Interest shall be computed as due on the total amount of the contributions for prior service and shall be computed as of July 1, 1945, to date of payment in full.

(8) Any state or county officer or employee who is receiving workmen's compensation payments may contribute to the retirement trust fund during the time such compensation is being received. The amount of contribution shall be based on the last full month's salary received prior to the date of injury. Any officer or employee making the required contribution shall be allowed credit for such period not to exceed three hundred fifty weeks.

(9) Any widow of a county official or former county official, who was formerly employed full time in the office of the county official and who is presently employed by the said county official or is a county official of any such county and who did not receive compensation for a period of more than ten years as such employee, may receive credit for retirement purposes as provided for in this chapter by:

(a) Contributing to the said retirement trust fund on a salary computed on the basis of one third of the compensation received by the said county official for the period of time the said employee did not receive any compensation, and interest on said contribution shall be paid at the rate of three per cent per annum from July 1, 1945.

(b) Submitting affidavits from one assistant state auditor and two county officials or former county officials from any such county to substantiate said employment.

History.—§3, ch. 29801, 1955; (3) §1, ch. 57-363; (6)n. §1, ch. 57-350; (7), (8)n. §2, ch. 57-363; (7)(d) §1, ch. 57-1986; (1) §1, ch. 59-203; (5) §1, ch. 59-285; (7) §1, ch. 59-303; (1), (2)(c), (5), (7)(b), (c), (8) §2, ch. 61-119; (7) §1, ch. 61-291; (9) n. §1, ch. 61-434; (5) §9, ch. 63-555.

122.04 Compulsory participation.—The provisions of this law shall be compulsory as to all persons who enter the employment of the state or county of the state on or after July 1, 1947, and there shall be deducted from the salary of every officer and employee who thereafter enters the employment of the state or county of the state six per cent as provided for in §122.03. All persons entering the service of the state or county of the state after July 1, 1947 shall be considered new employees or new officers and no prior service of such employees or officers shall be computed as part of their aggregate number of years of service under this law, except employees in military service on leave of absence who return immediately from military

service to the service of the state or county of the state. Provided further that any person who is employed after the effective date of this chapter by a county having a retirement system shall be a compulsory member of this retirement system unless he becomes a member of its local retirement system.

History.—§4, ch. 29801, 1955.

122.05 Legislator services included.—

(1) The aggregate days of service heretofore or hereafter rendered the state legislature, as a member of the senate or house of representatives by any participants of the state and county officers and employees retirement system shall be computed as a part of the aggregate years of state or county service of such participant in said retirement system, and it shall be the duty of state officials administering the provisions of said system to allow any such participant such legislative service, together with other service rendered by such participant to the state or county.

(2) The comptroller and other state officials administering said retirement system shall make the contribution deductions required by law from the compensation hereafter received by any of the said participating members of the legislature for service rendered the state legislature in the same manner as in the case of other state employment.

(3) Any member of the legislature on the effective date of this chapter may claim credit for all prior service as such member by paying into the state and county officers and employees retirement trust fund the required amount as computed by the comptroller, plus three per cent interest per annum and upon making such payment shall be entitled to receive credit for his full terms as such legislator. Provided further that any member of the legislature who previously had vested rights under the retirement law would not have his benefits accumulated at the time he takes office as such legislator reduced by virtue of such service as a legislator.

(4) Any member of the legislature who had vested rights under the retirement law, prior to becoming a member of the legislature, may use the average salary of the best ten years of the last fifteen years of creditable service earned prior to becoming a member of the legislature.

History.—§5, ch. 29801, 1955; (4) n. §1, ch. 59-461; (3) §2, ch. 61-119.

122.06 Legislative employee services included.—

(1) Aggregate days of attache service heretofore or hereafter rendered the state legislature by any participant of the state and county officers and employees retirement system shall be computed as a part of the aggregate years of state service of such participant in said retirement system, and it shall be the duty of state officials administering the provisions of said system to allow any such participant such legis-

lative attache service, together with other service rendered by such participant to the state or county.

(2) The comptroller and other state officials administering said retirement system shall make the contribution deductions required by law from the compensation hereafter received by any of the said participating attaches for service rendered the state legislature in the same manner as in the case of other state employment.

History.—§§6, 7, ch. 29801, 1955.

122.061 Hospital districts and county hospital corporations; officers and employees included.—

(1) Boards of hospital districts and county hospital corporations may elect to bring employees of such districts or corporations under the provisions of the retirement law. Once this election is made it may not be revoked and all present and future employees shall be compulsory members of the state and county officers and employees retirement system.

(2) All boards of hospital districts and county hospital corporations who now have officers and employees participating in the state and county officers and employees system will continue to have such coverage as provided by chapter 122. The presumption being that such boards have elected to come under the law.

(3) The rights of any officer or employee who is a member of the state and county officers and employees retirement system or who is receiving benefits under the provisions of chapter 122, by virtue of attorney general's opinion and comptroller's rulings rendered prior to the declaratory decree of the circuit court of the second judicial circuit of Florida, March, 1957, shall not be impaired or reduced.

(4) The provisions of this section shall not apply to the north Broward hospital district nor to the south Broward hospital district, both in Broward county, it being the express intention hereof that the officials and employees of the two said districts shall not be eligible for membership in the state and county officers and employees retirement system.

History.—§§1-4, ch. 57-47.

122.07 Seasonal state employment included; time limit and procedure for claiming.—

(1) Any seasonal state employee who works for and draws compensation from the state, or any of its departments, for a period of more than six months during the fiscal year, that is, from July 1 of any year to June 30 of the following year, inclusive, but who works the remainder or a part of such fiscal year in the same or a similar capacity for another state or department thereof, may receive credit for the actual time employed by another state or department thereof, provided that such employee shall comply with the conditions hereinafter specified.

(2) Any state employee in the classification

set forth in §122.01 may elect to receive credit as a state employee under the state and county officers and employees retirement system and shall thereupon within thirty days after the end of each fiscal year file with the comptroller upon a form to be provided by the comptroller a statement under oath stating his name and permanent address within this state, the nature of his employment in the state during said fiscal year, giving the dates of commencement and termination thereof, the nature of his work within the state, together with his compensation from the state during said period, together with a statement that he was employed in employment of the same character out of the state during the remainder of such fiscal year and such other information as may, in the opinion of the comptroller, be necessary or appropriate in the carrying out of this section. Such statement shall be accompanied by a cash payment to the comptroller by such employee of an amount equal to six per cent plus the state's percentage of contribution of the salary drawn by such employee during his last full month of employment by the state or any department thereof, for each month during said fiscal year for which such employee was not employed by the state, or any department thereof, but was employed by some other state. The comptroller shall thereupon examine said statement, and if the same complies with this law, the comptroller shall thereupon deposit said payment in said retirement trust fund and shall advise such person that he is entitled to credit for said additional contribution under said state and county officers and employees retirement system. The fiscal year herein referred to shall be from July 1 to June 30 of the succeeding calendar year.

(3) If such person fails, or does not elect to file said statement and make said tender within thirty days after the end of such fiscal year, such employee shall forfeit any right to credit for such time of unemployment in Florida.

History.—§8, ch. 29801, 1955; (2) §2, ch. 61-119.

122.08 Requirements for retirement; classifications.—There shall be two retirement classifications for all state and county officers and employees participating herein as hereafter provided in this section:

(1) Any state or county officer or employee who has attained the age of sixty years or more, and has accumulated service with the state and county for at least ten years in the aggregate within the contemplation of this law, and who has made or makes contributions to the state and county officers and employees retirement trust fund for five or more years as prescribed in this law, may voluntarily retire from office or employment and be entitled to receive retirement compensation, the amount of which shall be two per cent for each year of service rendered, based upon the average final compensation, payable in equal monthly installments, upon his own requisition. Requisition requirements shall be set by the comptroller.

(2) (a) Any state or county officer or employee who has attained the age of fifty-five or more (but less than sixty) and has accumulated at least ten years service in the aggregate within the contemplation of this law and who has made or makes contributions to the state and county officers and employees retirement trust fund for five or more years as prescribed by this law may elect to retire and receive a reduced benefit, which would be the actuarial equivalent of the benefits provided in subsection (1) of this section.

(b) Any county officer or employee who has served as sheriff or a full-time deputy sheriff for the last ten years or more of his employment and has attained the age of fifty or more (but less than sixty) and accumulated at least ten years' service in the aggregate within the contemplation of this law, and who has made or makes contributions to the state and county officers and employees retirement trust fund for five or more years, as prescribed by this law, may elect to retire and receive a reduced benefit, which would be the actuarial equivalent of the benefits provided in subsection (1) of this section.

(3) Any state or county officer or employee shall have the right at any time prior to receipt of his first monthly installment of retirement compensation to elect to receive a reduced retirement compensation with the provisions that if such officer or employee dies after retirement compensation installments have commenced the excess if any of his total contributions made to the retirement trust fund, without interest, over the total retirement compensation received by him shall be paid in accordance with the beneficiary designation of this law. The amount of such reduced retirement compensation shall be the actuarial equivalent of the amount of such retirement compensation otherwise payable to him.

(4) Any state or county officer or employee shall have the right at any time prior to receipt of his or her first monthly installment of retirement compensation to elect to receive a reduced retirement compensation with the provision that the surviving spouse shall continue to draw such reduced retirement compensation, or one half thereof if so designated, so long as such spouse shall live. The amount of such reduced retirement compensation shall be the actuarial equivalent of the amount of such retirement compensation otherwise payable such officer or employee. Any state or county officer or employee who becomes eligible for retirement and continues to hold office or be employed shall be construed to have selected the option herein which will afford the surviving spouse the greatest amount of benefits. Should such officer or employee die before retiring, his surviving spouse shall be entitled to receive either the accumulated contributions of such officer or employee at the date of death or the reduced retirement compensation to which the surviving spouse would have been entitled under such option, calculated on the assumption that such

at the time of retirement to change the option so provided; and, should the option be changed or not at the time of retirement, such option shall be effective immediately upon retirement and thereafter may not be revoked.

(5) Tables for computing the actuarial equivalent shall be approved by the comptroller.

(6) Any person retiring under the disability provision of this chapter shall not be entitled to the options of subsection (4) of this section.

(7) On and after January 1, 1955 any member of this retirement system who is adjudged insane and who dies prior to a guardian being appointed and who at the time of his death is eligible for retirement shall be conclusively presumed to have retired and elected to take a reduced retirement benefit which would provide one-half of the said reduced benefit for the surviving spouse.

(8) No state or county official or employee who has a shortage in his accounts, as certified by the state auditing department, may retire or receive any benefits under this chapter so long as such shortage exists.

(9) Any member of the retirement system whose rights have been preserved under §122.01 (3), and who has had thirty years of service may exercise the option provided for in subsection (4) of this section as it applies to persons who are eligible for normal retirement benefits.

(10) The surviving spouse of any deceased state or county officer or employee, when said decedent is less than fifty-five years of age and has accumulated at least twenty-five years service in the aggregate within the contemplation of this chapter and has made contributions to the state and county officers and employees retirement trust fund for five or more years as prescribed by this chapter, may elect to pay into the state and county officers and employees retirement trust fund an amount equivalent to the amount which would have been paid into the trust fund had such decedent lived and continued his employment or service until he had thirty years service based on the said decedent's wages for the twelve month period preceding his death; if such payments are made, then and in that event said surviving spouse shall be entitled to collect under that provision of this chapter which will afford the surviving spouse the greatest amount of benefits. It is herein expressed that the surviving spouse shall have the same right to exercise any election or option granted under the provisions of this chapter as existed in the decedent. The provisions of this subsection shall be retroactive to April 1, 1957, and expire for any surviving spouse who has not made full payment and adjustment with the comptroller on or before December 31, 1959.

History.—§9, ch. 29801, 1955; (1) §3, (2)(b)n. §4, (4) §5, ch. 57-363; (9)n. §1, ch. 57-210; (10)n. §1, ch. 59-465; (1)-(3), (10) §2, ch. 61-119; (4) §4, ch. 63-555.

122.09 Disability retirement; medical examinations.—Whenever any officer or employee of the state or county of the state has service credit as such officer or employee for ten years

within the contemplation of this law, the last five years of which must be continuous unbroken service, and who is regularly contributing to the state and county officers and employees retirement trust fund and shall while holding such office or employment become permanently and totally disabled, physically or mentally, or both, from rendering useful and efficient service as such officer or employee, such officer or employee may retire from his office or employment, and upon such retirement he shall be paid, so long as his permanent and total disability continues, on his own monthly requisition, from the state and county officers and employees retirement trust fund hereinafter established, retirement compensation as provided in §122.08; provided that no officer or employee retiring under this section shall receive less than fifty per cent of his average final compensation not to exceed seventy-five dollars, provided further that the minimum benefits shall not apply to an officer or employee who has attained the age of sixty or is receiving disability payments from social security. No officer or employee of the state and county of the state shall be permitted to retire under the provisions of this section until examined by a duly qualified physician or surgeon, or board of physicians and surgeons, to be selected by the governor for that purpose, and found to be disabled in the degree and in the manner specified in this section. Any officer or employee retiring under this section shall be examined periodically by a duly qualified physician or surgeon or board of physicians and surgeons to be selected by the governor for that purpose and paid from the retirement trust fund herein provided for, at such times as the budget commission shall direct to determine if such total disability has continued and in the event it be disclosed by said examination that said total disability has ceased to exist, then such officer or employee shall forthwith cease to be paid benefits under this section. Reference to §122.08 is for the purpose of computing benefits only. Any person heretofore retired under this section shall be eligible to qualify for the minimum benefits provided herein; however, minimum benefits shall not be paid retroactive.

History.—§10, ch. 29801, 1955; §4, ch. 57-364; §2, ch. 61-119.

122.10 Separation from service; refund of contributions.—

(1) Should any officer or employee leave the service of the state before accumulating aggregate time of ten years toward retirement, such officer or employee shall be entitled to a refund of one hundred per cent of his contributions made to the retirement trust fund without interest, provided however that any such officer or employee may leave such contributions in said retirement trust fund for a period not exceeding five years pending reemployment, and upon reemployment by the state or county within those five years receive credit for such prior service. Any such officer or employee who fails to be reemployed by the state or a county of the state within those five years

shall be refunded one hundred per cent of his contributions to the retirement trust fund, without interest, and all prior service credit shall be forfeited should he be reemployed at a later date. Should any officer or employee who has ten or more years service within the contemplation of this law leave the service of the state and county, such officer or employee may leave said contributions in the retirement trust fund and receive the same retirement benefits as provided for current employees in §122.08, provided however that such officer or employee shall have made contributions as required by this law, or such officer or employee may elect to accept a refund of one hundred per cent of his contributions to the fund, without interest. Any officer or employee who accepts such refund shall be forever barred from receiving prior service credit under the provisions of this law. No officer or employee who has received benefits under this law shall be entitled to a refund.

(2) Any former members of the state or county retirement law. Provided further, that former chapters 121 and 134, that terminated their service after ten or more years of service and received a refund of fifty per cent of their retirement contributions may, upon written request to the comptroller, receive a refund of any balance credited to their account provided they are not members of the state and county retirement system under chapter 122.

(3) Any person who hereafter elects to receive retirement benefits under §112.05, shall not be entitled to the retirement benefit of this chapter, except for the refund of his contributions to the retirement trust fund as provided in this section; likewise any person who elects to receive retirement benefits under this chapter shall thereby become ineligible to receive retirement benefits under §112.05.

History.—§11 ch. 29801, 1955; (2) n. §2, ch. 59-461; (1) §2, ch. 61-119; (3) n. §7, ch. 63-555.

122.11 Reemployment after refund.—Any state or county officer or employee whose contributions have been refunded as provided in §122.10 and who is subsequently reemployed by the state or a county of the state shall be treated as those persons who enter employment of the state or a county of the state the first time as provided in §122.03.

History.—§12, ch. 29801, 1955

122.12 Designation of beneficiary; death of participant; forfeiture of contributions after benefits paid; survivor benefits.—

(1) Any officer or employee may file, in writing, a designation of beneficiary and it shall be the duty of the comptroller to refund one hundred per cent, without interest, of the contributions made to the retirement trust fund by such deceased officer or employee to such designated beneficiary. The officer or employee shall have the privilege of changing, in writing, the designated beneficiary at any time. Upon failure to designate a beneficiary, the refund shall be made to the persons in the same order as designated in §222.15, for wages due de-

ceased employees. If the deceased officer or employee has received any benefits under this law, no refund shall be made unless such officer or employee has elected to accept benefits under §122.08(3) or (4).

(2) Provided further any heir who received a refund under §10 of chapter 22938, laws of 1945, or §10 of chapter 22831, laws of 1945, shall be entitled to receive any accumulated retirement contributions credited to the deceased officer or employee's account.

History.—§13, ch. 29801, 1955; (2) n. §5, ch. 57-364; (1) §2, ch. 61-119.

122.13 Administration of law; appropriation.—The state comptroller, by and with the consent and approval of the state budget commission, shall make such rules and regulations as are necessary for the effective administration of this chapter, and the cost is hereby annually appropriated and shall be paid into the state and county officers and employees retirement trust fund out of the intangible tax fund in the state treasury in the amount necessary to administer efficiently the state and county retirement systems established by at the end of each fiscal year, beginning with the fiscal year 1959-60, the administrative cost of the state and county retirement system for the fiscal year just ended, shall be refunded to the general revenue fund from interest earned on investments made subsequent to June 30, 1959.

History.—§14, ch. 29801, 1955; §2, ch. 59-285; §2, ch. 61-119.

122.14 Retirement trust fund; investment board; approved investments.—A board to consist of the governor, the state comptroller and the state treasurer, shall be authorized and empowered to invest in bonds of the United States or in bonds the payment of which is secured by §16, Art. IX, of the state constitution, or in bonds the payment of which is secured by §18, Art. XII, of the state constitution, county bonds containing a pledge of the full faith and credit of the county or district involved, provided that such bonds are approved by the state board of administration as to legal and fiscal sufficiency, bonds of the Florida state improvement commission, or any other state agency, which have been approved as to legal and fiscal sufficiency by the state board of administration and which contain a sole pledge of the eighty per cent surplus two cents second gasoline tax accruing under the provisions of §16, Art. IX, of the state constitution, or in such other securities in which domestic life insurance companies are permitted to invest by Florida law, any of the funds of the state and county officers and employees retirement trust fund as they may deem necessary and feasible.

History.—§15, ch. 29801, 1955; §2, ch. 61-119.
cf.—§16, Art. IX, Const. Board of Administration; gasoline and like taxes, distribution and use; etc. §18 Art. XII, Const. School bonds for capital outlay.

122.15 Benefits exempt from taxes and execution.—

(1) The pensions, annuities, or any other benefits accrued or accruing to any person un-

der the provisions of this chapter and the accumulated contributions and the cash securities in the funds created under this chapter are hereby exempted from any state, county or municipal tax of the state and shall not be subject to execution or attachment or to any legal process whatsoever and shall be unassignable.

(2) This subsection shall have no effect upon this section except that the comptroller of the state may, upon written request from the retired member, deduct premiums for group hospitalization insurance from the retirement benefit paid such retired member.

History.—§16, ch. 29801, 1955; (2) n. §1, ch. 59-305.

122.16 Employment after retirement.—

(1) (a) Any person who has accepted and is receiving retirement compensation under this chapter shall have such compensation suspended during any period of reemployment in any capacity whatsoever by the state or any political subdivision or any department, branch or agency thereof. Any person receiving retirement compensation under this chapter who becomes reemployed by the state or any political subdivision, department, branch, or agency thereof shall furnish timely notice in writing to the agency by which he is becoming employed, and to the comptroller of the fact that he is prohibited from receiving retirement compensation and salary at the same time and should he fail to do so, and should he receive and retain both benefits and compensation, he shall forfeit all of the benefits of this chapter forever.

(b) The reemployment by the state, or any political subdivision, department, branch or agency thereof, of any person who has accepted and is receiving retirement compensation under this chapter shall have no effect on the average final compensation or the aggregate number of years of service of such person, nor shall any deductions for retirement contributions be made from the salary paid such person with respect to such reemployment.

(c) This section shall not be applicable to licensed physicians receiving retirement compensation hereunder, whose part-time services are required for state purposes in the preservation of the health of state convicts or other inmates of state institutions and who have been or may hereafter be employed for such state purposes and the compensation for such services does not exceed seventy-five dollars per month. This subsection shall have the effect of suspending retirement payments during any period that such physician is otherwise employed by the state other than that stated in this subsection. Upon completion of any such other state service such physician shall be returned to the retirement roll and again be eligible to receive retirement benefits.

(d) Any officer or employee eligible to receive benefits under this chapter and workmen's compensation benefits under chapter 440 may receive both so long as the total of retirement and workmen's compensation benefits does not exceed the average final compensation as defined in §122.02. If such total exceeds the aver-

age final compensation, the retirement benefits shall be reduced by the amount of such excess.

(e) The term political subdivision as used in this section shall not include municipalities.

(f) Any retired officer or employee who returned to state or county employment, prior to the enactment of this section, and forfeited all benefits forever may be returned to the retirement roll and receive benefits in the same amount being received at the time of such reemployment. Provided no such officer or employee shall have received both retirement benefits and compensation for employment at the same time. Provided further that benefits shall be payable from July 1, 1957 only.

(g) Persons who have previously retired and who are holding office or employment on October 29, 1957 may have their membership in the state and county retirement system reinstated by making the necessary contributions to the retirement trust fund for the period of reemployment. Any person reinstating his membership as herein provided may transfer to division "B" of the retirement system provided all necessary contributions have been made to the state and county retirement trust fund prior to the effective date of the agreement with the federal department of health, education and welfare.

cf.—§199.31 Appropriations for retirement system.

122.18 Certain officers and employees not covered.—This chapter shall not apply to justices of the supreme court or judges of the circuit court who are members of another state retirement system applicable to supreme court judges or circuit judges, nor shall it apply to members of the teachers' retirement system or members of the department of public safety retirement system and shall not operate to repeal §§25.101, 38.14, 38.19, 112.05, 238.01-238.16 and 321.01-321.23, nor to affect the rights of any person enjoying the benefits or entitled to enjoy the benefits of such sections.

History.—§§19, 20, ch. 29801, 1955.

cf.—Ch. 123 Retirement of supreme court justices, district court of appeal judges and circuit court judges.

122.19 Change of positions; election of retirement systems; exceptions.—

(1) (a) Any person who is a participant in any state or county retirement system, who changes his position or employment, or who is reclassified so that under any existing law such person would participate in a different retirement system, may continue to participate and come under the same retirement system in which he participated or came under before changing positions or being reclassified so long as such person remains in the employ of the state or county and continues to make the contributions required by law.

(b) Any member of the Duval county employees pension fund who becomes an elected state or county official, certified by the secretary of state, may become a member of the state and county officers and employees retirement system as a new member upon assuming office, however, no prior service shall be allowed unless such official withdraws from the Duval county employees pension fund, the same to be certified by Duval county, and complies with §122.03.

(2) The provisions of this section shall supersede any existing law relating to state and county retirement systems or pensions, provided nothing herein shall be construed to apply to state supreme court justices, or circuit judges who are members of another state retirement system applicable to supreme court justices or circuit judges, nor to members of the department of public safety retirement system nor to members of Duval county employees' pension fund as provided in chapter 23259, acts of 1945, as amended by chapters 27520 and 27523, acts of 1951.

122.20 Blind vending-stand operators; participation by.—

(1) All blind or partially-sighted persons who are now employed or licensed by the Florida council for the blind as vending-stand operators or who may hereafter be so licensed or employed are hereby declared to be state employees within the meaning of the state and county officers and employees retirement system, and except as hereinafter provided shall be entitled to all the rights and benefits of other state employees thereunder.

(2) Vending-stand operators who are employed on June 15, 1953 shall have the privilege of rejecting the provisions of this law provided that written notice of the employees' rejection shall be filed with the proper state officials within a period of sixty days from June 15, 1953. After such period all employees who have not filed a written rejection as provided herein shall be deemed to have made a final and irrevocable decision to participate in the state officers and employees retirement system.

(3) Blindness shall not be deemed a retireable disability within the provisions of the state and county retirement system for such employees as are contemplated by this section.

(4) Participation in the state officers and employees retirement system shall be compulsory for all vending-stand operators licensed and employed after June 15, 1953.

History.—§22, ch. 29801, 1955.

122.21 Activation of division B.—Sections 122.21 to 122.33, inclusive, shall control with respect to division B of this system and membership therein, and shall prescribe the method for activating such division.

History.—§2, ch. 57-382.

122.22 Applicable law.—Sections 122.01 to 122.20, inclusive, in relation to administration of division B and to duties, rights, privileges and benefits of members of this division under this system, shall apply to said division B and membership therein, except to the extent that the provisions of §§122.21 to 122.33, inclusive, may be at variance or in conflict therewith.

History.—§2, ch. 57-382.

122.23 Definitions.—In addition to those definitions set forth in §§122.02 the following words and phrases used in §§122.21 to 122.33 inclusive, shall have the respective meanings set forth unless a different meaning is plainly required by the context:

(1) "System"—the general retirement system provided by this chapter, with its two divisions.

(2) "Social security coverage"—old age and survivors insurance as provided by the federal social security act.

(3) "Administrator"—the comptroller of Florida as the administrator of this system as provided in §122.13.

(4) "Agreement"—the modification of that certain agreement entered into October 23, 1951, between the state of Florida and the secretary of health, education and welfare, pursuant to §650.03, which makes available to members of division B of this system the provisions of said agreement.

(5) "State agency"—Florida industrial commission within the provisions and contemplation of chapter 650.

(6) "Division"—division B of this system.

History.—§2, ch. 57-382.

122.24 Membership in division B.—Officers and employees, within the contemplation of this system, may become members of division B of this system in the manner and under circumstances as follows:

(1) An officer or employee who is a member of this system on June 19, 1957 or who becomes such a member after June 19, 1957, and prior to execution of the agreement in pursuance of affirmative referendum as hereinafter provided, may transfer to this division by electing to do so in writing filed with the administrator. While membership in this division shall date from the filing of such election with the administrator, for the purposes of contributions to the system and benefits to members under this division, membership in this division shall take effect upon the date of execution of the agreement. A form for the election to transfer

to this division shall be prescribed and furnished to the members of this system by the administrator. Such form shall prescribe the date by which the executed election must be returned by the members in order for such members to be eligible for participation in the referendum provided in §122.25. Executed elections received after such date shall be effective for transfer of membership to this division if returned prior to the date the agreement is entered into. Provided further, that any member electing to belong to division B may withdraw therefrom prior to the date the agreement is entered into.

(2) A person who becomes a member of this system after execution of the agreement shall become a member of division B of the system.

(3) (a) A person who is in a position covered by this system and who is not a member of this system but is eligible to become a member thereof shall, but only for the purposes of subsection 218 (d) of the social security act (other than paragraph (8) of said subsection), be regarded as a member of this system. If such person becomes a contributing member of this system after December 31, 1957, he shall become a member of division B as required by §122.24(2). In addition he may, under the conditions prescribed by section 218(d)(6)(E) of the social security act, and if still in a position covered by this system, obtain division B coverage effective January 1, 1956, or the date he first occupied a position covered by this system, whichever is the later, by filing a written request therefor with the administrator by December 1, 1959, and paying the contributions and interest incident to such coverage.

(b) Under the conditions prescribed by section 218(d)(6)(F) of the social security act, a person who was a member of division A of this system on December 31, 1957, and who is still such a member, may transfer to division B of this system by filing a written request therefor with the administrator by December 1, 1959. Social security coverage incidental to such elective membership in division B shall be effective as of January 1, 1956, or the date such person became a member of this system, whichever is the later.

History.—§2, ch. 57-382; (3) n. §3, ch. 59-285.

122.25 Referendum.—If by the date fixed in said form of election furnished by the administrator to the members of this system there shall have been filed with the administrator executed forms of election evidencing that not less than one hundred members of this system have chosen to become members of this division, the administrator shall so notify the governor of Florida. It is the legislative intent and request that the governor shall thereupon provide for the holding of a referendum, to be participated in by eligible members, in pursuance of the provisions of §650.10, for the purpose of extending social security benefits to members of this division. Should the results of the referendum be such as to justify the governor's mak-

ing the certification provided by §650.10(2), and section 218(d)(3) of the federal social security act, he is requested to make such certification, and the state agency is authorized and directed to take appropriate action under chapter 650, and in conformity with applicable federal social security laws, to accomplish the purpose of extending social security coverage to the members of this division, effective January 1, 1956, or as soon thereafter as shall be permissible under then existing federal laws and regulations.

History.—§2, ch. 57-382.

122.26 Funds.—There shall be paid into the state and county officers and employees retirement trust fund, provided in §122.17, contributions by members of this division for benefits payable to members under this system, and all amounts appropriated for such purpose by the state. There is hereby created in the state treasury a fund to be known as the social security contribution trust fund, into which shall be deposited contributions required of members for social security coverage, and such amounts as may be appropriated by the state for that purpose.

History.—§2, ch. 57-382; §2, ch. 61-119.

122.27 Contributions.—From and after the date of the execution of the agreement, the officer or board paying the salary of a member of this division shall withhold the following from such salary:

(1) Four per cent of such salary, which shall constitute the contribution of the member to this system with respect to retirement and other benefits payable under this system. The officer or board so withholding such percentage of salary shall without delay deposit the same in the state and county officers and employees retirement trust fund.

(2) The percentage of such salary which shall constitute the contribution of the member required for social security coverage as now or hereafter fixed by relevant federal statutes. The officer or board so withholding such percentage of salary shall deposit the same without delay in the social security contribution trust fund.

(3) Any contributions made by a member of division B during the calendar years 1956 and 1957, for state and county retirement contributions, in excess of four per cent of the member's total salary shall be returned to the member on the effective date of the member's retirement or applied to any shortage which may exist in the member's retirement account.

History.—§2, ch. 57-382; (3) n. §4, ch. 59-285; (1), (2) §2, ch. 61-119.

122.28 Benefits.—The relevant provisions of §§122.01 to 122.20, inclusive, fixing or relating to eligibility for retirement, retirement compensation, and other benefits payable to members or for the account of members of this system in relation to members in division A hereof, shall apply with equal force and effect to members of this division, with the following exceptions:

(1) For the period of service of the member prior to the effective date of his social security coverage hereunder, retirement benefits shall be computed on average final compensation at the rate of two per cent for each year of service rendered prior to such effective date and as provided in §122.08. For the period of membership in this division the member's retirement compensation shall be computed on average final compensation at the rate of one and one half per cent for each year of service rendered after the effective date of said social security coverage.

(2) Members of this division retiring under the disability provisions of this chapter shall receive not less than twenty per cent of their average final compensation.

(3) For those persons who become members of the retirement system on or after July 1, 1963, the amount of such retirement compensation shall not exceed that amount which when added to the member's estimated annual primary insurance amount under social security coverage equals eighty per cent of his average final compensation. The estimated annual primary insurance amount of the member shall be determined by the administrator on the basis of the social security coverage in effect on the member's retirement date, assuming that payment of such primary insurance amount shall commence at the later of the member's sixty-fifth birthday or actual age of retirement, and that the member earned his average final compensation in each year between his date of retirement and his sixty-fifth birthday for those members retiring prior to age sixty-five.

History.—§2, ch. 57-382; (3) n. §5, ch. 63-555.

122.29 Records and reports.—The administrator shall maintain accurate accounts of each member of this division; and shall maintain said accounts in such manner, form and detail as shall meet the requirements of the federal social security act and regulations in relation to the social security coverage of such member. The administrator shall from time to time make such reports as may be required by relevant federal laws and regulations relating to the social security coverage of the members of this system.

History.—§2, ch. 57-382.

122.30 Appropriations.—

(1) There is hereby appropriated from the intangible tax fund of the state the sum of one thousand dollars, or so much thereof as may be necessary, to defray the cost of the holding of such referendum, and the same shall be payable upon proper requisition of the person or agency designated by the governor to hold and conduct said referendum.

(2) There is hereby annually appropriated from the intangible tax fund of the state to Florida industrial commission as the state agency, as provided by chapter 650, a sum not to exceed ten thousand dollars to defray the expenses of such agency in connection with its continuing duties in relation to the social security coverage provided by this law.

(3) If under the agreement social security coverage is retroactively applicable to members of this division, there is appropriated out of the state and county officers and employees retirement trust fund and into the social security contribution trust fund the amount required by applicable federal laws and regulations to be paid with respect to periods prior to date of execution of the agreement.

(4) There is hereby annually appropriated, for county officers and employees, out of the intangible tax fund of the state and for state officers and employees out of the intangible tax fund, or any other source provided by law, and there shall be paid into the described funds such appropriated amounts, as follows:

(a) Into the state and county officers and employees retirement trust fund an amount equal to the total amount paid into said trust fund by the members of this division; and

(4) There is hereby annually appropriated, trust fund the amount required by the federal social security act, related statutes and rules and regulations thereunder, to be paid by the state with respect to the social security coverage of members of this division, as herein provided.

(5) There is appropriated a sufficient amount out of the state and county officers and employees retirement trust fund to the administrator to make payments to members of this division as provided.

(6) There is appropriated out of the social security contribution trust fund for payment into the contribution fund established by §650.06, from time to time, such amounts as may be required for the social security coverage of the members of this division.

(7) In addition to amounts appropriated by other provisions of this chapter or other laws to defray cost of administration of this system, there is hereby appropriated out of the intangible tax fund of the state for use of the administrator in his administration of the two divisions of this system, the sum of one hundred thousand dollars, or so much thereof as may be required for that purpose.

(8) If in any fiscal year the amounts provided in this chapter to be paid into the state and county officers and employees retirement trust fund by the state for members in divisions A and B of this system, and the amount required to be paid by the state into the social security contribution trust fund for the members in division B of this system, as herein provided, shall exceed the amount available for such purposes in the intangible tax fund, until the date of adjournment of the first session of the legislature subsequent to the occurring of such deficiency, there is appropriated from the general revenue fund of the state and payable into the state and county officers and employees retirement trust fund and the social security contribution trust fund, or either of said latter funds, an amount equal to such deficiency.

(9) There is hereby created a board of trustees of five members for the state and county officers and employees retirement sys-

tem. Three of said trustees shall be county officials and two shall be state employees all of whom shall be appointed by the comptroller, to serve at the pleasure of the comptroller. It shall be the duty of the said board of trustees to make a thorough study of the state and county retirement system and to make recommendations to the legislature each two years as to needed changes in such system. There is hereby appropriated the sum of twenty thousand dollars of the intangible tax fund of the state for the 1957-1959 biennium, which may be expended by the said board through the comptroller in carrying out their duties hereunder.

(10) There is hereby appropriated out of the state and county officers and employees retirement trust fund and into the social security contribution trust fund the amount required by applicable federal laws and regulations to be paid with respect to 1956, 1957, 1958, and 1959 social security coverage of the members of this system who transfer from division A to division B thereof between July 1, 1959, and December 1, 1959, and of the deemed members of this system who became contributing members after December 31, 1957, and who, by December 1, 1959, qualify for retroactive social security coverage. Provided the accounts of such members, for the calendar years 1958 and 1959, are adjusted to comply with the accounts of members transferred to division B under the 1957 law.

History.—§2, ch. 57-382; (10) n. §5, (4) §7, ch. 59-285; (3)-(5), (6), (8), (10) §2, ch. 61-119.

122.31 Future amendments.—Where in this law reference is made to state and federal laws, it shall be understood that such references are intended to include such laws as they now exist or may hereafter be amended.

History.—§2, ch. 57-382.

122.32 Repealer.—It is the legislative intent that members of this system be provided with social security coverage only in pursuance of the method prescribed herein for becoming members of this division, anything in chapter 650 to the contrary notwithstanding, provided however that the officials and employees of any county or counties which have prior to June 19, 1957, elected to accept social security under the provisions of chapter 650 shall not be affected hereby; provided further, all present and future employees of such counties shall remain in or become members of division A as provided in §122.01 of the state and county officers and employees retirement system; and chapter 29968, acts of 1955, chapter 410, Florida Statutes, are hereby repealed; and provided, that nothing contained in the provisions of this law shall repeal or in any way affect chapter 23259, laws of 1945, as amended.

History.—§2, ch. 57-382.

122.33 Failure of referendum.—Should a majority of the eligible members of this division fail to vote in favor of social security coverage, the provisions of this law shall cease to be of any effect, except that the appropriation provided in §122.30(1) shall remain valid

and undisturbed and provided further that the provisions and appropriation contained in §122.30(9) providing for a board of trustees shall remain in full force and effect in any event. In such event, the members of this division shall by virtue of the force and effect of this provision be considered not to have transferred to this division and the executed election to do so, filed with the administrator, shall be considered void and of no effect, and membership in this system shall not be disturbed by reason of the election so made.

History.—§2, ch. 57-382.

122.34 Special provisions for certain sheriffs and full time deputy sheriffs.—

(1) The provisions of this section shall apply with respect to members who are sheriffs of the several counties of the state or who are full time deputy sheriffs designated as "high hazard" full time deputy sheriffs, as certified by the sheriff and approved by the comptroller, except those sheriffs or full time deputy sheriffs holding office or employed on or before July 1, 1963, who are then fifty-five years old or older, and who elect in writing, filed with the comptroller within ninety days after July 1, 1963, to reject this section, and such members who do not so elect to reject this section hereinafter shall be referred to as "high hazard" members.

(2) All "high hazard" members shall contribute two and one half per cent of each installment of salary, to the state and county officers and employees retirement trust fund, which percentage shall be in addition to the percentage required in §122.03, or in §122.27 whichever is applicable.

(3) Any "high hazard" member who has been classified within the contemplation of this section as a "high hazard" member for the last ten years or more of his employment and who is serving as a "high hazard" member, and who has made the additional contributions to the state and county officers and employees retirement trust fund provided in subsection (2) for a period of not less than five years or who makes total contributions in amount equal to five years of contribution based on his then current rate of salary, may retire under §122.08 (1) or §122.28, whichever is applicable, if the "high hazard" member has attained the age of fifty-five years. For the purpose of estimating the annual primary insurance amount under social security coverage under §122.28(3) for such "high hazard" member, the administrator shall estimate the primary insurance amount as the amount the member shall be entitled to receive at the later of age sixty-two or his retirement age.

(4) Any "high hazard" member within the contemplation of this section who has been classified as a "high hazard" member for the last ten years or more of his employment, and who is serving as a "high hazard" member, and who has made the additional contributions to the state and county officers and employees retirement trust fund provided in subsection (2)

for a period of not less than five years or who makes total contributions in amount equal to five years of contributions based on his then current rate of earnings, may retire under §122.08(2)(b) or §122.28, whichever is applicable if the "high hazard" member has attained the age of fifty years or more (but less than fifty-five).

(5) Any "high hazard" member who becomes eligible to retire under any other section of chapter 122 shall not receive a refund of the additional two and one half per cent contributions provided for in this section unless he requests in writing to the comptroller a lump-sum refund of all his contributions to the state and county officers and employees retirement trust fund in lieu of monthly retirement benefits. However, any "high hazard" member who changes position or is reclassified or otherwise becomes ineligible for classification as a "high hazard" member for any reason before retiring, or before becoming eligible to retire under any other section of chapter 122 shall lose all benefits under this section and may receive a refund of the additional two and one half per cent contribution without interest or leave the additional two and one half per cent contribution in the state and county officers and employees retirement trust fund pending reclassification as a "high hazard" member; provided further, should any member receive a refund and be reinstated as a "high hazard" member, he shall pay into the state and county officers and employees retirement trust fund the full amount refunded plus three per cent interest compounded annually from date of refund to date of repayment. Should such member apply for another refund before such payment is made, the interest on the first refund shall be deducted from the second refund, interest to be figured from date of first refund through date of second application for refund,

at three per cent interest compounded annually.

History.—§6, ch. 63-555.

Note.—See also ch. 63-448 with similar provisions which was passed prior to the enactment of ch. 63-555.

122.35 Funding.—

(1) Commencing July 1, 1967, §§122.17 and 122.30(4) shall be of no further force and effect and each officer or board paying salaries to members and withholding contributions required of members under this chapter for purposes of providing retirement benefits and social security benefits to or on behalf of such members, shall budget, set aside and pay over to:

(a) The state and county officers and employees retirement trust fund an amount equal to the amount of member contributions paid to such fund as specified in §§122.03, and 122.27, but excluding any additional contributions required of "high hazard" members under §122.34, and

(b) The social security contribution trust fund an amount equal to the amount of member contributions paid to such fund as specified in §122.27.

(c) The monthly amounts set aside and paid over to the state and county officers and employees retirement trust fund and to the social security contribution trust fund in accordance with this subsection shall be paid on the first day of each calendar month after July 1, 1967. The funds required for payment of such monthly amounts shall be appropriated out of the intangible tax fund, or any other source provided by law.

(2) Each year, commencing July 1, 1967, the state shall make any additional contributions to the retirement system benefits necessary to fund the benefits provided under the retirement system, as determined from regular biennial actuarial valuations of the retirement system.

123.01 Supreme court justices, district court of appeal judges and circuit judges retirement system established; divisions.—

(1) A retirement system for supreme court justices, district court of appeal judges and circuit judges of the state is hereby established, which shall be administered by and under the supervision of the state comptroller.

(2) The judicial retirement system shall be deemed to be divided into three divisions, to be designated division A, division B, and division C, for the purposes and within the contemplation of §218(d) (6) of the federal social security act (42 USCA §418(d) (6)), for the purpose of affording to members of said divisions B and C the opportunity to obtain federal social security coverage.

(a) Division A of this system shall consist of those members of the system who are members as of July 1, 1963, and who do not elect to become members of division B, as hereinafter provided. Sections 123.01 to 123.21, inclusive, shall control with respect to division A and membership therein.

(b) Division B of this system shall include those members, as of July 1, 1963, who elect to become members of division B, as hereinafter provided. Sections 123.22 to 123.33, inclusive,

shall control with respect to division B and membership therein.

(c) Division C of this system shall include those persons who are required to become members of said division, as hereinafter provided. Sections 123.34 to 123.43, inclusive, shall control with respect to division C and membership therein.

History.—§1, ch. 29838, 1955; §1, ch. 57-422; §1, ch. 63-462.

123.02 Salary deductions; transfer of contributions paid under §§25.122 and 38.17.—

(1) From and after July 1, 1963, there shall be deducted from the salary of each supreme court justice, district court of appeal judge and circuit judge covered by the provisions of this chapter an amount equal to eight per cent of the total salary of such participant, including all amounts paid by any county of this state, so long as he shall hold office. The amounts deducted shall be deposited in the judicial retirement trust fund in the state treasury.

(2) The amount contributed under §§25.122 and 38.17 by any such judge or justice accepting the provisions of this chapter shall be transferred to the judicial retirement trust fund. There is hereby appropriated out of any funds in the general revenue fund in the state treasury not otherwise appropriated a sufficient

amount to meet the requirements of this section.

(3) There is hereby annually appropriated and shall be paid into the judicial retirement trust fund out of any funds in the state treasury not otherwise appropriated an amount equal to the total amount paid into the said fund by all participating justices and judges.

History.—§2, ch. 29838, 1955; §2, ch. 57-422; §2, ch. 61-119; (1) §2, ch. 63-462.

123.03 Transfer from other retirement systems; acceptance by nonmembers; payment of back contributions.—

(1) Any supreme court justice, district court of appeal judge or any circuit judge now a member of the circuit judges' retirement system or member of any other retirement system authorized by state law for Florida state or county officers or employees and in office on July 1, 1959, may, at his option, become a participant under this chapter in the following manner: On or before January 1, 1960, such supreme court justice, district court of appeal judge or circuit judge shall notify the state comptroller, in writing, of his election to come within the provisions of this chapter and shall pay into the state treasury an amount equal to the difference between six per cent of his salary including all amounts paid by any county of this state from July 1, 1955, to the date of said notification and the amount of any contributions theretofore made by him for the same period of time under the provisions of §25.122 or §38.17 plus three per cent interest per annum thereon.

(2) Any supreme court justice or circuit judge in office on the effective date of this chapter who is not a member of any state retirement system, or who has failed to make the necessary payments into any such system to enable him to receive full credit for all service as such supreme court justice or circuit judge may, at his option, elect to come within the provisions of this chapter and receive, under the provisions hereof, the full benefits of this chapter for his entire service as such justice or judge by paying into the judicial retirement trust fund, on or before January 1, 1956, a sum equal to two per cent of his total salary, including any supplement from any county, received as such justice or judge while not a member of any state retirement system or a sum equal to two per cent of such total salary received during any period during which he failed to make the necessary payments into any such system.

(3) Any supreme court justice, district court of appeal judge or circuit judge who, prior to becoming a supreme court justice, district court of appeal judge or circuit judge, was a member of any other retirement system authorized by state law for Florida state or county officers or employees, and who is not receiving retirement benefits under said fund, may be a member of the supreme court justices, district court of appeal judges and circuit judges retirement system, and if any such supreme court

justice, district court of appeal judge or circuit judge has not received a refund from the retirement system authorized by state law for Florida state or county officers or employees, the amount he has paid into the said fund shall be transferred from the retirement system authorized by state law for Florida state or county officers or employees' fund to the judicial retirement trust fund, or if such supreme court justice, district court of appeal judge or circuit judge has received a refund from the retirement system authorized by state law for Florida state or county officers or employees, then any such supreme court justice, district court of appeal judge or circuit judge shall within twenty-four months from the time such person becomes a supreme court justice, district court of appeal judge or circuit judge or within twenty-four months from the time this chapter becomes a law, whichever is the later date, pay into the judicial retirement trust fund five per cent of the salary he has received from the state and county as an officer or employee beginning with July 1, 1945, plus three per cent interest per annum thereon. Thereupon the total time spent as a state or county officer or employee shall be added to and computed with such person's service as a supreme court justice, district court of appeal judge or circuit judge as provided for in this chapter. Provided further that the service credit as a state or county officer or employee shall be computed at two per cent. No supreme court justice, district court of appeal judge or circuit judge who is receiving benefits under any other retirement system authorized by state law for Florida state or county officers or employees pension trust fund shall be eligible to become a member of the supreme court justices, district court of appeal judges and circuit judges retirement system.

(4) The total time spent by any supreme court justice or district court of appeal judge or circuit judge, electing to take the benefits of this chapter, as a state or county officer or employee prior to July 1, 1945, without regard to previous membership in or contribution to any other retirement system for such period of time, shall be added to and computed with such person's service as a supreme court justice or district court of appeal judge or circuit judge as provided by this chapter; provided, also, that service as a state or county officer or employee subsequent to July 1, 1945, may be credited as provided herein if such justice or judge pays into the judicial retirement trust fund, five per cent of the salary he has received as such state or county officer or employee between July 1, 1945, and July 1, 1955, and six per cent of the salary he has received since July 1, 1955, plus three per cent interest per annum thereon, as such state or county officer or employee. Provided further, the annual service credit provided for in this subsection shall also be computed at two per cent. Any justice or judge electing to take the benefits of this subsection shall do so on or before January 1, 1960, and shall on or before said date, notify the comptroller in writing of such election.

Said notice to the comptroller shall be accompanied with full payment of said required contribution for prior service rendered subsequent to July 1, 1945.

History.—§3, ch. 29838, 1955; (3) §3, ch. 57-422; (1), (4) n. §1, ch. 59-233; (2)-(4) §2, ch. 61-119.

§38.17 Deductions, from salary of circuit judges; election.

123.04 Qualifications for retirement.—

(1) Any person electing to take the benefits of this chapter who has attained the age of sixty years, and who has served as a supreme court justice, or district court of appeal judge, or circuit judge for at least ten years in the aggregate, or had ten years of otherwise creditable service either before or after passage of this law and who has served as a supreme court justice, district court of appeal judge or circuit judge, and any person electing to take the benefits of this chapter who, without regard to his age, was serving in an elected term of office as supreme court justice or circuit judge on July 1, 1955, and thereafter during said term of office completed at least twenty years of service in the aggregate, may resign or retire with the right to be paid, and shall be paid on his own requisition in equal monthly installments during the remainder of his natural life, from the judicial retirement trust fund, retirement compensation in accordance with the table of benefits provided in this chapter or as provided in §123.13.

(2) A board to consist of the governor, the state comptroller, and the state treasurer, shall be authorized and empowered to invest in bonds of the United States or in bonds the payment of which is secured by §16 of Art. IX of the constitution of the state, or in bonds the payment of which is secured by §18 of Art. XII of the constitution of Florida, county bonds containing a pledge of the full faith and credit of the county or district involved, provided that such bonds are approved by the state board of administration as to legal and fiscal sufficiency, bonds of the Florida state improvement commission, or any other state agency, which have been approved as to legal and fiscal sufficiency by the state board of administration and which contain a sole pledge of the eighty per cent surplus two cents second gasoline tax accruing under the provisions of §16 of Art. IX of the state constitution, or in such other securities in which domestic life insurance companies are permitted to invest by Florida law, any of the funds of the judicial retirement trust fund as they may deem necessary and feasible.

(3) Any justice of the supreme court, district court of appeal judge or circuit judge who has attained the age of fifty-five years or more, but less than sixty years and has accumulated at least ten years service in the aggregate within the contemplation of this law, and who has made or makes contributions to the judicial retirement trust fund for five or more years of creditable service as prescribed by this law may elect to retire and receive a reduced bene-

fit which would be the actuarial equivalent of the benefits provided in subsection (1) of this section.

§123.40 Benefits, division C.

123.05 Termination of service prior to retirement; refund; reassumption of service.—

(1) Any person who has served as a supreme court justice, district court of appeal judge or circuit judge, or both, for an aggregate period of less than ten years, either before or after the passage of this chapter, and whose service is terminated, may, at his option, either receive from the state a refund, without interest, of all contributions made by him under this chapter during said period, or leave said contributions in the judicial retirement trust fund for a period not to exceed seven years after termination of service and upon reassumption of office as a supreme court justice, district court of appeal judge or circuit judge receive credit for such previous period of service in computing his aggregate number of years of service.

(2) Any person who has served as a supreme court justice, district court of appeal judge or circuit judge, or both, for an aggregate period not less than ten years, either before or after the passage of this chapter, and whose service is terminated, may, at his option, either receive from the state a refund, without interest, of all contributions made by him under this chapter during said period or leave said contributions in the judicial retirement trust fund and receive retirement benefits as provided by this chapter upon attaining sixty years of age.

(3) Should any justice or judge leave the service of the state before accumulating aggregate time of ten years toward retirement, such justice or judge shall be entitled to a refund of one hundred per cent of his contributions made to the retirement trust fund, without interest, provided however that any such justice or judge may leave such contributions in said judicial retirement trust fund for a period not exceeding seven years, and upon reassumption of office as a supreme court justice, district court of appeal judge or circuit judge within those seven years receive credit for such prior service. Any such justice or judge who fails to resume office as such judge or justice within those seven years shall only be entitled to a refund of one hundred per cent of his contribution to the retirement fund, without interest, and all prior service shall be forfeited should he resume office as such justice or judge at a later date.

(4) Any person who has served as a supreme court justice, district court of appeal judge, or circuit judge and who returns to state or county service shall, upon the termination of his services as such justice or judge, have the right to transfer to any state or county re-

irement system provided by law, provided such justice or judge has not received any benefits under this law. Such justice or judge so returning to state or county service and electing to transfer to another retirement system shall receive the same percentage credit for each year's service as such justice or judge as allowed by the system transferred to.

History.—§5, ch. 29838, 1955; (1)-(3), (4) n. §5, ch. 57-422; (1)-(3) §2, ch. 61-119.

123.06 Retirement benefits; basis.—

(1) Any supreme court justice, district court of appeal judge, or circuit judge who has become eligible for retirement in accordance with the provisions of this chapter shall be entitled to receive, and shall receive, retirement compensation the annual amount of which shall be three and one-third per cent of his average final compensation, as the term is herein defined, for each year of service rendered as such supreme court justice, district court of appeal judge or circuit judge or any combination of years served as such justice or judge, but in no event to exceed annually his average final compensation; provided, each supreme court justice in office on July 1, 1957 shall receive retirement compensation, the annual amount of which shall be five per cent of his average final compensation, as the term is herein defined for each year of service rendered as a justice of the supreme court, but in no event to exceed his final compensation.

(2) The average final compensation as used in this chapter shall mean the average cash compensation received from the state and county as salary for the best ten years of the last fifteen years of service. A year shall mean twelve consecutive months.

History.—§6, ch. 29838, 1955; §6, ch. 57-422. cf.—§123.40 Benefits, division C.

123.07 Reduced retirement benefits with excess to beneficiary.—

(1) Any supreme court justice, district court of appeal judge or circuit judge shall have the right at any time prior to receipt of his or her first monthly installments of retirement compensation to elect to receive a reduced retirement compensation with the provision that the surviving spouse shall continue to draw such reduced retirement compensation (or one-half thereof if so designated) so long as he or she shall live. The amount of such reduced retirement compensation shall be the actuarial equivalent of the amount of such retirement otherwise payable such supreme court justice, district court of appeal judge or circuit judge.

(2) Any supreme court justice, district court of appeal judge or circuit judge shall have the right at the time of retirement but prior to receipt of his first monthly installment of retirement compensation to elect to receive a reduced retirement compensation with the provision that if such justice or judge dies after retirement compensation installments have commenced the excess if any of his total contributions made to the retirement trust fund, with-

out interest, over the total retirement compensation received by him shall be paid in accordance with the beneficiary designated in the comptroller's office, or in the absence of such designation to his lawful heirs. The amount of such reduced retirement compensation shall be the actuarial equivalent of the amount of such retirement compensation otherwise payable to him.

(3) Any supreme court justice, district court of appeal judge or circuit judge who becomes eligible for retirement may select one of the options provided in this section and continue to hold office or be employed. Should such supreme court justice, district court of appeal judge or circuit judge die before retiring, his surviving spouse shall be entitled to receive either the accumulated contributions of such supreme court justice, district court of appeal judge or circuit judge at the date of death or the reduced retirement compensation to which the surviving spouse would have been entitled to under such option, calculated on the assumption that such supreme court justice, district court of appeal judge or circuit judge retired on his date of death. Any supreme court justice, district court of appeal judge or circuit judge shall have the right at any time prior to actually retiring to change the option selected. The selection of an option under this section will become effective immediately after date of selection. Provided further that should the option be changed at the time of retirement, such option shall become effective immediately upon retirement.

(4) Tables for computing the actuarial equivalent shall be approved by the comptroller.

(5) Any supreme court justice, district court of appeal judge or circuit judge who becomes eligible to make a selection of an option for the benefit of surviving spouse shall be construed to have selected the option as provided in said section which will afford the surviving spouse the greatest amount of benefit.

History.—§7, ch. 29838, 1955; (1)-(3), (4)n. §7, ch. 57-422; (5) n. §3, ch. 59-233; (2) §2, ch. 61-119.

123.08 Disability retirement; periodic physical examination.—Whenever any supreme court justice or circuit judge of the state has served as justice or judge for not less than ten years within the contemplation of this law, the last five years of which must be continuous unbroken service, and who is regularly contributing to the judicial retirement trust fund and shall while holding such office become permanently and totally disabled, physically or mentally, from rendering useful and efficient service as justice or judge, such justice or judge may retire from his office or employment, and upon such retirement he shall be paid, so long as his permanent and total disability continues, on his own monthly requisition, from the judicial retirement trust fund hereinafter established, retirement compensation as provided in this law. Every justice or judge retiring

under this section shall not receive less than twenty-five per cent of his average final compensation. No justice or judge shall be permitted to retire under the provisions of this section until examined by a duly qualified physician or surgeon, or board of physicians and surgeons, to be selected by the governor for that purpose and found to be disabled in the degree and in the manner specified in this section. Any justice or judge retiring under this section shall be examined periodically by a duly qualified physician or surgeon or board of physicians and surgeons to be selected by the governor for that purpose. Any judge or justice who shall, in the opinion of said physician or surgeon recover fully from such permanent and total disability shall forthwith cease to be paid benefits under this section. No judge retiring hereunder shall be entitled to the options contained in §123.07.

History.—§8, ch. 29838, 1955; §24, ch. 57-1; §2, ch. 61-119. cf.—§§123.17-123.20 which also provide for disability retirement.

123.09 Practice of law prohibited.—No justice of the supreme court, district court of appeal judge or circuit judge shall engage in the practice of law in this state while drawing retirement compensation provided for by any law of this state for judges.

History.—§9, ch. 29838, 1955; §8, ch. 57-422. cf.—§123.20 Practice of law prohibited.

123.10 Reassumption of office after refund.—Any justice or judge whose contributions have been refunded as provided in §123.05 and who subsequently reassumes office as such justice or judge shall be treated as those justices or judges assuming office the first time as provided herein.

History.—§10, ch. 29838, 1955.

123.11 Death prior to or after retirement; refund or forfeiture of benefits.—Should any justice or judge die before retiring under the provisions of this law, the heirs, legatees, beneficiary or personal representatives of such deceased justice or judge of the state, shall be entitled to a refund of one hundred per cent, without interest, of the contributions made to the retirement trust fund by such deceased justice or judge. Any justice or judge may file, in writing, a designation of beneficiary and it shall be the duty of the comptroller to pay the refund provided for herein for the deceased justice or judge to such designated beneficiary. The justice or judge shall have the privilege of changing in writing the designated beneficiary at any time. If the deceased justice or judge has received any benefits under this law, no refund shall be made except where this chapter expressly authorizes the same.

History.—§11, ch. 29838, 1955; §2, ch. 61-119.

123.12 Rights under other retirement systems preserved.—Nothing herein contained shall affect the rights that any justice of the supreme court, district court of appeal judge or circuit judge may have acquired or may hereafter acquire under any existing retirement

law, and the membership of any such justice or judge in any existing and applicable retirement system shall continue to exist and remain inviolate to the same extent as if this chapter had never passed unless voluntarily renounced or subordinated in favor of the provisions of this chapter in the manner provided for under §123.03; provided, however, that no person while accepting retirement compensation under the terms and provisions hereof shall at the same time receive retirement compensation from the state under any other law relating to retirement of judges.

History.—§12, ch. 29838, 1955; §9, ch. 57-422.

123.13 Optional retirement benefits.—

(1) A supreme court justice, district court of appeal judge or circuit judge who becomes eligible for retirement in accordance with the provisions of this chapter, and who had theretofore accepted or elected to accept the provisions of §25.112 or §38.14, shall be entitled to receive and shall upon retirement receive as retirement compensation to be paid during the remainder of his natural life two-thirds of the total salary being paid to such justice or judge at the time of his retirement, or at his option receive the retirement compensation provided under the terms of this chapter.

(2) Any supreme court justice who becomes eligible for retirement in accordance with the provisions of this chapter, and, who had theretofore accepted or elected to accept the provisions of §25.101, shall be entitled to receive and shall upon retirement receive as retirement compensation to be paid during the remainder of his natural life, one hundred per cent of the total salary being paid to such justice or judge at the time of his retirement, or at his option receive the retirement compensation provided under the terms of this chapter.

History.—§13, ch. 29838, 1955; §10, ch. 57-422.

123.14 Circuit judges; back contributions.—

Upon the payment to the comptroller of the state of the full amount he would have been required to contribute had he duly, timely and properly made such contributions, any circuit judge shall be entitled to credit in the circuit judges' retirement act, established and existing by virtue of chapter 38, for all periods of prior service as a circuit judge of the state in the same manner and to the same extent as if he had duly, timely and properly made such contribution, and upon the making of such payments, shall have the election to continue as a member of the retirement system established under said chapter 38, or to participate under the provisions of this chapter.

History.—§14, ch. 29838, 1955.

123.15 System compulsory for new justices and judges; exceptions.—The provisions of this law shall be compulsory for all supreme court justices, district court of appeal judges and circuit judges who take office for the first time on or after July 1, 1955, and the retirement provisions in chapters 25 and 38, shall

not be applicable to those justices or judges covered by this section. Provided, however, any person who shall be a member of any state retirement system at the time of his election or appointment as a supreme court justice, district court of appeal judge or circuit judge, may elect to remain in said system, such election to be made in writing and filed with the comptroller within thirty days from the date he shall assume office.

History.—§15, ch. 29838, 1955; §11, ch. 57-422.

123.16 Appropriation.—The amounts necessary to meet the requirements of the judicial retirement trust fund, after taking into account the amount of contributions made as provided herein, shall be appropriated by the legislature. If the amounts appropriated for this purpose are insufficient, there is hereby appropriated annually the additional amounts necessary to meet the requirements of this fund.

History.—§16, ch. 29838, 1955; §12, ch. 57-422; §2, ch. 61-119; §1, ch. 61-195.

123.17 Judicial retirement for disability.—

(1) The commission provided for in §17(2) of Art. V, state constitution, may, in accordance with rules of procedure established by the supreme court, and after notice and hearing, retire any justice or judge for disability with compensation as hereinafter provided. Upon a determination by the commission, in accordance with its rules, that a justice or judge be retired for disability, the clerk of the commission shall forward to the comptroller of the state a certificate certifying the findings and judgment of the commission. The judgment of the commission shall contain the effective date of the disability and shall specify the retirement plan chosen by or for the retired justice or judge.

(2) A justice or judge retired by the commission for disability shall receive two-thirds of his then compensation if he has served for ten years or more. A justice or judge retired by the commission for disability who has served less than ten years shall receive one-third of his then compensation and in addition to said one-third shall receive an additional three and one-third per cent of his compensation at time of retirement for each year served prior to his retirement.

(3) Nothing herein contained shall affect the rights that any justice or judge may have acquired or may hereafter acquire under any existing retirement law, and a justice or judge retired by the commission for disability may advise the commission which retirement plan he desires to be retired under and the commission shall include such election in its judgment of disability. In the event the disability of the justice or judge renders him incapable of making a selection of alternative retirement plans the commission may select the plan most favorable under the circumstances of the particular case and include this selection in its judgment.

(4) Any justice or judge retired for disability shall have the right at any time prior

to receipt of the first monthly installment of retirement compensation to elect to receive a reduced retirement compensation with the provision that the surviving spouse shall continue to draw such reduced retirement compensation so long as he or she shall live. The amount of such reduced retirement compensation shall be the actuarial equivalent of the amount of such retirement otherwise payable such justice or judge. In the event the disability of the justice or judge renders him incapable of making such election the commission may elect the plan most favorable under the circumstances of the particular case and include this election in its judgment.

History.—§§1-4, ch. 57-421.
cf.—§123.08 which also provides for disability retirement.

123.18 Judicial retirement for disability; transfer of amounts contributed under other retirement laws.—The amounts contributed under §§25.122, 38.17 and 123.02 by any justice or judge accepting the retirement compensation provided in §123.17(2) shall be transferred to a special fund in the state treasury, which is hereby established and designated as "the judicial disability retirement trust fund."

History.—§5, ch. 57-421; §2, ch. 61-119.

123.19 Judicial retirement for disability; disappearance or unexplained absence.—In the event of the disappearance of a justice or judge or his unexplained absence for a period of one hundred and eighty days, the commission may, in accordance with its rules, retire said justice or judge for disability. In such cases the commission shall exercise the available selections or elections as in the case of a justice or judge unable to make such choices by reason of his disability and shall incorporate same in its judgment of disability.

History.—§6, ch. 57-421.

123.20 Judicial retirement for disability; practice of law prohibited.—No justice or judge shall engage in the practice of law in this state while drawing retirement compensation provided for by any law of this state for justices or judges.

History.—§7, ch. 57-421.
cf.—123.09 Prohibiting the practice of law.

123.21 Judicial retirement for disability; appropriation.—There is hereby appropriated and shall be paid annually into the judicial disability retirement trust fund out of any funds in the state treasury not otherwise appropriated sufficient money to meet the requirements of this law. There is hereby appropriated annually out of any funds in the state treasury not otherwise appropriated a sufficient amount (not to exceed seven hundred and fifty dollars), to efficiently administer the provisions of this law.

History.—§8, ch. 57-421; §2, ch. 61-119.

123.22 Activation of division B.—Sections 123.22 to 123.33, inclusive, shall control with respect to division B of this system and mem-

bership therein, and shall prescribe the method of activating such division.

History.—§3, ch. 63-462.

123.23 Applicable law.—Sections 123.01 to 123.21, inclusive, in relation to administration of division B and to duties, rights, privileges, and benefits to members of this division under this system, shall apply to said division B and membership therein, except to the extent that the provisions of §§123.22 to 123.33, inclusive, may be at variance or in conflict therewith.

History.—§3, ch. 63-462.

123.24 Definitions.—The following words and phrases used in §§123.22 to 123.33, inclusive, shall have the respective meanings set forth unless a different meaning is plainly required by the context:

(1) "System"—the general retirement system provided by this chapter, with its three divisions.

(2) "Social security coverage"—old age and survivors insurance as provided by the federal social security act.

(3) "Administrator"—the comptroller of Florida as the administrator of this system as provided in §123.01 hereof.

(4) "Agreement"—the modification of that certain agreement entered into October 23, 1951, between the state of Florida and the secretary of health, education, and welfare, pursuant to §650.03, which makes available to members of division B of this system the provisions of said agreement.

(5) "State agency"—the Florida industrial commission within the provisions and contemplation of chapter 650.

(6) "Division"—division B of this system.

History.—§3, ch. 63-462.

123.25 Membership in division B.—Supreme court justices, district courts of appeal judges, and circuit judges may become members of division B of this system in the manner and under circumstances as follows:

A supreme court justice, district court of appeal judge, or circuit judge who is a member of this system on July 1, 1963, and prior to execution of the agreement in pursuance of affirmative referendum as hereinafter provided, may transfer to this division by electing to do so in writing filed with the administrator. While membership in this division shall date from the filing of such election with the administrator, for the purposes of contributions to the system and benefits to members under this division, membership in this division shall take effect upon the date of execution of the agreement. A form for the election to transfer to this division shall be prescribed and furnished to the members of the system by the administrator. Such form shall prescribe the date by which the executed election must be returned by the members in order for such members to be eligible for participation in the referendum provided hereinafter. Executed elections received after such date shall be effective for transfer of membership to this

division if returned prior to the date the agreement is entered into. Any member electing to belong to division B may withdraw therefrom prior to the date the agreement is entered into.

History.—§3, ch. 63-462.

123.26 Referendum.—If by the date fixed in said form of election furnished by the administrator to the members of the system there shall have been filed with the administrator executed forms of election evidencing that not less than ten members of this system have chosen to become members of this division, the administrator shall so notify the governor of Florida. It is the legislative intent and request that the governor shall thereupon provide for the holding of a referendum, to be participated in by eligible members, in pursuance of the provisions of §650.10, for the purpose of extending social security benefits to members of this division. Should the results of the referendum be such as to justify the governor's making the certification provided by §650.10 (2) and §218(d) (3) of the federal social security act, he is requested to make such certification, and the state agency is authorized and directed to take appropriate action under chapter 650, and in conformity with applicable federal social security laws, to accomplish the purpose of extending social security coverage to the members of this division, effective January 1, 1959, or as soon thereafter as shall be permissible under then existing federal laws and regulations.

History.—§3, ch. 63-462.

123.27 Funds.—There shall be paid into the judicial retirement system trust fund contributions by members of this division for benefits payable to members under the system. Contributions required of members for social security coverage shall be deposited into the social security contribution trust fund.

History.—§3, ch. 63-462.

123.28 Contributions.—From and after the date of the execution of the agreement, the officer or party paying the salary of a member of this division shall withhold eight per cent of such salary, which shall constitute the contribution of the member of this division with respect to retirement and other benefits payable under the system, and in addition thereto, the entire contribution for each member required for social security coverage as now or hereafter fixed by relevant federal statutes. The officer or party so withholding such percentages shall, without delay, deposit retirement contributions into the judicial retirement system trust fund and social security contributions into the social security contribution trust fund.

History.—§3, ch. 63-462.

123.29 Benefits.—The relevant provisions of §§123.01 to 123.21, inclusive, fixing or relating to eligibility for retirement, retirement compensation, and other benefits payable to members or for the account of members of the

system in relation to members in division A, shall apply with equal force and effect to members of this division with the following exceptions:

(1) Section 123.06(1) shall read with respect to members of division B: Any supreme court justice, district court of appeal judge, or circuit judge who has become eligible for retirement in accordance with the provisions of this chapter shall be entitled to receive, and shall receive, retirement compensation from the judicial retirement trust fund the annual amount of which shall be three and one-third per cent of his average final compensation, as the term is herein defined, for each year of service rendered as such supreme court justice, district court of appeal judge, or circuit judge or any combination of years served as such justice or judge, provided, however, that in no event shall such retirement compensation which may otherwise be payable between the member's date of retirement and his sixty-fifth birthday exceed his average final compensation and further provided that such retirement compensation as may otherwise be payable subsequent to the member's sixty-fifth birthday shall not exceed that amount which, when added to his estimated annual primary insurance amount as provided under social security coverage at age sixty-five, as determined by the administrator, equals his average final compensation. Should this limitation with respect to retirement compensation payable after the member's sixty-fifth birthday be applicable, the amount of retirement compensation shall be adjusted accordingly.

History.—§3, ch. 63-462.

123.30 Records and reports.—The administrator shall maintain accurate accounts of each member of this division; and shall maintain said accounts in such manner, form and detail as shall meet the requirements of the federal social security act and regulations in relation to the social security coverage of such member. The administrator shall from time to time make such reports as may be required by relevant federal laws and regulations relating to the social security coverage of the members of this system.

History.—§3, ch. 63-462.

123.31 Appropriations.—

(1) If under the agreement, social security coverage is retroactively applicable to members of this division, there is appropriated out of the judicial retirement system trust fund and into the social security contribution trust fund the amount required by applicable federal laws and regulations to be paid with respect to periods prior to date of execution of the agreement.

(2) All amounts required for retroactive social security coverage for members of division B shall be charged against the individual account of such members within the judicial retirement system trust fund and shall be repaid to the judicial retirement system trust fund within one year from date of payment,

and the officer or party paying the salary of such member shall deduct the same from the salary of the member in twelve equal monthly payments.

History.—§3, ch. 63-462.

123.32 Future amendments.—Where in this law reference is made to state and federal laws, it shall be understood that such references are intended to include such laws as they now exist or may hereafter be amended.

History.—§3, ch. 63-462.

123.33 Failure of referendum.—Should a majority of the eligible members of the judicial retirement system fail to vote in favor of social security coverage, the provisions of §§123.22 to 123.32, inclusive, shall cease to be of any effect. In such event, the members of this division shall by virtue of the force and effect of this provision be considered not to have transferred to this division and the executed election to do so, filed with the administrator, shall be considered void and of no effect, and membership in the system shall not be disturbed by reason of the election so made.

History.—§3, ch. 63-462.

123.34 Activation of division C.—Sections 123.34 to 123.43, inclusive, shall control with respect to division C of this system and membership therein, and shall prescribe the method of activating such division.

History.—§4, ch. 63-462.

123.35 Applicable law.—Sections 123.01 to 123.21, inclusive, in relation to administration of division C and to duties, rights, privileges, and benefits to members of this division under the system, shall apply to said division C and membership therein, except to the extent that the provisions of §§123.34 to 123.43, inclusive, may be at variance or in conflict therewith.

History.—§4, ch. 63-462.

123.36 Definitions.—The following words and phrases used in §§123.34 to 123.43, inclusive, shall have the respective meanings set forth unless a different meaning is plainly required by the context:

(1) "System"—the general retirement system provided by this chapter with its three divisions.

(2) "Social security coverage"—old age and survivors insurance as provided by the federal social security act.

(3) "Administrator"—the comptroller of Florida as the administrator of this system provided in §123.01.

(4) "Division"—division C of the system.

History.—§4, ch. 63-462.

123.37 Membership in division C.—Supreme court justices, district courts of appeal judges, and circuit judges who become members of the system on or after July 1, 1963, shall become members of division C of the system.

History.—§4, ch. 63-462.

123.38 Funds.—There shall be paid into the judicial retirement system trust fund contributions by members of this division for benefits payable to members under the system. Contri-

butions required of members for social security coverage shall be deposited into the social security contribution trust fund now existing.

History.—§4, ch. 63-462.

123.39 Contributions.—From and after July 1, 1963, the officer or party paying the salary of a member of this division shall withhold eight per cent of such salary, which shall constitute the contribution of the member of this division with respect to retirement and other benefits payable under the system, and in addition thereto one half of the entire contribution of the member required for social security coverage as now or hereafter is fixed by relevant federal statutes. The officer or party so withholding such contribution shall, without delay, deposit retirement contributions into the judicial retirement system trust fund and social security contributions into the social security contribution trust fund.

History.—§4, ch. 63-462.

123.40 Benefits.—The relevant provisions of §§123.01 to 123.21, inclusive, fixing or relating to eligibility for retirement, retirement compensation, and other benefits payable to members or for the account of members of the system in relation to members in division A shall apply with equal force and effect to members of this division with the following exceptions:

(1) Section 123.04 "Qualification for retirement" shall read with respect to members of division C:

(a) Any person electing to take the benefits of this chapter who has attained the age of sixty-five years, and who has served as a supreme court justice, or district court of appeal judge, or circuit judge for at least ten years in the aggregate, or had ten years of otherwise creditable service either before or after passage of this law, may retire with the right to be paid, and shall be paid on his own requisition in equal monthly installments during the remainder of his natural life, from the judicial retirement trust fund, retirement compensation in accordance with §123.06 as it pertains to members of this division.

(b) Any justice of the supreme court, district court of appeal judge, or circuit judge who has attained the age of fifty-five years or more and has accumulated at least ten years service in the aggregate within the contemplation of this law, and who has made or makes contributions to the judicial retirement trust fund for five or more years of creditable service as prescribed by this law may elect to retire and receive a reduced benefit which would be the actuarial equivalent of the benefits provided in paragraph (a).

(2) Section 123.06(1) "Retirement benefits; basis" shall read with respect to members of division C:

Any supreme court justice, district court of appeal judge, or circuit judge who has become eligible for retirement in accordance with the provisions of this chapter shall be entitled to receive, and shall receive retirement compensation the annual amount of which shall be equal to the formula benefit hereinafter defined reduced by the annual maximum primary insurance amount as provided under social security coverage as in effect on the members retirement date. The formula benefit is equal to three and one third per cent of the average final compensation of the member, as the term is herein defined, for each year of service rendered as such supreme court justice, district court of appeal judge or circuit judge or any combination of years served as such justice or judge, but in no event to exceed his average final compensation.

History.—§4, ch. 63-462.

123.41 Records and reports.—The administrator shall maintain accurate accounts of each member of this division; and shall maintain said accounts in such manner, form and detail as shall meet the requirements of the federal social security act and regulations in relation to the social security coverage of such member. The administrator shall from time to time make such reports as may be required by relevant federal laws and regulations relating to the social security coverage of the members of the system.

History.—§4, ch. 63-462.

123.42 Appropriations.—There is hereby annually appropriated and shall be paid into the social security contribution trust fund out of funds in the state treasury not otherwise appropriated, an amount equal to the total amount paid into the said fund by the members of this division.

History.—§4, ch. 63-462.

123.43 Future amendments.—Where in this law reference is made to state and federal laws, it shall be understood that such references are intended to include such laws as they now exist or may hereafter be amended.

History.—§4, ch. 63-462.

123.44 Failure of referendum by eligible members of division B.—Should a majority of the eligible members of division B of the judicial retirement system fail to vote in favor of social security coverage as provided in this chapter and thereby make such coverage non-applicable to members of division C, the provisions of §§123.34 to 123.43, inclusive, shall cease to be of any effect. In such event, by virtue of the force and effect of this provision persons required to become members of division C in accordance with §123.37 shall instead become members of the system in accordance with §§123.01 to 123.21, inclusive.

History.—§4, ch. 63-462.

TITLE XI

COUNTY ORGANIZATION, OFFICERS AND REGULATIONS

CHAPTER 124

COMMISSIONERS' DISTRICTS

- | | | | |
|--------|--|--------|--|
| 124.01 | Division of counties into districts; county commissioners, etc. | 124.03 | Description of district boundaries to be furnished secretary of state. |
| 124.02 | Notice of change of boundaries of district to be given by publication. | 124.04 | Election districts not to lie in more than one county commissioner's district. |

124.01 Division of counties into districts; county commissioners, etc.—

(1) There shall be five county commissioners' districts in each county, which shall be numbered one to five, inclusive, and shall be as nearly equal in proportion to population as possible.

(2) There shall be one county commissioner for each of such county commissioners' districts, who shall be elected by the qualified electors of the county, as provided by Art. VIII, §5, of the state constitution.

(3) The board of county commissioners shall from time to time, fix the boundaries of the above districts so as to keep them as nearly equal in proportion to population as possible; provided, that changes made in the boundaries of county commissioner districts pursuant to this section shall be made only in odd-numbered years.

(4) County commissioners' districts now existing shall remain as now constituted until changed by the board of county commissioners, as provided by the constitution and in this chapter.

(5) This section shall not apply to Dade county.

124.02 Notice of change of boundaries of district to be given by publication.—

(1) Whenever the boundaries of existing county commissioners' districts are, from time to time, changed by the board of county commissioners, it shall cause an accurate description of the boundaries of such districts, as changed, to be entered upon its minutes and a certified copy thereof to be published once each week for four consecutive weeks (four publications being suffi-

cient) in a newspaper published in said county.

(2) If there be no newspaper published in such county, then three copies of said minutes shall be posted for four consecutive weeks in three different and conspicuous places in such county, one of which shall be at the front door of the courthouse.

(3) Proof of such publication or posting shall be entered on the minutes of the board. The publication or posting of such copy shall be for information only and shall not be jurisdictional.

cf.—§336.44 Counties, contracts for construction; procedure; bonds.

125.081 County, municipal and district purchases may be made under state contract.—Any county officer, board, bureau or department and any municipality and any district having the power to make purchases from public funds may, after complying with all laws

limiting, restricting or defining the manner or means of making such purchase, make any purchase of any goods, supplies or materials under any state contract (if the terms of such contract permit) established by the state or any department or board or commission thereof, when the state contract price for such goods, supplies or materials is in each case lower and better than any bid received or offer made for the sale of such goods, supplies or materials and the purchase of such goods, supplies or materials at said contract price is herewith authorized and determined to be for a state purpose.

History.—§1, ch. 28218, 1953.
cf.—Ch. 287 State purchasing commission.

125.09 To inspect offices.—The county commissioners shall, at least once every three months, inspect the offices and records of the county judge, sheriff and clerk of the circuit court and other officers of their respective counties, and see that the laws prescribing and regulating the duties of said officers are being fully complied with; and they shall report to the governor of the state any failure on the part of such officers to perform their duties.

History.—§1, ch. 4141, 1893; GS 770; RGS 1487; CGL 2196.

125.10 Completing work in vacated offices.—Whenever the term of any of such officers shall have expired, or any of said officers shall have died, resigned or been removed from office, leaving undone any work required by law to be done by said officer, and for which he has received the compensation, the county commissioners may have such work done by the successor of such officer, at the expense of the county, and may recover the amount paid out by them to have said work done by suit in the name of the county, on the official bond of said officer whose duty it was to have done said work, and the state attorney of the circuit in which said county is situated shall institute and conduct said suit.

History.—§2, ch. 4141, 1893; GS 771; RGS 1488; CGL 2197.

125.11 To keep open books.—The board of county commissioners shall keep proper minutes of their proceedings and proper books of accounts of their dealings with the county finance. They shall keep their books open for inspection.

History.—Ch. 156, 1847; ch. 370, 1851; ch. 863, 1859; RS 579; GS 772; RGS 1489; CGL 2198.

125.15 To sue and be sued in the name of county.—The county commissioners shall sue and be sued in the name of the county of which they are commissioners. A change in the persons composing the board of county commissioners shall not abate the suit, but it shall proceed as if such change had not taken place.

History.—§§1, 3, ch. 3242, 1881; RS 580; GS 773; RGS 1493; CGL 2202.

125.17 Clerk.—The clerk of the circuit court for the county shall be clerk and accountant of the board of county commissioners. He shall keep their minutes and accounts, and perform such other duties as their clerk as the board

may direct. He shall have custody of their seal, and shall affix the same to any paper or instrument to which it shall be proper or necessary that the same shall be affixed. And he may give copies of writings in his custody as the clerk of said board, attested by his signature and authenticated by said seal.

History.—§583, RS 1892; RS 583; GS 776; RGS 1498; CGL 2261.

125.22 Commissioners may lease space for county purposes.—Whenever by reason of the burning or other loss of any court house in any county in this state, or the rebuilding or repairing thereof, or of there being therein inadequate space to accommodate the offices of the county officers of such county, and for the holding of any court or courts or the transaction of any other matters now required to be conducted in the court house of the county, and the determination of such fact by the board of county commissioners be entered by them in their minutes, it shall become lawful thereupon for the board of county commissioners of such county to lease any additional building or buildings, or space in any additional building or buildings, as may be determined necessary by the board of county commissioners of such county for the transaction of the business of the county, including offices for any of the county officers of such county and the holding therein of any of the court or courts now provided to be held in the county court house, or for the meeting of the grand jury of the county, and to pay from any funds of such county available therefor any rental agreed to be paid by said board of county commissioners for the use of such additional building or buildings, or space in any additional building or buildings so leased by said county board, and any business of the county transacted in any building or buildings, or space therein so leased as herein provided for, and the holding of any court or courts therein provided to be held in such county, or the convening therein of the grand jury of the county, is declared to be legal, valid and binding for any and all purposes and upon any and all persons whomsoever; provided, however, no lease made under the authority of this section shall be for a term of more than two years.

History.—§1, ch. 14492, 1929; CGL 1936 Supp. 2276(19).

125.221 Holding of court and meeting of grand jury; place other than courthouse.—In the event there is not suitable available space in the courthouse due to construction or reconstruction, destruction or other good reasons, for the holding of any court or courts now provided to be held in the county courthouse, or for the meeting of the grand jury of the county, the county commission, with the approval of the court, may designate some other place or places located in the county seat for the holding of court or courts or for the meeting of the grand jury.

History.—§1, ch. 29795, 1955.

125.222 Auxiliary county offices, court proceedings.—All proceedings, except trial by jury, had in any of the several counties of this state

in connection with any civil, equity or criminal action may be conducted in auxiliary county offices where such offices have been established and are maintained under authorization of law, provided adequate space and facilities are available therein and provided all records of such proceedings be kept and maintained in the county offices at the county seat.

History.—§1, ch. 57-331.

125.23 Fire control units; declared to be county purposes.—The establishment and maintenance of county fire control units are declared to be county purposes.

History.—§1, ch. 17024, 1935; CGL 1936 Supp. 2181(19).

125.24 Fire control units; commissioners authorized to establish and maintain.—The boards of county commissioners may establish and maintain county fire control units.

History.—§2, ch. 17024, 1935; CGL 1936 Supp. 2181(20).

125.25 Fire control units; agreements with Florida board of forestry.—The said boards of county commissioners may enter into agreements with the Florida board of forestry for the establishment and maintenance of said county fire control units, under such terms as shall be agreed upon by the said board of county commissioners and such Florida board of forestry, and in pursuance of such fire prevention and control work as may be agreed upon between them in accordance with the established policy, program and procedure of the Florida board of forestry; provided, however, that unless otherwise provided in writing by and between the board of county commissioners and the Florida board of forestry, any and all sums payable to the said Florida board of forestry by the board of county commissioners shall be payable in equal monthly installments due and payable in advance on the first of each and every month.

History.—§3, ch. 17024, 1935; CGL 1936 Supp. 2181(21); §1, ch. 21997, 1943.

125.26 Fire control units; taxes for payment of expenses.—In order to defray the cost and expense, or any portion of the cost and expense, necessary for the establishment and maintenance of said county fire control units, the said county commissioners may pay such costs and expenses from the general revenue fund of the county, and in order to provide for the payments thereof from the general revenue fund, the said county commissioners may levy annually a tax upon all the taxable property in said county; provided, however, that the gross annual proceeds of such tax shall not in any year exceed a sum in dollars equal to the total number of acres embraced and comprised within such county multiplied by three cents; and provided, further, that if a sum in dollars equal to the total number of acres embraced and comprised within said county multiplied by three cents cannot be obtained by multiplying the total assessed valuation of all taxable property by two mills, then shall the said county commissioners pay the sum in dollars equal

to multiplying the total assessed valuation of all taxable property by two mills.

History.—§4, ch. 17024, 1935; CGL 1936 Supp. 2181(22); §2, ch. 21997, 1943.

125.27 Fire control units; authority of state board of forestry.—The state board of forestry may enter into agreements to carry out the purposes of §§125.23-125.26 with such county or counties as shall elect to proceed under the authority hereby given, and said board of forestry may cooperate with said counties in the establishment and maintenance of such county fire control units and supplement the funds appropriated from the general revenue fund of said county or counties with funds accruing to said state board of forestry, to be used in the establishment and maintenance of such county fire control units.

History.—§5, ch. 17024, 1935; CGL 1936 Supp. 2181(23).

125.28 Fire control units; referendum necessary to discontinue operations hereunder.—Whenever any board of county commissioners shall elect and decide to proceed under the power and authority granted by §§125.23-125.27, and shall, in pursuance thereof, enter into any agreement with the state board of forestry, it shall not thereafter have authority to discontinue operations hereunder or to cease to levy the tax herein provided for or to rescind its agreement with the state board of forestry unless and until authorized so to do by a majority vote of the qualified electors of such county. The submission of the question to a vote of the people may be at any general or special election now provided for by law, and the laws pertaining to and governing the general or special election at which the question is submitted, shall govern the referendum election to be held on the question of the discontinuance of the maintenance of such county protective units.

History.—§6, ch. 17024, 1935; CGL 1936 Supp. 2181(24).

125.29 Fire control units; referendum necessary to begin operations hereunder.—

(1) No board of county commissioners which is not now engaged in fire control work shall hereafter be authorized under the provisions of §§125.23-125.28 to establish and maintain any fire control unit, unless and until the terms of this law shall be ratified by a majority of those qualified electors of the county who cast their votes on the express referendum question (as hereinafter stated) of whether or not the terms of this law shall be ratified. The submission of said question to a vote of the electors may be at any special or general election now provided for by law, and the laws pertaining to and governing such special or general election shall govern the referendum election to be held on the establishment and maintenance of fire control units. The question or matter to be decided and determined by said electors at said election shall be stated upon the ballots used in said election as follows:

For a county fire control unit.

Against a county fire control unit.

The result of such election shall be canvassed

and returned as general elections for the elections of county officers in said county are canvassed and returned, and the result thereof shall be certified to the board of county commissioners by the county canvassing board. Provided, however, that before an election can be held in any county as provided herein, the owners of a majority of the privately owned acreage in such county shall petition the board of county commissioners of such county therefor.

(2) Any board of county commissioners is authorized to establish and maintain a fire control unit under the provisions of §§125.23 to 125.28, inclusive, if the establishment thereof has been approved by a majority of the votes cast upon the question of the establishment of a fire control unit by the qualified electors voting thereon at any general or special election heretofore held.

(3) All referendum elections heretofore held in any county to determine whether or not a county fire control unit should be established and the terms of said fire control laws ratified, where a majority of the votes cast on the referendum question favored the establishment of the unit and the ratification of said laws, are hereby declared to have been duly held and that said vote duly ratified and approved such units and said laws within the meaning and intentment of the legislature, and the said referendum elections are hereby approved, confirmed and validated.

(4) All fire control agreements heretofore made by the county commissioners of any county and the Florida board of forestry and parks or the Florida board of forestry are hereby confirmed and validated; provided, however, the parties to such agreements may by mutual consent change or alter such agreements to meet new conditions and circumstances.

History.—§11, ch. 17024, 1935; CGL 1936 Supp. 2181(27); §3, ch. 21997, 1943; §§1-3, ch. 22635, 1945.

125.30 Protection of plants and livestock.—

The boards of county commissioners may in the exercise of their sound discretion, appropriate and expend moneys for the purpose of purchasing poisons or other insecticides, fungicides or disinfectants for the use of farmers, fruit growers, and livestock owners, in combatting or suppressing outbreaks of serious insect pests, plant diseases, or diseases or parasites of livestock.

History.—§1, ch. 17991, 1937; CGL 1940 Supp. 2739(31).

125.301 Eradication of rattlesnakes.—

(1) Any person who presents the body of a dead rattlesnake to the sheriff of the county in which said rattlesnake was killed shall receive a bounty of two dollars and fifty cents upon reasonable proof that said rattlesnake was killed in the county from which said bounty is being claimed.

(2) Payment of said bounty shall be made by the clerk of the circuit court, upon presentation of a certificate by the sheriff of said county that he has proof that said rattlesnake was killed in said county; said payment shall be

made from the general fund of the county in which said rattlesnake was killed and presented for payment.

(3) Any dead rattlesnake so presented for payment of bounty shall be destroyed by the sheriff of the county to whom presented.

(4) The pigmy rattlesnake, commonly known as the ground rattler, is expressly excluded from the said bounty payment.

(5) Participation in this program shall be permissive subject to the approval of the board of county commissioners of the county desiring to participate in said program.

(6) This law shall not be applicable to domestically raised rattlesnakes, but solely to wild *ferrae naturae* snakes.

History.—§§1-6, ch. 59-87.

125.31 Investment of surplus public funds; regulations.—

(1) The boards of county commissioners are hereby authorized and empowered, by resolution to be adopted from time to time, in their discretion to invest and reinvest any surplus public funds in their control or possession in negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States government at the then prevailing market price for such security.

(2) All securities purchased by any such board under the authority of this law shall be properly earmarked and immediately placed for safekeeping in a safety deposit box in some bank or institution carrying adequate safety deposit box insurance within such county, and no withdrawal of such securities in whole or in part shall be made from such safety deposit box except upon authority evidenced by resolution of the board of county commissioners of such county.

(3) When the money invested in such securities is needed in whole or in part for the purposes originally intended, the board of county commissioners of such county is authorized to sell such security or securities at the then prevailing market price and to pay the proceeds of such sale into the proper account or fund of the county.

(4) For the purposes of this law, the term "surplus funds" is defined as funds in any general or special account or fund of the county held or controlled by the county commissioners of such county which in reasonable contemplation will not be needed for the purposes intended within a period of six months from the date of such investment.

History.—§§1-4, ch. 21691, 1943.
cf.—§129.02 (4) (b) Capital budget, investment.

125.311 County dumps.—The board of county commissioners is authorized to appropriate and expend county funds for the purpose of acquiring land within the county and to establish thereon dumps for the deposit of rubbish and garbage by its citizens.

History.—§1, ch. 29710, 1955.

125.32 Vice-chairman; powers, duties, etc.—

(1) Each board of county commissioners

from time to time may appoint one of its members as vice-chairman of such board, to hold office during the pleasure of the board.

(2) In the absence of the chairman from the county or in event of his incapacity to act on account of illness or any other cause, the vice-chairman shall have and exercise the same powers as the chairman.

(3) The signature of the clerk of the circuit court or of any of his deputies to any instrument signed by the vice-chairman of the board of county commissioners shall constitute a sufficient certificate of the authority of the vice-chairman to act, as set out in subsection (2).

History.—§§1-3, ch. 21957, 1943.

125.33 Closing, vacating and abandoning roads, streets, etc.—

(1) The board of county commissioners upon request of the United States government or any branch thereof, is hereby authorized and empowered to close, vacate, and abandon any public or private street, road, alley, way, or other place used for travel, or any portion thereof, within their jurisdiction, and outside the corporate limits of any town or city.

(2) The action of the board of county commissioners in closing, vacating and abandoning any road or street, as herein authorized, shall be evidenced by resolution duly adopted and entered upon its minutes. The request of the United States government or any branch thereof to such board to take such action shall be in writing, and shall be spread upon the minutes of the board of county commissioners. Notice of the adoption of such a resolution by the board of county commissioners shall be published one time within thirty days following its adoption, in one issue of a newspaper of general circulation published in the county, and if there is no such newspaper, then certified copies of the resolution shall be posted for a period of two weeks, one copy at the courthouse of the county, and one copy at each terminus of the road or street, or portion thereof, therein ordered closed and abandoned.

(3) The actions of the board of county commissioners of each county heretofore taken, closing, vacating or abandoning any such street or road, as herein described, and appearing in the minutes of said board, are hereby ratified, approved, and confirmed in all respects, and such streets and roads are hereby declared closed, vacated and abandoned.

(4) The authority and method of vacating, closing and abandoning such roads and streets herein provided shall be in addition to the authority and method provided in the highway code.

History.—§§1-4, ch. 22067, 1943.
cf.—§§177.15, 192.29, 192.30 Vacation of streets and alleys.
§§336.09-336.11 Closing and abandonment of roads.
§340.07 (3) Closing and abandonment of roads; turnpike authority.
§422.04 Closing of roads; housing projects.
§779.14 Closing and restricting use of highway.

125.331 Closing, vacating and abandoning certain parks.—

(1) The boards of county commissioners

with respect to property located outside the corporate limits of any municipality, are hereby authorized:

(a) To vacate, abandon, discontinue and close any existing park, other than a state or federal park, and to renounce and disclaim any right of the county and the public in and to the land constituting such park;

(b) To renounce and disclaim any right of the county and the public in and to any land or interest therein acquired by purchase, gift, devise, dedication or prescription for park purposes, other than lands acquired for state and federal parks; and

(c) To renounce and disclaim any right of the county and the public in and to land, other than land constituting or acquired as a state or federal park, delineated on any recorded map or plat as a park.

(2) Upon petition to the board of county commissioners by the owner of land that

(a) Abuts upon any existing park or upon any land delineated upon any recorded map or plat as a park, or

(b) Adjoins lands acquired for park purposes in the manner described in subsection (1)(b) hereof, shall adopt a resolution declaring that the board of county commissioners, at a definite time and place, will consider the advisability of exercising the power granted to it by subsection (1) with respect to a park or any land delineated upon any recorded map or plat as a park, or with respect to any land acquired in the manner described in subsection (1)(b).

(3) After the adoption of the resolution, all subsequent actions of the boards of county commissioners shall follow the procedure set forth in the highway code relating to the vacating, abandoning and discontinuing of streets, roads and highways other than state and federal highways located outside of any municipality, as far as said sections are applicable. All land owners owning lots or parcels of land in any platted subdivision of record, of which the park sought to be closed is a part, shall be mailed notice to their last known address, as disclosed by the last tax assessment roll of said county, at least twenty-eight days before said hearing, and the proof of mailing of such notice to land owners shall be filed with the board by the clerk of the circuit court.

(4) Should either twenty percent of the lot owners or the owners of twenty percent of the lots in the subdivision in which said park is located, or the owner of any lot in said subdivision located within four hundred feet of said park and on which lot any building exists, object at said hearing before the board to said petition initiated as to the closing of said park, the board of county commissioners of said county involved shall deny said petition, and said commissioners shall not have the discretion to close said park.

History.—§§1-4, ch. 28206, 1953.

125.34 Conveyance of county land for proposed national park, forest, or monument.—

(1) The board of county commissioners of any county wherein may lie all or a part of the area of an established or proposed national park, national forest or national monument is hereby empowered to convey to the United States, or any department thereof required by law to hold title thereto, without cost, any lands or interests therein belonging to such board of county commissioners or its county, upon request of the United States or any of its departments.

(2) No such conveyance shall be deemed to warrant the title to any such lands or to represent any state of facts concerning the same, but shall operate only to transfer such right, title or interest therein and thereto as such board of county commissioners or its county may have.

(3) All such conveyances may be executed in the name of the county by its board of county commissioners, by its chairman or vice-chairman, and attested by its clerk or deputy clerk, and shall bear the official seal of said board of county commissioners. No such conveyances shall be required to be witnessed or acknowledged, but shall be entitled to record when executed as herein provided.

History.—§§1-3, ch. 23670, 1947.

125.35 County authorized to sell real and personal property.—The board of county commissioners is expressly authorized to sell and convey any property, real or personal, belonging to the county, whenever such board shall determine that it is to the best interest of the county to do so. Provided, however, that no

sale of any real property shall be made unless notice thereof shall be published once a week for at least two weeks in some newspaper of general circulation published in the county, calling for bids for the purchase of the real estate so advertised to be sold and, in each case, the bid of the highest bidder, complying with the terms and conditions set forth in such notice, shall be accepted, unless the board of county commissioners shall reject all bids because the same are too low. The board of county commissioners may require a deposit to be made or a surety bond to be given, in such form or in such amount as the board shall determine, with each bid submitted.

History.—§1, ch. 23829, 1947.

125.36 County authorized to sell real and personal property; price and terms.—In exercising the powers conferred in §125.35, the board of county commissioners may sell any such property, real or personal, not needed for county purposes, for such price and upon such terms and conditions as said board shall deem proper, provided that, in giving notice for the sale of real estate, the terms and conditions shall be stated in such notice. In making any sale of property under this law, the board of county commissioners is hereby authorized and empowered to convey title in such property to the purchaser thereof and to execute the proper conveyance thereof.

History.—§2, ch. 23829, 1947.

125.37 Exchange of county property.—Whenever, in the opinion of the board of county commissioners, the county holds and possesses any real property, not needed for county purposes, and such property may be to the best interest of the county exchanged for other real property, which the county may desire to acquire for county purposes, the said board of county commissioners of any county is authorized and empowered to make such an exchange. Provided, however, before any exchange of property shall be effected, a notice, setting forth the terms and conditions of any such exchange of property, shall be first published, once a week for at least two weeks, in a newspaper of general circulation published in the county, before the adoption by the board of county commissioners of a resolution authorizing the exchange of properties.

History.—§3, ch. 23829, 1947.

125.38 Sale of county property to United States, or state.—If the United States, or any department or agency thereof, the state or any political subdivision or agency thereof, or any municipality of this state, or corporation or other organization not for profit which may be organized for the purposes of promoting community interest and welfare, should desire any real or personal property that may be owned by any county of this state or by its board of county commissioners, for public or community interest and welfare, then the United States, or any department or agency thereof, state or such political subdivision, agency, municipality, corporation or organization may apply to the board of county commissioners for a conveyance or lease of such property. Such board, if satisfied that such property is required for such use and is not needed for county purposes, may thereupon convey or lease the same at private sale to the applicant for such price, whether nominal or otherwise, as such board may fix, regardless of the actual value of such property. The fact of such application being made, the purpose for which such property is to be used, and the price or rent therefor shall be set out in a resolution duly adopted by such board. In case of a lease, the term of such lease shall be recited in such resolution. No advertisement shall be required.

History.—§4, ch. 23829, 1947.

125.39 Nonapplicability to county lands acquired for delinquent taxes.—The provisions of this law shall not be construed to cover the sale or disposition of those lands acquired by any county for delinquent taxes and which are described in the book designated "county lands acquired for delinquent taxes," on file in the office of the clerk of the circuit court of any county, or any land conveyed to any county for a specific purpose and containing a reversionary clause whereby said land shall revert to the grantor or grantors upon failure to use said real property for such purpose.

History.—§5, ch. 23829, 1947.

125.40 Other laws unaffected by this chapter.—The provisions of this law are cumulative

and the same shall not be deemed to limit, repeal, modify or amend any law now in existence, empowering any county to make disposition of its real or personal property.

History.—§6, ch. 23829, 1947.

125.41 Conveyance of land by county.—

(1) Deeds of conveyance of lands, the title to which is held by any county or in the name of its board of county commissioners may be in substantially the following form:

THIS DEED, made this.....day of.....
19____, by _____ County, Florida, party of the first part, and _____, party of the second part,

WITNESSETH that the said party of the first part, for and in consideration of the sum of \$_____ to it in hand paid by the party of the second part, receipt whereof is hereby acknowledged, has granted, bargained and sold to the party of the second part, his heirs and assigns forever, the following described land lying and being in _____ County, Florida:

IN WITNESS WHEREOF the said party of the first part has caused these presents to be executed in its name by its Board of County Commissioners acting by the Chairman or Vice-Chairman of said Board, the day and year aforesaid.

(OFFICIAL SEAL)

ATTEST: _____
Clerk (or Deputy Clerk)
Circuit Court

County, Florida
By its Board of County Commissioners
By _____

Its Chairman (or Vice-Chairman)

(2) No such deed of conveyance shall be required to be witnessed or acknowledged, but shall be entitled to record when properly executed.

(3) All deeds of conveyance by any county or by its board of county commissioners shall convey only the interest of the county and such board in the property covered thereby, and shall not be deemed to warrant the title or to represent any state of facts concerning the same.

History.—§§1, 2, 3, ch. 23831, 1947; §11, ch. 25035; 1949.

125.42 Water, sewage, gas, power, telephone and other utility lines along county roads and highways.—

(1) The board of county commissioners, with respect to property located without the corporate limits of any municipality are authorized to grant a license to any person or private corporation to construct, maintain, repair, operate and remove lines for the transmission of water, sewage, gas, power, telephone and other public utilities under, on, over, across and along any county highway or any public road or highway acquired by the county or public by purchase, gift, devise, dedication, or prescription; provided, however, said board of

county commissioners shall include in any instrument granting such license adequate provisions:

(a) To prevent the creation of any obstructions or conditions which are or may become dangerous to the traveling public.

(b) To require the licensee to repair any damage or injury to the road or highway by reason of the exercise of the privileges granted in any instrument creating such license and to repair said road or highway promptly, restoring the same to a condition at least equal to that which existed immediately prior to the infliction of such damage or injury.

(c) Whereby the licensee shall hold the board of county commissioners and members thereof harmless from the payment of any compensation or damages resulting from the exercise of the privileges granted in any instrument creating such license; and

(d) In addition to the foregoing provisions, as may be reasonably necessary, for the protection of the county and the public.

(2) A license may be granted in perpetuity or for a term of years, subject, however to termination by the licensor, in event the road or highway shall be closed, abandoned, vacated, discontinued or reconstructed.

(3) This law is intended to provide an additional method for the granting of licenses and shall not be construed to repeal any law now in effect relating to the same subject.

(4) In the event of widening or repair or reconstruction of any such road the licensee shall move or remove such water, sewage, gas, power, telephone and other utility lines at no cost to said counties.

History.—§§1-3, ch. 23850, 1947; (1), (2), (4)n. §1, ch. 57-777.

125.43 Common functions, powers and duties; authority to contract.—

(1) The boards of county commissioners of the several counties, or any two or more of them, be, and they are hereby authorized to enter into and carry into effect contracts and agreements relating to the common powers, duties and functions of said boards of county commissioners, or to the common powers, duties and functions of any two or more of said boards of county commissioners.

(2) The boards of county commissioners of the several counties, or any two or more of them, be, and they are hereby authorized to enter into and carry into effect contracts and agreements for the performance of any of their several common functions, powers and duties by a central agency or common agent of said contracting boards.

(3) Nothing in this section shall be construed to grant to the boards of county commissioners any new or additional powers and duties, or to assign to them any new or additional functions, but this section shall be construed only to allow contracts and agreements for the carrying on of functions and performance of duties heretofore provided by law or which may be provided at this or any subsequent session of the legislature.

(4) This section is declared to be remedial in nature and purpose and to have for its object the authorizing of boards of county commissioners to enter into and carry into effect contracts and agreements in order to coordinate their efforts and cooperate effectively to the end that the work and functions of each may efficiently and economically implement the other in rendering service to the people of the state, and this section shall be liberally construed to effectuate such purpose.

125.45 Sheriffs' offices and jails; expenses of equipping, operating, etc.—

(1) The county commissioners are hereby authorized to furnish or pay for the following services, equipment and materials upon the requisition of the several sheriffs:

(a) Fuel for the maintenance and operation of the county jail.

(b) Radio equipment, cost of operation, installation and maintenance.

(c) Refrigerators at the jail for keeping food.

(d) Bedding for jails.

(e) Stoves, kitchen utensils such as pots, pans, knives, forks, trays, etc. for the preparation of food and feeding of prisoners.

(f) Identification bureau materials and equipment for fingerprinting and for the making and developing of photographs.

(g) Local and long distance telephone and telegraph bills for the necessary operation of sheriffs' offices.

(h) General office equipment and supplies such as furniture, typewriters, forms prescribed by auditing department, stationery, paper clips and miscellaneous supplies and equipment generally used by the sheriff's offices and jails.

(2) The county commissioners of each county shall pay for the following services, equipment and materials upon requisition of the several sheriffs:

(a) For the cost of operation and maintenance of radio equipment now owned by the counties or the sheriff, or when hereafter purchased by and with the consent of the county commissioners.

(b) Bedding in the opinion of the county commissioners necessary in the operation of the county jail.

(c) Stoves, kitchen utensils such as pots,

pans, knives, forks, trays, etc. necessary in the opinion of the county commissioners for the preparation of food and the feeding of prisoners.

(d) Necessary equipment and supplies used by the sheriffs of the respective counties in the operation of an Identification Bureau.

(e) Fuel necessary for the maintenance and operation of the county jail.

(f) Refrigerators which in the opinion of the county commissioners are necessary for the healthful and economical operation of the county jail.

History.—§§1, 2, ch. 26947, 1951.

125.46 Power to make regulations for government of county recreation areas.—

(1) The board of county commissioners shall have power to make necessary regulations, not inconsistent with the constitution and laws of the United States or this state or the sanitary code, for the government of parks, bathing beaches, waterways, recreation areas and the like owned and operated by the county. Such regulations shall be recorded in the minutes of the meetings of the board and shall be promulgated by posting copies thereof at the courthouse for four consecutive weeks or by publication once each week in a newspaper published in the county for the same period.

(2) Such regulations shall be enforced as are the criminal laws. Violation thereof shall be a misdemeanor.

History.—§1, ch. 28036, 1953.

125.47 County historical commission; creation; members.—

(1) The county commissioners are hereby authorized to create a historical commission for their particular county. Such commission shall be known as the county historical commission. It shall consist of not more than ten members, or fewer than five members, all of whom except one shall be selected by the county commissioners. The clerk of circuit court of such county shall be a member of the historical commission and shall be its secretary. One or more members of the board of county commissioners may also be selected to serve on the historical commission.

(2) In selecting citizens to serve on the historical commission the board of county commissioners shall consider the interest of such citizens in the history and cultural lore and development of the county.

(3) The chairman of the county historical commission shall be named by the county commissioners. The members of the historical commission shall receive no compensation, but

shall be reimbursed for traveling expenses as provided in §112.061.

History.—§§1, 2, ch. 28306, 1953; (3) §19, ch. 63-400.

125.48 County historical commission; meetings; county historian.—As soon as practicable after said commission has been created by appropriate action of the board of county commissioners the said commission shall meet at an appropriate place and shall arrange a time for holding regular meetings of the commission, and for such other meetings as shall be necessary and it may adopt such rules of organization and procedure as it may deem necessary and determine the duties of its members and employees. The commission may, when necessary, appoint a clerk to be known as "county historian."

History.—§3, ch. 28306, 1953.

125.49 County historical commission; duties.—It shall be the duty of such commission to collect, arrange, record and preserve historical material and data, including books, pamphlets, maps, charts, manuscripts, family histories, U. S. census records, papers and other objects and material illustrative of and relating to the history of such county and of Florida; to procure and preserve narratives of the early pioneers, their exploits, perils, privations and achievements; to collect material of every description relative to the history of its Indian tribes and wars, and relative to its soldiers, its schools and its churches.

History.—§4, ch. 28306, 1953.

125.50 County historical commission; power to mark historical locations.—Such commission may upon its own initiative or upon petition of municipalities or historical societies, mark by proper monuments, tablets or markers, the location of forts, Indian mounds or other places in such county where historical events have occurred.

History.—§5, ch. 28306, 1953.

125.51 Recording historical data.—The clerk of the circuit court of such county, shall file and record, without charge, in a book or books which shall be furnished such clerk by the said board of county commissioners all such historical material and data that said commission may direct to be filed and recorded.

History.—§6, ch. 28306, 1953.

125.52 Expenses of commission from county funds; limitation.—The board of county commissioners is hereby authorized to pay the expenses of such commission out of the general fund of the county, but such expenses shall not at any time exceed three thousand dollars per annum for counties with 200,000 population, or more, and fifteen hundred dollars for counties with less population.

History.—§7, ch. 28306, 1953.

125.53 Repository for findings, collections, etc., of commission.—The board of county commissioners is hereby authorized to provide suitable and adequate space as a repository for

the findings, collections and other material of the said historical commission.

History.—§8, ch. 28306, 1953.

125.54 Watershed protection and flood prevention; county contribution for federal survey.—The county commissions of the several counties may, and are authorized to, contribute county funds, where necessary to insure complete coverage, toward a survey being conducted by the federal government pursuant to public law 566, as amended, known as the watershed protection and flood prevention act.

History.—§1, ch. 57-414.

125.55 Authority to accept contributions for roads outside municipalities.—The boards of county commissioners are authorized to accept materials or financial contributions for the construction or repair of streets and roads outside of municipalities where the condition of said streets and roads is critical and the county is unable to construct or repair the same due to other commitments of county equipment.

History.—§1, ch. 59-433.

125.56 Adoption of building code; inspection fees; inspectors; etc.—

(1) The board of county commissioners of each of the several counties of the state is authorized, in its discretion, to adopt a building code to provide for the safe construction, erection, alteration, and repair of any building within its territory outside the corporate limits of any municipality. Upon a determination to consider the adoption of a building code by a majority of the members of the board of county commissioners of such county, the said board shall call a public hearing not less than thirty nor more than sixty days from the date of such determination. Notice of said public hearing shall be posted at the courthouse door for not less than thirty days prior to the date of such public hearing, published once each week for four consecutive weeks prior to such date in a newspaper of general circulation within such county, and said notice shall contain the time, date and place for said meeting. At said meeting the board shall hear all interested parties. Thereafter, at any regular meeting of the board of county commissioners of such county, or at any special meeting of said board called for said purpose, the board may adopt a building code consistent with the terms and purposes of this act, which shall be known thereafter as the county building code. Upon adoption, the code shall be in full force and effect throughout the unincorporated area of

such county. Nothing herein contained shall be construed to prevent the board of county commissioners from amending or repealing such code at any regular meeting of such board.

(2) The board of county commissioners of each of the several counties may provide a schedule of inspection fees in order to defer the costs of inspection and enforcement of the provisions of this act, and of any building code adopted pursuant to the terms of this act, providing said schedule of fees shall not in any event exceed one fifth of one per cent of the total costs of the construction, erection, alteration or repair, as the case may be, of any building or proposed building.

(3) The board of county commissioners of each of the several counties may employ a building inspector and such other personnel as it deems necessary to carry out the provisions of this act, and may pay reasonable salaries for such services.

(4) After adoption of the building code as herein provided, it shall be unlawful for any person, firm or corporation to construct, erect, alter or repair any building within the territory embraced by the terms of this act, without first obtaining a permit therefor from the appropriate board of county commissioners, or from such persons as may by resolution be directed to issue said permits, upon the payment of such reasonable fees as shall be set forth in the schedule of fees adopted by said board; said board is hereby empowered to revoke any such permit upon a determination by said board that the construction, erection, alteration or repair of the building for which permit was issued is in violation of or not in conformity with the said building code.

(5) Any person, firm or corporation violating any of the provisions of this act or any duly adopted county building code shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished as provided by law for conviction of a misdemeanor.

(6) Nothing herein contained shall be construed as affecting any special or general act of local application heretofore or hereafter adopted or passed.

(7) The provisions of this act shall not be applicable in any county until the question has been approved by a majority of the qualified electors of said county at an election to be held for the purpose of approval or disapproval of the terms hereof. Such election may be held only in such counties where a majority of the board of county commissioners have approved the same by appropriate resolution.

CHAPTER 126
NEW COUNTIES

- 126.01 First meeting of commissioners.
126.02 First meeting of commissioners; organization, etc.
126.03 First meeting of commissioners; record.

- 126.04 First meeting of commissioners; successive or adjourned meetings.

126.01 First meeting of commissioners.—The board of county commissioners of any new county in the state, whether such county has heretofore been created or may be hereafter created, may hold a meeting immediately upon the receipt of the commissions by the members of such boards of county commissioners or at any time thereafter prior to the time named for the first meeting of the board of county commissioners in the act creating such new county. Such meeting shall be held upon three days' written notice to all the members, which notice shall be served in person on each member of such board of county commissioners or left at the usual place of abode of such member with a member of the family of such county commissioner over the age of twelve years. Such notice shall be signed by at least two members of the board of county commissioners and may be served by any person over the age of eighteen years. Proof of service shall be made by affidavit of the person or persons serving such notice, and a copy of such notice together with proof of service shall be filed with the board of county commissioners at such meeting and spread upon the minutes of such meeting of the board of county commissioners. Such meeting shall be held at the place named as the temporary county site; provided, however, that such meeting may be held upon agreement in writing signed by all the members of the board of county commissioners when all the members are present at such meeting, and which written agreement shall be filed and spread upon the minutes of the meeting of the board of county commissioners. In case of meetings held after due notice, three members shall constitute a quorum.

History.—§1, ch. 8520, 1921; CGL 2277.
cf.—§8.02 Congressional districts; new counties.

126.02 First meeting of commissioners; organization, etc.—At the meeting provided for in §126.01 the board of county commissioners may organize, may approve the bond of their county

officials, may arrange for temporary quarters and offices for such board of county commissioners and other county officers, may arrange for purchase or otherwise secure supplies for the county officers of such new county where such supplies may by law be purchased by the county, may publish notice for bids for furnishing such supplies where publication of notice is required by law, and may do such other acts and things as may be proper and necessary to be done for the speedy organization of the county government and the qualification of the officers thereof.

History.—§2, ch. 8520, 1921; CGL 2278.

126.03 First meeting of commissioners; record.—At any such meeting one member of the board of county commissioners shall act as secretary and keep a full, accurate and complete minute and record of all acts and things done at such meeting, which minute and record shall be turned over to the clerk of the circuit court of such county upon the due qualification of such clerk, and by such clerk recorded in the minutes of the proceedings of the board of county commissioners of such new county as shall also be recorded by such clerk in the same book and in the said minutes the proof of notice of such meeting, and a copy of such notice or the agreement for the meeting, as the case may be, and such record when so made by the clerk of the circuit court shall be signed by at least three members of the board of county commissioners.

History.—§3, ch. 8520, 1921; CGL 2279.

126.04 First meeting of commissioners; successive or adjourned meetings.—More than one meeting may be held in the manner and for the purpose and upon the notice or agreement provided in this chapter or any meeting may be adjourned to a different definite time and adjourned meetings may be held.

History.—§4, ch. 8520, 1921; CGL 2280.

CHAPTER 127

RIGHT OF EMINENT DOMAIN TO COUNTIES

127.01 Counties delegated power of eminent domain.

127.01 Counties delegated power of eminent domain.—

(1) All counties of the state are delegated authority to exercise the right and power of eminent domain; that is, the right to appropriate property, except state or federal, for any county purpose; and the absolute fee simple title to all property so taken and acquired shall vest in such county, unless the county seeks to condemn a particular right or estate in such property.

(2) Provided, however, that no county shall have the right to condemn any lands outside its own county boundaries, for parks, playgrounds, recreational centers or other recreational purposes; and provided, further, that in all actions now pending or which hereafter may be instituted by a county to acquire title, by eminent domain, to any lands for parks, playgrounds, recreational centers, or other recreational purposes, the party or parties, whose lands are sought to be taken shall, in such condemnation suit have the right to present an issue before the court as to the necessity for the proposed taking, and the amount of land required for the purpose sought, and thereupon it shall be the duty of the court to receive and

hear all relevant testimony on the issues created, and the court shall determine such issues as other issues of fact and law are determined before the court in equity, without regard to or presumption in favor of any prior determination by the county commissioners or the exercise of discretion by them. Only land for the taking of which there is a public necessity as determined in accordance with this subsection shall be condemned for any of the purposes referred to in this subsection. Any party shall have the right of appeal, with supersedeas, as is now provided by law for appeals generally from the circuit court to the appropriate district court of appeal, or, if authorized by §4, Art. V of the state constitution to the supreme court.

CHAPTER 128

COUNTY FINANCES; REGULATIONS

- 128.01 Comptroller to furnish forms for financial statements.
- 128.02 Duty of county officers to make sworn statements of county finances.
- 128.03 Copies of financial statements to be preserved.
- 128.04 Public inspection of reports; publication; expense.

128.01 Comptroller to furnish forms for financial statements.—The comptroller shall prescribe a form or forms of financial statements or reports to be made by the county commissioners and clerk of the circuit court of each of the counties of the state, which shall provide for and require an accurate report of all the receipts, disbursements, unpaid warrants and assets and liabilities of such counties, in such form and manner as to set forth a comprehensive and complete statement and report of the administration, conduct and condition of the financial affairs of each such county, and all separate funds thereof. Such forms may be altered from time to time by said comptroller, and he may prescribe and promulgate rules for the effectual administration and enforcement of the provisions of this chapter and prescribe and alter, from time to time, such other forms and books as may be necessary in connection with and conforming to the provisions of this chapter.

History.—§1, ch. 6428, 1913; §1, ch. 6813, 1915; RGS 1517; CGL 2295.

128.02 Duty of county officers to make sworn statements of county finances.—The county commissioners and clerks of the circuit court shall make out, fill in and subscribe such reports or statements of county finances, upon the form or forms prescribed by said comptroller, from time to time, and swear to the accuracy and completeness of the same to the best of their knowledge, information and belief, and file the same with the comptroller of the state at such times as the same may be called for and required by said comptroller.

History.—§2, ch. 6428, 1913; §2, ch. 6813, 1915; RGS 1518; CGL 2296.

128.03 Copies of financial statements to be preserved.—The clerk of the circuit court of each county shall preserve in his office, in a substantial book provided for that purpose, complete and accurate copies of every such financial report or statement, with the signatures and affidavits thereon, which said reports and records shall be a part of the public records of the boards of county commissioners and open at all times to the use and inspection of the public.

History.—§3, ch. 6428, 1913; §3, ch. 6813, 1915; RGS 1519; CGL 2297.

128.04 Public inspection of reports; publication; expense.—All of said reports made as aforesaid to the comptroller shall likewise be kept by him for permanent reference, and

- 128.06 Removal of officers for failure to make reports.
- 128.08 Failure of county officers to swear to or file financial statements.

be subject to the inspection of the public at any time. The comptroller shall cause each of said reports, in condensed form, to be published in at least one newspaper published in the county from which said reports shall be received, and cause a copy of such publication to be transmitted to the governor for his information; the expense of which publication shall be paid from the general fund of the county.

History.—§4, ch. 6428, 1913; §4, ch. 6813, 1915; RGS 1520; CGL 2298.

128.05 Examination of reports; comptroller may employ examiner.—The comptroller shall cause every such financial report or statement to be examined and verified by a person employed for that purpose by the comptroller, whenever in the judgment of the comptroller the same may be requisite or necessary, and for that purpose all of the books of account of the clerk of the circuit court, county commissioners and other county officers shall be open to the inspection of the comptroller, or his representative.

History.—§5, ch. 6428, 1913; §5, ch. 6813, 1915; RGS 1521; CGL 2299.

128.06 Removal of officers for failure to make reports.—If any county commissioner or clerk shall fail, decline or refuse to make, subscribe or swear to, file or return any of said financial statements or reports, or shall knowingly make, consent, subscribe or swear to any financial statement or report which shall be false or untrue in any particular, or shall otherwise violate any of the provisions of this chapter or fail to keep or perform or shall violate any rule or regulation adopted under the provisions of this chapter the comptroller shall certify said fact to the governor of the state, and to the state attorney and county solicitor of the proper county. The failure or refusal of any county commissioner or clerk of the circuit court to conform or comply with any of the provisions of this chapter, or to such rules and regulations as shall be prescribed under the provisions of this chapter, shall be cause for removal by the governor.

History.—§7, ch. 6428, 1913; §7, ch. 6813, 1915; RGS 1522; CGL 2300.

128.08 Failure of county officers to swear to or file financial statements.—If any county commissioner or clerk of the circuit court shall decline, refuse or fail to make, subscribe or swear to or to file with said comptroller any of the financial statements or returns re-

quired by law, at the time required by the comptroller under the provisions of law, or if any such county commissioner or clerk shall knowingly or willfully make, consent, subscribe, swear to or file any such financial report or statement which shall be false, incomplete or untrue in any respect, or otherwise in any respect violate any of the pro-

visions of this chapter, or any of the rules and regulations therein provided for, he shall be guilty of a misdemeanor, and, upon conviction, he shall be punished by imprisonment for not more than one year in the county jail, or by a fine not exceeding five thousand dollars.

CHAPTER 129

COUNTY ANNUAL BUDGET

- 129.01 Budget system established.
- 129.02 Requisites of budgets.
- 129.03 Preparation and adoption of budget.
- 129.04 Fiscal year.
- 129.05 Method of determination of millage to be levied.
- 129.06 Execution and amendment of budget.
- 129.07 Unlawful to exceed the budget; certain contracts void; commissioners contracting excess indebtedness personally liable.

- 129.08 County commissioner voting to pay illegal claim or for excess indebtedness.
- 129.09 County auditor not to sign illegal warrants.
- 129.10 Local laws not affected.

129.01 Budget system established.—There is hereby established a budget system for the control of the finances of the boards of county commissioners of the several counties of the state, as follows:

(1) There shall be prepared, approved, adopted, and executed, as prescribed in this chapter, for the fiscal year ending September 30, 1952, and for each fiscal year thereafter, an annual budget for the following funds:

- (a) General fund
- (b) Road and bridge fund
- (c) Fine and forfeiture fund
- (d) Capital outlay reserve fund
- (e) Bond interest and sinking fund, and
- (f) Special district operating fund

which shall control the levy of taxes and the expenditure of money for all county purposes during the ensuing fiscal year.

(2) Each budget shall conform to the following general directions and requirements:

(a) The budget shall be prepared, summarized, and approved by the board of county commissioners of each county and filed with the comptroller of the state on or before August 1, of each year. Such budget shall be prepared and submitted on forms and in accordance with regulations prescribed by the said comptroller. The said comptroller is hereby empowered and authorized to make such reasonable rules and regulations regarding forms, uniform classification of accounts, and filing of the budget as shall be necessary.

(b) The budget shall be balanced; that is, the total of the estimated receipts, including balances brought forward, shall equal the total of the appropriations and reserves. It shall conform to the uniform classification of accounts prescribed by the comptroller. The receipts division of the budget shall include ninety-five per cent of all receipts reasonably to be anticipated from all sources, including taxes to be levied, and one hundred per cent of the amount of the balances, both of cash and liquid securities, estimated to be brought forward at the beginning of the fiscal year. The appropriation division of the budget shall include itemized appropriations for all expenditures authorized by law, contemplated to be made or incurred for the benefit of the county during the said year, and provision for the reserves authorized by this chapter.

(c) Provision may be made for the following reserves:

A reserve for contingencies may be provided

in a sum not to exceed ten per cent of the total of the budget.

A reserve for cash balance to be carried over may be provided for the purpose of paying expenses from October 1, of the ensuing fiscal year until the time when the revenues for that year are expected to be available. This reserve may be not more than twenty per cent of the total receipts and balances of the budget; provided that for the bond interest and sinking fund budget, this reserve may be not more than the total maturities of debt (both principal and interest) that will occur during the ensuing fiscal year, plus the sinking fund requirements, computed on a straight line basis, for any outstanding obligations to be paid from the fund.

(d) An appropriation for "outstanding indebtedness" shall be made to provide for the payment of vouchers which have been incurred in and charged against the budget for the current year or a prior year, but which are expected to be unpaid at the beginning of the ensuing year for which the budget is being prepared. The appropriation for the payment of such vouchers shall be made in the same fund for which the expenses were originally incurred.

(e) Any surplus arising from an excess of the estimated cash balance over the estimated amount of unpaid obligations to be carried over in a fund at the end of the current fiscal year may be transferred to any of the other funds of the county, and the amount so transferred shall be budgeted as a receipt to such other funds; provided, that no such surplus in a fund raised for debt service shall be transferred to another fund, except to a fund raised for the same purposes in the same territory, unless the debt of such territory has been extinguished in which case it may be transferred to any other fund raised for that territory; provided, further, that no such surplus in a capital outlay reserve fund may be transferred to another fund until such time as the projects for which such capital outlay reserve fund was raised have been completed and all obligations paid.

History.—§1, ch. 6814, 1915; RGS 1524; CGL 2302; §1, ch. 26874, 1951.

129.02 Requisites of budgets.—Each budget shall conform to the following specific directions and requirements:

(1) General fund budget shall contain an estimate of receipts by source, including any taxes now or hereafter authorized by law to

be levied for any county-wide purpose, except those county-wide purposes provided for in the budgets enumerated below, any tax millage limitation to the contrary notwithstanding, and including any balance brought forward as provided herein; and an itemized estimate of expenditures that will need to be incurred to carry on all functions and activities of the county government now or hereafter authorized by law, except those functions and activities provided for in the budgets enumerated below, and of unpaid vouchers of the general fund; also of the reserve for contingencies and of the balances, as hereinbefore provided, which should be carried forward at the end of the year.

(2) The road and bridge fund budget shall contain an estimate of receipts by source and balances as provided herein, and an itemized estimate of expenditures that need to be incurred to carry on all work on roads and bridges in the county except that provided for in the capital outlay reserve fund budget and in district budgets pursuant to this chapter, and of unpaid vouchers of the road and bridge fund; also of the reserve for contingencies and the balance, as hereinbefore provided, which should be carried forward at the end of the year.

(3) The fine and forfeiture fund budget shall contain an estimate of receipts by source and balances as provided herein, and an itemized estimate of expenditures that need to be incurred to carry on all criminal prosecution as provided in §142.01, and all other law enforcement functions and activities of the county now or hereafter authorized by law, and of indebtedness of the fine and forfeiture fund; also of the reserve for contingencies and the balance, as hereinbefore provided, which should be carried forward at the end of the year.

(4) Capital outlay reserve fund budget shall contain an estimate of receipts by source, including any taxes authorized by law to be levied for that purpose, and including any balance brought forward as provided for herein; and an itemized estimate of expenditures for capital purposes to give effect to general improvement programs. It shall be a plan for the expenditure of funds for capital purposes, showing as income the revenues, special assessments, borrowings, receipts from sale of capital assets, free surpluses, and down payment appropriation to be applied to the cost of a capital project or projects, expenses of issuance of obligations, engineering, supervision, contracts, and any other related expenditures. It may contain also an estimate for the reserves as hereinbefore provided and for a reserve for future construction and improvements. No expenditures or obligations shall be incurred for capital purposes except as appropriated in this budget, except for the preliminary expense of plans, specifications and estimates.

(a) Under the provision herein set forth, a separate capital budget may be adopted for each district in the county, or a consolidated capital budget may be adopted providing for the consolidation of capital projects of the county and the several districts within the county into one budget, treating borrowed funds and other receipts as special revenue earmarked for capital projects as separately itemized appropriation for each district project or county project, as the case may be.

(b) Any funds in the capital budget not required to meet the current construction cost of any project may be invested in any securities of the federal government or in securities of any county of the state pledging the full faith and credit of such county or pledging such county's share of the gas tax provided for in §16 of Art. IX of the constitution of Florida.

(5) A bond interest and sinking fund budget shall be made for each county and for each district within the county having bonds outstanding. The budget shall contain an estimate of receipts by source, including any taxes authorized by law to be levied for that purpose, and including any balances brought forward as provided herein; and an itemized estimate of expenditures and reserves as follows: The bond interest and principal maturities in the year for which the budget is made shall be determined and estimates for expenses connected with the payments of such bonds and coupons, commissions of the tax collector, and of the assessor of taxes, and expenses of refunding operations, if any are contemplated, shall be appropriated. A sufficient "cash balance to be carried over" may be reserved as set forth hereinbefore. The sinking fund requirements provided for in the said reserve may be carried over either in cash or in securities of the federal government and of the local governments in Florida, or both.

(6) Special district operating fund budget shall contain an estimate of receipts by source and balances as provided herein, and an itemized estimate of expenditures that will need to be incurred to carry on all functions and activities of each special district within the county as now or hereafter provided by law, and of the indebtedness of each special district operating fund; also of the reserves for contingencies and the balances, as hereinbefore provided, which should be carried forward at the end of the year.

129.03 Preparation and adoption of budget.—

(1) On or before July 1 of each year the county assessor of taxes shall certify to the county auditor his estimate of the total valuations against which taxes may be levied, reasonably to be expected by him to be spread upon the general tax roll of the current year,

separately of homestead real property and of non homestead property in the entire county and in each district in the county in which taxes are authorized by law to be levied by the board of county commissioners for funds under its control.

(a) If at any time after the certification of his estimates, and before equalization of the tax roll, it shall appear to the assessor of taxes that the said estimates, or any of them, were in error by ten per cent or more, he shall immediately certify his revised estimate to the county auditor and such revised estimate shall be substituted for the original estimate at any time before the final adoption of the budget.

(b) Immediately upon the equalization of the tax roll by the board of county commissioners, the assessor of taxes shall certify to the board of county commissioners the actual assessed valuation of property, as prescribed above, in each district and in the entire county.

(c) In preparing the budget, the latest figure so certified shall be used as the basis for estimating the taxes to be levied, and the millage rate required to be levied, based on the latest figure thus certified and calculated as provided in this chapter, to raise the amount estimated to be received from taxes, shall be noted on each tentative budget and each official budget, on the same line with the amount estimated to be raised from taxes.

(2) On or before July 15, of each year the county auditor, after tentatively ascertaining the proposed fiscal policies of the board for the ensuing fiscal year, shall prepare and present to the board a tentative budget for the ensuing fiscal year for each of the funds provided in this chapter, including all estimated receipts, taxes to be levied, and balances expected to be brought forward, and all estimated expenditures, reserves and balances to be carried over at the end of the year.

(a) The board of county commissioners shall receive and examine the tentative budget for each fund and shall require such changes to be made as it shall deem necessary; provided that the budget shall remain in balance. The county auditor's estimates of receipts other than taxes, and of balances to be brought forward, shall not be revised except by a resolution of the board, duly passed and spread on the minutes of the board; provided that the board may allocate to any of the funds of the county any anticipated receipts, other than taxes levied for a particular fund, except receipts designated or received to be expended for a particular purpose.

(b) Upon receipt of the tentative budgets and the completion of any revisions made by the board, the board shall prepare a statement summarizing all of the tentative budgets. This summary statement shall show, for each budget and the total of all budgets, the proposed tax millages, the balances, the reserves, and

the total of each major classification of receipts and expenditures, classified according to the classification of accounts prescribed by the comptroller. The board shall cause this summary statement to be advertised one time in a newspaper of general circulation published in the county or by posting at the courthouse door if there be no such newspaper, and the advertisement shall state that the board will meet on a day fixed in the advertisement, not earlier than one week and not later than two weeks from the date of the advertising, for the purpose of hearing requests and complaints from the public regarding the budgets. The board shall meet upon the day fixed in the advertisement, and from day to day thereafter if it deems it necessary, for the purpose of holding a public hearing and making whatever revisions in the budgets it may deem necessary, and shall thereupon tentatively adopt the budgets, and the tentative budgets shall be filed in the office of the county auditor as a public record.

(c) The board of county commissioners shall require the county auditor to transmit forthwith to the comptroller of the state two copies of each of the tentative budgets as adopted. Each budget so transmitted shall be certified by the chairman of the board of county commissioners and by the county auditor as a true and correct copy of the budget as adopted by the board of county commissioners.

(d) If the budget of any county has not been properly prepared as to form, the said comptroller shall report such deficiencies to the board of county commissioners of the county concerned immediately and the said board shall forthwith correct the deficiencies and file a copy of the corrected budget. The examination of the budgets of the several counties by the comptroller shall be completed within thirty days after they are filed in his office.

(e) The budgets as tentatively adopted by the boards of any county shall be considered as finally adopted and as official thirty days from the date the budgets were transmitted to the said comptroller and no report of exceptions to the budgets as filed has been made by the comptroller as authorized herein. Upon approval as to form of the county budgets as hereinabove prescribed, the state comptroller shall make a certificate upon each of such budgets attesting its approval and return one copy of each budget to the respective boards of county commissioners. The other copy of the budgets shall be filed in the office of the said comptroller and shall be evidence of the said budgets or any of their provisions. The certificate shall give the date upon which the budget finally became official and effective.

(f) The budgets as finally adopted as provided herein, and all amendments thereto, shall be kept in a substantial book as a public record in the office of the county auditor.

Sufficient reference in words and figures to identify the particular transactions shall be made in the minutes of the board to record its actions with reference to the budgets.

129.04 Fiscal year.—The fiscal year of each county of the state shall commence on the first day of October, and end on the 30th day of September of each year, and whenever the word "year" appears in this chapter, it shall be construed as meaning the fiscal year as hereby established.

History.—§4, ch. 6814, 1915; RGS 1527; CGL 2305.

129.05 Method of determination of millage to be levied.—After the equalization of the tax roll and the certification of the valuations by the assessor of taxes, and after the final adoption of the budget for each fund, the board shall proceed to fix the millage rate for each fund as provided by law. The board shall determine the millage to be levied for each fund by dividing the applicable assessed valuation into an amount, ninety-five per cent of which is the amount budgeted to be received from taxes, using the nearest one-quarter of a mill or other fraction or decimal ordinarily used in the county.

History.—§5, ch. 6814, 1915; ch. 7810, 1919; RGS 1528; CGL 2306; §1, ch. 16286, 1933; §7, ch. 22000, 1943; §4, ch. 26874, 1951. cf.—§193.31 Rate of taxation; apportionment, etc.

§344.26 State board of administration; duties concerning debt service.

129.06 Execution and amendment of budget.—

(1) Upon the final adoption of the budgets as provided in this chapter, the budgets so adopted shall regulate the expenditures of the county and district, and the itemized estimates of expenditures shall have the effect of fixed appropriations and shall not be amended or altered or exceeded except as provided in this chapter.

(a) All expenses incurred in the fiscal year for which the budget is made shall be vouchered and charged on the financial records against the budget of that fiscal year, and to carry out this purpose the board may hold its books open for thirty days after the expiration of the fiscal year. Any such expenses not paid in the same fiscal year shall be budgeted and charged to the appropriation for outstanding indebtedness in the ensuing year's budget. Any such expenses not vouchered and charged against the proper year's budget shall be charged against the budget of the year in which the voucher is approved, and charged against the itemized appropriation that it should have been charged against if it had been vouchered in the year when the expense was incurred.

(b) The cost of the investments provided in this chapter, or the receipts from their sale or redemption, shall not be treated as expense or income, but the investments on hand at the beginning or end of each fiscal year shall

be carried as separate items at cost in the fund balances; provided, that the amounts of profit or loss received on their sale shall be treated as income or expense, as the case may be.

(2) The board at any time within a fiscal year may amend a budget for that year as follows:

(a) Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes, provided that the total of the appropriations of the fund be not changed;

(b) Appropriations from the reserve for contingencies may be made to increase the appropriation for any particular expense in the same fund, or to create an appropriation in the fund for any lawful purpose, but no expenditures shall be charged directly to the reserve for contingencies.

(c) The reserve for future construction and improvements may be appropriated by resolution of the board for the purpose or purposes for which the reserve was made.

(d) A receipt of a nature from a source not anticipated in the budget and received for a particular purpose, including but not limited to grants, donations, gifts, or reimbursement for damages, may, by resolution of the board spread on its minutes, be appropriated and expended for that purpose, in addition to the appropriations and expenditures provided for in the budget. Such receipts and appropriations shall be added to the budget of the proper fund.

(3) Transfers may be made between funds only for the following purposes.

(a) To correct errors in handling receipts and disbursements.

(b) Budgeted transfers.

(4) All unexpended balances of appropriations at the end of the fiscal year shall revert to the fund from which the appropriation was made, but reserves for sinking funds and for future construction and improvements may not be diverted to other purposes.

History.—§6, ch. 6814, 1915; RGS 1529; CGL 2307; §5, ch. 26874, 1951.

129.07 Unlawful to exceed the budget; certain contracts void; commissioners contracting excess indebtedness personally liable.—It is unlawful for the board of county commissioners to expend or contract for the expenditure in any fiscal year more than the amount budgeted for each item in each fund, except as provided herein, and in no case shall the total appropriations of any budget be exceeded, except as provided in §129.06, and any indebtedness contracted for any purpose against either of the funds enumerated in this chapter or for any purpose, the expenditure for which is chargeable to either of said funds, shall be null and void, and no suit or suits shall be

prosecuted in any court in this state for the collection of same, and the members of the board of county commissioners voting for and contracting for such amounts and the bonds of such members of said boards also shall be liable for the excess indebtedness so contracted for.

History.—§7, ch. 6814, 1915; RGS 1525; CGL 2308; §6, ch. 26874, 1951.

129.08 County commissioner voting to pay illegal claim or for excess indebtedness.—Each member of the board of county commissioners voting to incur an indebtedness against the county in excess of the expenditure allowed by law, or to pay any illegal charge against the county, or to pay any claim against the county not authorized by law, shall be guilty of malfeasance in office and subject to suspension and removal from office as now provided by law, and shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars or by imprisonment in the

county jail for not more than six months, for each offense.

History.—§2, ch. 6814, 1915; RGS 5332; CGL 7465.
cf.—§775.06 Alternative punishment.

129.09 County auditor not to sign illegal warrants.—Any clerk of the circuit court, acting as county auditor, who shall sign any warrant for the payment of any claim or bill or indebtedness against any county funds in excess of the expenditure allowed by law, or to pay any illegal charge against the county, or to pay any claim against the county not authorized by law, shall be personally liable for such amount, and he shall be guilty of a misdemeanor and punished in the same manner and subject to the same penalties as members of said board of county commissioners.

History.—§2, ch. 6814, 1915; RGS 5333; CGL 7466.

129.10 Local laws not affected.—Nothing in §§129.01-129.07 shall be construed or applied to abrogate or repeal any of the laws creating, defining, or prescribing the duties and powers of county budget commissions.

130.01 Purposes for which county bonds may issue.—Whenever the board of county commissioners of any county shall deem it expedient, or to the best interests of such county, to issue the county bonds of their county, for the purpose of constructing paved, macadamized, or other hard-surfaced highways, or erecting a court house or jail, or other public buildings, and funding the outstanding indebtedness of the county, or for any of such purposes, they shall determine by resolution to be entered in their records, what amount of bonds is required for such purpose, the rate of interest to be paid thereon, and the time when the principal and interest of such bonds shall be due and when payable.

History.—§1, ch. 2088, 1877; RS 591; §1, ch. 4711, 1899; GS 786; RGS 1531; CGL 2309.

130.02 Commissioners may levy tax.—When any county bonds shall have been issued by the county commissioners of any county of the state, under authority of law, for the purpose of erecting a courthouse, jail, armory, or other county buildings, it shall be the duty of such county commissioners to levy annually, by tax upon taxable property in the county, a sum sufficient to pay the interest upon the said bonds, and also a sum sufficient to raise the amount annually required as a sinking fund to meet the principal of the bonds, which sinking fund shall be provided for by resolution of the board of county commissioners before the issuing of any of the said bonds.

History.—§1, ch. 4286, 1893; GS 787; RGS 1532; CGL 2310. cf.—§193.32 Annual tax levies; limitations. §288.31 Financing armories.

130.03 Election required before issuance of bonds.—Bonds shall be issued only after the same shall have been approved by the majority of the votes cast in an election in which a majority of the freeholders, who are

qualified electors residing in such county, shall participate, which said election shall be called and held, and the result thereof declared and recorded, in the manner prescribed by §§100.201-100.351 and said election or any subsequent elections for the same purpose shall be subject to all the provisions of said chapter.

History.—§3, ch. 2088, 1877; RS 593; GS 789; RGS 1534; CGL 2312; §1, ch. 14715, 1931; CGL 1936 Supp. 457(1). cf.—§130.18 Bond election to build bridges over navigable streams.

130.04 Notice for bids and disposition of bonds.—In case the issuing of bonds shall be authorized by the result of such election, the county commissioners shall cause notice to be given by publication in a newspaper published in the county, or in some newspaper published in the same judicial circuit, if there be none published in the county, that they will receive bids for the purchase of county bonds at the clerk's office, on a date not less than ten days nor more than sixty days from the first publication of such notice. The notice shall specify the amount of bonds offered for sale, the rate of interest, and the time when principal and installments of interest shall be due and payable. Any and all bids shall be rejected if the commissioners shall deem it to the best interest for the county so to do, and they may cause a new notice to be given in like manner inviting other bids for said bonds; provided, that when the rate of interest on said bonds exceeds five per cent per annum, said bonds shall not be sold for less than ninety-five cents on the dollar, but when any bonds have heretofore been provided for by election, and the rate of interest is five per cent per annum, or less, that in such cases the county commissioners may accept less than ninety-five cents upon the dollar, in the sale of said bonds, or for any portion of said bonds not already sold; provided, however, no bonds shall be

sold for less than ninety cents on the dollar.

History.—§6, ch. 2088, 1877; RS 596; §1, ch. 5200, 1903; GS 792; RGS 1537; §1, ch. 8551, 1921; CGL 2315; §1, ch. 61-113; §1, ch. 63-118.

130.05 Security may be required of bidders.

—The county commissioners may require of all bidders for said bonds that they give security by bond, running to the county commissioners, with sureties, that the bidder will comply with the terms of the bid, and any bidder whose bid shall be accepted shall, with his sureties, be liable to the county for all damages on account of the non-performance of the terms of his bid.

History.—§8, ch. 2088, 1877; RS 597; GS 793; RGS 1538; CGL 2316.

130.06 Form of bids.—All bids for bonds shall specify the amount of bonds bid for, the denomination required and the time when the bidder will comply with his bid, and shall also specify whether the bid is in current money or in evidences of indebtedness against the county.

History.—§9, ch. 2088, 1877; RS 598; GS 794; RGS 1539; CGL 2317.

130.07 Form of bonds.—The county commissioners may prescribe the form and the denominations of the bonds to be issued, and such bonds may be issued with or without interest coupons, as may be deemed expedient.

History.—§7, ch. 2088, 1877; RS 599; GS 795; RGS 1540; CGL 2318.

130.08 Disposition of proceeds.—The proceeds of all bonds sold for money shall be paid over to the county trustees, or to the other officials or boards to whom may have been transferred by law the duties and obligations formerly devolving upon said county trustees, to be distributed by them for the purposes for which such bonds were sold, and for no other purposes.

History.—§10, ch. 2088, 1877; RS 600; GS 796; RGS 1541; CGL 2319.

130.09 Cancellation of exchanged evidences of indebtedness.—When such bonds shall be sold or exchanged for the evidence of indebtedness of the county, such evidence shall be cancelled in such manner that the same cannot again be used, and memorandum of all such evidences of indebtedness shall be made in the minutes of the board, so that the same may be identified. Such cancelled vouchers shall be sealed in an enclosure and filed for future reference.

History.—§11, ch. 2088, 1877; RS 601; GS 797; RGS 1542; CGL 2320.

130.10 Tax for interest and sinking fund.

—When any county bonds shall have been issued in pursuance of this chapter, the county commissioners shall levy annually by tax upon the taxable property in the county a sum sufficient to pay the interest of said bonds, and also a sum sufficient to meet the amount annually required to be raised as a sinking fund to meet the principal of the bonds, which sinking fund shall be provided for by resolution of the board of county commis-

sioners before the issuing of any of the said bonds.

History.—§12, ch. 2088, 1877; RS 602; GS 798; RGS 1543; CGL 2321.

130.11 Bond trustees.—Unless otherwise provided by law, when the county commissioners shall have issued bonds, as aforesaid, they shall appoint by resolution of their board, to be recorded in the minutes, a financial committee of three persons, who shall be resident free holders of the county, to be styled "Trustees of county bonds," who shall each give bond running to the chairman of the board of county commissioners and his successors in office, with sufficient securities, in such sums as may be required by the county commissioners, conditioned that the said trustee shall faithfully discharge the trust confided to him, and shall pay over and duly account for all such sums of money as may come into his hands by virtue of such trust, which said bonds shall be approved as to the form and the sufficiency of sureties by the board of county commissioners; and the county commissioners may, from time to time, as circumstances may require, demand additional security from any such trustees; or, the commissioners may in like manner appoint a responsible trust company, organized and qualified to do business, under the laws of the state, with its principal place of business in such county, which shall be styled, "trustee for county bonds," and which shall give bond running to the chairman of the board of county commissioners and his successors in office, with sufficient securities in such sum as may be required by the county commissioners, conditioned that the said trustee shall faithfully discharge the trust confided to it and shall pay over and duly account for all such sums of money as may come into its hands, by virtue of such trust, which said bond shall be approved as to form and the sufficiency of sureties by the county commissioners and the county commissioners may from time to time, as circumstances may require, demand additional security from any such trustee. The county commissioners may, if they so elect, by resolution recorded in the minutes of said board, waive the requirement of a bond of such trust company, when appointed trustee of county bonds, and take and accept in lieu thereof a bond in the usual form conditioned upon the proper accounting for all moneys deposited in said trust company and the moneys received by said trust company as trustee of county bonds shall be held by it as money deposited in any other county depository and the bond required of it as such depository shall secure the proper accounting for said moneys, which bond shall be approved by the board of county commissioners as to form, amount and sufficiency of sureties.

History.—§13, ch. 2088, 1877; RS 603; GS 799; §1, ch. 7337, 1917; RGS 1544; §1, ch. 12425, 1927; CGL 2322; §7, ch. 22858, 1945.

130.12 Collector to pay taxes to trustees, etc.—All money collected to pay the interest,

or for a sinking fund of said bonded debt, shall be paid over by the tax collector, or person receiving the same on account of taxes collected or property sold therefor, to the said trustees, or to the other officials or boards to whom may have been transferred by law the duties and obligations formerly devolving upon said trustees, and the said trustees, or the said other officials or boards to whom may have been transferred by law the duties and obligations formerly devolving upon said trustees, are required to pay out of the moneys so received the interest of said county bonds, and to invest the residue in the bonds aforesaid, or if the said bonds cannot be had at par or at such premium as to said trustees or to the said other officials or boards to whom may have been transferred by law the duties and obligations formerly devolving upon said trustees, may seem reasonable and just, then such residue may be invested in United States, state, county or municipal bonds bearing interest; or in the event such bonds cannot be acquired to advantage, such funds shall be deposited in the savings department of national banks or state banks of the state, or savings banks organized and existing under the laws of this state, at the prevailing rate of interest, to be held as an accumulating fund for the ultimate redemption of said county bonds.

History.—§14, ch. 2088, 1877; RS 604; GS 800; §1, ch. 6473, 1913; RGS 1545; CGL 2323.

130.13 Annual report of trustees.—The said trustees shall annually on such day as may be required by the board of county commissioners render a report to the said board, in which they shall state the amounts of money received and for what purposes and from what sources, severally, and when received, and where and how the same has been invested, and enumerating the kind and amount of securities held therefor, describing the same separately, and such other matters as may be required by the board in order to have a full understanding; which said report shall be published at length by order of the board.

History.—§15, ch. 2088, 1877; RS 605; GS 801; RGS 1546; CGL 2324.

130.14 Resignation and removal of trustees.—The said trustees, or either of them, may resign at any time by a communication in writing to the board of county commissioners, and any number of said trustees may be removed for cause by the judge of the circuit court of the circuit in which the county is situated, upon petition signed by any bondholder or tax payer, setting forth the cause of complaint; but no trustee shall be removed without notice, and an opportunity to be publicly heard, unless it appears that the accused trustee has absented himself so that notice could not be served.

History.—§16, ch. 2088, 1877; RS 606; GS 802; RGS 1547; CGL 2325.

130.15 Filling of vacancies in board of trustees.—In all cases where vacancies shall occur, they shall be filled by nomination by

the trustees, and the confirmation by the board of county commissioners; and in case the said trustees do not, within fifteen days after written notice of the existence of such vacancy, nominate a suitable person to fill such vacancy, the board of county commissioners shall nominate a suitable person to fill such vacancy, whose nomination shall be confirmed by an order of the circuit court, and the person so appointed as trustee shall give security as hereinbefore provided.

History.—§17, ch. 2088, 1877; RS 607; GS 803; RGS 1548; CGL 2326.

130.16 Compensation of trustees.—The said trustees shall have such compensation for their services as follows: for receiving the first ten thousand dollars, one and one-half per cent; for all over ten thousand dollars, one-half of one per cent; for disbursements, the same as allowed for receiving, to be paid out of the county treasury.

History.—§18, ch. 2088, 1877; RS 608; GS 804; RGS 1549; CGL 2327.

130.17 Building bridges over navigable streams; determination of amount of bonds required.—Whenever a majority of the members of any board of county commissioners, in either of the counties of the state, shall vote to acquire any property, or right, or to double deck, or parallel, or build any bridge, authorized in the highway code; or when a petition signed by ten per cent of the duly-qualified electors of any county is presented to the board of county commissioners of such county and praying any bridge be acquired, or double decked or built, authorized by the highway code, then such board of county commissioners shall immediately employ thoroughly competent and reliable experts who shall perform such service and give such information as required and shall be paid for such service out of the general revenue fund of such county; and such board of county commissioners shall then promptly determine the amount of county bonds required for such purposes, the rate of interest to be paid thereon, and the time when the principal and interest of such bonds shall become due and where payable.

History.—§3, ch. 6536, 1913; RGS 1553; CGL 2347.
cf.—§336.47 County bridges, construction; joint bridges; double-decking bridges.

130.18 Calling and conduct of election for bonds to build bridges over navigable streams.—Bonds shall be issued only after the same shall have been approved by the majority of the votes cast in an election in which a majority of the freeholders who are qualified electors residing in such county, shall participate, which said election shall be called and held, and the result thereof declared and recorded, in the manner prescribed by §§100.201-100.351 and said election or any subsequent elections for the same purpose shall be subject to all the provisions of said chapter.

History.—§4, ch. 6536, 1913; RGS 1554; CGL 2348; §1, ch. 14715, 1931; CGL 1936 Supp. 457(1).

130.19 Result of election; issuance and sale of bonds.—If the election shall result "FOR BONDS" then the board of county commissioners of such county shall forthwith proceed and provide for the payment of the interest and principal of such bonds, and for the issuance, sale, disposition thereof, expenditure of proceeds realized therefrom, and for trustees therefor unless otherwise provided by law, as provided by §§130.03-130.16.

History.—§5, ch. 6536, 1913; RGS 1555; CGL 2349.

130.20 Time warrants in newly created counties.—The board of county commissioners of any newly created county may, at any time within six months after the date at which the law creating the county shall become effective, issue interest-bearing time warrants in an aggregate sum not exceeding the amount of one-half of one per cent of the total tax assessed valuation of such county; provided, that where such time warrants shall come within the purview of §6 of Art. IX of the constitution of the state, the said time warrants shall be issued only after the same shall have been approved by the majority of the votes cast in an election in which a majority of the freeholders who are qualified electors residing in such county, shall participate, which said election shall be called and held, and the result thereof declared and recorded, in the manner prescribed by chapter 103, and said election shall be subject to all the provisions of said chapter.

History.—§1, ch. 8518, 1921; CGL 2350; §1, ch. 14715, 1931; CGL 1936 Supp. 457(1).

130.21 Time warrants in newly created counties; interest and date of maturity.—Such warrants shall bear interest at the rate of six per cent per annum, payable annually, and shall mature on or before a date five years after the date of the issue of such warrants.

History.—§2, ch. 8518, 1921; CGL 2351.

130.22 Time warrants in newly created counties; distribution and use of proceeds.—The proceeds derived from the sale of such warrants shall be distributed by the board of county commissioners between the several funds of the county in such proportion as the county commissioners may deem expedient, and shall be used to pay the current expenses of the county, which are proper to be paid from such funds.

History.—§3, ch. 8518, 1921; CGL 2352.

130.23 Time warrants in newly created counties; payment of interest and creation of sinking fund.—The board of county commissioners of each county issuing such interest-bearing time warrants may pay from the general revenue fund of such county each year the accrued interest on such interest-bearing time warrants to the holders thereof, and they shall set aside from the general revenue fund of such county such sum each year as a sinking fund, which together with accrued interest thereon will be sufficient to pay at least one-fifth of the amount due and required to pay off the said warrants at the end of the said five year period, thereby creating a sinking fund during the said period of five years sufficient to pay off the entire obligation at the end of the said five year period.

History.—§4, ch. 8518, 1921; CGL 2353.

130.24 Obligations valid when signed by officers who retire before delivery.—All bonds, notes, coupons or other obligations, signed by the duly authorized officers of any county, municipality, political subdivision or any public body, board or agency of the state, shall be valid and binding obligations, although before the date of delivery, the persons signing such bonds, notes, coupons or other obligations shall have ceased to be officers of the county, municipality, political subdivision, public body, board or agency issuing the same.

History.—§1, ch. 8552, 1921; CGL 2354.

130.25 Change of time of maturity of installments of bonds.—In any county in this state where an election has been held prior to June 14, 1921 authorizing the sale of the bonds of such county for the purpose of building or constructing hard-surfaced roads, and the payment of such bonds has been provided to be in installments, maturing at intervals longer than one year; the board of county commissioners in such county may change the times of maturity of such installments, and the amounts thereof, for any portion of such bonds not already sold, so that the installments shall mature annually; provided, that the amounts of such installments as so changed shall not change the final maturity of the entire amount of such bond issue as provided by the said election.

History.—§1, ch. 8554, 1921; CGL 2356.

CHAPTER 131

REFUNDING BONDS OF COUNTIES, CITIES, ETC.

- 131.01 Taxing units may refund obligations.
 131.02 Taxing units may refund obligations; issuance; delivery; cancellation of refunded obligations.
 131.03 Taxing units may refund obligations; form; registrar; maturity; interest; execution; sale.

131.01 Taxing units may refund obligations.—The governing authority of any county, city, town, municipal corporation or taxing district of the state may by resolution authorize the issuance of refunding bonds for the purpose of refunding any bond, note, certificate of indebtedness or other obligation for the payment of which the credit or said county, city, town, municipal corporation or taxing district is pledged, at or prior to maturity in the manner provided in this chapter.

History.—§1, ch. 11855, 1927; CGL 2378.

131.02 Taxing units may refund obligations; issuance; delivery; cancellation of refunded obligations.—Said refunding bonds may be issued within three months prior to the date of maturity of the obligations proposed to be refunded, or if said outstanding obligations shall be callable, within three months prior to the callable date. Refunding bonds may be delivered under the provisions of this chapter at any time regardless of the date of maturity or optional dates of the obligations refunded, upon the surrender by the holder of a like amount of the obligations refunded. All obligations refunded under the provisions of this chapter shall be immediately canceled in such manner as the governing authority shall prescribe.

History.—§2, ch. 11855, 1927; CGL 2379.

131.03 Taxing units may refund obligations; form; registrar; maturity; interest; execution; sale.—Said refunding bonds may be in coupon or registered form, or may be coupon bonds with privilege of registration as to principal only or as to both principal and interest, under such terms and conditions as the governing authority may prescribe. The governing authority may designate a bank or trust company within the state to act as registrar for said bonds. All bonds issued hereunder shall mature in annual installments of not less than three per cent of the total amount thereof, beginning not more than three years after date and running not longer than twenty-five years after date. They shall bear interest at a rate not exceeding six per cent per annum, payable annually or semi-annually, and shall be executed in such a manner as the governing authority shall determine. Said bonds may be sold at public or private sale, and said bonds shall not be sold for less

- 131.04 Special assessments; pledge of credit; tax; exemptions from debt limitations.
 131.05 Disposition of proceeds of sale.
 131.06 No other proceedings required.

than ninety-five per cent of their par value and accrued interest to date of delivery.

History.—§3, ch. 11855, 1927; CGL 2380.

131.04 Special assessments; pledge of credit; tax; exemptions from debt limitations.—All special assessments levied on account of any improvement to finance which the obligations so refunded were issued, upon collection shall be paid into the sinking fund for the payment of the refunding bonds, and the proceeds of said special assessments shall be used for no other purpose. For the payment of all bonds issued under the provisions of this chapter, the full faith and credit of the county, city, town, municipal corporation or taxing district, shall be pledged, and there shall be levied annually upon all taxable property therein, a tax sufficient to provide for the payment of said bonds and the interest thereon at maturity. All bonds issued hereunder for the purpose of refunding obligations which are excepted from any limitation of indebtedness, shall likewise be excluded in applying any limitation of indebtedness prescribed by any statute of the state or city or town charter.

History.—§4, ch. 11855, 1927; CGL 2381.

131.05 Disposition of proceeds of sale.—In the event refunding bonds are issued under the provisions of this chapter prior to the date of maturity or option date of the obligations proposed to be refunded, the proceeds of said refunding bonds shall be deposited in a bank or trust company within the state, which depository shall give a surety bond, or other such bonds as are authorized by law to be accepted for securing county and city funds, satisfactory to the comptroller of the state for the full amount of money so deposited, and the funds so deposited shall only be withdrawn with the approval of the state comptroller, for the purpose of paying the obligations to refund which said bonds were issued.

History.—§5, ch. 11855, 1927; CGL 2382.

131.06 No other proceedings required.—No proceedings shall be required for the issuance of bonds hereunder, except such as are prescribed by this chapter, any provisions of the general laws of the state or of any special act or municipal charter applicable to the political subdivision issuing said bonds, to the contrary notwithstanding.

History.—§6, ch. 11855, 1927; CGL 2383.

132.01 How chapter may be cited.—This chapter may be cited as the general refunding law.

History.—§1, ch. 15772, 1931; CGL 1936 Supp. 2383(1).

132.02 Taxing units may refund obligations.—

(1) Each county, city, town, special road and bridge district, special tax school district, and other taxing districts in this state, herein sometimes called a unit, may issue, pursuant to a resolution or resolutions of the governing body thereof (meaning thereby the board or body vested with the power of determining the amount of tax levies required for taxing the taxable property of such unit for the purpose of such unit) and either with or without the approval of such bonds at an election, except as may be required by the constitution of the state, bonds of such unit for the purpose of refunding any or all bonds, coupons, or interest on any such bonds, or coupons or paving certificates of indebtedness or interest on any such paving certificates of indebtedness, now or hereafter outstanding, or any other funded debt, all of which are herein referred to as bonds, whether such unit created such indebtedness or has assumed, or may become liable therefor, and whether indebtedness to be refunded has matured or to thereafter become matured.

(2) In the event any such unit having outstanding bonded or other funded debt shall have been, or shall hereafter be, abolished otherwise than by annexation to, or consolidation with, a like political subdivision or district, the territory within such unit shall be deemed to be a taxing district within the meaning of this chapter, and the board of county commissioners of the county wherein such abolished unit, or any part thereof, is situate, or the governmental authority having power or authority to levy a tax for the retirement of the indebtedness to be refunded, shall be the governing body thereof, and may issue refunding bonds in behalf of

such unit for the purpose of refunding its outstanding indebtedness, and may provide for the annual levy of ad valorem taxes without limitation as to rate or amount fully sufficient to pay principal of and interest on such refunding bonds, the tax to be levied on the same property which would have been taxable for payment of the outstanding indebtedness had such taxing unit not been abolished or dissolved.

(3) If the territory of such abolished unit lies in more than one county, the territory in each county shall be deemed to be a taxing district in such county and the board of county commissioners of each county within which any of such territory is situate, or the governmental authority having power or authority to levy a tax for the retirement of the indebtedness to be refunded, may issue refunding bonds as herein provided for the purpose of refunding such portion of the indebtedness of the abolished unit as shall be chargeable against the territory in said county; provided, however, that nothing in this section shall affect or limit the powers of the state board of administration in the issuance of refunding bonds under §16 of article IX of the constitution of this state.

History.—§2, ch. 15772, 1931; CGL 1936 Supp. 2383(2); §1, ch. 22001, 1943.

132.03 Interest; maturity; payment; right to redeem in advance.—Such resolution or resolutions shall determine the rate or rates of interest to be paid, not exceeding six per cent per annum, payable annually or at shorter intervals, and the maturity or maturities of the bonds which shall be at a time or times not exceeding sixty years from the date of the bonds, (except that in the issuance of bonds of taxing districts where the maturities are fixed under the constitution, then such maturities shall be in accordance with the maturities fixed in the constitutional provision), as well as determine the medium of payment and the place or places in Florida or any other state at which the

principal and interest shall be payable. In the discretion of the governing body the right to redeem all or any of the bonds at par before maturity may be reserved upon terms and conditions to be fixed by resolution.

History.—§3, ch. 15772, 1931; CGL 1936 Supp. 2383(3).

132.04 Redemption before maturity.—Any such unit may obligate itself to redeem any or all of the refunding bonds before maturity on such terms and conditions as the resolution authorizing such bonds may determine. Bonds subject to redemption shall state the manner of giving notice of intention to redeem (which may be by publication without actual notice), and when such notice has been given such bonds shall not bear interest after the date fixed in such notice of redemption, nor shall coupons maturing thereafter be valid; provided that adequate funds for their redemption shall have been provided and set aside by such unit.

History.—§4, ch. 15772, 1931; CGL 1936 Supp. 2383(4).

132.05 Form; execution; delivery.—The refunding bonds herein provided for may be issued in registered form, or may be coupon bonds with the privilege of registration either as to principal only or as to both principal and interest, and shall be executed in the manner and by the officials provided in the resolution authorizing same. Except one signature on each bond, the signatures on the bonds and coupons may be facsimile signatures. Bonds and coupons duly executed by officials then in office may be negotiated and delivered after such officials have ceased to hold such office. The authentication or certificate of a registrar may be required on the bonds.

History.—§5, ch. 15772, 1931; CGL 1936 Supp. 2383(5).

132.06 Separate series of bonds; rates of interest.—One resolution may provide for several separate series of refunding bonds. Each of such series and separate bonds of the same series may have different terms and provisions from the others. The same bonds may bear different rates of interest at different times. Bonds issued for the purpose of refunding accrued interest may be non-interest bearing or may bear a lower rate than other bonds of the same series as may be provided in the resolution.

History.—§6, ch. 15772, 1931; CGL 1936 Supp. 2383(6).

132.07 Maturity date.—Such resolution may provide that all or any part of the bonds issued thereunder shall mature in annual installments beginning at such time after date and running to such time, not longer than sixty years after date as said resolution may provide.

History.—§7, ch. 15772, 1931; CGL 1936 Supp. 2383(7).

132.08 Exchange of bonds.—Bonds issued under this chapter may be exchanged for not less than an equal principal amount and accrued interest of indebtedness to be retired thereby, including indebtedness not yet due, if the same be then redeemable or if the holders thereof be willing to surrender the same for retirement, but otherwise shall be sold and the proceeds thereof shall be applied to the payment of such

indebtedness and accrued interest due or redeemable which may be so surrendered.

History.—§8, ch. 15772, 1931; CGL 1936 Supp. 2383(8).

132.09 Notice of sale; bids and award; private sale.—When sold, the refunding bonds (except as otherwise expressly provided) shall be sold pursuant to the terms of a notice of sale which shall be published at least twice. The first publication to be not less than seven days before the date fixed for the sale and to be published in a newspaper published in the unit, or if no newspaper is published in the unit, then in a newspaper published in the county, or if no newspaper is published in the county, then in a newspaper published in Tallahassee, and in the discretion of the governing body of the unit may be published in a financial newspaper in the city of New York. Such notices shall state the time and place and when and where sealed bids will be received, shall state the amount of bonds, their dates, maturities, denominations and interest rate or rates (which may be a maximum rate), interest payment dates, an outline of the terms, if any, on which they are redeemable or become payable before maturity, the amount which must be deposited with the bid to secure its performance if accepted, and such other pertinent information as the governing body of the unit may determine. The notice of sale may require the bidders to fix the interest rate or rates that the bonds are to bear subject to the terms of the notice and the maximum rate permitted by this chapter. The award of the bonds shall be made by the governing body of the unit to the bidder making the most advantageous bid which shall be determined by the governing body in its absolute and uncontrolled discretion. The right to reject all bids shall be reserved to the governing body of the unit. If no bids are received at such public sale, or if all bids are rejected, the bonds may be sold without notice at private sale at any time within one year thereafter, but such bonds shall not be sold at private sale on terms less favorable to the unit than were contained in the best bid at the prior public sale.

History.—§9, ch. 15772, 1931; CGL 1936 Supp. 2383(9).

132.10 Minimum sale price.—No bonds shall be sold under this chapter at less than ninety-five per cent of par, with accrued interest to date of delivery thereof.

History.—§10, ch. 15772, 1931; CGL 1936 Supp. 2383(10).

132.11 Amount of refunding bonds to be sold.—In case of refunding bonds which are not exchanged for bonds outstanding but are sold, only such amount thereof shall be delivered as is necessary to provide for the payment of matured bonds and legally accrued interest and of such unmatured bonds as the holders thereof have agreed in writing to surrender upon payment of a sum not exceeding par and legally accrued interest.

History.—§11, ch. 15772, 1931; CGL 1936 Supp. 2383(11).

132.12 Exchange without notice.—In the case of refunding bonds which are exchanged for bonds outstanding and are not sold, such

exchange may be made by the unit without the requirement of the publication of any notice thereof.

History.—§12, ch. 15772, 1931; CGL 1936 Supp. 2383(12).

132.13 Delivery of bonds sold.—In case of refunding bonds which are not exchanged for bonds outstanding but are sold, they shall not be delivered until payment in full has been received therefor. Pursuant to agreement between unit and purchaser made either before or after the sale of the bonds, the bonds may be delivered in deferred installments and the total purchase price shall be divided and paid on the installments as may be agreed, but delivery shall not be deferred more than one year after the sale.

History.—§13, ch. 15772, 1931; CGL 1936 Supp. 2383(13).

132.14 Exchange in lieu of sale.—As hereinbefore provided the refunding bonds instead of being sold may be exchanged for bonds or for interest on bonds or interest on overdue interest on bonds to refund which they are issued. The principal and accrued interest of the refunding bonds shall not exceed the amount of the obligations refunded.

History.—§14, ch. 15772, 1931; CGL 1936 Supp. 2383(14).

132.15 Provision for conditional increase of rate of interest.—If the refunding bonds bear a lower rate of interest than the bonds for which they are exchanged, either the resolution authorizing the bonds or the refunding bonds themselves may provide that the refunding bonds shall bear the lower rate of interest only so long as the unit shall not be in default of any agreement or obligations to the holders and that after any such default, or at the option of the holders after any such default, the refunding bonds shall bear the same rate of interest as the bonds for which they were exchanged. The unit may impose limitations on the right to exercise such option, and may provide that the option may only be exercised after a period of default, or by the holders of a certain amount or proportion of bonds, all as provided in the said resolution or in the refunding bonds, and if the right to the higher interest accrues may agree to substitute new bonds and coupons bearing such higher interest.

History.—§15, ch. 15772, 1931; CGL 1936 Supp. 2383(15).

132.16 Sinking fund.—The resolution authorizing the refunding bonds may contain an agreement on the part of the unit to provide a sinking fund for such bonds, and said resolution may provide for payments of such sinking fund, the investment thereof, the administration thereof, and the application thereof to the payment, purchase and redemption of the refunding bonds.

History.—§16, ch. 15772, 1931; CGL 1936 Supp. 2383(16).

132.17 Pledge of anticipated revenues.—The resolution authorizing refunding bonds may assign, pledge, or set aside as a trust for the payment of principal or interest of refunding bonds or for a sinking fund for the bonds, subject to prior liens or contract obligations, and on, or subject to, such terms and conditions as

may be stated, any unpaid taxes or assessments whether due or to grow due, and any revenues due or to grow due, or proceeds of sale of improvements or properties of the unit. The resolution authorizing the bonds may contain agreement to collect and pay over the moneys derived from such source.

History.—§17, ch. 15772, 1931; CGL 1936 Supp. 2383(17).

132.18 Pledge of fixed portion of revenues.—The resolution authorizing the refunding bonds may pledge to the payment of principal and interest of such refunding bonds or to a sinking fund for the bonds, a fixed proportion, or a proportion to be determined from time to time as provided in said resolution, of the moneys from time to time collected either by taxation of any kind, whether upon real or personal property, or collected from other revenues or receipts of the unit, and such resolution may provide that the said fixed proportion or the proportions so determined out of each dollar collected by the unit shall be applied to the payment of the principal or interest of the refunding bonds, or be paid into or set aside as a sinking fund for the bonds.

History.—§18, ch. 15772, 1931; CGL 1936 Supp. 2383(18).

132.19 Priority of payment of refunding bonds.—The resolution authorizing the bonds may provide that the unit shall first set aside out of the tax collections the amount required in any year for the payment of principal and interest of refunding bonds and for the sinking fund for the bonds, before any tax collections shall be set aside or applied to the payment of any bonds of the unit that may thereafter be issued, except bonds thereafter issued to pay or refund bonds then outstanding.

History.—§19, ch. 15772, 1931; CGL 1936 Supp. 2383(19).

132.20 Proportionate taxes for sinking fund.—The resolution authorizing the refunding bonds may provide that in addition to all other amounts to be paid into a sinking fund for such bonds, such sums shall be levied, assessed and collected for such sinking funds as bear a stated proportion of taxes of any kind which are imposed or collected for all purposes other than the payment of refunding bonds issued pursuant to this chapter, so that for every dollar of tax imposed or collected for all such purposes a stated amount shall be imposed for the said sinking fund.

History.—§20, ch. 15772, 1931; CGL 1936 Supp. 2383(20).

132.21 Pledge of special assessments.—In the discretion of the governing board there may be pledged to the payment of any or all such bonds the collections or proceeds of any or all uncollected special assessments, subject, however, to any other outstanding pledge of such assessment previously made.

History.—§21, ch. 15772, 1931; CGL 1921 Supp. 2383(21).

132.22 Levy of ad valorem tax for payment of bonds.—In each year while any of the bonds shall be outstanding there shall be levied by or under the authority of the governing board

upon all taxable property in the unit, an ad valorem tax sufficient to pay the interest and principal of such refunding bonds and any sinking funds which may be provided for by the bonds, or by the proceedings authorizing the sale, provided, however, that when there shall be in any fund or funds provided for such bonds, interest and sinking fund, an amount exceeding the amount at that time required for such fund or funds, the ad valorem tax required by this section for the current year may be reduced in the amount of such excess. It is expressly provided that in the case of taxing districts where bonds have been issued and are outstanding, which bonds are payable exclusively out of special assessments levied for the payment of such bonds, that no authority to levy an ad valorem tax upon the property of such taxing district shall be conferred or exist under this chapter, unless the same shall be duly authorized or approved by the affirmative vote of a majority of the taxpayers who are freeholders in said unit voting at an election called and held under the provisions of law relating to the issuance of bonds under §6 of article IX of the constitution as amended and such election shall be called within sixty days after the governing body of such taxing district shall receive a petition requesting the same signed by a number of freeholders equal to twenty-five per cent of the qualified electors who are freeholders residing in such district and by the holder or holders of a majority in amount of the bonds or outstanding indebtedness to be refunded, but nothing in this chapter shall preclude the issuance of refunding bonds under this chapter when such refunding bonds are issued and are provided to be supported by the proceeds of special assessments of the same kind and character as were provided for the issue which is refunded.

History.—§22, ch. 15772, 1931; CGL 1936 Supp. 2383(22).

132.23 Tax by municipalities; bonds to constitute general obligations; debt limit inapplicable.—In case of refunding bonds issued by municipalities it shall be the duty of the governing board of the municipality charged by law with determining and fixing the amount of general property taxes for any fiscal year of the municipality, to ascertain the amount of (1) principal and interest of refunding bonds due in such year for which moneys are not in hand, (2) principal and interest of refunding bonds due prior to such year and which are then or will be in default in such year, together with interest thereon, (3) sinking fund payments due in such year or due prior to such year and which are then or will be in default in such year, (4) such additional sum as may be necessary to make up for the estimated failure to collect taxes in such year. The said governing body of the municipality shall determine and fix the total of said sums as the amount to be raised by tax in addition to all other taxes for said fiscal year. The said amount shall thereupon be apportioned against, and levied and assessed on, all property sub-

ject to taxation in the manner provided by law, for taxes for other purposes in the municipalities and shall be collected and applied to such purpose by the official of the municipality charged by law with duty of apportioning, levying, assessing, collecting and applying taxes for other purposes. The refunding bonds issued in pursuance of this chapter by municipalities shall be general and unlimited obligations of the municipalities and the full faith and credit of the municipality is hereby irrevocably pledged for their payment. The municipality and each and every official and governing board thereof shall levy, assess, apportion and collect on and from all taxable real and personal property in the municipality such taxes as shall be sufficient to pay the interest and principal of the refunding bonds as they become due and payable. No other section of this chapter or of any other law, or of any agreement or resolution made by the municipality shall be construed to limit or restrict the powers or obligations of the municipality under this chapter and the provisions of any resolution of the municipality made pursuant to this chapter shall be construed as supplemental hereto for the greater protection of the refunding bonds, and shall not be construed as limiting or restricting the application of this section. All refunding bonds issued pursuant to the provisions of this chapter shall not be subject to any limitation or indebtedness prescribed by any statutes, charter or other special act relating to the municipality.

History.—§23, ch. 15772, 1931; CGL 1936 Supp. 2383(23).

132.24 Elections, notice, etc.—Any election which may be held to determine whether any such refunding bonds shall be issued, if required by the constitution of the state, shall be called, noticed and conducted, and the result thereof determined and declared as shall have been or may be required by law for the issuance of any bonds of the unit proposing to issue the bonds herein authorized; but if an election be not required by the constitution and nevertheless be held, it may be called, noticed and conducted, and the result thereof determined and declared, in such manner as the governing body may provide by resolution. It shall not be necessary to hold any election for the issuance of any refunding bond, except in those cases in which an election is required by the constitution of the state.

History.—§24, ch. 15772, 1931; CGL 1936 Supp. 2383(24).

132.25 Creation and maintenance of sinking fund.—The governing authority of any unit in contracting for the sale of any bonds may provide for the creation and maintenance of the necessary sinking fund out of proceeds of sales of lands, and levy of taxes, and proceeds of mortgages.

History.—§25, ch. 15772, 1931; CGL 1936 Supp. 2383(25).

132.26 Chapter supplemental and additional.—This chapter is intended as a supplemental and additional grant of power to each and all the various units of the state as hereinabove

defined and shall apply as well to all municipalities whether heretofore or hereafter incorporated either under general or special act, and shall not supplant or repeal any existing powers for the issuance of funding or refunding bonds or any provisions of law of bonds issued under such powers, or for the custody of moneys provided for such payment, but shall nevertheless repeal all laws and parts of laws, general or special, so far as the same may be inconsistent with the complete exercise of any and all powers herein granted or may deny the right to exercise any power herein granted as to the levy of taxes upon all taxable property of such unit or as to the custody of moneys provided for the payment of bonds or as to any other thing.

History.—§26, ch. 15772, 1981; CGL 1936 Supp. 2383(26).

132.27 Chapter complete within itself.—This chapter constitutes full authority for the things herein authorized, and no proceedings, publications, notices, consents or approval shall be required for the doing of the things herein authorized except as are herein prescribed and required. This chapter shall be deemed complete within itself, except insofar as other laws are specifically made applicable, nor shall powers hereby granted be restricted or limited by any other law.

History.—§27, ch. 15772, 1981; CGL 1936 Supp. 2383(27).

132.28 Chapter applicable to school districts.—In the event that any school district shall be authorized by the constitution and laws of this state to legally issue refunding bonds the provisions of this chapter shall be deemed to apply to such school district.

History.—§29, ch. 15772, 1981; CGL 1936 Supp. 2383(28).

132.29 Validation.—Refunding bonds provided to be issued under this chapter shall be subject to validation and judicial proceedings in like manner and with like force and effect as bonds generally are provided to be validated by judicial proceedings under the laws of this state.

History.—§30, ch. 15772, 1981; CGL 1936 Supp. 2383(29).

132.30 Chapter applicable to all taxing districts.—This chapter shall apply to taxing districts of every character and description provided for under the general or special laws of this state, whether consisting of portions of a county or of territory located in more than one county.

History.—§31, ch. 15772, 1981; CGL 1936 Supp. 2383(30).

132.31 No other proceedings required.—No proceedings shall be required to be taken as to the issuance of any refunding bonds under this chapter except those prescribed by this chapter, any provisions of any other laws, general or special, to the contrary notwithstanding.

History.—§33, ch. 15772, 1981; CGL 1936 Supp. 2383(32).

132.32 Replacement of bonds.—In case any coupon bonds and the coupons thereunto appertaining, or any registered bonds, shall become mutilated or be destroyed, a new bond shall be prepared at the expense of the applicant, and be executed and delivered, of like tenor, amount, date and series in exchange and substitution for the mutilated or destroyed bond or coupons. In case of destruction the applicant for a substituted bond shall furnish to the unit satisfactory evidence of its destruction and shall also give such security and indemnity as may be required for it.

History.—§34, ch. 15772, 1981; CGL 1936 Supp. 2383(33).

to prevent acceptance by the county commission.

History.—§§2, 3, ch. 3421, 1883; RS 610; §1, ch. 4590, 1897; GS 809; RGS 1557; §2, ch. 9333, 1923; CGL 2385; §1, ch. 59-136.

135.03 Cold storage curing and drying plants.—Whenever the county commissioners of any county in this state shall determine that the problem of storing its products to await favorable marketing conditions, is of sufficient importance in such county to warrant the same, they shall have the right to provide for the erection and operation in such county of a cold storage curing and drying plant for the storing of animal and vegetable products, and to expend public moneys therefor, and same is hereby declared to be a proper county purpose for such expenditure.

History.—§1, ch. 10104, 1925; CGL 2386.

135.04 Same; plans, specifications and estimates.—Upon the making of such determination, it shall be the duty of the county commissioners of such county to cause to be made out detailed plans and specifications of the proposed cold storage curing and drying plant proposed to be erected and operated by it, together with an estimate of the probable cost of completion thereof, a statement of the probable business to be expected in its operation, and such other statement of facts as may be required by the board of commissioners of state institutions.

History.—§2, ch. 10104, 1925; CGL 2387.
cf.—Ch. 272, board of commissioners of state institutions.

135.05 Same; examination by board of commissioners of state institutions.—The board of commissioners of state institutions shall cause the said plans and specifications, submitted to it as provided for in §135.04 to be examined and make diligent inquiry as to the practicability of the proposed cold storage curing and drying plant described therein, and the probable business which would result from the operation of the same where and as proposed and if they approve of same, to cause their approval to be entered of record and certified to the county commissioners of the county so proposing such cold storage curing and drying plant.

History.—§3, ch. 10104, 1925; CGL 2388.

135.06 Same; one-half of cost paid by county.—Upon the approval of the plans and specifications aforesaid, and the certification

thereof as aforesaid, the county commissioners of the county in which such cold storage curing and drying plant is proposed to be so erected, shall make up and cause to be deposited with the state treasurer a sum equal to one-half of the approved estimated cost of said project, and for that purpose the said county commissioners may expend any portion of the general county fund not otherwise appropriated and any part of the agricultural fund of said county.

History.—§4, ch. 10104, 1925; CGL 2389.
cf.—§282.001(3) All state receipts to general revenue fund.

135.07 Same; one-half of cost paid by state.—Upon the deposit of said one-half of the approved estimated cost of said cold storage curing and drying product, as provided for in §135.06, with the state treasurer, the state treasurer shall set aside and apportion a like amount out of any moneys in the state treasury not otherwise appropriated, for the purpose of providing the remainder of the whole cost of completion, and any and all sums of money in the state treasury not otherwise appropriated are hereby appropriated for the purpose of carrying out the purpose and intent of §§135.03-135.19.

History.—§5, ch. 10104, 1925; CGL 2390.

135.08 Same; contracts; building.—All contracts for the erection of cold storage curing and drying plants under §§135.03-135.19 shall be advertised and let by the board of commissioners of state institutions and all work shall be done under the supervision of and paid only upon approval by the board of commissioners of state institutions, upon itemized statements, audited and approved by the comptroller.

History.—§6, ch. 10104, 1925; CGL 2391.

135.09 Same; public storage; rates, rules, etc.; funds.—From and after the erection and putting into operation of any such cold storage curing and drying plant as provided for in §§135.03-135.19, storage of animal and vegetable products therein shall be open to the public upon payment of such storage charges and compliance with such reasonable rules and regulations for the government thereof as the commissioners of state institutions may from time to time prescribe, and all moneys realized from storage fees shall be kept in a separate and sacred fund to be expended only for the payment of the legitimate and necessary expenses of operation and the establishment of a sinking fund for the repayment to the state of the one-half of the purchase price hereinbefore provided to be advanced and paid by the state.

History.—§7, ch. 10104, 1925; CGL 2392.
cf.—§282.001(3) All state receipts to general revenue fund.

135.10 Same; title to property; supervision.—The legal title to all cold storage curing and drying plants provided for in §§135.03-135.19 shall vest in the state for the use and benefit of the county wherein said cold storage curing and drying plant is located and the said cold storage curing and drying plant shall always be under the supervision and control of the state through the board of commissioners

of state institutions until the complete repayment to the state by the county of all funds advanced or paid by the state for the erection of any such cold storage curing and drying plant, and upon the repayment of such amounts to the state, said board of commissioners of state institutions shall make out and deliver to the said county a complete release, satisfaction and discharge of all claims against it under the sections aforesaid.

History.—§8, ch. 10104, 1925; CGL 2393.

135.11 Same; storage receipts.—All animal and vegetable products received or accepted in any such cold storage curing and drying plant for storage shall be represented by a receipt in writing, giving the weight or other unit measurement of the article stored, the date stored, the name of the person, firm or corporation storing the same, and the rate of storage charged. Such receipt shall be negotiable by endorsement and the same rules of law and custom shall apply to and govern such cold storage curing and drying receipts as govern warehouse receipts under laws of this state.

History.—§9, ch. 10104, 1925; CGL 2394.

135.12 Same; bonds may be issued.—For the purpose of enabling any county in this state to provide funds for the erection and operation of a cold storage curing and drying plant under §§135.03-135.19, said county may provide for the calling and holding of an election to provide for the issuance and sale of bonds therein in like manner and with the same procedure as counties are now or may hereafter be authorized by law to provide for the issuance of bonds for building roads and bridges, the proceeds of such bonds to be used to defray the one-half cost of erection and operation of said plant as hereinbefore provided.

History.—§10, ch. 10104, 1925; CGL 2395.
cf.—Ch. 130 County bonds.

135.13 Same; storage fees, and disposition of proceeds.—Only reasonable fees for storage of articles in any such cold storage curing and drying plant shall be charged or collected and the same shall be so fixed as to provide for a sinking fund for the retirement of the cost of erection after deducting of operating expenses, and the board of commissioners of state institutions may fix such fees and charges and provide for the keeping, remittance and application of all funds charged and collected from the public by any such cold storage curing and drying plant, until the state shall be fully reimbursed for all amounts of money advanced by it in the erection of such plant, after which full title and right of control shall pass to the county in which any such plant is located.

History.—§11, ch. 10104, 1925; CGL 2396.

135.14 Same; laws applicable.—All laws and provisions of law regulating and governing the conduct of warehouses and the issuance and negotiation of warehouse receipts under the laws of Florida shall apply to and govern all cold storage curing and drying receipts and products stored in any cold storage curing and drying

plant under the terms of §§135.03-135.19, except that in no case shall any action sounding in tort be maintained against any county of this state.

History.—§12, ch. 10104, 1925; CGL 2397; §7, ch. 22858, 1945.

135.15 Same; state marketing bureau to cooperate.—The state marketing bureau shall cooperate with the persons storing agricultural and animal products in any such cold storage curing and drying plant and assist in marketing such products to the best advantage and provide facilities therefor.

History.—§13, ch. 10104, 1925; CGL 2398.

135.16 Same; attorney general to approve title to realty.—Before any moneys provided for by §§135.03-135.19 shall be expended in the erection of any cold storage curing and drying plant in any county of this state, the legal title to the real estate upon which the same is proposed to be and is erected shall be passed upon and approved by the attorney general.

History.—§14, ch. 10104, 1925; CGL 2399.

135.17 Same; additions.—Whenever any cold storage curing and drying plant is put in operation under the provisions of §§135.03-135.19, and the storage facilities provided thereby shall be found to be insufficient to accom-

modate the public demand, an addition and enlargement of the same may be made upon like proceedings and in like manner and subject to the same conditions as for the erection of any such cold storage curing and drying plant as hereinbefore provided.

History.—§15, ch. 10104, 1925; CGL 2400.

135.18 Same; rules and regulations.—The board of commissioners of state institutions shall promulgate rules and regulations not inconsistent with the provisions of §§135.03-135.19, for the government and operation of cold storage curing and drying plants under said sections, so as to secure the most economical administration of the affairs of same and the greatest benefit to the public to be accommodated.

History.—§16, ch. 10104, 1925; CGL 2401.

135.19 Same; appointment and dismissal of employees.—All employees required for the management and operation of any cold storage curing and drying plant under §§135.03-135.19 shall be appointed by the county commissioners of the county but may be removed or dismissed by the board of commissioners of state institutions for incompetency or neglect of duty, upon complaint made and proved of such fact.

History.—§17, ch. 10104, 1925; CGL 2402.

CHAPTER 136

COUNTY DEPOSITORIES

- 136.01 Banks to be county depositories.
- 136.02 Method of qualifying as depository; securities to be deposited; pro rata division of deposits.
- 136.03 County funds to be paid into depositories; triplicate receipts to be issued.
- 136.04 Depositories to keep demand and time deposits separate; how interest on deposits credited.
- 136.05 County board to keep set of books; overdrawing prohibited.
- 136.06 How funds drawn from depositories.
- 136.07 Depositories to make reports; board to publish monthly statements.
- 136.08 Accounts subject to examination by authorized persons.

136.01 Banks to be county depositories.—Any bank, national or state, authorized to do business in this state which will, as to the various funds hereinafter referred to, offer satisfactory inducement as to security as herein provided is hereby created and designated a county depository for the funds for which such security shall be furnished and may receive such public funds in the manner and method hereinafter provided. The funds hereinabove referred to shall include: county funds, funds of all county officers, and funds of the county board of public instruction; the enumeration of said funds being herein made, not by way of limitation, but of illustration, and it being the intent hereof that all funds of such county or of the board of county commissioners or the several county officers or of the board of public instruction of such county, shall be included.

History.—§2, ch. 6932, 1915; RGS 1559; §1, ch. 2527, 1921; CGL 2404; §1, ch. 14691, 1931; §1, ch. 19549, 1939; §7, ch. 24337, 1947; am. §10, ch. 26484, 1951; §1, ch. 59-23. cf.—§237.32 Provisions as to depositories of school funds.

136.02 Method of qualifying as depository; securities to be deposited; pro rata division of deposits.—

(1) Any bank as described in the foregoing section desiring to become a county depository as herein provided shall make satisfactory deposit with or to the credit of the comptroller of the state, of securities of the kind herein authorized approved by the comptroller and in an amount to be determined by the comptroller, conditioned that said bank insure the safekeeping, proper accounting for and payment over to the proper authority of all money that may come into its possession by virtue of its acting as said depository, and further conditioned that it will in all respects duly and faithfully perform the duties imposed upon it by reason of acting as such depository. When a bank or banks in the county offer satisfactory inducement as to security as herein provided, the comptroller of the state shall issue his certificate showing that said bank has qualified as a county depository, and the securities deposited by such bank as herein provided shall secure all funds, jointly and severally, that shall be deposited in such banks by any and all officials of the several counties, by the several boards of county commissioners and the boards of public instruction of the several counties. When a bank or banks in the county qualify as a county depository as herein provided, such

bank or banks shall be eligible to receive deposits of the funds of the officers and boards herein mentioned, and shall be entitled to its or their pro rata share of the deposits of the board of county commissioners and board of public instruction of such county; but in case no bank within the county should qualify, then the said board of county commissioners and board of public instruction shall divide such deposits among the banks in some other county or counties which have qualified as county depositories as herein provided; provided, however, that nothing herein contained shall prohibit county officials, boards of county commissioners or boards of public instruction from recognizing and accepting the insurance coverage afforded by the federal deposit insurance corporation, which is now recognized by §659.24 (2), nor the payment of interest on any funds under the terms of such agreement as may be entered into between the proper depositing officials or boards and the banks, provided the payment of such interest is permitted by state or federal law. If at any time a bank ceases to be qualified as a county depository, the comptroller shall revoke the certificate of qualification of such bank and shall advise the several boards and officers of such county of such revocation and until again qualified hereunder such bank shall not be eligible to receive or retain deposits of any of the funds herein mentioned.

(2) On the first day of each month each county official and board maintaining funds on deposit in any such bank shall make and file with the clerk of the circuit court of such county a written report setting forth the balance of each fund on deposit in each bank in which such funds are deposited as of the close of business of the preceding month, and setting forth the estimate of such officer or board of the highest balance expected to be on deposit in each such bank during the ensuing month. Not later than the fifth of each month the clerk of the circuit court shall consolidate the reports of all of said officers and boards as to each such bank and shall file such consolidated report with the comptroller of the state.

(3) If at any time after a bank has qualified as a county depository as herein provided, the security furnished by it becomes insufficient or inadequate, the comptroller of the state shall have authority, on such terms, conditions, and penalties as he may prescribe, to require other

securities of the kind herein authorized in such additional amounts to be provided as he may deem necessary. If, at any time after a bank has qualified as a county depository as herein provided, the security furnished by it becomes, by reason of decreases in balances or deposits, more than sufficient to meet the requirements, the comptroller shall have the authority to authorize the security to be decreased to not less than the amount necessary to provide adequate safeguards for the funds deposited.

(4) The securities to be deposited by such banks desiring to qualify as a county depository hereunder, shall consist of bonds of the United States, bonds the payment of whose principal and interest is guaranteed by the United States, federal certificates of indebtedness, bonds or certificates of the several states, county and municipal bonds or certificates, county or county school time warrants, issued by any of the counties or cities of the state, or by any of the state agencies, departments or commissions authorized to issue bonds or certificates, or issued by authorities created by the state legislature, and bonds or other obligations issued by a housing authority pursuant to the housing authorities law of this state (chapter 421), or issued by any public housing authority or agency in the United States, when such bonds or other obligations are secured by a pledge of annual contributions to be paid by the United States government or any agency thereof. Such bonds or certificates may be general obligations of the issuing authority or they may be secured by utility revenues, or other revenues, or by excise taxes, or they may be secured by a limited ad valorem tax; provided, however, that none of the above bonds or certificates shall be accepted as security for the funds herein mentioned unless such bonds or certificates shall have qualities pertinent to bank investment; and provided further, that except as to bonds of the United States or bonds the payment of whose principal and interest is guaranteed by the United States or federal certificates of indebtedness, or state, county or municipal general obligation bonds, the bonds or certificates herein mentioned shall be rated in one of the highest four classifications by established nationally recognized investment rating services.

(5) The fact that a county or municipal officer or member of a public board or body, including a county school officer and an officer of any district within a county is a stockholder or an officer or director of a bank will not bar such banks from qualifying as a depository of funds coming under the jurisdiction of any such county or municipal officer, provided it shall appear in the records of the state or county agency that the governing body of such agency has investigated and determined that such county officer or member of a public board or body as aforesaid has not favored such bank or banks over other qualified banks

and that there is no violation of subsection (1).

History.—§3, ch. 6932, 1915; RGS 1560; CGL 2405; §2, ch. 14691, 1931; §2, ch. 19549, 1939; §2, ch. 59-23; (1) §1, ch. 59-306; (4) §1, ch. 61-165; (5) n. §1, ch. 63-112.
cf.—§237.32 Provisions as to depositories of school funds.
§659.21 Security of deposits.

136.03 County funds to be paid into depositories; triplicate receipts to be issued.—Tax collectors and all other persons having, receiving or collecting any money payable to the county funds not otherwise provided for, shall pay the same to the bank or banks qualified to receive the same. Each bank receiving any money, as provided in this chapter, shall make receipt for same in triplicate, one copy of which the said banks will carefully preserve and keep, one copy to be given to the person from whom money was received and one copy to be given to the board for which said money was received.

History.—§4, ch. 6932, 1915; RGS 1561; CGL 2406.
cf.—§237.32 Provisions as to depositories of school funds.

136.04 Depositories to keep demand and time deposits separate; how interest on deposits credited.—Each bank acting as a depository shall keep all daily balance accounts which are subject to immediate checking, in an account or accounts separate from all savings or time deposit accounts. Funds in a saving or time deposit account shall not be subject to check without being transferred to the checking account by order of the board or officer having control of the same. Each board or officer at all times may transfer money from one of the classes or types of accounts to another. Interest shall be paid by banks receiving savings or time deposit accounts at such rate or rates as may be agreed upon with respect to such savings or time deposit accounts by the bank and the board or officer having control of such account. All interest earned on any of such deposits shall be credited to the account and fund on which it was earned, and all interest shall be computed and credited quarterly.

History.—§5, ch. 6932, 1915; RGS 1562; §2, ch. 8527, 1921; CGL 2407, §3, ch. 59-23.
cf.—§237.32 Provisions as to depositories of school funds.

136.05 County board to keep set of books; overdrawn prohibited.—The board of county commissioners shall keep an accurate and complete set of books showing the amount on hand, amount received, amount expended and the balances thereof at the end of each month for each and every fund carried by said board, and no check or warrant shall ever be drawn in excess of the known balances to the credit of that fund as kept by the said board.

History.—§6, ch. 6932, 1915; RGS 1563; CGL 2408.
cf.—§237.32 Provisions as to depositories of school funds.

136.06 How funds drawn from depositories.—All money drawn from any depository qualified under the provisions of this chapter shall be upon a check or warrant issued by the board or officer drawing the same, said check or warrant, both as to number and amount, person to whom drawn and purpose for which drawn shall be recorded in the minutes of the board having ordered the same drawn, and each

check or warrant so drawn shall be signed by the chairman of said board, attested by the clerk or secretary of said board with the corporate seal thereof affixed; provided, however, that money under the control of any board of public instruction may be withdrawn as may be otherwise provided by law.

History.—§7, ch. 6932, 1915; RGS 1564; CGL 2409; §4, ch. 59-23.

cf.—§237.32 Provisions as to depositories of school funds.
§129.08 County commissioners voting to pay illegal claims, etc.

§129.09 County auditor not to sign illegal warrants.

136.07 Depositories to make reports; board to publish monthly statements.—Any bank acting as depository shall, at the end of each and every month, file with each board and officer for which it is a depository, and with the comptroller of the state, a report, as to each account on deposit with it, showing the balances on hand at the beginning of the month, all sums received and paid out during the month, balances on hand at the end of the month, and shall return with said report all checks or

warrant or warrants properly cancelled which the said bank has paid during the month; each board shall make and publish a statement monthly and at such other time as now required, or at such other times as may be required by the comptroller or the board of county commissioners and other such reports and statements regarding the conditions of each and every fund, as now or as may be hereafter required by law.

History.—§8, ch. 6932, 1915; RGS 1565; CGL 2410; §6, ch. 59-23.

cf.—§237.32 Provisions as to depositories of school funds.

136.08 Accounts subject to examination by authorized persons.—The accounts of each and every board and the county accounts of each and every bank acting as depository, mentioned or provided for in this chapter, shall at all times be subject to the inspection and examination of the county auditor, the state auditor and the state comptroller or persons designated by him.

History.—§9, ch. 9632, 1915; RGS 1566; CGL 2411.

CHAPTER 137

BONDS OF COUNTY OFFICERS

- 137.01 Bonds required by county officers.
 137.02 Bond of tax collector.
 137.03 Bonds of other county officers.
 137.04 County commissioners to give bond.
 137.05 Duty of county commissioners.
 137.06 Failure to give new bonds; misfeasance.

137.01 Bonds required by county officers.—Each of the county officers of whom a bond is or shall be required by law, shall, before he is commissioned, give bond, with not less than two sureties, or a surety company as hereinafter specified, to the governor of the state and his successors in office, conditioned for the faithful performance of the duties of his office, which shall be approved by the board of county commissioners and comptroller, and be filed with the secretary of state.

History.—§1, ch. 3724, 1887; RS 616; GS 822; RGS 1569; CGL 2416.

cf.—§237.31, for provisions as to bonds of school officials.

137.02 Bond of tax collector.—The tax collector of each county shall give bond in a sum to be fixed by the board of county commissioners of the respective county, subject to the approval of the comptroller as to amount and surety. In fixing said bond the board of county commissioners shall take into consideration the amount of money likely to be in the custody of the collector at any one time.

History.—§5, ch. 3724, 1887; RS 617; GS 823; RGS 1569; §1, ch. 10038, 1925; CGL 2417.

137.03 Bonds of other county officers.—The county surveyor of each county shall give a bond in the sum of one thousand dollars. The county assessor of taxes shall give a bond the amount of which to be fixed by the board of county commissioners at not less than one thousand nor more than ten thousand dollars. In fixing the amount of said bond, the board of county commissioners shall take into consideration the amount of money likely to be in the custody of the assessor at any one time.

History.—§7, ch. 3724, 1887; ch. 3844, 1889; RS 618-619; GS 824; RGS 1570; CGL 2418; §1, ch. 28294, 1953.

cf.—§237.31, Bonds of school officials.

137.04 County commissioners to give bond.—Each and every county commissioner of the several counties of the state, elected or appointed to such office before he is commissioned, shall be required to give a good and sufficient bond with not less than two sureties, or a surety company duly authorized under the laws of the state, in the sum of two thousand dollars, conditioned for the faithful performance of the duties of his office, which bond shall be approved by the board of county commissioners and the comptroller of the state. The premium of the bonds given with surety companies as sureties shall be paid out of the county treasury.

History.—§1, ch. 6477, 1913; RGS 1571; CGL 2419.

cf.—§237.31, Bonds of school officials.

- 137.07 Failure to perform duties.
 137.08 Sums for which sureties may be bound.
 137.09 Justification and approval of bonds.
 137.10 Provisions not applicable to surety companies.

137.05 Duty of county commissioners.—The county commissioners of the various counties of the state shall at their regular meeting in January and June of each year examine carefully as to the sufficiency of bonds of the county officers of their respective counties, and if by reason of death, assignment or insolvency of any of the sureties on the bonds of said officers, they have reason to believe that the sufficiency of said bond has become impaired, they shall at once report the same to the governor, who shall call upon and require such officer or officers to execute and file with the proper officer a new bond for the same amount, under the same conditions as his former bond.

History.—§2, ch. 4413, 1895; GS 825; RGS 1572; CGL 2420.

cf.—§237.31, Bonds of school officials.

137.06 Failure to give new bond; misfeasance.—Upon the failure of any state or county officer to give the new bond required by §137.05, within sixty days after he is called upon to do so, such failure on the part of any county officer shall be deemed and held to be a misfeasance within the meaning of the constitution; and the governor shall suspend such officer, as provided in §15 of Art. IV of the constitution, and shall at once appoint a successor to fill such vacancy, who after giving the bond required and otherwise qualifying, shall take charge of the office to which he has been appointed, and perform the duties of the same until his successor shall have been elected and qualified, or the officer suspended be reinstated; and in all cases where officers are liable to impeachment under the constitution, the failure to give the bond as hereinbefore mentioned shall constitute a ground of impeachment.

History.—§3, ch. 4413, 1895; GS 826; RGS 1573; CGL 2421.

cf.—§237.31, Bonds of school officials.

137.07 Failure to perform duties.—If the comptroller of the state, or the boards of county commissioners of the various counties, shall fail to perform the duties required by §§17.19, 137.05, and 237.31, respectively, they shall be liable to the state or county for any loss which may be sustained by the state or county, by reason of such failure, such sum to be recovered by suit in any county in which such comptroller or county commissioners may reside.

History.—§4, ch. 4413, 1895; GS 827; RGS 1574; CGL 2422.

137.08 Sums for which sureties may be bound.—In every bond in which the amount of the bond shall not exceed one thousand dollars, there shall be at least two sureties, each bound for the full amount of the bond.

In every bond so specified in which the amount of the bond shall exceed one thousand dollars, each surety may bind himself for a specified sum, and the aggregate amount for which the sureties shall bind themselves shall not be less than the penalty of the bond.

History.—§9, ch. 3724, 1887; RS 620; GS 828; RGS 1575; CGL 2423.
cf.—§237.31, Bonds of school officials.

137.09 Justification and approval of bonds.

—Each surety upon every bond of any county officer shall make affidavit that he is a resident of the county for which the officer is to be commissioned, and that he has sufficient visible property therein unincumbered and not

exempt from sale under legal process to make good his bond. Every such bond shall be approved by the board of county commissioners and by the comptroller when they and he are satisfied in their judgment that the same is legal, sufficient and proper to be approved.

History.—§10, ch. 3724, 1887; RS 621; GS 829; RGS 1576; CGL 2424.

137.10 Provisions not applicable to surety companies.—The provisions of this chapter requiring two sureties and justification by surety shall not apply where such surety is a surety company authorized to do business in this state.

COUNTY SEATS

- 138.01 Petition to change county seat.
- 138.02 Commissioners to order election.
- 138.03 Conduct and return of election.
- 138.04 Names of towns, etc., for county seat to be filed with clerk.
- 138.05 Form of ballot.
- 138.06 Canvass and result of election; contests.
- 138.07 Second election when no place receives majority vote.

138.01 Petition to change county seat.—The qualified electors in any county in this state wishing to change their county seat, shall present to the board of county commissioners of such county a petition signed by one-third of the qualified electors, who are taxpayers on real or personal property, praying for a change of the location of such county seat.

History.—§1, ch. 1890, 1872; RS 622; GS 831; §1, ch. 6239, 1911; RGS 1578; CGL 2426.

138.02 Commissioners to order election.—The county commissioners of any county in this state, upon receiving such petition as is specified in §138.01 shall order an election to be held at the several precincts of such county for the location of such county seat, giving not less than thirty days' notice thereof, and no person shall be allowed to vote in such elections except those qualified to vote under the general election laws of Florida.

History.—§2, ch. 1890, 1872; RS 623; GS 832; §2, ch. 6239, 1911; RGS 1579; CGL 2427.

138.03 Conduct and return of election.—All elections held under the provisions of this chapter shall be conducted in the manner prescribed by law for holding general elections in this state, except as herein provided, and the returns of all such elections shall be made to the county commissioners or the clerk thereof.

History.—§3, ch. 1890, 1872; RS 624; GS 833; §3, ch. 6239, 1911; RGS 1580; CGL 2428.

138.04 Names of towns, etc., for county seat to be filed with clerk.—Names of all towns, villages or cities, put forward as candidates for the county seat of any county in this state under the provisions of this chapter shall be filed with the clerk of the circuit court of such county not later than fifteen days before the date set for holding said election.

History.—§4, ch. 6239, 1911; RGS 1581; CGL 2429.

138.05 Form of ballot.—The clerk of the circuit court of any county in this state, when the names of the towns, villages and cities required in §138.04 have been furnished him, shall have printed, at the expense of the county, a suitable ballot to be used in said election, said ballot to contain, in alphabetical order, the names of all such towns, villages and cities, and no other places shall be printed on the said ballots; provided, that in counties where the use of voting machines is now or may hereafter be authorized by law, the

requirements of this section shall, in so far as practicable, be adapted to the use of said voting machines.

History.—§5, ch. 6239, 1911; RGS 1582; CGL 2430.

138.06 Canvass and result of election; contests.—The county commissioners shall, not later than five days after the aforesaid election is held, publicly canvass the same, and the place receiving a majority of all the votes cast shall be the county seat for the next ten years. The result declared upon such canvass may be contested by five or more taxpayers, qualified electors who voted in such election for a candidate place other than the place declared elected, by proceeding in chancery for an injunction against the removal by the county commissioners of the county records and county offices to the place declared elected, or by mandamus to compel the removal of the county offices and records to the place alleged in such proceedings to have been elected; and the court in which any such proceeding shall be properly instituted, may inquire into the legality of such election, the qualification of electors voting therein, and render judgment or decree in favor of the place duly elected by the qualified electors, and may make such interlocutory orders or decrees, and issue such process as shall be necessary to the protection of its jurisdiction, or may be incidental to the principal relief sought; provided, that such action shall be brought within three years from the time of such election.

History.—Ch. 3301, 1881; §6, ch. 6239, 1911; §10, sub-§15, ch. 7838, 1919; RGS 1583; CGL 2431.

138.07 Second election when no place receives majority vote.—Should three or more places be put forward and voted for as the county seat of any county in this state, and the county commissioners of such county find that upon the canvass of the said election, as provided for in §138.06, that any of such places have received a majority of all the votes cast at said election, the place receiving such a majority shall be declared the county seat as aforesaid, but should the county commissioners find that no place has received a majority of all the votes cast in said election, they shall proceed at once without a petition to call a second election to be held within thirty days of the first election, and in the same manner and places as prescribed for the first election.

History.—§7, ch. 6239, 1911; RGS 1584; CGL 2432.

138.08 The two places receiving highest vote to be placed on ballot in second election.—Should the second election, as provided for in §138.07, be necessary to select the place as county seat of any county in this state, the clerk of the circuit court shall prepare the ballot as aforesaid, dropping the names or name of all places voted for in the first election except the two places receiving the highest vote in the same, and no other places shall be voted for nor shall the vote of any other place or places be counted or considered by the county commissioners in canvassing the result of such election.

History.—§8, ch. 6239, 1911; RGS 1585; CGL 2433.

138.09 Canvass of votes of second election; establishing county seat.—The county commissioners shall, within five days after the election provided for in §138.07 is held, meet and publicly canvass the same, and the place receiving the majority of all the votes cast shall be the county seat for the next ten years, and the said county commissioners shall erect, as soon as possible, a courthouse and jail, and provide suitable offices for all the county of-

ficers who are required by law to keep their offices at the courthouse at the place so selected as the county seat aforesaid.

History.—§9, ch. 6239, 1911; RGS 1586; CGL 2434.

138.10 Counties having constructed a new courthouse within twenty years.—The provisions of this chapter shall not apply to any county having constructed a new courthouse within the past twenty years, other than a county having constructed a courthouse of wood, in which the county seat is situated, in any town or city not located on any line of railroad transportation.

History.—§10, ch. 6239, 1911; §1, ch. 6480, 1913; RGS 1587; CGL 2435.

138.11 Unlawful use of money in election to change county seat.—Any person using money, goods or chattels in any election to change the county seat of any county, to secure votes or influence for any place as the county seat of any county in this state, shall, upon conviction thereof, be imprisoned in the state prison not exceeding two years.

History.—§10, ch. 6239, 1911; §1, ch. 6480, 1913; RGS 5904; CGL 8168.

142.01 Fine and forfeiture fund contents.—There shall be in every county of this state a separate fund to be known as the fine and forfeiture fund. Said fund shall consist of all fines and forfeitures collected in the county under the penal laws of the state, all costs refunded to the county, all funds arising from the hire or other disposition of convicts and the proceeds of any special tax that may be levied by the county commissioners for expenses of criminal prosecutions. Said funds shall be paid out only for criminal expenses, fees and costs where the crime was committed in the county, and the fees and costs are a legal claim against the county, in accordance with the provisions of this chapter.

History.—§1, ch. 4323, 1895; §1, ch. 4672, 1899; GS 961; RGS 1774; CGL 2825.
cf.—§9, Art. XVI Florida constitution.

142.02 Levy of a special tax.—The board of county commissioners of every county may levy a special tax, not to exceed two mills, upon the real and personal property of the respective counties, to be assessed and collected as other county taxes are assessed and collected, for such costs of criminal prosecutions.

History.—§1, ch. 4323, 1895; §1, ch. 4672, 1899; GS 962; RGS 1775; CGL 2826.

142.03 Disposition of fines and forfeitures; reports.—All fines imposed under the penal laws of this state, and the proceeds of all forfeited bail bonds or recognizances, shall be paid into the fine and forfeiture fund of the county in which the indictment was found or the prosecution commenced, and judgment must be entered therefor in favor of the state for the use of the particular county. The county commissioners of each county shall require a full report from all justices of the peace and clerks of county criminal courts, circuit courts, and the county judges, once in each month, within thirty days after the expiration of said month, of the amount of fines imposed by their courts and of bonds forfeited and judgments rendered on said forfeited bonds, and into whose hands they had been paid or placed for collection, the date of conviction in each case, the term of imprisonment and the name of the officer to whom commitment was delivered. If any justice of the peace, county judge, clerk of the criminal court or circuit court, shall fail to make such report for any month the board of county commis-

sioners shall immediately report to the governor any such failure or refusal of such justice of the peace, county judge, clerk of county, county criminal and circuit court to make such monthly report, and the governor may, in his discretion, suspend such officer or officers from office. The county commissioners may withhold any fees or costs of any officer until said officer collects and pays over to the depository legally entitled to receive the same all such fines and forfeitures or furnishes a satisfactory excuse for not doing so.

History.—§2, ch. 4323, 1895; GS 963; §1, ch. 5155, 1903; RGS 1776; CGL 2827.

142.04 Clerk to issue certificate.—The clerk of the circuit court shall issue a certificate under the seal of the court, and keep a stub copy of the same, to each witness appearing on the part of the state, stating therein the name of the case and the amount of compensation to which he is entitled, where the same is a claim against the county out of the fine and forfeiture fund.

History.—§1, ch. 4323, 1895; GS 964; §1, ch. 4326, 1895; RGS 1777; CGL 2828.

142.05 Clerk not entitled to fee.—The clerk issuing the certificate shall not be entitled to receive any fee for performing the duty herein imposed. Said clerk shall make out a pay roll in duplicate giving the name of each witness summoned for the state before the court, the number of days of attendance, miles traveled and the amount he is entitled to. The witness shall sign same in presence of a witness and the clerk shall certify to the correctness of the pay roll.

History.—§1, ch. 4323, 1895; §1, ch. 4326, 1895; GS 965; CGL 2829; §1, ch. 20416, 1941.

142.06 Form of pay roll.—The form of this pay roll shall be prescribed by the county commissioners, and filed in the clerk of the circuit court's office for the information and use of the county commissioners in reviewing the acts of the clerk issuing certificates to witnesses appearing on behalf of the state; and the county commissioners may reject any witness certificate or any portion thereof that they may deem illegal and pay into the fine and forfeiture fund the amount rejected out of any fees or costs going to the clerk issuing the certificate, in case the clerk fails to at once pay the amount.

History.—§1, ch. 4323, 1895; §1, ch. 4326, 1895; GS 966; RGS 1779; CGL 2830.

142.07 Pay rolls.—Where the witness on behalf of the state appears in any case in county courts, county judge's courts or county criminal courts of record, the clerks of said courts shall make out pay rolls as prescribed in the preceding section. Said pay rolls shall be sworn to by said clerks and presented to the clerk of the circuit court, to be filed with the said clerk. If said clerk of the circuit court is satisfied of the correctness and legality of the pay roll he shall issue certificates to each witness legally and properly on said pay roll for the amount due him in the same manner as for witnesses in the circuit court, and such certificates shall constitute the same claim against the county, and be receivable for fines and forfeitures or any special tax levied for criminal costs.

History.—§5, ch. 4323, 1895; GS 967; RGS 1780; CGL 2831; §1, ch. 24306, 1947.

142.08 Clerk responsible.—If any portion of said certificates are rejected by the county commissioners, the clerk of the court where the witness appeared shall be held responsible for the same, and if immediate payment is not made by said clerk, the county commissioners shall deduct the amount rejected from any fees going to said clerk.

History.—§5, ch. 4323, 1895; GS 968; RGS 1781; CGL 2832.

142.09 If defendant is not convicted, or dies.—If the defendant is not convicted, or the prosecution is abated by the death of the defendant, or if the costs are imposed on the defendant and execution against him is returned no property found, or if a nolle prosequere be entered, in each of these cases the fees of witnesses and officers arising from criminal causes shall be paid by the county in the manner specified in §§142.10-142.12; provided, that when a committing magistrate holds to bail or commits a person to answer to a criminal charge and an information is not filed or an indictment found against such person, the costs and fees of such committing trial shall not be paid by the county, except the costs of executing the warrants.

History.—§§3, 7, ch. 4323, 1895; GS 970; RGS 1782; CGL 2833.
cf.—§939.14 County not to pay cost.

142.10 Officer to make out accounts as directed.—The officer shall make out his account against the county in such form as the county commissioners may require, stating the services for which the fee is charged, the title of the case in which the services were performed, and the facts which, under the provisions of §142.09, make the fees a good claim against the county, including all legal charges and costs before justices of the peace, and present the same to the board of county commissioners, with the affidavit that the same is correct.

History.—§8, ch. 4323, 1895; §2, ch. 4672, 1899; GS 971; RGS 1783; CGL 2834.
cf.—§939.08 Costs to be certified by county commissioners before audit.

142.11 Powers and duties of county commissioners.—The county commissioners may re-

ject all or any portion of any account which is not a valid claim against the county, and shall allow and pay the same only when it is just, correct and reasonable, and no constructive mileage or illegal or unnecessary item or charge in any frivolous case shall be allowed.

History.—§8, ch. 4323, 1895; §2, ch. 4672, 1899; GS 972; RGS 1784; CGL 2835.

142.12 County commissioners to audit; how payable.—The county commissioners shall audit all bills and accounts and order a warrant, signed by the chairman and countersigned by the clerk of the circuit court, under the seal of the court, for the amount that they may find to be due, payable out of the fine and forfeiture fund, and a copy of all such warrants shall be kept by the clerk of the circuit court.

History.—§8, ch. 4323, 1895; §2, ch. 4672, 1899; GS 973; RGS 1785; CGL 2836.

142.13 Right of officer to test validity.—Whenever any officer shall have presented to the county commissioners any bill or account against any county and such bill or account or any part thereof shall have been rejected by the county commissioners, such officer may test the validity of his said charge, bill or account, by suit against the county, and may recover a judgment for the amount or such part thereof as shall be a legal claim for services rendered in the performance of duty, with interest thereon; provided, that no such claim shall be sued on more than one year after its final rejection by the county commissioners.

History.—§2, ch. 4672, 1899; GS 975; RGS 1786; CGL 2837.

142.15 Prisoner confined in different county.—Where the prisoner is confined in the jail of a different county from the one in which the crime was committed, then the sheriff's bill for feeding such prisoner shall be presented to the board of county commissioners of the county in which the crime is alleged to have been committed, and paid by such county. If the sheriff should subsequently collect any such fees for feeding a prisoner, he shall pay the same to the county depository, to go into the fine and forfeiture fund. The county commissioners shall see that there is always set aside and retained in the fine and forfeiture fund out of the moneys collected from the special tax authorized to be collected for such fund, enough cash to pay for keeping and feeding such prisoners.

History.—§9, ch. 4323, 1895; ch. 4527, 1897; GS 977; RGS 1788; CGL 2839.

142.16 Change of venue.—In case of change of venue in any case, all fines and forfeitures in such case go to the county in which the indictment was found, and the fees of all officers and witnesses are a charge upon the county in which the indictment was found, in like manner as if the trial had not been removed. All costs and fees arising from the coroner's inquests shall be a charge upon the county where the inquest is held, and shall be payable from the general revenue fund of the county.

History.—§10, ch. 4323, 1895; GS 978; RGS 1789; CGL 2840.

142.17 Comptroller to prepare blanks.—The comptroller shall prepare suitable blanks and forms to be used in connection with the auditing of all claims under this chapter, and furnish the clerks of the circuit courts with a printed copy of the same.

History.—§1, ch. 4430, 1895; GS 980; RGS 1791; CGL 2842.

142.18 Duty of county commissioners.—The county commissioners of the respective counties shall adopt forms furnished in accordance with §142.17, and have printed a sufficient number of said blanks for the use of the officers of their respective counties.

History.—§2, ch. 4430, 1895; GS 981; RGS 1792; CGL 2843.

CHAPTER 145

COMPENSATION OF COUNTY OFFICIALS

- 145.011 Legislative intent.
- 145.021 Definitions.
- 145.031 Board of county commissioners.
- 145.041 Board of public instruction.
- 145.051 Clerk of circuit court.
- 145.061 County judge.
- 145.071 Sheriffs.
- 145.08 Superintendent of public instruction.

145.011 Legislative intent.—

(1) In compliance with §§20 and 21, Art. III, state constitution, it is the intent of the legislature to provide for the compensation of the several county officers by this law of general and uniform operation. The legislature understands that the word "general" means "whole, class or total," and that the word "uniform" means "equal, not arbitrary and discriminatory."

(2) In consideration of the findings and determinations made by the legislature based on the criteria in subsection (3) that the functions, powers, duties and responsibilities vary as between county officers within any particular county and as between the same county officer in the several counties, the legislature does establish for the several county officers the compensation provided in §§145.031-145.11.

(3) The legislature finds that each county varies from and is different from each of the other counties in the following respects:

(a) *Population*—The number of persons; the number of families; the amount of personal income; the number of children, adults, aged and infirm; the number of motorists; the distribution of population; the number and extent of the metropolitan and congested areas; the number of transients;

(b) *Area*—The number of square miles; the geographical location within the state; the amount of lake and ocean front; and the number of pieces of property; the extent of improved property;

(c) *Economically*—The economic development; the type of industry; the dynamics; the potential; and

(d) *Government*—The services, governmental and proprietary, required by the populace; the existence or nonexistence of national and state parks, military installations, forests, institutions and other governmental ownership of property and facilities; amount of taxes levied and collected; the amount of work required to be done for the state; the existence or nonexistence of other governmental units or officers (special districts, constables, municipal tax assessors and collectors, etc.); and the number of persons employed by the governmental units or officers.

(4) Any board of county commissioners may, with the concurrence of any county officer receiving compensation from fees, by resolution guarantee and appropriate a salary in lieu of fees, provided that such salary shall not exceed

- 145.09 Supervisor of registration.
- 145.10 Tax assessor.
- 145.11 Tax collector.
- 145.12 Record and report of fees collected; disposition of excess fees.
- 145.13 Construction of chapter 145.
- 145.14 Compensation of county officials who are paid by fees or commissions.

the net income prescribed herein and all fees collected by such officer are turned over to the board of county commissioners. A copy of any such resolution adopted shall be filed with the comptroller and state auditing department.

History.—§1, ch. 61-461.

145.021 Definitions.—For the purpose of this chapter, the following words have the meaning indicated:

(1) Compensation means the annual salary or net income, as determined by applicable law.

(2) Net income means the residue from fees and commissions, not to exceed the amounts indicated, of a county officer receiving fees and commissions after deducting all reasonable expenditures for his employees' salaries and the necessary expenditures for the proper operation of his office.

(3) Salary means stated remuneration to be paid in equal installments.

History.—§1, ch. 61-461.

145.031 Board of county commissioners.—The members of the board of county commissioners of the following named counties shall receive as compensation the amounts indicated:

(1)	Alachua	\$ 4,200.00
(2)	Baker	2,100.00
(3)	Bay	3,600.00
(4)	Bradford	1,200.00

145.12 Record and report of fees collected; disposition of excess fees.—

(1) Each state and county officer who receives all or any part of his compensation in fees or commissions, or other remuneration, shall keep a complete record of all fees and commissions, or other remuneration collected by him, and shall make a report to the board of county commissioners of all such fees and commissions, or other remuneration, annually on the 31st day of December of each and every year. Such report shall be made upon forms to be prescribed from time to time by the state comptroller, and shall show in detail the source, character and amount of all his official expenses and the net amount that the office has paid up to the time of making such report. All officers shall make out, fill in and subscribe and properly forward to the board of county commissioners such reports, and to swear to the accuracy and competency of such reports.

(2) The board of county commissioners of each county shall on the 15th day of January and the 15th day of July, of each year, notify the governor of the failure of any county official or officials to comply with the provisions of subsection (1) with reference to the filing of the reports required thereunder, specifying the name of the official and the office held by him at the time of such failure. Any county official who has failed to comply with the terms of said section by filing the detailed itemized report called for thereunder within fifteen days after the expiration of the semi-annual period above named, may be suspended by the governor in his discretion.

(3) Each and every such officer shall pay annually hereafter into a special fund all money in excess of the sum to which they are, under the provisions of this chapter entitled, and as annual compensation herein allowed, the board of county commissioners shall create such fund and shall expend the proceeds thereof for the purpose of equipping, maintaining, and supplying said office, from which said money is derived, with the necessary books, furniture, fixtures and all other things now supplied or furnished by the board of county commissioners and paid for by them from the general revenue of the county; provided, that should the funds so created exceed the amount necessary for the purposes provided in this section, then the board of county commissioners may, with the approval of the state comptroller, transfer same to the general county funds including the general county school fund.

(4) Whenever a tax collector or a tax assessor in any county of the state is ready to pay into a special fund, as he is required by law annually to do, all money in excess of the sum to which he is under the provisions of law entitled as annual compensation, he shall divide said excess sum into two portions and pay over to the board of public instruction for the county current school fund of the county one portion, which portion shall be an amount that shall

bear the same proportion to the entire excess fees of his office to be paid over as the total sum of the fees received by such officers for the assessment and collection of all school taxes bears to the total fees received by and paid into his office.

145.13 Construction of chapter 145.—Chapter 145 shall not be construed to repeal, affect or modify any local or special law, or general law of local application enacted prior to or during this session of the legislature as to compensation of county officers, travel expenses of county officers or payment of extra compensation to the chairman of any board of county commissioners or board of public in-

struction; provided, however, if any county officer's compensation prescribed herein is more than that provided in any local or special law, or general law of local application, this law shall control and be applicable, except that the salary provided in a local bill adopted by a referendum shall control whether such amount is over or under the amount provided for herein.

History.—§3, ch. 61-461; §2, ch. 63-560.

145.14 Compensation of county officials who are paid by fees or commissions.—Each county official whose compensation for his official duties is paid wholly or partly by fees or commissions, and whose compensation is not provided for herein shall receive as his yearly compensation for his official services from the whole or part of the fees or commissions so collected, the following sum only: all the net income from his office not to exceed seven thousand five hundred dollars unless otherwise provided by law.

History.—§3, ch. 63-560.

CHAPTER 150

COUNTY FREE PUBLIC LIBRARIES

(See sections 257.13-257.25 providing for operating grants for public libraries.)

150.01 Free public libraries authorized.**150.02 Notice of meeting of commissioners.****150.03 Library board; members; appointment; terms; vacancies.****150.04 Library board; organization; officers; powers; employees.**

150.01 Free public libraries authorized.—The board of county commissioners of the several counties of the state may establish, operate and maintain a free public library, or free library service for that county.

History.—§1, ch. 14756, 1931; CGL 1936 Supp. 2934(5).

150.02 Notice of meeting of commissioners.

—The board of county commissioners in any county, before taking action to provide for the establishment, operation and maintenance of a free library or free library service in such county, shall cause notice of such contemplated action to be given by publication once each week for two successive weeks in some newspaper designated by such board, published in such county, giving the date of the meeting at which such action is proposed to be taken.

History.—§2, ch. 14756, 1931; CGL 1936 Supp. 2934(6).

150.03 Library board; members; appointment; terms; vacancies.—

When in any county the board of county commissioners thereof shall have determined to establish, operate and maintain for such county a free public library, such library shall be administered by a library board, composed of five members who shall be citizens of the county, of either sex, appointed by the governor of the state. Of the board first appointed, one member shall be appointed for a term of one year, two members shall be appointed for a term of two years; and two members shall be appointed for a term of three years. Thereafter, upon the expiration of the terms of the members so appointed, successor members shall be appointed for terms of four years. A vacancy in the membership of the county library board shall be filled for the unexpired portion of the term by the governor of the state.

History.—§3, ch. 14756, 1931; CGL 1936 Supp. 2934(7); §1, ch. 29648, 1955

150.04 Library board; organization; officers; powers; employees.—The members of the library board shall meet and organize within thirty days after the appointment and annually thereafter, and shall elect one member president, another secretary and another treasurer, whose duties shall be those usually pertaining to said respective offices. The library board may establish rules and regulations for its own government and that of the library or library service not inconsistent with law, and may elect and employ a librarian and such assistants or employees as to said board may seem reasonable and proper, and fix their salaries, duties and compensation.

History.—§4, ch. 14756, 1931; CGL 1936 Supp. 2934(8).

150.05 Budget; reports.**150.06 Contracts with municipalities.****150.07 Title to library to be in county.****150.071 Gifts and bequests.****150.08 Taxation, appropriation; warrants; payments.**

150.05 Budget; reports.—On or before July 1 of each year, the library board shall file with the board of county commissioners a tentative budget for the ensuing fiscal year; and on or before November 1 of each year, the chairman of the library board shall file with the county board a report of the operation of the library during the last fiscal year, giving such statistics and other information as may be required by said county board.

History.—§5, ch. 14756, 1931; CGL 1936 Supp. 2934(9); §2, ch. 29648, 1955.

150.06 Contracts with municipalities.—

(1) In carrying out the provisions of this chapter, the board of county commissioners of any county may either acquire and provide for the maintenance and operation of a free library for the county, or may provide free library service to the citizens of the county by entering into a contract therefor with any municipality or with any nonprofit library corporation or association in said county owning a free public library, or with any other county or municipality in this state owning a free public library.

(2) Any municipality or any nonprofit library corporation or association owning a free public library in said county may enter into a contract with the county library board to receive the service of books and technical assistance from the county library upon such terms as may be agreed upon by the county library board and the governing body of the library contracting therewith.

History.—§6, ch. 14756, 1931; CGL 1936 Supp. 2934(10); §1, ch. 20918, 1941; §1, ch. 28034, 1953.

cf.—§125.43 Powers and duties of county commissioners.

150.07 Title to library to be in county.—When under the provisions of this chapter, the board of county commissioners of any county shall establish any free library for such county, the title and ownership of such library shall be in the county.

History.—§7, ch. 14756, 1931; CGL 1936 Supp. 2934(11).

150.071 Gifts and bequests.—The county library board is authorized to receive on behalf of the county any gift, bequest, or devise for the county free library. Said county library board shall turn over to the board of county commissioners any moneys received under the provisions of this section, to be deposited in the county free library fund.

History.—§2, ch. 28034, 1953.

150.08 Taxation, appropriation; warrants; payments.—

(1) When the board of county commissioners of any county shall have determined, under

the provisions of this chapter, to establish, operate, and maintain a free library or free library service for such county, said commissioners shall levy an annual tax, in the same manner and at the same time as other county taxes are levied, not exceeding one mill upon all taxable property within such county not already taxed for library purposes, or shall appropriate from the general fund of the county a sum not to exceed the yield of a one mill tax, for the purpose of providing the funds required to pay the expenses of the operation and maintenance of such free library or free library service.

(2) All funds of the county free library,

whether derived from taxation or otherwise, shall constitute a separate fund to be known as the county free library fund, and shall be expended only for library purposes. The expenses incurred by the county library board shall be paid by warrants drawn by the board of county commissioners, payable out of the county free library fund.

(3) The county library board shall not make expenditures or incur indebtedness in any year in excess of the amount available for library purposes.

History.—§8, ch. 14756, 1931; CGL 1936 Supp. 2934(12); §2, ch. 20918, 1941; §3, ch. 28034, 1953; (1), §3, ch. 29648, 1955.

153.01 Short title.—This chapter shall be known and may be cited as the "County water system and sanitary sewer financing law."

History.—§1, ch. 29837, 1955.

153.02 Definitions.—As used in this chapter the following words and terms shall have the following meanings unless some other meaning is plainly indicated:

(1) The word "county" shall mean any of the several counties of the state operating under the authority granted by this chapter.

(2) The term "county commission" or the word "commission" shall mean the board of county commissioners of any county operating under the powers granted by this chapter.

(3) The term "water system" shall mean and shall include any plant, wells, pipes, tanks, reservoirs, system, facility, or property used or useful or having the present capacity for future use in connection with the obtaining and supplying water for human consumption, fire protection, irrigation, consumption by business, or consumption by industry, and, without limiting the generality of the foregoing definition shall embrace all necessary appurtenances and equipment and shall include all property, rights, easements and franchises relating to any such system and deemed necessary or convenient for the operation thereof.

(4) The term "water system improvements" shall include all water pipes or lines, valves, meters, and other water supplying equipment within the county other than such equipment as constitute a part of the water supply system and shall embrace water mains and laterals for the carrying of water to the premises connected therewith and for carrying such water from some part of the water supply system.

(5) The term "sewage disposal system" shall mean and shall include any plant, system, facility or property used or useful or having the present capacity for future use in connection with the collection, treatment, purifi-

cation or disposal of sewage, and, without limiting the generality of the foregoing definition shall embrace treatment plants, pumping stations, intercepting sewers, pressure lines, mains, and all necessary appurtenances and equipment and shall include all property, rights, easements and franchises relating to any such system and deemed necessary or convenient for the operation thereof.

(6) The term "sewer improvements" shall include all sanitary sewers within the county other than such mains and lines as constitute a part of a sewage disposal system, and shall embrace sewer mains and laterals for the reception of sewage from premises connected therewith and for carrying such sewage to some part of the sewage disposal system.

(7) The word "facility" shall mean such water systems, sewage disposal systems, water system improvements and/or sewer improvements or additions thereto as are defined by this chapter.

(8) The word "cost" as applied to a water supply system or extensions or additions thereto or to water supply improvements or to a sewage disposal system or extensions or additions thereto or to sewer improvements shall include the cost of construction or reconstruction, the cost of all labor, materials, machinery and equipment, the cost of all lands, property, rights, easements and franchises acquired, financing charges, interest prior to and during construction and for one year after completion of construction, cost of plans and specifications, surveys of estimates of costs and of revenues, cost of engineering and legal services, and all other expenses necessary or incident to determining the feasibility or practicability of such construction or reconstruction, administrative expense and such other expense as may be necessary or incident to the financing herein authorized. Any obligation or expense heretofore or hereafter incurred by the county in connection with any of the foregoing terms of cost

may be regarded as a part of such cost and reimbursed to the county out of the proceeds of bonds issued under the provisions of this chapter.

(9) The term "water revenue bonds" shall mean special obligations of the county which are payable solely from water service charges and which shall in no way pledge the property, credit, or general tax revenue of the county.

(10) The term "sewer revenue bonds" shall mean special obligations of the county which are payable solely from sewer service charges and which in no way pledge the property, credit, or general tax revenue of the county.

(11) The term "general obligation bonds" shall mean general obligations of the county which are payable from unlimited ad valorem taxes or from such taxes and additionally secured by a pledge of water service charges or sewer service charges or special assessments, or all of them.

(12) The word "bonds" shall include water revenue bonds, sewer revenue bonds, and general obligation bonds.

(13) The word "sewage" shall include any substance that contains any of the waste products, excrement or other discharge from the bodies of human beings or animals as well as such other wastes as normally emanate from dwelling houses.

History.—§2, ch. 29837, 1955.

153.03 General grant of power.—Any of the several counties of the state which may hereafter come under the provisions of this chapter as hereinafter provided are hereby authorized and empowered:

(1) To purchase and/or construct and to improve, extend, enlarge, and reconstruct a water supply system or systems or sewage disposal system or systems, or both, within such county and any adjoining county or counties and to purchase and/or construct or reconstruct water system improvements or sewer improvements, or both, within such county and any adjoining county or counties and to operate, manage and control all such systems so purchased and/or constructed and all properties pertaining thereto and to furnish and supply water and sewage collection and disposal services to any of such counties and to any municipalities and any persons, firms or corporations, public or private, in any of such counties; provided, however, that none of the facilities provided by this chapter may be constructed, owned, operated or maintained by the county on property located within the corporate limits of any municipality without the consent of the council, commission or body having general legislative authority in the government of such municipality unless such facilities were owned by the county on such property prior to the time such property was included within the corporate limits of such municipality. No county shall furnish any of the facilities provided by this chapter to any property already being furnished like facilities by any municipality

without the express consent of the council, commission or body having general legislative authority in the government of such municipality;

(2) To issue water revenue bonds and/or sewer revenue bonds or general obligation bonds of the county to pay all or a part of the cost of such purchase and/or construction or reconstruction;

(3) To fix and collect rates, fees and other charges for the service and facilities furnished by any such water supply system or water system improvements and sewage disposal system or sewer improvements and to fix and collect charges for making connections with the water system of the county;

(4) To receive and accept from the federal government or any agency thereof grants for or in aid of the planning, purchase, construction, reconstruction, or financing of any facility and to receive and accept contributions from any source of either money, property, labor, or other things of value to be held, used, and applied only for the purpose for which such grants and contributions may be made;

(5) To acquire in the name of the county by gift, purchase as hereinafter provided or by the exercise of the right of eminent domain, such lands and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property as it may deem necessary for the efficient operation or for the extension of or the improvement of any facility purchased or constructed under the provisions of this chapter and to hold and dispose of all real and personal property under its control; provided, however, that no county shall have the right to exercise the right of eminent domain over any such lands or rights or interests therein or any personal property owned by any municipality within the state nor to exercise such right with respect to any privately owned water supply system or sewage disposal system including without limitation ponds, streams and surface waters constituting a part thereof, provided any such system is primarily used, owned or operated by an industrial or manufacturing plant for its own use as a water supply system or in disposing of its industrial wastes.

(6) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter and to employ such consulting and other engineers, superintendents, managers, construction and accounting experts and attorneys and such other employees and agents as it may deem necessary in its judgment and to fix their compensation;

(7) Subject to the provisions and restrictions as may be set forth in the resolution hereinafter mentioned authorizing or securing any bonds issued under the provisions of this chapter to enter into contracts with the government of the United States or any agency or instrumentality thereof or with any other county

or with any municipality, private corporation, co-partnership, association, or individual providing for or relating to the acquisition and supplying of water and the collection, treatment and disposal of sewage;

(8) To acquire by gift or purchase at a price to be mutually agreed upon, any of the facilities or portions thereof, provided for by this chapter, which shall, prior to such acquisition, have been owned by any private person, group, firm, partnership, association or corporation; provided, however, if the price for same cannot be agreed upon, the price shall be determined by an arbitration board consisting of three persons, one of whom shall be selected by the board of county commissioners, one shall be appointed by the private company or corporation, and the two persons so selected shall select a third member of said board; and provided, further, that in the event said board cannot agree as to the price to be paid by the said board of county commissioners, then the board of county commissioners shall exercise the right of eminent domain.

(9) To enter into agreements and contracts with building contractors erecting improvements within any duly platted subdivision within the county, the terms of which said agreements or contracts may provide that such building contractors shall install within such subdivision water mains, lines and equipment and sewer mains and lines, to be approved by the county commission, said mains and lines to run to a point or location to be agreed upon, at which said point or location said mains and lines shall be connected to the water supply system or water system improvements and/or to the sewage disposal system or sewer improvements of the county. In the event such agreements or contracts are entered into they shall provide that upon the connection of the mains or lines within the subdivision to the water or sewer facilities of the county said mains, lines and equipment running to the various privately owned parcels of land within such subdivision shall become the property of the county and shall become a part of the county water system improvements and/or sewer improvements; and,

(10) To restrain, enjoin or otherwise prevent any person or corporation, public or private, from contaminating or polluting (as defined in §387.08) any source of water supply from which is obtained water for human consumption to be used in any water supply system or water system improvement as authorized by this chapter, and to restrain, enjoin or otherwise prevent the violation of any provision of this chapter or any resolution, rule or regulation adopted pursuant to the powers granted by this chapter; provided, however, that this chapter shall not apply to or affect any existing contract that a municipality may have for water or sewage disposal without the consent of both parties to said contract but this subsection shall not authorize the institution or prosecution of any proceeding hereunder nor

the adoption of any resolution, rule or regulation which shall in anywise affect the right of any industrial or manufacturing plant to discharge industrial waste into any nonnavigable or navigable waters unless such waters are now being used or are hereafter used hereunder as a source of water for human consumption and unless the industrial wastes of any such plant are not being discharged into such waters prior to the time that action is taken by the commission under this chapter to include such water as a part of any water supply system.

153.04 Construction of water supply systems, water system improvements, sewage disposal systems, and sewer improvements.—Whenever the county commission of any of the several counties of the state by resolution chooses to exercise the powers granted by this chapter it shall make or cause to be made such surveys, investigations, studies, borings, maps, plans, drawings and estimates of costs and of revenues as it may deem necessary to prepare or have prepared so that such county commission shall have available to it a comprehensive study and report setting forth either or both of the following:

(1) The type and estimate of costs of each water supply system, the purchase or construction of which shall be deemed by it to be desirable and feasible, together with the location thereof, and of each integral part, and also setting forth what water system improvements, if any, it deems necessary to purchase or construct to protect the health of and render fire protection to the inhabitants of the county, together with the location by terminal points and route of each such improvement, a description thereof by its material, nature, character and size and an estimate of the cost of its purchase or construction.

(2) The type of treatment and estimate of cost of each sewage disposal plant or system, the purchase, or construction of which shall be deemed by the county commission to be desirable and feasible, together with the location thereof and of each integral part, and also setting forth what sewer improvements, if any, it deems necessary to purchase or construct to protect the health of the inhabitants of the county, together with the location by terminal points and route of each such improvement, a description thereof by its material, nature, character and size and an estimate of the cost of its purchase or construction.

If such study and report reveals, or if it is a fact that any parcel, plot or area of land proposed to be served by county owned and operated facilities as contemplated by this chapter is being served or there is available to it for service such facilities which are owned and operated by private individuals, copartnerships, corporations or associations, then the county is hereby prohibited from furnishing

the facilities provided by this chapter to such property without the written consent of the owner or owners of such privately-owned facilities.

The obtaining of such surveys, investigations, studies, borings, maps, plans, drawings and estimates is hereby declared to be a county purpose and the costs thereof may be paid out of the general funds of the county.

Upon receipt of such report the county commission may authorize the purchase and/or construction of such facilities as it may deem feasible and practicable.

All public or private property damaged or destroyed in carrying out the powers granted by this chapter shall be restored or repaired and placed in its original condition as nearly as practicable or adequate compensation made therefor out of the funds provided by this chapter.

The state hereby consents to the use of all state lands lying under water which are necessary for the accomplishments or purposes of this chapter.

History.—§4, ch. 29837, 1955.

153.05 Water system improvements and sanitary sewers; special assessments.—

(1) Any county may provide for the construction or reconstruction of a facility and for the levying of special assessments upon benefited property under the provisions of this section. The initial proceeding hereunder shall be the passage at any lawful meeting of the commission of a resolution ordering the construction or reconstruction of such facility under and subject to the provisions of this section, indicating the location by terminal points and route and either giving a description of the improvements by its material, nature, character and size or giving two or more such descriptions with the direction that the material, nature, character and size shall be subsequently determined in conformity with one of such descriptions. Water system improvements or sewer improvements need not be continuous and may be in more than one locality or street. The resolution ordering any such improvement may give any short and convenient designation to each improvement ordered thereby, and the property against which assessments are to be made for the cost of such improvement shall be designated as a district, followed by a letter or number or name to distinguish it from other districts, after which it shall be sufficient to refer to such improvement and property by such designation in all proceedings and assessments, except in the notices provided by subsections (3) and (4) of this section. The boundaries of any district created by authority of this subsection may be coextensive with or wholly within any district which may be created by authority of §153.08; but the boundaries of any district created under this subsection shall not be partly within and partly without any district created under said §153.08.

(2) As soon as may be after the passage of such resolution the engineer for the county

shall prepare in duplicate plans and specifications of each improvement ordered thereby and an estimate of the cost thereof. Such cost may include, in addition to the items of cost set forth in §153.02(8) the cost of re-laying streets and sidewalks necessarily torn up or damaged and shall include the following items of incidental expense: (a) Printing and publishing of notices and proceedings, costs of abstracts of title, and (b) any other expense necessary or proper in conducting the proceedings and work provided for in this section.

If the resolution shall provide alternative descriptions of material, nature, character and size, such estimate shall include an estimate of the cost of the improvement of each such description.

The engineer shall also prepare in duplicate a tentative apportionment of the estimated cost as between the county and each lot or parcel of land subject to special assessment under the resolution, such apportionment to be made in accordance with the provisions of the resolution and the provisions of subsection (6) of this section in relation to apportionment of cost in the preliminary assessment roll. Such tentative apportionment of estimated cost shall not be held to limit or restrict the duties of the engineer in the preparation of such preliminary assessment roll. One of the duplicates of such plans, specifications and estimate and such tentative apportionment shall be filed with the clerk of the circuit court in the county and the other duplicate shall be retained by the engineer in his files, all thereof to remain open to public inspection.

(3) The county commission upon the filing with it of such plans, specifications, estimate and tentative apportionment of cost shall publish once in a newspaper published in the county a notice stating that at a regular meeting of the commission on a certain day and hour, not earlier than ten days from such publication, the commission will hear objections of all interested persons to the confirmation of such resolution, which notice shall state in brief and general terms a description of the proposed improvement with the location thereof and shall also state that plans, specifications, estimate and tentative apportionment of cost thereof are on file in the office of such clerk. The commission shall keep a record in which shall be inscribed, at the request of any person, firm or corporation having or claiming to have an interest in any lot or parcel of land, the name and post-office address of such person, firm or corporation, together with a brief description or designation of such lot or parcel, and it shall be the duty of the commission to mail a copy of such notice to such person, firm or corporation at such address, at least ten days before the time for the hearing as stated in such notice, but the failure of the commission to keep such record or so to inscribe any name or address or to mail any such notice shall not constitute a valid objection to holding the hearing as provided in this section or to any

other action taken under the authority of this section.

(4) At the time named in such notice, or to which an adjournment may be taken by the commission, the commission shall receive any objections of interested persons and may then or thereafter repeal or confirm such resolution with such amendments, if any, as may be desired by the commission and which do not cause any additional property to be specially assessed.

(5) All objections to any such resolution on the ground that it contains items which cannot be properly assessed against property, or that it is, for any default or defect in the passage or character of the resolution or the plans or specifications or estimate, void or voidable in whole or in part, or that it exceeds the power of the commission, shall be made in writing, in person or by attorney, and filed with the commission at or before the time or adjourned time of such hearing. Any objections against the making of any improvement not so made shall be considered as waived, and if an objection shall be made and overruled or shall not be sustained, the confirmation of the resolution shall be the final adjudication of the issues presented unless proper steps shall be taken in a court of competent jurisdiction to secure relief within ten days.

(6) Promptly after the completion of the work, the engineer for the county shall prepare a preliminary assessment roll and file same with the clerk, which roll shall contain the following:

(a) A description of the lots and parcels of land within the district, which shall include all lots and parcels which abut upon the sides of that part of any street in which a water supply system, water system improvement or sanitary sewer, except a curb sewer, is to be constructed or reconstructed, all lots and parcels which abut upon the side or sides of any street in or along which side or sides a sanitary curb sewer shall have been constructed or reconstructed, and all lots and parcels which are served or are to be served by such water supply system, water system improvement or sanitary sewer. Such lots and parcels shall include all property, whether publicly or privately owned. There may also be given, in the discretion of the engineer, the name of the owner of record of each lot or parcel, where practicable, and in all cases there shall be given a statement of the number of feet of property so abutting, which number of feet shall be known as frontage; provided, however, no parcel of land upon which is located an industrial or manufacturing plant discharging industrial wastes into any navigable or nonnavigable waters shall be included in such assessments unless the owners of such industrial or manufacturing plants shall request the board of county commissioners for such inclusion and no such industrial or manufacturing plant shall be entitled to enjoy the benefits of any such water system or sewage disposal system except those so requesting or those which subsequent-

ly agree to pay such amount as the board of county commissioners shall determine, which shall in no event be less than the amount which the industrial or manufacturing plant would have been required to pay had it been included in the assessment roll together with interest thereon at the rate of five per cent per annum.

(b) The total cost of the improvement, and the amount of incidental expense.

(c) An apportionment as between the county and property included in the preliminary assessment roll of the cost of each improvement, including incidental expense, to be computed as follows:

1. To each lot or parcel of land, to the property or curb line of which a water supply lateral or sanitary sewer lateral shall have been laid, shall be apportioned the cost of such lateral or laterals,

2. To abutting property shall be apportioned according to frontage two-thirds or such larger proportion as may be fixed by the resolution ordering the improvement of either the cost of the sewer improvement or the cost of an eight-inch sanitary sewer as estimated by the engineer (whichever be the lesser), not including therein the cost of laterals, pumping station or outlet, and/or the cost of the water system improvement, and

3. To the county shall be apportioned the remaining cost of the water system improvements or sewer improvements; provided, however, that in the case of lots or parcels which abut on more than one street or which have irregular shapes or unusual depths or which are served or are to be served by such sewer improvement although not abutting upon either side of the street in which such improvement is constructed, the apportionment shall be made under such rules and regulations as the commission shall deem to be fair and equitable.

(7) The preliminary roll shall be advisory only and shall be subject to the action of the commission as hereinafter provided. Upon the filing with the commission of the preliminary assessment roll, the commission shall publish once in a newspaper published in the county a notice stating that at a meeting of the commission to be held on a certain day and hour, not less than twelve days from the date of such publication, which meeting may be a regular, adjourned or special meeting, all interested persons may appear and file written objections to the confirmation of such roll. Such notice shall state the class of the improvement and the location thereof by terminal points and route. Such meeting of the commission shall be the first regular meeting following the completion of the notice hereinabove required, unless the commission shall have provided for a special meeting for such purpose.

(8) At the time and place stated in such notice the commission shall meet and receive the objections in writing of all interested persons as stated in such notice. The commission may adjourn the hearing from time to time.

After the completion thereof the commission shall either annul or sustain or modify in whole or in part the prima facie assessment as indicated on such roll, either by confirming the prima facie assessment against any or all lots or parcels described therein, or by cancelling, increasing or reducing the same, according to the special benefits which the commission decides each such lot or parcel has received or will receive on account of such improvement. If any property which may be chargeable under this section shall have been omitted from the preliminary roll or if the prima facie assessment shall not have been made against it, the commission may place on such roll an apportionment to such property. The commission shall not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. Forthwith after such confirmation such assessment roll shall be delivered to the county tax assessor. The assessments so made shall be final and conclusive as to each lot or parcel assessed unless proper steps be taken within ten days in a court of competent jurisdiction to secure relief. If the assessment against any property shall be sustained or reduced or abated by the court, the county tax assessor shall note that fact on the assessment roll opposite the description of the property affected thereby. The amount of the special assessment against any lot or parcel which may be abated by the court, unless the assessment upon the entire district is abated, or the amount by which such assessment is so reduced, may be, by resolution of the commission, made chargeable against the county at large; or, in the discretion of the commission, a new assessment roll may be prepared and confirmed in the manner hereinabove provided for the preparation and confirmation of the original assessment roll.

(9) Any assessment may be paid at the office of the county tax collector within thirty days after the confirmation thereof, without interest. Thereafter all assessments shall be payable in equal annual installments, with interest at six per cent per annum from the expiration of said thirty days in each of the succeeding twenty calendar years at the time or times in each year at which general county taxes are payable; provided, however, that the commission may by resolution fix a shorter period of payment for any assessment; and provided, further, that any assessment may be paid at any time before due, together with interest accrued thereon to the date of payment.

(10) All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the resolution ordering the improvement, of the same nature and to the same extent as the lien for general county taxes falling due in the same year or years in which such assessment or installments thereof fall due, and any assessment or installment not paid when due shall be collectible in the same manner and at the same time as such general taxes

are or may be collectible, with the same attorney's fee, interest and penalties and under the same provisions as to forfeiture and the right of the county to purchase the property assessed as are or may be provided by law in the case of county taxes; provided, however, that no such sale of any property for general county taxes or for an installment or installments of any such assessment and no perfecting of title under any such sale shall divest the lien of any installment of such assessment not due at the time of the sale. Collection of such assessments, with such interest and with a reasonable attorney's fee and costs, but without penalties, may also be made by the county by proceedings in a court of equity to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the state; or by an action in rem in the manner provided by law for the foreclosure and collection of ad valorem taxes; provided that any such proceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall, by virtue of the institution of such proceedings, immediately become and be due and payable. Nevertheless, if, prior to any sale of the property under decree of foreclosure in such proceedings, payment be made of the installment or installments which are shown to be due under the provisions of the resolution passed pursuant to subsection (9) of this section, with interest as required by said subsection and by this subsection (10) and all costs including attorney's fee, such payment shall have the effect of restoring the remaining installments to their original maturities as provided by the resolution passed pursuant to said subsection (9), and the proceedings shall be dismissed. It shall be the duty of the county to enforce the prompt collection of assessments by one or the other of the means herein provided, and such duty may be enforced at the suit of any holder of bonds issued under this chapter in a court of competent jurisdiction by mandamus or other appropriate proceedings or action. Not later than thirty days after the annual sale of property for delinquent taxes of the county, or if such property or taxes are not sold by the county, then within sixty days after such taxes become delinquent, it shall be the duty of the commission to direct the attorney or attorneys whom the commission shall then designate, to institute actions within three months after such direction to enforce the collection of all special assessments for local improvements made under this section and remaining due and unpaid at the time of such direction (unless theretofore sold at tax sale). Such action shall be prosecuted in the manner and under the conditions in and under which mortgages are foreclosed under the laws of the state. It shall be lawful to join in one action the collection of assessments against any or all property assessed by virtue of the same assessment roll unless the court shall deem such joinder prejudicial to the interest of any defendant. The court shall allow a reasonable attorney's

fee for the attorney or attorneys of the county, and the same shall be collectible as a part of or in addition to the costs of the action. At any sale pursuant to decree in any such action, the county may be a purchaser to the same extent as an individual person or corporation, except that the part of the purchase price represented by the assessments sued upon and the interest thereon need not be paid in cash. Property so acquired by a county, including the certificate of sale thereof, may be sold or otherwise disposed of, for cash or upon terms, the proceeds of such disposition to be placed in the fund provided by subsection (11) of this section; provided, however, that no sale or other disposition thereof shall be made unless notice calling for bids therefor to be received at a stated time and place shall have been published in a newspaper published in the county one time at least one week prior to such disposition.

(11) All assessments and charges made under the provisions of this section for the payment of all or any part of the cost of any sewer improvement or improvements for which bonds shall have been issued under the provisions of this chapter, are hereby pledged to the payment of the principal of and the interest on such bonds and shall when collected be placed in a separate fund, properly designated, which fund shall be used for no other purpose than the payment of such principal and interest.

(12) Each school district and other political subdivision wholly or partly within the county and each public agency or instrumentality owning property within the county shall possess the same power and be subject to the same duties and liabilities in respect of assessment under this section affecting the real estate of such county, district, political subdivision, or public agency or instrumentality which private owners of real estate possess or are subject to hereunder, and such real estate shall be subject to liens for said assessments in all cases where the same property would be subject had it at the time the lien attached been owned by a private owner.

153.06 Issuance of bonds.—The county commission is hereby authorized to provide by resolution at one time or from time to time for the issuance of either water revenue bonds, sewer revenue bonds, or general obligation bonds of the county for the purpose of paying all or any part of the cost of any one or more of the following: A water supply system or systems; extensions and additions thereto; water system improvements; a sewage disposal system or systems; extensions and additions thereto; and sewer improvements. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding five per cent per annum, shall mature at such time or times not exceeding fifty years from their date or dates as may be determined by the county commission, and

may be made redeemable before maturity at the option of the county at such price or prices and under such terms and conditions as may be fixed by the county commission prior to the issuance of the bonds. The county commission shall determine the form of the bonds including any interest coupons to be attached thereto, and the manner of the execution of the bonds and shall fix the denomination or denominations of the bonds and place or places of payment of principal or interest which may be at any bank or trust company within or without the state. In case any officer whose signature or facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. Bonds may be issued in coupon or in registered form or both as the county commission may determine and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to bond principal and interest. The issuance of such bonds shall not be subject to any limitations or conditions contained in any other statute and the county commission may sell such bonds in such manner either at public or private sale and for such price as it may determine to be for the best interests of the county, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per cent per annum computed with relation to the absolute maturity of the bonds in accordance with the standard tables of bond values, excluding, however, from such computations the amount of any premium to be paid on redemption of any bonds prior to maturity. Prior to the preparation of definitive bonds, the county may, under like restrictions issue interim receipts or temporary bonds with or without coupons exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The county commission may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued under the provisions of this chapter without obtaining the consent of any commission, board, bureau or agency of the state and without the proceeding or happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this chapter.

The proceeds of such bonds shall be used solely for the payment of costs of the water supply system or systems or the water system improvements or the sewage disposal system or systems or the sewer improvements, for the purchase, construction or reconstruction of

which such bonds shall have been authorized, and shall be disbursed in such manner and under such restrictions, if any, as the county commission may provide in the authorizing resolution. If the proceeds of such bonds, by error of estimates or otherwise shall be less than such costs, additional bonds may in like manner be issued to provide the amount of such deficit and unless otherwise provided in the authorizing resolution shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose. If the proceeds of the bonds of any issue shall exceed the amount required for the purpose for which such bonds shall have been issued, the surplus shall be paid into the fund provided under the provisions of this chapter for the payment of principal of and the interest on such bonds.

History.—§6, ch. 29837, 1955.

153.07 General obligation bonds.—No general obligation bonds shall be issued by the county unless the issuance of such bonds shall be approved by a majority of the votes that are cast in an election in which a majority of the freeholders who are qualified electors residing in the county shall participate. Such election shall be called, noticed and conducted and the result thereof determined and declared in the manner required by law for the issuance of bonds of the county.

For the payment of the principal and the interest on any general obligation bonds of the county issued under the provisions of this chapter the county commission is hereby authorized and required to levy annually a special tax upon all taxable property within the county over and above all other taxes authorized or limited by law sufficient to pay such principal and interest as the same respectively become due and payable, and the proceeds of all such taxes shall when collected be paid into a special fund and used for no other purpose than the payment of such principal and interest; provided, however, that there may be pledged to the payment of such principal and interest the proceeds of such water service charges and/or sewer service charges, and in the event of such pledge the amount of the annual tax levy herein required may be reduced in any year by the amount of such proceeds actually received in the preceding year and then remaining on deposit to the credit of such fund for the payment of such principal and interest, provided, further, no such special taxes shall be levied with respect to any parcel of property and the improvements thereon used for industrial or manufacturing purposes unless such industrial or manufacturing plant is using or shall use and is accepting or shall accept the benefits of any such water system or sewage disposal system.

History.—§7, ch. 29837, 1955.

153.08 Water and sewer district general obligation bonds.—The county commission is here-

by authorized to establish within the county such water and sewer districts as it may deem necessary. For the purpose of providing for and financing the facilities provided for in this chapter, general obligation bonds may be issued covering the facilities located in such district and to be paid by general ad valorem taxes levied in and collected from such district or districts; provided, however, that no such general obligation bonds for such district or districts shall be issued by the county unless the issuance of such bonds shall be approved by a majority of the votes cast in an election in which a majority of the freeholders who are qualified electors residing in such district or districts shall participate. Such election shall be called, noticed and conducted and the result thereof determined and declared in the manner required by law for the issuance of bonds of the county.

For the payment of the principal and the interest thereon on any such general obligation bonds issued for the benefit of such district or districts issued under the provisions of this chapter the county commission is hereby authorized and required to levy annually a special tax upon all taxable property within the said district or districts over and above all other taxes authorized or limited by law sufficient to pay such principal and interest as the same respectively become due and payable, and the proceeds of all such taxes shall when collected be paid into a special fund and used for no other purpose than the payment of such principal and interest; provided, however, that there may be pledged to the payment of such principal and interest the proceeds of such water service charges and/or sewer service charges and in the event of such pledge the amount of the annual tax levied herein required may be reduced in any year by the amount of such proceeds actually received in the preceding year and then remaining on deposit to the credit of such fund for the payment of such principal and interest.

No such special taxes shall be levied with respect to any parcel of property and the improvements thereon used for industrial or manufacturing purpose unless such industrial or manufacturing plant is using or shall use and accepting or shall accept the benefits of any such water system or sewage disposal system.

Revenue bonds as authorized by §153.09 may be issued to finance facilities located in any district created under the authority of this section.

History.—§8, ch. 29837, 1955; §2, ch. 57-323.
cf.—§153.05 Special assessments; water and sewer systems.

153.09 Water revenue bonds and sewer revenue bonds.—Water revenue bonds may be used only in connection with the acquisition, construction or operation of water supply systems or water system improvements, and sewer revenue bonds may be used only in connection with the acquisition, construction and operation of sewage disposal systems and sewer improvements. Water revenue bonds and/or sewer reve-

nue bonds issued under the provisions of this chapter shall not be deemed to constitute a pledge of the faith and credit of the county but such bonds shall be payable solely from the funds provided therefor under the provisions of this chapter. All such bonds shall contain a statement on their face substantially to the effect that the county is not obligated to pay such bonds or the interest thereon except from such funds and that the faith and the credit of the county is not pledged to the payment of the principal of or the interest on such bonds. The issuance of water revenue bonds and/or sewer revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the county to levy any taxes whatever therefor or to make any appropriation for their payment except from the funds pledged under the provisions of this chapter.

The resolution authorizing the issuance of water revenue bonds under the provisions of this chapter shall pledge the revenues to be received but shall not convey or mortgage any water supply system or water system improvements, or any part thereof, and the resolution authorizing the issuance of sewer revenue bonds under the provisions of this chapter shall pledge the revenue to be received but it shall not convey or mortgage any sewage disposal system or sewer improvements or any part thereof and either water revenue bonds or sewer revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bond holders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the county commission in relation to the purchase, construction, reconstruction, improvement, maintenance, operation, repair and insurance of the water supply system or systems and the water system improvements and the sewage disposal system or systems and the sewer improvements and provisions for the custody, and safe-guarding and application of all moneys, and for the employment of consulting engineers in connection with such purchase, construction, reconstruction or operation. Such resolution may set forth the rights and remedies of the bond holders and may restrict the individual right of action by bond holders as is customary in trust agreements or trust indentures securing bonds or debentures of corporations. In addition to the foregoing, such resolution may contain such other provisions as the county commission may deem reasonable and proper for the security of bond holders. Except as in this chapter otherwise provided, the county commission may provide for the payment of the proceeds of the sale of the bonds and revenues of the water supply system or systems and of any water system improvements or of the sewage disposal system or systems and of any sewer improvements to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such

safeguards and restrictions as it may determine.

The resolution providing for the issuance of water revenue bonds and/or sewer revenue bonds may also contain such limitations upon the issuance of additional water revenue bonds and/or sewer revenue bonds as the county commission may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution.

No water revenue bonds or sewer revenue bonds shall be issued under the authority of this chapter unless the county commission shall have theretofore found and determined the estimated cost of the facilities or systems on account of which such bonds are to be issued, the estimated annual revenues of such facilities or systems, and the estimated annual cost of maintaining, repairing and operating such facilities or systems, nor unless it shall appear from such estimate that the annual revenues will be sufficient to pay such cost of maintenance, repair and operation and the interest on such bonds and the principal thereof as such interest and principal shall become due.

If the approval of the issuance of water revenue bonds or sewer revenue bonds at an election of the freeholders who are qualified electors residing in the county shall be required by the constitution of the state, such election shall be called, noticed and conducted and the result thereof determined and declared as shall have been or may be required by law for the issuance of bonds of the county.

History.—§9, ch. 29837, 1955.

153.10 Call for bids.—As soon as practicable after the authorization of bonds under the provisions of this chapter or the appropriation of moneys for the construction of water system improvements or sewer improvements, the commission shall publish once, in a newspaper published in the county, and, if the estimated cost exceeds ten thousand dollars, in a newspaper of general circulation in the state, a notice calling for sealed bids to be received by the commission on a date not earlier than fifteen days from the first publication, for the construction of the work. The notice shall refer in general terms to the extent and nature of the improvement or improvements and may identify the same by the short designation indicated in the initial resolution and by reference to the plans and specifications on file. If the initial resolution shall have given two or more alternative descriptions of the improvement as to its material, nature, character and size, and if the commission shall not have theretofore determined upon a definite description, the notice shall call for bids upon each of such descriptions. Bids may be requested for the work as a whole or for any part thereof separately and bids may be asked for any one or more improvements authorized by the same or different resolutions, but any bid covering work upon more than one improvement shall be in such form as to permit a separation of cost as

to each improvement. The notice shall require bidders to file with their bids either a certified check upon an incorporated bank or trust company for two and one-half per cent of the amount of their respective bids or a bid bond in like amount with corporate surety satisfactory to the attorney for the county to insure the execution of a contract to carry out the work in accordance with such plans and specifications and to insure the filing, at the making of such contract, of a bond in the amount of the contract price with corporate sureties satisfactory to such attorney conditioned for the performance of the work in accordance with such contract. The commission shall have the right to reject any and all bids, and if all bids are rejected the commission may readvertise.

History.—§10, ch. 29837, 1955; §2, ch. 57-774.

153.11 Water service charges and sewer service charges; revenues.—

(1) The county commission shall in the resolution providing for the issuance of either water revenue bonds or sewer revenue bonds, or both, fix the initial schedule of rates, fees and other charges for the use of and for the services furnished or to be furnished by the facilities, to be paid by the owner, tenant or occupant of each lot or parcel of land which may be connected with and use any such facility by or through any part of the water system of the county. After the system or systems shall have been in operation the county commission may revise such schedule of rates, fees and charges from time to time. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times to pay the cost of maintaining, repairing and operating the system or systems including the reserves for such purposes and for replacements and depreciation and necessary extensions, to pay the principal of and the interest on the water revenue bonds and/or sewer revenue bonds as the same shall become due and the reserves therefor, and to provide a margin of safety for making such payments. The county commission shall charge and collect the rates, fees and charges so fixed or revised and such rates, fees and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the county or of the state or of any sanitary district or other political subdivision of the state.

Such rates, fees and charges shall be just and equitable and may be based or computed upon the quantity of water consumed and/or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewer system or upon the number or average number of persons residing or working in or otherwise connected with such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors.

In cases where the amount of water furnished to any building or premises is such that

it imposes an unreasonable burden upon the water supply system an additional charge may be made therefor or the county commission may if it deems advisable compel the owners or occupants of such building or premises to reduce the amount of water consumed thereon in a manner to be specified by the county commission or the county commission may refuse to furnish water to such building or premises.

In cases where the character of the sewage from any manufacturing or industrial plant or any building or premises is such that it imposes an unreasonable burden upon any sewage disposal system, an additional charge may be made therefor, or the county commission may, if it deems it advisable, compel such manufacturing or industrial plant or such building or premises to treat such sewage in such manner as shall be specified by the county commission before discharging such sewage into any sewer lines owned or maintained by the county.

(2) The county commission may charge any owner or occupant of any building or premise receiving the services of the facilities herein provided such initial installation or connection charge or fee as the commission may determine to be just and reasonable.

(3) No rates, fees or charges shall be fixed under the foregoing provisions of this section until after a public hearing at which all of the users of the facilities provided by this chapter and owners, tenants and occupants of property served or to be served thereby and all others interested shall have an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the county commission of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of such public hearing setting forth the schedule or schedules of rates, fees and charges shall be given by one publication in a newspaper published in the county at least ten days before the date fixed in said notice for the hearing, which said hearing may be adjourned from time to time. After such hearing such preliminary schedule or schedules, either as originally adopted or as modified or amended, shall be adopted and put into effect and thereupon the resolution providing for the issuance of water revenue bonds and/or sewer revenue bonds may be finally adopted. A copy of the schedule or schedules of such rates, fees and charges finally fixed in such resolution shall be kept on file in the office of the clerk of the circuit court in the county and shall be open to inspection by all parties interested. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional property thereafter served which fall within the same class without the necessity of any hearing or notice. Any change or revision of any rates, fees or charges may be made in the same manner as such rates, fees or charges were originally established as hereinabove provided, but if such change or revision be made substantially pro rata as to all classes

of service no notice or hearing shall be required.

History.—§11, ch. 29837, 1955.

153.12 Collection of charges.—Upon the construction of a sewage disposal system and the financing of such construction by the issuance of sewer revenue bonds under the provisions of this chapter, the owner, tenant or occupant of each lot or parcel of land within the county which abuts upon a street or other public way containing a sanitary sewer served or which may be served by such disposal system and upon which lot or parcel a building shall have been constructed for residential or commercial use and which lot or parcel shall not already be served by, or have available to it for service, a sanitary sewer, shall, if so required by the rules and regulations of the county commission or by resolution thereof, connect such building with such sanitary sewer and shall cease to use any other method for the disposal of sewage, sewage waste or other polluting matter. All such connections shall be made in accordance with rules and regulations which shall be adopted from time to time by the county commission.

The county commission may provide in the resolution authorizing the issuance of water revenue bonds or sewer revenue bonds under the provisions of this chapter that the charges for the services furnished by any facility constructed or reconstructed by the county under the provisions of this chapter shall be included in single bills to be rendered for all the services furnished to the premises, and that if the amount of such charges so included shall not be paid within thirty days from the rendition of any bill, the county commission shall discontinue furnishing water to such premises and shall disconnect the same from the water supply system of the county. Any such resolution may include any or all of the following provisions, and may permit the county commission to adopt such resolution or take such other lawful action as shall be necessary to effectuate such provisions, and the county commission is hereby authorized to adopt such resolutions and to take such other action:

(1) That the county may require the owner, tenant or occupant of each lot or parcel of land within the county who is obligated to pay the rates, fees or charges for the services furnished by any facility purchased, constructed or reconstructed by the county under the provisions of this chapter to make a reasonable deposit with the county commission in advance to insure the payment of such rates, fees or charges and to be subject to application to and payment thereof if and when delinquent.

(2) That if any rates, fees or charges for the use and services of any sewage disposal system or sewer improvements by or in connection with any premises not served by the water works system of the county shall not be paid within thirty days after the same shall become due and payable, the owner, tenant or occupant of such premises shall cease to dis-

pose of sewage or industrial waste originating from or on said premises by discharge thereof directly or indirectly into the sewer system of the county until such rates, fees or charges with interest, shall be paid; that if such owner, tenant or occupant shall not cease such disposal at the expiration of such thirty-day period it shall be the duty of any district, private corporation, board, body or person supplying water to or selling water for use on such premises to cease supplying water to or selling water for the use on such premises within five days after the receipt of notice of such delinquency from the county; and that if such district, private corporation, board, body or person shall not, at the expiration of such five-day period, cease supplying water to or selling water for use on such premises, then the county may unless it has theretofore contracted to the contrary, shut off the supply of water to such premises.

History.—§12, ch. 29837, 1955.

153.13 Application of revenues.—All revenues derived from any water supply system, water system improvement, sewage disposal system or sewer improvements for either of which a single issue of water revenue bonds or sewer revenue bonds shall be issued, except such part thereof as may be required to pay the cost of maintaining, repairing and operating such system or systems and to provide reserves therefor as may be provided in the resolution authorizing the issuance of such water revenue bonds or sewer revenue bonds, shall be set aside at such regular intervals as may be provided in such resolution and deposited for the credit of the following separate funds for the following purposes:

(1) Sinking fund for the payment of interest on and the principal of such water revenue bonds and/or sewer revenue bonds as the same shall become due, necessary charges of paying agents for paying such interest and principal, and any premium upon bonds retired by call or purchase before their maturity or respective maturities, including the accumulation of reserves for such purposes; and

(2) A fund for anticipated renewals and replacements and extraordinary repairs.

The use and disposition of moneys to the credit of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of the water revenue bonds and/or sewer revenue bonds and, except as may otherwise be provided in such resolution, such sinking fund shall be a fund for the benefit of all bonds without distinction or priority of one over the other.

The county commission shall at the close of each fiscal year make or cause to be made a comprehensive report of its operations of the water supply system or systems and sewage disposal system or systems under its control during the preceding fiscal year, including all matters relating to rates, revenues, expenses for maintenance, repair and operation and of

replacements and extensions, principal and interest retirements and the status of all funds, and there shall be set forth in such report the budget recommended by the commission for the current fiscal year. A copy of such annual report shall be filed with the clerk of the circuit court in the county and shall be open to the inspection of all interested persons. Any surplus of the gross revenues remaining at the end of any fiscal year after making the required deposits for the credit of the separate funds set forth above, and not appropriated in the budget for the then current fiscal year, shall be paid into the sinking fund.

History.—§13, ch. 29837, 1955.

153.14 Trust funds.—All moneys received pursuant to the authority of this chapter shall be deemed to be trust funds, to be held and applied solely as provided in this chapter. The resolution authorizing the issuance of bonds shall provide that any officer to whom, or any bank, trust company or other fiscal agent to which such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this chapter and such resolution may provide.

History.—§14, ch. 29837, 1955.

153.15 Remedies.—Any holder of bonds issued under the provisions of this chapter or any of the coupons appertaining thereto, except to the extent the rights herein given may be restricted by the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, mandamus or other proceeding, protect and enforce any and all rights under the laws of Florida or granted hereunder or under such resolution, and may enforce and compel the performance of all duties required by this chapter or by such resolution to be performed by the county or by the county commission, including the fixing, charging and collecting of rates, fees and charges for services and facilities furnished by the water supply system, water system improvement, sewage disposal system or sewer improvements and the levying and collecting of any special assessments.

History.—§15, ch. 29837, 1955.

153.16 Water revenue refunding bonds.—The county commission is hereby authorized to provide by resolution for the issuance of water revenue refunding bonds of the county for the purpose of refunding any water revenue bonds then outstanding and issued under the provisions of this chapter. The county commission is further authorized to provide by resolution for the issuance of water revenue bonds of the county for the combined purposes of (1) paying the cost of any extension, addition or reconstruction of a water supply system or systems or water system improvements or the cost of a new water supply system or systems or water system improvements; and (2) refunding such water revenue bonds of the county which shall theretofore have been issued un-

der the provisions of this chapter and shall then be outstanding and which then shall have matured or be subject to redemption or can be acquired for retirement. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of holders thereof, and the rights, powers, privileges, duties and obligations of the county or of the county commission with respect to the same shall be governed by the foregoing provisions of this chapter insofar as the same may be applicable.

History.—§16, ch. 29837, 1955.

153.17 Sewer revenue refunding bonds.—The county commission is hereby authorized to provide by resolution for the issuance of sewer revenue refunding bonds of the county for the purpose of refunding any sewer revenue bonds then outstanding and issued under the provisions of this chapter. The county commission is further authorized to provide by resolution for the issuance of sewer revenue bonds of the county for the combined purposes of (1) paying the cost of any extension, addition or reconstruction of a sewage disposal system or systems or sewer improvements or the cost of a new sewage disposal system or systems or sewer improvements; and (2) refunding such sewer revenue bonds of the county which shall theretofore have been issued under the provisions of this chapter and shall then be outstanding and which then shall have matured or be subject to redemption or can be acquired for retirement. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of holders thereof, and the rights, powers, privileges, duties and obligations of the county or of the county commission with respect to the same shall be governed by the foregoing provisions of this chapter insofar as the same may be applicable.

History.—§17, ch. 29837, 1955.

153.18 Exemption of property from taxation.—As proper facilities for the furnishing of water for human consumption and fire protection and proper facilities for the treatment, purification and disposal of sewage are essential for the health of the inhabitants of the county and for its industrial and commercial development, and as the exercise of the powers conferred by this chapter to effect such purposes constitutes the performance of essential county functions, and is hereby declared to be a county purpose, and as the facilities constructed under the provisions of this chapter, constitutes public property and is used for county purposes, the county shall not be required to pay any taxes or assessments upon any such facilities or any part thereof.

History.—§18, ch. 29837, 1955.

153.19 Private water supplies.—No jurisdiction hereunder shall be exercised by the board of county commissioners over any privately owned industrial water supply system or the disposition of industrial or manufacturing wastes nor shall any rule or regulation be adopted or suit instituted or prosecuted hereunder designed or intended to control or regu-

late the same, unless one of the following conditions exists:

(1) That prior to the utilization of any waters for the disposition of industrial or manufacturing waste, such waters were being used as a source of, or as a part of a water supply system under this chapter, or

(2) In the case of an industrial or manufacturing plant that is connected with and using any facility authorized by this chapter; but any such rule, regulation or suit shall be limited to the particular waters or the particular industrial or manufacturing plant affected by one of the above conditions; provided, however, this shall not restrain or prevent the state board of health in anywise from instituting a suit or taking other action in event said plant or manufacturing company shall pollute the waters in the state as defined in §387.08.

History.—§19, ch. 29837, 1955.

cf.—§387.08 Penalty for deposit of deleterious substances in lakes, streams, rivers, ditches, etc.

153.20 Alternative method.—This chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to the powers conferred upon the commission by other laws, and shall not be regarded as in derogation of any powers now existing. This chapter being necessary for the welfare of the inhabitants of the several counties of the state shall be liberally construed to effect the purposes thereof.

This chapter shall not repeal any local or special act or law conferring upon any of the several counties or county commissions the powers and duties or any of them imposed hereby, but it shall be deemed to be an alternative or additional method for such counties or county commissions to effect the purposes of this chapter.

ply problems of state-wide concern, in that many unincorporated areas of the counties of the state are not served by water and sewer facilities normally and generally provided and maintained by the municipalities of the state or their agencies or instrumentalities or by private corporations or persons and are not otherwise adequately provided for; that many of such unincorporated areas are in extreme

need of such sewage disposal and water supply facilities, and that it is the intent and purpose of this law to provide means for the counties of the state to alleviate such conditions in such unincorporated areas.

History.—§2, ch. 59-466.

153.52 Definitions.—As used in this law, the following words and terms shall have the following meanings, unless some other meaning is plainly intended:

(1) "District" shall mean any unincorporated contiguous area comprising part but not all of the area of any county created into and existing as a water and sewer district pursuant and subject to this law, having the rights, powers and privileges granted in this law.

(2) "Board of county commissioners" shall mean the board of county commissioners of the county in which a district created pursuant to this law is located.

(3) "District board" shall mean the board of county commissioners of any county constituting the governing body of any district as provided for in this law, and acting for and on behalf of such district as a body corporate and politic.

(4) "Sewer system" shall mean and shall include any plant, system, facility or property and additions, extensions and improvements thereto at any future time constructed or acquired as part thereof, useful or necessary or having the present capacity for future use in connection with the collection, treatment, purification or disposal of sewage of any nature or originating from any source, including industrial wastes resulting from any processes of industry, manufacture, trade or business or from the development of any natural resources; and without limiting the generality of the foregoing definition shall embrace treatment plants, pumping stations, lift stations, valves, force mains, intercepting sewers, laterals, pressure lines, mains and all necessary appurtenances and equipment, all sewer mains and laterals for the reception and collection of sewage from premises connected therewith, and shall include all real and personal property and any interest therein, rights, easements and franchises of any nature whatsoever relating to any such system and necessary or convenient for the operation thereof.

(5) "Water system" shall mean and include any plant, system, facility or property and additions, extensions and improvements thereto at any future time constructed or acquired as part thereof, useful or necessary or having the present capacity for future use in connection with the development of sources, treatment or purification and distribution of water for domestic or industrial use and, without limiting the generality of the foregoing, shall include dams, reservoirs, storage tanks, mains, lines, valves, pumping stations, laterals, and pipes for the purpose of carrying water to the premises connected with such system and shall include all real and personal property and any interests therein, rights,

easements and franchises of any nature whatsoever relating to any such system and necessary or convenient for the operation thereof.

(6) "Cost" as applied to the acquisition and construction of a water system or a sewer system or extensions, additions or improvements thereto shall include the cost of construction or reconstruction, acquisition or purchase, the cost of all labor, materials, machinery and equipment, cost of all lands and interest therein, property, rights, easements and franchises of any nature whatsoever, financing charges, interest prior to and during construction and for not more than two years after completion of the construction or acquisition of such water system or sewer system or extensions, additions or improvements thereto, the creation of initial reserve or debt service funds, bond discount, cost of plans and specifications, surveys and estimates of costs and revenues, cost of engineering, financial and legal services, and all other expenses necessary or incidental in determining the feasibility or practicability of such construction, reconstruction or acquisition, administrative expenses and such other expenses as may be necessary or incidental to financing authorized by this law, and including reimbursement of the county or any other person, firm or corporation for any moneys advanced to a district for any expenses incurred by a district or county in connection with any of the foregoing items of cost, or the creation of such district.

(7) "Assessable improvements" shall mean that portion or portions of a sewer system or a water system of a local nature and of benefit to the premises or lands served thereby and particularly, without limiting the generality of the foregoing, with reference to a sewer system, shall include, without being limited to, laterals and mains for the collection and reception of sewage from premises connected therewith, local or auxiliary pumping or lift stations, treatment plants or disposal plants, and other appurtenant facilities and equipment for the collection, treatment and disposal of sewage; and with reference to a water system shall include such mains and laterals and other distribution facilities, pumping stations, and sources of supply as are of benefit to the property served by such water system together with incidental equipment and appurtenances necessary therefor.

(8) "District clerk" shall mean the clerk of the circuit court and ex officio clerk of the board of county commissioners in and for any county having or establishing a district pursuant to this law, who shall be clerk and treasurer of the district.

(9) "Revenue bonds" shall mean bonds or other obligations secured by and payable from the revenues derived from rates, fees and charges collected by a district from the users of the facilities of any water system or sewer system, or both, and which may be additionally secured by a pledge of the proceeds of special assessments levied against benefited

property or by a pledge of the full faith and credit of the district, or both.

(10) "General obligation bonds" shall mean bonds or other obligations secured by the full faith and credit and taxing power of the district and payable from ad valorem taxes levied and collected on all taxable property in the district, without limitation of rate or amount, and may be additionally secured by the pledge of either or both the proceeds of special assessments levied against benefited property, or revenues derived from said water system or sewer system, or both.

(11) "Assessment bonds" shall mean bonds or other obligations secured by and payable from special assessments levied against benefited lands, and which may be additionally secured by a pledge of the full faith and credit of the district.

History.—§3, ch. 59-466.

153.53 Establishment of districts in unincorporated areas.—Subject to this law the board of county commissioners of any county may establish one or more districts as it shall in its discretion determine to be necessary in the public interest, provided that any such district shall consist of only unincorporated contiguous areas of such county comprising part but not all of the areas of such county. As used herein, "unincorporated areas" shall mean all lands outside of the incorporated boundaries of towns, cities, or other municipalities of the state whether existing under the general law or special act and shall include any lands, areas or property within the district of any special tax district, school district or any other public corporations or bodies politic of any nature whatsoever, except municipalities.

History.—§4, ch. 59-466.

153.54 Same; petition for; report by county commissioners.—Upon receipt of a petition duly signed by not less than twenty-five qualified electors who are also freeholders residing within an area proposed to be incorporated into a water and sewer district pursuant to this law and describing in general terms the proposed boundaries of such proposed district, the board of county commissioners if it shall deem it necessary and advisable to create and establish such proposed district for the purpose of constructing, establishing or acquiring a water system or a sewer system or both in and for such district (herein called "improvements"), shall first cause a preliminary report to be made which such report together with any other relevant or pertinent matters, shall include at least the following:

(1) A general description of the proposed improvements to be made in such district.

(2) A general estimate of the cost of the proposed improvements;

(3) The present condition of water and sewer facilities in the area comprising such proposed district;

(4) Findings with respect to the necessity or reasonableness of the inclusion of lands proposed to be included within the district

with reference to the benefits to be derived or able to be derived by such included lands from such proposed improvements, and the necessity or reasonableness of the exclusion of lands adjacent to or within such proposed district with reference to such benefits.

Such report shall be filed in the office of the clerk of the circuit court and shall be open for the inspection of any taxpayer, property owner, qualified elector or any other interested or affected person.

History.—§5, ch. 59-466.

153.55 Same; public hearing; findings of commission.—Upon submission of any such report the board of county commissioners shall hold a public hearing upon such report and the question of the creation of such district, giving at least twenty days' notice of such hearing by advertisement in a newspaper published in the county and circulating in the area of the proposed district or by posting as provided in §153.56 if no such newspaper be published. At such hearing any taxpayer, property owner, qualified elector or other interested or affected person may make written objections to the creation of such proposed district or the exclusion of any lands therefrom, or the inclusion of any lands therein, the desirability or the feasibility of such proposed improvements or to any other matter, which objections, if any, together with any evidence submitted therewith shall be given full and open consideration by the board of county commissioners. If upon due consideration of such preliminary report, any such objections and any other pertinent matters, such board of county commissioners shall be satisfied that the construction and acquisition of said improvements is feasible and desirable and of benefit to all the lands included in such proposed district or that certain lands shall be included or excluded, and that the creation of said district is necessary in the public interest, it shall so determine and record such findings and determination, together with an accurate description of the proposed boundaries of the proposed district and the proposed corporate name of such district, by resolution duly adopted. If the board of county commissioners shall after such hearing deem the creation of such proposed district inadvisable and not in the public interest, it shall make such a finding and determination and no further proceedings shall be taken for the creation of the proposed district under such petition; provided, however, that such finding and determination shall not be deemed to bar the creation of any proposed district at any future time in the manner provided in this law upon the filing of a new petition therefor as provided in this law.

History.—§6, ch. 59-466.

153.56 Call election to determine creation of district, issuance of bonds.—If the board of county commissioners shall deem that the creation of the proposed district is necessary in

the public interest as provided in §153.55, it shall call an election for the purpose of submitting to the qualified electors residing in said proposed district the question of the creation and establishment of said district and may also submit at a separate election to be held at the same time, to the qualified electors who are freeholders residing in such district, the question of the issuance of general obligation bonds of said district to pay all or part of the cost of the proposed improvements. Said election shall be held not less than thirty days from the date of the first publication or posting of the notice thereof and such notice shall be published once a week for four successive weeks in a newspaper published in the county and circulating in the area of the proposed district, and if no such newspaper be published in the county and circulating in the district, such notice shall be posted in at least ten different public places within the district. Except as otherwise provided in this law, said election shall be held and conducted pursuant to the general laws of the state applicable thereto, provided, that if the question of the issuance of general obligation bonds is to be voted upon, the election thereon shall conform to the applicable provisions of the constitution and statutes of Florida relating to freeholder elections. Said call for election of the qualified electors and notice thereof shall include a description of the proposed boundaries of said district, which need not be by metes and bounds but shall be in such detail as to give a reasonable and accurate description thereof and shall further specifically recite that said district, if created, shall be authorized:

(1) To construct or acquire a sewer system or water system or both for said district and any improvements, additions and extensions thereto and to have exclusive control and jurisdiction thereof;

(2) To finance the cost of such construction or acquisition of such improvements by the issuance of either its revenue bonds, general obligation bonds or assessment bonds, as defined in this law, or any combination thereof;

(3) Said notice shall further expressly state that such district, if created and established, shall constitute a special tax district, all the property within which shall be subject to the levy of ad valorem taxes without limitation of rate or amount to secure payment of any of its general obligations, and for the maintenance of such district within the limitations of this law.

The notice of the separate election of the qualified freeholder electors, if held at the same time, shall be in substantially the form provided in the applicable statutes of Florida relating to freeholder elections.

Such elections may be held at any time, including the dates upon which general or primary elections are held in such county.

History.—§7, ch. 59-466.

153.57 Ballots and election officials.—The inspectors and clerks for said election or elec-

tions shall be appointed by and the ballots to be voted shall be prepared and furnished by the board of county commissioners, which shall designate the polling place or places at which such election or elections shall be held. The inspectors and clerks shall make returns to the board of county commissioners.

History.—§8, ch. 59-466.

153.58 Election results; resolution of commission; publication of notice of estoppel.—

(1) Immediately after any such election or elections the board of county commissioners shall hold a meeting and shall canvass the votes cast at said election or elections and declare the results thereof by resolution.

If a majority of the qualified electors who vote in said election on the creation of such district shall vote in favor of creation of said district the board of county commissioners shall by resolution declare the district duly created, and forthwith cause an estoppel notice to be published one time in a newspaper published in the county and circulating in the district, or if there be no such newspaper, posted in at least ten public places in the district. Said notice shall recite the due creation of said district pursuant to this law and the affirmative vote of the majority of the qualified electors voting thereon at said election duly called and held; and shall further recite the substance of the provisions of said notice of election set forth in §153.56 and that all of the proceedings had and actions taken in the creation of said district, the holding of said election and an accurate description of said district are on file in the office of the clerk of the circuit court open to public inspection, and shall state that any action or proceeding of any kind or nature questioning the validity of the creation and establishment of said district, including but not limited to, the exclusion or inclusion of lands therein, or other pertinent matters, shall be commenced within twenty days after the first publication of such notice in the circuit court in and for the county. If no such action or proceeding shall be commenced or instituted within twenty days after the first publication or posting of such notice, then all taxpayers, property owners or persons residing within said district or any other interested parties, public, private or corporate within the county and all the persons whatsoever shall be forever barred and foreclosed from instituting or commencing any action or proceedings which question the validity of the creation and establishment of said district and the boundaries thereof.

If a majority of the qualified freeholder electors residing in the district shall participate in the separate freeholder election on the question of the issuance of general obligation bonds, in the event a separate freeholders election is held at the same time as the election on the creation of the district, and a majority of such qualified freeholder electors shall vote in favor of the issuance of such general obligation bonds then such general obligation bonds

shall be deemed approved, but shall not be issued unless the district shall be duly created at the election of the qualified electors referred to above.

(2) If the qualified electors who vote in said election on the creation of such district shall vote against the creation of such proposed district, a new petition pertaining to any part of the same area just considered by the board of county commissioners shall not be acted upon by the board of county commissioners until after the expiration of nine months from the date of the election defeating the creation of said proposed district, even though such new petition shall have been filed by petitioners other than those who originally filed the petition just acted upon by the board of county commissioners, unless twenty-five per cent of the qualified electors of the area petition to have an election.

History.—§9, ch. 59-466; (2)n. §1, ch. 63-94.

153.59 Circuit court, jurisdiction.—The circuit court in and for any county so establishing a district is vested with jurisdiction in any such proceedings or suits affecting the creation of such districts and all matters pertinent thereto and shall give preference and priority to any such actions or proceedings pending in such court subject to existing statutes.

History.—§10, ch. 59-466.

153.60 County commissioners ex-officio governing board.—The board of county commissioners of the county in which any such district is created shall be the ex-officio governing board of such district. Such district shall be a body corporate and politic, exercising essential governmental functions and shall have the power to sue and be sued; to contract; to adopt and use a common seal and alter the same at pleasure; to purchase, hold, lease or otherwise acquire and convey such real property and personal property and interests therein as may be necessary or proper to carry out the purposes of this law. The clerk of the circuit court shall be ex-officio the clerk and treasurer of the district, and the county tax collector shall be ex-officio the tax collector of the district.

History.—§11, ch. 59-466.

153.61 Expenses of election, etc.—The preliminary expenses for the creation and incorporation of any such district, including election expenses, expenses for legal, financial or other services in connection with the preliminary report undertaken pursuant to §153.54, shall be payable out of general county funds, but shall be a reimbursable expense to be paid from the proceeds of any bonds or other obligations issued by said district to accomplish the purposes of this law.

History.—§12, ch. 59-466.

153.62 District board; powers.—The district board for and on behalf of any district created hereunder in addition to and supplementing other powers granted in this law, is authorized and empowered:

(1) To make rules and regulations for its own government and proceedings and to adopt an official seal for the district;

(2) To employ engineers, attorneys, accountants, financial or other experts and such other agents and employees as said district board may require or deem necessary to effectuate the purposes of this law, or to contract for any of such services;

(3) To construct, install, erect, acquire and to operate, maintain, improve, extend, or enlarge and reconstruct a water system or a sewer system or both within said district and the environs thereof and to have the exclusive control and jurisdiction thereof; to issue its general obligation bonds, revenue bonds or assessment bonds, or any combination of the foregoing, to pay all or part of the cost of such construction, reconstruction, erection, acquisition or installation of such water system, sewer system or both; provided that the total amount of all general obligation indebtedness of the district issued pursuant to this law shall not exceed fifteen per cent of the assessed value of the taxable property in the district at the time of the creation of such district, to be ascertained by the assessed valuations for county taxes in effect at the time of the creation of such district.

(4) To levy and assess ad valorem taxes without limitation of rate or amount on all taxable property within said district for the purpose of paying principal of and interest on any general obligation bonds which may be issued for the purposes of this law, not in excess of the total amount of such general obligation bonds provided for in subsection (3).

(5) To regulate the use of sewers and the supply of water within the district and to prohibit the use and maintenance of outhouses, privies, septic tanks or other unsanitary structures or appliances;

(6) To fix and collect rates, fees and other charges to persons or property or both for the use of the facilities and services provided by any water system or sewer system or both and to fix and collect charges for making connections with any such water system or sewer system and to provide for reasonable penalties on any users or property for any such rates, fees or charges that are delinquent;

(7) To acquire in the name of the district by purchase, gift or the exercise of the right of eminent domain, such lands and rights and interest therein, including lands under water and riparian rights and to acquire such personal property as it may deem necessary in connection with the construction, reconstruction, improvement, extension, installation, erection or operation and maintenance of any water system or sewer system or both and to hold and dispose of all real and personal property under its control; provided, however nothing herein contained shall authorize the power of eminent domain to be exercised beyond the limits of the district.

(8) To exercise exclusive jurisdiction, control and supervision over any water system or sewer system or both, or any part thereof owned, operated and maintained by the district and to make and enforce such rules and regulations for the maintenance and operation of any water system or sewer system or both as may be, in the judgment of the district board, necessary or desirable for the efficient operation of any such systems or improvements in accomplishing the purposes of this law;

(9) To restrain, enjoin or otherwise prevent the violation of this law or of any resolution, rule or regulation adopted pursuant to the powers granted by this law;

(10) To join with any other district or districts, cities, towns, counties or other political subdivisions, public agencies or authorities in the exercise of common powers;

(11) To contract with municipalities or other private or public corporations or persons to provide or receive a water supply or for sewage disposal, collection or treatment;

(12) To prescribe methods of pretreatment of industrial wastes not amenable to treatment with domestic sewage before accepting such wastes for treatment and to refuse to accept such industrial wastes when not sufficiently pretreated as may be prescribed, and by proper resolution to prescribe penalties for the refusal of any person or corporation to so pretreat such industrial wastes;

(13) To require and enforce the use of its facilities whenever and wherever they are accessible;

(14) To sell or otherwise dispose of the effluent, sludge or other byproducts as a result of sewage treatment;

(15) To accomplish construction by holding hearings, advertising for construction bids, and letting contracts for all or any part or parts of the construction of any water system or sewer system or both, to the lowest responsible bidder or bidders or rejecting any and all bids at its discretion, provided that the district may purchase supplies, material and equipment as well as expend for construction work in an amount not to exceed one thousand dollars total cost of each transaction without advertising or receiving bids;

(16) To construct and operate connecting, intercepting or outlet sewers and sewer mains and pipes and water mains, conduits or pipe lines in, along or under any streets, alleys, highways or other public places or ways within the state or any municipality or political subdivision necessary for the purposes of the district;

(17) Subject to such provisions and restrictions as may be set forth in the resolution authorizing or securing any bonds or other obligations issued under the provisions of this law, to enter into contracts with the government of the United States or any agency or instrumentality thereof, or with any county, municipality, district, authority or political sub-

division, private corporation, partnership, association or individual providing for or relating to the treatment, collection and disposal of sewage, or the treatment, supply and distribution of water and any other matters relevant thereto or otherwise necessary to effect the purposes of this law, and to receive and accept from any federal agency, grants or loans for or in aid of the planning, construction, reconstruction or financing of any water system or sewer system or both and to receive and accept aid or contributions or loans from any other source of either money, property, labor or other things of value, to be held, used and applied only for the purpose for which such grants, contributions or loans may be made.

History.—§13, ch. 59-466.

153.63 Revenue bonds; issuance, etc.—The district board for and on behalf of any district is authorized to provide from time to time for the issuance of revenue bonds to pay all or part of the cost of a water system or sewer system, or both, or any additions, extensions or improvements thereto. The principal of and interest on any such bonds shall be payable from the rates, fees, charges or other revenues derived from the operation of any such system or systems in the manner provided in this law and the resolution authorizing such revenue bonds and pledging such revenues. Such revenue bonds may also be additionally secured by the pledge of special assessments levied pursuant to this law, or by a pledge of the full faith and credit of said district. The revenue bonds of each issue shall be dated, shall bear interest at such rate or rates as shall not exceed six per cent per annum, shall mature at such time or times not exceeding forty years from their date or dates as may be determined by the district board and may be made redeemable before maturity, at the option of the district board, under such terms and conditions and at such prices as may be fixed by the district board prior to the issuance of such bonds. The district board shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. Such authorizing resolution may further provide that such bonds may be executed manually or by the engraved, lithographed or facsimile signature of the chairman of the district board. The seal of the district may be affixed or lithographed, engraved or otherwise reproduced in facsimile on such bonds and shall be attested by the manual or facsimile signature of the district clerk; provided, however, that the signature of at least one of the officials executing such revenue bonds shall be a manual signature. In case any officer whose signature or a facsimile of whose signature shall appear on the bonds shall cease to be such officer before the delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all

purposes the same as if he had remained in office until such delivery. All revenue bonds issued under the provisions of this law shall be and constitute and have all the qualities and incidents of negotiable instruments under the law merchant and the negotiable instruments law of the state. The bonds may be issued in coupon or registered form as the district board may determine in such authorizing resolution and provision may be made for the registration of any coupon bonds as to principal alone and also as to principal and interest, and for the reconversion of coupon bonds or of any bond registered as to principal and interest. The issuance of such bonds shall not be subject to any limitations or conditions contained in any other law and the district board may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the district, but no such sale shall be made at a price so low as to require the payment of interest on money received therefor at a rate in excess of six per cent per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid for the redemption of any bonds prior to maturity.

The proceeds of the sale of any such bonds shall be used solely for the payment of the costs of the construction or acquisition of any water system or sewer system or both or the reconstruction or construction or acquisition of extensions, improvements and additions thereto, and shall be disbursed in such manner and under such restrictions, as the district board may provide in the authorizing resolution. Prior to the preparation or issuance of definitive revenue bonds, the district board may, under like restrictions, issue interim receipts or temporary notes or other form of such temporary obligations without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The district board may also provide for the replacement of any bonds which shall have become mutilated and be destroyed or lost upon proper indemnification. Revenue bonds may be issued under the provisions of this law without obtaining the consent of any commission, board, bureau or agency of the state, and without any other proceeding or happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this law.

A resolution providing for the issuance of revenue bonds may also contain such limitations upon the issuance of additional revenue bonds secured on a parity with the bonds theretofore issued, as the district board may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such authorizing resolution.

Revenue bonds shall not be deemed to constitute an indebtedness of the district, and

shall not be included in the amount of general obligation bonds which the district is authorized to issue under any other provision of this law, unless the full faith and credit of the district is pledged as additional security for such revenue bonds.

History.—§14, ch. 59-446.

153.64 Schedule of rates and fees. — The district board shall fix the initial schedule of rates, fees or other charges for the use of and the services and facilities to be furnished by any such water system or sewer system to be paid by the owner, tenant or occupant of each lot or parcel of land which may be connected with or used by any such system or systems of the district. After the system or systems shall have been in operation the district board may revise the schedule of rates, fees and charges from time to time; provided, however, that such rates, fees and charges shall be so fixed and revised so as to provide some, which, with other funds available for such purposes, shall be sufficient at all times to pay the expenses of operating and maintaining such water system or sewer system or both, including reserves for such purposes, the principal of and interest on revenue bonds as the same shall become due and reserves therefor, and to provide a margin of safety over and above the total amount of any such payments, and to comply fully with any covenants contained in the proceedings authorizing the issuance of any bonds or other obligations of the district. The district shall charge and collect such rates, fees and charges so fixed or revised, and such rates, fees and charges shall not be subject to the supervision or regulation by any other commission, board, bureau, agency or other political subdivision or agency of the county or state.

Such rates, fees and charges shall be just and equitable and uniform for users of the same class and where appropriate may be based or computed either upon the quantity of water consumed or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises or upon the number or average number of persons residing or working in or otherwise using or occupying such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors as may be determined by the district board on any other equitable basis.

No rates, fees or charges shall be fixed under the foregoing provisions of this section until after a public hearing at which all the users of the proposed sewer system or water system, or both, or owners, tenants or occupants served or to be served thereby and all others interested shall have an opportunity to be heard concerning the proposed rates, fees and charges. Notice of such public hearing setting forth the proposed schedule or schedules of rates, fees and charges shall be given by one publication in a newspaper published in the county and circulating in the district at least ten days before the date fixed in such notice for the

hearing, which may be adjourned from time to time. If there be no such newspaper published in the county and circulating in the district the notice of such rate hearing shall be posted as provided for in §153.56 regarding the posting of the notice calling the election creating the district. After such hearing such schedule or schedules, either as initially adopted, or as modified or amended, may be finally adopted. A copy of the schedule or schedules of such rates, fees or charges finally adopted shall be kept on file in the office of the district clerk and shall be open at all times to public inspection. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional users or properties thereafter served which shall fall in the same class, without the necessity of any hearing or notice. Any change or revision of such rates, fees or charges may be made in the same manner as such rates, fees or charges were originally established as hereinabove provided; provided however, that if such changes or revisions be made substantially pro rata as to all classes of service no hearing or notice shall be required.

History.—§15, ch. 59-466.

153.65 Trust funds; trustees.—The proceeds of all bonds or other obligations issued under this law and all revenues derived from the operation of any water system or sewer system for the payment of all or part of the cost of which any bonds or other obligations authorized by this law have been issued shall be and constitute trust funds, and shall be used and applied only in accordance with the proceedings authorizing the issuance of any revenue bonds, general obligation bonds or other obligations issued pursuant to this law, and the district may appoint trustees, within or without the state, under trust agreements or indentures to hold and administer the proceeds of any such bonds or other obligations or any such revenues.

History.—§16, ch. 59-466.

153.66 Covenants of district board with bond holders.—In addition to the other provisions and requirements of this law any resolution authorizing the issuance of revenue bonds, general obligation bonds, assessment bonds or any other obligations issued hereunder, may contain provisions and the district board is authorized to provide and may covenant and agree with the several holders of such bonds as to:

- (1) Reasonable deposits with the district in advance to insure the payment of rates, fees or charges for the facilities of the system;
- (2) The discontinuance of the services and facilities of any water system or sewer system, or both, for delinquent payments for either water services or sewer services, and the terms and conditions of the restoration of such service;
- (3) Contracts with private or public owners of a water system or sewer system not owned

and operated by the district for the discontinuance of service to any users of the water system or sewer system, as the case may be, owned and operated by the district;

(4) Limitations on the powers of the district to construct, acquire or operate, or permit the construction, acquisition or operation of any plants, structures, facilities or properties which may compete or tend to compete with any water system or sewer system;

(5) The manner and method of paying service charges and fees and the levying of penalties for delinquent payments;

(6) Subject to this law the manner and order of priority of the disposition of revenues or redemption of any bonds or other obligations;

(7) Terms and conditions for modification or amendment of any provisions or covenants in any such proceedings authorizing the issuance of bonds or other obligations;

(8) Provisions for and limitations on the appointment of a trustee for bondholders for any water system or sewer system;

(9) Provisions as to the appointment of a receiver of any sewer system or water system or both, on default of principal or interest on any such bonds or other obligations or the breach of any covenant or condition of such authorizing proceedings or the provisions and requirements of this law;

(10) Provisions as to the execution and entering into of trust agreements regarding the holding and disposition of revenues derived from such systems and the proceeds of bonds issued for the cost of acquisition or construction or improvement of a water system or sewer system or both, or for any other purposes necessary to secure any such revenue bonds;

(11) Provisions as to the maintenance of any such systems and reasonable insurance thereof;

(12) Any other matters necessary to secure such bonds and the payment of the principal and interest thereof.

All such provisions of the bond proceedings and all such covenants and agreements in addition to the other provisions and requirements of this law shall constitute valid and legally binding contracts between the district and several holders of any such bonds and shall be enforceable by any such holder or holders by mandamus or other appropriate action, suit or proceeding in law or in equity in any court of competent jurisdiction.

History.—§17, ch. 59-466.

153.67 Unpaid fees to constitute lien.—In the event that the fees, rates or charges for the services and facilities of any water or sewer system shall not be paid as and when due, any unpaid balance thereof and all interest accruing thereon shall be a lien on any parcel or property affected thereby. Such liens shall be superior and paramount to the interest on such parcel or property of any owner, lessee, tenant, mortgagee or other person except the lien of county taxes and shall be on a parity with the lien of any such county taxes. In the event that

any such service charge shall not be paid as and when due and shall be in default for thirty days or more the unpaid balance thereof and all interest accrued thereon, together with attorneys fees and costs, may be recovered by the district in a civil action, and any such lien and accrued interest may be foreclosed or otherwise enforced by the district by action or suit in equity as for the foreclosure of a mortgage on real property.

History.—§18, ch. 59-466.

153.68 General obligation bonds, election; issuance, tax levy.—The district board is hereby authorized to provide by resolution from time to time for the issuance of general obligation bonds pledging the full faith and credit of the district for the payment thereof, for the purpose of paying all or part of the cost of the acquisition or construction or improvement of a water system or a sewer system or both, provided however, that the issuance of such bonds, or of any revenue bonds, assessment bonds or other obligations for which the full faith and credit of the district shall have been pledged as additional security shall have been approved at an election of the qualified electors who are freeholders residing in said district, such election to be called, noticed and conducted in the manner provided in the constitution and statutes of Florida for freeholder elections. For the payment of the principal of and the interest on any general obligation bonds of the district issued under the provisions of this law, the district board is hereby authorized and required and in such resolution authorizing the issuance of general obligation bonds shall authorize and require the levy annually of a special tax upon all taxable property within the district over and above all other taxes authorized or permitted by law sufficient to pay such principal and interest as the same shall become due and payable, and the proceeds of all such taxes, when collected, shall be paid into a special fund and used for no other purposes than the payment of such principal and interest, or reserves therefor; provided however, that there may be pledged as additional security for the payment of such principal and interest the proceeds of such rates, fees and charges made for the services and facilities of any such water system or sewer system or both, or the proceeds of special assessments levied to finance the cost of assessable improvements, or both, and in the event of such pledge or pledges the amount of the annual tax herein required may be reduced in any year subject to and in accordance with the proceedings authorizing the issuance of such general obligation bonds.

In the event the full faith and credit of the district is pledged as additional security for the payment of any revenue bonds or assessment bonds issued hereunder, the district board shall in the manner set out above for general obligation bonds provide for and authorize the levy of a special tax annually on all taxable

property in the district sufficient in amount to comply with the proceedings authorizing such revenue bonds or assessment bonds for which the full faith and credit of the district is pledged as additional security.

History.—§19, ch. 59-466.

153.69 County tax assessor ex-officio tax assessor for district.—The amount of any such annual taxes so levied for general obligation bonds or as additional security for revenue bonds or assessment bonds shall be certified by the district board to the tax assessor of the county who shall be ex-officio tax assessor for the district and such taxes shall be levied and collected in the same manner as other general county taxes.

History.—§20, ch. 59-466.

153.70 Provisions of §153.63 applicable to general obligation bonds.—Any general obligation bonds shall be authorized by resolution of the district board and the provisions of §153.63 relative to maturities, execution, rate or rates of interest, redemption prior to maturity, registration, method of sale, and all other matters in said §153.63 not inconsistent with the other provisions in this law relating to general obligation bonds, shall apply to any general obligation bonds issued hereunder.

History.—§21, ch. 59-466.

153.71 Publication of notice of issuance of bonds.—Prior to the issuance of any revenue bonds, general obligation bonds, assessment bonds or other obligations, the district board may, in its discretion, publish a notice at least once in a newspaper published in the county and circulating in the district, or posted in the manner provided in §153.56 if there be no such newspaper, stating the date of adoption of the resolution authorizing such obligations, and the amount, maximum rate of interest and maturity of such obligations and the purpose in general terms for which such obligations are to be issued, and further stating that any action or proceedings authorizing the issuance thereof, or of any covenants made therein, must be instituted within twenty days after the first publication of such notice, or the validity of such obligations or proceedings or covenants shall not be thereafter questioned in any court whatsoever. If no such action or proceeding is so instituted within such twenty-day period then the validity of such obligations, proceedings and covenants shall be conclusive, and all persons or parties whatsoever shall be forever barred from questioning the validity of such obligations, proceedings or covenants in any court whatsoever.

History.—§22, ch. 59-466.

153.72 Bonds; qualities of negotiable instruments; rights of holders.—All revenue bonds, general obligation bonds or assessment bonds issued hereunder shall be and constitute, and have all the qualities and incidents of negotiable instruments under the law merchant and the negotiable instruments law of Florida, and

shall not be invalid for any irregularity or defect in the proceedings for the issuance and sale thereof and shall be incontestable in the hands of bona fide purchasers for value. No proceedings in respect to the issuance of such bonds shall be necessary except such as are required by this law. The provisions of this law shall constitute an irrevocable contract between said district and the holders of any such bonds or coupons thereof issued pursuant to the provisions hereof. Any holder of such bonds may either at law or in equity, by suit, action or mandamus, enforce and compel the performance of the duties required by this law or of any of the officers or persons herein mentioned in relation to said bonds, or the levy, assessment, collection and enforcement and application of the taxes, revenues, assessments or other funds pledged for the payment of the principal and interest thereof.

History.—§23, ch. 59-466.

153.73 Assessable improvements; levy and payment of special assessments.—Any district may provide for the construction or reconstruction of assessable improvements as defined in §153.52, and for the levying of special assessments upon benefited property for the payment thereof, under the provisions of this section.

(1) The initial proceeding under this section shall be the passage by the district board of a resolution ordering the construction or reconstruction of such assessable improvements, indicating the location by terminal points and routes and either giving a description of the improvements by its material, nature, character and size or giving two or more descriptions with the directions that the material, nature, character and size shall be subsequently determined in conformity with one of such descriptions. Sewer or water improvements need not be continuous and may be in more than one locality or street. The resolution ordering any such improvement may give any short and convenient designation to each improvement ordered thereby, and the property against which assessments are to be made for the cost of such improvement may be designated as an assessment district, followed by a letter or number or name to distinguish it from other assessment districts, after which it shall be sufficient to refer to such improvement and property by such designation in all proceedings and assessments, except in the notices required by this section.

(2) As soon as possible after the passage of such resolution the engineer for the district shall prepare in duplicate plans and specifications for each improvement ordered thereby and an estimate of the cost thereof. Such cost shall include, in addition to the items of cost as defined in this law, the cost of relaying streets and sidewalks necessarily torn up or damaged and the following items of incidental expenses:

(a) Printing and publishing notices and proceedings.

(b) Costs of abstracts of title, and

(c) Any other expense necessary or proper in conducting the proceedings and work provided for in this section, including the estimated amount of discount, if any, upon the sale of assessment bonds or any other obligations issued hereunder for which such special assessments are to be pledged. If the resolution shall provide alternative descriptions of material, nature, character and size, such estimate shall include an estimate of the cost of the improvement of each such description.

The engineer shall also prepare in duplicate a tentative apportionment of the estimated total cost of the improvement as between the district and each lot or parcel of land subject to special assessment under the resolution, such apportionment to be made in accordance with the provisions of the resolution and in relation to apportionment of cost provided herein for the preliminary assessment roll. Such tentative apportionment of total estimated cost shall not be held to limit or restrict the duties of the engineer in the preparation of such preliminary assessment roll. One of the duplicates of such plans, specifications and estimates and such tentative apportionment shall be filed with the district clerk and the other duplicate shall be retained by the engineer in his files, all thereof to remain open to public inspection.

(3) The district clerk upon the filing with him of such plans, specifications, estimates and tentative apportionment of cost shall publish once in a newspaper published in the county and circulating in the district, or posted as provided in §153.56 if there be no such newspaper, a notice stating that at a meeting of the district board on a certain day and hour, not earlier than fifteen days from such publication or posting, the district board will hear objections of all interested persons to the confirmation of such resolution, which notice shall state in brief and general terms a description of the proposed assessable improvements with the location thereof, and shall also state that plans, specifications, estimates and tentative apportionment of cost thereof are on file with the district clerk. The district clerk shall keep a record in which shall be inscribed, at the request of any person, firm or corporation having or claiming to have any interest in any lot or parcel of land, the name and post office address of such person, firm or corporation, together with a brief description or designation of such lot or parcel, and it shall be the duty of the district clerk to mail a copy of such notice to such person, firm or corporation at such address, at least ten days before the time for the hearing as stated in such notice, but the failure of the district clerk to keep such record or so to inscribe any name or address or to mail any such notice shall not constitute a valid objection to holding the hearing as provided in this section or to any other action taken under the authority of this section.

(4) At the time named in such notice, or

to which an adjournment may be taken by the district board, the district board shall receive any objections of interested persons and may then or thereafter repeal or confirm such resolution with such amendments, if any, as may be desired by the district board and which do not cause any additional property to be specially assessed.

(5) All objections to any such resolution on the ground that it contains items which cannot be properly assessed against property, or that it is, for any default or defect in the passage or character of the resolution or the plans or specifications or estimate, void or voidable in whole or in part, or that it exceeds the power of the district board, shall be made in writing in person or by attorney, and filed with the district clerk at or before the time or adjourned time of such hearing. Any objections against the making of any assessable improvements not so made shall be considered as waived, and if any objection shall be made and overruled or shall not be sustained, the confirmation of the resolution shall be the final adjudication of the issues presented unless proper steps shall be taken in a court of competent jurisdiction to secure relief within twenty days.

(6) Whenever any resolution providing for the construction or reconstruction or assessable improvements and for the levying of special assessments upon benefited property for the payment thereof shall have been confirmed, as hereinabove provided, or at any time thereafter, the district board may issue assessment bonds payable out of such assessments when collected. Said bonds shall mature not later than two years after the last installment in which said special assessments may be paid, as provided in subsection (11), and shall bear interest at not exceeding six per cent per annum. Such assessment bonds shall be executed, shall have such provisions for redemption prior to maturity, shall be sold in the manner and be subject to all of the applicable provisions contained in §153.63 for revenue bonds, except as the same are inconsistent with the provisions of this section. The amount of such assessment bonds for any assessable improvement, prior to the confirmation of the preliminary assessment roll provided for in subsection (10), shall not exceed seventy per cent of the estimated amount of the cost of such assessable improvements which are to be specially assessed against the land and real estate to be specially benefited thereby, as shown in the estimates of the engineer for the district referred to in subsection (2). The amount of such assessment bonds for any assessable improvement to be issued, after the confirmation of the preliminary assessment roll provided for in subsection (10), including any assessment bonds theretofore issued, shall not exceed the amount of special assessments actually confirmed and levied by the district board as provided in subsection (10).

Such assessment bonds shall be payable from

the proceeds of the special assessments levied for the assessable improvement for which such assessment bonds are issued; provided, however, that any district may pledge the full faith and credit of such district for the payment of the principal of and interest on such assessment bonds if the issuance of such assessment bonds shall be approved by the qualified electors who are freeholders residing in said district in the manner provided in the constitution and statutes of Florida.

(7) After the passage of the resolution authorizing the construction or reconstruction of assessable improvements has been confirmed as provided in subsection (4), the district may publish at least once in a newspaper published in the county and circulating in the district, or post in the manner provided in §153.56 if there be no such newspaper, a notice calling for sealed bids to be received by the district board on a date not earlier than fifteen days from the first publication for the construction of the work, unless in the initial resolution the district board shall have declared its intention to have the work done by district forces without contract. The notice shall refer in general terms to the extent and nature of the improvement or improvements and may identify the same by the short designation indicated in the initial resolution and by reference to the plans and specifications on file. If the initial resolution shall have given two or more alternative descriptions of the assessable improvements as to its material, nature, character and size, and if the district board shall not have theretofore determined upon a definite description, the notice shall call for bids upon each of such descriptions. Bids may be requested for the work as a whole or for any part thereof separately and bids may be asked for any one or more of such assessable improvements authorized by the same or different resolutions, but any bid covering work upon more than one improvement shall be in such form as to permit a separation of cost as to each improvement. The notice shall require bidders to file with their bids either a certified check drawn upon an incorporated bank or trust company in such amount or percentage of their respective bids, as the district board shall deem advisable, or a bid bond in like amount with corporate surety satisfactory to the district board to insure the execution of a contract to carry out the work in accordance with such plans and specifications and insure the filing at the making of such contract, of a bond in the amount of the contract price with corporate surety satisfactory to the district conditioned for the performance of the work in accordance with such contract. The district board shall have the right to reject any or all bids, and if all bids are rejected the district board may readvertise or may determine to do the work by the district forces without contract.

(8) Promptly after the completion of the work, the engineer for the district, who is

hereby designated as the official of the district to make the preliminary assessment of benefits from assessable improvements, shall prepare a preliminary assessment roll and file the same with the district clerk which roll shall contain the following:

(a) A description of abutting lots and parcels of land or lands within the district which will benefit from such assessable improvements and the amount of such benefits to each such lot or parcel of land. Such lots and parcels shall include the property of the county and any school district or other political subdivision. There shall also be given the name of the owner of record of each lot or parcel where practicable, and in all cases there shall be given a statement of the number of feet of property so abutting, which number of feet shall be known as the frontage.

(b) The total cost of the improvement and the amount of incidental expense.

(9) The preliminary roll shall be advisory only and shall be subject to the action of the district board as hereinafter provided. Upon the filing with the district clerk of the preliminary assessment roll, the district clerk shall publish at least once in a newspaper published in the county, and circulating in the district, or if there be no such newspaper, post in the manner provided in §153.56, a notice stating that at a meeting of the district board to be held on a certain day and hour, not less than fifteen days from the date of such publication or posting, which meeting may be a regular, adjourned or special meeting, all interested persons may appear and file written objections to the confirmation of such roll. Such notice shall state the class of the assessable improvements and the location thereof by terminal points and route.

(10) At the time and place stated in such notice the district board shall meet and receive the objections in writing of all interested persons as stated in such notice. The district board may adjourn the hearing from time to time. After the completion thereof the district board shall either annul or sustain or modify in whole or in part the preliminary assessment as indicated on such roll, either by confirming the preliminary assessment against any or all lots or parcels described therein or by cancelling, increasing or reducing the same, according to the special benefits which the district board decided each such lot or parcel has received or will receive on account of such improvement. If any property which may be chargeable under this section shall have been omitted from the preliminary roll or if the preliminary assessment shall not have been made against it, the board may place on such roll an apportionment to such property. The district board shall not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. Forthwith after such confirmation such assessment roll shall be delivered to the district clerk. The

assessment so made shall be final and conclusive as to each lot or parcel assessed unless proper steps be taken within thirty days in a court of competent jurisdiction to secure relief. If the assessment against any property shall be sustained or reduced or abated by the court, the district clerk shall note that fact on the assessment roll opposite the description of the property affected thereby. The amount of the special assessment against any lot or parcel which may be reduced or abated by the court, unless the assessment upon the entire district be reduced or abated, or the amount by which such assessment is so reduced, may by resolution of the district board be made chargeable against the district at large; or, at the discretion of the district board, a new assessment roll may be prepared and confirmed in the manner hereinabove provided for the preparation and confirmation of the original assessment roll.

(11) Any assessment may be paid at the office of the district clerk within sixty days after the confirmation thereof, without interest. Thereafter all assessments shall be payable in equal installments, with interest at not exceeding eight per cent per annum from the expiration of said sixty days in each of the succeeding number of years which the district board shall determine by resolution, not exceeding twenty; provided however, that the district board may provide that any assessment may be paid at any time before due, together with interest accrued thereon to the date of payment, if such prior payment shall be permitted by the proceedings authorizing any assessment bonds or other obligations for the payment of which such special assessments have been pledged.

All such special assessments shall be collected by the tax collector of the county in which the district is located at the same time as the ad valorem taxes of the district and general county taxes are collected by the tax collector of such county, and the district shall certify to the county tax collector in each year a list of all such special assessments and a description of and name of the owners of the properties against which such special assessments have been levied and the amounts due thereon in such year, and interest thereon, and any deficiencies for prior years.

All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the resolution ordering the improvement, of the same nature and to the same extent as the lien for general county taxes falling due in the same year or years in which such assessments or installments thereof fall due, and any assessment or installment not paid when due shall be collectible with such interest and with a reasonable attorney's fee and costs, but without penalties, by the district by proceedings in a court of equity to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the state; provided that any such pro-

ceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall, by virtue of the institution of such proceedings, immediately become due and payable. Nevertheless, if prior to any sale of the property under decree of foreclosure in such proceedings, payment be made of the installment or installments which are shown to be due under the provisions of the resolution passed pursuant to subsection (10), and by this subsection and all costs including interest and attorney's fee, such payment shall have the effect of restoring the remaining installments to their original maturities as provided by the resolution passed pursuant to this subsection and the proceedings shall be dismissed. It shall be the duty of the district to enforce the prompt collection of assessment by the means herein provided, and such duty may be enforced at the suit of any holder of bonds issued under this law in a court of competent jurisdiction by mandamus or other appropriate proceedings or action. Not later than thirty days after the annual installments are due and payable, it shall be the duty of the district board to direct the attorney or attorneys whom the district board shall then designate, to institute action within two months after such direction to enforce the collection of all special assessments for assessable improvements made under this section and remaining due and unpaid at the time of such direction. Such action shall be prosecuted in the manner and under the conditions in and under which mortgages are foreclosed under the laws of the state. It shall be lawful to join in one action the collection of assessments against any or all property assessed by virtue of the same assessment roll unless the court shall deem such joinder prejudicial to the interest of any defendant. The court shall allow a reasonable attorney's fees for the attorney or attorneys of the district, and the same shall be collectible as a part of or in addition to the costs of the action. At the sale pursuant to decree in any such action, the district may be a purchaser to the same extent as an individual person or corporation, except that the part of the purchase price represented by the assessments sued upon and the interest thereon need not be paid in cash. Property so acquired by a district may be sold or otherwise disposed of, the proceeds of such disposition to be placed in the fund provided by subsection (1) of this section; provided, however, that no sale or other disposition thereof shall be made unless the notice calling for bids therefor to be received at a stated time and place shall have been published in a newspaper published in the county and circulating in the district, or posted in the manner provided in §153.56 if there be no such newspaper, at least twenty days prior to such disposition.

(12) All assessments and charges made under the provisions of this section for the payment of all or any part of the cost of any assessable improvements for which assessment

bonds shall have been issued under the provisions of this law, or which have been pledged as additional security for any other bonds or obligations issued under this law, shall be used only for the payment of principal of or interest on such assessment bonds or other bonds or obligations.

(13) The county in which the district is located and each school district and other political subdivision wholly or partly within the district shall possess the same power and be subject to the same duties and liabilities in respect of assessment under this section affecting the real estate of such county, school district or other political subdivision which private owners of real estate possess or are subject hereunder, and such real estate of any such county, school district and political subdivision shall be subject to liens for said assessments in all cases where the same property would be subject to such liens had it at the time the lien attached been owned by a private owner.

History.—§24, ch. 59-466.

153.74 Issuance of certificates of indebtedness based on assessments for assessable improvements.—The district board may, after any assessments for assessable improvements are made, determined and confirmed as provided in §153.73, issue certificates of indebtedness for the amount so assessed against the abutting property or property otherwise benefited, as the case may be, and separate certificates shall be issued against each part or parcel of land assessed, which certificates shall state the general nature of the improvement for which the said assessment is made. Said certificates shall be payable in annual installments in accordance with the installments of the special assessments for which they are issued. The district board may determine the interest to be borne by such certificates at a rate no greater than six per cent per annum, and may sell such certificates at either private or public sale at not exceeding par and accrued interest and determine the form, manner of execution and other details of such certificates. Such certificates shall recite that they are payable only from the special assessments levied and collected from the part or parcel of land against which they are issued. The proceeds of such certificates may be pledged for the payment of principal of and interest on any revenue bonds or general obligation bonds issued to finance in whole or in part such assessable improvements, or, if not so pledged, may be used to pay the cost or part of the cost of such assessable improvements.

The district may also issue assessment bonds or other obligations payable from a special fund into which such certificates of indebtedness referred to in the preceding paragraph may be deposited; or, if such certificates of indebtedness have not been issued, the district may assign to such special fund for the benefit of the holders of such assessment bonds or

other obligations, or to a trustee for such bondholders, the assessment liens provided for in §153.73(10), unless such certificates of indebtedness or assessment liens have been theretofore pledged for any bonds or other obligations authorized hereunder. In the event of the creation of such special fund and the issuance of such assessment bonds or other obligations, the proceeds of such certificates of indebtedness or assessment liens deposited therein shall be used only for the payment of the assessment bonds or other obligations issued as provided in this section. The district is hereby authorized to covenant with the holders of such assessment bonds or other obligations that it will diligently and faithfully enforce and collect all the special assessments and interest and penalties thereon for which such certificates of indebtedness or assessment liens have been deposited in or assigned to such fund, and to foreclose such assessment liens so assigned to such special fund or represented by the certificates of indebtedness deposited in said special fund, after such assessment liens have become delinquent and deposit the proceeds derived from such foreclosure, including interest and penalties, in such special fund, and to further make any other necessary covenants deemed necessary or advisable in order to properly secure the holders of such assessment bonds or other obligations.

The assessment bonds or other obligations issued pursuant to this section shall have such dates of issue and maturity as shall be deemed advisable by the district board; provided, however, that the maturities of such assessment bonds or other obligation shall not be more than two years after the due date of the last installment which will be payable on any of the special assessments for which such assessment liens, or the certificates of indebtedness representing such assessment liens, are assigned to or deposited in such special fund.

Such assessment bonds or other obligations issued under this section shall bear interest at not exceeding six per cent per annum, shall be executed, shall have such provisions for redemption prior to maturity, shall be sold in the manner and be subject to all of the applicable provisions contained in §153.63 for revenue bonds, except as the same are inconsistent with the provisions of this section.

All assessment bonds or other obligations issued under the provisions of this law, except certificates of indebtedness issued against separate parcels of land as provided in this section, shall be and constitute and have all the qualities and incidents of negotiable instruments under the law merchant and the negotiable instruments law of the state.

History.—§25, ch. 59-466.

153.75 Annual reports of district board.—The district board shall cause to be made at least once each year a comprehensive report of its water system or sewer system or both including all matters relating to rates, revenues, expenses of maintenance, repair and op-

eration and renewals and capital replacements, principal and interest requirements and the status of all funds and accounts. Copies of such report shall be filed with the district clerk and shall be open to public inspection.

History.—§26, ch. 59-466.

153.76 Exemption from taxation.—As the exercise of the powers conferred by this law constitutes the performance of essential public functions and as any water system or sewer system or both constructed under the provisions of this law constitute public property used for public purposes such districts and all properties, revenues, or other assets thereof, and all bonds issued hereunder and the interest thereon, shall be exempt from all taxation by the state, or any political subdivision, agency or instrumentality thereof.

History.—§27, ch. 59-466.

153.77 District bonds as securities for public bodies.—All revenue bonds, general obligation bonds or assessment bonds issued pursuant to this law shall be and constitute legal investments for state, county, municipal and all other public funds and for banks, savings banks, insurance companies, executors, administrators, trustees and all other fiduciaries, and shall also be and constitute securities eligible as collateral security for all state, county, municipal or other public funds, subject to the restrictions and limitations of chapters 18, 136, 237, 518 and 654, 656 through 661, 665 through 668 inclusive.

History.—§28, ch. 59-466.

153.78 Bonds as payment for services.—Any district is authorized to enter into agreements for the delivery of any revenue bonds, general obligation bonds or assessment bonds at one time or from time to time as full or partial payment for the services of any engineer or work done by any contractor who may have been retained or hired or been awarded a contract for the construction of all or any part of a water system or sewer system; provided, however, that any such bonds so delivered for payment of such services or work performed shall have been authorized and issued in the manner provided in this law and shall otherwise conform to the provisions hereof.

History.—§29, ch. 59-466.

153.79 Contracts for construction of improvements, sealed bids.—All contracts let, awarded or entered into by the district for the construction, reconstruction or acquisition or improvement of a water system or a sewer system or both or any part thereof, if the amount thereof shall exceed one thousand dollars, shall be awarded only after public advertisement and call for sealed bids therefor, in a newspaper published in the county circulating in the district, or, if there be no such newspaper, then in a newspaper published in the state and circulating in the district, such advertisement to be published at least once at least three weeks before the date set for the

receipt of such bids. Such advertisements for bids in addition to the other necessary and pertinent matter shall state in general terms the nature and description of the improvement or improvements to be undertaken and shall state that detailed plans and specifications for such work are on file for inspection in the office of the district clerk and copies thereof shall be furnished to any interested party upon payment of reasonable charges to reimburse the district for its expenses in providing such copies. The award shall be made to the responsible and competent bidder or bidders who shall offer to undertake the improvements at the lowest cost to the district and such bidder or bidders shall be required to file bond for the full and faithful performance of such work and the execution of any such contract in such amount as the district board shall determine, and in all other respects the letting of such construction contracts shall comply with applicable provisions of the general laws relating to the letting of public contracts. Nothing in this section shall be deemed to prevent the district from hiring or retaining such consulting engineers, attorneys, financial experts or other technicians as it shall determine, in its discretion, or from undertaking any construction work with its own resources, without any such public advertisement.

History.—§30, ch. 59-466.

153.80 Consolidation of systems.—Any water system or sewer system of a district may be combined into a single consolidated system for purposes of financing or of operation and administration, or both.

History.—§31, ch. 59-466.

153.81 Ad valorem maintenance tax.—In addition to the ad valorem taxes authorized to be levied to pay the principal of and interest on general obligation bonds, or as additional security for revenue bonds or assessment bonds, any district is authorized to levy a special ad valorem maintenance tax of a sufficient number of mills upon the dollar of assessed valuation of property subject to taxation in the district to pay for the maintenance and operation and other corporate purposes of said district; provided, however, that such special maintenance tax shall in no event exceed five mills during any one year. Such special maintenance tax shall be levied and collected in the manner provided herein for ad valorem taxes levied and collected for debt service on bonds issued pursuant to this law.

History.—§32, ch. 59-466.

153.82 Handling of taxes and special assessments, district treasurer.—All ad valorem taxes or special assessments levied and collected in any district in the manner provided herein shall when received be paid over by the proper officials of the county in which the district is located to the treasurer of the district to be applied as provided in this law and in the

proceedings authorizing the issuance of any bonds or other obligations pursuant to this law.

History.—§33, ch. 59-466.

153.83 Free water and sewer services prohibited.—The same rates, fees and charges shall be fixed and collected from any county, school district or other political subdivision using the services and facilities of the water system or sewer system, or both, as are fixed and collected from other users of such facilities in the same class. No free water or sewer services shall be rendered by the district and no discrimination shall exist in the fees, rates and charges for users of the same class.

History.—§34, ch. 59-466.

153.84 Contracts enforceable by bondholders.—Any contract entered into by any district shall be deemed to have been made for the benefit of any holders of bonds issued pursuant to this law to the extent necessary, and the terms of any such contract shall be enforceable by such bondholders in any appropriate legal proceeding. Any such contract if made with another public body or municipality may be enforceable without the requirement of formal consideration.

History.—§35, ch. 59-466.

153.85 Conveyance of property without consideration.—Any municipality or political subdivision is authorized to sell, lease, grant or convey any real or personal property to any district and any such sale, grant, lease or conveyance may be made without formal consideration.

History.—§36, ch. 59-466.

153.86 District approval of construction of water and sewerage facilities.—No sewage disposal plant or other facilities for the collection and treatment of sewage or any water treatment plant or other facilities for the supply and distribution of water, shall be constructed within any district unless the district board shall give its consent thereto and approve the plans and specifications therefor; subject, however, to the terms and provisions of any resolution authorizing any bonds and agreements with bondholders.

History.—§37, ch. 59-466.

153.87 Mortgage or sale by board of district property prohibited; rights of bondholders protected.—No district board shall have power to mortgage, pledge, encumber, sell or otherwise convey all or any part of any water system or sewer system, or both, except that the district board may dispose of any part of such system or systems as may be no longer necessary for the purposes of the district. The provisions of this section shall be deemed to constitute a contract with all bondholders. All district property shall be exempt from levy and sale by virtue of an execution and no execution or other judicial process shall issue against such prop-

erty nor shall any judgment against a district be a charge or lien on its property or revenues; provided, that nothing herein contained shall apply to or limit the rights of bondholders to pursue any remedy for the enforcement of any lien or pledge given by a district on revenues derived from the operation of any water system or sewer system, or both.

History.—§38, ch. 59-466.

153.88 Construction of law.—

(1) The provisions of this law shall be liberally construed to effect its purposes and

shall be deemed cumulative, supplemental and alternative authority for the exercise of the powers provided herein. The exercise of the powers provided in this law and the issuance of bonds or other obligations hereunder shall not be subject to the limitations or provisions of any other law or laws except as expressly provided herein.

(2) Nothing herein contained shall be construed to affect any local or special act in force and effect on June 19, 1959.

History.—§§39, 41, ch. 59-466.

CHAPTER 154

COUNTY PUBLIC HEALTH UNITS

- 154.01 Health units authorized.
 154.02 Tax; disposition of proceeds; reports.
 154.03 Cooperation with state board of health and United States government.

154.01 Health units authorized.—The several counties of the state, and cities therein, may cooperate with the state board of health in the establishment and maintenance of full-time local health units in such counties for the control and eradication of preventable diseases, and inculcate modern scientific methods of hygiene, sanitation and the prevention of communicable diseases.

History.—§1, ch. 14906, 1931; CGL 1936 Supp. 2934(22); §7, ch. 22858, 1945.
 cf.—§232.32 Cooperation with local health units by school officials.

154.02 Tax; disposition of proceeds; reports.—To enable such counties to execute the purposes of this chapter, every county in the state with a population exceeding 100,000, according to the last state census, may levy an annual tax of not exceeding one-half mill, and every county in the state with a population exceeding 40,000 according to the last state census, and not exceeding 100,000, may levy an annual tax of not exceeding one mill, and every county in the state with a population not exceeding 40,000 according to the last state census, may levy an annual tax not exceeding two mills, on the dollar on all taxable property in such county, the proceeds of which, when collected, shall be paid to the state board of health for deposit with the state treasurer. Such funds in the hands of the state treasurer shall be known as the full-time local health unit trust funds of the county by which such funds were raised; and said funds shall be expended by the state board of health solely for the purpose of carrying out the intent and object of this chapter in such county. The state board of health shall render to the county commissioners of any such county providing such funds a semiannual financial statement of the disbursement thereof, so long as said moneys shall continue to be disbursed by or under the direction of the state board of health.

History.—§2, ch. 14906, 1931; CGL 1936 Supp. 2934(23); §19, ch. 29615, 1955; §2, ch. 61-119.

the purpose of this chapter. The state board of health is further authorized to arrange and agree with the United States government through its duly authorized officials for the allocation and expenditure by the United States of funds of the United States in the study of causes of disease and prevention thereof in such full-time local health units when and where established by the state board of health under this chapter.

History.—§3, ch. 14906, 1931; CGL 1936 Supp. 2934(24); §2, ch. 61-119.

154.04 Personnel of health units; duties; compensation, etc.—The personnel of the minimum full-time local health unit shall consist of a director, who shall be a doctor of medicine, a public health nurse, a sanitary officer and a clerk. All of the members of such personnel shall be selected from those especially trained in public health administration and practice, so far as the same shall relate to the duties of their respective positions. They shall be employed by the board of county commissioners; provided, however, that no such personnel shall be employed by the board of county commissioners unless such said personnel shall be approved by the state health officer. The duties and compensation of said personnel shall be fixed and determined by the state board of health upon the approval of the board of county commissioners. Such employees shall devote their entire time to the control of preventable diseases and the education of the public in modern scientific methods of sanitation, hygiene and the control of communicable disease in cooperation with and under the supervision of the state board of health.

History.—§4, ch. 14906, 1931; CGL 1936 Supp. 2934(25).

154.05 Cooperation and agreements between counties.—Two or more counties may combine in the establishment and maintenance of a single full-time local health unit for the counties which combine for that purpose, and pursuant to such combination or agreement such counties may cooperate with one another and the state board of health and contribute to a joint fund in carrying out the purpose and intent of this chapter. The duration and nature of such agreement shall be evidenced by resolutions of the board of county commissioners of such counties and shall be submitted to and approved by the state board of health. In the event of any such agreement, a full-time local health unit shall be established and maintained by the state board of health in and for the benefit of the counties which have entered into such an agreement; and, in such case, the funds raised by taxation pursuant to this chapter by each such county

shall be paid to the state treasurer for the account of the state board of health and shall be known as the full-time local health unit trust fund of the counties so cooperating. Such trust funds shall be used and expended by the state board of health for the purposes specified in this chapter in the counties which have entered into such agreement. In case such an agreement is entered into between two or

more counties, the work contemplated by this chapter shall be done by a single full-time local health unit in the counties so cooperating, and the nature, extent and location of such work shall be under the control and direction of the state health officer.

History.—§5, ch. 14906, 1931; CGL 1936 Supp. 2934(26); §2, ch. 61-119.

155.01 County commissioners may act as trustees of stock of hospitals.—Whenever the owners of a majority of the outstanding capital stock of a corporation created for and engaged solely in the operation of a hospital shall execute a trust deed, or deeds, conveying a majority of the capital stock of such corporation to the board of county commissioners of the county in which such hospital is located, in trust to be held and administered by such board of county commissioners as trustees with authority to vote said stock at all meetings of the stockholders of such corporation and to expend all dividends declared upon such stock in the hospitalization of the indigent citizens of the county who need hospital treatment, with provisions that should the properties of such corporation cease for a period of six months to be used primarily for hospital purposes or should the hospital so maintained be not maintained open to the practice of all duly licensed physicians and surgeons resident in the county where the same is located that the trust shall then, but not before, be terminated and the ownership of the stock so placed in trust shall revert to the respective persons executing the trust deed, or deeds, their heirs, legatees or assigns; the board of county commissioners may accept such trust and act as trustee thereunder.

History.—§1, ch. 17834, 1937; CGL 1940 Supp. 2934(23).

155.02 Rule against perpetuities inapplicable.—No such trust shall be invalid by reason of the rule against perpetuities nor shall the rights of the persons creating the same, their heirs, legatees or assigns, to receive back their stock upon the termination of said trust be impaired or denied by reason of any application of the statutes of uses or the rule

against perpetuities.

History.—§2, ch. 17834, 1937; CGL 1940 Supp. 2934(29).

155.03 Duties of county commissioners.—Should the board of county commissioners accept such trust, it shall administer the same until the termination of the trust; providing, however, that nothing herein shall require the board of county commissioners to expend any funds of the county in the maintenance of such hospital or the administration of such trust.

History.—§3, ch. 17834, 1937; CGL 1940 Supp. 2934(30).

155.04 County hospitals; petition; election; establishment.—Whenever the board of county commissioners of any county in the state shall be presented with a petition signed by five per cent of the resident freeholders of such county, asking that an annual tax may be levied for the establishment and maintenance of a public hospital at a place in the county named therein, and shall specify in said petition the maximum amount of money proposed to be expended in purchasing or building said hospital, such board of county commissioners shall submit the question to the qualified electors of the county who are freeholders at the next general election to be held in the county, or at a special election called for that purpose, first giving thirty days notice thereof in one or more newspapers published in the county, if any be published therein, or posting written or printed notices in each precinct of the county, which notice shall include the text of the petition and state the amount of the tax to be levied upon the assessed property of the said county which tax shall not exceed five mills on the dollar, and be for the issue of the county bonds, to provide funds for the purchase of the site, or sites, and the erection thereon of a public

hospital and hospital buildings, and for the support of same, which bonds shall be payable within thirty years, which said election shall be held at the usual places in such county for voting upon county officers, and shall be canvassed in the same manner as the vote for the county officers is canvassed. The ballots to be used in any election at which such hospital question is submitted, shall be printed with a statement substantially as follows:

For a _____ mill tax for a bond issue for a public hospital, and for maintenance of same:

If a majority of the freeholders who are qualified electors shall participate in said election and a majority of the votes cast at such election on the proposition so submitted shall be in favor of said tax for such bond issue, the board of county commissioners shall levy a tax so authorized, which shall be collected in the same manner as other taxes are collected, and credited to the "hospital fund", and shall be paid out on the order of the hospital trustees for the purposes authorized by this law, and for no other purposes whatever.

History.—§1, ch. 20905, 1941; §1, ch. 26513, 1951.
cf.—§193.32 Annual tax levies—limitations.

155.05 County hospitals; establishment without election.—If the county commissioners of any such county, by reason of funds on hand, or donations, or otherwise, are able to build and establish a public hospital without issuing bonds as provided in §155.04, then such board of county commissioners is hereby authorized and empowered to establish such public hospital and, without any election, to levy an annual tax for the maintenance thereof, such tax not to exceed five mills on the dollar and to be collected in the same manner as the tax provided for in §155.04.

History.—§2, ch. 20905, 1941.
cf.—§193.32 Annual tax levies—limitations.

155.06 County hospitals; trustees; appointment, etc.—Should a majority of all votes cast upon the question be in favor of establishing such county public hospital, or should the board of county commissioners of any county establish a county public hospital as provided in §155.05, the governor of the state shall immediately proceed to appoint five trustees chosen from the citizens at large from such county, with reference to their fitness for such office, who shall constitute a board of trustees for said public hospital. On the original appointment of said trustees, two of said trustees shall be appointed for a term of one year, one for a term of two years, one for a term of three years and one for a term of four years and thereafter upon the expiration of said original appointments, their successors shall be appointed by the governor of the state for a term of four years.

History.—§3, ch. 20905, 1941.

155.07 County hospitals; organization; officers; powers; etc.—The said trustees shall within ten days after their appointment, qualify by taking the oath of office and organize a board of hospital trustees by the election of one of their members as chairman, one as secretary and treasurer, and by the election of such other officers as they deem necessary. Such chairman shall be executive officer of the board of trustees and shall enforce and carry out all the orders of the board of trustees contained in resolutions duly adopted and entered on the minute books of the meetings of the board of trustees. He shall preside at all meetings, countersign all vouchers and warrants issued by the secretary and treasurer hereinafter provided for. In the absence of the chairman, vouchers and warrants may be countersigned by any other member of the board of trustees selected by the members of the board of trustees as chairman pro tem. The chairman shall give bond in a sum to be fixed by the board of county commissioners for the faithful performance of his duties in some reputable bonding company authorized to do business in the state, and said bond shall be made payable to the governor of Florida and his successors in office. No member of said board of trustees shall receive any compensation for his services as such trustee; but shall be reimbursed for traveling expenses as provided in §112.061.

History.—§4, ch. 20905, 1941; §19, ch. 63-400.

155.08 County hospitals; seal; evidence; etc.—The board of trustees as herein constituted shall adopt a common seal, and certification under the seal of the board of hospital trustees, signed by the chairman and attested by the secretary and treasurer, shall constitute sufficient evidence.

History.—§5, ch. 20905, 1941.

155.09 County hospitals; secretary; minutes; accounts; etc.—The board of trustees shall elect from its members a secretary and treasurer whose duties it shall be to keep full and correct minutes of all the proceedings of the board of trustees, and keep a separate itemized account of all the expenditures and disbursements by said board of trustees. Said minutes and accounts shall be open to public inspection at any time on demand of any taxpayer in such district. The secretary and treasurer shall give bond in a sum to be fixed by the board of county commissioners for the faithful performance of his duties in some reputable bonding company authorized to do business in the state, and said bond shall be made payable to the governor of Florida and his successors in office.

History.—§6, ch. 20905, 1941.

155.10 County hospitals; rules and regulations.—The board of trustees shall make and adopt such by-laws and rules and regulations for their own guidance and for the government of the hospital as may be deemed expedient for the economic and equitable conduct thereof, not inconsistent with this law, or the

ordinance of the city or town wherein such hospital is located. They shall have exclusive control of the expenditures of all moneys collected to the credit of the hospital fund.

History.—§7, ch. 20905, 1941.

155.11 County hospitals; deposit of moneys; bank; payments.—All moneys received for such hospital shall be deposited in any bank designated by the said board of trustees, and placed to the credit of the hospital fund and can be paid out only as bills for material supplies, equipment, wages, salaries, or other items of expense, whatsoever, shall have been audited by the secretary and treasurer and approved by a majority of the members of the board of trustees in regular session. When so approved by a majority of said members, upon vouchers issued by the secretary and treasurer, warrant may be drawn for same and when countersigned by the chairman of said board of trustees shall be authenticated. Provided, it shall be unlawful to pay any money out of said hospital fund until the provisions of this section have been complied with.

History.—§8, ch. 20905, 1941.

155.12 County hospitals; general powers of trustees; duties; tax levies; etc.—The board of hospital trustees shall have power to appoint a suitable superintendent or matron, or both, and necessary assistants, and fix their compensation and shall also have power to remove such appointees and shall in general, carry out the spirit and intent of this law in establishing and maintaining a county hospital. The board of hospital trustees shall hold meetings at least once each month, and keep a complete record of all its transactions. Three members of said board shall be required to constitute a quorum for the transaction of business and two or more of said trustees shall visit and examine said hospital twice each month. The board shall, during the first week in January in each calendar year, if its books and records are kept on a calendar year basis, or, during the first week of the fiscal year, if its books and records are kept on a fiscal year basis, and if it is the desire of the board to report on the fiscal rather than the calendar year, file with the board of county commissioners of said county a report of their proceedings with reference to such hospital, and a statement of all receipts and expenditures made during the year and shall certify to the said board of county commissioners the amount necessary for the improvement and maintenance of such public hospital, so established, during the ensuing year, and the said board of county commissioners shall, at its annual meeting for the purpose of determining the amount to be raised for all county purposes, levy a sufficient tax upon all the assessed value of the taxable property in the county, as will produce the sum required by the said board of trustees' report, but said hospital levy together with the levy necessary to liquidate the bonds aforesaid, shall not exceed ten mills on the assessed valuation. No trustee shall have a

personal, pecuniary interest, either directly or indirectly, in the purchase of any supplies for said hospital, unless the same are purchased by competitive bidding.

History.—§9, ch. 20905, 1941; §1, ch. 61-321, cf.—§193.32 Annual tax levies—limitations.

155.13 County hospitals; vacancies in trustees.—Vacancies in the board of trustees occasioned by resignations, removal, or otherwise, shall be reported to the governor of the state, who shall fill such vacancies in a like manner as the original appointments; appointees shall hold office for the remainder of the term in which the vacancy occurred.

History.—§10, ch. 20905, 1941.

155.14 County hospitals; bonds; maturities; interest; etc.—Whenever any county in this state shall have provided for the appointment of hospital trustees and has voted a tax for hospital purposes, as authorized by law, the said county shall issue bonds in anticipation of the collection of such tax in such sum and amounts as the board of hospital trustees shall certify to the board of county commissioners of said county to be necessary for the purpose contemplated by such tax, but such funds in the aggregate shall not exceed the amount which might be realized by said tax based on the amount which may be yielded on the property valuation of the year in which the tax is voted, and such bonds shall mature in not to exceed thirty years from date and shall be in sums of not less than one hundred dollars, nor more than one thousand dollars, drawing interest at a rate not exceeding six per cent per annum, payable annually or semi-annually; said bonds shall be payable at the pleasure of the county after five years and each of said bonds shall provide that it is subject to this condition and shall not be sold for less than provided by law for other county bonds and shall be substantially in the form provided for county bonds, but subject to changes that will conform them to the provisions of this law, and be numbered consecutively and redeemable in the order of their issue.

History.—§11, ch. 20905, 1941; §2, ch. 26513, 1951.

155.15 County hospitals; procuring lands for hospital.—If the board of hospital trustees and the owners of any property desired by them for hospital purposes, cannot agree as to the price to be paid therefor, they shall report the facts to the board of county commissioners and condemnation proceedings shall be instituted by the said board of county commissioners and prosecuted in the name of the county by the attorney for the county commissioners of such county.

History.—§12, ch. 20905, 1941.

155.16 County hospitals; residents; nonresidents; fees; contagious diseases; etc.—Every hospital established under this law shall be for the benefit of the inhabitants of such county and of any person falling sick or being injured or maimed within its limits, but the board of

hospital trustees may extend the privileges and use of such hospital to persons residing outside of such county upon terms and conditions as such board of trustees may from time to time, by its rules and regulations, prescribe. Every such inhabitant or person who is not a pauper shall pay to such board or such officer as it shall designate, a reasonable compensation for occupancy, nursing, care, medicine, and attendance, according to the rules and regulations prescribed by the said board. Such hospital always shall be subject to such rules and regulations as said board may adopt in order to render the use of said hospital of the greatest benefit to the greatest number; and said board may exclude from treatment and care any indigent or pay case having a communicable or contagious disease where such disease may be a detriment to the best interest of such hospital and a source of contagion or infection to the patient in its care, and all inhabitants and persons who shall willfully violate any rules and regulations of such hospital.

History.—§13, ch. 20905, 1941.

155.17 County hospitals; rules for physicians, nurses, etc.—When such hospital is established, the physician, nurses, attendants, the person sick therein and all persons approaching or coming within the limits of same, and all furniture and other articles used or brought there shall be subject to such rules and regulations as said board of trustees may prescribe.

History.—§14, ch. 20905, 1941.

155.18 County hospitals; discrimination against doctors; etc.—The board of trustees of any hospital organized under this chapter is authorized to promulgate rules and regulations governing the granting and revoking of privileges to treat patients in the hospital. Such rules shall provide that only those persons licensed to practice medicine and surgery, i.e., medical doctors and osteopathic physicians, may be granted privileges to treat patients in the hospital. Such doctors and physicians may retain their privileges so long as they comply with the rules and regulations of the board of trustees.

History.—§15, ch. 20905, 1941; §1, ch. 61-378.

155.19 County hospitals; training school for nurses.—The board of trustees may establish and maintain in connection with such hospital and as part thereof, a training school for nurses, and upon completion of the prescribed course of training shall give to such nurses who satisfactorily complete the said course, a diploma.

History.—§16, ch. 20905, 1941.

155.20 County hospitals; charity patients; hospital charges.—The board of hospital trustees shall have power to determine whether or not patients presented to such public hospital for treatment are subjects of charity, and shall fix the charges for occupancy, nursing, care, medicine and attendance, other than medical or surgical attendance, of those persons able to pay for same, as the board of trustees

may deem just and proper, the receipts therefor to be paid by him to the "hospital fund."

History.—§17, ch. 20905, 1941.

155.21 County hospitals; donations; etc.—

Any person or persons, firm, organization, corporation or society, public or private, desiring to make donations of money, personal property or real estate for the benefit of such hospital shall have the right to vest title of the money, personal property or real estate so donated in said county, to be controlled when accepted by the board of hospital trustees of said hospital, according to the terms of the deed, gift, devise or bequest of such property.

History.—§18, ch. 20905, 1941.

155.22 County hospitals; purposes are public.—The purpose for which any county hospital established under the provisions of this law shall be used, are hereby declared public purposes.

History.—§19, ch. 20905, 1941.

155.23 County hospitals; federal loans, aid, etc.—The board of county commissioners of any county desiring to establish and maintain a hospital under the provisions of this law shall be and are hereby authorized and empowered to negotiate and make agreements with any federal agency lending or granting money for the purpose of erecting public hospitals and may match any funds so loaned or granted by such federal agency for the purpose of establishing or constructing a public hospital under the provisions of this law.

History.—§20, ch. 20905, 1941.

155.24 County hospitals; additional funds.—In addition to the tax which may be levied under the provisions of this law, the board of county commissioners may allocate to the "hospital funds" any other public moneys in possession of said board of county commissioners, not otherwise appropriated or allocated to other uses.

History.—§21, ch. 20905, 1941.

155.25 Levy authorized for county hospital purposes.—

(1) Whenever any board of county commissioners shall deem it necessary to erect, equip or repair a public hospital in the county or erect and equip an addition or additions to any public hospital, they shall give notice for thirty days in some newspaper published in said county, or in some newspaper published in the judicial circuit, if there be none published in the county, that at the next regular meeting of the board after the publication of said notice, such question or questions will be acted upon by said board. If, at said meeting, a majority of said board shall determine that it is necessary to erect, equip, repair or build addition or additions to such public hospital, they may levy a hospital building, repair and equipment tax not exceeding five mills per annum, for not more than fifteen consecutive years. The tax shall be assessed and collected at the same time

and in the same manner as other state and county taxes are levied and collected.

(2) The tax, levied, assessed and collected as aforesaid, shall be accumulated from year to year until utilized and expended for the public hospital purposes aforesaid.

(3) The provisions hereof shall be cumulative and in addition to all the other provisions of chapter 155, and nothing herein contained

shall be held to repeal, alter or amend any of the provisions of said chapter 155 nor repeal, alter or amend any of the provisions of any special or local law.

(4) The provisions of this section shall not apply to Okaloosa county nor shall the provisions hereof confer the authority hereinabove provided for upon or to the county commissioners of said county.

156.01 Powers of board of county commissioners.—The board of county commissioners of any county in this state, when conducive to the public health, convenience or welfare, or where the same will be of public benefit or utility, may cause to be constructed, as hereinafter provided, any drain, ditch or water course within said county.

History.—§1, ch. 4178, 1893; GS 922; RGS 1706; CGL 2757.

156.02 Petition and procedure.—Before the board of county commissioners shall establish any drain, ditch or water course, there shall be filed with the clerk of such county a petition, signed by two or more of the land owners whose lands will be liable to be affected by or assessed for the expense of the construction of the same, setting forth the necessity thereof, with a general description of the proposed starting point, route and terminus, and shall give a bond with good and sufficient sureties, payable to the state, to be approved by the clerk, conditioned to pay all of the expenses in case the board of county commissioners shall fail to establish said proposed ditch, drain or water course. Said board shall, at their next regular session, appoint three resident freeholders not interested in the construction of the proposed work, and not of kin to any parties interested therein, as viewers, to meet at a time and place specified by said board, preparatory to commencing their duties as hereinafter specified; and the clerk thereupon shall issue to said viewers a certified copy of the petition and order of the board, who shall proceed, at the time set in said order, with a surveyor, who shall be a civil engineer, and shall make an accurate survey of the line of the said ditch, drain or water course from its source to its outlet; and they shall cause stakes to be set along said line, numbered progressively down stream, at each one hundred feet, and they shall make a computation of the total number of cubic yards of earth to be excavated or removed from said ditch, drain or water course and an estimate of the total cost of construction of the whole work. And they shall set apart and

apportion to each parcel of land and to each corporate road or railroad, and to the county when public highways are benefited, a share of said work, in proportion to the benefits that will result to each from such improvement, and give the location of each share, its length in feet, and the estimated number of cubic yards of earth to be removed therefrom, and the price per cubic yard, and the cost of construction of each share or allotment separately, and specify the manner in which the work shall be done; and they shall accurately describe, as the same is described on the county tax books, each parcel of land to be assessed for the construction of said ditch, giving the number of acres in each tract assessed and the estimated number of acres benefited, the amount that each tract will be benefited by the construction of said work, and the amount that each tract is assessed for. And they shall also ascertain and give the names of the owners of the lands that are assessed for the construction of said work, as far as they can be ascertained by reasonable inquiry and search of the public records, and report also if said ditch or drain will be of public utility; provided, that no pond, lake or tract of overflowed land containing less than three acres shall come under the provisions of this chapter.

History.—§2, ch. 4178, 1893; GS 923; RGS 1707; CGL 2758.

156.03 Further duties of viewers.—Whenever a public ditch, drain or water course is located wholly or in part in the bed of a private ditch already or partially constructed, the viewers shall make an estimate of the number of cubic yards of earth already excavated and the cost of same, on each tract of land, and deduct the same from the assessment thereon.

History.—§3, ch. 4178, 1893; GS 924; RGS 1708; CGL 2759.

156.04 Assessment.—All lands benefited by a public drain, ditch or water course, shall be assessed, in proportion to the benefits for the construction thereof, whether it passes through the lands or not, and the viewers in estimat-

ing the benefits to lands not traversed by said ditch shall not consider what benefits such lands shall receive, after some other ditch or ditches shall have been constructed, but only the benefits that will be received by reason of the construction of the public ditch as it affords an outlet for the drainage of such lands.

History.—§4, ch. 4178, 1893; GS 925; RGS 1709; CGL 2760.

156.05 Powers of viewers.—In locating a public ditch, drain or water course, the viewers may vary from the line described in the petition as they may deem best, provided they commence the ditch at the point described in the petition, and follow down the line therein described as near as practicable; and provided further, that when there is not sufficient fall in the length of the route described in the petition to drain the lands adjacent thereto, they may extend the ditch below the outlet named in the petition far enough, not exceeding one-half mile, to obtain a sufficient fall and outlet. And when it will not be detrimental to the usefulness of the whole work, they shall, so far as it is practicable, locate the ditch on the division line between the lands owned by different persons, and they shall, so far as practicable avoid laying the same diagonally across the lands, but they must not sacrifice the general utility of the ditch to avoid diagonal lines. And all persons whose lands may be affected by said ditch may appear before said viewers and freely express their opinions on all matters pertaining thereto.

History.—§5, ch. 4178, 1893; GS 926; RGS 1710; CGL 2761.

156.06 Damages.—In locating a public ditch, drain or water course, the viewers shall estimate the damages, if any, that any person will sustain by reason of the construction of said ditch, and assess such damages to the parties owning the lands benefited in proportion as each tract of land is assessed for the benefits.

History.—§6, ch. 4178, 1893; GS 927; RGS 1711; CGL 2762.

156.07 Meeting and adjournment.—The viewers may proceed immediately to perform their said duties, or adjourn from time to time as it may seem best to their convenience, and file their report with the clerk at least four weeks before the next regular meeting of said board of county commissioners. And if the viewers find the proposed ditch or drain not of public benefit or utility, they may report against the location of the same, giving their reasons therefor.

History.—§7, ch. 4178, 1893; GS 928; RGS 1712; CGL 2763.

156.08 Duty of clerk.—The clerk, on report being filed, as provided in §156.07, if it be in favor of the proposed work, shall cause a notice to be given by publication, for three consecutive weeks, by posting three written copies of said notice in three public places in the township or townships where the proposed

work is located, and one at the door of the court house in said county, of the pendency of the petition mentioned in §156.02, and the time set for the hearing thereof, which notice shall state briefly the proposed beginning, course and terminus of said ditch, with the names of the owners of land who will be affected thereby, so far as can be ascertained by them. And at the same time the clerk shall mail a copy of the said notice to all non-residents whose address is known to him, or can be ascertained by him.

History.—§8, ch. 4178, 1893; GS 929; RGS 1713; CGL 2764.

156.09 To establish or dismiss petition.—The board of county commissioners, at the time set for the hearing of the petition set forth in §156.02 shall, if there be no remonstrance filed, proceed to hear such petition, and if they find that the viewers' report is made in accordance with the provisions of this chapter, and if it be in favor of the proposed work, they shall establish the same as specified in the report. But, if the viewers report against the proposed work, the board shall dismiss the petition, and tax the costs as herein provided.

History.—§9, ch. 4178, 1893; GS 930; RGS 1714; CGL 2765.

156.10 Rights of third party.—Any person interested in the location of the proposed work may file with the board of commissioners, at or before the time set for the hearing of the petition, a remonstrance against the ditch as located by the viewers on and across his lands; or any person deeming his assessment too high, or damages allowed him too low, may remonstrate for such reason against the actions of the viewers. But such person shall file a bond with two freehold sureties, for the payment of all costs and expenses caused by such remonstrance, if the action of the viewers be sustained by reviewers to be appointed as hereinafter provided. And thereupon, said board of commissioners shall appoint three disinterested freeholders of the county, not akin to any person interested in the proposed work, as reviewers, to meet at a specified time and place preparatory to commencing said review, and the clerk shall issue to said reviewers a certified copy of the petition and remonstrance, and order of the board appointing said reviewers.

History.—§10, ch. 4178, 1893; GS 931; RGS 1715; CGL 2766.

156.11 Duty of reviewers.—Such reviewers shall meet at the time and place specified in the order issued to them by the clerk and proceed to review the action and report of the viewers, as well as the entire premises through which the proposed work extends, and shall be vested with all powers granted to the viewers originally, except that if they find the proposed work of public benefit or utility, they shall not change the line of any ditch as located by the viewers at any other places than those contemplated in the remonstrance, and

then only far enough to do justice to the party remonstrating. And they shall obtain from the clerk the report of the viewers, which they shall carefully preserve and return to the clerk when they have completed their review, and they shall file with the clerk a report of their proceedings in the premises, after having subscribed and sworn to the same, at any time before the next regular meeting of said board and if the reviewers sustain the action of the viewers and make no change in the proposed work, their report need only state, that after having made full examination of the viewers' report as well as the entire premises through which the proposed work extends, they find the action of the viewers just and correct and that they sustain and approve the action of the same.

History.—§11, ch. 4178, 1893; GS 932; RGS 1716; CGL 2767; §7, ch. 22858, 1945.

156.12 Report of reviewers.—Upon filing of the report of the reviewers, as required by §156.11, the clerk shall, when the board of commissioners convenes in regular session, record the same, together with the proceedings had in the matter of the petition, and if said reviewers sustain and approve the action of the viewers, without change, all costs occasioned in consequence of the remonstrance shall be taxed against the parties remonstrating, and a fee bill shall issue thereon by the clerk and be collected as provided by law.

History.—§12, ch. 4178, 1893; GS 933; RGS 1717; CGL 2768.

156.13 Changes; costs.—If the reviewers find the proposed work of public benefit or utility, and do not sustain the entire action of the viewers, but make changes in favor of the remonstrance, the costs occasioned in consequence of the filing of the remonstrance shall be taxed as a part of the total cost of the work as the same is taxed against the parties benefited in proportion to their benefit; and if the reviewers find the proposed work not of public benefit or utility, the entire costs shall be taxed against the petitioners and collected as provided in §156.12.

History.—§13, ch. 4178, 1893; GS 934; RGS 1718; CGL 2769.

156.14 Duty of county commissioners.—Upon the filing of the report of the reviewers, the board of county commissioners shall, if they find such report made in accordance with the provisions of this chapter, establish the same as described in the report of the viewers, as they find the same sustained, corrected or changed in the report of the reviewers.

History.—§14, ch. 4178, 1893; GS 935; RGS 1719; CGL 2770.

156.15 Meeting of viewers and reviewers.—Whenever the board of county commissioners establish a public ditch, drain or water course, they shall order the viewers, if same is established without remonstrance, according to the viewers' report, or reviewers, if same is established according to their report, to meet at a time and place specified after the lapse

of ten days, and make a final report, in which they shall specify the time in which each share or allotment of the ditch shall be constructed or completed, and they shall apportion the costs of the location thereof, the damages, if any, and compensation to laborers who assisted in making out the ditch, and award to each person or corporation owning lands assessed for the construction of said work their proportionate share of said costs and expense, and shall specify the time in which said costs and expense be paid to the county depository, and file their report with the clerk after having subscribed and sworn to the same. And the viewers and reviewers shall file with their reports an account of the names of the laborers and the time each one was employed by them, and all compensation and damages allowed by them shall be collected as other taxes are collected, and paid out, when collected, on an order from the clerks to the parties entitled thereto.

History.—§15, ch. 4178, 1893; GS 936; RGS 1720; CGL 2771.

156.16 Review.—Any person or corporation aggrieved thereby may have reviewed by certiorari any final orders or judgment of the board of commissioners in the manner and within the time prescribed by the Florida appellate rules.

History.—§16, ch. 4178, 1893; GS 937; RGS 1721; CGL 2772; §41, ch. 63-512.

156.17 Consolidation of appeals.—If more than one appeal be taken the judge of the circuit court shall order the cases to be consolidated and tried as one case, and the rights of each party shall be determined by the jury in its verdict.

History.—§17, ch. 4178, 1893; GS 938; RGS 1722; CGL 2773.

156.18 Duty of clerk.—As soon as the final report of the viewers or reviewers is filed, the clerk shall let the jobs of digging and constructing each share or allotment, separately, of the entire work. And he shall give notice for three consecutive weeks, by posting in three public places in the vicinity of the proposed work, and at the court house door in said county, of the time when, and the places where, he will let to the lowest responsible bidder, each and every share or allotment thereof, commencing at the one including the outlet, and thence in succession up stream, to and including the source. And no bid shall be entertained which exceeds more than twenty per cent over and above the estimated cost of constructing in any case. The clerk shall receive a bond from the contractors, with two freehold sureties, payable to the state, for not less than double the amount for which the same is let, to be by him approved, conditioned that he will faithfully perform and fulfill his contract, and pay all damages that may accrue by reason of the failure to complete the job according to contract.

History.—§18, ch. 4178, 1893; GS 939; RGS 1723; CGL 2774.

156.19 Reletting job.—A job not completed within the fixed time, may be relet by the clerk to the lowest responsible bidder, subject to the conditions contained in §156.18; but the clerk may, for a good cause shown, give further time to any contractor, not to exceed sixty days.

History.—§19, ch. 4178, 1893; GS 940; RGS 1724; CGL 2775.

156.20 Duty of county surveyor.—The county surveyor, on being notified by any contractor that his job is completed, shall inspect the same, and if found satisfactory and according to contract, accept the same and give the contractor a certificate of acceptance stating that said job is completed according to specifications of said ditch.

History.—§20, ch. 4178, 1893; GS 941; RGS 1725; CGL 2776.

156.21 Where route in two counties.—Whenever the route of a proposed ditch extends into two or more counties, the petition shall be signed by one or more of the land owners in each county, whose land will be liable to be assessed for the construction of said ditch, and filed with the clerk of the county containing the head or source of the proposed ditch at least ten days previous to the meeting of the board of county commissioners, and thereupon the clerk of such county shall transcribe and transmit to the clerk of each other county interested, a certified copy of said petition, and the board of commissioners of each county interested, shall appoint three disinterested freeholders of their respective counties, as viewers, in like manner as provided for the appointment of viewers on a ditch in but one county, to meet and act conjointly at such time and place as the board of county commissioners of the county where the petition is filed may designate, and they shall have the same powers, and perform the same duties, as heretofore set forth, and they shall file a report of their proceedings with the clerk of each of the counties where interested, and each county shall bear its just and equal proportion of the expense of said work.

History.—§21, ch. 4178, 1893; GS 942; RGS 1726; CGL 2777.

156.22 Commissioners to act conjointly.—Boards of commissioners shall act in the same manner, so far as applicable, as required by this chapter for establishing ditches in but one county, and they shall act conjointly.

History.—§22, ch. 4178, 1893; GS 943; RGS 1727; CGL 2778.

156.23 Manner of cleaning ditches.—Such joint ditch shall be cleaned and repaired, or enlarged, in like manner as for ditches in but one county, by the joint action of the public officers of the counties interested.

History.—§23, ch. 4178, 1893; GS 944; RGS 1728; CGL 2779.

156.24 Draining public road and railroad.—When any ditch established under this chapter drains, either in whole or in part, any public or corporate road or railroad, or benefits any of such roads, so the bed or traveled track is made better by the construction of such ditch, the viewers or reviewers shall apportion to the same such portion of the costs and expenses thereof as to private individuals, and require them to pay such costs in like manner as individuals.

History.—§24, ch. 4178, 1893; GS 945; RGS 1729; CGL 2780.

156.25 Duty of sheriff.—The orders issued by the clerk to viewers and reviewers shall be served by the sheriff, and he shall be paid such fees as are allowed by law for similar services, which cost shall be added to the cost of constructing such ditch or drain, and paid out of the fund provided for the same.

History.—§25, ch. 4178, 1893; GS 946; RGS 1730; CGL 2781.

156.26 Majority to act.—A majority of viewers or reviewers shall be competent to act; provided, that when a ditch extends into more than one county, a majority from each county must be present.

History.—§26, ch. 4178, 1893; GS 947; RGS 1731; CGL 2782.

156.27 Lien.—The amount of assessments made by the viewers, and confirmed by the board of county commissioners, shall be a lien upon the lands so assessed, from the date of the order of board of commissioners establishing the ditch; and such order, together with the report of the viewers on which the ditch is established, shall be a notice to all the world of the existence of such lien.

History.—§27, ch. 4178, 1893; GS 948; RGS 1732; CGL 2783.

156.28 Extent of chapter.—This chapter shall apply whenever practicable to any organized system of drainage now operating or that may hereafter be operated in this state.

History.—§28, ch. 4178, 1893; GS 949; RGS 1733; CGL 2784.

157.01 Public ditch, drain or canal.—Whenever it shall be deemed necessary or expedient, for sanitary or agricultural purposes or conducive to the public health, convenience or welfare, or public utility, or for the benefit of any lands that are low, wet, submerged or liable to become submerged, to establish a public ditch, drain or canal in any of the counties of this state by a majority of those owning the lands through which such proposed ditch, drain or canal shall run or by those owning the greater part of the lands through which such proposed ditch, drain or canal shall run, and by a majority of those owning lands or by those owning the greater part of the lands contiguous thereto, that are benefited by such ditch, drain or canal, the majority of those owning such lands or those owning the greater part of such lands as aforesaid, shall present a petition to the county

commissioners of the county in which such ditch, drain or canal is to be located, with a plat of said lands, showing the general course of such proposed ditch, drain or canal, setting forth the cause for the same, its length and the lands to be benefited thereby. Upon filing such petition and plat with the county commissioners, they shall lay the same over until the next regular meeting and give notice by publication for three weeks, in some newspaper published in the county, of the date when they will consider said petition, citing all persons who may be interested to appear and present any reason why such petition should not be granted.

History.—§1, ch. 5035, 1901; GS 950; §1, ch. 6457, 1913; §1, ch. 6958, 1915; §1, ch. 7307, 1917; RGS 1734; CGL 2785. cf.—§298.66 Penalty for obstructing public drains.

157.02 Action on petition by county commissioners.—Should the county commissioners,

when the petition mentioned in §157.01, has been considered, deem it improper to grant the same it shall then be denied, but should they deem it proper to grant the same, they shall then enter an order of record that the said petition be granted.

History.—§2, ch. 5035, 1901; GS 951; §2, ch. 6457, 1913; RGS 1735; CGL 2786.

157.03 Commissioners to appoint committee; report of plans and estimate; letting contract; right-of-way for drains.—When the county commissioners shall order that such ditch, drain or canal, shall be established, they shall appoint a committee of three disinterested freeholders who are citizens of the county, who may employ a surveyor, and shall cause an accurate survey to be made of the proposed ditch, drain or canal, and shall establish the commencement, route, and terminus of said ditch, drain or canal, the width, length, and depth thereof, and shall make and present to the county commissioners, at their next regular meeting, or at a meeting as soon thereafter as practicable, plans, specifications and profiles for said construction, together with an estimate of the approximate cost of said ditch, drain or canal, and the annual cost of its maintenance, and upon this report of the said committee, the board of county commissioners shall advertise once a week for three weeks, in a newspaper published in the said county, for bids for the construction of said ditch, drain or canal, and the same shall be given to the lowest responsible bidder; provided, the board of county commissioners may, if they deem it for the best interest of all concerned, reject all bids; and in case said bids are rejected they may advertise for further bids. Whenever the survey for any proposed ditch, drain or canal, shall run through the lands of anyone who shall object thereto, the board of county commissioners may proceed to condemn the right-of-way for such ditch, drain or canal, and pay therefor out of the funds arising from the levy and assessments hereinafter provided for.

History.—§3, ch. 5035, 1901; GS 952; §3, ch. 6457, 1913; RGS 1736; CGL 2787.

157.04 Bond required before letting contract.—Before letting contract for the construction of any such ditch, drain or canal, the board of county commissioners shall require the contractor to give a good and sufficient bond payable to the governor of the state, for the construction and completion of said work according to plans and specifications and the terms and provisions of the contract.

History.—§4, ch. 5035, 1901; GS 953; §4, ch. 6457, 1913; RGS 1737; CGL 2788.

157.05 Work done under supervision of committee; when completed, report to commissioners; payments.—The work shall be done under the supervision of the committee as hereinbefore provided, and when completed, the committee shall report the same to the board of county commissioners, who shall also inspect such work together with the engineer in charge, and approve the same before final pay-

ment is made to the contractor, and the report of said work, together with the approval of the work by the board of county commissioners and the said engineer, shall be entered upon the minutes of the board of county commissioners; provided, that the board of county commissioners may, during the progress of the said work, if they think proper to do so, make payment in installments on said work of not to exceed eighty per cent of the value of the work so done, to be certified by the engineer in charge, reporting to the board of county commissioners. Such engineer shall be appointed by said committee subject to the approval of the board of county commissioners.

History.—§5, ch. 5035, 1901; GS 954; §5, ch. 6457, 1913; RGS 1738; CGL 2789.

157.06 Committee to view land before letting contract; assessment; hearing complaints; collection of tax, etc.—If said ditch, drain or canal has been ordered, but before letting the contract therefor, the committee hereinbefore provided for shall view the lands to be benefited by such ditch, drain or canal, as shown by the petition and plat presented to the board of county commissioners, and, after the cost of construction is ascertained, they shall assess each parcel according and in proportion, as it shall be benefited by said ditch, drain or canal, for all expenses that may be incurred in the construction of said ditch, drain or canal, including the interest charges, the expenses of the committee and engineer, and for any condemnation proceedings, together with their estimate of the amount per acre for annual maintenance of said ditch, drain or canal, and shall file a report of the same with the board of county commissioners, who shall at once give notice by publishing in a newspaper published in said county, once a week for two weeks prior to the next regular meeting, that they will, at their next regular meeting, hear complaints from the owners or agents of any lands affected, against the assessment so made, and the board of county commissioners may equalize the assessment so made, but cannot raise or lower the total amount of the assessment so made by the said committee. After hearing such complaints, if any, or equalizing the assessment, if they shall see fit to do so, they shall then turn over to the tax assessor the said assessment, with instructions to enter the same as the levy upon the lands in the regular tax assessment book; said assessment may be levied for one year or in yearly assessments for a period not to exceed thirty years, according as it may be deemed advisable, the manner in which the same is to be levied to be determined by the board of county commissioners and entered of record, when the same is turned over to the tax assessor. The same shall be collected by the tax collector in like manner as other taxes are collected, and made a special fund for the payment of the indebtedness incurred in the construction and annual maintenance of said ditch, drain or canal.

History.—§6, ch. 5035, 1901; GS 955; §6, ch. 6457, 1913; RGS 1739; CGL 2790.

157.07 Where cost of construction exceeds estimated cost commissioners to assess difference.—Whenever any public drain or auxiliary thereto has been constructed, is now in process of construction, or may hereafter be constructed by the board of county commissioners, under the provisions of any law now in force, or that may hereafter be enacted, and the actual cost of the construction of said drain or auxiliary shall have exceeded or may exceed the estimated cost thereof, said board of county commissioners shall assess against the lands benefited or to be benefited by said drain or auxiliary thereto, the difference between the estimated cost thereof and the actual cost thereof.

History.—§1, ch. 5378, 1905; RGS 1740; CGL 2791.

157.08 Assessments; validation.—After the special drainage district has been constituted and the assessments have been made and levied by the board of county commissioners, and before awarding the contract for the construction of any such ditch, drain or canal, the board of county commissioners shall, as soon as practicable, issue and sell district drainage bonds for the total amount of such assessments, less the interest charges. Said bonds shall bear interest not to exceed six per cent per annum, payable semi-annually, with interest coupons attached thereto, and shall be issued in denominations of not exceeding one thousand dollars. The board of county commissioners shall, in issuing and selling said bonds, and in disbursing the proceeds thereof, act in substantial conformity with the provisions of these statutes applicable to the issue and sale of bonds for the purpose of constructing hard surfaced highways or public buildings; with the exception, that the assessments for the payment of interest and to provide a sinking fund for the payment of the bonds shall be assessed and collected only upon the taxable property within the boundary of such special drainage district; and the bond trustees shall reside in the county, but not necessarily in the drainage district, but in no case shall district bonds be issued or sold against any drainage district for a greater amount than the assessment imposed upon lands in such district, and the bonds shall be issued in such maturities as will enable them to be paid in installments from time to time as fast as substantial amounts shall accumulate from the collection of the assessments. And the validity of all bonds issued under this chapter may be determined and established in the manner provided by law for the validation of bonds issued by cities and municipalities.

History.—§7, ch. 5035, 1901; GS 956; §7, ch. 6457, 1913; §2, ch. 6958, 1915; RGS 1741; CGL 2792.

cf.—Ch. 75 Validation of municipal bonds.
Ch. 130 County bonds.

157.09 Compensation of committee.—The committee appointed by the county commissioners for the purpose aforesaid shall receive compensation for their services as may be agreed upon; provided, they shall not be paid

more than five dollars per day for time actually spent by each man.

History.—§9, ch. 5035, 1901; GS 958; §8, ch. 6457, 1913; RGS 1743; CGL 2794.

157.10 Application to lateral ditches.—The provisions of this chapter with reference to locating, surveying, cutting and maintaining the same, and every other provision of said chapter with reference to such public ditch, drain or canal, are made applicable to all lateral ditches and drains that may be deemed necessary or expedient for the drainage and benefit of lands lying in the vicinity of such public ditch, drain or canal, that may be reached, drained or benefited by lateral ditches or drains.

History.—§12, ch. 5201, 1903; GS 959; RGS 1744; CGL 2795.

157.11 Lateral drains may be established; commissioners may enlarge district or widen any drain; cost; proviso.—Lateral drains may be established in like manner as main ditches, drains or canals. Such lateral ditches, drains or canals may be made a part of the original plat and survey of such main ditch, drain or canal, and may be in the original petition therefor, or may be established in like manner under the provisions of this chapter, at any time after the completion of such main ditch, drain or canal. Any drain or lateral that has been constructed, or which may hereafter be constructed, under the provisions of this or any prior act, shall be and remain under the exclusive control and direction of the board of county commissioners, and no drain shall be connected therewith or cut into the same without the consent of the board of county commissioners first obtained in writing, stating how such connection shall be made, and the connection shall then be made in such manner as the said board shall direct; and any person failing to observe the direction of the board in making such connection shall be guilty of a misdemeanor. The said board of county commissioners may enlarge or extend any drain and drainage district, or deepen or widen any drain, and assess the property benefited and raise the money and pay the cost thereof under the same conditions and procedure provided herein for the establishment and construction of drains; provided, that a drain may be deepened and widened upon the petition of one-fourth of the owners of property, or the owners of one-fourth of the property originally assessed for the construction thereof. Any mistake, oversight, miscalculation or error in any proceedings had under this chapter may be corrected, and shall thereafter be deemed and held as valid and binding as if the same had not occurred.

History.—§13, ch. 5035, 1901; GS 960; §9, ch. 6457, 1913; §3, ch. 6958, 1915; RGS 1745; CGL 2796.

157.12 Duty of bond trustees to borrow money to pay interest on bonds until collection of first assessment; may issue notes; notes and bonds lien against lands; committee may issue notes.—Whenever any drainage district has

been constituted and district drainage bonds issued by the board of county commissioners, as provided in this chapter, the bond trustees shall borrow such money as shall be found necessary to pay the semi-annual installments of interest on said bonds until the collection of the first assessment levied against the lands in the drainage district, and said trustees may issue their negotiable notes, bearing interest at not more than eight per cent per annum, as evidence of and security for such loan as they may procure, and should there not be money to the credit of said drainage fund to pay any future installment of interest at the maturity thereof, the same shall be provided by the trustees in like manner; and the owner and holder of any such note or notes shall have by virtue thereof a lien against the lands in the drainage district, and the moneys raised by the assessments levied thereon for the payment of said note or notes. Bonds issued under this chapter shall be a lien upon the lands embraced within such drainage district, and such lien shall be prior in dignity to all others except taxes. Should the committee, provided for in §157.03, find it necessary to raise money to meet any expense incurred in the discharge of its duties before funds shall be provided by issue and sale of bonds, as herein stipulated, then and in that event the said committee, with the approval of the board of county commissioners, may issue negotiable promissory notes for such amount as shall be found necessary, said notes to bear interest not to exceed eight per cent per annum, and the owner and holder thereof shall have a like lien and be afforded like protection as herein provided for the holder of notes issued by the bond trustees.

History.—§10, ch. 6457, 1913; §4, ch. 6958, 1915; RGS 1746; CGL 2797.

157.13 Use of surplus of bond proceeds.—Should there remain any of the proceeds of the sale of said special drainage district bonds after paying for the construction of the improvements for which said bonds were issued, such surplus shall be held by the bond trustees and paid out by them, upon the order of the board of county commissioners, for the repair and maintenance of the public ditches, drains or canals within said special drainage district.

History.—§11, ch. 6457, 1913; RGS 1747; CGL 2798.

157.14 Owner may pay whole tax in one sum; county commissioners may make new assessments where former assessments found illegal; time in which assessments may be questioned in collateral proceedings.—Any person owning lands assessed for the purposes hereinbefore specified, may, at any time, pay in full the total amount assessed against his property and obtain a release therefrom from the board of county commissioners, and the same shall be entered upon the minutes of the board of county commissioners, and the board of county commissioners shall instruct the tax assessor to thereafter omit the said property, so released, from further assessment for said pur-

pose. And in the event any of the assessments herein provided for shall be found to be irregular or illegal, the said board of county commissioners may make new and other assessments in accordance with the provisions of this chapter, correcting such irregularities, until the owners of the land assessed shall have paid the amount for which they are properly assessable; and in no case shall the validity of any assessment be questioned in any direct or collateral proceedings brought more than three months after the report of the committee assessing the lands benefited shall be filed with the board of county commissioners and equalized and approved by said board.

History.—§12, ch. 6457, 1913; §5, ch. 6958, 1915; RGS 1748; CGL 2799.

157.15 County commissioners may issue bonds to pay script; decrease of assessment.—The county commissioners may, with the consent of the holder of any script issued under the provisions of any existing law to raise money to pay for the construction or the deepening or widening of any ditch, drain or canal, issue bonds for a corresponding or longer period, and sell the same and pay the script, or exchange with the holder thereof, cancel the original script and lower the annual assessment in accordance with the longer time the bonds may run.

History.—§13, ch. 6457, 1913; §6, ch. 6958, 1915; RGS 1749; CGL 2800.

157.16 Enlarging drains and assessing cost.—Whenever, heretofore or hereafter, a public drain or auxiliary thereto shall have been constructed by the board of county commissioners of any county under any law now in force, or that hereafter may be in force, the said board of county commissioners upon a petition of one-fourth of the owners of the property originally assessed for said drain, shall enlarge or deepen said drain or auxiliaries thereto and assess the cost of such enlargement or deepening of said drain or auxiliaries thereto against the lands benefited thereby.

History.—§2, ch. 5378, 1905; RGS 1753; CGL 2804.

157.17 Assessment to maintain drains.—Whenever any public drain or auxiliaries thereto shall have been constructed by the board of county commissioners of any county under any law now in force, or that may hereafter be in force, the said board of county commissioners may assess against the lands benefited by said drain or auxiliaries thereto the necessary cost of the maintenance and repair of said drain or auxiliaries thereto.

History.—§3, ch. 5378, 1905; RGS 1754; CGL 2805.

157.18 Awarding contract for enlarging or repairing drains.—Whenever it shall become necessary in the opinion of the county commissioners to enlarge or deepen any drain or auxiliary thereto, heretofore constructed, or that may hereafter be constructed, or to contract for the maintenance or repair thereof, the contract for doing such work shall be let

to the lowest bidder therefor, after public advertisement for such time as the county commissioners shall provide by resolution.

History.—§4, ch. 5378, 1905; RGS 1755; CGL 2806.

157.19 Where actual cost exceeds estimated cost; additional work; assessment for same.—Whenever during the construction of any drain or auxiliary thereto, and before the completion thereof, it shall be made evident to the board of county commissioners that the actual cost thereof will exceed the estimated cost thereof, or that further or additional work is necessary to complete said drain or auxiliary not covered or provided for in the original contract of construction, the said board of county commissioners may enter into any or all additional contracts for the additional work necessary to complete said drain or auxiliary thereto without advertising for bids thereon, and they shall make the best contract they can for the interests of the property owners, whose lands have been and will further be assessed to construct said ditch or auxiliary, and said board of county commissioners, shall make all further and necessary assessments against the lands already assessed to pay all necessary costs and charges for the full completion of said drain or auxiliary.

History.—§5, ch. 5378, 1905; RGS 1756; CGL 2807.

157.20 Appointment of committee to view work and make assessments; report to commissioners; form of assessment.—Whenever it shall become necessary to raise money for any of the purposes set out in §§157.07 and 157.19 the board of county commissioners shall appoint three competent and disinterested persons who are citizens of the county who shall view the work and all lands benefited by said drain or auxiliaries thereto, both those lands lying immediately along said drain or auxiliaries and those adjacent thereto, and shall assess against each parcel of land according and in proportion as each shall be benefited, its proportionate share of such additional cost of such drain or auxiliary above the estimated cost thereof, which said assessment shall be reported to the county commissioners at a regular meeting of said board, which said assessment shall show each parcel of land so assessed, the amount of said assessment and the names of the several owners, unless the said owners by diligent inquiry cannot be ascertained, when the names shall be given as unknown.

History.—§6, ch. 5378, 1905; RGS 1757; CGL 2808.

157.21 Enlargement of drains; appointment of committee; report to commissioners; letting contract; contractor's bond; payments; assessment.—Whenever the board of county commissioners shall have determined upon a petition, filed as provided in §157.16, to enlarge or deepen any drain, they shall appoint a committee of the three competent and disinterested persons who are citizens of the county, who shall cause an accurate survey to be made of the proposed work, and shall establish the depth

or width to which the same shall be deepened and shall make and present to the county commissioners at their next regular meeting, an estimate of the cost of said work, and upon the report of said committee to them, said county commissioners shall advertise not less than two weeks in a newspaper published in the county, for bids on said work, to be given to the lowest responsible bidder, with the privilege of rejecting all bids that may be offered, should the same be considered unreasonable; and in case the said bids are rejected, they may again advertise for further bids. The said board of county commissioners shall require of the person whose bid is accepted for said work a good and sufficient bond for the faithful performance of said contract, which said work shall be done under the supervision of the committee appointed as aforesaid. When the work shall be completed the committee shall certify the same to the board of county commissioners who shall also inspect such work before final payment is made to the contractor, and such confirmation with the report of the committee that the work has been done according to contract, shall be made a matter of record; provided, that nothing in this chapter shall prevent the county commissioners from making payments in installments during the progress of the work, if deemed expedient. Before letting such contract, the committee appointed by the commissioners shall view the lands to be benefited by the enlargement or deepening of said drain or auxiliary and assess each parcel according and in proportion as each shall be benefited, both those lands lying immediately along such ditch, drain or canal, and those adjacent thereto, for all the expenses that may be incurred in the enlarging or deepening of said drain and keeping the same in repair from year to year, and shall file a report of the same with the board of county commissioners, which said report shall show the several tracts of lands assessed and the names of the owners thereof, and the amounts assessed against each tract; provided, however, that if the owners of any tract cannot be ascertained by diligent inquiry, said tract shall be assessed as unknown.

History.—§7, ch. 5378, 1905; RGS 1758; CGL 2809.

157.22 Repairing drains; appointment of committee; report to commissioners; contract; bond; assessment, etc.—Whenever it shall become known to the board of county commissioners that it is necessary to repair any public drain or auxiliary thereto the said board of county commissioners shall appoint a committee of three competent and disinterested persons who are citizens of the county who shall ascertain the amount necessary for the repair of said work, and who shall report the same to the board of county commissioners at their next regular meeting, and upon the report of said committee to them they shall advertise not less than thirty days in a newspaper published in the county for bids on said work to be given to the lowest responsible bid-

der. Before letting the contract for the work, the said county commissioners shall require a sufficient bond from the contractor for the faithful performance of said work; when the work shall be completed the committee shall certify the same to the board of county commissioners who shall also inspect said work before final payment is made to the contractor, and such confirmation with the report of the committee that the work has been done according to contract shall be made a matter of record. Before letting such contract the committee appointed by the commissioners shall view the lands benefited by such drain or auxiliary and shall assess each parcel according and in proportion as each may be benefited, both those lands lying immediately along the drain or auxiliary thereto and those adjacent thereto for all the expenses that may be incurred in the repair of such drain, and shall file a report of the same with the board of county commissioners. Said report shall show each tract and parcel of land assessed, the amount of said assessment, and the names of the several owners, unless the owner cannot be ascertained by diligent inquiry, when the same may be assessed as unknown.

History.—§8, ch. 5378, 1905; RGS 1759; CGL 2810.

157.23 Objections to report of committee fixing assessment; notice; hearing; equalization; assessments; collection by tax collector.—Whenever the report of any committee appointed under the provisions of this chapter, showing the amount of assessment against any lands for work done, or to be done, in accordance with the provisions of this chapter shall have been filed with the board of county commissioners, they shall at once give notice by publishing in a newspaper published in said county, for not less than two weeks prior to a regular meeting that they will at their next regular meeting hear complaints from the owner or agent of any real estate against the assessment so made against said property and the said county commissioners shall have the full power to equalize the assessments so made against said real estate, but cannot raise or lower the entire assessment so made by the committee so appointed by them to make said assessment and said assessment when equalized shall, by the county commissioners when they are satisfied that such assessments are just and proper, be turned over to the tax assessor with instructions to levy such assessment upon such parcels of land as aforesaid; provided, that when the assessment shall have been made under §§157.07, 157.17 or 157.19, the notice published by the county commissioners shall only be required to contain the name of the drain or auxiliary thereto and the total amount of the assessment; and provided further, that when the assessment is made under §157.16, if no other lands are assessed than those assessed for the original construction of the drain or auxiliary thereto, then the notice given by the county commissioners need not contain anything but the name of said drain or auxiliary and the total amount of said

assessment, but if the assessment is made under §157.16 and any other lands are assessed than those assessed for the original cost of the drain or auxiliary then the notice given by the county commissioners shall, in addition to the name of the drain and the total amount of the assessment give the several additional tracts of land so assessed, the owners thereof and the amount of assessment against such additional tracts of land. Said assessments may be levied for one year or in yearly assessments for two, three, four or six years, according as it may be deemed advisable and for the best interests of those concerned, and shall be collected by the tax collector in like manner as other taxes are collected, and made a special fund for the cancellation or redemption of the indebtedness incurred in the construction of said drain or auxiliary as aforesaid.

History.—§9, ch. 5378, 1905; RGS 1760; CGL 2811.

157.24 Commissioners may issue interest bearing script against land to borrow money or pay for work; lien on land assessed.—When any assessments under the provision of this chapter have been ordered by the county commissioners they may issue script bearing six per cent interest against the lands assessed, redeemable in one, two, three, four or six years, as the case may be, upon which they may borrow money with which to pay for the work aforesaid, or shall have the right to pay said script when issued for the cost of the work contracted for, direct to the contractor at its face value, and such script shall be a lien upon the lands assessed as aforesaid until such script shall be redeemed, and the indebtedness fully satisfied; provided, that no lien shall lie or be enforced against any tract of land for more than the amount so assessed against said tract.

History.—§10, ch. 5378, 1905; RGS 1761; CGL 2812.

157.25 Compensation of committee; irregular assessment corrected.—The committee appointed by the county commissioners for the purposes aforesaid shall receive such compensation for their services as may be agreed upon.

In the event any of the assessments herein provided for shall be declared illegal by any court on account of any irregularities therein, the said board of county commissioners may make new and other assessments in accordance with the provisions of this chapter, correcting said irregularities until the owners of the lands assessed shall have paid the amount for which they are properly assessable.

History.—§12, ch. 5378, 1905; RGS 1763; CGL 2814.

157.26 Repair and maintenance of drains under supervision of county commissioners.—All ditches, drains and canals heretofore or hereafter constructed in any county of the state under the provisions of this chapter, shall for the purpose of maintenance and repair be and remain under the supervision and control of the board of county commissioners of the county where located.

History.—§1, ch. 6190, 1911; RGS 1764; CGL 2815.

157.27 Proceedings for making repair to drains, etc.—When it shall be made to appear to the board of county commissioners of any county that any such ditch, drain or canal within said county is in need of repair, that fact shall be entered upon the minutes of said board and published in at least one issue of a newspaper published in said county in and with the minutes of said board, and unless good cause to the contrary shall be shown by one or more interested owners of land to be taxed for said purpose, at the next regular meeting of the board, an order may be entered directing such repairs to be made.

History.—§2, ch. 6190, 1911; RGS 1765; CGL 2816.

157.28 Awarding contracts for repair, etc.—If the estimated cost of repairing any such ditch, drain or canal shall not exceed the sum of one hundred dollars, the board of county commissioners shall have full power to have the same done in such manner as said board may see fit; but if such estimated cost shall exceed one hundred dollars, then the contract shall be let to the lowest responsible bidder after giving four weeks' previous notice by advertising once each week in some newspaper published in the county, or by posting in five conspicuous places in the commissioners' district in which such ditch, drain or canal shall be located, and all work done shall be subject to the approval and acceptance of the board of county commissioners.

History.—§3, ch. 6190, 1911; RGS 1766; CGL 2817.

157.29 Levy of tax for maintaining and repairing drains; assessment and collection of tax; sale of land for unpaid taxes.—For the purpose of paying the cost of maintaining and repairing any such ditch, drain or canal and auxiliaries thereto, the board of county commissioners of the several counties of the state, wherein any such ditch, drain or canal is, or may be, located shall, when deemed necessary, levy such tax as in the opinion of said board may be deemed necessary for said purpose, which tax shall be levied upon the same lands originally assessed for the construction of such drain; and the expense of maintenance shall be borne by said lands in the same relative proportion as the original expense of constructing said drain, and the tax so imposed shall be levied and assessed by the same officers at the same time and in the same manner as other taxes are assessed, and shall be collected by the county tax collector as other taxes are collected, and in case of default in the payment of such tax the same penalty shall obtain and the lands may be sold and conveyed in the same way that lands are sold and conveyed for the collection of other taxes, and the money so collected shall be preserved in a separate fund for the maintenance of the ditch, drain or canal for the original construction of which such lands were assessed.

History.—§4, ch. 6190, 1911; RGS 1767; CGL 2818.
cf.—§298.66 Penalty for obstructing drainage canals, etc.

157.30 Re-assessment of lands where at-

tempt to establish ditch or canal irregular.—In all cases where there has been an attempt to establish a public ditch, drain or canal, in any of the counties of this state, and the county commissioners in pursuance of such attempt have proceeded to establish a public ditch, drain or canal, but there has been a failure to comply with the law, either in respect to the proceedings prior to the action by the county commissioners, or in respect to the subsequent proceedings, the lands specially benefited by such public ditch, drain or canal shall be subject to reassessment on account of such special benefit at any time within three years from the final completion of the work, or if bonds or scrip have been issued, at any time before said bonds or scrip shall become due, in case a former assessment shall be discovered to be defective, irregular, or not in compliance with law, or be declared by the judgment of a court to be void.

History.—§1, ch. 6963, 1915; RGS 1768; §1, ch. 9130, 1923; CGL 2819; §7, ch. 22858, 1945.

157.31 Notice of re-assessment for drainage.—In all such cases, the board of county commissioners, upon the matter being brought to its attention, shall cause to be published in some newspaper published in the county, once a week for a period of three weeks, a notice substantially in the following form:

"Notice of Re-assessment for Drainage.

Whereas, it has been discovered that the proceedings to establish a public ditch, drain or canal, commencing at _____ and running in a general _____ course through the following lands, viz. _____ were defective, and the assessment in pursuance thereof made was invalid, or irregular and not made in compliance with law, now, therefore, notice is hereby given to all persons interested, that the County Commissioners of _____ county, will be in session at _____ o'clock in the forenoon, at the court house, on the _____ day of _____, 19____, for the purpose of providing for a re-assessment of the property specially benefited by the said public ditch, drain or canal, and all persons interested are hereby notified to attend on the said day, and present objections, if any, to the said re-assessment, and are further notified that the board will give a hearing to all parties interested, and act on the said matter at the said meeting."

History.—§2, ch. 6963, 1915; RGS 1769; §2, ch. 9130, 1923; CGL 2820.

157.32 Reviewing complaints and making assessment against property benefited.—If it shall appear to the board, after hearing all parties interested, that the public ditch, drain or canal has been an actual special benefit to the property served by it, and that the proceedings for the establishment thereof have been carried out bona fide and without fraud, the board shall proceed to assess each parcel of land benefited thereby for the expenses incurred in the construction of such ditch, drain or canal in proportion to the benefit accruing,

and thereupon the board shall give notice once a week for two weeks, by publishing the same in some newspaper published in the county, that at its next regular meeting it will be in session for the purpose of reviewing the assessments and hearing complaints against the same. If no such complaints are filed in writing on the first day of the meeting of the board the assessments shall stand confirmed. If complaints are filed, the board shall hear and determine the same, and, if allowed, may modify or change the former assessments so as to equitably spread the burden on the property specially benefited.

History.—§3, ch. 6963, 1915; RGS 1770; CGL 2821.

157.33 Issuance of script to take up former script or bonds.—After the provisions of §§157.30-157.32 have been complied with, the board may issue script or bonds, as the case may be, to be delivered to the holder or holders of script or bonds issued pursuant to former proceedings upon surrender of the former script or bonds.

History.—§4, ch. 6963, 1915; RGS 1771; CGL 2822.

157.34 Re-assessments to have effect as original assessment.—All assessments made pur-

suant to the provisions of §§157.30-157.32, shall have the same force and effect as is provided in cases of original assessments, and payment thereof shall be provided for and be enforced in the same manner.

History.—§5, ch. 6963, 1915; RGS 1772; CGL 2823.

157.35 Assessments conclusive after lapse of six months.—After the lapse of six months from the final action of the board at its meeting to hear complaints against assessments, all assessments made shall be conclusive in any proceedings at law or in equity, in any court in this state.

History.—§6, ch. 6963, 1915; RGS 1773; CGL 2824.

157.36 Adjustment of drainage tax liens.—Boards of county commissioners may act as a board of adjustment in settling and adjusting all delinquent drainage tax liens levied for interest and sinking fund purposes in drainage districts created and established in their respective counties of Florida, under authority of this chapter or chapter 156, wherein the total delinquent drainage tax liens in such respective drainage districts are in excess of their respective total debt requirements.

History.—§1, ch. 17458, 1935; CGL 1936 Supp. 2824(1).

CHAPTER 158

EROSION PREVENTION DISTRICTS

- 158.01 Erosion prevention districts.
 158.02 Establishment; petition; election; etc.
 158.03 Commissioners; terms; organization; etc.
 158.04 Powers; resolutions; employees; etc.
 158.05 Taxation; millage; warrants; etc.
 158.06 Obtaining federal funds and aid; etc.
 158.07 Bonds; issuance; interest; maturity.

158.01 Erosion prevention districts.— Authority is hereby granted for the establishment of erosion prevention in any of the counties of the state.

History.—§1, ch. 20926, 1941.

158.02 Establishment; petition; election; etc.—

(1) Whenever one or more election precincts in any of the said counties of this state shall desire to establish an erosion prevention district as shall by this law be provided, not less than twenty per centum of the registered voters of the said voting precinct or precincts may file a petition with the board of county commissioners of said counties, requesting that an election shall be called within said precinct or precincts to determine whether or not an erosion prevention district shall be established. At the time of the filing of said petition the persons signing the same shall deposit with the board of county commissioners a sum of money sufficient to defray the costs of said election, the amount necessary for such purpose shall be fixed by the board of county commissioners. When the said petition is presented to said board and the money necessary to defray the costs is herein determined, it shall be the duty of the board of county commissioners of said county within not less than sixty days thereafter to call an election to be held in the said voting precinct or precincts to determine the question as to whether or not said district shall be established. If a majority of the qualified electors residing in the said precinct or precincts shall vote in favor of the establishment of such a district, then upon the official determination of the results of said election by the board of county commissioners, then the said district is hereby declared to be legally established. It shall be the duty of the board of county commissioners of said county or counties to canvass the returns of said election for this purpose.

(2) The election herein provided for shall be conducted in the same manner and under the same laws, rules and regulations as primary elections are now provided for by law. It shall be the duty of the board of county commissioners to provide the necessary ballots, voting places, inspectors, clerks and deputies for the holding of said election. The said ballots shall be so drawn as to permit the voter to express in the affirmative or the negative his wishes with reference to the establishment or non-establishment of said district.

History.—§2, ch. 20926, 1941.

- 158.08 Sale of bonds; validation; payment; etc.
 158.09 Election a prerequisite; conduct of election; voting lists; etc.
 158.10 Special taxing districts for purpose of protecting lands from damage by erosion, storm, etc., uniform tax levy.

158.03 Commissioners; terms; organization; etc.—The said district shall be governed by a board of three commissioners, who shall be appointed by the governor and who shall serve without compensation, provided, however, that they shall be entitled to a fee of two dollars each for attendance upon board meetings in addition to any traveling expenses paid pursuant to §112.061. The said commissioners shall hold office for a period of four years or until their successors are appointed and qualified. They shall be required to take the same oath to perform the duties of their office as is required of all state and county officers of this state. When the said board is appointed, one member thereof shall be elected as chairman of the board and one member shall be elected as secretary. The board shall provide itself with a seal, which shall be affixed to all official documents and resolutions of the said board.

History.—§3, ch. 20926, 1941; §8, ch. 63-400.

158.04 Powers; resolutions; employees; etc.—The said district by and through its legally constituted board of commissioners is hereby authorized by resolution of said board to estimate and determine a plan necessary to prevent erosion in all or any of the said district, and may employ the services of a competent engineer, attorney and clerical assistance to aid them in the preparation of said plan and shall by said resolution determine the cost thereof, and is hereby authorized to do all things necessary, to construct, establish and erect all bulkheads, seawalls and other structures necessary to prevent the erosion as aforesaid, and is authorized to defray the costs thereof from any funds belonging to said district. The power and right of eminent domain are hereby granted to the boards of commissioners of said districts. They shall be entitled to file suits in courts of competent jurisdiction for the purpose of condemning such properties as may be necessary for the furtherance of the purposes of such districts, and to this end said districts are authorized to contract, sue and be sued and exercise all powers necessary to carry out the functions and purposes for which said districts are created.

History.—§4, ch. 20926, 1941.

158.05 Taxation; millage; warrants; etc.—The said board of commissioners by resolution shall request the county commissioners of said county or counties to levy on all taxable property within said district a millage sufficient to defray the costs of the works herein authorized to be carried on and to provide for interest

and sinking funds on any notes, certificates, time warrants or bonds as may be issued under the authority of this act, providing, however, the said millage shall in no case exceed ten mills on the dollar on all taxable property within said district, and it shall be the duty of the board of county commissioners to make such levy as shall be requested by the board of commissioners of such erosion prevention districts. The tax collectors of the respective counties are hereby authorized and required to collect the said taxes at the same time and in the same manner as other county taxes are collected and they shall deposit the sums derived therefrom in a safe depository within the county where said district is located, and may require such depository to post an adequate surety bond to insure the safety of said funds, and it shall be the duty of said depository to pay out said funds on warrants, checks or drafts signed by the chairman of the board of commissioners of said district and countersigned by its secretary. Tax collectors are hereby allowed to charge the same fees as authorized by law for the collection of other county taxes. No warrants, checks or drafts shall be drawn on the depository holding the funds of said district except on resolution of the board regularly adopted, specifying the purpose or purposes for which said warrants, checks and drafts are drawn, but the depository of said funds shall not be required to determine whether such resolution is passed nor the validity thereof before paying such checks, warrants or drafts, but shall only look to the form and signatures of the same; provided, however, that no tax shall be levied on any property in such district, nor shall any bonds, time-warrants, or certificates of indebtedness be issued as hereinafter in §§158.07-158.09 provided, excepting in connection with an erosion protection project for the payment of which a federal or other governmental agency, other than such district created hereunder, pay at least one-half of the cost.

Provided that for the Captiva erosion district the commissions paid to the county tax assessor and the county tax collector on the millage assessed for the assessments and collections of taxes for said district shall be at the rate of three per cent to said county tax assessor and three per cent to the said county tax collector. All commissions previously paid to said county tax assessor and said county tax collector are hereby ratified and confirmed.

History.—§5, ch. 20926, 1941; §1, ch. 59-265.

158.06 Obtaining federal funds and aid; etc.—The said board of commissioners of said districts, whenever it may be necessary to meet the requirements of the United States government with reference to obtaining of federal funds in the further prosecution of its work from any agency of the U. S. government, they are hereby authorized by resolution of such board, to appropriate, set aside, transfer and expend from any fund of such district, such sums of money as may be necessary to obtain said grant from the federal government or any of its agencies, and to do all things necessary

and proper for such purpose.

History.—§6, ch. 20926, 1941.

158.07 Bonds; issuance; interest; maturity.—The board of commissioners of said districts be and they are hereby authorized and empowered to issue, deliver and sell interest bearing time warrants bonds and on certificates of indebtedness of the said district, in such sum as the board may determine to be necessary for the prosecution of the authority in them by this law vested. Such time warrants bonds certificates of indebtedness herein provided for shall be issued in denominations of from one hundred dollars to one thousand dollars, in the discretion of the board, and shall be payable to bearer, and shall be signed by the chairman of said board and counter-signed by the clerk thereof and shall have affixed thereto the official seal of the said board and shall bear interest at the rate not to exceed six per centum per annum and said interest may be represented by interest coupons attached to said time warrants, bonds or certificates of indebtedness payable to bearer and bearing the facsimile signatures of the chairman of said board and the secretary thereof. Said time warrants bonds or certificates of indebtedness shall mature at such time or times as may be determined by the said board.

History.—§7, ch. 20926, 1941.

158.08 Sale of bonds; validation, payment; etc.—Such time warrants, bonds or certificates of indebtedness herein provided for shall be sold at either public or private sale, as the board of commissioners may determine. If sold at private sale, the same shall not be sold for less than par, and if sold at public sale, public notice of sale shall be given by advertisement once each week for two consecutive weeks in a newspaper published in the county where the said district lies, and shall be sold to the highest bidder therefor, provided said board may reject any or all bids. The moneys derived from the sale of said time warrants shall be placed in the official depository of said district and be used for the purposes authorized by this law and shall be subject to the order of said board of commissioners as herein authorized. The said board of commissioners is hereby authorized, directed and empowered to pay the principal and interest maturing and becoming due on said time warrants, bonds or certificates of indebtedness from the current revenues of said districts and the board is hereby authorized, directed and empowered to transfer any necessary funds for such payments from any fund belonging to said districts. The said time warrants, bonds and certificates of indebtedness may be validated by proper proceedings in court, but validation thereof is not mandatory, nor necessary to the legality of said time warrants, bonds or certificates of indebtedness.

History.—§8, ch. 20926, 1941.

158.09 Election a prerequisite; conduct of election; voting lists; etc.—

(1) Section 158.07 shall be of no force and effect until there shall have been an election held

within the said district, in which election a majority of the freeholders who are qualified electors residing in said district shall participate. That said election for the issuance of the time warrants, bonds, or certificates of indebtedness shall be held at such time as shall be designated by the board of commissioners of such districts. It shall be the duty of the board of county commissioners of said counties to provide for the holding of said election in the same manner and under the same laws, rules and regulations as is now provided by general law for the holding of primary elections, costs of said election shall be paid by the district. Ballots shall be provided by the county commissioners so as to permit the electors to vote for or against the issuance of said time warrants, bonds, or certificates of indebtedness. It shall be the duty of the board of county commissioners of said counties to examine the registration books of the county supervisor of registration, and other public records of said counties, if necessary, to determine who are qualified electors and who are freeholders and reside within said district, and cause a list to be made of such persons who are thus qualified to vote in such election and shall furnish the inspectors and clerks of said voting precincts with such lists, which said list shall be the official list and no others shall be allowed to vote in said election, except it is proven that said list is in error, but said proof must be by the registration books of said counties, and the real estate records.

(2) If a majority of those voting are in favor of the issuance of said bonds, time warrants or certificates of indebtedness then the board of commissioners of said districts shall thereupon be and they are hereby authorized and empowered to issue and sell the same, as is provided by law. If a majority vote against the issuance of said bonds, time warrants or certificates of indebtedness, then none shall be issued. Elections to determine whether time warrants, bonds or certificates of indebtedness shall be issued shall not be held more often than annually. Provided, however, that any qualified elector who is a freeholder owning land in such districts and residing in any of the counties where such erosion districts are established shall be entitled to vote in any election held to determine whether time warrants, bonds or certificates of indebtedness shall be issued, and provided further that before such time warrants, bonds, or certificates of indebtedness shall be issued and sold a majority of all votes cast at said election shall be in favor of the issuance thereof.

History.—§9, ch. 20926, 1941.

158.10 Special taxing districts for purpose of protecting lands from damage by erosion, storm, etc., uniform tax levy.—

(1) Any special taxing district heretofore or hereafter created for the purpose of protecting the lands within said districts from damage by erosion, storms, tidal waves and currents, or high waters, and for the public benefit, by special act of the legislature of the state, through the governing board thereof, is hereby authorized to determine, assess, levy and col-

lect a uniform tax upon the real property located within said district for the purpose of paying the expenses incident to organizing said district, making surveys, assessing benefits and damages, and paying other necessary costs and expenses incident to the administrative expense of operating said district for a period of two years from the effective date of the act creating any of said districts.

(2) Provided, that the governing board of any of such district shall have given notice of its intention to determine, assess and levy such a uniform tax as is herein provided, or as is provided in the act creating such district, by mailing to each property owner owning lands within such district, such notice by first class, United States mail, addressed to said property owner to his last known address. When no address of said property owner is known other than that shown on the books of the tax collector of the county in which said district is located, then mailing of such notice to the address shown by the books of such tax collector shall be deemed sufficient. The notice hereinbefore provided for, shall give notice of the date, time and place of such meeting of the governing board of any such taxing district, whereat it is intended to determine, assess and levy the uniform tax herein provided for, or as is provided for in the act creating such district, and which notice shall be mailed to each property owner, addressed as aforesaid, not less than fourteen days prior to the date upon which said governing board of such district shall meet for the purpose of determining, assessing and levying such uniform tax as aforesaid.

(3) Provided further, that notice of such meeting of such governing board for the purposes aforesaid, shall be published in a newspaper of general circulation published in the county in which such district may be located, once each week for two consecutive weeks prior to the date of such meeting of such board, which notice so published, shall give notice of the date, time and place of the meeting of the governing board of such district, whereat it will determine, assess and levy such uniform tax.

(4) Any uniform tax determined, assessed and levied by any special taxing district referred to in subsection (1) hereof for the purposes set forth in said subsection under the authority vested in the governing board of said taxing district by this section, or by the special act of the legislature creating said district, be and the same is hereby ratified and confirmed, providing, the requirements of this section as to the notices to be mailed and published, have been or are complied with, and such notices mailed and/or the publication thereof begun prior to October 4, 1949, and completed after October 4, 1949 or has theretofore been published, shall be deemed sufficient, when such notices are mailed and/or published the length of time required by this section.

(5) No tax levy in excess of five mills annually shall be levied upon the taxable property within such districts under the provisions of this section.

History.—§§1-3, ch. 26330, 1949.

- 159.11 Trust funds.
- 159.12 Remedies of bondholders and trustee.
- 159.13 Revenue refunding bonds.
- 159.14 Alternative method.

159.01 Short title.—This chapter shall be known, and may be cited, as the "Revenue bond act of 1953."

History.—§1, ch. 28045, 1953.

159.02 Definitions.—As used in this chapter, the following words and terms shall have the following meanings, unless some other meaning is plainly intended:

(1) The word "municipality" shall mean any city, town, village or port authority in the state, whether incorporated by special act of the legislature or under the general laws of the state.

(2) The word "unit" shall mean any county or municipality in the state, now or hereafter created or established.

(3) The term "governing body," as applied to a county, shall mean the board of county commissioners, and as applied to a municipality, shall mean the council, commission or other board or body in which the general legislative powers of the municipality shall be vested.

(4) The word "project" shall include all property, rights, easements and franchises relating thereto and deemed necessary or convenient for the construction or the operation thereof, and shall embrace the following:

(a) As applied to a county, bridges, causeways and tunnels.

(b) As applied to a municipality, waterworks systems, bridges, causeways, tunnels, and harbor and port facilities.

(5) A project shall be deemed "self-liquidating" if, in the judgment of the governing body, the revenues and earnings thereof will be sufficient to pay the cost of maintaining, repairing and operating the project and to pay the principal and interest of revenue bonds (as hereinafter defined) which may be issued to pay the cost of such project or improvements thereof.

(6) The term "revenue bonds" shall mean the obligations issued by a unit under the provisions of this chapter to pay the cost of a self-liquidating project or improvements thereof and payable solely from the earnings of such project. And whenever the word "bonds" is used in this chapter, it shall be deemed to mean "revenue bonds."

(7) The word "bridge" and the word "tunnel" shall include not only the bridge or the tunnel but also all structures and equipment connected therewith and the approaches thereto and approach roads.

(8) The word "causeway" shall mean any raised road or way over and across any marshy ground, swamp, river, bay or water in the state, the bridges or tunnels and structures connected therewith, and the approaches thereto and approach roads.

(9) The term "waterworks system" shall mean and shall include water supply systems, water distribution systems and any integral part thereof, whether inside or outside the unit, and shall include but shall not be limited to reservoirs, wells, intakes, mains, laterals, aqueducts, pumping stations, standpipes, filter stations, purification plants, hydrants, meters, valves and equipment.

(10) The term "harbor and port facilities" shall include docks, wharves, piers, warehouses, terminals, refrigerating plants, channels, turning basins, connecting railroads, breakwaters, causeways and bridges, and bulkheads and equipment.

(11) The word "improvements" shall mean such repairs, replacements, additions, extensions and betterments of and to a project as are deemed necessary to place such project in proper condition for the safe, efficient and economic operation thereof, or necessary to preserve a project or to maintain adequate service to the public.

(12) The term "cost of improvements" shall mean the cost of construction or acquiring improvements as hereinabove defined and shall embrace the cost of all labor and materials, the cost of all lands, property, rights, easements and franchises acquired which are deemed necessary for such construction, the cost of all machinery and equipment, financing charges, cost of engineering and legal expenses, plans, specifications, surveys, and such other expenses as may be necessary or incident to such construction.

(13) The term "cost of a project" shall mean the cost of acquiring or constructing such project, and the cost of improvements, and shall include the cost of all labor and materials, the cost of all lands, property, rights, easements and franchises acquired, which are deemed necessary for such acquisition or construction, the cost of all machinery and equipment, financing charges, interest prior to and during construction and for one year after the completion of construction, engineering and legal expenses, cost of plans, specifications, surveys, estimates of construction costs and of revenues, other expenses necessary or incident to determining the feasibility or practicability

of such acquisition or construction, administrative expenses, and such other expenses as may be necessary or incident to the financing herein authorized and to such acquisition or construction and the placing of the project in operation.

History.—§2, ch. 28045, 1953.

159.03 General powers.—The governing body of any unit in the state is hereby authorized and empowered:

(1) to acquire by purchase or to construct, or partly acquire and partly construct, and to improve, repair, reconstruct, own, operate and maintain any self-liquidating project, either inside or outside or partly inside and partly outside of the boundaries or the corporate limits of such unit;

(2) to issue revenue bonds of such unit, payable solely from earnings, to pay the cost of a project or improvement thereof;

(3) to fix and collect rates, fees, tolls, rentals or other charges for the services and facilities furnished by such project;

(4) to acquire in the name of the unit, either by purchase or the exercise of the right of eminent domain, such lands and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property, as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement or operation of any project;

(5) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter, and to employ such consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and other employees and agents as may, in the judgment of the governing body, be deemed necessary, and to fix their compensation; provided, however, that all such expenses shall be payable solely from funds made available under the provisions of this chapter; and

(6) to receive and accept from any Federal agency grants for or in aid of the planning, construction, reconstruction or financing of any project, and to receive and accept aid or contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made.

History.—§3, ch. 28045, 1953.

159.04 Neither credit nor taxing power pledged.—

(1) Revenue bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the unit issuing the same or a pledge of the faith and credit of such unit, but such bonds shall be payable solely from the funds hereinafter provided therefor from revenues. All such bonds shall contain a statement on their face to the effect that such unit is not obligated to pay the same

or the interest thereon except from revenues and that the faith and credit of the unit are not pledged to the payment of the principal or interest of such bonds.

(2) The issuance of revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the unit to levy or to pledge any form of taxation whatever therefor. And no holder of any such revenue bonds shall ever have the right to compel any exercise of the taxing power on the part of such unit to pay any such bonds or the interest thereon or to enforce payment of such bonds or the interest thereon against any property of the unit, nor shall any such bonds constitute a charge, lien, or encumbrance, legal or equitable, upon any property of such unit.

History.—§4, ch. 28045, 1953.

159.05 Purchase of projects.—The governing body of any unit is hereby authorized to acquire by purchase, whenever it shall deem such purchase expedient, any self-liquidating project as hereinabove defined, or any such project, wholly or partly constructed, and any franchise, easements, permits and contracts for the construction of any such project, upon such terms and at such prices as may be reasonable and can be agreed upon between such governing body and the owner thereof, title to be taken in the name of the unit. The governing body may issue revenue bonds of the unit, as hereinafter provided, to pay the cost of the acquisition of such project.

History.—§5, ch. 28045, 1953.

159.06 Improvement of projects purchased.—It shall be the duty of the governing body at or before the time any such project shall be acquired by purchase, to determine what repairs, replacements, additions or betterments will be necessary to place the project in safe and efficient condition for use, and to cause an estimate of the cost of such improvements to be made. The governing body shall authorize such improvements before the sale of any revenue bonds for the acquisition of such project, and the cost of such improvements shall be paid for out of the proceeds of such bonds.

History.—§6, ch. 28045, 1953.

159.07 Construction of projects.—The governing body of any unit is hereby authorized and empowered to construct, whenever it shall deem such construction expedient, any self-liquidating project as hereinabove defined.

History.—§7, ch. 28045, 1953.

159.08 Revenue bonds.—

(1) The governing body of any unit shall have the power and it is hereby authorized to provide by ordinance or resolution, at one time or from time to time, for the issuance of revenue bonds of the unit for the purpose of paying all or a part of the cost as hereinabove defined of any one or more self-liquidating projects of the same class or of any improvements thereof. The principal and interest of such bonds shall

be payable solely from the special fund herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding five per centum per annum, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the governing body, and may be made redeemable before maturity, at the option of the unit, at such price or prices and under such terms and conditions as may be fixed by the governing body prior to the issuance of the bonds. The governing body shall determine the form of the bonds and the interest coupons to be attached thereto, the manner of executing the bonds and coupons, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All revenue bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. Provision may be made for the registration of any of the bonds in the name of the owner as to principal alone and also as to both principal and interest, and for the re-conversion of any of the bonds registered as to both principal and interest into coupon bonds. Such bonds may be issued without regard to any limitation on indebtedness prescribed by any other law and shall not be included in the amount of bonds which any unit may be authorized to issue under any statute or charter. The governing body may sell such bonds in such manner and for such price as it may determine to be for the best interests of the unit, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity. Prior to the preparation of definitive bonds, the governing body may, under like restrictions, issue interim receipts, interim certificates, or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The governing body may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than those proceed-

ings, conditions or things which are specifically required by this chapter.

(2) The proceeds of such bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the governing body may provide. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than the cost of the project, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the ordinance or resolution or in the trust agreement hereinafter mentioned, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same project. If the proceeds of bonds issued for any project shall exceed the cost thereof, the surplus shall be paid into the fund hereinafter provided for the payment of the principal of and the interest on such bonds.

(3) In the event that a unit has heretofore acquired or constructed a project as hereinabove defined, and, to pay the cost of such acquisition or construction or of improvements thereof, shall have issued revenue bonds or certificates of the unit payable from the revenues of such project, and in the further event that such unit shall desire to construct additions, extensions, improvements or betterments to such project or to acquire by purchase or to construct an additional project of the same class and to combine such additional project with the project theretofore purchased or constructed, and to refund such outstanding revenue bonds or certificates, such unit may provide for the issuance of a single issue of revenue bonds under the provisions of this chapter for the combined purposes (a) of refunding such revenue bonds or certificates then outstanding if they shall then be subject to redemption or can be acquired for retirement, and (b) of constructing such additions, extensions, improvements or betterments or of acquiring by purchase or of constructing such additional project of the same class, and the principal and interest of such revenue bonds shall be payable solely from the revenues derived from the operation of the combined projects.

(4) The ordinance or resolution providing for the issuance of the revenue bonds and the trust agreement hereinafter mentioned, may also contain such limitations upon the issuance of additional revenue bonds as the governing body may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such ordinance or resolution or by the trust agreement hereinafter mentioned. All moneys received from any bonds issued and sold under the provisions of this chapter shall be applied solely for the purposes for which the bonds shall be authorized or to the sinking fund created for the payment of such bonds.

(5) No revenue bonds shall be issued by a unit under the authority of this chapter unless the governing body of such unit shall have theretofore found and determined (a) the estimated cost of the project on account of which such bonds are to be issued, (b) the estimated annual revenues of such project, and (c) the estimated annual cost of maintaining, repairing and operating the project and the interest on such bonds and the principal thereof as such interest and principal shall become due.

History.—§8, ch. 28045, 1953.

159.09 Trust agreement.—In the discretion of the governing body, each or any issue of such bonds may be secured by a trust agreement by and between the unit and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State. Such trust agreement may pledge or assign the revenues to be received, but shall not convey or mortgage any project or any part thereof. Either the ordinance or resolution providing for the issuance of revenue bonds or such trust agreement may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the unit and the governing body thereof in relation to the acquisition, construction, improvement, maintenance, operation, repair and insurance of the project, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of this State to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the governing body. Such ordinance or resolution or such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds or debentures of corporations. In addition to the foregoing, such ordinance or resolution or such trust agreement may contain such other provisions as the governing body may deem reasonable and proper for the security of bondholders. Except as in this chapter otherwise provided, the governing body may provide, by ordinance or resolution or by such trust agreement, for the payment of the proceeds of the sale of the bonds and the revenues of the project to such officer, board or depository as it may determine for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust agreement may be treated as a part of the cost of operation of the project affected by such trust agreement.

History.—§9, ch. 28045, 1953.

159.10 Revenues of projects.—

(1) The governing body shall fix and revise

from time to time rates, fees, rentals, tolls or other charges for the use of each project or for the services and facilities furnished thereby and charge and collect the same. Such rates, fees, rentals, tolls or other charges shall be so fixed and adjusted, in respect of the aggregate of rates, fees, rentals, tolls or other charges from the project or projects for which a single issue of bonds is issued, as to provide a fund sufficient with other revenues, if any, of such project or projects to pay the cost of maintaining, repairing and operating such project or projects and the principal of and the interest on the revenue bonds as the same shall become due, and reserves for such purposes. Such rates, fees, rentals, tolls and other charges shall not be subject to supervision or regulation by any state commission, board, bureau or agency.

(2) All or a sufficient amount of the revenues derived from a project for which a single issue of bonds is issued, except such part thereof as may be required to pay the cost of maintaining, repairing and operating the project or projects and to provide such reserves therefor as may be provided for in the ordinance or resolution authorizing the issuance of the bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such ordinance or resolution or such trust agreement, in a sinking fund which is hereby pledged to, and charged with the payment of, (a) the interest upon such bonds as such interest shall fall due, (b) the principal of the bonds as the same shall fall due, and (c) any premium upon bonds retired by call or purchase as herein provided. The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the ordinance or resolution authorizing the issuance of the bonds or in such trust agreement, but, except as may otherwise be provided in such ordinance or resolution or such trust agreement, such sinking fund shall be a fund for the benefit of all bonds without distinction or priority of one over another.

(3) If any city or town or any department, agency or instrumentality thereof elects to avail itself of the services and facilities afforded by a project financed by it under the provisions of this chapter, it shall pay for the same at the established rates as the charges therefor accrue, and the revenues so received shall be deemed to be a part of the revenues of such project.

History.—§10, ch. 28045, 1953.

159.11 Trust funds.—All moneys received pursuant to the authority of this chapter, whether as proceeds from the sale of revenue bonds or as revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this chapter. The governing body shall, in the ordinance or resolution authorizing the issuance of such bonds or in the trust agreement, provide for the payment of the proceeds of the sale of the bonds and the revenues

to be received to any officer who, or to any agency, bank or trust company which, shall act as trustee of such funds, and hold and apply the same to the purposes hereof, subject to such regulations as this chapter and such ordinance or resolution or trust agreement may provide.

History.—§11, ch. 28045, 1953.

159.12 Remedies of bondholders and trustee.—Any holder of revenue bonds issued under the provisions of this chapter or any of the coupons attached thereto, and the trustee under the trust agreement, if any, except to the extent the rights herein given may be restricted by ordinance or resolution passed before the issuance of the bonds or by the trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the state or granted hereunder or under such ordinance or resolution or trust agreement, and may enforce and compel the performance of all duties required by this chapter, or by such ordinance or resolution or trust agreement, to be performed by the unit or its governing body or by any officer thereof, including the fixing, charging and collecting of rates, fees, rentals, tolls and other charges for the use of the project or for the services and facilities furnished thereby.

History.—§12, ch. 28045, 1953.

159.13 Revenue refunding bonds.—The governing body of any unit is hereby authorized to provide by ordinance or resolution for the issuance of revenue refunding bonds of such unit for the purpose of refunding any revenue

bonds then outstanding and issued under the provisions of this chapter or any other law for the purpose of paying all or a part of the cost of a project as defined in this chapter. The governing body of any unit is further authorized to provide by ordinance or resolution for the issuance of a single issue of revenue bonds of the unit for the combined purposes of (1) paying the cost of any improvements of a project or of acquiring by purchase or of constructing an additional project or projects of the same class and of (2) refunding revenue bonds of the unit which shall theretofore have been issued for such project and shall then be outstanding and which shall then have matured or be subject to redemption or can be acquired for retirement. The issuance of such revenue refunding bonds, the maturities and other details thereof, the rights of the holders thereof, and the duties of the governing body and of the unit in respect of the same, shall be governed by the foregoing provisions of this chapter in so far as the same may be applicable.

History.—§13, ch. 28045, 1953.

159.14 Alternative method.—This chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing. This chapter, being necessary for the welfare of the inhabitants of the counties and municipalities of the state, shall be liberally construed to effect the purposes thereof.

History.—§14, ch. 28045, 1953.

CHAPTER 160

REGIONAL PLANNING COUNCILS

160.01 Establishment of regional planning councils; membership, terms, compensation, etc.

160.01 Establishment of regional planning councils; membership, terms, compensation, etc.—

(1) Any two or more counties and municipalities are hereby authorized and empowered to create and to establish a regional planning council to be composed of two representatives appointed thereto by each county commission and municipal legislative body desiring representation on such council, and to appropriate moneys from their respective public funds for the purpose of carrying out the provisions of this law. In addition, each governmental unit shall be entitled to appoint one additional representative for each fifty thousand population residing within the boundaries of the municipality or county. Participating governmental units may designate to membership ex-officio and without vote their chief planning officer and/or engineer.

(2) Members of such regional planning council representing counties and municipalities shall receive no compensation for their services, but shall be reimbursed for traveling expenses as provided in §112.061.

(3) The term of office of the members of any regional planning council shall be for staggered terms of three years. The method of filling vacancies shall be determined by the county commissions and municipal legislative bodies desiring representation on such council.

History.— §1, ch. 59-369; (2) §19, ch. 63-400.

160.02 Powers of council.—Any regional planning council created hereunder shall have the following powers:

(1) To adopt rules of procedure for the regulation of its affairs and the conduct of its business, and to appoint from among its members a chairman to serve annually, provided that such a chairman may be subject to reelection.

(2) To adopt an official name and seal.

(3) To maintain an office at such place or places within the state as it may designate.

160.02 Powers of council.

(4) To employ and to compensate such personnel, consultants, and technical and professional assistants as it shall deem necessary to exercise the powers and perform the duties set forth in this law.

(5) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this law.

(6) To hold public hearings and sponsor public forums in any part of the regional area whenever it deems it necessary or useful in the execution of its other functions.

(7) To sue and be sued in its own name.

(8) To accept and receive, in furtherance of its functions, funds, grants and service from the federal government or its agencies; from departments, agencies and instrumentalities of state, municipal or local government; or from private or civic sources.

(9) To receive and expend such sums of money as shall be from time to time appropriated for its use by any county or municipality represented on such council and, with the approval of the Florida development commission, to act as an agency to receive and to expend federal funds for planning.

(10) To act in an advisory capacity to the constituent local governments in regional, metropolitan, county and municipal planning matters involving land use, water resources, highways, recreational areas, public schools, sewage and garbage disposal, public libraries, urban redevelopment and other matters concerning the acquisition, planning, construction, development, financing, control, use, improvement and disposition of lands, buildings, structures, facilities, goods or services in the interest of the public, or for public purposes involving the expenditure of public funds.

(11) To cooperate, in the exercise of its planning functions, with federal and state agencies in planning for civil defense.

History.— §2, ch. 59-369.

CHAPTER 161

SHORE AND BEACH PRESERVATION

- 161.01 Short title.
- 161.02 Legislative findings.
- 161.03 County shore and beach preservation authority; board of county commissioners.
- 161.04 Organizational and administrative expenses.
- 161.05 Personnel and facilities.
- 161.06 Comprehensive county shore and beach preservation program.
- 161.07 Benefit categories or zones.
- 161.08 Election for creation of shore and beach preservation district.
- 161.09 Establishment of district by resolution.

161.01 Short title.—This act may be known and cited as the shore and beach preservation act.

History.—§1, ch. 61-246.

161.02 Legislative findings.—It is hereby found as a matter of legislative determination that shores and beaches, in good condition and available in sufficient quantity to the public, are vitally important to the economy and the well-being of the people of Florida. It is, therefore, the purpose of this act to provide for shore and beach restoration and preservation programs for each of the several counties of the state bordering on either the Atlantic ocean or the gulf of Mexico. For purposes of this act, shore and beach preservation shall include, but not be limited to, erosion control, coastal flood control, shoreline and offshore rehabilitation, public beach acquisition, public beach development, public beach use-regulation, and regulation of work and activities likely to affect adversely the physical condition of the shore or beach. These and related purposes are hereby found to be necessary, proper and legitimate public and county purposes.

History.—§2, ch. 61-246.

161.03 County shore and beach preservation authority; board of county commissioners.—To carry out the shore and beach preservation program contemplated by §161.02, the board of county commissioners of any county and its successors in office, as an ex officio duty, are hereby severally constituted as the shore and beach preservation authority for their county. In this capacity, any such board may at its own initiative take all necessary steps as soon as practicable and desirable to implement the provisions of this act.

History.—§3, ch. 61-246.

161.04 Organizational and administrative expenses.—The board of county commissioners of any of said counties is authorized to use any available county funds to meet organizational and administrative expenses of its shore or beach preservation program. This shall not include expenditures for acquisition and construction of lands, works and facilities, or for the operation and maintenance of such. It may include, among other things, however, costs of

- 161.10 Cooperation with federal, state and other governmental entities.
- 161.11 Co-ordination of county preservation activities.
- 161.12 County shore line; supervisory and regulatory powers of board of county commissioners.
- 161.13 General powers of authority.
- 161.14 Capital costs; district benefits tax levy.
- 161.15 Maintenance and operation tax levy.
- 161.16 Issuance of bonds.
- 161.17 Tax exemptions.
- 161.18 Liberal construction.

studies, surveys, planning, engineering, co-ordination, negotiation and other activities incidental to acquisition and construction to the extent considered proper and desirable by the board.

History.—§4, ch. 61-246.

161.05 Personnel and facilities.—In carrying out the purposes of this act, a board of county commissioners may use to the extent feasible any personnel or facilities employed by or available to the county, and additionally may hire such personnel and contract for such services as may prove necessary or desirable, and, in accordance with established procedure, may contract with the engineering and industrial experiment station of the university of Florida for services, studies and advisory assistance from the coastal engineering laboratory of the university of Florida.

History.—§5, ch. 61-246.

161.06 Comprehensive county shore and beach preservation program.—The board of county commissioners of any of said counties, may, by assignments to legally qualified personnel, whose services are made available as provided in §161.05, initiate and carry on such studies and investigations as may be necessary to plan a logical and suitable program for comprehensive shore or beach preservation within its county. This program may incorporate all or part of the recommendations of the United States army corps of engineers concerning shore or beach restoration and erosion control, if there be any, and may additionally provide to an appropriate extent for the other aspects of shore or beach preservation defined in §161.02. In conducting its studies and making its plans for a shore or beach preservation program, the board shall hold sufficient public hearings to ascertain the views and feelings of affected property owners in the various localities of the county regarding the needs to be served and manner in which they should best be served. The board shall give proper and reasonable consideration to all evidence received in planning the shore or beach preservation program.

History.—§6, ch. 61-246.

161.07 Benefit categories or zones.—Upon adoption of a reasonably final plan of improve-

ment for the shore or beach preservation program, the board of county commissioners shall conduct, through the use of personnel competent and qualified in this field, an economic analysis of the proposed program, determining the nature and extent of benefits expected to accrue from the program and allocating these benefits to their proper recipients by categories or zones of comparable benefits. Benefits found shall be further divided into two groups, consisting of:

- (1) General benefits, or those which are public in nature, and
- (2) Special benefits, or those specifically accruing to certain identifiable properties or groups of properties. From time to time, but no more often than once every two years or upon major changes in the plan of improvement, the board shall conduct in the same or similar manner a new analysis to better determine and allocate actual or expected benefits.

History.—§7, ch. 61-246.

161.08 Election for creation of shore and beach preservation district.—The board of county commissioners, as the county shore and beach preservation authority, shall have the power to create and establish one or more shore and beach preservation districts within the particular county. Proceedings for the establishment of such district or districts may be initiated by the board upon its own recognition of a need or mandatorily upon petition by ten per cent of the registered freeholders within any area proposed for a district, except that the boundaries of such proposed district must first be approved by the board as being suitable and consistent with the comprehensive shore and beach preservation plan, and no district may be established under this act for an area found or held to be not suitable for such purpose in any respect by the board of conservation acting as the beach erosion control agency for the state under §370.02. After approving the boundaries of a proposed district, the board shall then advertise its intention to establish the district by publishing notice once each week for four consecutive weeks in a newspaper having general circulation in the area of the proposed district. Not less than two weeks and not more than four weeks following publication of the fourth and final notice, a public hearing, duly advertised as a part of the published notice, shall be held at a central and prominent place within the area of the proposed district. After holding said public hearing, the board of county commissioners may establish the proposed district upon its own motion or may submit the question as to whether the proposed district shall or shall not be established to the freeholders of the proposed district. If the board of county commissioners, in its discretion, determines that a referendum should be held, then all freeholders of the proposed district area who are qualified electors as determined by the county supervisor of registration, shall be eligible to vote and the majority of those actually voting shall decide whether the proposed district shall or shall not be established. All such elections shall be con-

ducted by and at the expense of the board. Elections for any particular proposed district shall be held not more than once in two years, except that this limitation shall not preclude all or part of an unsuccessful proposed district from being included within another proposed district for which the boundaries are sufficiently different in the eyes of the board to warrant an election.

History.—§8, ch. 61-246; §1, ch. 63-511.

161.09 Establishment of district by resolution.—Following a favorable vote at any election held to decide upon the creation of a shore or beach preservation district, or by a vote of the board of county commissioners as provided in §161.08, the board of county commissioners shall as soon as practicable officially establish such district by resolution, setting forth precise boundaries, the name, and any other specific information pertinent to the district in question. Such resolution shall be a valid and legal charter for the subject district for all required purposes, and shall be filed in the permanent records of the county. Districts established under the provisions of this act shall constitute public bodies corporate and politic, exercising public powers and all other powers and duties incident to such bodies. The board of county commissioners shall serve as the governing body for all districts created under this authority, and shall proceed as expeditiously as possible to determine and implement policy and program for each such district in accordance with the overall county program, except that the board may receive guidance in these matters for each district by a three-man advisory group which the board may appoint from any or each such district. Members of such advisory groups shall have no definite term of office, but shall serve at the pleasure of the board. To further provide for efficient administration of the district program, the board may hire such additional personnel or contract for such additional services as it considers necessary or desirable in each case. A uniform ad valorem tax of not to exceed one mill per year on all nonexempt taxable property within the district may be levied for a period of not more than two years to defray organizational and administrative costs of said district.

History.—§9, ch. 61-246; §2, ch. 63-511.

161.10 Cooperation with federal, state and other governmental entities.—The board of county commissioners, for itself or on behalf of any or all duly established shore or beach preservation districts within the county, may enter into co-operative agreements and otherwise co-operate with, and meet the requirements and conditions of, federal, state or other local governments or political entities, or any agencies or representatives thereof, for the purpose of improving, furthering and expediting the shore or beach preservation program. The board of county commissioners for and on behalf of each or any district created in accordance with this act is authorized to receive and accept from

any federal agency, grants for or in aid of any shore or beach preservation program contemplated by this act, and to receive and accept aid or contributions from any source, of money, property or other things of value. The commissioners are authorized to make application for federal participation in the cost of any shore or beach preservation program under any acts of congress and all amendments thereto.

History.—§10, ch. 61-246.

161.11 Co-ordination of county preservation activities.—The board of county commissioners shall co-ordinate the work and activity of all districts established hereunder and, to further insure harmony and consistency with the overall county shore or beach preservation plan, shall establish working liaison with each municipality and other agencies and groups involved in shore or beach preservation activity within the county.

History.—§11, ch. 61-246.

161.12 County shore line; supervisory and regulatory powers of board of county commissioners.—With the consent of the trustees of the internal improvement fund and of any municipality or other political authority involved, or when required, of the war department, the board of county commissioners may regulate and supervise all physical work or activity along the county shoreline, between the minus thirty foot contour of the Atlantic Ocean or Gulf of Mexico and as far inland as necessary, which might in any way affect the shore or beach preservation program. This regulatory and supervisory authority shall specifically include, but not be limited to, installation of groins, seawalls, bulkheads, jetties, piers and docks, and other coastal structures; dredging and filling of water bottoms for which permits have been processed in accordance with existing statutory authority including approval by the trustees of the internal improvement fund; excavation and earth moving in related upland areas. For this purpose, the board, with assistance as required from its professional personnel, may develop standards and criteria, issue permits and conduct inspections. All regulations and requirements prescribed by the board pursuant to this act may be enforced by mandatory injunction or other appropriate action in any court of competent jurisdiction.

History.—§12, ch. 61-246.

161.13 General powers of authority.—In order to most effectively carry out the purposes of this act, the board of county commissioners, as the county shore and beach preservation authority and as the governing body of each shore and beach preservation district established thereby, shall be possessed of broad powers to do all manner of things necessary or desirable in pursuance of this end; provided, however, nothing herein shall diminish or impair the regulatory authority of the trustees of the internal improvement fund under §253.03. Such powers shall specifically include, but not be limited to, the following:

- (1) To make contracts and enter into agreements,
- (2) To sue and be sued,
- (3) To acquire and hold lands and property by any lawful means,
- (4) To exercise the power of eminent domain,
- (5) To enter upon private property for purposes of making surveys, soundings, drilling and examinations, and such entry shall not be deemed a trespass,
- (6) To construct, acquire, operate and maintain works and facilities,
- (7) To make rules and regulations, and
- (8) To do any and all other things specified or implied in this act.

History.—§13, ch. 61-246.

161.14 Capital costs; district benefits tax levy.—To provide for the capital cost of the shore or beach preservation program, either by debt service or direct expenditure, the board of county commissioners as the governing body of each district created in accordance with this act may levy upon all taxable property within each district an ad valorem benefits tax in any amount necessary to meet the requirements of the program but not exceeding the reasonable ability of the district to pay. The tax shall be levied upon each taxable property in proportion to benefits said property will receive as determined by the most recent economic analysis of the program as provided for in §161.07. General benefits shall be uniformly applied on an ad valorem basis to the entire assessed valuation of each district, while special benefits shall be assigned to groups of specific properties which shall constitute zones because of the equal or comparable benefits each included property will receive. If the special benefits to all properties within any district are found to be equal or comparable, then the said district shall comprise only one tax zone. The proportional tax rate which each property within a district shall pay shall be determined by adding the general and special benefits assigned to its zone. The actual tax levy for any particular year shall depend on the revenue needs for that year. It shall be the duty of the board each year, sufficiently in advance of the preparation of the county tax roll, to establish the revenue requirements for each individual district for the fiscal year in question and certify this figure to the county tax assessor, who shall then assign shares of this total to each zone within the respective district according to the proportion of total benefits previously assigned. The share of total required revenue assigned each zone shall then be collected by an ad valorem levy on each taxable property within the zone. All taxes provided for in this act shall be levied and collected by the county in the same manner as other county taxes, and while unpaid shall constitute a lien of equal stature and dignity with other county taxes.

History.—§14, ch. 61-246.

161.15 Maintenance and operation tax levy.—In addition to the ad valorem benefits tax

for capital costs provided for in §161.14, the board of county commissioners may levy by the same procedure a maintenance and operation tax of not to exceed five mills per annum on all taxable properties within each district where such maintenance and operation funds are required. This tax shall not overlap the organizational and administrative tax provided for in §161.09, however, inasmuch as such continuing organizational and administrative costs may properly be defrayed as a part of maintenance and operation.

History.—§15, ch. 61-246.

161.16 Issuance of bonds.—The board of county commissioners, for and on behalf of each or any district created in accordance with this act, is authorized to provide from time to time for the issuance of bonds to obtain funds to meet the costs of the shore or beach preservation program; provided, however, that such issuance shall have first been approved at a duly conducted referendum election by freeholders within the subject district as provided for by law. The bonds of each issue shall be dated, shall bear interest at rates not to exceed six per cent, shall mature at such time not to exceed forty years from the date of issuance as determined by the board, and at the option of the board may be made redeemable before maturity under such terms and conditions and at such prices as fixed by the board prior to issuance. The board shall determine the form of such bonds, including any interest coupons to be attached thereto, the denomination of the bonds, and the place of payment of principal and interest which may be at any bank or trust company within or without the state. The resolution authorizing the issue may further provide that such bonds may be executed manually or by engraved, lithographed or facsimile signature. The appropriate seal may be affixed or lithographed, engraved or otherwise reproduced in facsimile on such bonds and shall be attested by the manual or facsimile signature of the county clerk; provided, however, that at least one of the signatures of executing officials on the bonds shall be manual. Signatures, manual or facsimile, of executing officials shall continue to be valid for all purposes whatsoever regardless of whether or not signing officials are still in office at the time bonds are actually delivered. Bonds may be issued in coupon or registered form as the board may decide, and provision may be made for the registration of any coupon bonds as to principal alone or as to principal and interest, and for the reconversion of coupon bonds or any bond registered as to principal and interest. The issuance of bonds provided for in this act shall not be subject to any limitations or conditions contained in any other law, and the board may sell such bonds in such manner, either at public or private sale, and for such prices as it may determine to be in the best interests of the district concerned, but no such sale shall be made at

a price so low as to require the payment of interest on money received therefor at a rate in excess of six per cent per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding from such computation, however, the amount of any premium to be paid for the redemption of any bonds prior to maturity. Prior to the preparation or issuance of definite bonds, the board may under like restrictions issue interim receipts or temporary notes or other form of such temporary obligations with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. Such bonds may be issued under the provisions of this act without obtaining the consent of any commission, board, bureau or agency of the state, and without any other proceeding or happening than specifically required by this act.

All bonds issued under this act shall constitute, and have all the qualities and incidents of, negotiable instruments under the law merchant and the negotiable instruments law of Florida, and shall not be invalid for any irregularity or defect in the proceedings for the issuance and sale thereof and shall be incontestable in the hands of bona fide purchasers for value. The provisions of this act shall constitute an irrevocable contract between the board and the holders of such bonds or coupons thereof issued pursuant to the provisions hereof. Any holder of such bonds issued under the provisions of this act, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may either at law or in equity, by suit, action or mandamus, force and compel the performance of the duties required by this act or of any of the officers or persons herein mentioned in relation to said bonds, or the levy, assessment, collection and enforcement and application of the taxes pledged for the principal and interest thereof as provided for in §161.14. Bonds issued under the provisions of this act shall not be subject to the consent or approval of any state board, commission or agency, but such bonds shall be validated in accordance with the provisions of chapter 75.

History.—§16, ch. 61-246.

161.17 Tax exemptions.—All properties, revenues and other assets of the board of county commissioners acting as the shore and beach preservation authority, or of any of the districts created thereby, shall, by recognition of its essential public function, be exempt from all taxation by the state or any political subdivision, agency or instrumentality thereof.

History.—§17, ch. 61-246.

161.18 Liberal construction.—The provisions of this act shall be liberally construed by all concerned in a manner to best accomplish the purposes and programs defined in §161.02.

History.—§18, ch. 61-246.

|---|--|

165.01 Number of inhabitants necessary to incorporate.—It is lawful for the male and female inhabitants, who are freeholders and registered voters of any hamlet, village or town in this state, not less than one hundred fifty in number, who shall have the qualifications hereinafter prescribed, to establish for themselves a municipal government with corporate powers and privileges as hereinafter provided.

History.—§1, ch. 2047, 1875; RS 658; GS 999; RGS 1825; CGL 2935; §1, ch. 23656, 1947; §1, ch. 26913, 1951.

Note.—Ch. 25758, Sp. laws of 1949, is specifically not repealed.

165.02 Distinction between cities and towns.—Whenever any municipal government is established, and it shall appear that there are three hundred registered voters within the limits to be designated, it is incorporated and designated as a city, entitled to the privileges of a city. All municipal governments having a less number of voters than those named above are designated and declared incorporated towns, entitled to the privileges and rights of incorporated towns.

History.—§3, ch. 1688, 1869; RS 659; GS 1000; RGS 1826; CGL 2936.

165.03 Publication of notice to assemble and organize.—Whenever any community of persons, both male and female, who are freeholders and

registered voters, shall desire to form a municipal corporation under the provisions of this chapter, they shall, for a period of not less than thirty days, cause to be published in some newspaper of the county, or by posting in three places of public resort in the immediate vicinage, a notice requiring all persons, male and female, who are freeholders and who are registered voters, residing in the proposed corporate limits, which shall be stated in this notice, to assemble at a certain time and place to select officers and organize a municipal government.

History.—§2, ch. 2047, 1875; RS 660; GS 1001; RGS 1827; CGL 2937; §2, ch. 23656, 1947.

165.04 Proceedings of meeting.—At the time and place designated in the notice aforesaid, the male and female inhabitants who are freeholders and registered voters present, being not less than two-thirds of those whom it is proposed to incorporate, and not less than twenty-five in number, shall select a corporate name and seal for the municipality which they propose to form, and designate by definite metes and bounds the territorial limits thereof. They shall then proceed to choose by a vote of a majority of the said male and female inhabitants who are freeholders and registered voters a mayor and not more than nine and not less than five aldermen, who

shall be known as the city council, and in whom shall vest the government of the city. There shall also be chosen at the same time and place, and in a like manner, a city clerk and a marshal. The mayor, clerk and the marshal shall continue in office for the period of one year from the date of their election, or until their successors are elected and qualified; provided that the metes and bounds in this section shall not in any case apply to the fixing or establishing the boundary lines of towns and cities now or heretofore incorporated by the now existing laws of this state.

History.—§4, ch. 2047, 1875; RS 661; GS 1002; RGS 1828; CGL 2938; §3, ch. 23656, 1947.

165.05 Terms of aldermen.—All aldermen elected for any incorporated city or town shall be elected for and hold their office for the term of two years; provided, that at the first meeting of aldermen so elected they shall by lot divide their body into two classes, as nearly equal in number as possible, one of which class shall hold office for two years, and the other class shall hold their offices for the term of one year, and an election shall be held to elect the successor of each class, so as to have their successors elected at the expiration of the term of the said classes, respectively.

History.—§1, ch. 3314, 1881; RS 662; GS 1008; RGS 1829; CGL 2939.

165.06 Oath of officers.—As soon as convenient, within three days from the date of the said election, the mayor-elect, shall take before some judicial officer of this state the following oath of office, viz.: "I, A. B., do solemnly swear (or affirm) that I will support, protect and defend the constitution and government of the United States and of the State of Florida against all enemies, domestic or foreign, and that I will bear true faith, loyalty and allegiance to the same, and that I am entitled to hold office under the constitution; that I will faithfully perform all the duties of the office of mayor of _____ on which I am about to enter. So help me God." And the mayor, upon being so qualified, shall administer to the aldermen and the other officers-elect the like oath, and thereupon they shall be considered fully qualified to assume the functions and powers and enter upon their several duties as officers of the city aforesaid.

History.—§5, ch. 1688, 1869; RS 663; GS 1004; RGS 1830; CGL 2940.

165.07 Transcript of proceedings of meeting.—A fair and complete transcript of the proceedings of the said meeting shall be prepared by the city clerk, in which shall be embodied the notice by which the meeting was convened, the number of qualified electors present, the style or name, seal and territorial limits of the corporation, and the names of the officers-elect to which the mayor and aldermen shall attach their signatures, attested by the clerk and the corporate seal, which transcript shall be forthwith filed with the clerk of the circuit court in and for the county within which the corporate limits are located, and shall be by him duly entered upon the public records of the said county.

History.—§6, ch. 1688, 1869; RS 664; GS 1005; RGS 1831; CGL 2941.

165.08 Powers of corporation.—The provisions of §§165.01-165.07 having been complied with, the persons therein named, and their successors, shall thereupon constitute and become a body corporate with full power and authority to take and to hold property, real, personal and mixed, and to control and dispose of the same for the benefit and best interest of the corporation aforesaid, to sue and be sued, plead and be impleaded, and to do all such other acts and things as are incident to corporate bodies.

History.—§7, ch. 1688, 1869; RS 665; GS 1006; RGS 1832; CGL 2942.

165.09 Jurisdiction to extend over waters in limits.—The jurisdiction of said cities and towns, and the authority of the officers thereof, shall be held to have full force and effect over the waters of all rivers, creeks, harbors or bays contained within the corporate limits.

History.—§4, ch. 1855, 1871; RS 666; GS 1007; RGS 1833; CGL 2943.

165.10 President of council.—The city council shall, immediately after organization, proceed to elect one of its members president, who shall preside over the council. The president so elected shall, in case of the absence, sickness or other disability of the mayor, act as mayor for the time being and while so acting shall be disqualified from presiding over the council who shall elect a president pro tem., to preside so long as the disability of the mayor exists. No mayor of any municipal government shall be president of the city council.

History.—§§1, 3, ch. 1855, 1871; RS 667, 668; GS 1008; RGS 1834; CGL 2944.

165.11 Ordinances to be submitted to mayor.—All ordinances passed by the city council shall be submitted before going into effect, to the mayor or person acting as such, for his approval. If approved he shall sign the same, when it shall become a law. If disapproved, he shall return the same with his objections in writing to the city council, at their next regular meeting, who shall cause the same to be entered in full upon the record of their proceedings, and proceed to consider the mayor's objections, and to act upon the same. If, upon consideration, the city council shall pass the same by a two-thirds vote of the members present, which vote shall be entered upon the records, the ordinance or ordinances shall then become a law, the mayor's objections to the contrary notwithstanding. Any ordinance which shall not be returned to the city council at the next regular meeting of the council after its passage, shall become a law in like manner as if signed by the mayor or person acting as such.

History.—§2, ch. 1855, 1871; RS 669; GS 1009; RGS 1835; CGL 2945.

165.12 Qualifications of electors.—Any person who shall possess the qualifications requisite to an elector at general state elections, and shall have resided in the city or town for six months next preceding the election and shall have been registered in the municipal registration as shall be prescribed by ordinance, shall be a qualified elector of the municipality at

such election, except in cases in this chapter otherwise provided; and, provided that state or county registration shall not be required to qualify an elector of a city or town.

History.—§8, ch. 1688, 1869; §3, ch. 8850, 1889; RS 670; GS 1010; RGS 1836; CGL 2946.

165.13 Council may regulate registration and election.—The city or town council may establish rules, regulations and fees, for the registration of voters, for the annual election of municipal officers, and for filling of all vacancies which may occur in the city or town government, and for such other municipal elections as may be authorized by law.

History.—§1, ch. 2034, 1874; RS 671; GS 1011; RGS 1837; CGL 2947.

165.14 Election boards.—In all cities and towns in the state, in which it is provided that the general, primary and special elections of said cities and towns shall be conducted and held under the supervision and control of election boards, and where, under the provisions of law creating such election boards, any other method whatsoever for the selection of members of said boards is provided, other than the method of being elected by the people at a general or primary election, said method of selection is declared changed to conform to the provisions of §165.15.

History.—§1, ch. 16983, 1935; CGL 1936 Supp. 2947(1).

165.15 Election of members of boards of election.—All members of boards of elections in the cities and towns in the state shall be elected by the qualified electors thereof and the terms of office of the members of said election boards shall be for the period as hereafter fixed. The governing body of each city and town in the state, where under any law whatsoever elections are now controlled and held under the supervision of an election board, shall make provision for the nomination and election at each regular municipal primary and general election to be held in said cities and towns for the election of the members of such board as now constituted, the majority of whom shall be elected for a period of four years and the remainder of whom shall be elected for a period of two years. When the term of office of those elected for a period of two years shall have expired, their successors shall be chosen and their term of office shall be for a period of four years so that a majority of the members of said election board shall be elected at one election and the remainder shall be elected at the next election so that the term of office of each member shall be four years.

History.—§2, ch. 16983, 1935; CGL 1936 Supp. 2947(2).

165.16 Members of election boards shall not be candidates voted for in election.—No member of election boards shall be a candidate for any office to be voted for in said election for a period of one year after service upon said board.

History.—§3, ch. 16983, 1935; CGL 1936 Supp. 2947(3).

165.17 Applies to all elections; certain municipalities excepted.—Section 165.15 shall ap-

ply to all elections held within said cities and towns, whether primary elections, general elections or special elections; provided, however, that nothing therein contained shall apply to any municipality created under and pursuant to §9, Art. VIII, of the constitution of the state adopted at the general election of the year 1934.

History.—§§4, 5, ch. 16983, 1935; CGL 1936 Supp. 2947(4).

165.18 Powers of council concerning election returns, expulsion, etc.—The city or town council may judge of the election returns and qualifications of its own members, make such by-laws and regulations for their own guidance and government as they may deem expedient and enforce the same by fine or penalty, and compel attendance of its members; and two-thirds of the council may expel a member of the same or other officer of the city or town for disorderly behavior or malconduct in office.

History.—§10, ch. 1688, 1869; RS 672; GS 1012; RGS 1838; CGL 2948.

165.19 Ordinances and penalties.—The city or town council may pass all such ordinances and laws as may be expedient and necessary for the preservation of the public peace and morals, for the suppression of riots and disorderly assemblies and for the order and government of the city or town, and to impose such pains, penalties and forfeitures as may be needed to carry the same into effect. Provided, that such ordinances shall not be inconsistent with the constitution and laws of the United States or of this state; and provided, further, that for no one offense made punishable by the ordinances and laws of said city or town shall a fine of more than five hundred dollars be assessed, nor imprisonment for a period of time greater than sixty days.

History.—§1, ch. 3024, 1877; RS 673; GS 1013; RGS 1938; CGL 2949.

165.191 Authority to adopt published code by reference.

(1) As used in this section, the following terms shall have the meanings indicated as follows, unless the context otherwise requires:

(a) "Code" shall mean and include any published compilation of rules and regulations which have been prepared by various technical trade associations and shall include specifically, but shall not be limited to, building codes; plumbing codes; electrical wiring codes; health or sanitation codes; fire prevention codes; inflammable liquids codes; codes for the slaughtering, processing, and selling of meats and meat products for human consumption; codes for the production, pasteurizing and sale of milk and milk products, together with any other code which embraces rules and regulations pertinent to a subject which is a proper municipal legislative matter;

(b) "Public record" shall mean and include city, state or federal statute, ordinance, rule or regulation adopted prior to the exercise by the municipality of the authority to adopt or incorporate by reference as herein granted;

(c) "Published" shall mean printed, litho-

graphed, multigraphed, mimeographed, or otherwise reproduced.

(2) Any municipality is hereby authorized and empowered to adopt or incorporate by reference the provisions of any code or public record, or any portion thereof, without setting forth the provisions of such code or public record in full, provided that at least three copies of such code or public record (except Florida or federal statutes) which is adopted or incorporated by reference are filed in the office of the city clerk, and there kept available for public use, inspection and examination. The filing requirement herein required shall not be deemed to be complied with unless the required copies of such code or public record are filed with the city clerk for a period of ten days prior to the passage of the ordinance adopting or incorporating such code or public record by reference.

(3) Nothing contained in this section shall be deemed to relieve the municipality from any requirement of publishing any ordinance which adopts or incorporates any such code or public record by reference, but all provisions applicable to such publication shall be fully and completely carried out as if no code or public record was adopted or incorporated therein.

(4) Nothing contained in this section shall be deemed to permit the adoption of the penalty clauses by reference which may be established in the code or public record which is adopted or incorporated by reference, but all penalty clauses shall be set forth in full in the adopting ordinance and be published along with and in the same manner as the adopting ordinance is required to be published.

(5) Any subsequent amendments or revisions of any such code or public record may be adopted or incorporated by reference in the same manner as the original, as above authorized.

(6) Municipalities adopting any code or codes as provided for in this section are hereby authorized and empowered to provide for the appointment of officers boards, and/or commissions to administer or enforce such code or codes, except as otherwise provided by law.

(7) Municipalities shall not be required to re-adopt any such code or public record heretofore adopted or incorporated by reference; but all previous adoptions or incorporations by reference, which would have been valid if this section had been in effect, are hereby ratified and declared effective, provided, however, that the requisite number of copies are forthwith filed with the city clerk, if they have not already been so filed.

History.—§§1-7, ch. 28000, 1953; (2) §1, ch. 29870, 1955.

165.192 Codification of ordinances.—

(1) Any municipality is hereby authorized and empowered to revise and codify its ordinances, or any part of them, into one or more volumes, either bound or in loose-leaf form, without the publication or posting of any part thereof, except that the ordinance adopting such revision or codification shall be enacted

in accordance with the requirements for the passage of ordinances pertaining to such municipality. The ordinance adopting said revision or codification may provide for the repeal of certain ordinances and parts of ordinances by the deletion or omission of same from the revision or codification.

(2) Any revision or codification of ordinances heretofore adopted by any municipality at any time prior to May 14, 1953, which would have been valid if this section had been in effect, is hereby ratified and validated in all respects whatsoever.

History.—§§1, 2, ch. 28001, 1953.

165.20 Council to keep record and publish ordinances.—The city or town council shall keep or cause to be kept a regular record of their proceedings and ordinances, and they shall promulgate, without unnecessary delay, all laws and ordinances which they may enact by posting at the door of the city or town hall, and at one other public place within municipality, or by publishing the same in any newspaper in said city or town, in either case for a period of not less than four weeks.

History.—§27, ch. 1638, 1869; RS 674; GS 1014; RGS 1840; CGL 2950; §1, ch. 28166, 1953.

165.21 Appointment of deputies by city or town clerk.—The clerk of any city or town in the state may appoint a deputy clerk, who shall exercise the powers and perform the duties of such clerk during his absence or inability to act, and whose compensation shall be paid by the city or town clerk appointing him.

History.—§1, ch. 5462, 1905; RGS 1841; CGL 2951.

165.22 Meetings of council to be public; penalty.—All meetings of any city or town council or board of aldermen of any city or town in the state, shall be held open to the public of any such city or town, and all records and books of any such city or town shall be at all times open to the inspection of any of the citizens thereof.

Any city or town councilman, or member of any board of aldermen, or other city or town official, who shall violate the provisions of this section, shall, upon conviction, be fined not more than one hundred dollars, or be imprisoned not more than two months.

Such conviction shall immediately vacate the office held by such city or town councilman, or member of the board of aldermen, or other officer of such city or town.

History.—§§1, 2, 3, ch. 5463, 1905; RGS 1842, 5379, 5380; CGL 2952, 7514, 7515; §7, ch. 22858, 1945.
cf.—§775.06 Alternative punishment.

165.23 Other municipalities declared legally incorporated.—All cities and towns which now are and for ten years last past have been exercising municipal governments are declared legally incorporated.

History.—Ch. 3748, 1887; RS 726; GS 1100; RGS 1947; CGL 3050.

165.24 Acts made valid.—All acts and doings of cities and towns included in §165.23, and of the government and officers of the same,

done under any law of the state, are declared valid; and said municipal corporations and governments, and all the officers of the same, shall have the powers and privileges granted by law, approved February 4, A. D. 1869, and all subsequent laws relating to municipal corporations and the governments of the same.

History.—§2, ch. 1885, 1872; RS 727; GS 1101; RGS 1948; CGL 8081.

165.25 Voluntary retirement with half pay authorized for elective officers of cities or towns; appropriation.—From and after June 3, 1939, whenever any elective officer of any city or town of this state has held any elective office of such city or town for a period of twenty years or more consecutively, such elective officer may voluntarily resign or retire from such elective office with the right to be paid, and he shall be paid on his own requisition, by such city or town, during the remainder of his natural life, a sum equal to one half of the full amount of the annual or monthly salary that such city or town was authorized by law to pay said elective officer at the time of his resignation or retirement; and each city and town shall appropriate and provide in its annual budget sufficient moneys to meet the requirements of this section. In cases where an elective officer during his term of office entered or enters and served or serves in the armed forces of the United States during any period during which the United States was or shall be engaged in war and thereafter was or shall be appointed or again elected to the same elective office prior to discharge from such service in the armed forces, such time of service in the armed forces shall not be construed to be a break in consecutive service and shall be counted in determining the years of consecutive service of such elective officer.

History.—§1, ch. 19247, 1939; CGL 1940 Supp. 2998(1); §1, ch. 57-805.

165.26 Proceedings to surrender franchise.—Any city or town incorporated under the laws of this state may surrender its franchise in the following manner: Upon petition of one-third of the registered voters of such city or town, the mayor shall issue a proclamation ordering an election to be held in such city or town on a day not less than thirty nor more than sixty days from the issuance of the proclamation. Those wishing to vote in favor of a surrender shall have written or printed on their tickets the words, "For Surrender of the Franchise," and those wishing to vote against a surrender shall have written or printed on their tickets the words, "Against Surrender of Franchise." The election shall be conducted, and the returns canvassed, under such rules and regulations as the town or city council may prescribe. If two-thirds of the votes cast at such election shall be in favor of the surrender of such franchises they shall stand and be deemed surrendered from the thirtieth day after the election.

History.—§1, ch. 8317, 1881; RS 728; GS 1102; RGS 1949; CGL 8082.

165.27 Certificates of result of election.

—The city or town council shall cause to be entered upon the minutes of its proceedings, immediately after the result of said election is declared, a certificate or declaration of the result thereof, and they shall also transmit a certified copy thereof to the secretary of state, and if the result is in favor of a surrender he shall give notice in two gazettes of such surrender and record such certificate in a book to be kept for that purpose.

History.—§1, ch. 8317, 1881; RS 729; GS 1103; RGS 1950; CGL 8083.

165.28 Payment of debts.—If such city or town, at the time of dissolution, shall owe any debt, any property or assets of such municipality which belonged thereto at the time of such dissolution, shall be subject to legal process for the payment of such debt; and, if it shall be necessary in order to pay any such debt, to levy any tax or taxes on the property in the territory or limits of the dissolved municipality, the same may be assessed and levied by order of the county commissioners of the county wherein the same is situated, and shall be assessed by the county assessor of taxes and be collected by the county tax collector. The proceedings in the assessment, collection, receipt and disbursements of such taxes shall be like the proceedings concerning county taxes as far as applicable.

History.—§1, ch. 8317, 1881; RS 730; GS 1104; RGS 1951; CGL 8084.

165.29 Sections not applicable in certain counties.—Sections 165.01-165.08 shall not apply to or be effective in any county having a population of not less than three hundred ninety thousand nor more than four hundred fifty thousand according to the latest official decennial census.

History.—§1, ch. 23615, 1947; §1, ch. 57-833; §1, ch. 61-3.

165.30 Municipal corporation, validity of existence; quo warranto.—Any person, or persons, association of persons, or corporation, who shall be the owner or owners of lands located and situate within the territorial boundary of a city, town or hamlet within the state shall have the right, upon refusal of the attorney general to institute proceedings in the name of the state upon the relation of such person or persons, to institute proceedings upon writs of quo warranto, or upon information in the nature of such writs, in the name of the state, to attack or challenge the validity of the municipal corporation wherein such lands are located, and the legal existence of its corporate franchises. In all such proceedings, the said municipal corporation and the members of its governing body shall be made parties defendant. The information filed in such proceedings shall set forth under oath a prima facie case of right in the relator or relators to challenge the validity of the municipal corporation of the exercise by it of its municipal franchises.

|--|---|

166.01 Municipalities may amend or alter their charters; proviso.—Every city and town in the state, whether incorporated by a special act or under the general laws of the state relating to cities and towns, in the manner herein prescribed, may alter or change the numbers, powers, duties, compensation, terms of office, and the time and manner of election or appointment of any and all officers and boards, whether created by or recognized in state legislation or ordinances; abolish any or all offices and boards, whether created by or recognized in state legislation or ordinances, and create such offices and boards as may be deemed proper for the government of such city or town, and provide the manner of their election or appointment, and otherwise determine the manner in which its corporate powers shall be exercised, by amending its charter, or adopting a new charter, consistent with the constitution and the general laws of the state; or whenever a city or town has, by special laws, greater or more extensive powers than those conferred on cities and towns by the general laws of the state, then and in that case, consistent with such special laws giving such city or town special powers and in other respects consistent with the constitution and general laws of the state; provided, however, that this article shall not be so construed as to authorize any city or town to enlarge its corporate powers beyond the limitations prescribed by law, except that it may extend its territorial boundaries as provided by law.

History.—§1, ch. 6940, 1915; RGS 1971; CGL 8127.

166.02 Charter or amendments proposed by charter board; board elected.—A charter or amendments to the charter of any city or town may be proposed only by a charter board, consisting of the number of members hereinafter designated, who shall be elected by the qualified voters of each city or town not oftener than once in every two years, at a time to be designated by resolution of the council or legislative department of such city or town, or at a time to be so designated on petition of twenty per cent of the qualified voters of such city or town; provided, that if said resolution is

adopted, not more than ninety days and not less than forty days before any general city or town election, then the members of said board shall be elected at such general election.

History.—§2, ch. 6940, 1915; RGS 1972; CGL 8128.

166.03 Membership of board; qualifications of members.—Charter boards shall be composed of the following number of members: In cities and towns having a population of five thousand or less, five members; in cities having a population of more than five thousand and not more than twenty thousand, nine members; and in cities having a population of more than twenty thousand; fifteen members; the population in each instance to be determined by the federal or state census, as the case may be, next preceding the election of said board. The members of said board must be resident qualified voters of the city or town for which they are elected.

History.—§3, ch. 6940, 1915; RGS 1973; CGL 8129.

166.04 Council may by resolution call election for purpose of electing charter board; proviso.—Whenever the council or legislative department of any city or town deems it for the best interests of its citizens that a change be made in the form of the municipal government, it may adopt a resolution, by a majority vote of all its members, calling an election to be held on a day to be specified in said resolution, not less than forty days nor more than ninety days thereafter, for the purpose of electing a charter board by the qualified electors of such city or town; provided, however, that whenever any such election has been held, no other resolution for that purpose shall be adopted earlier than ninety days prior to the expiration of two years after the holding of such election.

History.—§4, ch. 6940, 1915; RGS 1974; CGL 8130.

166.05 Election may be called by petition to council; form of petition.—If the council or legislative department of any city or town shall not within ninety days after this act shall take effect, or within ninety days after the expiration of two years from the time a charter board was last elected therefor, adopt a resolution calling an election for the purpose of electing a

charter board, an election may then be called for that purpose on petition to the council or legislative department of such city or town, requesting the council or legislative department thereof to call such election as aforesaid. Said petition shall be signed by at least twenty per cent of the qualified voters of such city or town, and each signer thereof shall add to his signature his place of residence, giving the street and number, if any; and one of the signers of each separate paper containing the signatures of voters signing said petition shall make oath before an officer competent to administer oaths, that each signature to the paper appended is the genuine signature of the person whose name it purports to be. On the presentation to the council or legislative department of the city or town of such petition, whether on the same or different papers, said petition shall be immediately referred to the clerk or secretary of the council or legislative department and the registration officer or similar officer of said city or town, and provision shall at the same time be made for such clerical assistance as may be necessary for comparing the names on said petition with the registration books, so that the work may be completed within ten days. If the number of names on such petition are not sufficient to call an election, as herein provided, said officers shall retain said petition and receive additional petitions of the same character and for said purpose for a period of thirty days, unless the requisite number is sooner obtained, when they shall finally canvass the same and shall certify the result thereof to the council or legislative department of such city or town. If the requisite number of the signatures of qualified voters to warrant the calling of such election appear on said petition or petitions and from the certificate of the canvass thereof, and said election shall not have been called by the council or legislative department, then it shall forthwith adopt a resolution designating a day for the holding of such election, which shall not be less than forty days nor more than ninety days after the adoption of such resolution.

History.—§5, ch. 6940, 1915; RGS 1975; CGL §131.

166.06 Notice of election.—Notice of said election shall be given by the clerk or secretary of the council or legislative department, by publishing the same in a newspaper published in such city or town once each week for four consecutive weeks next preceding said election, the first publication thereof to be not less than twenty-five days prior to such election; but if no newspaper is published in such city or town, then said notice shall be published as aforesaid in a newspaper published in the county, and three copies of said notice shall be posted at least twenty-five days before said election in said city or town, one at the city or town hall, and at two other conspicuous places in such city or town.

History.—§6, ch. 6940, 1915; RGS 1976; CGL §132.

166.07 Manner of holding election.—The officers whose duty it is to provide for the holding of elections in such city or town shall make

all necessary arrangements for the holding of such election for electing a charter board, and the same shall be held and the expenses thereof paid in the same manner as elections are therein held for the election by qualified voters of city or town officers; and the number of candidates equal to the number of members to be elected, who receive the highest number of votes at said election, shall be thereby elected members of the charter board.

History.—§7, ch. 6940, 1915; RGS 1977; CGL §133.

166.08 Organization of charter board.—The members of said charter board shall, within thirty days after their election, meet and organize by electing a chairman and adopting rules of procedure. The clerk or secretary of the council or legislative department of such city or town shall be clerk of said board, and he shall keep minutes of all the proceedings of said board, and the same shall be entered in a book to be provided for that purpose, and shall be kept as a public record in his office. All meetings of said board shall be held at the city or town hall and shall be open to the public.

History.—§8, ch. 6940, 1915; RGS 1978; CGL §134.

166.09 Duty of charter board; expenses of board.—The charter board, as soon as organized, shall consider a new charter or amendments to the charter, and shall draft such charter or amendments to the charter as they may deem proper, which draft shall be signed and adopted by a majority of all the members of said board, and their work shall be concluded within ninety days after their election. No resolution adopted or petition filed under the provisions of this chapter shall be construed as a limitation on the powers of said board in any manner other than as provided in this chapter. The expenses of said board shall be paid by the city or town when the same shall be certified by the chairman and secretary of said board to the proper officials of such city or town.

History.—§9, ch. 6940, 1915; RGS 1979; CGL §135.

166.10 Submission of proposed charter or amendments to the qualified voters; form of ballot.—The charter or charter amendments proposed by the charter board shall be submitted to the qualified voters of the city or town at a general or special election at a time to be designated by said board, which shall be within sixty days after their final adjournment. Said board shall prescribe in the proposed charter or charter amendments the form of ballot to be used at such election, which shall be, as nearly as practicable, the same as required in other elections; and said board shall submit said proposed charter or charter amendments as a whole, and the subject matter of the proposed charter or charter amendment shall be briefly stated on the ballot, so that each voter shall have the opportunity of voting for or against the approval of the same.

History.—§10, ch. 6940, 1915; RGS 1980; CGL §136.

166.11 Proposed charter or charter amendments to be published prior to election; notice

of election.—The clerk or secretary of the council or legislative department of such city or town shall have said proposed charter or charter amendments, together with a notice of the election, published in a newspaper published in such city or town once each week for four successive weeks next preceding said election, the first publication thereof to be not less than twenty-five days prior thereto; but if no newspaper is published in such city or town, the said charter or charter amendments and notice of election shall be published as aforesaid in a newspaper published in the county, and three copies of said charter or charter amendments and said notice of election shall be posted for at least twenty-five days prior to said election in said city or town, one at the city or town hall and at two other conspicuous places in said city or town.

History.—§11, ch. 6940, 1915; RGS 1981; CGL 8137.

166.12 Appointment of election commissioners; to hold election and canvass returns.—Said charter board shall appoint three of their number who shall act as a board of election commissioners for the purpose of holding said charter election and canvassing the returns and certifying the results thereof, and they shall have all the powers and perform all the duties pertaining to such election as the council or legislative department or other city or town officers have and perform in the holding of general city or town elections. Said charter elections shall be held, as nearly as may be, in the same manner as other city or town elections, and the expenses thereof shall be paid by the city or town.

If, at said election, a majority of the qualified voters voting thereat shall ratify the proposed charter or charter amendments, it or they shall, at the end of ninety days thereafter, unless a different time be therein provided, become the

charter or part of the charter so amended, as the case may be.

History.—§12, ch. 6940, 1915; RGS 1982; CGL 8138.

166.13 Charter or charter amendments and returns to be recorded.—Whenever any charter or charter amendment shall be adopted as provided in §166.12, it, together with the certificate of the officers canvassing the returns of said election, shall be recorded among the ordinances of the city or town, and a certified copy thereof shall be recorded in the office of the clerk of the circuit court in the county in which such city or town is located, and also in the office of the secretary of state, in a book to be provided in each of said offices for that purpose, to be known and designated as "Municipal Charters," and when so recorded, the courts of this state shall take judicial notice thereof.

History.—§13, ch. 6940, 1915; RGS 1983; CGL 8139.

166.14 Rights vested under new charter or charter amendments.—Any city or town adopting a new charter or charter amendment under the provisions of this chapter shall succeed to the title, right and ownership of all property, uncollected taxes, dues, claims, judgments, decrees and choses in action held or owned by the municipal corporation or corporations, within its territorial boundaries, and the same shall pass to and be vested in such city or town, and it shall assume all debts and liabilities of the city or town of which it may be the successor by reason of the adoption of such charter or charter amendments as aforesaid.

History.—§14, ch. 6940, 1915; RGS 1984; CGL 8140.

166.15 Officers whose offices are abolished to hold office until successors elected.—All officers of any city or town, whose offices may be abolished by a new charter or charter amendments, shall hold office until their successors, under such new charter or charter amendment, shall be elected and qualified.

History.—§15, ch. 6940, 1915; RGS 1985; CGL 8141.

167.05 To abate nuisances and preserve public health.—The city or town council may

167.77 Lease of municipal owned lands for nonpublic use.

prevent and abate nuisances; require owners and occupants of lots upon which pools of water are, or are likely to be, to fill them up; prevent or remove any accumulation of trash, filth, or other matter on or within their premises, and the streets adjacent, which may cause disease, or affect the health of the city or town; require the owners of lots, unoccupied as well as occupied, to keep down, by cutting and removing the same, all excessive growth of weeds and other noxious plants; regulate and compel persons to erect and keep in repair partition fences, and pass all laws and ordinances which may be necessary for the preservation of the public health.

History.—§14, ch. 1688, 1869; RS 677; GS 1020; RGS 1848; CGL 2958.

167.06 City council may have garbage removed.—The council of any city or town of this state, whether said city or town be incorporated under the general incorporation act, or under a special charter, may enter into an agreement with any individual, company or corporation for the gathering and disposal of its waste, garbage, night soil, dead animals and other refuse of said city or town, upon such terms and for such period of time, not to exceed thirty years, as may be agreed upon between said city or town council and individual, company or corporation; provided, that if such agreement involve a greater annual cost to said city or town than it is now paying for the same quality or amount of service, said agreement shall be ratified by a majority of votes of the freeholders of said city or town, and voting at an election to be held for that purpose; and provided further, that if such election be held, a copy of said agreement, together with a notice of said election shall be published in a newspaper in said city or town for four consecutive weeks prior to said election.

History.—§1, ch. 5258, 1903; GS 1047; RGS 1874; CGL 2984.

167.07 Ditching, filling, etc., by municipality.—If at any time the town or city council of any city or town in this state shall deem it necessary or expedient for the preservation of the public health, or for other good reason connected in any wise with the public welfare or the interests of the city or town and the people thereof, that any lot or lots, block or blocks, or vacant lands lying within the corporate limits of such city or town, which may be lower than any street or streets adjoining the same, or the grade established therefor, or which may be subject to overflow or to the accumulation of pools of water thereon, or which may require to be ditched, drained, filled in, graded or otherwise improved or developed, it is lawful for such city or town council to devise, adopt and carry into effect, continue and complete, either through its corporate officers, or through such agents, trustees or contractors

as said council may appoint or select, such plan or plans, scheme or schemes, for the ditching, draining, grading, filling, improving and developing of the lot or lots, block or blocks, or vacant lands aforesaid, as may in their judgment be expedient and necessary for the public interest and the public health, or to continue and complete any scheme or plan heretofore devised and adopted as aforesaid.

History.—§1, ch. 3164, 1870; RS 678; GS 1021; RGS 1849; CGL 2959.

167.08 May take property for purposes of §167.07.—It is lawful for such city or town council, in order to carry out the powers vested in them by §167.07, to take possession of, occupy, appropriate, use and control any land, timber, earth, sand, stone or other material owned by private individuals or corporations, lying in the territory proposed to be improved or adjacent thereto, as may be necessary for the proper and efficient carrying into effect of such proposed scheme or plan of drainage, ditching, grading, filling, or other public improvements aforesaid.

History.—§2, ch. 3164, 1870; RS 679; GS 1022; RGS 1850; CGL 2960.

167.09 Parks, streets, etc.—The city or town council or commission, whether created by special act or general law, may lay off such parks, public squares, streets, avenues, lanes, highways, canals, etc., as may seem necessary and expedient for the public health or interest, and open, fill in, grade, pave, dig, dredge, widen, deepen, and otherwise enlarge, change and improve the same; and the said city or town council or commission may alter, widen, fill in, grade, pave, change or divert the use of all or any part thereof or discontinue any public park, public square, street, avenue, highway or any other way which has heretofore been or shall hereafter be laid out, either by cities or persons, natural or artificial, fixed or established in any manner whatsoever; provided that no authority herein granted shall be applicable to any designated state road without the concurrence of the state road department.

History.—§3, ch. 3164, 1879; RS 680; ch. 5461, 1905; GS 1023; RGS 1851; CGL 2961; §1, ch. 25094, 1949; §10, ch. 26484, 1951.

167.10 May require owners to drain, fill, etc.—If at any time the city or town council shall deem it necessary or expedient for the preservation of the public health, or for other good reasons, that any lot or lots or vacant lands then lying and being within the corporate limits of the city or town, which may be lower than any street or streets adjoining the same, or the grade established therefor, or which may be subject to overflow or to the accumulation thereon of ponds of water, should be filled in, or ditched and drained, it is lawful for such city or town council to direct the owner or owners of said lot or lots or vacant lands to fill in the same to such grade, or to ditch or drain the same, in such manner as the council shall direct. Such notice to be given by a resolution of the council duly passed, a

copy of which shall be served upon the owner or owners of said lot or lots or vacant land, or upon his or their agent, or if the owner is a non-resident, or cannot be found within the city or town, and has no known agent within such city or town, a copy of such resolution shall be published for two weeks in some newspaper published in said city or town, and a copy posted upon said lot or lots or vacant lands. If the said owner or owners shall not, within such time as such resolution shall direct, fill in, ditch or drain the lot or lots or vacant lands as therein directed, it is lawful for the city or town council to cause the same to be done and to charge and collect the expenses thereof upon the said owner or owners, which shall give the municipality a lien on such lot or land to be enforced as provided in §167.20.

History.—§3, ch. 3164, 1879; RS 681; GS 1029; RGS 1857; CGL 2967.

167.101 Fencing of private swimming pools.—Any municipality may by ordinance require and regulate the fencing of private swimming pools.

History.—§1, ch. 59-115.

167.11 Real estate specially benefited assessed one-third expense.—At any time within one year after any of the improvements or other work authorized and provided for in the preceding sections is completed, or any park, street, highway, or other way is laid out, altered, widened, graded, paved or discontinued, when, in the opinion of the city or town council any real estate, including that part of which may have been taken for that purpose, shall receive any benefit and advantage therefrom, beyond the general advantages to all real estate in the city or town where the same is situated, such city or town council may adjudge and determine the value of such benefit and advantage to any such real estate, and may assess upon the same a proportional share of the expense of laying out, altering, widening, grading, paving or discontinuance, but in no case shall such assessment exceed one-third the amount of such expense, the balance to be borne by the general tax. The city or town council may permit the person or persons liable for said amount to pay the same in installments, to be paid at such time and with such interest (not to exceed six per cent per annum) as it may determine, and may require said persons to issue to it negotiable obligations for said installments, which shall constitute a lien upon the property against which assessment is made.

History.—§4, ch. 3164, 1879; RS 682; GS 1030; §1, ch. 9175, 1923; RGS 1858; CGL 2968.

167.12 Irregular assessments may be re-made.—Any assessment upon real estate for the purposes in §167.11 enumerated, which has heretofore been made or which may hereafter be made, and which may be invalid by reason of any error or irregularity in the making thereof, and which has not been paid, or which has been recovered back, may be re-made by such city or town council to the amount for

which the original assessment ought to have been made or might be made under the provisions of this chapter, and the same shall be a lien upon the estate, and be enforced in the manner provided in §167.20.

History.—§5, ch. 3164, 1879; RS 688; GS 1031; RGS 1859; CGL 2969.

167.13 Damages to buildings, etc.—The expense to be assessed upon the estate, as herein provided, shall include all damages for the land and buildings taken, and in estimating such damages all buildings on the land, a part of which is taken, shall be included, and there shall be deducted therefrom the value of the materials removed, and all buildings or parts of buildings remaining thereon, and the damages for land taken shall be fixed at the value thereof before the laying out, altering or widening, and in the same manner and upon the same conditions as are provided by law in other cases of laying out, altering, widening, grading or discontinuance of streets and ways.

History.—§6, ch. 3164, 1879; RS 684; GS 1032; RGS 1860; CGL 2970.

167.14 Disposition of buildings, etc., when owner neglects.—If the owner of any buildings or materials on land, a part or the whole of which is taken for the purposes named in this chapter, after reasonable notice is given in writing from the city or town council, shall refuse or neglect to take care of the same as public safety or the preservation thereof demands, the city or town council may remove such buildings or materials, either upon the adjoining land of such owner or otherwise, or may sell the same at public auction after five days' notice of such sale, and hold the proceeds of the sale for the benefit of such owner, and the expense incurred by such city or town council, or the value thereof to the owner, shall be allowed in reduction of the damages which said owner is entitled to recover.

History.—§7, ch. 3164, 1879; RS 685; GS 1033; RGS 1861; CGL 2971.

167.15 Surrender of property to city.—Any person owning real estate abutting on any park, street, canal, highway or other way which may be laid out, altered, widened, graded or discontinued, or any public or private property filled in or otherwise improved, as heretofore provided for, and liable to assessment under this law, may, at any time before the estimate of damages is made, give notice in writing to the city or town council that he objects to the same, and elects to surrender his estate to the city or town where situated; and if said city or town council shall then adjudge that public convenience and necessity require the taking of such estate for the improvements named, they may take the whole of such abutting estate, and shall thereupon estimate the value thereof, excluding the benefit or advantages which have accrued from the laying out, alteration, widening, grading or discontinuance, or other improvements, and such owner shall convey the estate to such city or town, which shall pay him therefor the value so estimated, and the same

may be recovered by an action of contract; and the city or town may sell any portion of said estate not needed for such improvements.

History.—§8, ch. 3164, 1879; RS 686; GS 1034; RGS 1862; CGL 2972.

167.16 Lien of assessment; installments.—All assessments made under this chapter shall constitute a lien upon the real estate so assessed, and if the owner of the estate shall give notice to the city or town council at any time before demand is made upon him for payment thereof, that he desires to have the amount of such assessment apportioned, said city or town council shall apportion the same into three equal parts, with interest thereon from the date of the apportionment, to the annual tax of said estate for the three years next ensuing; and all assessments laid upon real estate for any of the causes mentioned in this law, which shall remain unpaid after the same becomes due or payable, shall draw interest from the time when the same became due or payable until the payment thereof.

History.—§9, ch. 3164, 1879; RS 687; GS 1035; RGS 1863; CGL 2973.

167.17 Remedy of party aggrieved.—Any party aggrieved by the doings of such city or town council may apply by petition to the circuit court for the county in which the estate is situated at any term hereof, within one year after the passage of the order or after the proceedings upon which the application is founded; and after due notice to the city or town against which the petition is filed, a trial shall be had at the bar of the court in the same manner in which other civil causes are there tried by the jury, and if either party requests it, the jury shall review the place in question; provided, that if the municipality shall bring suit to enforce a lien in the premises within such year, the defendant shall make his objections to the order or proceedings aforesaid as defenses to such suit.

History.—§10, ch. 3164, 1879; RS 688; GS 1036; RGS 1864; CGL 2974.

167.18 Costs and lien in such proceedings.—If the jury shall not reduce the amount of the assessment complained of, the respondent shall recover costs against the petitioner, which costs shall be a lien upon the estate, and be collected in the same manner as the assessment; but if the jury shall reduce the amount of the assessment, the petitioner shall recover costs, and all assessments, shall be a lien upon the estate for one year after the final judgment in any suit or proceeding where the amount or validity of the same is in question, and be collected in the same manner as original assessments.

History.—§11, ch. 3164, 1879; RS 689; GS 1037; RGS 1865; CGL 2975.

167.19 Assessment of leasehold.—When an assessment is made upon an estate, the whole or any portion of which is leased, the owner of the estate shall pay the assessment and may thereafter collect of the lessee an additional

rent for the portion of the estate so leased, equal to ten per cent per annum on that portion of the whole sum so paid which the leased portion bears to the whole estate, after deducting from the whole sum so paid any amount he may have received for damages to the estate above what he has necessarily expended on such estate by reason of such damages.

History.—§12, ch. 3164, 1879; RS 690; GS 1038; RGS 1866; CGL 2976.

167.20 Acquisition and enforcement of lien.

—In all cases mentioned in this chapter in which the municipality shall be entitled to liens on lands, such liens for improvements, assessments, work done and materials furnished, or either, may be acquired and enforced in the manner provided for the acquisition and enforcement of liens upon real property provided for by chapter 85. The owner shall also be personally liable for the said value. In case the land belongs to an infant, married woman, or person non compos mentis, suit in equity shall be brought to enforce a lien, service in such suit shall be made on such defendant and the court shall appoint a guardian ad litem for such defendant as in other cases.

History.—RS 691; GS 1039; RGS 1867; CGL 2977.

167.21 Wharves, vessels, bridges, ferries, fires, improvements.—The city or town council may construct wharves, quays and docks; regulate wharfage, dockage, and the moorings and anchorage of vessels within the corporate limits, unless otherwise provided by law; construct bridges, establish ferries, and fix the rates of ferriage and tolls; erect all necessary public buildings and control and dispose of the same as the interests of the city or town may require; make and sink wells, erect pumps, dig drains; pass all necessary laws to guard against fires and to insure the sweeping of chimneys; provide for the lighting of streets of the city or town; inclose and improve such public squares or parks as may adorn the city or town, and improve and beautify the public cemetery for the burial of the dead; and do and perform all such other act or acts as shall seem necessary and best adapted to the improvements and general interest of the city or town.

History.—§15, ch. 1688, 1869; RS 693; GS 1041; RGS 1868; CGL 2978.

167.22 Term for which franchise may be granted; conditions.—No municipality in the state shall give or grant any franchise or right to use any street for the purpose of operating along or across the same any street railroad, water works, telephone, gas or electric business or other business requiring the use of mains, pipes or wires in any street, for any term exceeding thirty years; or without reserving the right and requiring the grantee of such franchise or right, as a condition precedent of the taking effect of the grant, to give and grant to the municipality the right at and after the expiration of such term to purchase the street railroad, water works, telephone, gas or electric plant, or other property used under or in connection with such franchise or right,

or such part of such property as the municipality may desire to purchase at a valuation of the property, real and personal, desired, which valuation shall be fixed by arbitration as may be provided by law. Any such franchise or right which shall be granted for a longer time or without conditions herein provided, shall be void.

History.—§1, ch. 4859, 1899; GS 1016; RGS 1844; CGL 2954.

167.23 Forfeiture of franchise in certain cases.

—Whenever any street railroad, gas, electric lighting, telephone, telegraph, or other company or corporation, person, or firm, which has received or shall receive from any municipal corporation in this state any franchise, grant, right, privilege, license or immunity to use, or under which such company, corporation, person or firm, shall use, any of the streets, or parts thereof within such municipal corporation for the placing and maintaining in such streets of any tracks, pipes, wires, poles, or other things necessary to the carrying on of the business of such company, corporation, person or firm, shall violate any of the terms, conditions or provisions of such grant, privilege, right, license or immunity, or shall fail to comply with any reasonable provision of any ordinance of such municipal corporation regulating the use by such company, corporation, person or firm of the streets so used by such company, corporation, person or firm, and shall continue to violate the terms, conditions or provisions under which such franchise, grant, privilege, right, license or immunity was given, or to violate the reasonable provisions of such ordinance, regulating the use by such company, corporation, person or firm, of such streets, for a period of five days after said company or corporation shall have been notified in writing by the mayor or chairman of the board of public works, or president of the city council, of such municipal corporation, to desist from such violation, then said company, corporation, person or firm, shall be deemed to have forfeited and annulled, and shall thereby forfeit and annul, all of the said franchises, grants, privileges, rights, licenses and immunities, and such forfeiture shall be so declared by the judge of the circuit court of the county in which such municipal corporation shall be located, upon the affirmative finding of a jury trying the case, as prescribed in §§167.24-167.27.

History.—§1, ch. 4052, 1891; GS 1024; RGS 1852; CGL 2962.

167.24 Procedure.—Whenever any company, corporation, person or firm, mentioned in §167.23, shall fail to strictly comply with any of the said terms, conditions, or provisions of any franchise, grant, privilege, right, license, or immunity, or any reasonable provisions of any ordinance, regulating the use by such company, corporation, person or firm, of the streets so used by such company, the mayor of such municipality, and in case of his failure to act, then the chairman of the board of public works, or if there be no such officer, then the presi-

dent of the city council, shall notify in writing said company, by serving upon some general officer of such company, or some superintendent or other agent in charge of the property of such corporation, notice of its failure to comply with the terms, conditions or provisions of such franchise, grant, privilege, right, license, or immunity, or the reasonable provisions of such ordinance.

Said notice shall specify in a general way so as to be reasonably understood, the particular terms, conditions, or provisions of the franchise, grant, privilege, right, license, or immunity or ordinance, which have been, or are being violated, and shall name a time not less than five days thereafter, within which to strictly comply with such terms, conditions, or provisions. If any such company, corporation, person or firm shall, after service of such notice, fail to strictly comply with any of such terms, conditions or provisions, within the time therein prescribed, (not less than five days), then and from thenceforth said company, corporation, person or firm shall be deemed to have forfeited and annulled all of its said franchises, grants, privileges, rights, licenses and immunities, and a petition shall be filed in the name of such municipality in the office of the clerk of the circuit court for the county within which such municipality lies, addressed to the judge of the circuit court of said county, alleging a forfeiture and annulment by such company, corporation, person or firm, of such franchises, grants, privileges, rights, licenses or immunities so given, and setting out the facts upon which such forfeiture and annulment are claimed.

History.—§2, ch. 4052, 1891; GS 1025; RGS 1853; CGL 2963.

167.25 Pleading, practice and procedure.—Upon the filing of such petition as provided in §167.24 a copy thereof shall be made by the clerk of the circuit court, and shall be served upon such person or firm, or upon some general officer of such company or corporation, or upon some superintendent, or other agent in charge of the property of such company, corporation, person or firm, by the sheriff of said county, and such company, corporation, person or firm, within twenty days after such service, shall answer to such petition, and thereafter the petitioner and the respondent shall have twenty days within which to plead to the other's pleadings, unless greater time shall, for good cause shown, be granted by said judge, until an issue is joined. Whenever an issue of fact is joined, as to whether such terms, conditions or provisions have been violated, a jury of six qualified jurors shall be ordered by said judge, and shall be summoned to try the issue upon an early date to be designated by said judge, in or out of term time, for such trial. The usual provisions of law governing trials at law shall prevail, and the question of fact shall be submitted to the jury under the charges of the court, and the jury shall render a verdict accordingly. The verdict, if the facts constituting the forfeiture and an-

nulment have been proven, shall be rendered as follows: "We the jury find the defendant guilty"; otherwise, "We the jury find the defendant not guilty."

History.—§3, ch. 4052, 1891; GS 1026; RGS 1854; CGL 2964; §34, ch. 29737, 1955.

167.26 Judgments.—If the jury find the defendant guilty, then a judgment shall be entered up declaring forfeited and annulled all the franchises, grants, privileges, rights, licenses and immunities under which said company, corporation, person or firm has used said streets for said purposes, and said municipality may remove from said streets all tracks, pipes, wire, poles, and other property of said company, as if no such franchise, grant, privilege, right, license or immunity had ever been given.

History.—§4, ch. 4052, 1891; GS 1027; RGS 1855; CGL 2965.

167.27 Appeals.—Either party to such proceedings shall have the same right of appeal as in cases at law, except that a supersedeas shall be obtained only upon an order of the circuit judge before whom the case was tried, upon an application therefor, and a hearing of both parties thereon, and upon such terms and conditions as may be prescribed by such judge.

History.—§5, ch. 4052, 1891; GS 1028; RGS 1856; CGL 2966.

167.28 Support of public schools, poor, etc.—The city or town council may provide for the support of the poor, the infirm and the insane, and establish public schools and provide for their maintenance.

History.—§21, ch. 1688, 1869; RS 699; GS 1048; RGS 1875; CGL 2985.

167.29 Establishing and maintaining library; election; tax.—Whenever the city or town council of any incorporated city or town in this state shall deem it advisable to establish and maintain a public library and reading room free for the use of the inhabitants of such city or town, they shall call an election to decide whether such public library and reading room shall be established in said city or town, and, if a majority of the registered voters of such city or town, at such an election, shall vote in favor of establishing and maintaining such public library, the city or town council of such incorporated city or town shall establish the same, and may levy a tax of not more than two mills on the dollar annually to be levied and collected in like manner as any other taxes of said city or town, and to be known as the "library fund."

History.—§1, ch. 6199, 1911; RGS 1876; CGL 2986.

167.30 Library board.—When any city or town council shall have decided by ordinance to establish and maintain a public library and reading room, they shall elect a library board to consist of five directors, to be chosen from the citizens at large, of which board neither the mayor nor any member of the city or town council shall be a member. Such directors first elected shall hold their office, one for the term

of one year, one for the term of two years, one for the term of three years, one for the term of four years, and one for the term of five years, from the first day of July following their appointment, and one director shall be chosen annually thereafter for the term of five years; and in cases of vacancies by resignation, removal or otherwise, the council shall fill such vacancy for the unexpired term, and no director shall receive any pay or compensation for any service rendered as a member of such board, and such directors shall give such bond as the council may require. Such directors shall, immediately after their appointment, meet and organize by electing one of their number president, and such other officers as may be necessary.

Three of such board shall be a quorum. They may make and adopt such by-laws, rules and regulations for their own guidance, and for the government of the library and reading room as they may deem expedient, subject to the supervision and control of the city or town council, and not inconsistent with law. They shall have exclusive control of expenditures of all moneys collected or donated to the credit of the library fund, and of the renting or construction of any library building; and the supervision, care and custody of the grounds, rooms or buildings constructed, leased or set apart for the purpose.

History.—§2, ch. 6199, 1911; RGS 1877; CGL 2987.

167.31 Funds for support and maintenance; special fund; disbursements.—All taxes levied or collected and all funds donated or in any way acquired for the erection, maintenance or support of any public library, shall be kept for the use of such library, separate and apart from all other funds of said city, town or village, and shall be drawn upon and paid out by the treasurer of such city, town or village, upon vouchers signed by the president of the library board and authenticated by the secretary of such board, and shall not be used or disbursed for any other purpose or in any other manner.

History.—§3, ch. 6199, 1911; RGS 1878; CGL 2988.

167.32 General powers of library board; appointment of librarian, etc.—The library board may purchase or lease grounds; erect, lease or occupy an appropriate building or buildings for the use of such library; appoint a suitable librarian and assistants; fix their compensation, and remove their appointments at pleasure; establish regulations for the government of such library as may be deemed necessary for its preservation and to maintain its usefulness and efficiency; fix and impose by general rules, penalties and forfeitures for trespasses or injury to the library grounds, rooms, books or other property, or failure to return any book, or for violation of any by-laws or regulation; and shall have and exercise such power as may be necessary to carry out the spirit and intent of law, in establishing and maintaining a public library and reading room.

History.—§4, ch. 6199, 1911; RGS 1879; CGL 2989.

167.33 Free use of library by inhabitants of city; proviso.—Every library and reading

room shall be forever free to the use of the inhabitants of the city or town, subject always to such reasonable regulation as the library board may adopt, to render said library and reading room of the greatest use to the inhabitants of said city or town, and the librarian may exclude from the use of the library and reading room any person who shall willfully violate or refuse to comply with rules and regulations established for the government thereof; persons so excluded may appeal to the library board.

History.—§5, ch. 6199, 1911; RGS 1880; CGL 2990.

167.34 Reports of library board to council.—The library board shall, on or before the second Monday in June in each year make a report to the city or town council of the condition of their trust, on the first day of June in such year, showing all moneys received or expended, the number of books and periodicals on hand, newspapers and current literature subscribed for or donated to the reading room department, the number of books and periodicals ordered by purchase, gift or obtained during the year, and the number lost or missing, the number of visitors attending, the number of and character of books loaned or issued, with such statistics, information and suggestions as they may deem of general interest, or as the city or town council may require, which report shall be verified by affidavit of the proper officers of said board.

History.—§6, ch. 6199, 1911; RGS 1881; CGL 2991.

167.35 Amendment of bylaws.—Any by-law or regulation established by the library board may be amended by the council of said city or town.

History.—§7, ch. 6199, 1911; RGS 1882; CGL 2992.

167.36 Penalty for violation of rules recovered by civil action.—Penalties imposed or accruing by any by-law or regulation of the library board may be recovered in a civil action before any justice of the peace or other court having jurisdiction; such action to be instituted in the name of the library board of the city or town library. And moneys collected in any such action shall be forthwith placed in the city treasury to the credit of the library fund.

History.—§8, ch. 6199, 1911; RGS 1883; CGL 2993.

167.37 Donation to library; title to vest in library board.—Any person may make any donation of money or lands for the benefit of such library, and the title of the property so donated may be made to and shall vest in the library board, and their successors in office, and such board shall thereby become the owners thereof in trust to the uses of the public library of such city or town.

History.—§9, ch. 6199, 1911; RGS 1884; CGL 2994.

167.38 Property exempt from execution and taxation.—The property of such library shall be exempt from execution, and shall also be exempt from taxation as other public property.

History.—§10, ch. 6199, 1911; RGS 1885; CGL 2995.

167.39 Circulating library.—The library board may authorize any circulating library, reading matter, or work of art, of any private person, association or corporation, to be deposited in the public library rooms, to be drawn or used outside of the rooms only on payment of such fees or membership as corporation or association owning the same may require. Deposits may be removed by the owner thereof at pleasure, but the books or reading matter so deposited in the rooms of any such public library shall be separately and distinctly marked and kept upon shelves apart from the books of the city or town library, and every such private or associate library or other property so deposited in any public library, while so placed or remaining, shall be subject to use and reading within the library room without charge by any person and inhabitant of said city or town, and entitled to the use of the free library.

History.—§11, ch. 6199, 1911; RGS 1886; CGL 2996.

167.40 To provide for election of officers.—The city or town council may provide for the election by the qualified voters of the city or town of a treasurer and assessor and a collector of city or town taxes, and such other executive officers as the council may deem expedient, who shall continue in office for one year, or until their successors are elected and qualified; provided, however, that it is lawful for the city or town council of any city or town to confer upon any qualified person the two offices of marshal and collector of taxes or the two offices of clerk and treasurer, or the offices of clerk, assessor and treasurer.

History.—§24, ch. 1688, 1869; RS 700; GS 1050; RGS 1888; CGL 2998.

167.41 Tax assessor may be abolished by ordinance of municipal corporation.—The governing authority of each municipal corporation of this state may abolish, by ordinance, the office of tax assessor and provide for the performance of the duties of such office by the tax collector of said municipal corporation.

History.—§1, ch. 15047, 1931; CGL 1936 Supp. 2998(1).

167.42 To regulate compensation of officers.—The city or town council may regulate and fix the compensation of the several municipal offices.

History.—§28, ch. 1688, 1869; RS 701; GS 1051; RGS 1889; CGL 2999.

167.421 Group insurance for municipal employees and officers.—

(1) **AGREEMENTS TO PROVIDE.**—Every municipality in Florida, whether created or incorporated under special or general act of the legislature, is authorized to provide life, health, accident, hospitalization, medical or annuity insurance, or all or any kinds of such insurance, for its employees and officers upon a group insurance plan and to that end to enter into agreements with insurance companies to provide such insurance.

(2) **EVIDENCE OF ELECTION TO PROVIDE INSURANCE.**—The election to exercise such authority shall be evidenced by resolution

or ordinance duly recorded in the official minutes or records of the municipality, adopted by the council, commission or other governing body of the municipality.

(3) **DEDUCTION AND PAYMENT OF PREMIUMS.**—Upon the request in writing of any employee or officer, the proper officials of such municipality may deduct from the wages or salary of such employee or officer, periodically, the amount of the premium which such employee or officer has agreed to pay for such insurance, and to pay or remit the same directly to the insurance company issuing such group insurance.

(4) **PARTICIPATION VOLUNTARY.**—The participation in such group insurance by any employee or officer shall be entirely voluntary at all times. Any employee or officer may upon any pay day, withdraw or retire from such group insurance plan, upon giving his employer written notice and directing the discontinuance or deductions from wages in payment of such premiums.

(5) **PAYMENT OF PREMIUMS BY MUNICIPALITY.**—From and after passage of this law each and every municipality of Florida is authorized and empowered to pay any portion or all of the premiums or cost of any group insurance of such municipality promulgated pursuant to this law; provided, however, that the determination of the degree of participation in such costs by the municipality shall be determined by the council, commission or governing body of the municipality and shall be evidenced by resolution or ordinance thereof, in the official minutes or records of the municipality. The degree of participation by the municipality may be increased or decreased from time to time by ordinance or resolution.

(6) **INSURANCE ADDITIONAL TO WORKMEN'S COMPENSATION.**—The insurance authorized under this law shall be in addition to, and in no manner in lieu of, the provisions of the Florida workmen's compensation law.

(7) **PURPOSE AND INTENT OF LAW.**—It is declared to be the purpose and intent of this law to make available upon a voluntary participation basis to the employees and officers of municipalities the economic protection and benefits of group insurance not available to each employee as an individual; and to aid municipalities in obtaining and holding competent, skilled, and experienced employees and officers by authorizing participation by municipalities in the cost of such group insurance.

History.—§§1-7, ch. 61-118.

167.43 To impose and collect taxes.—The city or town council may raise, by tax and assessment upon all real and personal property, and by license on professions, business and occupations carried on within the corporation, all sums of money which may be required for the improvement and good government of the city, and for carrying out the powers and duties herein granted and imposed; and enforce the receipt and collection of the same in the

manner now provided by the laws of the state for the assessment and collection of state taxes and licenses.

History.—§1, ch. 3477, 1883; RS 702; GS 1052; RGS 1890; CGL 3000.

167.431 Municipalities authorized to levy tax on public services.—

(1) The several cities and towns in this state are hereby given the right, power, and authority, by nonemergency ordinance, to impose, levy and collect on each and every purchase of electricity, metered or bottled gas (natural, liquefied petroleum gas or manufactured), water service, telephone service and telegraph service in their corporate limits, a tax (straight percentage, sliding scale, graduated or other basis) in an amount not to exceed ten per cent of the payments received by the seller of such utility service from the purchaser for the purchase of such utility service; provided, however, that the sale of natural gas to a public or private utility, including municipal corporations and rural electric cooperative associations, either for resale or for use as fuel in the generation of electricity shall not be deemed to be a utility service and purchases thereof under such circumstances shall not be taxable hereunder. In every case the tax shall be collected from the purchaser of such utility service and paid by such purchaser for the use of the city or town to the seller of such utility service at the time of the purchaser paying the charge therefor to the seller. It shall be the duty of every seller of such utility service, in acting as the tax collection medium or agency for the city or town, to collect from the purchaser, for the use of the city or town, any tax imposed and levied by ordinance enacted pursuant to this section and to report and pay over unto the city or town all such taxes imposed, levied and collected in accordance with the accounting and other provisions of the enacted ordinance. Any such ordinance may provide that federal, state, county and municipal governments and their commissions and agencies and other tax supported bodies, public corporations, authorities, boards and commissions, shall be exempted from the payment of the taxes imposed and levied thereby and may also provide penalties for the violation of such ordinance. In the event any such ordinance imposes such a tax on the purchase of one of the utility services described herein and a competitive utility service or services are purchased in the city or town, then such ordinance shall impose a tax in like amount on the purchase of the competitive utility service or services whether privately or publicly owned or distributed; however, telephone service and telegraph service shall not be required to be considered competitive services.

(2) All laws, general and special, in conflict with the provisions of this section are hereby superseded to the extent of such conflict, it being the purpose and intent of the legislature to confer the right and authority hereby granted to the several cities and towns notwithstanding any limitations or restrictions which may be contained in any general or special law; but nothing

contained in this section shall be construed to affect or repeal gross receipts taxes imposed by chapter 203.

History.—§§1, 2, ch. 22829, 1945; §7, ch. 24337, 1947; (1) §1, ch. 57-324.

167.432 Exemption of churches, utility tax.—All recognized churches of the state are hereby exempt from the payment of any utility tax imposed by any municipality on church property used exclusively for church purposes.

History.—§1, ch. 57-792.

167.44 Town valuation not to exceed state.—The city or town may make its own assessment of property for taxation, but the valuation of property by the municipality shall not exceed the last valuation thereof by the state for taxation. The total taxes levied upon any property by any municipal corporation in any one year shall not exceed one per cent upon such state valuation; but this provision is not to be so construed as to prevent the said corporation from levying sufficient tax to meet the payment of interest on its outstanding bonds, and to provide for the payment of the principal thereof when the same shall become due, or from levying such taxes for special purposes, or from making such special assessments of property as are in this chapter specified.

History.—§2, ch. 3477, 1883; RS 704; GS 1053; RGS 1891; CGL 301.

167.45 Special tax for water works and fire protection.—Every city and town is empowered to levy and collect a special tax annually for water works and fire protection upon all property within the corporate limits of any such city or town; provided, that it shall require a two-thirds vote of the city or town council to levy said tax, and that thirty days' notice of the intention to levy said tax shall be given by publication in some newspaper published in said town once in each week, provided further, that said tax shall not exceed five mills on the state valuation of the property within such corporation.

History.—§1, ch. 3605, 1885; RS 705; GS 1054; RGS 1892; CGL 3002.

167.46 Collection of and sale for taxes.—The tax collector of any city or town shall proceed substantially in the same manner in the collection of taxes and sale of property for the nonpayment of taxes as state tax collectors.

History.—§53, ch. 3681, 1887; RS 706; GS 1055; RGS 1893; CGL 3003.

167.47 Advertisement of tax sales.—The tax collector of any incorporated city or town, if there be no newspaper published within the said city or town, shall advertise the sale of any lands levied on for taxes by three written notices posted in three public places in said city or town.

History.—§2, ch. 2079, 1877; RS 707; GS 1056; RGS 1894; CGL 3004.

167.48 Limitations of appropriations and warrants.—It is not lawful for the govern-

ment of any city or town to make appropriations, in any one year, for a greater amount than is allowed to be collected by taxation; and it is not lawful for any officer of a municipal government to issue a warrant on the treasurer except in payment of an appropriation.

History.—§2, ch. 3477, 1883; RS 708; GS 1057; RGS 1895; CGL 8005.

167.49 Entry and endorsement of refusal or failure to pay warrants; penalty.—The treasurer of any city or town shall enter in a book to be kept for that purpose the fact of the refusal to pay, or nonpayment of, any warrant or order which may be presented to him as such treasurer, and to include in such entry a description of the warrant or order, by whom presented, the date of presentation and his reason for such refusal or nonpayment; and he shall, at the request of the person presenting the same, endorse on the back of such warrant or order the fact of such refusal or nonpayment and reason therefor.

Any treasurer of a municipal government who violates the provisions of this section shall be punished by a fine not exceeding one hundred dollars.

History.—§§1, 4, ch. 3465, 1883; RS 709, 2557; GS 1058, 3464; RGS 1896, 5329; CGL 8006, 7462.

167.50 Book to be furnished treasurer.—The city or town council shall furnish the treasurer with a book for the purposes mentioned in §167.49, which shall be open to the inspection of all citizens.

History.—§2, ch. 3465, 1883; RS 710; GS 1059; RGS 1897; CGL 8007.

167.51 Licenses may be required for stationary steam engineers in cities over five thousand population.—All cities over five thousand inhabitants may pass and enforce all ordinances that will compel each and every stationary steam engineer to take out a license to carry on their said vocation, in such sum as the said cities may impose; provided said sum shall not exceed the limits specified in the general revenue laws of the state. The provision regarding the amount of license shall not apply to cities which operate under a special charter when said charter grants the power to impose licenses without respect to the general revenue statute.

Licenses granted to stationary steam engineers shall be exposed in any public manner required by ordinance.

History.—§1, ch. 5069, 1901; GS 1093, 1094, 1098; RGS 1940, 1941, 1945; CGL 3073, 3074, 3078.

167.52 Appointment of inspectors.—Cities of over five thousand inhabitants may provide by ordinance for an inspector of boilers and an examiner of stationary steam engineers, to inspect steam boilers, except marine and locomotive boilers used on regular lines of railway, and shall regulate by ordinance the qualifications of the said inspectors and examiners, their terms of office, salary or fees, and all other matters and things connected with their said duties. The office of inspector and exam-

iner of stationary steam engineers may be combined in one person by ordinance.

History.—§2, ch. 5069, 1901; GS 1095, 1096; RGS 1942, 1943; CGL 3075, 3076.

167.53 Powers of examiner.—The examiner of stationary steam engineers may require by examination such qualifications of all stationary steam engineers aforesaid as would be reasonable in conserving public safety, and said examination shall be held at such times and places as may be required by ordinance.

History.—§3, ch. 5069, 1901; GS 1097; RGS 1944; CGL 3077.

167.54 Penalty for engineer accepting employment without passing examination.—Any stationary steam engineer who shall accept employment without first having passed examination and complied with the provisions of §167.53, and before taking out a license under the provisions of §167.51, shall be punished by a fine not exceeding one thousand dollars, or imprisonment not exceeding one year.

History.—§4, ch. 5069, 1901; GS 3798; RGS 5851; CGL 8093. cf.—§775.06 Alternative punishment.

167.55 Penalty for employing other than licensed engineer.—Any employer, employing other than a licensed stationary steam engineer, as provided by §167.51, shall be punished by a fine of not more than one thousand dollars, or imprisonment not exceeding one year.

History.—§5, ch. 5069, 1901; GS 3799; RGS 5852; CGL 8094.

cf.—§775.06 Alternative punishment.

167.56 Penalty for refusal to allow boiler inspection.—Any employer or his manager or servant, who shall refuse the inspector of steam boilers, appointed under the provisions of §167.52, an opportunity to inspect the boiler or boilers in their charge or control, shall be guilty of a misdemeanor, and in such case the employer shall be equally guilty with his manager or servant when refusal is made by the said manager or servant. Each shall be punished by a fine of not exceeding one thousand dollars, or imprisonment not exceeding one year.

History.—§6, ch. 5069, 1901; GS 3800; RGS 5853; CGL 8095; §7, ch. 22858, 1945.

cf.—§775.06 Alternative punishment.

167.57 Cities and towns to fix rates and charges for water.—The corporate authorities of any city, town or village, now or hereafter incorporated under any general or special law of this state, in which any individual, company or corporation has been, or may hereafter be, authorized by such city, town or village to supply water to such city, town or village and the inhabitants thereof, may prescribe by ordinance maximum rates and charges for the supply of water furnished by such individual, company or corporation to such city, town or village and the inhabitants thereof, such charges to be just and reasonable; provided, that this section shall not be construed as to impair the validity of any valid contract heretofore entered into between any city, town or village and any person, firm or corporation for

the supply of water to such city, town or village or its inhabitants, but this section shall not be held to validate any contract heretofore made.

History.—§1, ch. 5070, 1901; GS 1099; RGS 1946; CGL 3079.

167.58 May take census.—Whenever any city or town council of any city or town in the state shall deem it necessary for any purpose to ascertain the number of bona fide inhabitants of such city or town, such city or town council shall by resolution declare the same to be the sense of said body, and whereupon they shall by resolution appoint some suitable person to do such work, and declare his compensation for such work.

History.—§1, ch. 5191, 1903; GS 1106; RGS 1953; CGL 3086.

167.59 Under regulations of council.—Such census shall be taken in such manner, and under such regulations as the council may determine.

History.—§2, ch. 5191, 1903; GS 1107; RGS 1954; CGL 3087.

167.60 Census taken, filed with clerk.—Whenever the said census shall be completed, the same shall be filed with the clerk of said city or town, and shall thereupon become legal evidence of the number of bona fide inhabitants of said city or town.

History.—§3, ch. 5191, 1903; GS 1108; RGS 1955; CGL 3088.

167.61 Municipalities required to keep books of account; annual financial reports; examinations of finances; penalty.—Every municipality in the state shall keep books of account. It shall also make stated financial reports at least as often as once a year, not later than the first day of November of each year, to the comptroller in accordance with forms and methods prescribed by him, which shall be applicable to all municipalities within the state; such reports shall be filed in the office of the comptroller as a part of the public documents of the state. Such reports shall contain an accurate statement in summarized form and also in detail of the financial receipts of the municipality from all sources, and of the expenditures of the municipality for all purposes, together with a statement in detail of the debt of said municipality at the date of said report, and of the purposes for which such debt has been incurred. The governor may authorize and direct the state auditor by himself, or by some competent person or persons appointed by him, to examine into the affairs of the financial department of any municipality within the state. And he shall direct the state auditor to make such examination whenever petitioned to do so by at least twenty per cent of the freeholder electors of any municipality.

On every such examination inquiry shall be made as to the financial condition and resources of the municipality, and whether the requirements of the constitution and laws have been complied with, and into the methods and

accuracy of the municipality's accounts, and as to such other matters as the governor may prescribe. The state auditor, and every such examiner appointed by him, may administer an oath to any person whose testimony may be required on any such examination, and compel the appearance, attendance and testimony of any such person for the purpose of any such examination, and the production of books and papers. A report of each such examination shall be made, and shall be a matter of public record in the office of said state auditor and the expenses of any such examination shall be paid by said municipality.

Any municipal official who shall refuse to submit his books of account, records, vouchers, papers, warrants, or any other property in his possession or control belonging to any municipality in the state, or kept by him for the use of any municipality, to the state auditor, or other examiner for inspection or examination, may be suspended from office by the governor, and such refusal shall constitute a misdemeanor. And upon conviction therefor, such officer shall be punished by a fine of five hundred dollars, or six months' imprisonment in the county jail.

History.—§§1, 2, ch. 6817, 1915; RGS 1956, 5381; CGL 3089, 7516; §1, ch. 57-48; §5, ch. 61-530.
cf.—§775.06 Alternative punishment.

167.62 Cities required to provide day and night shifts of firemen; general alarm (cities of fifteen thousand or more).—Each city having a population of fifteen thousand, or more, according to the last federal census shall provide for two shifts of firemen, one shift to be on duty during the day and the other shift to be on duty during the night; provided, however, that all firemen whether on the day or night shift, shall be subject to call in case of general fire alarm during time when a fire emergency so requires.

History.—§1, ch. 7939, 1919; CGL 3090.

167.63 Number hours firemen required to remain on duty (cities of fifteen thousand or more).—No fireman provided under §167.62 shall be required to remain on duty more than fourteen hours per day, and the hours during which each shift is to be on duty shall be so divided, either by the shifts alternating from night to day shifts or otherwise so that neither shift shall be discriminated against in the number of hours during which the members thereof are required to be on duty. Provided, further, that nothing in §§167.62, 167.64 or this section, shall be construed as repealing any of the provisions of the law or ordinances of the cities affected, allowing vacation to firemen.

History.—§2, ch. 7939, 1919; CGL 3091.

167.632 Maximum hours of duty for firemen in certain cities.—

(1) Firemen of municipalities with a population of fifteen thousand or more, according to the most recent federal census, shall not be required to remain on duty more than one hun-

dred twenty hours in any two consecutive calendar weeks. The hours during which each shift is to be on duty shall be so divided, either by the shifts alternating from night to day, or otherwise, that neither shift shall be discriminated against in the number of hours during which the members thereof are required to be on duty; provided, however, that firemen may be required to remain on duty twenty-four hours per day, but only on alternate days, except when a fire emergency exists. Provided, however, that within all municipalities in this state having a population of not less than thirty thousand five hundred and not more than thirty-five thousand inhabitants according to the latest official census, firemen of such municipalities may be required to remain on duty up to but not exceeding one hundred forty-four hours in any two consecutive calendar weeks.

(2) Nothing in this section shall be construed as repealing any of the provisions of the laws or ordinances of the cities affected allowing vacation for firemen.

(3) This section shall not be applicable to:

(a) The city of Coral Gables.

(b) The city of Gainesville.

(c) The city of Tampa.

(d) The city of Tallahassee nor the fire department of said city.

(e) Cities in Duval County.

(f) Counties having population of not less than thirty-four thousand six hundred fifty nor more than thirty-six thousand inhabitants according to latest official census.

(g) Counties having a population of not less than sixty nor more than eighty thousand according to the last preceding federal census.

(h) Cities or municipalities located in counties having a population according to the 1950 federal census of not less than eighty thousand and not more than one hundred thousand.

(i) Counties having a population of not less than one hundred fourteen thousand seven hundred fifty nor more than one hundred twenty-two thousand according to the last preceding federal census.

History.—§§2-7, ch. 28099, 1953.

167.64 Term "Firemen" defined (cities of fifteen thousand or more).—The term "Firemen" as used in §§167.62, 167.63 and this section shall be construed to mean all those persons employed by any city affected by such sections, in any work in connection with the prevention and extinguishing of fires in said city by the said municipal government.

History.—§3, ch. 7939, 1919; CGL 3092.

167.65 Right of eminent domain conferred on cities and towns; purposes.—All cities and towns in the state may exercise the right and power of eminent domain, that is, the right to appropriate property, except state or federal, for the following uses or purposes: for streets, lanes, alleys and ways; for public parks, squares and grounds; for drainage and for

raising or filling in land in order to promote sanitation and healthfulness; for reclaiming and filling when lands are low and wet, or overflowed altogether or at times, and entirely or partly; for the abatement of any nuisance; for the use of water pipes and for sewerage and drainage purposes; for laying wires and conduits under ground; for city buildings, waterworks, pounds and other municipal purposes, which shall be coextensive with the powers of the municipality exercising the right of eminent domain; and the absolute fee simple title to all property so taken and acquired shall vest in such municipal corporation, unless the city or town seeks to condemn a particular right or estate in such property.

History.—§1, ch. 6866, 1915; RGS 1957; CGL 3113.

167.66 Legislative department of city or town may authorize acquirement of property by eminent domain.—The city council or legislative department of any city or town, or any board of such city or town, as the case may be, having authority and jurisdiction over any of the subject mentioned in §167.65 may, by resolution, authorize the acquirement by eminent domain of property, real or personal, for any of such uses or purposes designated in such resolution. The procedure in acquiring said property shall be that prescribed and set forth in chapter 73.

History.—§2, ch. 6866, 1915; RGS 1958; CGL 3114.

167.67 Tax for municipal band; petition; referendum.—Cities and towns, however organized and irrespective of their form of government, may, when authorized as hereinafter provided, levy each year a tax not to exceed two mills for the purpose of providing a fund for the maintenance or employment of a band for municipal purposes.

Said authority shall be initiated by a petition signed by twenty-five per cent of the legal voters of the city or town as shown by the last regular municipal election. Said petition shall be filed with the council or commission and shall request that the following question be submitted to the voters, to-wit:

"Shall a tax of not exceeding two mills be levied each year for the purpose of furnishing a band fund?"

When such a petition is filed the council or commission shall cause such question to be submitted to the voters at the first following general election.

Said levy shall be deemed authorized if a majority of the votes cast at said election be in favor of the proposition, and the council or commission shall then levy a tax sufficient to support or employ such band, not to exceed two mills on the assessed valuation of such municipality.

All funds derived from said levy shall be expended as set out in this section by the council or commission.

History.—§§1, 2, 3, 4, 6, ch. 12410, 1927; CGL 3093, 3094, 3095, 3096 and 3098.

167.68 Cancellation of tax for municipal band; petition; referendum.—A petition like

that provided for in §167.67 may at any time be presented to the council or commission, asking that the following proposition be submitted, to-wit:

"Shall the power to levy a tax for the maintenance or employment of a band be canceled?"

Such submission shall be made at any general municipal election as provided for in said section, and if a majority of the votes cast be in favor of the question submitted, no further levy for such purpose shall be made until the question may be again voted upon favorably as provided in §167.67.

History.—§5, ch. 12410, 1927; CGL 8097.

167.69 Purchase of lands for national defense.—

(1) The several municipalities (cities and towns) of the state are hereby authorized, separately or jointly, to acquire land by grant, gift, lease, purchase or eminent domain either within or without their corporate limits for the purpose of leasing or selling such land to the United States for national defense purposes.

(2) The several municipalities of the state, separately or jointly, are hereby granted authority to incur obligations for the purchase or lease of such property, and the governing authorities of such municipalities are hereby authorized and empowered to make contracts for such purpose and also authorized to appropriate and cause to be raised by taxation or otherwise monies sufficient to pay such obligations.

(3) Any lands acquired, owned, leased, controlled or occupied by any municipality of the state for the purpose or purposes enumerated in subsection (1) shall be and are hereby declared to be acquired, owned, leased, controlled, occupied and maintained for a municipal and public governmental purpose and any land so acquired and subleased to the United States shall be deemed to be maintained for a municipal and public governmental purpose.

(4) Authority is hereby granted to each of the several municipalities of the state to lease or sublease to the United States for a period not to exceed ninety-nine years or to grant or sell to the United States for national defense purposes any land owned, leased or controlled by such municipalities.

(5) All land, while actually being used for the purpose or purposes of this section, shall be exempted during such period from all state, county, municipal and drainage taxes.

(6) This section shall not repeal any other laws relating to the subject matter hereof, but shall be deemed supplemental and cumulative.

History.—§§1-6, ch. 20836, 1941.

167.70 Cemeteries and burial grounds of municipal corporations. — Municipal corporations within this state owning or having title to any cemeteries or burial grounds, within this state, wherein any person is or may be buried, who served with the armed forces of the United States, at any time, or who served in any war

wherein the United States was a combatant, are hereby authorized and permitted to enter into agreements with the United States for the care, upkeep and maintenance of said cemeteries or burial grounds, or any grave or graves therein, and to receive funds or other assistance for the care, upkeep, and maintenance aforesaid. The said municipal corporations shall have authority to sell, transfer or convey lots or tracts of land within said cemeteries to the United States and may receive conveyances from the United States.

History.—§1, ch. 20862, 1941.

167.71 Authorizing agreements with the federal housing administration for purpose of restricting use of certain defined areas.—

(1) Where in any municipality, in the state, the owners of more than half of the property in a certain area or areas within the boundaries of said municipality, sign a petition and file same with the governing body of said municipality, asking that the area or areas described in said petition shall have certain restrictions placed upon said area or areas, restricting the use of and the building upon the property within said area or areas in order that said area or areas may be approved by the federal housing administration for the loaning of money for the erection of buildings upon the property within said area or areas, the governing body of said municipality shall thereupon, by resolution, set a time for public hearing on said petition and cause to be published for four consecutive weeks prior to said hearing a copy of said petition and the proposed restrictions. At said hearing any property owner in the area or areas to be affected shall have the right to file in writing his or her objections or protest to the proposed restrictions. If at said hearing sufficient evidence is produced showing that the owners of more than half of the property within said area or areas are in favor of such restrictions being placed upon the property within the said area or areas and it seems advisable to the governing body of the said municipality that such restrictions be placed upon the property within said area or areas; thereupon the governing body of said municipality is authorized and empowered by proper resolution or ordinance to enter into an agreement with the federal housing administration for the purpose of restricting the use of and the building upon the property within said area or areas.

(2) After such agreement has been entered into between the said municipality and the federal housing administration, the same cannot be abandoned or changed without the joint agreement of the governing body of said municipality and the federal housing administration.

(3) In the event that the said federal housing administration shall cease to exist, then any agreement entered into with the said federal housing administration can only be changed or abandoned with the consent or permission of the successor or agency of said federal housing administration which is still collecting payments on any loans made by the federal housing ad-

ministration in these areas.

(4) The federal housing administration shall in no way be liable for any restrictions so placed upon the properties in any area or areas within any municipality by said municipality.

(5) This section shall not apply to any area or areas of any municipality which now has zoning or building restrictions which are in full force and effect.

(6) This section shall be deemed cumulative and shall not repeal any other laws not specifically in conflict with the provisions hereof.

History.—§§1-5, ch. 20897, 1941.

167.72 Homestead exemption; method of filing.—Every person entitled to a homestead exemption as provided by §7, Art. X, of the constitution of the state, upon filing an application therefor in proper form with the county tax assessor in the county in which such homestead is situated, shall be deemed thereby to have made application for such homestead exemption from the taxation of the municipality in which such homestead is located, and the municipal tax assessor shall treat said application and give it the same consideration as if it had been personally filed with him. It shall be the duty of the tax assessors of the municipalities in this state to obtain a copy of each application for homestead exemption on file in the office of, and approved by, the county tax assessor of the county in which such municipality is located, and it shall be the duty of the several county tax assessors to furnish such copies to municipal tax assessors in their respective counties when requested.

History.—§1, ch. 21988, 1943.

167.73 Charges for use of services and facilities of municipalities.—

(1) Any city, town or village maintaining or operating a service for the collection and disposal of garbage, trash, rubbish or other refuse may provide, by ordinance of its council, or other legislative body, by whatever name known, for the establishment and collection of reasonable charges to be paid to the city, town or village for the use of such service by each person, firm or corporation whose premises are served thereby; and if such charge is not paid when due, the service may be discontinued until such charge is paid, and the amount of any such charge that is delinquent may be recovered by due process of law.

(2) Each city, town or village owning, maintaining or operating any system of public recreation, any wharf, dock, yacht basin, airport, golf course, hospital, stadium, parking lot, or tourist camp, or any facility designed and intended to render a direct service to the users thereof, may provide, by ordinance of its council or other legislative body, by whatever name known, for the establishment and collection of reasonable fees and charges to be paid to the city, town or village for the use of such facility or service by each person, firm or corporation using the same.

(3) This law is intended as a supplemental

and additional grant of authority to each city, town or village, and shall not impair, abridge or limit any existing powers held by it.

History.—§§1-3, ch. 21701, 1943.

167.74 Municipality; investment of surplus funds.—

(1) The governing board or body of any municipality in this state is hereby authorized and empowered, by resolution, in its discretion, to provide for the investment of any surplus municipal funds in its control or possession in negotiable direct obligation of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States government, at the then prevailing market price for such securities.

(2) All securities purchased by any such board under the authority of this law shall be properly earmarked and immediately placed for safekeeping in a safety deposit box in some bank or institution carrying adequate safety deposit box insurance within the county in which said municipality is situated, or shall be placed for safekeeping in an authorized bank or trust company within or without the state, receiving therefor proper safekeeping or trust receipts, and no withdrawal of such securities in whole or in part shall be made except upon authority evidenced by resolution of the governing board or body of said municipality.

(3) When the money invested in such securities is needed in whole or in part for the purpose originally intended, or when it is deemed prudent to discontinue any such investment, the governing board or body of such municipality is authorized to provide for the sale of such securities at the then prevailing market price and the payment of the proceeds of such sale into the proper account or fund of the municipality.

(4) For the purpose of this law, the term "surplus funds" is defined as funds in any general or special account or fund of the municipality held or controlled by the governing board or body of such municipality which in reasonable expectation will not be needed for the purposes intended within a period of thirty days from the date of such investment.

History.—§1, ch. 23813, 1947; §1, ch. 61-130.

167.75 Encroachments in public streets and alleys.—It is lawful for the governing bodies of municipalities in the state to adopt ordinances authorizing owners of adjacent real property to construct buildings or structures encroaching in, upon and over any public streets and public alleys located in any such municipalities within such limitations as they may prescribe, provided that every such encroaching building or structure shall be at least nine feet above the level of the ground, and to maintain any such existing encroachments until such buildings or structures are destroyed or removed; provided, however, that when any such encroachments extend in, upon, or over any rights of way within the jurisdiction of the state road department such encroachments shall not be authorized

without the prior consent of the state road department; and provided further, that nothing herein contained shall be construed to relieve the owners of such buildings and such structures of any negligence on their part on account of such encroachment.

Provided further, that any encroachment which occurs or has occurred in good faith through error in survey, measurement, or otherwise, and does not comply with said height requirement, may be permitted to remain and be maintained if such encroachment in no material way interferes with the proper use of such public streets or alleys.

History.—§1, ch. 23960, 1947; §1, ch. 28299, 1953; §1, ch. 63-333.

167.76 Apportionment of funds received from tax foreclosures.—Any municipality of the state may apportion proceeds derived from the sale of any lands acquired by said municipalities by reason of tax foreclosure proceedings or by any other proceedings by which said municipalities acquired property for tax liens thereon, which have heretofore been sold or which may hereafter be sold, to the several funds of the said municipalities in proportion to the interests of the several funds of said municipalities, according to the millage rates

in existence and use for the year in which such proceeds of sale are or were received.

History.—§1, ch. 24281, 1947.

167.77 Lease of municipal owned lands for nonpublic use.—

(1) Whenever it has been determined by the governing body of a municipality that any of its real property may not be presently needed for municipal use, but may be so needed at some future time, said property may be leased for nonpublic uses for such reasonable rent, length of term, and conditions, as the governing body may in its discretion determine. The execution and delivery of said lease shall be subject to the same conditions and approvals which may be required by existing charter provisions of the municipality or special acts applicable thereto for the sale of property by deed.

(2) Nothing in this section shall be construed as in any manner affecting the existing power of municipalities to execute and deliver leases of municipal property for public purposes; but the powers granted hereby shall be additional to any other powers which municipalities may now have, to lease, sell, or otherwise dispose of their property.

History.—§§1, 2, ch. 57-9.

168.01 Mayor to see that ordinances are executed and appoint police.—The mayor shall see that the ordinances of the city or town council are faithfully executed; and he may, with the consent of the council, organize and appoint such police force as may be deemed necessary to insure peace, good order and observance of law within the municipal limits, the compensation of the said police to be fixed and regulated by the city or town council.

History.—§25, ch. 1688, 1869; RS 717; GS 1068; RGS 1910; CGL 3043.

168.02 To cause arrest of offenders and try them.—The mayor may, by his mandate, directed to the city or town marshal, have brought before him, at such time and place within the corporate limits as he may designate, any person charged with a breach of the city or town ordinances, and he may require the attendance of witnesses, administer oaths, inquire and examine into the truth or falsity of such charge, determine from the evidence the guilt or innocence of the accused, fix the penalty within the limits prescribed by this chapter, and enforce the same.

History.—§25, ch. 1688, 1869; RS 718; GS 1069; RGS 1911; CGL 3044.

168.03 Process of municipal court; by whom executed.—The process of the mayor's court, or other municipal courts, of the cities and towns within the state shall extend to and may be served anywhere within the territorial limits of the county in which said city, or town, is located, and all summons, subpoenas, warrants and other process of the mayor's court, or other municipal courts, may be served and executed by the city, or town marshal, his deputies, or other executive officer of such courts, anywhere within the territorial limits of the county within which the court issuing the same is located.

History.—§1, ch. 6200, 1911; RGS 1912; CGL 3045.

168.04 Clerk and marshal may take affidavits and issue warrants.—The clerk may administer an oath to and take affidavit of any person charging another with an offense by breach of an ordinance, and may issue a warrant to the marshal to have the accused person arrested and brought before the mayor

for trial. The marshal may, in the absence of the mayor and clerk from the police station, administer oaths to affidavits of complaints and issue warrants for the arrest of persons complained against.

History.—RS 719; GS 1070; RGS 1913; CGL 3046.

168.05 Markets.—The city or town council may establish market houses or places, and require each and every person who may have for sale any fresh meats or fresh fish to bring the same into the said markets so established, and offer such for sale only in such markets, and to make such police and sanitary regulations in regard to such markets and the sale of fresh meats and fresh fish therein as they may deem reasonable and just, and impose such pains, penalties and forfeitures as may be needed to carry such regulations into effect.

History.—§4, ch. 3024, 1877; RS 694; GS 1042; RGS 1869; CGL 2979.

168.06 Provisions, bread, liquors, weights and measures, gunpowder, etc.—The city or town council may require all persons bringing fresh provisions of any kind into the town or city to exhibit them for sale at stated hours; establish and regulate the weight and size of bread, the inspection of any provisions brought from the country to said market, for sale there, the gauging of liquors, the measurement and weighing of any produce or merchandise and the storing of gunpowder, and all naval and military stores, not the property of the United States, nor the state.

History.—§4, ch. 3024, 1877; RS 695; GS 1043; RGS 1870; CGL 2980.

168.07 Powers to regulate public amusements, hotels, public vehicles, etc.—The city or town council may regulate and restrain all tippling, barrooms and all places where beer, wine or spirituous liquor of any kind is sold, at retail or to be drunk upon the premises where sold, billiard saloons, ten pin alleys, theaters or public halls and all places used for public exhibitions, games, or amusements of any kind, and taverns, hotels and other houses for public entertainment; require all such places to be kept and used subject to such reasonable regulations as the council may prescribe; require

all keepers of such places to procure from the city or town a license for keeping the same, under such pains, penalties and forfeitures as the council may prescribe.

The city or town council may regulate the use of all carts, drays, wagons, hacks, omnibuses, hand carts, and every description of vehicles which may be kept for hire, and all livery stables, and require the same to be licensed and the conveyances numbered.

History.—§1, ch. 3163, 1879; RS 696; GS 1044; RGS 1871; CGL 2981.

168.08 Powers as to houses of ill fame and gambling.—The city or town council may suppress and prohibit all houses of ill fame, lotteries and all games or devices in the nature of lotteries, gambling and gaming houses, and authorize the destruction of all instruments or devices used for lotteries or for the purpose of gaming.

History.—§1, ch. 3163, 1879; RS 697; GS 1045; RGS 1872; CGL 2982.

168.09 As to keeping or running at large of animals.—The city or town council may regulate or prohibit the keeping in the corporate limits of the city or town, or the running at large within the said limits, of horses, cattle, swine, sheep, goats, geese and other animals, and impound the same and hold the same and, on notice to the owners, authorize the sale of the same or any portion thereof for the penalty imposed by any ordinance, and the costs, fees and expenses of the proceeding; license and regulate the running at large of dogs and authorize the killing of the same when running at large contrary to the provisions of any ordinances to that effect.

History.—§1, ch. 3163, 1879; RS 698; GS 1046; RGS 1873; CGL 2983.

168.10 May prohibit sale of fireworks.—Any municipality in this state may prohibit by ordinance the sale within its limits of any such fireworks as may be deemed objectionable by the council of such municipality.

History.—§1, ch. 4585, 1897; GS 1049; RGS 1887; CGL 2997.

168.11 May prevent sale of liquors in certain cases.—When the sale of spirituous liquors, wines or beer is wholly forbidden in any county or precinct pursuant to an election duly held for that purpose under the constitution and laws of this state, then any city or town incorporated under the general or special laws of this state relating thereto, and situated in such county or precinct so voting against such sale, may pass such reasonable ordinance or ordinances to prevent or suppress illegal sales of such intoxicants, while such sale is so forbidden, and affix such reasonable penalty or penalties thereto for the violation thereof, as such city or town council shall prescribe.

History.—§1, ch. 4931, 1901; GS 1071; RGS 1914; CGL 3047.

168.12 Impounding hogs or cattle.—No city or town in this state with less than five hundred bona fide inhabitants may impound any

hogs of residents who live without the corporation, and no city or town in this state with less than twelve hundred bona fide inhabitants may impound any cattle of residents who live without the limits of its corporation.

History.—§1, ch. 4190, 1893; §1, ch. 4349, 1895; GS 1105; RGS 1952; CGL 3085; §7, ch. 22858, 1945.

168.13 Sale of municipal owned bridges to state road department, county, etc.—

(1) Where any bridge which is a connecting link or an essential part of a state highway of the state, has been constructed by any municipality of the state, and said municipality has issued its bonds or other obligations to pay all of the costs of construction of such bridge, the said municipality is hereby authorized and empowered to sell said bridge to the state road department, the county in which said bridge is located and/or to any proper state agency or commission now created or which hereafter may be created by law under and by a lease or rental agreement for the consideration and on a basis as hereinafter set forth, and the state road department, the county in which said bridge is located and/or any proper state agency or commission now created or which hereafter may be created by law is hereby authorized and empowered to purchase under and by any such lease or rental agreement such bridge, and to pay annually in semi-annual installments to said municipality such sum or sums as will be equal to the annual interest requirements of the said bonds or any and all other obligations or refunding bonds issued for the original bonds, and an additional amount which over a period of years will be sufficient to enable said municipality to pay off and retire said bonds or refunding bonds or to reimburse itself for the principal of said bonds, or such lesser lease purchase amount as may be agreed upon by the parties. When any purchase agreement as herein authorized has been fully performed such bridge shall become the property of the state as a part of the general state road system of Florida.

(2) Any bridge as mentioned and described in this section is hereby declared, designated and established as a state road of the system of state roads of this state with all the rights and privileges of designated state roads.

(3) This section shall be deemed cumulative and shall not repeal any other laws not specifically in conflict with the provisions hereof.

History.—§§1-3, ch. 20577, 1941.

168.14 Uncontaminated source of water essential.—It is hereby found and declared by the legislature of the state that uncontaminated sources of water supply for cities, towns and villages, and the inhabitants thereof, of this state, are essential to their health and welfare.

History.—§1, ch. 23974, 1947.

168.15 Definitions.—

(1) As used in §§168.14-168.18, the phrase "public water works" means and includes:

- (a) Any municipal corporation of this state;
- (b) Any special taxing district of this state;
- (c) Any person or group of persons; and

(d) Any corporation engaged in the business in this state of supplying any city, town, village, or the inhabitants thereof, or any community of this state, with water for human consumption (among other purposes).

(2) As used in §§168.14-168.18, the phrase "public water supply area" means any contiguous area of land in this state, whether or not such land area be wholly dry or in part under water, owned, leased, or rented, or lawfully used by any public water works, from which land area such public water works derives its water supply or any part thereof.

(3) As used in §§168.14-168.18, the phrase "posted public water supply area" means any public water supply area the boundaries of which have been posted and maintained with signboards at intervals of not more than two hundred yards, bearing a notice (in letters not less than four inches in height, and easily seen and read) reading, "posted public water supply area," followed by the name of the public water works lawfully using such public water supply area. Provided, however, that in computing the maximum distance apart of such signboards, with the prescribed notice thereon, any body of water more than two hundred yards in width at the intersection of the shore of such body of water with any boundary line of the public water supply area may be disregarded, but a signboard with the prescribed notice thereon shall be erected and maintained at each such shore and boundary line intersection. Provided, however, further, that maintenance of seventy-five per centum of the total number of signboards, with the notices thereon aforesaid, prescribed for the boundaries of such public water supply area, shall be held and taken as substantial and sufficient compliance with the provisions of this law as to posting.

(4) As used in §§168.14-168.18, the phrase "civil trespass" means and includes

(a) Any entry or use, in any manner whatsoever, by any means or methods whatsoever, upon or of any posted public water supply area without the prior consent in writing of the public water works, or his, her, their or its authorized officers or agents, lawfully using such land area, except as hereinafter provided as to law enforcement officers; and

(b) The negligent or intentional destruction, removal, defacement, or injury of any signboard or the notice thereon, erected or maintained by any public water works pursuant to the provisions of this law.

(5) As used in §§168.14-168.18, the phrase "criminal trespass" means and includes

(a) Any entry by any human being upon any posted public water supply area, without the prior consent in writing of the public water works, or his, her, their or its authorized officers or agents, lawfully using such land area, except as hereinafter provided as to law enforcement officers; and

(b) The intentional destruction, removal, defacement, or injury of any signboard, or the notice thereon, erected or maintained by any

public water works pursuant to the provisions of this law; and

(c) The negligent or intentional depositing, placing, dumping, or throwing, or causing to be deposited, placed, dumped, or thrown, upon any posted public water supply area of any filth, garbage, trash, refuse, debris, or human excreta, or of any animal excreta other than by any straying animal.

(6) Exceptions from definitions of civil and criminal trespass. There is hereby excluded from the foregoing definitions of civil and criminal trespass any entry upon any such posted public water supply area by any law enforcement officer of this state and of the United States, made or done by such law enforcement officer while actually engaged in the purposes of crime prevention or detection, or actually engaged in the pursuit, arrest, or removal of any person for violation of any of the criminal laws of this state and of the United States.

History.—§2, ch. 23974, 1947; §11, ch. 25035, 1949.

168.16 Additional remedy by injunction.—

In addition to any other remedy, suit, action or proceeding now provided by law, any public water works sustaining or suffering any civil trespass or criminal trespass, as herein defined, shall be entitled to a preliminary and permanent injunction against the perpetrator or perpetrators, or person or persons, corporation or corporations, committing or causing such civil or criminal trespass, upon complaint and due proof filed for that purpose in the circuit court of the county in which the involved posted public water supply area or the greater portion thereof shall be located.

History.—§3, ch. 23974, 1947; §11, ch. 25035, 1949.

168.17 Penalties.—All criminal trespasses as defined in this law are hereby prohibited, and any person or corporation shall, upon conviction thereof, be punished by a fine not exceeding one hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment.

History.—§4, ch. 23974, 1947.

168.18 Evidence; maps; notices; etc.—In any civil or criminal suit, action, or proceeding under this law, and in any civil suit, action, or proceeding in part based upon this law, a copy, certified by the clerk of the circuit court, or any map or plat of any posted public water supply area made and recorded in the office of such clerk, together with certified copy of any renewal certificate, in the manner hereinafter provided, shall be prima facie evidence of the posting of any public water supply area in the manner hereinabove specified; provided the date of the certificate or renewal certificate of the registered land surveyor upon such recorded map or plat be not more than one year in date prior to the offer of such certified copy of such recorded map or plat in evidence. Any public water works maintaining or lawfully using any posted public water supply area may cause a map or plat thereof to be made by a registered land surveyor of this state, in accordance with

the applicable provisions of §§177.03, 177.04, 177.05, 177.07, 177.09 and 177.11, and also showing:

(a) The location of each signboard, with notice thereon, erected along the boundaries of such posted public water supply area;

(b) A copy of the wording of the notices on such signboards; and containing the certificate of such land surveyor certifying that such public water supply area was duly posted on the date of his certificate in accordance with the provisions of this law. Any such map or plat made in conformity with this section of this law shall, upon presentation for filing, be filed and recorded by the clerk of any circuit court in the same manner and for the same fees as are provided by law for the filing and recording of plats of land subdivisions. Any public water works having caused a map or plat of its posted public water supply area to be prepared, filed and recorded, as herein provided, may from time to time have prepared and recorded new maps or plats of such posted public water supply area, or may cause any such recorded map or plat to

be renewed by causing the water supply area lawfully used by it to be inspected by a land surveyor, and, if found by the land surveyor to be posted in compliance with the provisions of this law, by causing a certificate to that effect of such land surveyor, duly acknowledged by the land surveyor, to be filed for record with the clerk of the circuit court of the county in which the original map or plat of such posted public water supply area was recorded. The clerk of the circuit court to whom such acknowledged renewal certificate shall be presented shall record the same in the manner that deeds are recorded, and shall endorse upon the record of the original map or plat of such posted public water supply area a notation of or reference to such renewal certificate and the book and page of the record of such renewal certificate. The clerk of the circuit court so receiving and recording any such renewal certificate shall receive the same fees as provided by law for the recording of assignments of mortgages and notations on the record of the mortgage of such satisfaction.

History.—§5, ch. 23974, 1947.

169.01 Approval of majority of freeholders required before borrowing money.—The city or town council may borrow money or contract loans for the use of the city or town, whether from bodies corporate or individuals residing in or out of the state, and pledge the funds, credit and property of the corporation for the redemption of such loan or loans; provided, that when any city or town shall borrow money, contract loans, or issue bonds or other evidences of indebtedness pursuant to the provisions of this or the following chapter, and the said borrowing, contracting or issuance shall come within the purview of §6 of Art. IX of the constitution of the state, the same shall be done only after said borrowing, contracting or issuance shall have been approved by the majority of the votes cast in an election in which a majority of the freeholders who are qualified electors residing in such city or town, shall participate.

History.—§5, ch. 3024, 1877; RS 711; GS 1060; RGS 1898; CGL 3008.

169.02 Power to issue bonds.—The city or town council may issue bonds bearing such rates of interest as may be deemed best by the council, not exceeding the legal rate of interest in this state, whenever it may be necessary for the purpose of building or repairing the public works of the city, the widening and extension of streets or parks, payment of existing indebtedness of the city, or any other municipal purpose.

History.—§6, ch. 3024, 1877; RS 712; GS 1061; RGS 1899; CGL 3009.
cf.—§687.01 Legal rate of interest.

169.03 Issuance of bonds to be submitted to election.—Before any bonds are issued, the question of issuing them, as well as the amount to be issued, shall be submitted at an election as provided in §169.01, in such manner and after such public notice as may be deemed necessary by the city council; and should a

majority of the votes cast in said election be in favor of issuing the bonds and the amount proposed to be issued, in that event it is lawful for them to be issued; otherwise not.

History.—§7, ch. 3024, 1877; RS 713; GS 1062; RGS 1900; CGL 3010.

169.04 Issuing bonds; purposes authorized; limitation of amounts; proviso; election.—Cities and towns may issue bonds for the purpose of building or repairing public buildings, or water works of the city or town, widening or extending streets or parks, purchasing or establishing gas or electric light plants for the city or town, or for any other municipal purpose, to an amount not exceeding ten per cent of the assessed value of the real and personal property within its incorporated limits; but this limitation shall not operate to prevent the issue by any city or town of additional bonds, which, with the existing bonded indebtedness, shall not exceed ten per cent of the assessed value of the real and personal property within its corporate limits; provided, that no bonds shall be issued by any city or town until the question of issuing same shall have been decided in favor of such bond issue by an election held for that purpose in the manner provided by §§100.201-100.351; provided, this section shall not apply to cities and towns which have special charters from the legislature.

History.—§5, ch. 3476, 1883; RS 714; §1, ch. 5465, 1905; GS 1063; RGS 1901; CGL 3011.

169.05 Form of bonds.—Bonds shall have the seal of the corporation, shall be signed by the mayor and city clerk, and shall be payable at such time and place as the city council may designate.

History.—§6, ch. 3024, 1877; RS 715; GS 1064; RGS 1902; CGL 3012.

169.06 Tax for bonds.—The city council shall assess and collect such taxes from the citizens and upon the property within the city, as shall be necessary for the payment of interest upon, as well as the final payment of

said bonds; provided, however, that all property shall be taxed upon the principle established by state taxation.

History.—§20, ch. 1688, 1869; RS 716; GS 1065; RGS 1903; CGL 3013.

169.07 Issue of coupon bonds for refunding bonded indebtedness.—Any city or town of the state, for the purpose of extending the time of payment of any bonded indebtedness, which from its limits of taxation such city or town is unable to pay at maturity, or when it appears to the trustees or council of such city or town for the best interest of the same, said city or town may, through its council or trustees, compound, settle, refund and retire any existing bonded indebtedness lawfully made and undertaken for the same by authority of law, and for this purpose, by resolution at any regular meeting introduced and passed, may issue its negotiable coupon bonds of such city or town, and such bonds shall be in the denomination of one hundred dollars, five hundred dollars or one thousand dollars, bearing interest at a rate not exceeding six per cent per annum, such interest to be paid semi-annually at such place or places as said council or trustees may elect; provided, however, that no bonded indebtedness of such city or town shall be so compounded, refunded or extended unless such bonded indebtedness is a valid and binding obligation of such city or town; which resolution shall also state the amount of existing bonded indebtedness to be refunded or extended, the aggregate amount of bonds to be issued therefor, their number and denomination, the date of maturity, the rate of interest they shall bear and the place or places of payment of principal and interest.

History.—§1, ch. 4712, 1899; GS 1066; RGS 1904; CGL 3014.

169.08 Council may levy tax to pay principal and interest.—The said council or trustees shall annually levy a tax upon all real and personal property situated within the limits of the city or town, not to exceed fifty cents on the one hundred dollars of the assessed value of such property in any one year, sufficient to pay the semi-annual interest, and to pay not less than two per cent annually on the principal of said bonds, besides the expenses of assessing and collecting the same; and no bonds shall be issued under the provisions of this law, unless a levy as hereinbefore provided shall have been made sufficient to pay the first year's interest and two per cent of the principal of the said bonds; provided, however, that nothing herein contained shall be construed to authorize such city or town to levy any tax in excess of that authorized by the constitution and laws now in force and the provisions of this section and §169.07; provided further, that the bonds so issued shall not bear a rate of interest greater than the bonds refunded; provided, however, that any action taken under this chapter by any council, trustee or trustees, shall not be valid unless previous notice of the intention to consider such matter has been published once

each week for at least four weeks in some newspaper of general circulation published in said city or town, and when no newspaper is published therein, in some newspaper published in the nearest city or town thereto in the same county, the said notice to state also the time and place of the meeting at which the matter is to be considered.

History.—§1, ch. 4712, 1899; GS 1067; RGS 1905; CGL 3015.

169.09 Cities and towns may issue certificates of indebtedness for amount assessed against abutting property; form; when payable; interest; payment of certificate and interest guaranteed; redemption; sale of certificates.—The city or town council, or commissioners, as the case may be, of all cities and towns in the state, whether incorporated and operating under the general laws of said state or under special act, may, after any assessment for municipal improvement is made, issue certificates of indebtedness for the amount so assessed against the abutting property or property benefited, as the case may be, and separate certificates shall be issued against each tract of land assessed, containing a description of the land and the amount of the assessment, together with the general nature of the improvement for which the said assessment is made, and the date thereof. Said certificates shall be payable in not less than one or more than ten years after date, in not more than ten equal installments, as the council or commissioners may determine, with interest to be fixed by the council or commissioners at a rate no greater than eight per cent per annum, payable annually from the date of the issuance of the certificates of indebtedness. The payment of such certificates and annual interest shall be guaranteed by the city or town, and in case of nonpayment of any interest or principal at maturity by the property owner the same shall be redeemed by the city or town at the option of the holder thereof; but said redemption by the city or town shall not discharge the lien or the assessment against the property, and in case of nonpayment of any interest or any installment upon any certificate issued under the provisions of this section, it shall be optional with the holder thereof to consider the whole of said sum expressed in said certificate as immediately due and payable with interest to date. The certificates when issued may be sold or disposed of by the council or commissioners, as the case may be, in payment for said work or improvements, or for cash, in the discretion of the council or commissioners, and all certificates of indebtedness constituting a lien upon property shall be payable at the office of the treasurer or depository of the city or town, as the case may be.

History.—§1, ch. 6864, 1915; RGS 1906; CGL 3016.

169.10 Cities and towns may levy tax for payment of improvement bonds already issued.—All cities and towns which have issued any improvement bonds under the provisions of §169.12, may levy a tax on all property tax-

able by such city or town for the purpose of paying either the principal or interest due upon any such bonds if the same shall, in the opinion of the council of such city or town, be necessary.

History.—§1, ch. 9299, 1923; CGL 3018.

169.11 Improvement bonds declared general obligation; city council authorized to levy tax for payment.—Any and all bonds which may hereafter be issued by any city or town in the state pursuant to §169.12, are declared to be the general obligations of said city or town, and the council of said city or town is authorized to levy a tax on all property taxable by such city or town, for the payment thereof, if necessary.

History.—§2, ch. 9299, 1923; CGL 3019.

169.12 Certificates may be deposited with treasurer as "improvement fund"; issue of improvement bonds; form; amount of bonds; proceeds.—The council or commissioners, at their option, instead of disposing of said certificates of indebtedness and guaranteeing the payment thereof, as above provided, may retain such certificates of indebtedness and deposit the same with the treasurer or depository, as the case may be, in a special and separate fund, to be known as the "improvement fund," and may issue and sell bonds, to be designated "improvement bonds," of the city or town, with interest coupons attached, to an amount not in excess of the aggregate amount of said certificates of indebtedness that shall, from time to time, be issued, bearing interest at a rate not to exceed six per cent per annum, payable semi-annually; or whenever certificates are not issued, but liens are entered in a book provided for that purpose, the council or commissioners, at their option, may issue and sell bonds, to be designated "improvement bonds" of the city or town, with interest coupons attached, to an amount not in excess of the aggregate amount of said liens so entered as aforesaid, and said bonds may be issued from time to time, bearing interest at a rate not to exceed six per cent per annum, payable semi-annually. Such bonds shall be issued with such maturities and in such form and denomination as the council or commissioners shall from time to time determine. Any bonds that shall be issued pursuant to the provisions of this section shall not be computed in determining the limitations of the bonded indebtedness prescribed by the special charter or general law under which such city or town shall be operating; provided, that the amount of such bonds so issued shall never exceed the amount of certificates of indebtedness deposited with the treasurer or depository, or the amount of liens assessed and entered as aforesaid, and the maturities of the bonds shall coincide substantially with the maturities of the installments of the certificates of indebtedness so deposited, or of the liens, and the rate of interest on the certificates or liens shall never be less than the rate of interest on the bonds. The proceeds of said certificates or liens when paid

shall be used and applied exclusively to the payment and retirement of the bonds so issued, and all such bonds shall bear a certificate duly signed by the treasurer or depository, certifying that certificates of indebtedness equal in amount to the face value of the bonds being issued have been deposited by the city or town with such city treasurer or depository; or, when no certificates are issued and the improvement bonds are based on liens, then and in that event such bonds shall bear a certificate, duly signed by the clerk, certifying that the amount of said liens are equal in amount to the face value of the bonds being issued. The proceeds of all such certificates or liens shall be applied exclusively to the payment and retirement of such bonds when the same shall mature or become due. In case there shall not be sufficient money in the "improvement fund" to pay any installment of interest at maturity, the city or town shall borrow such an amount of money as shall be necessary for said purpose, issuing a note against said fund, due within not more than twelve months, and such note shall bear interest at not more than eight per cent per annum. Any law regulating the manner, price or terms of the sale of improvement lien certificates by any city or town shall apply to and govern the sale of improvement bonds by such city or town.

History.—§2, ch. 6864, 1915; RGS 1907; CGL 3017.

169.13 Optional with city or town to issue improvement bonds and exchange for certificates; proviso.—In all cases where certificates of indebtedness have been issued and sold by any city or town, and in all cases where contracts have been let, by the terms of which the contractor obligating to construct any municipal improvement has agreed to take certificates of indebtedness in payment for the work, and in all cases where certificates have heretofore been issued but not sold, it shall be optional with the city or town to issue improvement bonds and exchange the same for such certificates of indebtedness as the council or commissioners of such city or town shall deem expedient; provided, that after certificates have been sold, bonds shall not be exchanged therefor without the consent of the owner of the certificates.

History.—§3, ch. 6864, 1915; RGS 1908; CGL 3020.

169.14 Chapter not to be construed as repealing certain laws.—This chapter shall not be construed as repealing any general law or special charter provision under which any city or town is now or shall hereafter be operating, but the same shall be construed as conferring upon all cities and towns, whether incorporated under the general laws of Florida or under special charter acts, additional powers and an additional method of issuing and selling certificates and improvement bonds.

History.—§4, ch. 6864, 1915; RGS 1909; CGL 3021.

169.15 Investment of sinking funds of a municipality in delinquent tax anticipation

notes or current revenue notes.—Whenever any municipality shall, under the authority of and in accordance with law providing therefor, issue delinquent tax anticipation notes which are secured by a pledge of delinquent taxes and tax certificates, as authorized by law, and whenever such municipality, in accordance with the requirements of law, shall have adopted its budget for any fiscal year and have approved the tax roll and made the tax levy, as required by law, and shall issue against such budget, as now authorized by law current revenue notes, then or in either such case, the sinking fund trustees of such municipality may invest in said notes, or either of them, sinking fund money held by them as such trustees; provided, that no investment of sinking fund moneys shall be made under authority of this section except where the balance on hand in cash, or on de-

posit after such investment, shall at least equal the amount of all maturities for the next succeeding six months in the issue for which said fund was accumulated; and, provided further, that no sinking fund moneys shall be invested in delinquent tax anticipation notes except where, first, the aggregate combined investment of sinking funds in delinquent tax anticipation notes and current revenue notes shall not exceed thirty-five per cent of the sinking fund, and, second, the entire delinquent tax roll of said municipality be pledged for the payment of such issue and such issue of said delinquent tax notes shall be limited to not to exceed twenty per cent of the face value of said delinquent certificates exclusive of interest and penalties.

170.01 Authority for providing improvements and levying and collecting special assessments against property benefited.—Any city, town or municipal corporation of this state, hereinafter referred to as the municipality, whether organized under the general law, or under special act, or having a charter adopted by vote under an enabling act, (hereinafter referred to as the governing authority) may, by its governing authority, provide for the construction, reconstruction, repair, paving, repaving, hard surfacing, re-hard surfacing, widening, guttering and draining of streets, boulevards and alleys, for grading, regrading, leveling, laying, relaying, paving, repaving, hard surfacing, and re-hard surfacing sidewalks; and may order the construction or reconstruction of sanitary sewers, storm sewers and drains, including the necessary appurtenances thereto; and may provide for the payment of all or any part of the costs of any such improvements by levying and collecting special assessments on the abutting, adjoining, contiguous or other specifically benefited property.

History.—§1, ch. 9298, 1923; CGL 3022; §1, ch. 59-396.

170.02 Method of prorating special assessments.—Special assessments against property deemed to be benefited by local improvements, as provided for in §170.01, shall be assessed upon the property specially benefited by the improvement in proportion to the benefits to be derived therefrom, said special benefits to be determined and prorated according to the foot frontage of the respective properties specially benefited by said improvement, or by

such other method as the governing body of the municipality may prescribe.

History.—§2, ch. 9298, 1923; CGL 3023.

170.03 Resolution required to declare special assessment.—When the governing authority of any municipality may determine to make any public improvement authorized by §170.01 and defray the whole or any part of the expense thereof by special assessments, said governing authority shall so declare by resolution stating the nature of the proposed improvement, designating the street or streets or sidewalks to be so improved or the location of said sanitary sewers, storm sewers and drains, and the part or portion of the expense thereof to be paid by special assessments, the manner in which said assessments shall be made, when said assessments are to be paid, what part, if any, shall be apportioned to be paid from the general improvement fund of the municipality, and said resolution shall also designate the lands upon which the special assessments shall be levied, and in describing said lands it shall be sufficient to describe them as "all lots and lands adjoining and contiguous or bounding and abutting upon such improvements or specially benefited thereby and further designated by the assessment plat hereinafter provided for." Such resolution shall also state the total estimated cost of the improvement.

History.—§3, ch. 9298, 1923; CGL 3024; §2, ch. 59-396.

170.04 Plans and specifications, with estimated cost of proposed improvement required before adoption of resolution.—At the time of the adoption of the resolution provided for in

§170.03, there shall be on file with the town or city clerk, or like officer, of the municipality adopting said resolution, an assessment plat showing the area to be assessed, with plans and specifications, and an estimate of the cost of the proposed improvement, which assessment plat, plans and specifications and estimate shall be open to the inspection of the public.

History.—§4, ch. 9298, 1923; CGL 3025; §3, ch. 59-396.

170.05 Publication of resolution.—Upon the adoption of the resolution provided for in §170.03, the municipality shall cause said resolution to be published one time in a newspaper of general circulation published in said municipality, and if there be no newspaper published in said municipality, the governing authority of said municipality shall cause said resolution to be published once a week for a period of two weeks in a newspaper of general circulation published in the county in which said municipality is located.

History.—§5, ch. 9298, 1923; CGL 3026.

170.06 Assessment roll.—Upon the adoption of the resolution aforesaid, the governing authority of the municipality shall cause to be made an assessment roll in accordance with the method of assessment provided for in said resolution, which assessment roll shall be completed and filed with the governing authority of the municipality as promptly as possible; said assessment roll shall show the lots and lands assessed, the amount of the assessment against each lot or parcel of land, and if said assessment is to be paid in installments, the number of annual installments in which the assessment is divided shall also be entered and shown upon said assessment roll.

History.—§6, ch. 9298, 1923; CGL 3027.

170.07 Publication of assessment roll.—Upon the completion of said assessment roll, the governing authority of the municipality shall by resolution fix a time and place at which the owners of the property to be assessed, or any other persons interested therein may appear before said governing authority and be heard as to the propriety and advisability of making such improvements, as to the cost thereof, as to the manner of payment therefor and as to the amount thereof to be assessed against each property so improved. Ten days notice in writing of such time and place shall be given to such property owners which shall be served by mailing a copy of such notice to each of such property owners at his last known address, the names and addresses of such property owners to be obtained from the records of the tax assessor or from such other sources as the city or town clerk or engineer deems reliable, proof of such mailing to be made by the affidavit of the clerk or deputy clerk of said municipality, or by the engineer, said proof to be filed with the clerk, provided, that failure to mail said notice or notices shall not invalidate any of the proceedings hereunder. Notice of the time and place of such hearing shall also be given by two publications a week

apart in a newspaper of general circulation in said municipality, and if there be no newspaper published in said municipality the governing authority of said municipality shall cause said notice to be published in like manner in a newspaper of general circulation published in the county in which said municipality is located; provided that the last publication shall be at least one week prior to the date of the hearing. Said notice shall describe the streets or other areas to be improved and advise all persons interested that the description of each property to be assessed and the amount to be assessed to each piece or parcel of property may be ascertained at the office of the clerk of the municipality. Such service by publication shall be verified by the affidavit of the publisher and filed with the clerk of said municipality.

History.—§7, ch. 9298, 1923; CGL 3028; §4, ch. 59-396.

170.08 Equalizing board to hear complaints and adjust assessments; rebate of difference in cost and assessment.—At the time and place named in the notice provided for in §170.07, the governing authority of the municipality shall meet as an equalizing board to hear and consider any and all complaints as to such special assessments, and shall adjust and equalize the said assessments on a basis of justice and right, and when so equalized and approved by resolution or ordinance of the governing authority, such assessments shall stand confirmed, and remain legal, valid and binding first liens, upon the property against which such assessments are made, until paid; provided, however, that upon completion of the improvement the municipality shall credit to each of said assessments the difference in the assessment as originally made, approved and confirmed, and the proportionate part of the actual cost of said improvement to be paid by special assessments as finally determined upon the completion of said improvement, provided that in no event shall the final assessments exceed the amount of benefits originally assessed. Promptly after such confirmation, the assessments shall be recorded by the city clerk in a special book, to be known as the "improvement lien book," and the record of the lien in said book shall constitute prima facie evidence of its validity.

History.—§8, ch. 9298, 1923; CGL 3029; §5, ch. 59-396.

170.09 Priority of lien, interest and method of payment.—Said assessments shall be payable at the time and in the manner stipulated in the resolution providing for said improvements, and said special assessments shall remain liens, co-equal with the lien of other taxes, superior in dignity to all other liens, titles and claims, until paid, and shall bear interest at a rate not to exceed eight per cent per annum from the date of the acceptance of said improvement and may, by the resolution aforesaid, be made payable in not more than ten equal yearly installments, to which, if not paid when due, there shall be added a penalty at the rate of one per cent per month, until paid; provided that said assessments may be paid without interest at any

time within thirty days after the improvement is completed, and a resolution accepting the same has been adopted by the governing authority.

History.—§9, ch. 9298, 1923; CGL 3030; §6, ch. 59-396; §1, ch. 61-349.

170.10 Legal proceedings instituted upon failure of property owner to pay special assessment or interest when due; foreclosure; service of process.—Each annual installment provided for in §170.09 shall be paid upon the dates specified in said resolution, with interest upon all deferred payments, until the entire amount of said assessment has been paid, and upon the failure of any property owner to pay any annual installment due, or any part thereof, or any annual interest upon deferred payments, the governing authority of the municipality shall cause to be brought the necessary legal proceedings by a bill in chancery to enforce payment thereof with all accrued interest and penalties, together with all legal costs incurred, including a reasonable solicitor's fee, to be assessed as part of the costs and in the event of default in the payment of any installment of an assessment, or any accrued interest on said assessment, the whole assessment, with the interest and penalties thereon, shall immediately become due and payable and subject to foreclosure. In the foreclosure of any special assessment service of process against unknown, or nonresident defendants, may be had by publication, as now provided by law in other chancery suits. The foreclosure proceedings shall be prosecuted to a sale and conveyance of the property involved in said proceedings as now provided by law in suits to foreclose mortgages; or, in the alternative, said proceeding may be instituted and prosecuted under chapter 173.

History.—§10, ch. 9298, 1923; CGL 3031; §7, ch. 59-396.

170.11 Bonds may be issued to an amount not exceeding the amount of liens assessed for the cost of improvements to be paid by special assessment.—After the equalization, approval and confirmation of the levying of the special assessments for improvements as provided by §170.08 and as soon as a contract for said improvement has been finally let, the governing authority of the municipality may by resolution or ordinance authorize the issuance of bonds, to be designated "Improvement bonds series no. ____" in an amount not in excess of the aggregate amount of said liens levied for such improvements. Said bonds shall be payable from a special and separate fund to be known as the "Improvement fund, series no. ____" which shall be used solely for the payment of the principal and interest of said "Improvement bonds, series no. ____" and for no other purpose. Said fund shall be deposited in a separate bank account and all the proceeds collected by the city from the principal, interest and penalties of said liens shall be deposited and held in said fund. Said bonds so issued shall never exceed the amount of liens assessed, and said bonds shall mature not later than six months

after the maturity of the last installment of said liens. Said bonds shall bear certificates signed by the clerk of the municipality certifying that the amount of liens levied, the proceeds of which are pledged to the payment of said bonds, are equal to the amount of the bonds issued. The bonds may be delivered to the contractor in payment for his work or may be sold at public or private sale for not less than par and accrued interest, the proceeds to be used in paying for the cost of the work. Said bonds shall not be a charge on, or payable out of, the general revenues of the city, but shall be payable solely out of said assessments, installments, interest and penalties. Any surplus remaining after payment of all bonds and interest thereon shall revert to the city and be used for any municipal purpose.

History.—§11, ch. 9298, 1923; CGL 3032; §8, ch. 59-396.

170.14 Governing authority of municipality required to make new assessments until valid assessment is made if special assessment is omitted or held invalid.—If any special assessment made under the provisions of this chapter to defray the whole or any part of the expense of any said improvement shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the governing authority of any municipality shall be satisfied that any such assessment is so irregular or defective that the same cannot be enforced or collected, or if the governing authority of a municipality shall have omitted to make such assessment when it might have done so, the governing authority of the municipality shall take all necessary steps to cause a new assessment to be made for the whole or any part of any improvement or against any property benefited by any improvement, following as nearly as may be the provisions of this chapter and in case such second assessment shall be annulled, said governing authority of any municipality may obtain and make other assessments until a valid assessment shall be made.

History.—§14, ch. 9298, 1923; CGL 3035; §11, ch. 59-396.

170.15 Governing authority of municipality may pay out of its general funds or any special fund for the purpose, portion of cost of improvement; items considered improvement cost.—The governing authority of any municipality may pay out of its general funds or out of any special fund that may be provided for that purpose such portion of the cost of any improvement as it may deem proper.

History.—§15, ch. 9298, 1923; CGL 3036; §12, ch. 59-396.

170.16 Assessment roll sufficient evidence of assessment and other proceedings of this chapter; variance not material unless party objecting materially injured thereby.—Any informality or irregularity in the proceedings in connection with the levy of any special assessment under the provisions of this chapter shall not affect the validity of the same where the assessment roll has been confirmed by the governing authority, and the assessment roll

as finally approved and confirmed shall be competent and sufficient evidence that the assessment was duly levied, that the assessment was duly made and adopted, and that all other proceedings adequate to the adoption of the said assessment roll were duly had, taken and performed as required by this chapter; and no variance from the directions hereunder shall be held material unless it be clearly shown that the party objecting was materially injured thereby.

History.—§16, ch. 9298, 1923; CGL 3037.

170.17 Denomination of bonds, interest, place of payment, form, signatures, coupons and delivery.—All bonds issued under this chapter shall be the denomination of one hundred dollars, or some multiple thereof, and shall bear interest at a uniform rate not exceeding six per cent per annum, payable annually or semi-annually thereafter until maturity, and ten per cent per annum after maturity, and both principal and interest shall be payable at such place or places as the governing authority may determine. The form of such bonds shall be fixed by resolution of the governing authority of the municipality and said bonds shall be signed by the mayor or chief executive officer of the municipality and the clerk or other like officers thereof, under the seal of the municipality; the coupons, if any, shall be executed by the facsimile signatures of said officers. The delivery of any bond and coupon so executed at any time thereafter shall be valid although before the date of delivery the person signing such bond or coupons shall cease to hold office.

History.—§17, ch. 9298, 1923; CGL 3038; §13, ch. 59-396.

170.18 Notice required where no newspaper is published in county in which municipality is situated.—Where by any of the provisions of this chapter any notice is required to be given by publication in a newspaper, if there be no newspaper published in the county in which the municipality is situated, then such notice shall be posted for the prescribed period

of time in at least five public places in the municipality, one of which shall be the city or town hall, or the place of meeting of the governing authority, if there be no city or town hall.

History.—§18, ch. 9298, 1923; CGL 3039.

170.19 Construction and authority of chapter.—This chapter shall, without reference to any other law of Florida, be full authority for the issuance and sale of the bonds by this chapter authorized, and shall be construed as an additional and alternative method for the financing of the improvements referred to herein. No ordinance, resolution, election or proceeding in respect of the issuance of any bonds hereunder shall be necessary, except such as is required by this chapter, and no publication of any resolution, ordinance, election, notice or proceeding relating to the issuance of the bonds provided for by this chapter shall be required, except such as required by this chapter.

History.—§19, ch. 9298, 1923; CGL 3040; reenacted §14, ch. 59-396.

170.20 Bonds negotiable.—Bonds issued under §170.11 shall have all the qualities of negotiable paper under the law merchant, and shall not be invalid for any irregularity or defect in the proceedings for the issue and sale thereof, and shall be incontestable in the hands of bona fide purchasers or holders thereof for value.

History.—§20, ch. 9298, 1923; CGL 3041; §15, ch. 59-396.

170.21 Provisions of chapter supplemental, additional and alternative procedure.—This chapter shall not repeal any other law relating to the subject matter hereof, but shall be deemed to provide a supplemental, additional and alternative method of procedure for the benefit of all cities, towns and municipal corporations of the state, whether organized under special act or the general law, and shall be liberally construed to effectuate its purpose.

History.—§21, ch. 9298, 1923; CGL 3042; reenacted §16, ch. 59-396.

171.01 Contracting of territorial limits.—If any incorporated city or town shall desire to contract its territorial limits by excluding from its corporate limits and jurisdiction any portion of its incorporated territory it shall be lawful so to do in the following manner: The council of such city or town, by ordinance, shall declare its desire to exclude such district, describing the same by metes and bounds, and shall call an election of the registered voters of the remaining district of the said city or town to approve or disapprove of the said ordinance. Each election shall be held separately in the respective districts, but upon the same day; and thirty days' public notice shall be given of the time, purpose and place of said election, by proclamation issued by the mayor, which proclamation shall contain a copy of said ordinance. If two-thirds of the registered voters actually voting in each shall approve of such ordinance, the council shall thereupon, by ordinance, declare the new limits of the city or town, excluding therefrom the portion so excluded, and cause the said ordinance, together with the previous ordinance aforesaid, the mayor's proclamation aforesaid, and certificate of the result of such election, to be recorded in the records of the council, and also in the clerk's office in the county where such city or town is situated.

History.—§2, ch. 3163, 1879; RS 720; ch. 4601, 1897; §1, ch. 5197, 1903; GS 1072; RGS 1915; CGL 3048.

171.02 Landowners may petition court to have certain land excluded from corporation limits.—When any incorporated town (or city) containing less than one hundred and fifty qualified electors shall, owing to extent of territory, have embraced within the limits any lands which may from distance or other cause be virtually or commensurately excluded from the benefits of such municipal organization, it is lawful for any owners of such lands or three-fourths of them desiring to have the same excluded from such corporation limits and jurisdiction, to apply by petition to the circuit court in and for the county in which said incorporated town is situated, setting forth in said petition the limits of such incorporated town as then existing and the grounds of his or their objection to be included within the limits of

such corporation; whereupon the circuit court shall order notice of said application to be served upon the mayor of said town or city and appoint a day for the hearing of such application.

If upon the hearing of said application the said court shall sustain the said objection, the said tract or tracts of land shall be excluded. Such petition may be heard and determined by said court in term time or vacation, and any question of fact may be determined by said court without a jury.

History.—§1, ch. 5197, 1903; GS 1073; RGS 1916; CGL 3049.

171.03 Effects of exclusion.—Whenever any portion of any city or town is excluded as aforesaid, such portion and the citizens thereof shall be thereby forever released from all debts, duties, or liabilities of the said city or town; and all public property, both real and personal, whether situated in the district so excluded or in the remaining district, and all rights and franchises belonging to such city or town at the time of exclusion, shall remain and be the property of such city or town.

History.—§3, ch. 3163, 1879; RS 721; GS 1074; RGS 1917; CGL 3050.

171.04 Extension of territorial limits.—

(1) If any incorporated city or town shall desire to change its territorial limits by the annexation of any unincorporated tract of land lying contiguous thereto and within the same county, it is lawful so to do in the following manner: If such tract contains less than ten registered electors, the council of said city or town shall, by ordinance duly passed and approved as provided by law, declare its intention to annex such tract of land to said city or town at the expiration of thirty days from the approval of said ordinance, which said ordinance shall thereupon be published once a week for four consecutive weeks in some newspaper published in such city or town; or if no newspaper is published in said city or town, then in a newspaper published in the same county, and if no newspaper is published in said county, then at least three printed copies of said ordinance shall be posted for four consecutive weeks at some conspicuous place in said city or town, and three copies in like manner in the

district to be annexed. If at any time before the expiration of the thirty days, any ten registered electors of said city or town, or any two owners of real estate in the district so proposed to be annexed, shall object to such annexation, they may apply by petition to the circuit court in and for the county in which said city or town is situated, setting forth in said petition the proposed proceedings of said city or town, and the grounds of their objection thereto; whereupon the said circuit court shall order notice of said application to be served upon the mayor of said city or town, and appoint a day for the hearing of said application; and all further action in the premises by the said city or town shall thereupon be stayed until the further order of the said court. If, upon the hearing of the said application, the said court shall sustain the said objection, the said tract of land shall not be annexed; otherwise the said application shall be dismissed and the said tract of land shall be annexed to the said city or town. Such petition may be heard and determined by said court either in term time or in vacation, and questions of fact may be determined by such a court without a jury, but each party may demand a jury if it so desires. If no objection is filed and notice served as aforesaid within the said thirty days, the said city or town may proceed by ordinance to annex the said tract of land and to redefine the boundary lines of the said city or town so as to include therein the said tract of land. If the tract of land so proposed to be annexed contains ten or more registered electors, the ordinance proposing to annex said tract of land shall be submitted to a separate vote of the registered electors of the said city or town and of said tract of land. Such election shall be called and conducted, and the expense thereof paid by the corporate authorities of said city or town; and the said tract of land shall not be annexed unless such annexation is approved by a majority of the registered electors actually voting at such election in said district and in said city or town, provided, that any unincorporated tract of land proposed to be so annexed shall, when annexed, constitute a reasonably compact addition to the incorporated territory with which it is combined; that if such tract of land is vacant and uninhabited, or if such tract of land is owned solely by only one individual person, firm or corporation, then and in either of such events, only one owner of real estate in the district so proposed to be annexed who objects to the proposed annexation, may apply by petition to the circuit court in and for the county in which said city or town is situated, in the same manner and with the same effect as hereinabove provided in cases where two owners of real estate are required to join in objecting to such proposed annexation. The term "one individual person" as used hereinabove shall include a man and wife who own property jointly. The method of annexation provided by this section is in addition to any other procedure provided by any special or local law,

and no such special or local law is repealed or modified by this act.

(2) Any improved parcel of land which is owned by one individual, corporation or legal entity, or owned collectively by one or more individuals, corporations or legal entities, proposed to be annexed under the provisions of this act shall not be severed, separated, divided or partitioned by the provisions of said ordinance; but shall, if intended to be annexed, or annexed, under the provisions of this act, be annexed in its entirety and as a whole; provided, however, that nothing herein contained shall be construed as affecting the validity or enforceability of any ordinance declaring an intention to annex land under the existing law that has been enacted by any municipality prior to the effective date of this act; provided, however, the owner of such property may waive the requirements of this section if such owner does not desire all of his tract or parcel included in said annexation, and providing further that nothing herein contained shall alter or repeal any local or special act pertaining to any municipality of the state.

This section shall be applicable to municipalities regardless of whether their boundaries have been previously fixed by special act or under general law. Provided however that nothing in this section shall apply to municipalities located in counties having home rule under the constitution, nor in any county having a population of more than 390,000 and less than 450,000.

171.05 Extending limits of cities of over ten thousand inhabitants.—The corporate limits of any city or town in this state having a population of over ten thousand inhabitants, may be at any time extended so as to include adjacent territory, whether incorporated or not, not then included within such limits, by ordinance to be passed by the council of such city or town, and approved by the mayor, or duly passed over his veto; such ordinance proposing to annex said territory shall be submitted to a separate vote of the registered electors of the said city or town and of the said territory. Such election shall be called and conducted and the expenses thereof paid by the corporate territories of the said city or town and the said territory shall not be annexed unless such annexation is approved by a majority of the registered electors actually voting in such election in said territory and in said city or town. Such ordinance shall provide for the registration, on registration lists to be used at such election, of all persons residing at the time of passage of such ordinance, within the entire territory to be included within the proposed city limits who would, if residing within the original corporate limits at that time, be eligible to qualify to vote for municipal officers at any city election. The method of annexation provided by this section is in addition to any other procedure provided by any special or local law,

and no such special or local law is repealed or modified by this act.

This section shall be applicable to municipalities regardless of whether their boundaries have been previously fixed by special act or under general law.

171.06 Annexed property liable for city debts; provisos.—All public property, rights and franchises theretofore belonging to any city or town so annexed under §171.05, shall thereafter belong to the city or town annexing the same, which shall also assume and be liable for all the debts and obligations of the city or town so annexed, and the property and inhabitants of any city or town so annexed shall be consequently liable for all debts and obligations and subject to every species of taxation imposed upon the original inhabitants of the city or town to which they may be annexed; provided, however, that the real estate or other property which may be within any territory so annexed at the time of any such election shall not be liable for, nor taxed to pay any bond indebtedness of the city or town to which it may be annexed existing at the time of any such election; and, provided further, that the real estate or other property which may be within the city or town to which such annexation may be made shall not be liable for, or taxed to pay any bond indebtedness of any such city or town so annexed which may be existing at the time of such election.

History.—§2, ch. 5464, 1905; RGS 1922; CGL 3055.

171.07 Conduct of election, etc.—At any election held under the provisions of §171.05 at least one polling place shall be located within the territory proposed to be annexed, and at least one of the inspectors at every polling place shall be duly registered under the provisions of this chapter, and an inhabitant of the territory so annexed. And every such election shall be held and conducted by the city or town so proposing to extend its territory and according to this chapter and the ordinances passed pursuant to the same.

History.—§3, ch. 5464, 1905; RGS 1923; CGL 8056.

171.08 Not to apply to city of Jacksonville; proviso.—The provisions of §§171.05, 171.06 and 171.07 shall not affect the provisions of the special charter of the city of Jacksonville or any act amendatory thereof or extending its special powers or apply thereto unless the same shall be accepted or adopted by ordinance of said city specially passed for such purpose.

History.—§4, ch. 5464, 1905; RGS 1924; CGL 3057.

171.09 Annexation of one municipality to another.—If any incorporated city or town desires to annex or to be annexed to any other incorporated city or town lying contiguous thereto, such city or town shall so declare by ordinance duly passed and approved, and transmit a copy of said ordinance to the mayor of the city or town which it desires to annex or

be annexed to. The mayor of such city or town shall submit the said ordinance to the council of said city or town, and if the same is affirmed and concurred in by the said council, the mayor shall notify the mayor of the city or town transmitting the same; whereupon each city or town shall call an election of their respective citizens, as provided in §171.01, and if a two-thirds majority of the registered voters actually voting in each city or town approve of said annexation, the same shall be duly consummated and the two cities or towns shall be consolidated under one municipal government under the name of the city or town to which the other city or town is annexed, and the corporate authorities of the latter shall cause all the proceedings had as aforesaid to be duly recorded in the clerk's office of the county wherein such city or town is situated.

History.—§3, ch. 3163, 1879; RS 723; GS 1076; RGS 1919; CGL 3052.

171.10 Effects of annexation.—All public property, rights and franchises theretofore belonging to the city or town so annexed shall thereafter belong to the city or town annexing the same, which shall also assume and be liable for all the debts and obligations of the city or town so annexed; and the property and inhabitants of any city or town so annexed shall be equally liable for all debts and obligations, and subject to every species of taxation imposed upon the original inhabitants of the city or town to which they are annexed.

History.—§3, ch. 3163, 1879; RS 724; GS 1077; RGS 1920; CGL 3053.

171.11 Consolidation of taxing district and city or town.—Wherever there exists in the state any district with power to levy or to collect taxes for any purpose whatsoever, and the boundaries of such district coincide with, or approximately coincide with, any town or city in said state, and the personnel of the council, commission or governing body of such district is the same as the personnel of the council, commission or governing body of such city or town, then, and in all such cases, such district may be consolidated with and merged into such city or town so as to exist only under the name of and to become and be one and the same with such city or town.

History.—§1, ch. 16851, 1935; CGL 1936 Supp. 3057(1).

171.12 Consolidation determined by election; form of ballot.—In order to effect a consolidation or merger of any such district with and into any city or town, the council, commission or governing body of such district and the council, commission or governing body of such town or city shall adopt a joint resolution resolving that said district shall be consolidated with and be merged into such city or town and that it shall exist only under the name of and be one and the same with such city or town. And such resolution shall provide for and call an election to determine whether said district shall be consolidated with and merged into such city or town. Such city or town or district shall prepare a ballot to be used at said election and

such ballot shall be in substantially the following form, to-wit:

OFFICIAL BALLOT

Shall the District of _____,
in the County of _____, and State
of Florida be consolidated with and be merged
into the City (or Town) of _____,
in the County of _____, and the
State of Florida?

Make a cross mark (X) before your choice.

_____ FOR MERGER

_____ AGAINST MERGER

Such election shall be held within the boundaries of such district and of such city or town on a day not less than thirty days and not more than sixty days from the adoption of such joint resolution, the exact day to be fixed by said resolution. Said joint resolution shall be published once a week for at least two consecutive weeks prior to such election in a newspaper published within the boundaries of such district and of such city or town, and the publication of such joint resolution shall be deemed sufficient notice of said election.

Said election shall be conducted in all respects as are the general municipal elections held in such city or town and all persons qualified to vote in such general elections of such city or town shall be qualified to vote on the question of such merger and consolidation. The inspectors and clerk of said election shall make due return thereof to the council, commission or governing body of such city or town, which body shall receive, canvass and declare the result thereof, and if the majority of the votes cast at such election shall be for merger, then, upon declaring the result of such election, such district shall thereupon stand consolidated with and merge into such city or town and shall thereafter exist only under the name of and be one and the same with such city or town.

History.—§2, ch. 16851, 1935; CGL 1936 Supp. 3057(2).

171.13 Transfer.—After any district has been merged with any city or town then, and in such case, all of the rights, powers, privileges, duties, franchises, property and property rights, assets, tax assessments, tax levies and tax liens, tax certificates, choses in action and in possession, as well as all contracts and liabilities of such district, shall by such consolidation and merger be deemed transferred to such city or town.

History.—§3, ch. 16851, 1935; CGL 1936 Supp. 3057(3).

171.14 Debts, liabilities, outstanding bonds and issuance of refunding bonds after consoli-

dation.—All debts and liabilities of such district shall, after such consolidation and merger, be the debts and liabilities of such city or town, and if such city or town or district shall have any outstanding bonds or if either such city or town or district is successor to or covers the same territory of any previous city or town which had any bonds outstanding, then all outstanding bonds of such previous city or town shall be deemed, considered and taken to be the bonds of its successor city or town, and such succeeding city or town may at any time refund all such outstanding bonds whether bonds of its own issue or bonds to which it has fallen heir by being successor to the city or town issuing them, and it may issue its new refunding bonds in the same manner and pursuant to the same procedure that is required to issue bonds to create an original indebtedness, and when such refunding bonds are issued, all laws and parts of laws in force at the time of the issuance of the original bonds being refunded shall be deemed as preserved and carried forward into and to continue as the law of such refunding bonds. And all laws and parts of laws coming into effect between the issuance of such original bonds and such refunding bonds which cannot be made applicable to such original bonds because of the constitutional inhibition against impairing the obligation of contract shall likewise be deemed as inapplicable to such refunding bonds when issued pursuant to the terms hereof; provided, however, the provisions of this paragraph shall not apply generally to all cities and towns throughout the state issuing refunding bonds, but shall apply only to cities and towns with which some district has merged pursuant to the terms of this chapter.

History.—§4, ch. 16851, 1935; CGL 1936 Supp. 3057(4).

171.15 Judgments after consolidation.—All valid judgments rendered by courts of competent jurisdiction against such district or such city or town shall, after such consolidation and merger, be regarded as judgments against said city or town, to the same effect, and with the same force and effect, as though such judgments had been rendered against such city or town, and for the payment of such judgments such city or town may levy such taxes, against such properties, as such city or town could have levied for the payment of its general obligation bonds at the time of the rendition of such judgments respectively and such judgments shall have the same lien, force and effect as they had at the time of their rendition, and as provided herein.

History.—§5, ch. 16851, 1935; CGL 1936 Supp. 3057(5).

172.01 Electricity or gas plant may be constructed, purchased, leased or established and maintained.—Any city or town may, under the limitations of this chapter, construct, purchase, lease or establish and maintain within its limits one or more plants for the manufacture or distribution of gas or electricity for furnishing light for municipal use, and for the use of such of its inhabitants as may require and pay for the same as herein provided. Such plants may include suitable land, structures, easements, water privileges, stations, gasometers, boilers and engines, dynamos, machinery, pipes, conduits, hose, conductors, burners, lamps and other apparatus and appliances for making, generating, distributing and using gas or electricity for lighting purposes.

History.—§1, ch. 4600, 1897; GS 1078; RGS 1925; CGL 3058.

172.02 Procedure required before exercise of authority granted.—No city or town shall exercise the authority conferred in §172.01, until after a vote that it is expedient to exercise such authority shall have passed its city council, by a two-thirds vote of the members of said city or town council at a meeting duly called and held for that purpose, and received the approval of the mayor, and thereafter have been ratified by a majority of the voters voting thereon at an annual or special municipal election to be called and held for that purpose, and the result of such vote duly declared by the clerk of the said town or city council, and recorded in the minutes of such town or city.

History.—§§2, 3, ch. 4600, 1897; GS 1079; RGS 1926; CGL 3059; §7, ch. 22858, 1945.

172.03 Limitation upon holding elections.—When a vote has failed of passage as provided in §172.02, no similar vote shall be taken until after the expiration of one year thereafter.

History.—§3, ch. 4600, 1897; GS 1080; RGS 1927; CGL 3060.

172.04 Authority to issue bonds; procedure.—Any city or town establishing or purchasing a plant within its limits, as provided in this chapter, or reconstructing, extending or enlarging the same, as provided in §172.05, may

pay for the same by the issue of bonds payable in a term of not exceeding thirty years and bearing interest at a rate not exceeding seven per cent, which shall not be disposed of for less than par and accrued interest; and the indebtedness thereby created shall not be included in the limit of indebtedness of such city or town provided by law; and the whole amount of bonds so issued by a city or town and outstanding shall not exceed at their par value the amount of seven per cent of the total valuation of the real and personal property within the limits of said city or town, according to the last preceding valuation of the same made by said city or town. The interest on such bonds and a sinking fund to meet the same at maturity shall be provided for by ordinance of the city or town council; provided, that when any city or town shall borrow money, contract loans or issue bonds or other evidences of indebtedness pursuant to the provisions of this chapter, and the said borrowing, contracting or issuance shall come within the purview of §6 of Art. IX of the constitution of the state, the same shall be done only after said borrowing, contracting or issuance shall have been approved by the majority of the votes cast in an election in which a majority of the freeholders, who are qualified electors residing in such city or town, shall participate.

History.—§4, ch. 4600, 1897; GS 1081; RGS 1928; CGL 3061.

172.05 Reconstruction and extension of plant.—Any city or town owning a plant for the manufacture or distribution of gas or electricity may reconstruct, extend or enlarge the same; but no such reconstruction, extension or enlargement beyond the necessary and ordinary maintenance, repair and replacement thereof, except such increased appliances for the manufacture and distribution of gas and electricity as may be necessary to furnish the same to the takers, shall be undertaken or made, except by the vote provided by §172.04, in the case of the issue of bonds.

History.—§5, ch. 4600, 1897; GS 1082; RGS 1929; CGL 3062; §7, ch. 22858, 1945.

172.06 City or town may furnish light for inhabitants or municipal use under regula-

tions it establishes; not compelled to furnish light except on order of gas and electric light committee of city or town.—Any city or town having obtained a plant for the purpose as provided in this chapter, may manufacture, generate and distribute gas and electricity for furnishing light for municipal use, or for the use of its inhabitants, under such regulations as it may establish. No city or town shall be compelled to furnish gas or electricity to any person or corporation except upon the order of the gas and electric light committee of such city or town. Any person or corporation aggrieved by the refusal of any city or town supplying gas or electricity under the authority of this chapter to furnish the same, may appeal to such committee setting forth in such appeal what is required of the city or town in such details as the committee may require.

History.—§6, ch. 4600, 1897; GS 1083; RGS 1930; CGL 3063.

172.07 Books and accounts.—The books and accounts pertaining to the business authorized by this chapter shall be kept in a form to be prescribed by the board of gas and electric light committee.

History.—§7, ch. 4600, 1897; GS 1084; RGS 1931; CGL 3064.

172.08 City or town to fix price to be charged.—The price to be charged for gas or electricity to persons and corporations shall be fixed by the city or town council, and shall not be changed oftener than once in three months.

History.—§8, ch. 4600, 1897; GS 1085; RGS 1932; CGL 3065.

172.09 Purchase by city or town of established plant.—When any city or town shall decide as hereinbefore provided, to establish a plant, and any person, firm or corporation shall at the time of the vote required for such decision be engaged in the business of making, generating or distributing gas or electricity for sale for lighting purposes in such city or town, such city or town shall, if such person, firm or corporation shall elect to sell and shall comply with the provisions of this chapter, purchase of such person, firm or corporation before establishing a public plant, such portion of his, their or its gas or electric plant, and property suitable and used for such business in connection therewith, as lies within the limits of such city or town. If in such city or town a single corporation owns or operates both a gas plant and an electric plant, such purchase shall include both of such plants, but otherwise such city or town shall only be obliged to purchase the existing gas plant or plants, if it has voted only to establish a gas plant, and shall only be obliged to purchase the existing electric plant or plants if it has only voted to establish an electric plant. If the main gas works in the case of a gas plant, or the central lighting station, in the case of an electric light plant, lie within the limits of the city or town which has voted to establish a plant as aforesaid, such city or

town shall purchase as herein provided the whole of such plant and property used in connection therewith lying within its limits, and the price to be paid therefor shall be its fair market value for the purposes of its use, no portion of such plant to be estimated, however, at less than its fair market value for any other purpose, including as an element of value the earning capacity of such plant, based upon the actual earnings being derived from such use at the time of the final vote of such city or town to establish a plant, and also any locations or similar rights acquired from private persons in connection therewith, plus the damages suffered by the severance of any portion of such plant lying outside of the limits of such city or town, and minus the amount of any mortgage or other incumbrance or lien to which the plant so purchased, or any part thereof, may be subject at the time of transfer of title; but such city or town may require that such plant and property be transferred to it free and clear of any mortgage or lien, unless the gas or electric committee of such city or town shall otherwise determine. Such value shall be estimated without enhancement on account of future earning capacity, good will, or of exclusive privileges derived from rights in the public streets. When any capital has been paid in, in property instead of cash, the valuation placed upon such property in estimating it as paid in capital shall not be conclusive in estimating its value under the foregoing provisions, but may be disputed by the city or town, and if shown to have been excessive, may be reduced by the authority fixing the price of the plant and property as hereinafter provided.

History.—§9, ch. 4600, 1897; GS 1086; RGS 1933; CGL 3066.

172.10 Procedure where part of plant is outside of town limits.—If the main gas works or central lighting station of such a plant do not lie within the limits of the city or town which has voted as aforesaid, then such city or town, shall only purchase that portion of such plant and property which lies within its limits, paying therefor upon the basis of value above established, but without allowance of damages on account of severance of plant. No city or town shall be obligated by this section to buy any apparatus or appliances covered by letters patent of the United States or embodying a patentable invention unless a complete right to use the same and all other apparatus or appliances necessary for such use within the limits of such city or town, to such extent as such city or town shall reasonably require such right, shall be assigned or granted to such city or town at a cost as low as the cost of such right would be to the person, firm or corporation whose plant is purchased.

History.—§9, ch. 4600, 1897; GS 1087; RGS 1934; CGL 3067.

172.11 Enforcing obligation of city or town.—Any persons, firm or corporation, desiring to enforce the obligation of any city or town under §172.09 to purchase any property, shall

file with the clerk of such city or town within thirty days after the passage of the final vote whereby such city or town shall have decided to establish a plant, a detailed schedule describing such property and stating the terms of sale proposed. If the parties fail to agree as to what shall be sold, or what the terms of sale and delivery in accordance with the provisions of this chapter shall be, either party may within sixty days after the filing of the schedule apply by petition to the circuit court having jurisdiction in said county, setting forth the facts and praying an adjudication between the parties; and thereafter such court shall, after giving both parties an opportunity to be heard, appoint a commission or jury as now provided by law in matters of eminent domain, and the exercise of the right thereof, who shall give the parties an opportunity to be heard, and shall thereafter determine by their award or verdict what property, real or personal, including rights and easements, shall be sold by the one and purchased by the other in accordance with the provisions of this chapter, and what the price, time and other conditions of the sale and delivery thereof shall be. Such commission or jury shall file their award or verdict in the office of the clerk of the circuit court having jurisdiction, for revision or confirmation by said court.

History.—§10, ch. 4600, 1897; GS 1088; RGS 1935; CGL 3068.

172.12 Aggrieved party may file with clerk of circuit court.—Any party aggrieved by the award or verdict of the commission or jury may within fourteen days after its filing or within such longer time as the court may allow, file objections thereto with the clerk of said court and apply to the court for a hearing on such award or verdict relative to any matter of fact or law pertaining to the same, and thereupon the court shall make and render its final judgment in the premises after due notice to all parties in interest and an opportunity given to be heard in the premises. The judgment of the court upon said award or verdict shall be final and binding, and said court shall have jurisdiction as in equity to compel compliance therewith, and may also issue and enforce such interlocutory decrees and orders as justice may require. Any party aggrieved by the final judgment of the circuit court may have a writ of error as in common law cases to the supreme court of the state, subject to all rules and laws in force in this state relating to writs of error.

History.—§11, ch. 4600, 1897; GS 1089; RGS 1936; CGL 3068.

172.13 Powers of owners cease.—Whenever the existing gas plant or electric plant of any person or corporation shall have been acquired by any city or town pursuant to the provisions of this chapter, the powers and rights of such person or corporation in relation to the manufacture and distribution of gas and electricity within the limits of such city or town, shall, from and after the date of such acquirement, cease and determine.

History.—§12, ch. 4600, 1897; GS 1090; RGS 1937; CGL 3070.

172.14 General laws apply.—All general laws of the state, and all ordinances or by-laws of any city or town availing itself of the provisions of this chapter, relative to the manufacture, use, generation or distribution of gas or electricity, or the quality thereof, or plant or appliances therefor, shall apply to such city or town so far as the same may be applicable and not inconsistent with this chapter, in the same manner as the same apply to persons and corporations engaged in making, generating or distributing gas or electricity therein.

History.—§13, ch. 4600, 1897; GS 1091; RGS 1938; CGL 3071.

172.15 No rights of cities impaired.—Nothing herein shall be construed to take away, restrict or impair any rights of any city, town or other authority which may now exist to revoke locations of wires, poles, conduits or pipes in, over or under their streets or ways; provided, however, that no city or town, having within its limits the main gas works in the case of a gas plant or the central lighting station in the case of an electric plant, or the major portion of the wires, poles, conduits, or pipes used in connection with any such works or plants, shall, except for a violation of the terms or conditions upon which the same were granted, or for a violation of law respecting the exercise thereof, revoke any rights heretofore granted, or which may be hereafter granted, to any person or corporation engaged in the business of making, generating or distributing gas or electricity for sale or lighting purposes, after the passage of the vote of the city council or town council and the vote of the electors of such city or town, as provided for in §172.02.

History.—§14, ch. 4600, 1897; GS 1092; RGS 1939; CGL 3072.

173.01 Foreclosure of municipal tax certificates authorized.—The lien of any and all taxes, tax certificates and special assessments heretofore or hereafter imposed by any incorporated city or town in the state upon real estate may be foreclosed by such city or town by suit in chancery. The practice, pleading and procedure in any such suit shall be in substantial accordance with the practice, pleading and procedure for the foreclosure of mortgages of real estate, except as herein otherwise provided.

History.—§1, ch. 15038, 1931; CGL 1936 Supp. 3004(2).

173.02 Proceedings in rem against the lands.—Suits for the foreclosure of tax liens and special assessments under this chapter shall be in the nature of proceedings in rem against the lands upon which said taxes or special assessments are a lien or liens, and it shall not be material that the ownership of said lands be correctly alleged in said proceedings or that parties having an interest or interests in or liens or claims upon said lands be made parties to such proceedings by name or description or be served with process therein, except as hereinafter provided. In any such suit as many lots, parcels or tracts of land, regardless of ownership, and as many tax liens, tax certificates and assessment liens may be included in one suit as the complainant may desire. Any judgment or decree that may be rendered in any such suit shall be enforceable only against such lands.

History.—§2, ch. 15038, 1931; CGL 1936 Supp. 3004(3).

173.03 Conditions determining when suit may be brought; lands and claims included.—Suit may be brought at any time after any one or more of the following events, respectively: (1) After the expiration of two years from the date of any tax certificate issued and held by a city or town whose charter provides for or requires the issuing of tax certificates for delinquent taxes; (2) after the expiration of two years from the date any tax becomes delinquent which was imposed by a city or town whose charter does not provide for or require the issuing of tax certificates; or (3) after the expiration of one year from the date any special

assessment or installment thereof becomes due and payable. There may be included in any suit all or any part of the lands upon which tax certificates have been outstanding or taxes have remained delinquent or any special assessment or installment thereof shall have been in default for the respective periods aforesaid, and there may be included therein all claims and demands of said city or town against said lands or any part thereof for taxes, tax certificates and special assessments or installments thereof which may be due and payable to such city or town at the time of the institution of such suit.

History.—§3, ch. 15038, 1931; CGL 1936 Supp. 3004(4).

173.04 Procedure for bringing foreclosure suit; certificate of attorney as to notice of suit; jurisdiction obtained by publication of notice of suit; form of notice.—Any suit hereby authorized shall be commenced by bill in chancery in the circuit court of the county in which such city or town is situated, in the name of the city or town whose taxes, tax certificates and special assessments are sought to be enforced, as complainant, and against any or all lands upon which any taxes, tax certificates and special assessments are delinquent (as the case may be) for the period aforesaid, as defendant, in which bill there shall be briefly described the levy and nonpayment of taxes and special assessments which are delinquent for the period aforesaid, and of all other taxes and special assessments then due and payable to said city or town and sought to be recovered in such bill, the lands proceeded against and the amount chargeable to each parcel or tract. It shall be unnecessary to name in such bill or proceedings any person owning or having any interest in or lien upon such lands as defendants. At least thirty days prior to the filing of any such bill in chancery, written notice of intention to file the same shall be sent by registered mail to the last known address of the holder of the record title and to the holder of record of each mortgage or other lien, except judgment liens, upon each tract of land to be included in said bill in chancery; such notice shall briefly describe the particular

lot or parcel of land, shall state the amount of tax certificate and special assessment liens sought to be enforced and shall warn said owner and holders of liens, mortgages or other liens that on or after the day therein named said bill in chancery to enforce the same will be filed, unless paid on or before said date.

A certificate of the attorney shall be attached to the bill of complaint to the effect that said written notice has been given, and such certificate shall be prima facie evidence that the provisions of this section have been complied with. The complainant's counsel shall make diligent inquiry as to the address of the record title and holders of record liens other than judgments and the clerk of the circuit court shall mail by registered mail a copy of the notice hereinafter provided for, to such record owner and holders of record liens other than judgments at such last known address.

Jurisdiction of any of said lands and of all parties interested therein or having any lien thereon shall be obtained by publication of a notice to be issued as of course by the clerk of the circuit court in which such bill is filed on the request of complainant, once each week for not less than four consecutive weeks, directed to all persons and corporations interested in or having any lien or claim upon any of the lands described in said notice and said bill. Such notice shall describe the lands involved and the respective principal amounts sought to be recovered in such suit for taxes, tax certificates and special assessments on such respective parcels of land, and requiring all such parties to appear and defend said suit on or before a rule day specified in said notice, which shall be not less than four weeks after the date of the first publication of such notice. Said notice may be in substantially the following form, with blanks appropriately filled in:

Name City or Town,
Complainant,
vs.

Certain lands upon
which _____ (here
insert the word
"taxes," or the words
"special assessments"
or both, as the case
may be) are delin-
quent,

Defendant.

IN THE CIRCUIT
COURT FOR _____
COUNTY, FLORIDA.
IN CHANCERY.

NOTICE

To all persons and corporations interested in or having any lien or claim upon any of the lands described herein:

You are hereby notified that (name city or town) has filed its bill of complaint in the above named court to foreclose delinquent _____ (here insert the words "tax liens, tax certificates or special assessments," as the case may be) with interest and penalties, upon the parcels of land set forth in the following schedule, the aggregate amount of such _____ (here

insert the words "tax liens, tax certificates or special assessments," as the case may be) interest and penalties, against said respective parcels of land, as set forth in said bill of complaint, being set opposite such parcels in the following schedule, to-wit:

DESCRIPTION OF LANDS

Amount of _____ (here insert the word "taxes," or the words "special assessments" or both, as the case may be).

In addition to the amounts set opposite each parcel of land in the foregoing schedule, interest and penalties, as provided by law, on such delinquent taxes and special assessments, together with a proportionate part of the costs and expenses of this suit, are sought to be enforced and foreclosed in this suit.

You are hereby notified to appear and make your defenses to said bill of complaint on or before the _____ day of _____, and if you fail to do so on or before said date the bill will be taken as confessed by you and you will be barred from thereafter contesting said suit, and said respective parcels of land will be sold by decree of said court for non-payment of said taxes and assessment liens and interest and penalties thereon and the costs of this suit.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of said Court, this _____ day of _____.

Clerk of said Court.

By _____

Deputy Clerk.

Proof of publication of said notice, as herein required, shall be by affidavit of the publisher or some agent or employee thereof filed in said cause.

History.—§4, ch. 15038, 1931; CGL 1936 Supp. 3004(5).
cf.—§1.01(13) defines registered mail to include certified mail with return receipt requested.

173.05 Parties; time for appearance, etc.—

Every person interested in or having any lien upon any parcel of land described in the bill of complaint shall be deemed a party to said cause and may appear and defend said cause within the time specified in such notice. Any person not appearing and defending within such time shall be deemed to have confessed said bill, but the court may in its discretion and for cause shown enlarge the time within which any such person may appear and defend said cause.

History.—§5, ch. 15038, 1931; CGL 1936 Supp. 3004(6).

173.06 Affidavits and certificates as prima facie evidence; proof of validity or invalidity.

—An affidavit or affidavits of the tax collector or other officer of complainant having the duty of issuing or collecting such taxes, special assessments or tax certificates, as to the existence of delinquent taxes, tax certificates and special assessments upon any parcel of land and the time when the same became due, the amount due thereon, including interest and penalties, and the non-payment thereof, shall be received in evidence as prima facie proof of the facts so

certified and of the validity of all proceedings in and about the levying and assessment of such taxes and special assessments and the issuing of such tax certificate or certificates.

Tax certificates shall be admissible in evidence and shall be prima facie valid.

No tax certificate shall be held invalid except upon proof that the property was not subject to taxation or that the taxes had been paid previous to any tax sale or prior to the institution of the suit.

History.—§5, ch. 15038, 1931; CGL 1936 Supp. 3004(6).

173.07 Tender of correct amount as condition precedent.—If any person shall claim that any tax, tax certificate or assessment is improper or illegal, and seek to contest the same, then such person at the time of filing an answer resisting the foreclosure of any tax lien, tax certificate or assessment lien shall tender into the registry of the court such amount as he claims was properly assessable or for which the property of such person was properly assessable.

History.—§5, ch. 15038, 1931; CGL 1936 Supp. 3004(6).

173.08 Judgment for complainant; amounts included; attorney's fee.—In all cases where the cause may be decided for complainant, the judgment for delinquent taxes, tax certificates and special assessments against any parcel of land shall include the principal of, and interest and penalties on such taxes, tax certificates and special assessments, the costs of the suit and a reasonable attorney's fee; such costs and attorney's fee to be apportioned among and charged against the various parcels of land involved in proportion to the amount of taxes, tax certificates and special assessments adjudged against such respective parcels of land.

In fixing the fees of complainant's attorney the court shall take into consideration the use which the complainant has made of the privilege hereby given of including in one suit divers taxes, tax certificates and assessment liens, and if the court be of the opinion that there has been an unnecessary separation of causes of action on the same or different parcels of land which might have been joined in the same action, it shall not allow an attorney's fee greater than would have been allowed if the action had been combined.

History.—§5, ch. 15038, 1931; CGL 1936 Supp. 3004(6).

173.09 Judgment for complainant; special master's sale; complainant may purchase and later sell.—Any such decree shall direct the special master thereby appointed to sell the several parcels of land separately to the highest and best bidder for cash (or, at the option of complainant, to the extent of special assessments included in such judgment, for bonds or interest coupons issued by complainant), at public outcry at the court house door of the county in which such suit is pending, or at such point or place in the complainant municipality as the court in such final decree may direct, after having advertised such sale (which advertisement may include all lands so ordered sold) once

each week for two consecutive weeks in some newspaper published in the city or town in which is the complainant or if no such newspaper, in a newspaper published in the county in which the suit is pending, and if all the lands so advertised for sale be not sold on the day specified in such advertisement, such sale shall be continued from day to day until the sale of all such land is completed.

Such sales shall be subject to confirmation by the court, and said special master shall, upon confirmation of the sale or sales, deliver to the purchaser or purchasers at said sale a deed of conveyance of the property so sold; provided, however, that in any case where any lands are offered for sale by the special master and the sum of the tax, tax certificates and special assessments, interest, penalty, costs and attorney's fee is not bid for the same, the complainant may bid the whole amount due and the special master shall thereupon convey such parcel or parcels of land to the complainant.

The property so bid in by complainant shall become its property in fee simple and may be disposed of by it in the manner provided by law, except that in the sale or disposition of any such lands the city or town may, in its discretion, accept in payment or part payment therefor any bonds or interest coupons constituting liabilities of said city or town.

History.—§5, ch. 15038, 1931; CGL 1936 Supp. 3004(6).

173.10 Judgment for complainant; court may order payment of other taxes, etc., or sale subject to taxes; special master's conveyances.—In the judgment or decree the court may, in its discretion, direct the payment of all unpaid state and county taxes and also all unpaid city or town taxes and special assessments or installments thereof, imposed or falling due since the institution of the suit, with the penalties and costs, out of the proceeds of such foreclosure sale, or it may order and direct such sale or sales to be made subject to such state and county and city or town taxes and special assessments.

Any and all conveyances by the special master shall vest in the purchaser the fee simple title to the property so sold, subject only to such liens for state and county taxes or taxing districts whose liens are of equal dignity, and liens for municipal taxes and special assessments, or installments thereof, as are not directed by the decree of sale to be paid out of the proceeds of said sale.

History.—§5, ch. 15038, 1931; CGL 1936 Supp. 3004(6).

173.11 Distribution of proceeds of sale.—The proceeds of any foreclosure sale authorized by this chapter shall be distributed by the special master conducting the sale according to the final decree and if any surplus remains after the payment of the full amount of the decree, costs and attorney's fees and any subsequent tax liens which may be directed by such decree to be paid from the proceeds of sale, such surplus shall be deposited with the clerk of the court and disbursed under order of the court.

History.—§6, ch. 15038, 1931; CGL 1936 Supp. 3004(7).

173.12 Lands may be redeemed prior to sale.—Any person interested in any lands included in the suit may redeem such lands at any time prior to the sale thereof by the special master by paying into the registry of the court the amount due for delinquent taxes, interest and penalties thereon and such proportionate part of the expense, attorney's fees and costs of suit as may have been fixed by the court in its decree of sale, or by written stipulation of complainant, and thereupon such lands shall be dismissed from the cause.

History.—§7, ch. 15038, 1931; CGL 1936 Supp. 3004(8).

173.13 Procedure under this chapter optional.—The exercise of the power and provisions conferred in this chapter shall be optional with the municipalities and shall not be mandatory upon any municipality of the state. Any municipality desiring to proceed hereunder may elect to proceed hereunder by formal action of its governing authority and by proceeding as described herein.

History.—§8, ch. 15038, 1931; CGL 1936 Supp. 3004(9).

173.14 Chapter supplemental to other law.—This chapter shall not repeal any other statute relating to the subject matter hereof, but shall be deemed to provide a supplemental, additional and alternative method of enforcement of tax liens and special assessments for the benefit of all incorporated cities or towns of the state of Florida, whether organized under special act or

general laws, and shall be liberally construed to effectuate its purpose.

History.—§9, ch. 15038, 1931; CGL 1936 Supp. 3004-(10).

173.15 Parties and subject matter; tax liens, etc., of equal dignity.—

(1) In the foreclosure of municipal tax and special assessment liens by suit in the nature of proceedings in rem, as provided by chapter 173, for the purpose of adjudicating therein all tax liens against the lands being proceeded against, or any portion thereof, and receiving from the proceeds of any foreclosure sale in such proceedings a proper and proportionate share of such proceeds in satisfaction of tax liens so adjudicated, the owner, holder or assignee of any tax lien, however evidenced, of equal or inferior dignity with those of the complainant on or against the lands being proceeded against, or any portion thereof, may be included as and made a party defendant in such proceeding by the service of process on such party defendant in the manner provided by law for service of process on defendants in chancery.

(2) This section is intended to broaden the scope of the foreclosure proceedings authorized by chapter 173, so as to permit the adjudication of tax liens of equal dignity in said proceedings, and shall be liberally construed to effectuate such purpose.

174.01 Civil service employees.—The members of the police and fire departments of any city or town not having a population of more than one hundred twenty-five thousand, according to the last preceding state or federal census, whether incorporated by special act or incorporated under the general laws of the state relating to cities and towns, shall, after adoption of this chapter by referendum as hereinafter provided, be constituted civil service employees of said city or town, and shall be employed, retained, governed, directed and discharged as hereinafter provided.

History.—§1, ch. 17166, 1935; CGL 1936 Supp. 3092(26).
cf.—§1.01 (9) Census.

174.02 Definitions.—For the purposes of this chapter, "municipality" shall be construed to mean any city or town of the state, whether incorporated by a special act or incorporated under the general laws of the state relating to cities and towns. The "governing authority" shall be construed to mean the municipal officers of a city or town who are authorized to enact the laws and ordinances of said municipality, whether the said officers are known as aldermen, commissioners, councilmen, or by any other designation, and shall include only those officers who are authorized to vote on said ordinances or laws. "Chief of police" shall be construed to mean the officer in command of the police department, and commonly known and designated as chief of police. "Chief of fire department" shall be construed to mean the officer in command of the fire department, and commonly known and designated as chief of fire department. "Seniority" shall be construed to mean the length

of service on the police department or fire department of said municipality.

History.—§2, ch. 17166, 1935; CGL 1936 Supp. 3092(27).

174.03 Employment included in provisions of this chapter.—All persons regularly employed by a municipality as police officers or fire officers, including the chief of police, chief of fire department, captains, other officers and policemen and firemen, and those persons who are members of the police and fire department engaged in clerical work solely for said police or fire department, shall be construed to come within the provisions of this chapter, but this chapter shall not include any officer or person employed for temporary duty only.

Employees of municipalities, coming within the provisions of this chapter, shall be employed and retained in employment and advanced to any higher grade on merit and fitness only, and the merit and fitness of any applicant for said departments, or for advancement therein, shall be determined by competitive examination, as hereinafter provided.

History.—§3, ch. 17166, 1935; CGL 1936 Supp. 3092(28).

174.04 Civil service board created.—A civil service board for said municipality is hereby created. Said board shall be composed of five members, three members of said board to be persons of different vocations, not employed by said municipality in any other capacity, official or otherwise, and shall be appointed by the governing authority of said municipality, and shall be so appointed in the first instance for terms of one, two and three years respectively, and thereafter in each instance the term shall be for four years. The fourth member

of said board shall be a member of the police department of said municipality, and the fifth member of said board shall be a member of the fire department of said municipality, who shall be elected to membership in said board by the vote of the regular employed members of the police and fire departments respectively. The term of said fourth and fifth members shall be for one year. The members of said board, other than said fourth and fifth members, shall appoint the judges and clerks for the election of said fourth and fifth members. The time for said election shall be set by the three members first appointed to said board, and thereafter said election shall be held on that date each year, or such other date as may be designated by the governing authority. The votes shall be consolidated on the following day after said election. The candidate receiving the greatest number of votes shall be declared elected. Immediately after appointments and election have been made and held as above provided, said board shall organize and elect one of its members chief examiner, who shall act as secretary to said board. The board may appoint such other assistants to the secretary as may be necessary. All three members of said civil service board first appointed shall serve without recompense, unless otherwise provided by the governing authority. The chief of police and chief of fire department shall be ex officio members of said board and shall have a voice in any proceedings, but not vote. The fourth member and the chief of police, and the fifth member and the chief of fire department shall serve on said board without compensation, other than their regular pay as officers. In the event any city or town shall have less than five members of the said departments coming within the provisions of this chapter, the fourth and fifth members of said civil service board shall not be elected to serve on said board, and in which event the chief of police and chief of fire department may vote as a member on said board only when there is a tie vote by the members of said board.

History.—§4, ch. 17166, 1935; CGL 1936 Supp. 3092(29).

174.05 Rules and regulations; investigations concerning enforcement; annual report.—The civil service board shall adopt, enact, and amend a code of rules and regulations. This code shall cover the regulations for the conduct and direction of the members of the police and fire departments and shall prescribe their duties, hours of work, discipline and control. Said code shall contain rules and regulations for the appointment, employment and discharge of persons in all positions in the police and fire departments of said municipality, based on merit, efficiency, character and industry. Said code shall have the force and effect of a law on employees of said police and fire departments. Said board shall make investigations concerning the enforcement and effect of this chapter and of its adopted code. It shall make an annual report to the governing authority.

History.—§5, ch. 17166, 1935; CGL 1936 Supp. 3092(30).

174.06 Examinations, eligible lists, grades, certification, vacancies and promotions.—The civil service board or its examiner, subject to its approval, shall provide examinations and maintain lists of eligibles to appointment in said police and fire departments. Said board shall divide said departments into grades and shall certify a list of the members of each grade. Said lists may be certified to the chiefs of said departments at such time as may be determined by said board, but not less than once a year, and shall be available for examination by any member of said department at any time. Appointments shall be made to fill vacancies only from this list of eligibles. Members of said department shall be moved from any grade to a higher grade only after passing an examination prescribed by the board as aforesaid, and a certificate as to their efficiency and fitness, with the necessary qualifications prescribed by the said board, and the entry of their names on the eligible list for said grade.

History.—§6, ch. 17166, 1935; CGL 1936 Supp. 3092(31).

174.07 Suspension of examination and requirements for filling vacancy when competition is impracticable.—In case of a vacancy in a position in said police and fire departments where peculiar and exceptional qualifications of a scientific, managerial, professional or educational character are required, and upon satisfactory evidence that for specified reasons, competition in such special case is impracticable, and that the position can best be filled by a selection of some designated person of high qualities, the civil service board, on a vote of a majority of its members, and the written assent of the chief of police and chief of fire department, may suspend the provisions of the statute requiring competition in such place, and all such cases of suspension of the examination shall be recorded by the board, with the reasons for said suspension and shall be open to the public. At the time of the appointment the rank of said appointee shall be fixed by the board. Such an appointee, being appointed to fill a vacancy, may not of necessity receive the same rank as the former incumbent.

History.—§7, ch. 17166, 1935; CGL 1936 Supp. 3092(32); am. §7, ch. 22858, 1945.

174.08 Command of police and fire departments.—The chief of police and fire departments of said city shall be in command of said police and fire departments, and at all times responsible directly to said board for the conduct and administration of said department. Whenever the governing authority of said city shall determine that an emergency exists, caused by riot, rebellion or public calamity, the mayor of said city may be directed to take charge of said police department and command the same during the existence of said emergency only.

History.—§8, ch. 17166, 1935; CGL 1936 Supp. 3092(33).

174.09 Governing authority fixes pay and controls number of employees in each grade;

seniority list.—The governing authority of said municipality shall fix the pay of all members of said police and fire department, provided that members of the same grade shall each receive the same pay, and members of a higher grade shall not be paid less than members of the next lower grade.

The governing authority of said municipality shall fix the number of members in each particular grade and may increase or reduce the number of any grade, or may abolish that grade, except that there shall be only one chief of police and only one chief of fire department, and these officers may not be abolished. In the event of a reduction in the number of members in any grade, the members shall be retained in that grade according to seniority, and those members thus being forced back to a lower grade or class, will thereafter receive the pay of said lower grade or class, and in the event the grade or class is again increased, shall be first to succeed to said old grade or class according to seniority, without further examination or probationary period, and in the event a reduction in said force or any grade thereof causes a member of the lowest grade of said force to go into inactive duty, said member or members on inactive duty shall not receive any pay, but said inactive member shall not lose his seniority, provided he remains inactive for a period not exceeding one year, and enters on said active duty within ten days after notice has been given him by the secretary of said civil service board that a position is open. After the formation of said board a seniority list shall be certified of all members and employees of the police and fire departments and each member and employee shall in writing assent or dissent to his seniority rating. In the event a member dissents, a hearing shall be held by said board and the seniority determined, and the finding of said board shall be final.

History.—§9, ch. 17166, 1935; CGL 1936 Supp. 8092(34).

174.10 Discharge of permanent employee.—The discharge of a permanent employee other than at the end of a probationary period shall not become effective until the chief of police or the chief of fire department, as the case may be, shall have first served upon such employee of the department a written notice of discharge which shall contain one or more reasons or grounds for discharge, together with such specifications of facts as will enable said employee to make an explanation and place him fairly upon his defense, giving such employee an opportunity to make an explanation, and file it with the civil service board together with a copy of such notice of discharge and explanation, if any, made by the employee.

History.—§10, ch. 17166, 1935; CGL 1936 Supp. 8092(35).

174.11 Hearing on appeal of discharged employee.—A discharged employee may appeal to the civil service board for a hearing within ten calendar days from the time he was served with notice of discharge as shown by such no-

tice. The board shall hear the appeal within thirty days from the date that such appeal shall have been so filed with the board. Written notice shall be given to the person so removed and to the chief of the proper department of the time and place of hearing the appeal, which hearing shall be open to the public.

History.—§11, ch. 17166, 1935; CGL 1936 Supp. 8092(36).

174.12 Proceedings of hearing.—The board shall hear the evidence upon the charges and specifications as filed with it by the chief of police or the chief of fire department. No material amendment of, or addition to said charges or specifications will be considered by the board. The proceedings shall be as informal as is compatible with justice. The order of proof shall be as follows. The chief of police or chief of fire department shall present his evidence in support of the charges. The appellant shall then produce such evidence as he may wish to offer in his defense. The parties in interest may then offer rebuttal evidence. The board shall hear arguments. The admission of the evidence shall be governed by the rules applied by the court in civil cases. The board shall have the power to subpoena and require the attendance of witnesses and the production of pertinent documents, and to administer oaths. The chief of police and chief of fire department may be represented by other counsel. The appellant may also be represented by counsel, and the board shall, after due consideration, render its judgment affirming, disaffirming or modifying the action of the said departments.

History.—§12, ch. 17166, 1935; CGL 1936 Supp. 8092(37).

174.13 Perjury.—Any willful false swearing on the part of any witness or person giving evidence before the civil service board mentioned in §§174.01-174.12 as to any material fact in said proceedings shall be deemed perjury, and shall be punished in the manner prescribed by law for such offense.

History.—§13, ch. 17166, 1935; CGL 1936 Supp. 7476(2).

174.14 Failure to appear.—If the employee whose appeal is to be heard as set out in §174.11 shall fail to appear, for no good reason, at the time fixed for the hearing, the board shall hear the evidence and render judgment thereon. If the chief of the proper department shall fail to appear at the time fixed for the hearing, and if no evidence be offered in support of his charge or charges, the board may render judgment as by default or may hear evidence as offered by the removed employee and render judgment thereon, and the board shall forthwith notify the department chief and the removed employee of its judgment.

History.—§14, ch. 17166, 1935; CGL 1936 Supp. 8092(38); am. §7, ch. 22858, 1945.

174.15 Civil service board may initiate investigation and prefer charges.—The civil service board shall also have the initiative in any proceedings and may, by a majority vote, call before it any member of said police de-

partment for investigation, and, if it finds sufficient grounds so to do, may direct its secretary to prefer charges against said member, in which event the secretary may be substituted for the chief of police or chief of fire department in said charges and hearing, and in such event the secretary shall not vote in said proceedings.

History.—§15, ch. 17166, 1935; CGL 1936 Supp. 8092(39).

174.16 Suspension of permanent employee; right to appeal.—Any chief of police or chief of fire department may suspend a permanent employee without pay for a reasonable period not to exceed thirty days, for purposes of discipline, provided, however, that said employee shall not be required to work more than five days of any suspension without pay. Successive suspensions shall not be allowed. In all cases of suspension, demotion, or lay off, the chief of police and chief of fire department shall furnish such employee with a copy of a notice thereof specifying his reasons for the same and give such employee a reasonable time in which to make and file an explanation. Any employee suspended or laid off shall have the right of appeal to the civil service board in the manner set forth in §174.11 with reference to an appeal in case of dismissal. Whenever the dismissal or suspension of an employee is disapproved by the board and a reinstatement ordered, the employee involved may, as determined by the board, receive the pay he lost because of such suspension.

History.—§16, ch. 17166, 1935; CGL 1936 Supp. 8092(40).

174.17 Disqualified for further examinations.—Any permanent employee who is dismissed for misconduct or delinquency or who resigns while charges are pending shall be disqualified from taking any civil service examination thereafter.

History.—§17, ch. 17166, 1935; CGL 1936 Supp. 8092(41).

174.18 Rank, grade and seniority held at time of adoption of chapter retained.—Members of the police and fire department, respectively, shall retain the rank and grade and the seniority they hold at the time of the approval of the provisions of this chapter by the municipality. That is, it shall not be necessary for them to be reappointed to the grade they hold at that time, nor to go through any probationary period to hold that particular grade. In the event, however, that any member of the police department shall become eligible for a position of a higher grade, then this chapter shall apply in all its terms and provisions. Nothing in this section shall prevent the governing authority from reducing the number of men in any grade, as hereinbefore provided.

History.—§18, ch. 17166, 1935; CGL 1936 Supp. 8092(42).

174.19 Election may be called to approve or reject terms of this chapter for the municipality.—Whenever the governing authority of any municipality deems it for the best interest of its citizens, it may adopt a resolution by a majority vote of its members, calling an election on a day to be specified in said reso-

lution not less than forty days and not more than ninety days thereafter, to approve or reject for said municipality the terms of this chapter. In the event said chapter is adopted by a municipality in accordance with the terms of this section and §§174.20 and 174.25, and the municipal governing authority then desires to amend the provisions of this chapter such amendment shall be valid only after approval by a majority of the electors participating in a referendum election called for the purpose of approving or disapproving the amendment.

History.—§19, ch. 17166, 1935; CGL 1936 Supp. 8092(43); §1, ch. 59-40.

174.20 Petition to governing authority to call election to approve or reject this chapter; procedure; publication of notice of election.—If the governing authority of said municipality shall not adopt a resolution calling an election for the purpose of approving or rejecting this chapter, an election may then be called for that purpose on petition to the governing authority of such municipality requesting the governing authority to call such election as aforesaid. Said petition shall be signed by at least ten per cent of the qualified voters of such city or town, and each signer thereof shall add to his signature his place of residence, giving the street and number, if any; and one of the signers of each separate paper containing the signatures of the qualified electors signing said petition shall make oath before an officer competent to administer oaths, that each signature to the paper appended is the genuine signature of the person whose name it purports to be. On the presentation to the governing authority of such municipality of such petition, whether on the same or different papers, it shall be immediately referred to the clerk or secretary of the governing authority and the registration officer or similar officer of such municipality shall, with such clerical assistance as may be necessary, compare the names on said petition with the registration books, and complete the work within ten days. If the number of names on said petition is not sufficient to call an election, as herein provided, said officers shall retain said petition and receive additional petitions of the same character and for the same purpose for a period of thirty days, unless the requisite number is obtained sooner, when they shall not have been called by the governing authority, then it shall canvass the same and shall certify the result thereof to the governing authority of such municipality. If the requisite number of signatures of qualified voters appear on said petition or petitions and on the certificate of canvass thereof, and said election shall not have been called by the governing authority, then it shall forthwith adopt a resolution designating a day for the holding of such election, which shall not be less than forty days nor more than ninety days after the adoption of such resolution; provided, however, the election may be held on the date of holding the next general election, at which one or more members of the governing author-

ity are elected, and with the same judges and clerks. In which event, the provisions in regard to calling the election within a specified time need not apply.

Notice of said election shall be given by the clerk or secretary of the governing authority by publishing the same in a newspaper published in such municipality once each week for four consecutive weeks next preceding said election, the first publication thereof to be not less than twenty-five days prior to such election; but if no newspaper is published in such municipality, then said notice shall be published as aforesaid in a newspaper published in the county in which said municipality is located, and three copies of said notice shall be posted at least twenty-five days before said election in said municipality, one of the said notices to be posted at the city or town hall and at two other conspicuous places in such municipality.

History.—§20, ch. 17166, 1935; CGL 1936 Supp. 3092(44).

174.21 Officers, manner of holding and expenses of election.—The officers whose duty it is to provide for the holding of elections in such municipality shall make all necessary arrangements for the holding of such election, and the same shall be held and the expenses thereof paid in the same manner as elections are therein held by qualified voters of said municipality voting for the election of members of the governing authority thereof.

History.—§21, ch. 17166, 1935; CGL 1936 Supp. 3092(45).

174.22 Qualified voters.—In determining the percentage of qualified voters required on the petitions hereinbefore prescribed calling such election, the registration list for the last general election voting for members or any member of the governing authority of said municipality shall be used.

History.—§22, ch. 17166, 1935; CGL 1936 Supp. 3092(46).

174.23 Form of ballot.—The approval or rejection of this chapter may be submitted to the qualified voters of the municipality at a general or special election at the time hereinbefore provided. The governing authority shall prescribe the form of ballot to be used at such election, which shall be, as nearly as is practicable, the same as is required in other elections; and said governing authority

shall submit this chapter as a complete entity, and the caption of this chapter shall be a sufficient statement on said ballot of the purposes for which said ballot is cast.

History.—§23, ch. 17166, 1935; CGL 1936 Supp. 3092(47).

174.24 Registration books.—The registration books of said municipality shall be open for said election in such manner as the registration books are ordinarily opened for general elections in said municipality; provided, however, that if there is a conflict in dates for the holding of said election as herein provided with the general elections of said municipality, it shall be sufficient for said registration books to remain open for a period of ten days.

History.—§24, ch. 17166, 1935; CGL 1936 Supp. 3092(48).

174.25 Board of election commissioners; approval places chapter in immediate effect; rejection requires elapse of two years before another election.—The governing authority of said municipality shall act as a board of election commissioners for holding said election and canvassing the returns and certifying the results thereof, and said election shall be held as nearly as may be in the same manner as other city or town elections. If at said election a majority of the qualified voters voting therein shall approve this chapter, the same shall be of full force and effect in said municipality immediately.

In the event a majority of the qualified voters, voting in said election, disapprove this chapter, another election to approve or disapprove the same shall not be held for a period of two years after the date of said election.

History.—§25, ch. 17166, 1935; CGL 1936 Supp. 3092(49).

174.26 Charters and special acts in conflict repealed only insofar as they prevent the operation of this chapter.—This chapter shall not be construed as repealing any municipal charter or any special act of the legislature in regard to any municipality, except only those parts of charters or special acts so in conflict herewith as to prevent the operation of this chapter after its adoption by referendum election as aforesaid, but shall be construed to be an addition to said charters and special acts, except those parts of said charters and special acts not reconcilable herewith as aforesaid.

History.—§26, ch. 17166, 1935; CGL 1936 Supp. 3092(50).

175.011 Short title of act.—This act shall be known and may be cited as the municipal firemen's pension trust fund act.

History.—§1, ch. 63-249.

175.021 Legislative declaration.—It is hereby found and declared by the legislature that firemen, as hereinafter defined, perform state and municipal functions. That it is their duty to extinguish fires and to protect life and property therefrom at their own risk and peril; that it is their duty to prevent conflagration and to continuously instruct school personnel, public officials and private citizens in the prevention of fires and fire safety; that they protect both life and property from local disasters and that their activities are vital to public safety and welfare. Therefore the legislature declares that it is a proper and legitimate state purpose to provide a uniform retirement system for the benefit of firemen as hereinafter defined.

History.—§1, ch. 63-249.

175.032 Definitions.—The following words and phrases used in this act shall have the following meanings, unless a different meaning is plainly required by the context:

(1) Fireman means any duly employed uniformed fireman employed by any municipality or fire control district in Florida, whose duty it is to extinguish fires and to protect life and property therefrom as a member of a duly con-

stituted fire department of each such municipality, or any volunteer fireman whose name is carried on the active membership rolls as a volunteer fireman of any duly constituted volunteer fire department or any combination thereof, of any municipality, and whose duty it is to extinguish fires and to protect life and property therefrom. Token or other pension or compensation for services rendered by such volunteer firemen shall not take them out of the volunteer firemen category. Any person, who volunteers assistance at a fire but whose name is not on the membership rolls as an active member of the volunteer fire department, or of the fire department whose responsibility it is to extinguish fires and to protect life and property therefrom, is not a volunteer fireman within the meaning of this act. A volunteer fireman may have other gainful employment and this in and of itself shall not take him out of the meaning of a volunteer fireman.

(2) (a) Average final compensation for full-time firemen means the average salary of the ten best contributing years of the last fifteen years prior to retirement, or the career average as full-time firemen since July 1, 1953, whichever is greater. A year shall be twelve running months.

(b) Average final compensation for volunteer firemen means the average salary of the ten best contributing years prior to change in

status to a permanent full-time fireman or retirement as a volunteer fireman or the career average of a volunteer fireman, since July 1, 1953, whichever is greater.

(3) Salary means the fixed monthly compensation paid firemen and where, as in the case of volunteer firemen, compensation is derived from actual services rendered, salary shall be the total cash compensation received yearly for such services, prorated on a monthly basis.

(4) Property insurance means property insurance as defined in §624.0403, and covers real and personal property within the corporate limits of any municipality within the state. Multiple peril means a combination or package policy which includes both property and casualty coverage for a single premium.

(5) Aggregate number of years of service with the municipality shall mean the total number of years, and fractional parts of years of service of any fireman, omitting intervening years and fractional parts of years, when such fireman may not be employed by the municipality. Provided, however, that no fireman will receive credit for years of fractional parts of years of service for which he has withdrawn his contributions to the fund for those years or fractional parts of years of service, unless the said fireman repays into said fund the contributions he has withdrawn, with interest, within ninety days after his re-employment. Further, providing that a fireman may voluntarily leave his contributions in the fund for a period of five years after leaving the employ of the fire department, pending the possibility of his being rehired by the same department and remaining employed for a period of not less than three years, without losing credit for the time he has participated actively as a fireman. Should he not remain employed for a period of at least three years as a fireman, with the same department upon re-employment, within five years, his contributions shall be returned to him without interest.

In determining the aggregate number of years of service of any firemen, the time spent in the military service of the armed forces of the United States, or the United States merchant marine, while on official leave of absence in the event of a national emergency, shall be added to the years of actual service; provided, however, that to receive credit for such services, the fireman must return to his employment as a fireman of the municipality within one year from the date of his release from such active service, provided further, however, that credit for such military service shall not exceed five years; provided further, however, that in order for any fireman to receive said military service credit, the said fireman must contribute into said fund the same sum which said fireman would have contributed should he have remained a fireman; provided further, however, that a request for such military service is made by the said fireman within ninety days after re-entering the service of the fire department from such leave of absence granted, or such

military service credit shall be forfeited forever.

History.—§1, ch. 63-249.

175.041 Municipal firemen's pension trust fund.—There is hereby created a special fund to be known as the municipal firemen's pension trust fund, exclusively for the purpose of this act, in each municipality of this state, heretofore or hereafter created which now has or which may hereafter have a duly organized fire department or a duly authorized volunteer fire department, or any combination thereof, and which now owns and uses, or which may hereafter own and use equipment and apparatus approved by the southeastern underwriters association or the national board of fire underwriters. This equipment shall be in serviceable condition, of a value exceeding ten thousand dollars, and available for use for the fighting of fires for the protection of life and property therefrom, and which municipality does not presently have established by law, special law, or local ordinance, a similar fund.

History.—§1, ch. 63-249.

175.051 Actuarial deficits not state obligation.—Actuarial deficits, if any, arising under this act, shall not be the obligation of the state.

History.—§1, ch. 63-249.

175.061 Board of trustees; members, terms of office.—In each municipality there is hereby created a board of trustees of the municipal firemen's pension trust fund. The board of trustees shall consist of the mayor, or corresponding officer, when the municipality does not have a mayor; the chief of the fire department; two firemen of the municipality, to be elected by a majority of the firemen whose names appear on the rolls as members of the fire department of the municipality; and one legal resident of the municipality, to be appointed by the legislative body of the municipality. The mayor, or corresponding officer of the municipality, and the chief of the fire department, shall serve as long as they shall continue to hold office as mayor or chief, respectively, and upon a vacancy in the office of mayor or chief, their respective successors shall automatically succeed to the position of trustee, and each of the firemen shall be trustee, appointed for a period of two years, unless he sooner leaves the employment of the municipality, whereupon a successor shall be elected by a majority of the firemen in the municipality where such vacancy exists; the resident member shall be a trustee for a term of two years and he may succeed himself in office. The resident member shall hold office at the pleasure of the legislative body of the municipality that he represents. The mayor shall be the chairman of the board. The board of trustees shall elect one of its members as secretary. The secretary of the board shall keep a complete minute book of the actions, proceedings, or hearings of the board. The trustees shall not receive any compensation as such, but may receive expenses and per diem as provided by law.

History.—§1, ch. 63-249.

175.071 Powers of board of trustees.—The board of trustees may:

(1) Invest and reinvest the assets of the municipal firemen's pension trust fund in annuity and life insurance contracts of life insurance companies in amounts sufficient to provide, in whole or in part, the benefits to which all of the participants in the municipal firemen's pension trust fund shall be entitled under the provisions of this act, and pay the initial and subsequent premiums thereon.

(2) Invest and reinvest the assets of the municipal firemen's pension trust fund in:

(a) Time or savings accounts of a national bank, a state bank insured by the federal deposit insurance corporation, or a savings, building and loan association insured by the federal savings and loan insurance corporation.

(b) Obligations of the United States or obligations guaranteed as to principal and interest by the government of the United States.

(c) County bonds containing a pledge of the full faith and credit of the county involved, bonds of the Florida development commission, or of any other state agency, which have been approved as to legal and fiscal sufficiency by the state board of administration.

(d) Obligations of any municipal authority issued pursuant to the laws of this state; provided, however, that for each of the five years next preceding the date of investment the income of such authority available for fixed charges shall have been not less than one and one half times its average annual fixed-charges requirement over the life of its obligations.

(3) Issue drafts upon the municipal firemen's pension trust fund pursuant to this act and rules and regulations prescribed by the board of trustees; all such drafts shall be consecutively numbered and be signed by the chairman and secretary and shall state upon their face the purpose for which the drafts are drawn. The treasurer or depository of each municipality shall retain such drafts when paid, as permanent vouchers for disbursements made, and no money shall be otherwise drawn from the fund.

(4) Any and all acts and decisions shall be by at least three members of the board; however, no trustee shall take part in any action in connection with his own participation in the fund, and no unfair discrimination shall be shown to any individual fireman participating in the fund.

(5) The board's action on all claims for retirement under this act shall be final, provided, however, that the rules and regulations of the board have been complied with.

(6) Convert into cash any securities of the fund.

(7) Keep a complete record of all receipts and disbursements and of the board's acts and proceedings.

(8) The general administration of, and the responsibilities for, the proper operation of the municipal firemen's pension trust fund and for making effective the provisions of this act are vested in the board of trustees. The board of

trustees shall keep in convenient form such data as shall be necessary for an actuarial valuation of the municipal firemen's pension trust fund and for checking the actual experience of the fund.

History.—§1, ch. 63-249.

175.081 Use of annuity or insurance policies.—When the board of trustees purchases annuity or life insurance contracts to provide all or any part of the benefits as provided for by this act, the following principles shall be observed:

(1) Only those firemen who have been members of the municipal firemen's pension trust fund for one year or more may participate in the insured plan.

(2) Individual policies shall be purchased only when a group insurance plan is not feasible.

(3) Each application and policy shall designate the municipal firemen's pension trust fund as owner of the policy.

(4) Policies shall be written on an annual premium basis.

(5) The type of policy shall be one which for the premium paid provides each individual with the maximum retirement benefit at his earliest statutory normal retirement age.

(6) Death benefit, if any, should not exceed:

(a) One hundred times the estimated normal retirement income, based on the assumption that the present rate of compensation continues without change to normal retirement date, or

(b) Twice the annual rate of compensation as of the date of termination of service, or

(c) The single-sum value of the accrued deferred retirement income (beginning at normal retirement date) at date of termination of service, whichever is greatest.

(7) An insurance plan may provide that the assignment of insurance contract to separating firemen shall be at least equivalent to the return of the firemen's contributions used to purchase the contract. An assignment of contract discharges the municipality from all further obligation to the participant under the plan even though the cash value of such contract may be less than the firemen's contributions.

(8) Provisions shall be made, either by issuance of separate policies, or otherwise, that the separating fireman does not receive cash value and other benefits under the policies assigned to him which exceed the present value of his vested interest under the municipal firemen's pension trust fund, inclusive of his contribution to the plan; the contributions by the state shall not be exhausted faster merely because the method of funding adopted was through insurance companies.

(9) The fireman shall have the right at any time to give the board of trustees written instructions designating the primary and contingent beneficiaries to receive death benefits or proceeds, and the method of settlement of the death benefit or proceeds, or requesting a change in the beneficiary designation or method of settlement previously made, subject to the terms of the policy or policies on his life.

Upon receipt of such written instructions, the board of trustees shall take necessary steps to effectuate the designation or change of beneficiary or settlement option.

History.—§1, ch. 63-249.

175.091 Creation and maintenance of fund.

—The municipal firemen's pension trust fund in each municipality shall be created and maintained in the following manner:

(1) By payment to the fund of the net proceeds of the one per cent excise or license or other similar tax, which may be imposed by the respective municipalities upon fire insurance companies, fire insurance associations, or other property insurers on their gross receipts on premiums from holders of policies, which policies cover real or personal property within the corporate limits of such municipalities, as is hereinafter expressly authorized.

(2) By the payment to the fund of five per cent of the salary of each uniformed fireman who is a member or duly enrolled in the fire department of any municipality, which five per cent shall be deducted by the municipality from the compensation due to the fireman and paid over to the board of trustees of the municipal firemen's pension trust fund wherein such fireman is employed. A fireman participating in the old age survivors insurance of the federal social security law may limit his contribution to the municipal firemen's pension trust fund to three per cent of his annual compensation and receive reduced benefits as set forth in §175.211 and §175.191(5). No fireman shall have any right to said money so paid into said fund except as provided in this act.

(3) By all fines and forfeitures imposed and collected from any fireman because of the violation of any rule and regulation promulgated by the board of trustees.

(4) By mandatory payment by municipalities of a sum equal to the normal cost and the amount required to fund over a period of forty years or on a forty year basis, any actuarial deficiency shown by a quinquennial actuarial valuation. The first such actuarial valuation shall be conducted for the calendar year ending December 31, 1967.

(5) By all gifts, bequests and devises when donated to the fund.

(6) By all accretions to the fund by way of interest or dividends on bank deposits, or otherwise.

(7) By all other sources or income now or hereafter authorized by law for the augmentation of such municipal firemen's pension trust fund.

History.—§1, ch. 63-249.

175.101 One per cent excise tax on property insurance premiums authorized; procedure.

—Each municipality in this state described and classified in §175.041, having a lawfully established municipal firemen's pension trust fund or municipal fund providing pension benefits to firemen by whatever name known, may assess and impose on every insurance company, corporation or other insurer now engaged in or carrying on, or who shall hereafter engage in

or carry on the business of property insurance as shown by the records of the state treasurer, in his capacity as state insurance commissioner, an excise or license tax in addition to any lawful license or excise tax now levied by each of the said municipalities, respectively, amounting to one per cent of the gross amount of receipts of premiums from policyholders on all premiums collected on property insurance policies covering property within the corporate limits of such municipalities, respectively. In the case of multiple peril policies with a single premium for both the property and casualty coverages in such policies, seventy per cent of such premium shall be used as the basis for the one per cent tax above. Said excise or license tax shall be payable annually on March 1 of each year after the passing of an ordinance assessing and imposing the tax herein authorized. Every insurance company, corporation or other insurer paying such tax shall receive credit for the amount thereof, when paid on the amount payable by such insurer to the state for the similar state excise tax now imposed by other provisions of law; provided, however, that this act shall not be construed to require the payment of any excise tax by an insurance company that does not now pay such tax.

History.—§1, ch. 63-249.

175.111 Certified copy of ordinance filed; insurance companies' annual report of premiums; duplicate files; book of accounts.

—Whenever any municipality shall pass an ordinance assessing and imposing the taxes authorized in §175.101, a certified copy of such ordinance shall be deposited with both the comptroller and the treasurer of the state, and thereafter every insurance company, association, corporation or other insurer carrying on the business of property insurance on real or personal property, on or before the succeeding March 1 after date of the passage of said ordinance shall report fully in writing and under oath to the comptroller and to the treasurer, as insurance commissioner, a just and true account of all premiums by such insurer received for property insurance policies covering or insuring any real or personal property located within the corporate limits of each such municipality during the period of time elapsing between the date of the passage of said ordinance and the succeeding March 1. The aforesaid insurer shall annually thereafter, on March 1, file with the same officers, a similar report covering the preceding year's premium receipts, and every such insurer at the same time of making such reports shall pay to the state treasurer the amount of the tax hereinbefore mentioned. Every insurer engaged in carrying on such insurance business in the state shall keep accurate books of accounts of all such business done by it within the corporate limits of each such municipality, and in such manner as to be able to comply with the provisions of this section. The treasurer shall furnish to any municipality requesting the same a copy of any of the reports filed by insurers under this section.

History.—§1, ch. 63-249.

175.121 Moneys received by state treasurer paid into special fund; comptroller to pay municipalities annually.—The treasurer of the state shall keep a separate account of all moneys collected for each municipality, under the provisions of this act and any and all moneys so collected, after deducting the necessary expenses incurred by the treasurer (not to exceed \$30,000.00 per annum) as insurance commissioner of the state, in carrying out the provisions of this act, shall be paid into the state treasury in a special fund known as the municipal firemen's pension trust fund, which said fund is hereby created for receiving same. The comptroller shall on or before June 1 of each year, and at such other times as the state treasurer may elect, draw his warrant on the state treasurer for the full net amount of money then on deposit with the state treasurer in the municipal firemen's pension trust fund, specifying the municipality to which said moneys shall be paid and the net amount collected for and to be paid to each said municipality, which said sums payable to said municipality are hereby appropriated annually out of the municipal firemen's pension trust fund. The warrants of the comptroller shall be countersigned by the governor and shall be payable to the municipality entitled to receive the same, and shall be remitted annually by the comptroller to each municipality.

History.—§1, ch. 63-249.

175.131 Funds received by municipalities; deposit in municipal firemen's pension trust fund.—All funds received by any municipality under the provisions of this chapter, shall be by such municipality paid immediately into the municipal firemen's pension trust fund of said municipality, as described in §175.041, or §175.351(13).

History.—§1, ch. 63-249.

175.141 Tax imposed by municipalities under this act not additional to state excise tax; credit given on state tax.—The tax herein authorized to be imposed by each municipality shall in nowise be in addition to any similar state excise or license tax imposed by law, but the payer of the tax hereby authorized shall receive credit therefor on his said state excise or license tax and the balance of said state excise or license tax shall be paid to the state treasurer as is now provided by law.

History.—§1, ch. 63-249.

175.151 Penalty for failure of insurers to comply with this act.—Should any insurance company, corporation or other insurer fail to comply with the provisions of this act, on or before March 1 of each year as herein provided, the certificate of authority issued to said insurance company, corporation or other insurer to transact business in this state may be cancelled and revoked by the state treasurer, and it is unlawful for any such insurance company, corporation, or other insurer to transact business thereafter in this state unless such insurance company, corporation, or other insurer shall be granted a new certificate of authority to trans-

act any business in this state, in compliance with provisions of law authorizing such certificate of authority to be issued.

History.—§1, ch. 63-249.

175.162 Requirements for retirement.—Any fireman who has attained the age of sixty years, or more, and who at such time has completed at least ten years of continuous service within the contemplation of this act, as a fireman and who for such minimum period has been a member of the municipal firemen's pension trust fund, is eligible for normal retirement benefits. Normal retirement under the plan is retirement from the service of the municipality, on or after the normal retirement date. In such event, payment of retirement income will be governed by the following provisions of this section:

(1) The normal retirement date of each fireman will be the first day of the month coincident with or next following the date on which he has attained the age of sixty years and has completed ten years, in the aggregate within the contemplation of this act, of service.

(2) (a) The amount of monthly retirement income payable to a full-time fireman who retires on or after his normal retirement date shall be an amount equal to the number of his years of credited service multiplied by one and sixty-seven hundredths per cent of his average final compensation as a full-time fireman. If the fireman has been contributing only three per cent of his salary, his monthly retirement income shall be an amount equal to the number of his years of credited service multiplied by one per cent of his average final compensation.

(b) The amount of monthly retirement income payable to a volunteer fireman who retires on or after his normal retirement date shall be an amount equal to the number of his years of credited service multiplied by one and sixty-seven hundredths per cent of his average final compensation as a volunteer fireman. If the fireman has been contributing only three per cent of his salary, his monthly retirement income shall be an amount equal to the number of his years of credited service multiplied by one per cent of his average final compensation.

(3) The monthly retirement income payable in the event of normal retirement will be payable on the first day of each month. The first payment will be made on the fireman's normal retirement date, or on the first day of the month coincident with or next following his actual retirement, if later, and the last payment will be the payment due next preceding the fireman's death; except that, in the event the fireman dies after his retirement but before he has received retirement benefits for a period of ten years, the same monthly benefit will be paid to the beneficiary (or beneficiaries), as designated by the fireman for the balance of such ten year period. If a fireman continues in the service of the municipality beyond his normal retirement date and dies prior to his date of actual retirement, without an option made pursuant to §175.171 being in effect, monthly retirement income payments will be made for a period of ten years to a beneficiary (or beneficiaries) design-

nated by the fireman as if the fireman had retired on the date on which his death occurred.

(4) Early retirement under the plan is retirement from the service of the municipality, with the consent of the said municipality, as of the first day of any calendar month which is prior to the fireman's normal retirement date but subsequent to the date as of which he has both attained the age of fifty years and has been a member of this fund for ten continuous years. The monthly amount of retirement income payable to a fireman who retires prior to his normal retirement date shall be in the amount computed as described in subsection (2), such amount of retirement income to be actuarially reduced to take into account the fireman's younger age and the earlier commencement of retirement income benefits. The amount of monthly income payable in the event of early retirement will be paid in the same manner as in subsection (3).

History.—§1, ch. 63-249.

175.171 Optional forms of retirement income.—

(1) In lieu of the amount and form of retirement income payable in the event of normal or early retirement as specified in §175.162, a fireman, upon written request to the board of trustees, and submission of evidence of good health (except that such evidence will not be required if such request is made at least three years prior to the date of commencement of retirement income or if such request is made within six months following the effective date of the plan, if later), and subject to the approval of the board of trustees, may elect to receive a retirement income or benefit of equivalent actuarial value payable in accordance with one of the following options:

(a) A retirement income of larger monthly amount, payable to the fireman for his lifetime only.

(b) A retirement income of a modified monthly amount, payable to the fireman during the joint lifetime of the fireman and a dependent joint pensioner designated by the fireman, and following the death of either of them, one hundred per cent, sixty-six and two thirds per cent or fifty per cent of such monthly amounts payable to the survivor for the lifetime of the survivor.

(c) Such other amount and form of retirement payments or benefits as, in the opinion of the board of trustees will best meet the circumstances of the retiring fireman.

The fireman upon electing any option of this section will designate the joint pensioner or beneficiary (or beneficiaries) to receive the benefit, if any, payable under the plan in the event of his death, and will have the power to change such designation from time to time, but any such change shall be deemed a new election and will be subject to approval by the board of trustees. Such designation will name a joint pensioner or one or more primary beneficiaries where applicable. If a fireman has elected an option with a joint pensioner or beneficiary and his retirement income benefits have commenced,

he may thereafter change his designated joint pensioner or beneficiary, but only if the board of trustees consents to such change and if the joint pensioner last previously designated by him is alive when he files with the board of trustees his request for such change. The consent of a fireman's joint pensioner or beneficiary to any such change shall not be required. The board of trustees may request such evidence of the good health of the joint pensioner that is being removed as it may require and the amount of the retirement income payable to the fireman upon designation of a new joint pensioner shall be actuarially redetermined taking into account the age and sex of the former joint pensioner, the new joint pensioner, and the fireman. Each such designation will be made in writing on a form prepared by the board of trustees, and on completion will be filed with the board of trustees. In the event that no designated beneficiary survives the fireman, such benefits as are payable in the event of the death of the fireman subsequent to his retirement, shall be paid as provided in §175.181.

(2) Retirement income payments will be made under the option elected in accordance with the provisions of this section and will be subject to the following limitations:

(a) If a fireman dies prior to his normal retirement date, or early retirement date, whichever first occurs, no retirement benefit will be payable under the option to any person, but the benefits, if any, will be determined under §175.201.

(b) If the designated beneficiary (or beneficiaries) or joint pensioner dies before the fireman's retirement under the plan, the option elected will be cancelled automatically and a retirement income of the normal form and amount will be payable to the fireman upon his retirement as if the election had not been made, unless a new election is made in accordance with the provisions of this section, or a new beneficiary is designated by the fireman prior to his retirement and within ninety days after the death of the beneficiary.

(c) If both the retired fireman, and the beneficiary (or beneficiaries) designated by him die before the full payment has been effected under any option providing for payments for a period certain and life thereafter, made pursuant to the provisions of subsection (1) (c) of this section; the board of trustees may, in its discretion, direct that the committed value of the remaining payments be paid in a lump sum, and in accordance with §175.181.

(d) If a fireman continues beyond his normal retirement date pursuant to the provisions of §175.162 (1), and dies prior to his actual retirement and while an option made pursuant to the provisions of this section is in effect, monthly retirement income payments will be made, or a retirement benefit will be paid, under the option to a beneficiary (or beneficiaries) designated by the fireman in the amount or amounts computed as if the fireman had retired under the option on the date on which his death occurred.

History.—§1, ch. 63-249.

175.181 Beneficiaries.—

(1) Each fireman may, on a form provided for that purpose, sign and file with the board of trustees, designate a beneficiary (or beneficiaries) to receive the benefit, if any, which may be payable in the event of his death, and each designation may be revoked by such fireman by signing and filing with the board of trustees a new designation of beneficiary form.

(2) If a deceased fireman fails to name a beneficiary in the manner above prescribed, or if the beneficiary (or beneficiaries) named by a deceased fireman predecease the fireman, the death benefit, if any, which may be payable under the plan with respect to such deceased fireman may be paid, in the discretion of the board of trustees, either to:

(a) The wife or dependent children of said fireman, or:

(b) Dependent living parents of said fireman.

History.—§1, ch. 63-249.

175.191 Disability retirement.—

(1) A fireman having ten or more continuous years of credited service and having contributed to the municipal firemen's pension trust fund for ten years or more may retire from the service of the municipality under the plan if, prior to his normal retirement date, he becomes totally and permanently disabled as defined in subsection (2), by reason of any cause other than a cause set out in subsection (3), on or after the effective date of the plan. Such retirement shall herein be referred to as disability retirement.

(2) A fireman will be considered totally disabled if, in the opinion of the board of trustees, he is wholly prevented from rendering useful and efficient service as a fireman; and a fireman will be considered permanently disabled if, in the opinion of the board of trustees, such fireman is likely to remain so disabled continuously and permanently from a cause other than is specified in subsection (3).

(3) A fireman will not be entitled to receive any disability retirement income if the disability is a result of:

(a) Excessive and habitual use by the fireman of drugs, intoxicants or narcotics;

(b) Injury or disease sustained by the fireman while willfully and illegally participating in fights, riots, civil insurrections, or while committing a crime;

(c) Injury or disease sustained by the fireman while serving in any armed forces;

(d) Injury or disease sustained by the fireman after his employment has terminated.

(4) No fireman shall be permitted to retire under the provisions of this section until examined by a duly qualified physician or surgeon, to be selected by the board of trustees for that purpose, and is found to be disabled in the degree and in the manner specified in this section. Any fireman retiring under this section shall be examined periodically by a duly qualified physician or surgeon or board of physicians and surgeons to be selected by the board of trustees

for that purpose, to determine if such disability has ceased to exist.

(5) The benefits payable to a fireman who retires from the service of a municipality, due to total and permanent disability as a direct result of a disability commencing prior to his normal retirement date is the monthly income payable for ten years certain and life which can be provided by the single-sum value of the deferred monthly retirement income beginning at normal retirement date which has accrued to his date of disability (where the amount of such accrued deferred monthly retirement income is computed by multiplying his number of years of actual credited service as of his date of disability by one and sixty-seven hundredths per cent of his average final compensation). If the fireman has been contributing only three per cent of his salary, his monthly retirement income shall be an amount equal to the number of his years of credited service multiplied by one per cent of his average final compensation.

(6) The monthly retirement income to which a fireman is entitled in the event of his disability retirement will be payable on the first day of each month. The first payment will be made on the first day of the month following the latter to occur of (a) the date on which the disability has existed for three months and (b) the date the board of trustees approved the payment of such retirement income. The last payment will be (a) if the fireman recovers from the disability prior to his normal retirement date, the payment due next preceding the date of such recovery, or (b) if the fireman dies without recovering from his disability, the payment due next preceding his death or the one hundred twentieth monthly payment, whichever is later. Any monthly retirement income payments due after the death of a disabled fireman shall be paid to the fireman's designated beneficiary (or beneficiaries) as provided in §§175.181 and 175.201.

(7) If the board of trustees finds that a fireman who is receiving a disability retirement income is, at any time prior to his normal retirement date, no longer disabled, as provided herein, the board of trustees shall direct that the disability retirement income be discontinued. Recovery from disability as used herein shall mean the ability of the fireman to render useful and efficient service as a fireman.

(8) If the fireman recovers from disability and re-enters the service as a fireman, his service will be deemed to have been continuous, but the period beginning with the first month for which he received a disability retirement income payment and ending with the date he re-entered the service, will not be considered as credited service for the purpose of this plan.

History.—§1, ch. 63-249.

175.201 Death prior to retirement; refunds or death benefits.—Should any fireman die before being eligible to retire under the provisions of this act, the heirs, legatees, beneficiaries, or personal representatives of such deceased fireman shall be entitled to a refund of one hundred per cent without interest, of the

contributions made to the municipal firemen's pension trust fund by such deceased fireman; or in the event an annuity or life insurance contract has been purchased by the board of trustees on such fireman, then to the death benefits available under such life insurance or annuity contract subject to the limitations on such death benefits set forth in §175.081, whichever amount is greater. In the event that the death benefit paid by a life insurance company exceeds the limit set forth in §175.081, the excess of the death benefit over the limit shall be paid to the municipal firemen's pension trust fund.

History.—§1, ch. 63-249.

175.211 Separation from service; refunds.—

Should any fireman leave the service of the municipality before accumulating aggregate time of ten years toward retirement and before being eligible to retire under the provisions of this act, such fireman shall be entitled to a refund of all of his contributions made to the municipal firemen's pension trust fund after July 1, 1963, without interest, less any disability benefits paid to him after July 1, 1963. Should any fireman who has been in the service of the municipality for at least ten years and has contributed to the municipal firemen's pension trust fund for at least ten years elect to leave his accrued contributions in the municipal firemen's pension trust fund, such fireman upon attaining the age of fifty years may retire at the actuarial equivalent of the amount of such retirement income otherwise payable to him.

History.—§1, ch. 63-249.

175.221 Lump sum payment of small retirement income.—Notwithstanding any provisions of the plan to the contrary, if the monthly retirement income payable to any person entitled to benefits hereunder is less than thirty dollars, or if the single-sum value of the accrued retirement income is less than seven hundred fifty dollars, as of the date of retirement or termination of service, whichever is applicable, the board of trustees, in the exercise of its discretion, may specify that the actuarial equivalent of such retirement income be paid in a lump sum.

History.—§1, ch. 63-249.

175.231 Diseases of firemen suffered in line of duty; presumption.—Any condition or impairment of health of a fireman caused by tuberculosis, hypertension, or heart disease resulting in total or partial disability or death shall be presumed to have been accidental and suffered in the line of duty unless the contrary be shown by competent evidence, provided, however, that such fireman shall have successfully passed a physical examination before entering into such service, which examination failed to reveal any evidence of such condition. This section shall be applicable to all firemen employed in Florida only with reference to pension and retirement benefits under this chapter.

History.—§1, ch. 63-249.

175.241 Exemption from execution.—Th-

pensions, annuities, or other benefits accrued or accruing to any person under the provisions of this act and the accumulated contributions and the cash securities in the funds created under this chapter are hereby exempted from any state, county, or municipal tax and shall not be subject to execution or attachment or to any legal process whatsoever, and shall be unassignable.

History.—§1, ch. 63-249.

175.251 Employment records required to be kept by secretary of board of trustees.—The secretary of the board of trustees shall keep a record of all persons receiving retirement payments under the provisions of this act, in which shall be noted the time when the pension is allowed and when the same shall cease to be paid. In this record the secretary shall keep a list of all firemen employed by the municipality, and the record shall be kept in such manner as to show the name, address and time of employment of such firemen, and when such firemen cease to be employed by the municipality.

History.—§1, ch. 63-249.

175.261 Report to state treasurer.—

(1) Each year, by February 1, the chairman or secretary of the board of trustees of each municipal firemen's pension trust fund shall file a report with the state treasurer, as insurance commissioner, containing the following:

(a) Whether in fact the municipality is within the provisions of §175.041.

(b) A certified statement of accounting for the most recent fiscal year of the municipality, showing a detailed listing of assets (and methods used to value them) and a statement of all income and disbursements during the year. Such income and disbursements shall be reconciled with the assets at the beginning of and end of the year.

(c) A statistical exhibit showing the total number of firemen on the force, the number included in the retirement plan and the number ineligible, classified according to the reason for their being ineligible, and the number of disabled firemen and retired firemen and their beneficiaries receiving pension payments and the amounts of annual retirement income or pension payments being received by them.

(d) A statement of the amount the municipality, or other income source, has contributed to the retirement fund for the most recent fiscal year and the amount the municipality will contribute to the retirement fund during its current fiscal year.

(e) If any benefits are insured with a commercial insurance company, the report should include a statement of the relationship of the insured benefits to the benefits provided by this act as well as the name of the insurer and information about the basis of premium rates, mortality table, interest rates and method used in valuing retirement benefits.

(2) By February 1 of each quinquennial year, beginning with February 1, 1968, the chairman of each municipal firemen's pension

trust fund shall report to the state treasurer, as insurance commissioner, such data that the state treasurer needs to complete an actuarial valuation of each fund. The forms for each municipality shall be supplied by the state treasurer. The expense of this actuarial valuation shall be borne by the municipal firemen's pension trust fund established by §175.041.

History.—§1, ch. 63-249.

175.271 Advisory committee.—The state treasurer shall appoint annually an advisory committee to serve for one year, consisting of seven members, one of whom shall be from the state treasurer's office, as chairman, to receive such reports as may be brought to its attention and to advise and assist in matters relating to the municipal firemen's pension trust fund.

History.—§1, ch. 63-249.

175.281 Report to legislature.—The state treasurer shall make to each regular session of the legislature a written report on the operation of the municipal firemen's pension trust fund.

History.—§1, ch. 63-249.

175.291 Attorney for municipality to represent board of trustees upon request; failure to do so; board may employ independent counsel.—The attorney or corporation counsel of each municipality shall give advice to said board of trustees in all matters pertaining to its duties in the administration of said municipal firemen's pension trust fund whenever thereunto requested; and he shall represent and defend said board as its attorney in all suits and actions at law or in equity that may be brought against it and bring all suits and actions in its behalf that may be required or determined upon by said board; provided, however, that if said attorney shall fail or refuse to comply with the request of the board of trustees in this relation, the said board of trustees in its discretion may employ independent legal counsel for such purpose.

History.—§1, ch. 63-249.

175.301 Deposit of funds and securities with municipal treasurer.—The funds and securities of the municipal firemen's pension trust fund shall be deposited with the treasurer or depository of the municipality, who shall keep the same in a separate fund, and shall be liable for the safekeeping of same, under the bond given by him to the municipality, and he shall be liable in the same manner and to the same extent as he is liable for the safekeeping of the funds of the municipality.

History.—§1, ch. 63-249.

175.311 Each municipality independent of any other municipality in the operation of this act.—In the enforcement and in the interpretation of the provisions of this act, each municipality shall be independent of any other municipality and the board of trustees of the municipal firemen's pension trust fund of each municipality shall function for the municipality which it is to serve as trustee.

History.—§1, ch. 63-249.

175.321 Application of act.—Sections 175.101-175.151 shall be applicable in relation to all municipalities of the state, which now have or hereafter establish a municipal firemen's pension trust fund or a pension fund for firemen, regardless of whether said municipality shall fall within the classification of §175.041 and have its municipal firemen's pension trust fund established under the provisions thereof, or whether said city's or town's said pension fund shall exist under other general, special laws of the state, or a local ordinance. The remaining sections of this act, which apply specifically to the creation of a board of trustees, define its powers and establish a municipal firemen's pension trust fund in each municipality, as well as such sections as define the person who shall be entitled to a pension out of such fund the amount thereof, and govern the conditions upon which such pensions shall be allowed, and the duties of the officers of those municipalities in relation to such fund, shall not apply to any municipality which now has a municipal firemen's pension trust fund or municipal pension fund for firemen and policemen.

History.—§1, ch. 63-249.

175.331 Rights of firemen under former law.—The rights of firemen established by any former provisions of this act shall not be impaired nor shall their benefits be reduced by virtue of any provisions of this act; provided, however, that no member may receive the benefits under the former act and also be entitled to receive the benefits under this act. Unless an election is made in writing before January 1, 1964, to the board of trustees, to remain under the provisions of the former act, it shall be conclusively presumed that the provisions of this act as amended, will apply to all firemen. Members who have retired under the former act prior to the enactment of this act, shall continue to receive their benefits under the former act.

History.—§1, ch. 63-249.

175.341 State treasurer to establish rules and regulations.—The state treasurer, as insurance commissioner, shall establish rules and regulations pertaining to the operation of this fund.

History.—§1, ch. 63-249.

175.351 Municipalities having their own pension plans for firemen.—In order for municipalities with their own pension plans for firemen or for firemen and other employees, to participate in the distribution of the tax fund established in §§175.101 through 175.151, their pension funds must meet each of the following standards:

(1) The plan must be for the purpose of providing retirement and disability income for firemen or their beneficiaries.

(2) The normal retirement age, if any, shall not be more than age sixty-five.

(3) If the plan provides for a stated period of service as a requirement to receive a retirement income, that period must not be more than thirty-five years.

(4) The benefit formula to determine the amount of monthly pension should be equal to at least one twelfth of one per cent of the fireman's total earnings during his period of credited service.

(5) If a ceiling on the monthly payment is stated in the plan, it should be no lower than one hundred dollars.

(6) Death or survivor benefits and disability benefits may be incorporated into the plan as the municipalities wish but in no event should the single-sum value of such benefits as of the date of termination of service because of death or disability exceed:

(a) One hundred times the estimated normal retirement income, based on assumption that the present rate of compensation continues without change to normal retirement date, or

(b) Twice the annual rate of compensation as of date of termination of service, or

(c) The single-sum value of the accrued deferred retirement income (beginning at normal retirement date) at date of termination of service, whichever is greatest; provided, however, that nothing in this paragraph shall require any reduction in death or disability benefits provided by a retirement plan in effect prior to July 1, 1963.

(7) Eligibility for coverage under the plan must be based upon length of service, or attained age, or both; and benefits must be determined by a nondiscriminatory formula based upon:

(a) Length of service and compensation, or

(b) Length of service.

(8) If the retirement plan requires participants to contribute towards the cost of the plan, it must set forth the termination rights, if any, of an employee before retirement.

(9) An actuarial valuation of the retirement plan must be made at least once in every five years commencing with December 31, 1968, subject to the following:

(a) The assets shall be valued at cost, or market, or on such other basis as may be approved by the state treasurer, as insurance commissioner.

(b) Minimum actuarial assumptions and methods to be used in valuing the liabilities will be provided by the state treasurer, and revised from time to time by him as needed. The valuation must be on basis and methods not less conservative than those set forth by the insurance commissioner.

(c) Cost of the actuarial valuation must be paid by each individual fireman's retirement fund or by the municipality.

(d) A report of the valuation, including actuarial assumptions and type and basis of funding shall be made to the state treasurer within three months after the date of valuation. If any benefits are insured with a commercial insurance company, the report should include a statement of the relationship of the retirement plan benefits to the insured benefits, and in addition, the name of the insurer, basis of premium rates, mortality table, interest rate and method used in valuing the retirement benefits.

(e) Provided, however, that if an actuarial

valuation has been made subsequent to December 31, 1963, the five-year period will commence on the date of that valuation.

(10) The municipality shall contribute to the plan annually an amount which together with the contributions from the firemen and the amount derived from the premium tax provided in §175.101 and other income sources as authorized by law will be sufficient to meet the normal cost of the plan and to fund the actuarial deficiency over a period not more than forty years. The advisory committee shall have authority to grant a maximum of five extensions of one year each for this mandatory payment.

(11) No retirement plan or amendment to a retirement plan shall be proposed without the proposed plan or amendment containing an actuarial estimate of the costs involved.

(12) Each year, on or before March 15, the trustees of the retirement plan shall submit the following information to the state treasurer in order for the retirement plan of such municipality to receive a share of the state funds for the then current calendar year; when any of these items would be identical with the corresponding item submitted for a previous year it will not be necessary to submit duplicate information, but to make reference to the item in such previous year's report:

(a) A certified copy of each and every instrument constituting or evidencing the plan. This includes the formal plan, including all amendments, the trust agreement, copies of all insurance contracts and formal announcement material.

(b) A certified statement of accounting for the most recent fiscal year of the municipality showing:

1. A detailed listing of assets and

2. A statement of all income and disbursements during the year.

Such income and disbursements must be reconciled with the assets at the beginning and end of the year.

(c) A certified statement listing the investments of the plan and a description of the methods used in valuing the investments.

(d) A statistical exhibit showing the total number of firemen, the number included in the plan, and the number ineligible classified according to the reasons for their being ineligible.

(e) A certified statement describing the methods, factors and actuarial assumption used in determining the cost.

(f) A certified statement by an actuary who is a member of the society of actuaries, casualty actuarial society, conference of actuaries in public practice, or fraternal actuarial association, showing the results of the latest quinquennial valuation of the plan and a copy of the detailed worksheets showing the computations used in arriving at the results.

(g) A statement of the amount the municipality, or other income source has contributed toward the plan for the most recent fiscal year and will contribute toward the plan for the current fiscal year.

(13) When a municipality has a firemen's retirement fund, which in the opinion of the

state treasurer, meets the standards set forth in subsections (1) through (12), the board of trustees of the pension fund, as approved by a majority of firemen of the municipality affected, or the official pension committee; as approved by a majority of firemen of the municipality affected, may place the income from the premium tax in §175.101 in its existing pension fund for firemen, where it shall become an integral part of said fund, or may use such income to pay extra benefits to the firemen included in the fund.

(14) The retirement plan setting forth the benefits and the trust agreement, if any, covering the duties and responsibilities of the trustees and the regulations of the investment of funds must be in writing and copies made available to the participants and to the general public.

History.—§1, ch. 63-249.

175.361 Termination of plan and distribution of fund.—Upon termination of the plan for any reason, or upon written notice to the board of trustees that contributions thereunder are being permanently discontinued, the fund shall be apportioned and distributed in accordance with the following procedures:

(1) The board of trustees shall determine the date of distribution and the asset value to be distributed, after taking into account the expenses of such distribution.

(2) The board of trustees shall determine the method of distribution of the asset value, that is, whether distribution shall be by payment in cash, the maintenance of another or substituted trust fund, by the purchase of insured annuities or otherwise, for each fireman entitled to benefits under the plan as specified in subsection (3).

(3) The board of trustees shall apportion the asset value as of the date of termination in the manner set forth below, on the basis that the amount required to provide any given retirement income shall mean the actuarially computed single-sum value of such retirement income, except that if the method of distribution determined under subsection (2) involves the purchase of an insured annuity, the amount required to provide the given retirement income shall mean the single premium payable for such annuity.

(a) Apportionment shall first be made in respect of each retired fireman receiving a retirement income hereunder on such date, each person receiving a retirement income on such date on account of a retired (but since deceased) fireman, and each fireman who has, by such date, become eligible for normal retire-

ment but has not yet retired, in the amount required to provide such retirement income, provided that, if such asset value be less than the aggregate of such amounts, such amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such asset value.

(b) If there be any asset value remaining after the apportionment under paragraph (a), apportionment shall next be made in respect of each fireman in the service of the city on such date who has completed at least ten years of credited service and who has contributed to the municipal firemen's pension trust fund for at least ten years and who is not entitled to an apportionment under paragraph (a), in the amount required to provide the actuarial equivalent of the accrued normal retirement income, based on the fireman's credited service and earnings to such date, and each former participant then entitled to a benefit under the provisions of §175.211, who has not, by such date, reached his normal retirement date, in the amount required to provide the actuarial equivalent of the accrued normal retirement income to which he is entitled under §175.211, provided that, if such remaining asset value be less than the aggregate of the amounts apportioned hereunder, such latter amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(c) If there be any asset value after the apportionments under paragraphs (a) and (b), apportionment shall lastly be made in respect of each fireman in the service of the city on such date who is not entitled to an apportionment under paragraphs (a) and (b) in the amount required to provide the actuarial equivalent of the accrued normal retirement income, based on the fireman's credited service and earnings to such date, provided that, if such remaining asset value be less than the aggregate of the amounts apportioned hereunder such latter amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(d) In the event that there be asset value remaining after the full apportionment specified in paragraphs (a), (b) and (c), such excess shall be returned to the city, less return of state's contributions to the state.

(4) The board of trustees shall distribute, in accordance with the manner of distribution determined under subsection (2), the amounts apportioned under subsection (3).

History.—§1, ch. 63-249.

- 176.24 Powers granted in this chapter supplemental and cumulative.

176.01 Definitions.—Wherever the term “municipality” is used in this chapter, it shall mean all cities and towns in the state. Wherever the term “governing body” is used in this chapter, it shall mean the city or town commission, council, board of aldermen, or other governing bodies of any form whatsoever by whatsoever name known.

History.—§1, ch. 19539, 1939; CGL 1940 Supp. 2949(1).

176.02 Municipalities may regulate building, density of population, and the location and use of buildings, structures and land and water.—For the purpose of promoting health, safety, morals, or the general welfare of the communities and municipalities of the state, said municipalities may regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land and water for trade, industry, residence or other purposes.

Wherever the governing body of any municipality shall elect to exercise any of the powers granted to it under this chapter, said powers shall be exercised in the manner hereinafter prescribed and in accordance with the charter of such municipality.

History.—§§2, 3, ch. 19539, 1939; CGL 1940 Supp. 2949(2), 2949(3).

176.03 Division of municipality into districts for purposes of regulation.—For any and all said purposes the governing body may divide the corporate area of the said municipality into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures, or land. All such regulations shall be uniform for each class or

kind of building throughout each district, but the regulations in one district may differ from those in other districts.

History.—§4, ch. 19539, 1939; CGL 1940 Supp. 8949(4).

176.04 Purposes in view in making regulations.—Regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. Such regulations shall be made with reasonable consideration, among other things, to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout said municipalities.

History.—§5, ch. 19539, 1939; CGL 1940 Supp. 2949(5).

176.05 Municipality to provide procedure; regulation, restriction or boundary not effective until after public hearing thereon; publication of notice of hearing required.—The governing body of the said municipality shall provide for the manner in which such regulations and restrictions and the boundaries of such districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. However, no such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days' notice of the time and place of such hearing shall be published in a newspaper of general circulation in said municipality and if there be no newspaper published within the

municipality then three notices shall be published in at least three conspicuous places within the municipality including the city or town hall as the case may be.

History.—§6, ch. 19539, 1939; CGL 1940 Supp. 2949 (6).

176.06 Regulation, restriction and boundary subject to change or repeal; protest of change; vote required to effect change over protest; publication of notice of change required.—Regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, or repealed. In case, however, of a protest against such change signed by the owners of twenty per cent or more either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending five hundred feet therefrom, or of those directly opposite thereto extending five hundred feet from the street frontage of such opposite lots, such amendments shall not become effective except by the favorable vote of three-fourths of the governing body of said municipality. The provisions of §176.05 relative to public hearings and official notice shall apply equally to all changes or amendments.

History.—§7, ch. 19539, 1939; CGL 1940 Supp. 2949 (7); §7, ch. 22858, 1945.

176.07 Zoning commission.—In order to avail itself of the powers conferred by this chapter, the governing body of said municipality shall appoint a commission, to be known as the zoning commission, to recommend the boundaries of the various original districts and appropriate regulations to be enforced therein. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the governing body of the said municipality shall not hold its public hearings or take action until it has received the final report of such commission. Where a city plan commission as a governing body of said municipality already exists it may be appointed as the zoning commission.

History.—§8, ch. 19539, 1939; CGL 1940 Supp. 2949 (8).

176.08 Board of adjustment.—The governing body of the said municipality may provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this chapter may provide that the said board of adjustment may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949 (9).

176.09 Members of board of adjustment.—The board of adjustment shall consist of five members each to be appointed for a term of three years and removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled

for the unexpired term of any member whose term becomes vacant.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949 (9).

176.10 Proceedings of board of adjustment.—The board shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this chapter. Meetings of the board shall be held at the call of the chairman and at such times as the board may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949 (10).

176.11 Appeals.—Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, or bureau of the governing body of said municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949 (11).

176.12 Stay of proceedings.—An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life and property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application, on notice to the officer from whom the appeal is taken and on due cause shown.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949 (11).

176.13 Hearing of appeal; notice required.—The board of adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949 (11).

176.14 Powers of board of adjustment.—The board of adjustment shall have the following powers:

(1) To hear and decide appeals where it is

alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this chapter or of any ordinance adopted pursuant thereto.

(2) To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.

(3) To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so justice done.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(12).

176.15 Decision of board.—In exercising the above mentioned powers, such board may, in conformity with the provisions of this chapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. The concurring vote of four members of the board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(12).

176.16 Review, circuit court.—Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment, or any taxpayer, or any officer, department, board or bureau of the governing body of said municipality, may present to a circuit court a petition for issuance of a writ of certiorari, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality in the manner and within the time provided by the Florida appellate rules.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(13); §44, ch. 63-512.

176.17 Writ of certiorari.—Upon the presentation of such petition the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(13).

176.18 Return of writ.—The board of adjustment shall not be required to return the original papers acted upon by it, but it shall

be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(13).

176.19 Decision of the court; it may take evidence or appoint a referee.—If, upon the hearing, it shall appear to the court that the testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(13).

176.20 Costs.—Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(13).

176.21 Preference of proceedings.—All issues in any proceeding under §§176.14-176.20, shall have preference over all other civil actions and proceedings.

History.—§9, ch. 19539, 1939; CGL 1940 Supp. 2949(13).

176.22 Enforcement of ordinance or regulations under this chapter; penalties for violation.—The governing body of said municipality may provide by ordinance for the enforcement of this chapter and of any ordinance or regulation made thereunder. A violation of this chapter or of such ordinance or regulation is declared to be a misdemeanor, and the governing body of said municipality may provide for the punishment thereof by fine or imprisonment or both. It is also empowered to provide civil penalties for such violation.

History.—§10, ch. 19539, 1939; CGL 1940 Supp. 2949(14).

176.23 Legal proceedings may be instituted in addition to other remedies provided for violation of chapter.—In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, land, or water is used in violation of this chapter or of any ordinance or other regulation made under authority conferred hereby, the proper local authorities of the governing body of said municipality, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct or abate such violation, to prevent the occupancy of said building, structure, land, or water, or to prevent any

illegal act, conduct, business, or use in or about such premises.

History.—§10, ch. 19539, 1939; CGL 1940 Supp. 2949(15).

176.24 Powers granted in this chapter supplemental and cumulative.—This chapter shall not be construed to have the effect of repeal-

ing, impairing, or modifying any general or special law granting any like or similar powers to any municipality in the state, but the powers herein granted shall be supplemental and cumulative.

History.—§11, ch. 19539, 1939; CGL 1940 Supp. 2949(16); §7, ch. 22858, 1945.

CHAPTER 177

MAPS AND PLATS

- 177.01 Examination of maps or plats required before recording.
- 177.02 Survey and plat by civil engineer or competent survey required.
- 177.03 Map or plat requirements.
- 177.04 Title or name of plat.
- 177.05 Description written on map or plat.
- 177.06 Dedication.
- 177.07 Permanent reference monuments.
- 177.08 Drawing specifications for map or plat.
- 177.09 Certification of map or plat.
- 177.10 Certificate of approval to be placed on map or plat.
- 177.11 Map or plat drawn on tracing cloth and print or photographic copy presented to county clerk for recording.
- 177.12 Instructions for filing of map or plat by county clerk.
- 177.13 Misdemeanor to molest monument or deface or destroy map or plat.
- 177.14 Vacation and annulment of plats subdividing land.
- 177.15 Certain streets and alleys vacated.
- 177.16 Recordation of state road department official right of way maps.
- 177.17 Recordation of flood control district's right of way maps.

177.01 Examination of maps or plats required before recording.—Whenever maps or plats of any land within this state are brought to a county clerk or other public recording officer to be placed on public record, the county clerk or other public recording officer, before filing, shall examine said map or plat and see that it complies in form with all the requirements of this chapter. If this chapter has been complied with, he shall so certify, with date of filing for record, on the map or plat and also on the copy thereof required by §177.11; otherwise he shall return the map or plat to the owner for correction.

History.—§1, ch. 10275, 1925; CGL 3101.
cf.—§192.56 Land shall not be subdivided; no plat filed until taxes paid.

177.02 Survey and plat by civil engineer or competent surveyor required.—Whenever any city, town or addition thereto, shall be laid out or altered as hereinafter provided, or whenever any land shall be platted into lots and blocks, within this state, the proprietor or proprietors thereof, shall cause a survey and true map or plat thereof to be made by a civil engineer or competent surveyor.

History.—§2, ch. 10275, 1925; CGL 3102.

177.03 Map or plat requirements.—The map or plat shall in every case be made with India ink, or some other equally substantial and distinct method, and be made on a scale sufficiently large to show plainly all details, on tracing cloth of such size as each county may require. In case of a large plat it may require two or more sheets, in which case the sheets are to be numbered, and the number of the sheets to be indicated on the first sheet below the title.

History.—§3, ch. 10275, 1925; CGL 3103.

177.04 Title or name of plat.—The plat shall have a title or name. If the plat be a town, city or village, the full name of such town, city or village must appear as the title or name of the plat; if the land platted be an addition to or a subdivision of a town, city or village already platted, then the title of the plat shall include, with the name of such addition or

subdivision, the name of the town, city or village, as the case may be, of which such platted land is a subdivision, or to which it is an addition. The name of the county and state in which the land platted is situated should appear under the title.

History.—§4, ch. 10275, 1925; CGL 3104.

177.05 Description written on map or plat.—There shall be written or printed upon the tracing cloth on which map or plat shall be made a full and detailed description of the land embraced in said map or plat showing the township and range in which such lands are situated and the section and parts of sections platted. If the premises are in a Spanish grant or are not included in the subdivision of the government surveys, then the boundaries are to be defined by metes and bounds and courses. The initial point in the description shall be tied to the nearest government corner, forty-acre corner, or other recorded and well established corner. The description must be so complete that from it without reference to the plat, the starting point can be determined and the outlines run. If a subdivision of a part of a previous recorded plat is made the previous lots and blocks shall be given. If the plat be a re-subdivision of the whole of a previous recorded plat the fact shall be so stated.

History.—§5, ch. 10275, 1925; CGL 3105.

177.06 Dedication.—In connection with the description there shall be a dedication of the plat by the owner or owners, and his or their wives, whose signatures must be witnessed, and their execution of the dedication must be acknowledged in the same manner as deeds conveying lands are required to be witnessed and acknowledged; and in all cases the title, caption and dedication must agree. In case the dedication is to be made by a corporation then it shall be signed by the president or a vice-president, and by the secretary or an assistant secretary, respectively, of the corporation, by and with the authority of its board of directors.

History.—§6, ch. 10275, 1925; CGL 3106; §1, ch. 61-193.

177.07 Permanent reference monuments.—In making the survey a sufficient number of permanent monuments, in no case less than two and in no case more than two thousand feet apart, shall be placed either within the tract or on the exterior boundaries thereof, or both, so as to provide definite reference points from which may be located any points, lines or lots set forth on the said plat. The monuments so placed shall be of metal not less than three inches in diameter and twenty-four inches long, driven in the ground, or if smaller, to be increased in a solid block of concrete, said monuments having the reference point marked thereon. They shall have their position in reference to each other indicated by distances and angles and not less than one of said monuments shall have its location indicated on the plat in reference to the nearest government corner or other corner referred to in §177.05. The position of said monuments shall be indicated on the plat by a small circle and shall be marked "PERMANENT REFERENCE MONUMENT" or the initials "P. R. M." to designate the same.

History.—§7, ch. 10275, 1925; CGL 8107.

177.08 Drawing specifications for map or plat.—In drawing the map or plat, three inches shall be left blank on the left edge of the tracing cloth for binding in the record book. A plain designation of the cardinal points, the date of survey, and the correct scale of the drawing, shall be given. The drawing shall be made in a workmanlike manner and must agree with the description. All section lines and quarter-section lines occurring in the map or plat shall be indicated by lines drawn upon such map or plat, with appropriate words and figures. If the description is by metes and bounds, the point of beginning shall be indicated together with all bearings and distances of the boundary lines.

All lots shall be numbered either by progressive numbers, or if in blocks, progressively numbered in each block, and the blocks progressively numbered or lettered, except that blocks in numbered additions bearing the same name shall be numbered consecutively throughout the several additions. Excepted parcels must be marked "Not included in this plat." The dimensions of all lots and the width of all streets and alleys shall be given on the plat. Where all lots in any block are of the same dimensions it shall be sufficient to mark the precise length and width of one tier thereof; but all gores, triangles or other lots which are not squares or parallelograms, shall have the length of their sides and angles plainly defined by figures. The streets must be named or numbered and the alleys or public grounds properly designated. All land within the boundaries of the plat must be accounted for either by blocks, lots, out lots, parks, streets, alleys or excepted parcels. But no strip or parcel of land shall be reserved by the owner when recording a subdivision, unless the

same is sufficient in size and area to be of some practical use or service.

History.—§8, ch. 10275, 1925; CGL 8108.

177.09 Certification of map or plat.—The engineer or surveyor making the survey or plat shall certify on the plat that it is a correct representation of the land platted and that permanent reference monuments have been placed as called for under §177.07.

History.—§9, ch. 10275, 1925; CGL 3109; §7, ch. 22858, 1945.

177.10 Certificate of approval to be placed on map or plat.—Before said map or plat shall be presented to the county clerk for record, the owner or owners shall cause to be placed thereon a certificate of approval by the county commissioners, town board, or council, or the board of commissioners (in municipalities having a commission form of government) or their accredited representatives, having jurisdiction over the land described in the said map or plat; however, such approval shall not bind the county commissioners, town board, city council or board of commissioners to open up and keep in repair any parcels dedicated to the public in any map or plat so offered, but they may exercise such right at any time.

History.—§10, ch. 10275, 1925; CGL 8110.

177.11 Map or plat drawn on tracing cloth and print or photographic copy presented to county clerk for recording.—For purposes of record the owner or owners, shall present to the county clerk in and for the county in which the land platted is a part, a map or plat of the land platted drawn on tracing cloth together with a print or photographic copy of the tracing made on cloth.

History.—§11, ch. 10275, 1925; CGL 8111.

177.12 Instructions for filing of map or plat by county clerk.—The map or plat on tracing cloth is to be filed by the county clerk in his office in a book of the proper size for such papers so that it shall not be folded, and kept in the vault. The print or photographic copy on cloth shall be filed in a similar book and kept in his office for the use of the public.

History.—§12, ch. 10275, 1925; CGL 8112.

177.13 Misdemeanor to molest monument or deface or destroy map or plat.—It is a misdemeanor for any person or persons to molest any monuments established according to this chapter, or to deface or destroy any map or plat placed on public record.

History.—§13, ch. 10275, 1925; CGL 7483.

cf.—§775.07 Punishment for misdemeanor.

177.14 Vacation and annulment of plats subdividing land.—Whenever and wherever it is made to appear that after the filing in the office of the clerk of the circuit court of any county of a plat subdividing a parcel of land located in such county, the owner of the lands therein and thereby subdivided did cause such lands embraced in said plat to be again and subsequently otherwise and differently subdivided under and by virtue of another plat of the same and iden-

tical lands, which said second plat was also filed in the office of the clerk of the circuit court of such county at a later date, and no conveyances of lots by reference to the first plat appear of record in such county and one or more conveyances of lots by reference to the last plat so filed appears of record in such county, the board of county commissioners of such county is authorized and directed to and shall, by resolution, vacate and annul the said first plat of such lands appearing of record, as aforesaid, upon the application of the owner and subdivider of such lands under the said first plat, or upon application of the owners of all the lots shown and designated upon the said second and subsequent plat of such lands, and the clerk of the circuit court of such county shall thereupon make proper notation of the annulment of such plat upon the face of such annulled plat.

History.—§1, ch. 24803, 1947.

177.15 Certain streets and alleys vacated.—All streets and alleys shown, designated and delineated upon any recorded plat of any tract or tracts of land in this state now occupied and used for race track purposes or for automobile parking purposes in connection with such race track operation, by any holder of a ratified racing permit, are hereby closed and vacated and declared nonexistent, and all such lands title to which is vested in such permit holder, including such vacated streets and alleys, shall hereafter be designated for all purposes upon all county, municipal and other public records as a consolidated parcel or consolidated parcels of land, and not as subdivided lots, streets and alleys.

History.—§1, ch. 25267, 1949.

cf.—§192.29 Subdivision plats; vacation.

§192.30 Notice of application to vacate plat.

177.16 Recordation of state road department official right of way maps.—The clerk of the circuit court shall record in the public land records of the county any map or plat prepared and adopted by the state road department as its official right-of-way map, after the same has been certified by the state highway engineer and the chairman of the state road department. The clerk shall use the special plat book heretofore provided by the state road department for such maps, which shall be known as the "road plat book" and shall be kept with other plat books. Sections 177.01 to 177.13 shall not be applicable to this section. Upon request of the clerk, the state road department shall furnish without charge additional copies of said right-of-way maps to replace worn copies.

History.—§1, ch. 28259, 1953.

177.17 Recordation of flood control district's right of way maps.—The clerk of the circuit court shall record in the public records of the county any map or plat prepared and adopted by any duly created flood control district, operating under and governed by chapter 378, as its official right-of-way map, after the same has been certified by the engineer of the district and the chairman of its governing board. The clerk shall use a special plat book to be furnished by the district for such maps which shall be known as the "flood control district plat book" and shall be kept with other plat books. Sections 177.01-177.13 shall not be applicable to this section. Upon request of the clerk, the district shall furnish without charge additional copies of recorded right-of-way maps to replace worn copies.

History.—§1, ch. 61-153.

CHAPTER 178

MUNICIPAL TAX ADJUSTMENT BOARDS

- 178.01 Municipal tax adjustment board may be formed; members, officers and records.
 178.02 Notice that board has been created, time, place and purpose of meeting.
 178.03 Regular board meetings, time, place and notice thereof; quorum.
 178.04 Scope of authority granted board.
 178.05 Application form.
 178.06 Acceptance or rejection of application; reconsideration.
 178.07 Termination of board's powers.
 178.08 Cumulative law.

178.01 Municipal tax adjustment board may be formed; members, officers and records.—The city commission, city council or other governing body of any and all municipalities, incorporated cities, towns or villages in the state, whether incorporated under general law or special law or otherwise, and whether now incorporated or hereafter incorporated may by appropriate resolution duly passed, resolve itself into a municipal delinquent tax adjustment board, hereinafter called the "board," and in such event shall have the powers, duties, and authority hereinafter provided. The mayor, chairman of the city council, chairman of the city commission, or other corresponding executive officer of the governing body of the municipality, city, town or village shall be chairman of the delinquent tax adjustment board; the city clerk or other corresponding officer shall be secretary of the said board, and shall keep proper and accurate minutes and records of the meetings of the said board.

History.—§1, ch. 17405, 1935; CGL 1936 Supp. 8004(11).

178.02 Notice that board has been created, time, place and purpose of meeting.—The board shall upon the adoption of a proper resolution advertise either in a newspaper or by posting in some public place, that a municipal tax adjustment board has been created and the times and places that meetings will be held for the purpose of considering applications for the adjustment of taxes and assessments.

History.—§2, ch. 17405, 1935; CGL 1936 Supp. 8004(12).

178.03 Regular board meetings, time, place and notice thereof; quorum.—The board shall thereafter meet at least twice each month for a period of twelve months for the purpose of receiving and considering applications as herein provided. The board may adjourn the meetings from week to week or day to day or from time to time as its business may require. A majority of the board shall constitute a quorum to hold meetings and pass on applications, and the board shall fix its times and places of meetings and give notice thereof as provided in §178.02, not inconsistent herewith.

History.—§3, ch. 17405, 1935; CGL 1936 Supp. 8004(13).

178.04 Scope of authority granted board.—The board is authorized in its sound discretion to compromise and adjust the amount required to be paid for the redemption, settlement and liquidation of any municipal tax sale certificate, or of any delinquent city taxes held, owned or controlled by the city or any attorney or agent

thereof for the year 1933 or prior years upon any property within the city, including the omitted subsequent taxes upon such property upon principles of fairness to the city and to the owners of such property.

And the board may within its sound discretion, adjust, compromise and settle any special assessments against any property in the city upon which there are delinquent installments due for the year 1933 or prior years including omitted and unpaid subsequent installments, as well as future accruing installments, upon principles of fairness to the city, the property owner and with due consideration for previously paid special assessments for the same improvements and the same type.

History.—§4, ch. 17405, 1935; CGL 1936 Supp. 8004(14).

178.05 Application form.—Applications for adjustments must be made in writing by the fee owner of the property in such form as may be prescribed by the board and the board shall require the city clerk or other corresponding officer to furnish such forms as may by the board be required to any and all applicants.

History.—§5, ch. 17405, 1935; CGL 1936 Supp. 8004(15).

178.06 Acceptance or rejection of application; reconsideration.—Within thirty days after the filing of such application the board shall either grant or reject the application or may grant a part of the relief prayed, by the entry of any order by a majority vote of the board. The clerk of the board shall notify the applicant of the order entered by the board within three days thereafter, and the applicant shall comply with the order within thirty days thereafter or the order shall become null and void and the taxes or special assessments shall be of the same status as if the order had never been entered or made; however, the board may, within its discretion and by a majority vote, reconsider any application, provided, the application for reconsideration be made before the expiration of six months from the date of the adoption of the resolution as provided in §178.01.

History.—§5, ch. 17405, 1935; CGL 8004(15).

178.07 Termination of board's powers.—The board's power to adjust, settle and compromise delinquent taxes and special assessments shall terminate and expire twelve months from the date of holding of its first meeting and no applications shall be considered thereafter, provided that applicants upon whose applications

orders have been entered during the last thirty days of the board's existence shall be entitled to thirty days from the time of notice of said order within which to comply with same as hereinbefore provided.

History.—§7, ch. 17405, 1935; CGL 1936 Supp. 3004(17).

178.08 Cumulative law.—This chapter shall be taken as cumulative of other methods now provided by law for adjusting, settling and compromising taxes and special assessments in municipalities in the state.

History.—§8, ch. 17405, 1935; CGL 1936 Supp. 3004(18).

180.01 Definition of term municipality.—The term "municipality," as used in this chapter, shall mean any city, town, or village duly incorporated under the laws of the state.

History.—§1, ch. 17118, 1935; CGL 1936 Supp. §100(6).

180.02 Powers of municipalities.—

(1) For the accomplishment of the purposes of this chapter, any municipality may execute its corporate powers within its corporate limits.

(2) Any municipality may extend and execute all of its corporate powers applicable for the accomplishment of the purposes of this chapter outside of its corporate limits, as hereinafter provided and as may be desirable or necessary for the promotion of the public health, safety and welfare or for the accomplishment of the purposes of this chapter; provided, however, that said corporate powers shall not extend or apply within the corporate limits of another municipality.

(3) In the event any municipality desires to avail itself of the provisions or benefits of this chapter, it is lawful for such municipality to create a zone or area by ordinance and to prescribe reasonable regulations requiring all persons or corporations living or doing business within said area to connect, when available, with any sewerage system constructed, erected and operated under the provisions of this chapter; provided, however, in the creation of said zone the municipality shall not include any area within the limits of any other incorporated city or village, nor shall such area or zone extend for more than five miles from the corporate limits of said municipality.

History.—§1, ch. 17118, 1935; CGL 1936 Supp. §100(6).

180.03 Resolution or ordinance proposing

construction or extension of utility; objections to same.—When it is proposed to exercise the powers granted by this chapter, a resolution or ordinance shall be passed by the city council, or the legislative body of the municipality, by whatever name known, reciting the utility to be constructed or extended and its purpose, the proposed territory to be included, what mortgage revenue certificates or debentures if any are to be issued to finance the project, the cost thereof, and such other provisions as may be deemed necessary.

Any objections to any of the provisions of said resolution or ordinance shall be in writing and filed with the governing body of the municipality, and hearing thereupon shall be held within thirty days after the passage of the resolution by the legislative body of said municipality.

History.—§1, ch. 17118, 1935; CGL 1936 Supp. §100(6).

180.04 Ordinance or resolution authorizing construction or extension of utility; election.—If after the passage of said resolution the said city council or other legislative body, by whatever name known, shall determine to proceed toward the construction of said utility, but not earlier than forty days after the passage of said ordinance or resolution, the said city council, or other legislative body, by whatever name known, shall pass an ordinance or resolution authorizing the construction of the utility, or any extension thereof, reciting the purpose, the territory to be included, correcting any errors, remedying any sustained objections, authorizing the issuance of mortgage revenue certificates or debentures to pay for the construction and all other costs of the said utility, and containing all other necessary provisions. All other legislative and administrative functions and proceedings shall be the same as provided for the government of the municipi-

pality. The city council, or other legislative body, by whatever name known, of the municipality, may adopt and provide for the enforcement of all resolutions and ordinances that may be required for the accomplishment of the purposes of this chapter and its decision shall be final in determining to construct the utility, or any extension thereof as and where proposed, to promote the public health, safety and welfare by the accomplishment of the purposes of this chapter; provided, that where any mortgage revenue certificate, debentures, or other evidences of indebtedness shall come within the purview of §6, Art. IX of the constitution of the state, the same shall be issued only after having been approved by the majority of the votes cast in an election in which a majority of the freeholders who are qualified electors residing in such municipality, shall participate, pursuant to the provisions of §§100.201-100.351.

History.—§1, ch. 17118, 1935; CGL 1936 Supp. 3100(6).

180.05 Definition of term private company.

—A private company shall mean any company or corporation duly authorized under the laws of the state to construct or operate water works systems, sewerage systems, sewage treatment works, garbage collection and garbage disposal plants.

History.—§2, ch. 17118, 1935; CGL 1936 Supp. 3100(7).

180.06 Activities authorized by municipalities and private companies.—Any municipality or private company organized for the purposes contained in this chapter, is authorized (1) to clean and improve street channels or other bodies of water for sanitary purposes; (2) to provide means for the regulation of the flow of streams for sanitary purposes; (3) to provide a water supply for domestic, municipal or industrial uses; (4) to provide for the collection and disposal of sewage and other liquid wastes; (5) to provide for the collection and disposal of garbage; (6) and incidental to such purposes and to enable the accomplishment of the same, to construct reservoirs, sewerage systems, trunk sewers, intercepting sewers, pumping stations, wells, siphons, intakes, pipe lines, distribution systems, purification works, collection systems, treatment and disposal works; (7) to construct airports, hospitals, jails and golf courses, to maintain, operate and repair the same, and to construct and operate in addition thereto all machinery and equipment; (8) and to construct, operate and maintain gas plants and distribution systems for domestic, municipal and industrial uses; (9) and to construct such other buildings and facilities as may be required to properly and economically operate and maintain said works necessary for the fulfillment of the purposes of this chapter; provided, however, that a private company or municipality shall not construct any system, work, project or utility authorized to be constructed hereunder in the event that a system, work, project or utility of a similar character is being actually

operated by a municipality or private company in the municipality or territory immediately adjacent thereto, unless such municipality or private company consents to such construction.

History.—§3, ch. 17118, 1935; §1, ch. 17119, 1935; CGL 1936 Supp. 3100(8).

180.07 Public utilities; combination of plants or systems; pledge of revenues.—

(1) All such reservoirs, sewerage systems, trunk sewers, intercepting sewers, pumping stations, wells, intakes, pipe lines, distribution systems, purification works, collecting systems, treatment and disposal works, airports, hospitals, jails and golf courses, and gas plants and distribution systems, whether heretofore or hereafter constructed or operated, are considered a public utility within the meaning of any constitutional or statutory provision for the purpose of acquiring, purchasing, owning, operating, constructing, equipping and maintaining such works.

(2) Whenever any municipality shall decide to avail itself of the provisions of this chapter for the extension or improvement of any existing utility plant or system, any then existing plant or system may be included as a part of a whole plant or system and any two or more utilities may be included in one project hereunder. The revenues of all or any part of any existing plants or systems or any plants or systems constructed hereunder may be pledged to secure moneys advanced for the construction or improvement of any utility plant or system or any part thereof or any combination thereof.

History.—§4, ch. 17118, 1935; §2, ch. 17119, 1935; CGL 1936 Supp. 3109(9).

180.08 Revenue certificates; terms; price and interest; three-fifths vote of governing body required.—Any municipality which acquires, constructs or extends any of the public utilities authorized by this chapter and desires to raise money for such purpose, may issue mortgage revenue certificates or debentures therefor without regard to the limitations of municipal indebtedness as prescribed by any statute now in effect or hereafter enacted; provided, however, that such mortgage revenue certificates or debentures shall not impose any tax liability upon any real or personal property in such municipality nor constitute a debt against the municipality issuing the same, but shall be a lien only against or upon the property and revenues of such utility, including a franchise setting forth the terms upon which, in the event of foreclosure, the purchaser may operate the same, which said franchise shall in no event extend for a period longer than thirty years from the date of the sale of such utility and franchise under foreclosure proceedings.

Such mortgage revenue certificates or debentures shall be sold for at least ninety-five per cent of par value and shall bear interest not to exceed six per cent per annum.

No mortgage revenue certificates or deben-

tures shall be issued except upon a three-fifths affirmative vote of the city council, or other legislative body of the municipalities by whatever name known; such mortgage revenue certificates or debentures shall provide that out of the revenues and income derived and obtained from the operation of the utility so constructed, such portion thereof as may be deemed sufficient after all operating costs have been paid, shall be set aside annually in a sinking fund for the payment of interest on said certificates or debentures and the principal thereof at the maturity of the same.

History.—§5, ch. 17118, 1935; CGL 1936 Supp. §100(10).

180.09 Notice of resolution or ordinance authorizing issuance of certificates.—Upon the adoption of resolution or ordinance by the city council, or other legislative body, by whatever name known, authorizing the issuance of mortgage revenue certificates or debentures, a notice thereof shall be published once a week for two consecutive weeks in a newspaper of general circulation in the county in which the municipality is located, or by posting a notice in at least three conspicuous places within the limits of the municipality, one of which shall be posted at the door of the city hall or city offices; provided, that if any of the mortgage revenue certificates or debentures are to be purchased by the United States of America, or any instrumentality or subdivision thereof, it shall not be necessary to advertise or offer the same for sale by competitive bidding.

History.—§5, ch. 17118, 1935; CGL 1936 Supp. §100(10).

180.10 When election necessary.—Where any mortgage revenue certificates, debentures, or other evidences of indebtedness shall come within the purview of §6 of Art. IX of the constitution of the state, the same shall be issued only after having been approved by the majority of the votes cast in an election in which a majority of the freeholders, who are qualified electors residing in such municipality, shall participate, pursuant to the provisions of §§100.201-100.351.

History.—§7, ch. 22858, 1945.

180.11 Referendum and procedure therefor.—A referendum may be held upon the issuance of such mortgage revenue certificates or debentures in the following manner: a petition shall be filed with the clerk within thirty days after the date of the first publication of the notice of the issuance of the proposed mortgage revenue certificates or debentures or after the posting of the notice, as hereinbefore provided. The petition shall contain the nature of the objection to the proposed utility or the issuance of said mortgage revenue certificates or debentures and shall be signed by twenty per cent of the registered and qualified electors of said municipality. Such referendum shall be held not later than sixty days after the date of the first publication of said notice as aforesaid or the posting of such notice.

The aforesaid petition shall be filed with the

city clerk, or the officer performing the corresponding duties, and the said clerk or officer shall ascertain immediately if the requisite number of registered and qualified electors have signed the said petition; whereupon he shall immediately report in writing to the mayor, or the executive officer of said municipality, and to the city council or other legislative body of the municipality, by whatever name known; whereupon a resolution or ordinance shall forthwith be enacted determining if the requisite number of registered and qualified electors have signed the petition, a resolution or ordinance shall forthwith be enacted setting forth the date upon which the referendum shall be held, appropriating sufficient funds to pay the expenses of said election, designating the places of voting and providing for the form of ballot to be used; provided, however, that in determining the number of registered and qualified electors for the purposes of determining the sufficiency of the petition for referendum, the city clerk, or such other officer, shall use the number of registered and qualified electors at the last municipal election held by the said municipality; provided further, that all rules, regulations, ordinances or resolutions pertaining to municipal elections shall apply under the referendum herein set forth, except where the same are inconsistent with the proceedings herein authorized.

History.—§5, ch. 17118, 1935; CGL 1936 Supp. §100(10).

180.12 Examinations, surveys, etc.—Any municipality, to carry out the purpose of this chapter, may, through its officers, committees, agents, servants or employees, enter into and upon private property where it is proposed to construct said utility, or extensions thereof to make necessary examinations and surveys, and for such other purposes as may be required in the accomplishment of the purposes of this chapter; provided, however, the municipality, before constructing any of said works upon private property, shall first acquire the right to take and use the property by agreement or purchase or by proceedings or by the exercise of the right of eminent domain in a court of the state having jurisdiction of the same in the manner prescribed by law.

History.—§6, ch. 17118, 1935; CGL 1936 Supp. §100(11).
cf.—Ch. 73 Eminent Domain.

180.13 Administration of utility; rate fixing, and collection of charges.—

(1) The city council, or other legislative body of the municipality, by whatever name known, may create a separate board or may designate certain officers of said municipality to have the supervision and control of the operation of the works constructed under the authority of this chapter, which said board or designated officers may make all necessary rules or regulations governing the use, control and operation of said works; subject, however, to the approval of the city council, or other legislative body, by whatever name known.

(2) The city council, or other legislative body of the municipality, by whatever name

known, may establish just and equitable rates or charges to be paid to the municipality for the use of the utility by each person, firm or corporation whose premises are served thereby; and provided further, that if the charges so fixed are not paid when due, such sums may be recovered by the said municipality by suit in a court having jurisdiction of said cause or by discontinuance of service of such utility until delinquent charges for services thereof are paid, including charge covering any reasonable expense for reconnecting such service after such delinquencies are paid, or any other lawful method of enforcement of the payment of such delinquencies.

History.—§7, ch. 17118, 1935; CGL 1936 Supp. §100(12).

180.14 Franchise for private companies; rate fixing.—A private company or corporation organized under the laws of the state for any of the purposes recited in this chapter, may construct, operate and maintain such works provided for in this chapter, within or without the corporate limits of any municipality, upon application by such company or corporation to the city council, or other legislative body of the municipality, by whatever name known, and the said municipality may grant to said private company or corporation the privilege or franchise of exercising its corporate powers for such terms of years and upon such conditions and limitations as may be deemed expedient and for the best interest of said municipality for the accomplishment of the purposes set forth in this chapter; said franchise, however, to be for a period of not longer than thirty years; provided further, that the rates or charges to be made by the private company or corporation to the individual users of the utility constructed or operated under authority of this chapter shall be fixed by the city council, or other legislative body of the municipality, by whatever name known, upon proper hearing had for that purpose.

History.—§8, ch. 17118, 1935; CGL 1936 Supp. §100(13).

180.15 Liability of private companies.—Any private company or corporation constructing or operating any of the works provided for in this chapter, within or without the corporate limits of any municipality, shall be liable for all damages occasioned by the acts, negligence or injury to the rights of other persons, firms or corporations in the same manner and with the same limitations as any other private corporation chartered under the laws of the state.

History.—§9, ch. 17118, 1935; CGL 1936 Supp. §100(14).

180.16 Acquisition by municipality of property of private company.—When a municipality has granted to a private company or corporation a privilege or franchise, as set forth in §180.14, if at the expiration of the term of the privilege or franchise and after petition of the private company or corporation, the municipality fails or refuses to renew the privilege or franchise, then upon further petition of the private company or corporation, its prop-

erty, consisting of all the works constructed and used in the operation and use of the utility, together with the appurtenances, materials, fixtures, machinery and real estate appertaining thereto, which is on hand at the time of the expiration of said privilege or franchise, shall be purchased by the said municipality at a price to be mutually agreed upon; provided, however, if the price for same cannot be agreed upon, the price shall be determined by an arbitration board consisting of three persons, one of whom shall be selected by the city council or other legislative body, one shall be appointed by the private company or corporation, and the two persons so selected shall select a third member of said board; and provided further, that in the event said board cannot agree as to the price to be paid by the said municipality, then the municipality shall file appropriate condemnation proceedings under chapter 73, within six months after the date of filing the original petition.

History.—§10, ch. 17118, 1935; CGL 1936 Supp. §100(15).

180.17 Contracts with private companies.—Any municipality may contract by and through its duly authorized officers with any private company or corporation which is organized for any purpose related to the provisions of this chapter, and may contract with said private company or corporation for the construction or use of such works authorized by this chapter.

History.—§11, ch. 17118, 1935; CGL 1936 Supp. §100(16).

180.18 Use by municipality of privately owned utility.—Whenever a private company or corporation shall construct or operate any of the works authorized by this chapter, the municipality wherein the same shall be constructed or operated shall not use the said works in any manner except by and with the consent of the private company or corporation in the manner and upon the terms and conditions which are mutually agreeable to the private company or corporation and the municipality, except as hereinbefore provided.

History.—§12, ch. 17118, 1935; CGL 1936 Supp. §100(17).

180.19 Use by other municipalities and by individuals outside corporate limits.—

(1) A municipality which constructs any works as are authorized by this chapter, may permit any other municipality and the owners or association of owners of lots or lands outside of its corporate limits or within the limits of any other municipality, to connect with or use the utilities mentioned in this chapter upon such terms and conditions as may be agreed between such municipalities, and the owners or association of owners of such outside lots or lands.

(2) Any private company or corporation organized to accomplish the purposes set forth in this chapter, which has been granted a privilege or franchise by a municipality, may permit the owners or association of owners of lots or lands outside of the boundaries of said municipality granting said privilege or franchise, or other municipality, to connect with

and use the utility operated by the said private company or corporation upon such terms as may be agreed between the said private company or corporation and the owners or association of owners of said lots or lands or the said municipality.

History.—§13, ch. 17118, 1935; CGL 1936 Supp. §100(18).

180.20 Regulations by private companies; rates; contracts.—Whenever any private company or corporation organized for the accomplishment of the purposes of this chapter is granted a privilege or franchise by a municipality, it may prescribe the terms upon which owners and occupants of houses, buildings or lots may obtain the use of the utility constructed and operated by the said private company or corporation, and the rate charged for such use, and also the rate and terms upon which the municipality may use such utility for public purposes; such rates, however, shall be subject to the approval of the city council, or other legislative body of the municipality, by whatever name known; provided, however, that the municipality may contract with the said private company or corporation to pay the said company or corporation a flat or fixed rate for such service and use of the utility and may pay out of the general revenue or any special revenue such rate as agreed.

History.—§14, ch. 17118, 1935; CGL 1936 Supp. §100(19).

180.21 Powers granted deemed additional.—The authority and powers granted by this chapter to municipalities shall be in addition to but not in limitation of any of the powers heretofore or hereafter granted to municipalities now existing or hereafter created.

History.—§15, ch. 17118, 1935; CGL 1936 Supp. §100(20).

180.22 Power of eminent domain.—Any municipality or private company or corporation authorized to carry into effect any or all of the purposes defined in this chapter, may exercise the power of eminent domain over railroads, traction and street car lines, telephone and telegraph lines, all public and private streets and highways, drainage districts, bridge districts, school districts, and any other public or private lands or property whatsoever necessary to enable the accomplishment of the purposes of this chapter.

History.—§16, ch. 17118, 1935; CGL 1936 Supp. §100(21).
cf.—Ch. 73 Eminent Domain.

180.23 Contracts with engineers, attorneys and others; boards.—Any municipality desiring to construct, maintain or operate any of the utilities described in this chapter, may contract with engineers and attorneys for professional services required for the accomplishment of any or all of the purposes of this chapter; provided, however, that such employment is to be evidenced by written agreement setting forth the terms and conditions of the employment; provided further, that such municipality may also create such other offices and boards as may be necessary and expedient for carrying out the purposes of this chapter and shall pro-

vide suitable and fit compensation for the same.

History.—§17, ch. 17118, 1935; CGL 1936 Supp. §100(22).

180.24 Contracts for construction; bond; publication of notice; bids.—

(1) Any municipality desiring the accomplishment of any or all of the purposes of this chapter, may make contracts for the construction of any of the utilities mentioned in this chapter, or any extension or extensions to any previously constructed utility, which said contracts shall be in writing, and the contractor shall be required to give bond, which said bond shall be executed by a surety company authorized to do business in the state; provided, however, construction contracts in excess of one thousand dollars shall be advertised by the publication of a notice in a newspaper of general circulation for two consecutive weeks in the county in which said municipality is located, or by posting three notices in three conspicuous places in said municipality, one of which shall be on the door of the city hall; and that at least ten days shall elapse between the date of the first publication or posting of such notice and the date of receiving bids and the execution of such contract documents.

(2) All contracts for the purchase, lease or renting of materials or equipment to be used in the accomplishment of any or all of the purposes of this chapter by the municipality, shall be in writing; provided, however, that where said contract for the purchase, lease or renting of such materials or equipment is in excess of one thousand dollars, notice or advertisement for bids on the same shall be published in accordance with the provisions of the preceding paragraph.

History.—§18, ch. 17118, 1935; CGL 1936 Supp. §100(23).

180.25 Contents of notice of issuance of certificates.—The form of the notice for advertising the proposed issuance of mortgage revenue certificates or debentures shall contain the amount of the certificates to be sold and the rate of interest thereon; a description in general terms of the utility to be constructed; the time, place and date where bids for the sale of the same are to be received; and such other pertinent information as may be deemed necessary.

History.—§19, ch. 17118, 1935; CGL 1936 Supp. §100(24).

180.26 Form of certificates.—The certificate of indebtedness to be issued under the terms and conditions of this chapter shall contain a description of the utility, the revenue of which is pledged, together with the terms of payment of the same, as is established by the ordinances or resolutions of the municipality, in accordance with the conditions heretofore established in this chapter, and may or may not have attached thereto interest coupons, and shall contain such other and further conditions as shall be determined by the governing body of the municipality, in accordance with the terms and conditions of this chapter.

- 181.04 Procedure for authorization.
- 181.05 Procedure where election to be held.
- 181.06 Terms of refunding bonds.
- 181.07 Validity of refunding bonds.
- 181.08 Sale or exchange of refunding bonds.

181.01 Short title.—This chapter may be cited as "The revenue bond refinancing law."

History.—§1, ch. 17751, 1937; CGL 1940 Supp. 1365(48).

181.02 Definitions.—The following terms wherever used or referred to in this chapter shall have the following meaning, unless a different meaning appears from the context:

(1) "Municipality" shall mean the state, or any agency, public body or political subdivision thereof, including, without being limited to, any city or any town, whether incorporated by special act of the legislature or under the general laws of the state, and any county;

(2) "Governing body" shall mean the board or other local legislative body having power to borrow money on behalf of a municipality;

(3) "Law" shall mean any act or statute, general, special or local, of this state, including, without being limited to, the charter of any municipality;

(4) "Enterprise" shall mean any work, undertaking, or project which the municipality is or may hereafter be authorized to construct and from which the municipality has heretofore derived or may hereafter derive revenues, for the refinancing, or the refinancing and improving of which enterprise, refunding bonds are issued under this chapter, and such enterprise shall include all improvements, betterments, extensions and replacements thereto, and all appurtenances, facilities, lands, rights in land, water rights, franchises, and structures in connection therewith or incidental thereto; provided, however, that nothing herein shall constitute authority for a municipality to construct, operate and maintain a new enterprise and such authority to construct, operate and maintain a new enterprise must be vested in municipalities by appropriate statutory authority heretofore or hereafter given to such municipalities;

(5) "Federal agency" shall include the United States, the President of the United States, the Federal Emergency Administrator of Public Works, Reconstruction Finance Corporation, or any agency, instrumentality or corporation of the United States, which has heretofore been or may hereafter be designated or created by or pursuant to any act or joint resolution of the congress of the United States, or which may be owned or controlled, directly or indirectly, by the United States;

(6) "Improving" shall mean reconstructing, replacing, extending, repairing, bettering,

equipping, developing, embellishing or improving or any one or more or all of the foregoing;

(7) "Bonds" or "refundng bonds" shall mean notes, bonds, certificates or other obligations of a municipality issued pursuant to this law or pursuant to any other law, as supplemented by, or in conjunction with this chapter;

(8) "Refinancing" shall mean funding, refunding, paying or discharging, by means of refunding bonds or the proceeds received from the sale thereof, all or any part of any notes, bonds, or other obligations heretofore or hereafter issued to finance or to aid in financing the acquisition, construction or improving of an enterprise and payable solely from all or any part of the revenues thereof, including interest thereon in arrears or about to become due, whether or not represented by coupons or interest certificates;

(9) "Revenues" shall mean all fees, tolls, rates, rentals and charges to be levied and collected in connection with and all other income and receipts of whatever kind or character derived by the municipality from the operation of any enterprise or arising from any enterprise;

(10) "Holder of bonds" or "bondholder" or any similar term shall mean any person who shall be the bearer of any outstanding refunding bond or refunding bonds registered to bearer or not registered, or the registered owner of any such outstanding bond or bonds which shall at the time be registered other than to bearer.

History.—§2, ch. 17751, 1937; CGL 1940 Supp. 1365(49).

181.03 Grant of power.—Any municipality may refinance, or refinance and improve, any enterprise, and for such purpose borrow money and issue refunding bonds from time to time.

History.—§3, ch. 17751, 1937; CGL 1940 Supp. 1365(50).

181.04 Procedure for authorization.—The refunding bonds shall be authorized by resolution of the governing body of the municipality. Such resolution may be adopted at a regular or special meeting and at the same meeting at which it is introduced by a majority of all the members of the governing body then in office. Unless otherwise provided, such resolution shall take effect immediately and need not be laid over or published or posted. It is determined and declared as a matter of legislative intent that no election to authorize the issuance of refunding bonds

shall be necessary except in cases where an election may be required by the constitution of the state. In all cases where it is not necessary under the constitution to hold an election on the issuance of such refunding bonds, such resolution shall take effect immediately upon the adoption thereof. No other proceedings or procedure of any character whatever shall be required for the issuance of such bonds by the municipality. In all other cases, an election shall be held in the manner hereinafter provided.

History.—§4, ch. 17751, 1937; CGL 1940 Supp. 1365(51).

181.05 Procedure where election to be held.

—Whenever an election is necessary to approve the issuance of bonds, such election shall be governed by the provisions of chapter 130, except that: (1) notice of such election shall not be required to be published more than once a week for two consecutive weeks, (2) the time of holding such election may be any date subsequent to fourteen days following the date of the first publication or posting of the notice of such election, and (3) in the event any such election shall not result in the approval of the bonds because (a) a majority of the freeholders who were qualified electors residing in the municipality did not participate in the election, regardless of whether a majority of those participating voted for or against the bonds, or (b) an equal number of votes were cast for and against the bonds in an election in which a majority of the freeholders who were qualified electors residing in the municipality shall have participated, a second election for the approval of bonds for the same purpose may be ordered by the governing body at any time.

History.—§5, ch. 17751, 1937; CGL 1940 Supp. 1365(52).

181.06 Terms of refunding bonds.—The refunding bonds may be issued in one or more series, may bear such date, may mature at such time not exceeding the period of usefulness of the enterprise, as determined by the governing body in its discretion, not in any event exceeding forty years from their respective dates, may bear interest at such rate not exceeding the maximum rate of interest borne by the notes, bonds, or other obligations refinanced thereby, may be in such denomination, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be executed in such manner, may be payable in such medium of payment, at such place, may be subject to such terms of redemption, with or without a premium, may be declared or become due before the maturity date thereof, may provide for the replacement of mutilated, destroyed, stolen, or lost bonds, may be authenticated in such manner and upon compliance with such conditions, and may contain such other terms and covenants, as may be provided by resolution of the governing body of the municipality. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegoti-

able, all refunding bonds shall at all times be, and shall be treated as, negotiable instruments for all purposes.

History.—§6, ch. 17751, 1937; CGL 1940; Supp. 1365(53); §7, ch. 22858, 1945.

181.07 Validity of refunding bonds.—Refunding bonds bearing the signatures of officers of the municipality in office on the date of the signing thereof shall be valid and binding obligations of the municipality for all purposes, notwithstanding that before the delivery thereof any or all of the persons whose signatures appear thereon shall have ceased to be officers of the municipality, the same as if such persons had continued to be officers of the municipality until after the delivery thereof. The validity of the authorization and issuance of the refunding bonds shall not be dependent on or affected in any way by proceedings taken for the improving of any enterprise for the refinancing and improving of which the refunding bonds are to be issued, or by contracts made in connection with the improving of any such enterprise. Any resolution authorizing refunding bonds may provide that any such refunding bond may contain a recital that such refunding bond is issued pursuant to this chapter, and any refunding bond containing such recital under authority of any such resolution shall be conclusively deemed to be valid and to have been issued in conformity with the provisions of this chapter. The authority of a municipality to issue obligations under this chapter may be determined and obligations to be issued under this chapter may be validated as provided in chapter 75.

History.—§7, ch. 17751, 1937; CGL 1940 Supp. 1365(54).

181.08 Sale or exchange of refunding bonds.

—(1) The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding notes, bonds, certificates or other obligations to be refinanced thereby.

(2) If the governing body determines to exchange any refunding bonds, such refunding bonds may be exchanged privately for and in payment and discharge of any of the outstanding notes, bonds or other obligations of the municipality issued to finance or to aid in financing the acquisition, the construction, the improving, the refinancing, or the improving and refinancing, of an enterprise. The refunding bonds may be exchanged for a like or greater principal amount of such notes, bonds or other obligations of the municipality, except that the principal amount of the refunding bonds may exceed the principal amount of such outstanding notes, bonds, or other obligations to the extent necessary or advisable, in the discretion of the governing body, to fund in-

terest in arrears or about to become due. The holder of such outstanding notes, bonds, or other obligations need not pay accrued interest on the refunding bonds to be delivered in exchange therefor if and to the extent that interest is due or accrued and unpaid on such outstanding notes, bonds, or other obligations to be surrendered.

(3) If the governing body determines to sell any refunding bonds, such refunding bonds shall be sold at not less than par at public or private sale in such manner and upon such terms as the governing body shall deem best for the interests of the municipality.

History.—§8, ch. 17751, 1937; CGL 1940 Supp. 1365(55); §7, ch. 22858, 1945.

181.09 Security of the refunding bonds.

—(1) The refunding bonds shall be special obligations of the municipality and shall be payable from and secured by a lien upon the revenues of the enterprise, as shall be more fully described in the resolution of the governing body authorizing the issuance of the refunding bonds, having due regard to the cost of operation and maintenance of the enterprise and the amount or proportion, if any, of the revenues of the enterprise previously pledged. Any municipality may, by resolution of its governing body, pledge for the security of the refunding bonds a fixed amount without regard to any fixed proportion of the gross revenues of the enterprise.

(2) As additional security for any issue of refunding bonds hereunder, or any part thereof, any municipality may, by resolution of its governing body, confer upon the holders of the refunding bonds all rights, powers and remedies which said holders would be entitled to if they were the owners and had possession of the notes, bonds or other obligations for the refinancing of which such refunding bonds shall have been issued including, but not limited to, the preservation of the lien of such notes, bonds or other obligations without extinguishment, impairment or diminution thereof. In the event any municipality exercises the power conferred by this paragraph, (a) each refunding bond shall contain a recital to the effect that the holder thereof has been granted the additional security provided by this paragraph and (b) each note, bond, certificate or other obligation of the municipality to be refinanced by any such refunding bonds, shall be kept intact and shall not be canceled or destroyed until the refunding bonds, and the interest thereon, have been finally paid and discharged but shall be stamped with a legend to the effect that such note, bond, certificate or other obligation has been refunded pursuant to the revenue bond refinancing law.

(3) All refunding bonds of the same issue shall be equally and ratably secured, without priority by reason of number, date of bonds, of sale, of execution or of delivery, by a lien upon the revenues of the enterprise in accordance with the provisions of this section and the resolution authorizing the issuance of such refunding bonds.

(4) Nothing in this law shall be deemed in any way to alter the terms of any agreements made with the holders of any outstanding notes, bonds, or other obligations of the municipality or to authorize the municipality to alter the terms of any such agreements, or to impair, or to authorize the municipality to impair, the rights and remedies of any creditors of the municipality.

(5) Nothing in this law shall be deemed in any way to authorize any municipality to do anything in any manner or for any purpose which would result in the creation or incurring of a debt or indebtedness or the issuance of any instrument which would constitute a bond or debt within the meaning of any provision, limitation, or restriction of the constitution relating to the creation or incurring of a debt or indebtedness or the issuance of an instrument constituting a bond or a debt, except in the manner authorized by and subject to the provisions of the constitution.

History.—§9, ch. 17751, 1937; CGL 1940 Supp. 1365(56).

181.10 Refunding bonds not debts.—(1) No recourse shall be had for the payment of the refunding bonds, or interest thereon, or any part thereof, against the general fund of any municipality, nor shall the credit or taxing power of any municipality be deemed to be pledged thereto.

(2) The refunding bonds, and interest thereon, shall not be a debt of the municipality, nor a charge, lien or encumbrance, legal or equitable, upon any property of the municipality, or upon any income, receipts, or revenues of the municipality other than such of the revenues of the enterprise as shall have been pledged to the payment thereof, and every refunding bond shall recite in substance that said bond, including interest thereon, is payable solely from the revenue pledged to the payment thereof and that the municipality is under no obligation to pay the same, except from said revenue.

History.—§10, ch. 17751, 1937; CGL 1940 Supp. 1365(57).

181.11 Fiscal agent.—Any municipality shall have power in connection with the issuance of refunding bonds, to appoint a fiscal agent, to provide for the powers, duties and functions and compensations of such fiscal agent, to limit the liabilities of such fiscal agent, to prescribe a method for the resignation, removal, merger or consolidation of such fiscal agent, and the appointment of a successor fiscal agent and the transfer of rights and properties to such successor fiscal agent.

History.—§11, ch. 17751, 1937; CGL 1940 Supp. 1365(58).

181.12 Duties of municipality and officers.—In order that the payment of the refunding bonds, and interest thereon, shall be adequately secured, any municipality issuing refunding bonds pursuant to this chapter and the proper officers, agents and employees thereof, are directed, and it shall be the mandatory duty of such municipality and such officers, agents and employees, and it shall further be

of the essence of the contract of such municipality with the bondholders, at all times:

(1) To pay or cause to be paid punctually the principal of every refunding bond, and the interest thereon, on the date and at the place and in the manner and out of the funds mentioned in such refunding bonds and in the coupons thereto appertaining and in accordance with the resolution authorizing their issuance;

(2) To operate the enterprise in an efficient and economical manner and to establish, levy, maintain and collect such fees, tolls, rentals, rates and other charges in connection therewith as may be necessary or proper, which said fees, tolls, rates, rentals and other charges shall be at least sufficient after making due and reasonable allowances for contingencies and for a margin of error in the estimates, (a) to pay all current expenses of operation, and maintenance of such enterprise, (b) to pay the interest on and principal of the refunding bonds as the same shall become due and payable, (c) to comply in all respects with the terms of the resolution authorizing the issuance of refunding bonds or any other contract or agreement with the holders of the refunding bonds, and (d) to meet any other obligations of the municipality which are charges, liens, or encumbrances upon the revenues of such enterprise;

(3) To operate, maintain, preserve and keep, or cause to be operated, maintained, preserved and kept, the enterprise and every part and parcel thereof, in good repair, working order and condition;

(4) To preserve and protect the security of the refunding bonds and the rights of the holders thereof, and to warrant and defend such rights against all claims and demands of all persons, whomsoever;

(5) To pay and discharge, or cause to be paid or discharged any and all lawful claims for labor, materials and supplies, which, if unpaid, might by law become a lien or charge upon the revenues or any part thereof, prior or superior to the lien of the refunding bonds, or which might impair the security of the refunding bonds, to the end that the priority and security of the refunding bonds shall be fully preserved and protected;

(6) To hold in trust the revenues pledged to the payment of the refunding bonds for the benefit of the holders of the refunding bonds and to apply such revenues only as provided by the resolution authorizing the issuance of the refunding bonds, or, if such resolution shall thereafter be modified in the manner provided therein or herein, only as provided in such resolution as modified;

(7) To keep proper books of record and accounts of the enterprise (separate from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the enterprise or any part thereof, and which, together with all other books and papers of the municipality, shall at all times be subject to the inspection of the

holders of not less than ten per cent of the refunding bonds then outstanding or their representatives duly authorized in writing.

None of the foregoing duties shall be construed to require the expenditure in any manner or for any purpose by the municipality of any funds other than revenues received or receivable from the enterprise.

History.—§12, ch. 17751, 1937; CGL 1940 Supp. 1365(59).

181.13 Additional powers and duties.—The governing body of any municipality may, in addition to the other powers conferred, insert provisions in any resolution authorizing the issuance of refunding bonds, which shall be a part of the contract with the holders of the refunding bonds, as to:

(1) Limitations on the purpose to which the proceeds of sale of any issue of refunding bonds, or any notes, bonds or other obligations then or thereafter to be issued to finance the improving of the enterprise, may be applied;

(2) Limitations on the issuance and on the lien of additional refunding bonds, or additional notes, bonds or other obligations to finance the improving of the enterprise which are secured by or payable from the revenues of such enterprise;

(3) Limitations on the right of the municipality or its governing body to restrict and regulate the use of the enterprise;

(4) The amount and kind of insurance to be maintained on the enterprise, and the use and disposition of insurance moneys;

(5) Pledging all or any part of the revenues of the enterprise to which its right then exists or the right to which may thereafter come into existence;

(6) Covenanting against pledging all or any part of the revenues of the enterprise to which its right then exists or the right to which may thereafter come into existence;

(7) Events of default and terms and conditions upon which any or all of the refunding bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived;

(8) The rights, liabilities, powers and duties arising upon the breach by it of any covenants, conditions or obligations;

(9) The vesting in a trustee the right to enforce any covenants made to secure, to pay, or in relation to the refunding bonds, as to the powers and duties of such trustee and the limitation of liabilities thereof, and as to the terms and conditions upon which the holders of the refunding bonds or any proportion or percentage of them may enforce any covenants made under this chapter or duties imposed hereby;

(10) A procedure by which the terms of any resolutions authorizing refunding bonds, or any other contract with bondholders, including but not limited to an indenture of trust or similar instrument, may be amended or abrogated and as to the amount of refunding

bonds the holders of which must consent thereto and the manner in which such consent may be given;

(11) The execution of all instruments necessary or convenient in the exercise of the powers granted by this chapter or in the performance of the duties of the municipality and the officers, agents and employees thereof;

(12) Refraining from pledging or in any manner whatever claiming or taking the benefit or advantage of any stay or extension law whenever enacted, or at any time hereafter in force, which may affect the duties or covenants of the municipality in relation to the refunding bonds, or the performance thereof, or the lien of such refunding bonds;

(13) The purchase out of any funds available therefor, including but not limited to the proceeds of refunding bonds, of any outstanding notes, bonds or obligations, including but not limited to refunding bonds, and the price at which and the manner in which such purchases may be made;

(14) Any other acts and things as may be necessary or convenient or desirable in order to secure the refunding bonds, or as may tend to make the refunding bonds more marketable;

(15) The manner of collecting the fees, tolls, rates, rentals or other charges for the services, facilities or commodities of the enterprise, and the combining in one bill of the fees, tolls, rates, rentals or other charges for the services, facilities or commodities of the enterprise with the fees, tolls, rates, rentals or charges for other services, facilities or commodities afforded by the municipality; and

(16) The discontinuance of the services, facilities or commodities of the enterprise as well as any other services, facilities or commodities afforded by the municipality, in the event that the fees, tolls, rates, rentals or other charges for the services, facilities or commodities of the enterprise are not paid.

Nothing in this section shall be construed to authorize any municipality to make any covenants, to perform any act or to do anything which shall require the expenditure in any manner or for any purposes by the municipality of any funds other than revenues received or receivable from the enterprise.

History.—§13, ch. 17751, 1937; CGL 1940 Supp. 1365(60).

181.14 Right to receivership upon default.—

(1) In the event that the municipality shall default in the payment of the principal or interest on any of the refunding bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the municipality or the governing body or officers, agents or employees thereof shall fail or refuse to comply with the provisions of this chapter or shall default in any agreement made with the holders of the refunding bonds, any holder of refunding bonds, or trustee therefor, shall have the right to apply in an appropriate judicial proceeding to the circuit court in chancery, or

any court of competent jurisdiction, for the appointment of a receiver of the enterprise, whether or not all refunding bonds have been declared due and payable and whether or not such holder, or trustee therefor, is seeking or has sought to enforce any other right, or exercise any remedy in connection with such refunding bonds. Upon such application the circuit court in chancery may appoint, and if the application is made by the holders of twenty-five per cent in principal amount of such refunding bonds then outstanding, or any trustee for holders of such refunding bonds in such principal amount, shall appoint a receiver of the enterprise.

(2) The receiver so appointed shall forthwith, directly or by his agents and attorneys, enter into and upon and take possession of the enterprise and each and every part thereof and may exclude the municipality, its governing body, officers, agents, and employees and all persons claiming under them wholly therefrom and shall have, hold, use, operate, manage and control the same and each and every part thereof, and, in the name of the municipality or otherwise, as the receiver may deem best, and shall exercise all the rights and powers of the municipality with respect to the enterprise as the municipality itself might do. Such receiver shall maintain, restore, insure and keep insured, the enterprise, and from time to time shall make all such necessary or proper repairs as to such receiver may seem expedient and shall establish, levy, maintain and collect such fees, tolls, rentals, and other charges in connection with the enterprise as such receiver may deem necessary or proper and reasonable, and shall collect and receive all revenues and shall deposit the same in separate account and apply such revenues so collected and received in such manner as the court shall direct.

(3) Whenever all that is due upon the refunding bonds, and interest thereon, and upon any other notes, bonds or other obligations, and interest thereon, having a charge, lien, or encumbrance on the revenues of the enterprise and under any of the terms of any covenants or agreements with bondholders shall have been paid or deposited as provided therein, and all defaults shall have been cured and made good, the court may in its discretion, and after such notice and hearing as it deems reasonable and proper, direct the receiver to surrender possession of the enterprise to the municipality, the same right of the holders of the refunding bonds to secure the appointment of a receiver to exist upon any subsequent default as hereinabove provided.

(4) Such receiver shall in the performance of the powers hereinabove conferred upon him, act under the direction and supervision of the court making such appointment and shall at all times be subject to the orders and decrees of such court and may be removed thereby. Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such

court may deem necessary or appropriate for the exercise by the receiver of any functions specifically set forth herein.

(5) Notwithstanding anything in this section to the contrary, said receiver shall have no power to sell, assign, mortgage, or otherwise dispose of any assets of whatever kind or character belonging to the municipality and useful for the enterprise, but the authority of any such receiver shall be limited to the operation and maintenance of the enterprise and no court shall have jurisdiction to enter any order or decree requiring or permitting said receiver to sell, mortgage, or otherwise dispose of any such assets.

History.—§14, ch. 17751, 1937; CGL 1940 Supp. 1365(61).

181.15 Remedies of refunding bondholders.—(1) Subject to any contractual limitations binding upon the holders of any issue of refunding bonds, or trustees therefor, including but not limited to the restriction of the exercise of any remedy to a specified proportion percentage of such holders, any holder of refunding bonds, or trustee therefor, shall have the right and power, for the equal benefit and protection of all holders of refunding bonds similarly situated:

(a) By mandamus or other suit, action or proceeding at law or in equity to enforce his rights against the municipality and its governing body and any of its officers, agents and employees and to require and compel such municipality or such governing body or any such officers, agents or employees to perform and carry out its and their duties and obligations under this chapter and its and their covenants and agreements with bondholders;

(b) By action or suit in equity to require the municipality and the governing body thereof to account as if they were the trustee of an express trust;

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders;

(d) Bring suit upon the refunding bonds.

(2) No remedy conferred by this chapter upon any holder of refunding bonds, or any trustee therefor, is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other

remedy and may be exercised without exhausting and without regard to any other remedy conferred by this chapter or by any other law. No waiver of any default or breach of duty or contract, whether by any holder of refunding bonds, or any trustee therefor, shall extend to or shall affect any subsequent default or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of any bondholder or any trustee therefor to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy, conferred upon the holders of refunding bonds, may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holder of the refunding bonds, or any trustee therefor, then and in every such case the municipality and such holder, or such trustee, shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

History.—§15, ch. 17751, 1937; CGL 1940 Supp. 1365(62).

181.16 Construction of chapter.—This chapter constitutes full and complete authority for the issuance of refunding bonds. No procedure or proceedings, publications, notices, consents, approvals, orders, acts or things by any governing body of any municipality, or any board, officer, commission, department, agency, or instrumentality of the state or any municipality, other than those required by this chapter, shall be required to issue any refunding bonds or to do any act or perform any thing under this law except as may be prescribed herein. The powers conferred by this chapter shall be in addition and supplemental to, and not in substitution for, and the limitations imposed by this chapter shall not affect, the powers conferred by any other law. This chapter is remedial in nature and shall be liberally construed.

History.—§16, ch. 17751, 1937; CGL 1940 Supp. 1365(63).

183.01 Declaration of public necessity.—It is hereby determined and declared that the free circulation of traffic of all kinds through the streets of the municipalities in the state is necessary to the health, safety and general welfare of the public, whether residing in such municipalities or traveling to, through or from such municipalities in the course of lawful pursuits; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of such municipalities; that the parking of motor vehicles in the streets has contributed to this congestion to such an extent as to constitute at the present time a public nuisance; that such parking prevents the free circulation of traffic in, through and from such municipalities, impedes the rapid and effective fighting of fires and disposition of police forces, threatens irreparable loss in values of urban property which can no longer be readily reached by vehicular traffic, and endangers the health, safety and welfare of the general public; that the regulation of traffic on the streets by the installation of parking meters and the imposition of charges in connection with such on-street parking facilities has not relieved this congestion except to a limited extent; that this traffic congestion is not capable of being adequately abated except by provisions for sufficient off-street parking facilities; that adequate off-street parking facilities have not been provided and parking spaces now existing must be forthwith supplemented by off-street parking facilities provided by public undertaking; and that the enactment of the provisions of this chapter is hereby declared to be a public necessity.

History.—§1, ch. 26918, 1951.

183.02 Definitions.—As used in this chapter the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(1) The word "municipality" shall mean any city, town or village in the state, whether incorporated by special act of the legislature or under the general laws of the state, which may desire to finance parking facilities under the provisions of this chapter.

(2) The word "council" shall mean the city, town or village council or commission or

other board or body in which the general legislative powers of the municipality shall be vested.

(3) The words "parking facilities" shall mean and shall include lots, parking terminals or other structures (either single or multi-level and either at, above or below the surface) for the off-street parking of motor vehicles, open to public use for a fee, including, but without limiting the generality of the foregoing, facilities for trucks and busses, waiting rooms, lockers, and, if deemed necessary by the council for the financing of any parking facilities consisting of or including a terminal or other structure, space to be leased for such uses as the council may deem advisable for the greatest utilization of the structure; and all facilities appurtenant thereto, including on-street parking meters if so provided by the council, and all property, rights, easements and interests relating thereto which are deemed necessary for the construction or the operation thereof.

(4) The word "cost" as applied to parking facilities or to extensions or additions thereto shall include the cost of construction or reconstruction, the cost of all labor, materials, machinery and equipment, the cost of all lands, property, rights, easements and interests acquired by the municipality for such construction or reconstruction or the operation thereof, the cost of demolishing or removing any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved, financing charges, interest prior to and during construction and, if deemed advisable by the council, for one year after completion of construction, cost of engineering and legal services, plans, specifications, surveys and estimates of cost and of revenues, administrative expense, and such other expense as may be necessary or incident to such construction or reconstruction, the financing thereof and the placing of the parking facilities in operation.

History.—§2, ch. 26918, 1951.

183.03 General grant of powers.—The council of any municipality in the state is hereby authorized and empowered:

(1) to construct, reconstruct, equip, improve, extend, enlarge, maintain, repair and

operate parking facilities within the corporate limits of such municipality;

(2) to issue revenue bonds of the municipality as hereinafter provided to pay the cost of such construction, reconstruction, equipment, improvement, extension or enlargement;

(3) to establish and revise from time to time and to collect rates, rentals, fees and other charges for the services and facilities furnished by such parking facilities, and to establish and revise from time to time regulations in respect of the use, operation and occupancy of such parking facilities or part thereof;

(4) to accept from any authorized agency of the federal government loans or grants for the planning, construction or acquisition of any parking facilities and to enter into agreements with such agency respecting any such loans or grants, and to receive and accept aid and contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such loans, grants or contributions may be made;

(5) subject to any provisions or restrictions which may be set forth in the ordinance authorizing bonds, to acquire in the name of the municipality, either by purchase or the exercise of the right of eminent domain, such lands and rights and interests therein, and to acquire such personal property, as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement or operation of any parking facilities; provided, however, nothing contained in this paragraph shall authorize the acquisition by eminent domain of any lands or rights owned or held by public utility or transportation companies;

(6) to lease all or any part of such parking facilities upon such terms and conditions and for such term of years as it may deem advisable to carry out the provisions of this chapter;

(7) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter, and to employ such engineers, attorneys, accountants, construction and financial experts, superintendents, managers and other employees and agents as it may deem necessary, and to fix their compensation; provided, however, that all such expenses shall be payable solely from funds made available under the provisions of this chapter; and

(8) to do all acts and things necessary or convenient to carry out the powers expressly granted in this chapter.

History.—§3, ch. 26918, 1951.

183.04 Issuance of revenue bonds.—The council of any municipality in the state is

hereby authorized to provide by ordinance, at one time or from time to time, for the issuance of revenue bonds of the municipality for the purpose of paying the cost of any one or more parking facilities. The bonds of each issue shall be dated, shall mature at such time or times not exceeding thirty years from their date or dates, and shall bear interest at such rate or rates not exceeding five per centum per annum, as may be determined by the council, and may be made redeemable before maturity, at the option of the municipality, at such price or prices and under such terms and conditions as may be fixed by the council prior to the issuance of the bonds. The council shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. The bonds may be issued in coupon or registered form or both, as the council may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The council may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the municipality, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

History.—§4, ch. 26918, 1951.

183.05 Issuance of revenue bonds; use of proceeds; issuance of additional bonds.—

(1) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the parking facilities for the construction or reconstruction of which such bonds shall have to be authorized, and shall be disbursed in such manner and under such restrictions, if any, as the council may provide in the

authorizing ordinance. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing ordinance shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose. If the proceeds of the bonds of any issue shall exceed the amount required for the purpose for which such bonds shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds.

(2) The authorizing ordinance may also contain such limitations upon the issuance of additional revenue bonds as the council may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such ordinance.

(3) Prior to the preparation of definitive bonds, the council may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The council may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

(4) Bonds may be issued under the provisions of this chapter without obtaining the consent of any commission, board, bureau or agency of the state or of the municipality, and without any other proceeding or the happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this chapter. Bonds may be issued under the provisions of this chapter beyond the general limits of indebtedness prescribed by law and shall not be included in the amount of bonds which the municipality may be authorized to issue under any other law.

(5) Revenue bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the municipality or a pledge of the faith and credit of the municipality, but such bonds shall be payable solely from the funds herein provided therefor, and a statement to that effect shall be recited on the face of the bonds.

History.—§4, ch. 26918, 1951.

183.06 Rates, rentals, etc., initial schedule; use of revenue.—

(1) The council shall, in the ordinance providing for the issuance of revenue bonds under the provisions of this chapter, fix the initial schedule of rates, rentals, fees and other charges for the use of, and for the services and facilities furnished or to be furnished by, the parking facilities. After any parking facilities shall have been in operation the council may revise such schedule of rates, rentals, fees and charges from time to time. Such rates,

rentals, fees and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the municipality or of the state, and the municipality shall charge and collect the rates, rentals, fees and charges so fixed and revised. Such rates, rentals, fees and charges shall be so fixed and revised as to provide funds sufficient at all times (a) to pay the cost of maintaining, repairing and operating the parking facilities, including reserves for such purpose and for replacements and depreciation, and (b) to pay the principal of and the interest on the revenue bonds as the same become due and reserves therefor.

(2) All revenues derived from any parking facilities for which a single issue of revenue bonds shall have been issued, except such part thereof as may be required to pay the cost of maintenance, repair and operation and to provide reserves therefor as may be provided in the authorizing ordinance, shall be set aside at such regular intervals as may be provided in such ordinance and deposited to the credit of a sinking fund which is hereby pledged to, and charged with, the payment of the interest on such bonds as such interest shall fall due, the principal of such bonds as the same shall fall due, the necessary charges of paying agents for paying principal and interest, and the redemption price or the purchase price of bonds retired by call or purchase. The use and disposition of moneys to the credit of such sinking fund shall be subject to such regulations as may be prescribed in the authorizing ordinance and, except as may otherwise be provided in such ordinance, such sinking fund shall be a fund for the benefit of all bonds without distinction or priority of one over another.

History.—§5, ch. 26918, 1951.

183.07 Parking meters; combining for financing purposes.—The council of any municipality in the state is hereby authorized to install parking meters, or cause the same to be installed, at or near the curbs of the streets within the municipality and to adopt such regulations and impose such charges in connection with any parking meters heretofore or hereafter installed as it may deem advisable. The council is further authorized:

(1) To combine into a single project for financing purposes any two or more of the following:

(a) Any parking facilities financed by revenue bonds issued under the provisions of this chapter,

(b) Any existing parking facilities then owned or operated by the municipality, and

(c) Such parking meters or any portion thereof; and

(2) Subject to the provisions of §183.06(2), to pledge to the payment of such revenue bonds:

(a) The revenues of the parking facilities financed by such bonds,

(b) The revenues of all or any part of such existing parking facilities, and

(c) All or any part of the revenues derived from such parking meters.

History.—§6, ch. 26918, 1951; §1, ch. 59-160.

183.08 Pledge of revenues.—

(1) The ordinance authorizing the issuance of revenue bonds under the provisions of this chapter shall pledge the revenues to be received from the parking facilities financed by such bonds, but shall not convey or mortgage any parking facilities or any part thereof, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the municipality and of the council in relation to the construction, reconstruction, improvement, maintenance, repair, operation and insurance of the parking facilities, any provisions for the custody, safeguarding and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction or operation. Such ordinance may set forth the rights and remedies of the bondholders, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds or debentures of corporations. Such ordinance may contain such other provisions in addition to the foregoing as the council may deem reasonable and proper for the security of bondholders. Except as in this chapter otherwise provided, the council may provide for the payment of the proceeds of the sale of the bonds and the revenues of the parking facilities to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such ordinance may be treated as a part of the cost of operation.

(2) All pledges of revenues under the provisions of this chapter, whether derived from parking facilities or parking meters, shall be valid and binding from the time when such pledge is made; all such revenues so pledged and thereafter received by the municipality shall immediately be subject to the lien of such pledges without any physical delivery thereof or further act, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the municipality, irrespective of whether such parties have notice thereof.

History.—§7, ch. 26918, 1951.

183.09 Trust funds.—All moneys received pursuant to the authority of this chapter shall be deemed to be trust funds, to be held and applied solely as provided in this chapter. The

ordinance authorizing the issuance of bonds shall provide that any officer to whom, or bank, trust company or other fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this chapter and such ordinance may provide.

History.—§8, ch. 26918, 1951.

183.10 Remedies.—Any holder of bonds issued under the provisions of this chapter or of any of the coupons appertaining thereto, except to the extent the rights herein given may be restricted by the authorizing ordinance, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the state or granted hereunder or under such ordinance, and may enforce and compel the performance of all duties required by this chapter or by such ordinance to be performed by the municipality, the council, or any officer of the municipality, including the fixing, charging and collecting of rates, rentals, fees and charges for the services and facilities furnished by the parking facilities.

History.—§9, ch. 26918, 1951.

183.11 Authority to regulate use and operation; reports of operation.—

(1) The ordinance authorizing the issuance of bonds under the provisions of this chapter may contain such regulations with respect to the use and operation of any parking facilities as may be deemed reasonable and proper and such provisions regulating one-way traffic and limiting or prohibiting the parking of motor vehicles on the streets of the municipality as may be deemed for the best interests of the municipality, and such regulations and provisions shall be deemed to constitute a part of the contract between the municipality and the holders of bonds issued under the provisions of this chapter and, except as may be otherwise provided in such ordinance, shall be irrevocable while any of such bonds shall be outstanding and unpaid.

(2) The municipality shall cause to be made at least once each year a report of the operations of the parking facilities, including all matters relating to rates, revenues, expenses of maintenance, repair and operation and all renewals and replacements, principal and interest payments and the status of all funds. Copies of such annual reports shall be filed with the clerk of the municipality and shall be open to the inspection of all interested persons.

History.—§10, ch. 26918, 1951.

183.12 Revenue refunding bonds.—The council is hereby authorized to provide by ordinance for the issuance of revenue refunding bonds of the municipality for the purpose of refunding any revenue bonds then outstanding which shall have been issued under the provi-

sions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the council, for the additional purpose of constructing improvements, extensions or enlargements of the parking facilities in connection with which the bonds to be refunded shall have been issued. The council is further authorized to provide by ordinance for the issuance of revenue bonds of the municipality for the combined purpose of (a) refunding any revenue bonds or revenue refunding bonds then outstanding which shall have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds and (b) paying the cost of any additional parking facilities. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the municipality and the council with respect to the same, shall be governed by the foregoing provisions of this chapter in so far as the same may be applicable.

History.—§11, ch. 26918, 1951.

183.13 Authorizing ordinance. — Notwithstanding the provisions of any other law, either general, special or local, or the provisions of any charter or charter amendment theretofore adopted by such municipality, or the provisions of any ordinance, resolution, by-law, rule or regulation of such municipality, it shall not be necessary to publish any ordinance adopted under the provisions of this chapter either before or after its final passage. The council shall, however, cause to be published once in a newspaper published in the municipality a notice reciting that such ordinance, setting forth its title, has been adopted by the council and that any action or proceeding to contest the validity of such ordinance or any of its provisions must be commenced within thirty days after the publication of such notice. Any action or proceeding in any court to set aside such ordinance or any of its provisions or to obtain any other relief upon the ground that such ordinance is invalid must be commenced within thirty days after the publi-

cation of such notice. After the expiration of such period of limitation, no right of action or defense founded upon the invalidity of such ordinance or any of its provisions shall be asserted, nor shall the validity of such ordinance or any of its provisions be open to question in any court upon any ground whatever, except in an action or proceeding commenced within such period.

History.—§12, ch. 26918, 1951.

183.14 Exemption of property from taxation.—As adequate off-street parking facilities are essential to the health, safety and general welfare of the public, and as the exercise of the powers conferred by this chapter to effect such purposes constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this chapter constitute public property and are used for municipal purposes, no municipality shall be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this chapter, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the state.

History.—§13, ch. 26918, 1951.

183.15 Alternative method.—This chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this chapter need not comply with the requirements of any other law applicable to the issuance of bonds.

History.—§14, ch. 26918, 1951.

183.16 Liberal construction. — The provisions of this chapter, being necessary for the welfare of the municipalities and their inhabitants, shall be liberally construed to effect the purposes thereof.

History.—§15, ch. 26918, 1951.

184.01 **Short title.**—This chapter shall be known and may be cited as the "Sanitary Sewer Financing Act of 1951."

History.—§1, ch. 26919, 1951.

184.02 **Definitions.**—As used in this chapter, the following words and terms shall have the following meanings, unless some other meaning is plainly intended:

(1) The word "municipality" shall mean any city, town or village in the state, whether incorporated by special act of the legislature or under the general laws of the state, which may desire to finance a sewage disposal system or systems or sanitary sewers under the provisions of this chapter.

(2) The word "council" shall mean the city, town or village council or commission or other board or body in which the general legislative powers of the municipality shall be vested.

(3) The term "sewage disposal system" shall mean and shall include any plant, system, facility or property used or useful or having the present capacity for future use in connection with the collection, treatment, purification or disposal of sewage, including industrial wastes resulting from any processes of industry, manufacture, trade or business or from the development of any natural resources, or any integral part thereof, and, without limiting the generality of the foregoing definition, shall embrace treatment plants, pumping stations, intercepting sewers, pressure lines, mains and all necessary appurtenances and equipment, and shall include all property, rights, easements and franchises relating to any such system and deemed necessary or convenient for the operation thereof.

(4) The term "sanitary sewers" or "sewer improvements" shall include all sanitary sewers within the corporate limits of the municipality other than such mains and lines as constitute a part of a sewage disposal system, and shall embrace sewer mains and laterals for the reception of sewage from premises connected therewith and for carrying such sewage to some part of a sewage disposal system.

(5) The word "cost" as applied to a sewage disposal system or to extensions or additions thereto or to sanitary sewers shall include the cost of construction or reconstruction, the cost of all labor, materials, machinery and equip-

ment, the cost of all lands, property, rights, easements and franchises acquired, financing charges, interest prior to and during construction and for one year after completion of construction, cost of plans and specifications, surveys and estimates of cost and of revenues, cost of engineering and legal services, and all other expenses necessary or incident to determining the feasibility or practicability of such construction or reconstruction, administrative expense and such other expenses as may be necessary or incident to the financing herein authorized. Any obligation or expense incurred by the municipality in connection with any of the foregoing items of cost may be regarded as a part of such cost and reimbursed to the municipality out of the proceeds of bonds issued under the provisions of this chapter.

(6) The term "sewer revenue bonds" shall mean special obligations of the municipality which are payable solely from sewer service charges, or from such sewer service charges and additionally secured by a pledge of special assessments or any of the other special funds provided for in this chapter.

(7) The term "general obligation bonds" shall mean general obligations of the municipality which are payable from unlimited ad valorem taxes or from such taxes and additionally secured by a pledge of sewer service charges, special assessments or any of the other special funds provided for in this chapter.

(8) The word "bonds" shall include both sewer revenue bonds and general obligation bonds.

(9) The term "utilities services taxes" shall mean taxes levied and collected on the purchase or sale of utilities services pursuant to §§167-431, et seq., or any other law.

(10) The term "cigarette taxes" shall mean taxes levied and collected on the purchase or sale of cigarettes under the provisions of chapter 210, or any other law.

(11) The term "franchise taxes" shall mean payments to a municipality pursuant to the provisions of a franchise granted to a person, firm or corporation for the furnishing of utilities or other services or facilities in such municipality.

History.—§2, ch. 26919, 1951; (6) and (7) §1, (9)-(11) n. §2, ch. 59-361.

184.03 General grant of powers.—The council of any municipality in the state is hereby authorized and empowered:

(1) to construct, and to improve, extend, enlarge, reconstruct, maintain, equip, repair and operate a sewage disposal system or systems, either within or without or partly within and partly without the corporate limits of the municipality, and to construct or reconstruct sanitary sewers within the corporate limits of the municipality.

(2) to issue either sewer revenue bonds or general obligation bonds of the municipality to pay all or a part of the cost of such construction or reconstruction;

(3) to fix and collect rates, fees and other charges for the services and facilities furnished by any such sewage disposal system or sanitary sewers, and to fix and collect charges for making connections with the sewer system of the municipality;

(4) to acquire in the name of the municipality, either by purchase or the exercise of the right of eminent domain, such lands and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property, as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement or operation of any sewage disposal system or sanitary sewers, and to hold and dispose of all real and personal property under its control;

(5) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter, and to employ such consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and other employees and agents as may, in the judgment of the council, be deemed necessary, and to fix their compensations; provided, however, that all such expenses shall be payable solely from funds made available under the provisions of this chapter.

(6) to exercise jurisdiction, control and supervision over any sewage disposal system or systems and sanitary sewers owned, operated or maintained by the municipality and to make and enforce such rules and regulations for the maintenance and operation of any such sewage disposal system or systems or sewers as may, in the judgment of the council, be necessary or desirable for the efficient operation of any such system or sewers and for accomplishing the purposes of this chapter;

(7) to enter on any lands, water or premises located within or without the municipality to make surveys, borings, soundings or examinations for the purposes of this chapter;

(8) to construct and operate trunk, intercepting or outlet sewers, sewer mains, laterals, conduits or pipelines in, along or under any

streets, alleys, highways or other public places within the state;

(9) subject to such provisions and restrictions as may be set forth in the ordinance or resolution hereinafter mentioned authorizing or securing any bonds issued under the provisions of this chapter, to enter into contracts with the government of the United States or any agency or instrumentality thereof, or with any other municipality, sanitary district, private corporation, co-partnership, association or individual providing for or relating to the treatment and disposal of sewage; and

(10) to receive and accept from any federal agency grants for or in aid of the planning, construction, reconstruction or financing of any sewage disposal system or sanitary sewers, and to receive and accept aid or contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made.

History.—§3, ch. 26919, 1951.

184.04 Construction of sewage disposal systems and sanitary sewers.—

(1) Whenever the council deems it expedient so to do, it may cause to be made a comprehensive report setting forth the type of sewage treatment and estimate of cost and of revenues of each sewage disposal plant or system the construction of which shall be deemed to be desirable and feasible, together with the approximate location thereof, and also setting forth the sanitary sewers, if any, the construction or reconstruction of which is deemed necessary to protect the health of the inhabitants of the municipality, together with the approximate location thereof or of the area to be served thereby, and an estimate of the cost of their construction or reconstruction.

(2) The council may order the construction of such sewage disposal system or systems as it may deem feasible and practicable, and it may also proceed with the construction or reconstruction of such sanitary sewers as it may deem necessary.

(3) All public or private property damaged or destroyed in carrying out the powers granted by this chapter shall be restored or repaired and placed in its original condition, as nearly as practicable, or adequate compensation made therefor, out of funds provided by this chapter.

(4) The state hereby consents to the use of all state lands lying under water which are necessary for the accomplishment of the purposes of this chapter.

History.—§4, ch. 26919, 1951.

184.05 Sanitary sewers; special assessments.—

(1) Any municipality may provide for the construction or reconstruction of sanitary sewers or sewer improvements and for the levying of special assessments upon benefited prop-

erty under the provisions of this section. The initial proceeding hereunder shall be the passage at any lawful meeting of the council of a resolution ordering the construction or reconstruction of such sewer improvements under and subject to the provisions of this section, indicating the location by terminal points and route and either giving a description of the improvements by its material, nature, character and size or giving two or more such descriptions with the direction that the material, nature, character and size shall be subsequently determined in conformity with one of such descriptions. Sewer improvements need not be continuous and may be in more than one locality or street. The resolution ordering any such improvement may give any short and convenient designation to each improvement ordered thereby, and the property against which assessments are to be made for the cost of such improvement shall be designated as a district, followed by a letter or number or name to distinguish it from other districts, after which it shall be sufficient to refer to such improvement and property by such designation in all proceedings and assessments, except in the notices provided by subsections (3) and (4) of this section.

(2) As soon as may be after the passage of such resolution the engineer for the municipality shall prepare in duplicate plans and specifications of each improvement ordered thereby and an estimate of the cost thereof. Such cost may include, in addition to the items of cost set forth in subsection (5) of §184.02, the cost of re-laying streets and sidewalks necessarily torn up or damaged and shall include the following items of incidental expense:

(a) printing and publishing of notices and proceedings, cost of abstracts of title, and

(b) any other expense necessary or proper in conducting the proceedings and work provided for in this section.

If the resolution shall provide alternative descriptions of material, nature, character and size, such estimate shall include an estimate of the cost of the improvement of each such description.

The engineer shall also prepare in duplicate a tentative apportionment of the estimated cost as between the municipality and each lot or parcel of land subject to special assessment under the resolution, such apportionment to be made in accordance with the provisions of the resolution and the provisions of subsection (7) of this section in relation to apportionment of cost in the preliminary assessment roll. Such tentative apportionment of estimated cost shall not be held to limit or restrict the duties of the engineer in the preparation of such preliminary assessment roll. One of the duplicates of such plans, specifications and estimate and such tentative apportionment shall be filed with the clerk of the municipality and the

other duplicate shall be retained by the engineer in his files, all thereof to remain open to public inspection.

(3) The clerk of the municipality upon the filing with him of such plans, specifications, estimate and tentative apportionment of cost shall publish once in a newspaper published in the municipality a notice stating that at a regular meeting of the council on a certain day and hour, not earlier than ten days from such publication, the council will hear objections of all interested persons to the confirmation of such resolution, which notice shall state in brief and general terms a description of the proposed improvement with the location thereof, and shall also state that plans, specifications, estimate and tentative apportionment of cost thereof are on file in the office of such clerk. The clerk shall keep a record in which shall be inscribed, at the request of any person, firm or corporation having or claiming to have an interest in any lot or parcel of land, the name and post office address of such person, firm or corporation, together with a brief description or designation of such lot or parcel, and it shall be the duty of the clerk to mail a copy of such notice to such person, firm or corporation at such address, at least ten days before the time for the hearing as stated in such notice, but the failure of the clerk to keep such record or so to inscribe any name or address or to mail any such notice shall not constitute a valid objection to holding the hearing as provided in this section or to any other action taken under the authority of this section.

(4) At the time named in such notice, or to which an adjournment may be taken by the council, the council shall receive any objections of interested persons and may then or thereafter repeal or confirm such resolution with such amendments, if any, as may be desired by the council and which do not cause any additional property to be specially assessed.

(5) All objections to any such resolution on the ground that it contains items which cannot be properly assessed against property, or that it is, for any default or defect in the passage or character of the resolution or the plans or specifications or estimate, void or voidable in whole or in part, or that it exceeds the power of the council, shall be made in writing, in person or by attorney, and filed with the clerk at or before the time or adjourned time of such hearing. Any objections against the making of a sewer improvement not so made shall be considered as waived, and if an objection shall be made and overruled or shall not be sustained, the confirmation of the resolution shall be the final adjudication of the issues presented unless proper steps shall be taken in a court of competent jurisdiction to secure relief within ten days.

(6) As soon as practicable after the authorization of bonds under the provisions of this chapter or the appropriation of moneys

for such purposes, the clerk shall publish once, in a newspaper published in the municipality, and, if the estimated cost exceeds ten thousand dollars, in a newspaper of general circulation in the state, a notice calling for sealed bids to be received by the council on a date not earlier than fifteen days from the first publication, for the construction of the work, unless in the initial resolution the council shall have declared its intention to have the work done by municipal forces without contract. The notice shall refer in general terms to the extent and nature of the sewer improvement or improvements and may identify the same by the short designation indicated in the initial resolution and by reference to the plans and specifications on file. If the initial resolution shall have given two or more alternative descriptions of the improvement as to its material, nature, character and size, and if the council shall not have theretofore determined upon a definite description, the notice shall call for bids upon each of such descriptions. Bids may be requested for the work as a whole or for any part thereof separately and bids may be asked for any one or more improvements authorized by the same or different resolutions, but any bid covering work upon more than one improvement shall be in such form as to permit a separation of cost as to each improvement. The notice shall require bidders to file with their bids either a certified check upon an incorporated bank or trust company for two and one-half per cent of the amount of their respective bids or a bid bond in like amount with corporate surety satisfactory to the attorney for the municipality to insure the execution of a contract to carry out the work in accordance with such plans and specifications and to insure the filing, at the making of such contract, of a bond in the amount of the contract price with corporate sureties satisfactory to such attorney conditioned for the performance of the work in accordance with such contract. The council shall have the right to reject any or all bids, and if all bids are rejected the council may readvertise or may determine to do the work by municipal forces without contract.

(7) Promptly after the completion of the work, the engineer for the municipality shall prepare a preliminary assessment roll and file same with the clerk, which roll shall contain the following:

(a) A description of the lots and parcels of land within the district, which shall include all lots and parcels which abut upon the sides of that part of any street in which a sanitary sewer, except a curb sewer, is to be constructed or reconstructed, all lots and parcels which abut upon the side or sides of any street in or along which side or sides a sanitary curb sewer shall have been constructed or reconstructed, and all lots and parcels which are served or are to be served by such sanitary sewer. Such lots and parcels shall include all

property, whether publicly or privately owned. There may also be given, in the discretion of the engineer, the name of the owner of record of each lot or parcel, where practicable, and in all cases there shall be given a statement of the number of feet of property so abutting, which number of feet shall be known as frontage.

(b) The total cost of the improvement, and the amount of incidental expense.

(c) An apportionment as between the municipality and property of the cost of each improvement, including incidental expense, to be computed as follows:

1. To each lot or parcel of land, to the property or curb line of which a sanitary sewer lateral shall have been laid, shall be apportioned the cost of that lateral.

2. To abutting property shall be apportioned according to frontage two-thirds or such larger proportion as may be fixed by the resolution ordering the improvement of either (a) the cost of the sewer improvement or (b) the cost of an eight inch sanitary sewer as estimated by the engineer (whichever be the lesser), not including therein the cost of laterals, pumping station or outlet, and

3. To the municipality shall be apportioned the remaining cost of the sewer improvement; provided, however, that in the case of lots or parcels which abut on more than one street or which have irregular shapes or unusual depths or which are served or are to be served by such sewer improvement although not abutting upon either side of the street in which such sewer improvement is constructed, the apportionment shall be made under such rules and regulations as the council shall deem to be fair and equitable.

(8) The preliminary roll shall be advisory only and shall be subject to the action of the council as hereinafter provided. Upon the filing with the clerk of the preliminary assessment roll, the clerk shall publish once in a newspaper published in the municipality a notice stating that at a meeting of the council to be held on a certain day and hour, not less than twelve days from the date of such publication, which meeting may be a regular, adjourned or special meeting, all interested persons may appear and file written objections to the confirmation of such roll. Such notice shall state the class of the improvement and the location thereof by terminal points and route. Such meeting of the council shall be the first regular meeting following the completion of the notice hereinabove required, unless the council shall have provided for a special meeting for such purpose.

(9) At the time and place stated in such notice the council shall meet and receive the objections in writing of all interested persons as stated in such notice. The council may adjourn the hearing from time to time. After the completion thereof the council shall either

annul or sustain or modify in whole or in part the prima facie assessment as indicated on such roll, either by confirming the prima facie assessment against any or all lots or parcels described therein, or by cancelling, increasing or reducing the same, according to the special benefits which the council decides each such lot or parcel has received or will receive on account of such improvement. If any property which may be chargeable under this Section shall have been omitted from the preliminary roll or if the prima facie assessment shall not have been made against it, the council may place on such roll an apportionment to such property. The council shall not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. Forthwith after such confirmation such assessment roll shall be delivered to the treasurer of the municipality. The assessments so made shall be final and conclusive as to each lot or parcel assessed unless proper steps be taken within ten days in a court of competent jurisdiction to secure relief. If the assessment against any property shall be sustained or reduced or abated by the court, the treasurer of the municipality shall note that fact on the assessment roll opposite the description of the property affected thereby. The amount of the special assessment against any lot or parcel which may be abated by the court, unless the assessment upon the entire district is abated, or the amount by which such assessment is so reduced, may by resolution of the council be made chargeable against the municipality at large; or, in the discretion of the council, a new assessment roll may be prepared and confirmed in the manner hereinabove provided for the preparation and confirmation of the original assessment roll.

(10) Any assessment may be paid at the office of the treasurer of the municipality within thirty days after the confirmation thereof, without interest. Thereafter all assessments shall be payable in equal annual installments, with interest at six per cent per annum from the expiration of said thirty days in each of the succeeding twenty calendar years at the time or times in each year at which general municipal taxes are payable; provided, however, that the council may by resolution fix a shorter period of payment for any assessment; and provided further, that any assessment may be paid at any time before due, together with interest accrued thereon to the date of payment.

(11) All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the resolution ordering the improvement, of the same nature and to the same extent as the lien for general municipal taxes falling due in the same year or years in which such assessment or installments thereof fall due, and any assessment or installment not paid when due shall be collectible

in the same manner and at the same time as such general taxes are or may be collectible, with the same attorney's fee, interest and penalties and under the same provisions as to forfeiture and the right of the municipality to purchase the property assessed as are or may be provided by law in the case of municipal taxes; provided, however, that no such sale of any property for general municipal taxes or for an installment or installments of any such assessment and no perfecting of title under any such sale shall divest the lien of any installment of such assessment not due at the time of the sale. Collection of such assessments, with such interest and with a reasonable attorney's fee and costs, but without penalties, may also be made by the municipality by proceedings in a court of equity to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the state; or by an action in rem in the manner provided by law for the foreclosure and collection of ad valorem taxes; provided that any such proceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall, by virtue of the institution of such proceedings, immediately become and be due and payable. Nevertheless if, prior to any sale of the property under decree of foreclosure in such proceedings, payment be made of the installment or installments which are shown to be due under the provisions of the resolution passed pursuant to subsection (10) of this section, with interest as required by said subsection (10) and by this subsection (11) and all costs including attorney's fee, such payment shall have the effect of restoring the remaining installments to their original maturities as provided by the resolution passed pursuant to said subsection (10), and the proceedings shall be dismissed. It shall be the duty of the municipality to enforce the prompt collection of assessments by one or the other of the means herein provided, and such duty may be enforced at the suit of any holder of bonds issued under this chapter in a court of competent jurisdiction by mandamus or other appropriate proceedings or action. Not later than thirty days after the annual sale of property for delinquent taxes of the municipality, or if such property or taxes are not sold by the municipality, then within sixty days after such taxes become delinquent, it shall be the duty of the council to direct the attorney or attorneys whom the council shall then designate, to institute actions within three months after such direction to enforce the collection of all special assessments for local improvements made under this section and remaining due and unpaid at the time of such direction (unless theretofore sold at tax sale). Such action shall be prosecuted in the manner and under the conditions in and under which mortgages are foreclosed under the laws of the state. It shall be lawful to join in one action the collection

of assessments against any or all property assessed by virtue of the same assessment roll unless the court shall deem such joinder prejudicial to the interests of any defendant. The court shall allow a reasonable attorney's fee for the attorney or attorneys of the municipality, and the same shall be collectible as a part of or in addition to the costs of the action. At any sale pursuant to decree in any such action, the municipality may be a purchaser to the same extent as an individual person or corporation, except that the part of the purchase price represented by the assessments sued upon and the interest thereon need not be paid in cash. Property so acquired by a municipality, including the certificate of sale thereof, may be sold or otherwise disposed of, for cash or upon terms, the proceeds of such disposition to be placed in the fund provided by subsection (12) of this section; provided, however, that no sale or other disposition thereof shall be made unless notice calling for bids therefor to be received at a stated time and place shall have been published in a newspaper published in the municipality one time at least one week prior to such disposition.

(12) All assessments and charges made under the provisions of this section for the payment of all or any part of the cost of any sewer improvement or improvements for which bonds shall have been issued under the provisions of this chapter, are hereby pledged to the payment of the principal of and the interest on such bonds and shall when collected be placed in a separate fund, properly designated, which fund shall be used for no other purpose than the payment of such principal and interest.

(13) The county in which the municipality is located and each school district and other political subdivision wholly or partly within the municipality and each public agency or instrumentality owning property within the municipality shall possess the same power and be subject to the same duties and liabilities in respect of assessment under this section affecting the real estate of such county, district, political subdivision, or public agency or instrumentality which private owners of real estate possess or are subject to hereunder, and such real estate shall be subject to liens for said assessments in all cases where the same property would be subject had it at the time the lien attached been owned by a private owner.

History.—§5, ch. 26919, 1951.

184.06 Issuance of bonds.—(1) The council is hereby authorized to provide by ordinance or resolution, at one time or from time to time, for the issuance of either sewer revenue bonds or general obligation bonds, or both, of the municipality for the purpose of paying all or a part of the cost of any one or more of the following: (a) a sewage disposal system or systems, (b) extensions and additions thereto, and

(c) sewer improvements. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six per cent per annum, shall mature at such time or times, not exceeding forty years from their date or dates, as may be determined by the council, and may be made redeemable before maturity, at the option of the municipality, at such price or prices and under such terms and conditions as may be fixed by the council prior to the issuance of the bonds. The council shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds and coupons, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments laws of the state. The bonds may be issued in coupon or in registered form, or both, as the council may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The issuance of such bonds shall not be subject to any limitations or conditions contained in any other law, and the council may sell such bonds in such manner and for such price, as it may determine to be for the best interest of the municipality, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per cent per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computations the amount of any premium to be paid on redemption of any bonds prior to maturity. Prior to the preparation of definitive bonds, the municipality may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The council may also provide for the replacement of any bonds which shall be mutilated or be destroyed or lost.

(2) Bonds may be issued under the provisions of this chapter without obtaining the consent of any commission, board, bureau or agency of the state, and without any other proceeding or the happening of any other condition or thing than those proceedings, condi-

tions or things which are specifically required by this chapter. Bonds may be issued under the provisions of this chapter beyond the general limits of indebtedness prescribed by law and shall not be included in the amount of bonds which the municipality may be authorized to issue under any other law.

(3) The proceeds of such bonds shall be used solely for the payment of the cost of the sewage disposal system or systems or the sewer improvements for the construction or reconstruction of which such bonds shall have been authorized, and shall be disbursed in such manner and under such restrictions, if any, as the council may provide in the authorizing ordinance or resolution. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing ordinance or resolution, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose. If the proceeds of the bonds of any issue shall exceed the amount required for the purpose for which such bonds shall have been issued, the surplus shall be paid into the fund provided under the provisions of this chapter for the payment of the principal of and the interest on such bonds.

History.—§6, ch. 26919, 1951; (1) §3, ch. 59-361.

184.07 General obligation bonds.—

(1) No general obligation bonds shall be issued by any municipality unless the issuance of such bonds shall have been approved at an election as required by the constitution of the state. Such election shall be called, noticed and conducted and the result thereof determined and declared in the manner required by law for the issuance of bonds of the municipality.

(2) For the payment of the principal of and the interest on any general obligation bonds of the municipality issued under the provisions of this chapter, the council is hereby authorized and required to levy annually a special tax upon all taxable property within the municipality over and above all other taxes authorized or limited by law sufficient to pay such principal and interest as the same respectively become due and payable, and the proceeds of all such taxes shall when collected be paid into a special fund and used for no other purpose than the payment of such principal and interest; provided, however, that there may be pledged to the payment of such principal and interest the proceeds of sewer service charges or special assessments, or any of the other special funds provided herein, or any combination thereof, and in the event of

such pledge the amount of the annual tax levy herein required may be reduced in any year by the amount of such proceeds actually received from the preceding year and applied to or then held for the payment of such principal and interest.

History.—§7, ch. 26919, 1951; (2) §4, ch. 59-361.

184.08 Sewer revenue bonds.—

(1) Sewer revenue bonds issued under the provisions of this chapter shall not be deemed to constitute a pledge of the faith and credit of the municipality, but such bonds shall be payable solely from the funds provided therefor under the provisions of this chapter. All such bonds shall contain a statement on their face substantially to the effect that the municipality is not obligated to pay such bonds or the interest thereon except from such funds and that the faith and credit of the municipality are not pledged to the payment of the principal of or the interest on such bonds. The issuance of sewer revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the municipality to levy any ad valorem taxes whatever therefor or to make any appropriations for their payment except from the funds pledged under the provisions of this chapter.

(2) The ordinance or resolution authorizing the issuance of sewer revenue bonds under the provisions of this chapter shall pledge the revenues to be received, but shall not convey or mortgage any sewage disposal system or sewer improvements or any part thereof, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the municipality and of the council in relation to the construction, reconstruction, improvement, maintenance, operation, repair and insurance of the sewage disposal system or systems, and the sewer improvements, if any, and provisions for the custody, safeguarding and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction or operation. Such ordinance or resolution may set forth the rights and remedies of the bondholders, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds or debentures of corporations. In addition to the foregoing, such ordinance or resolution may contain such other provisions as the council may deem reasonable and proper for the security of bondholders. Except as in this chapter otherwise provided, the council may provide for the payment of the proceeds of the sale of the bonds and the revenues of the sewage disposal system or systems and of any sewer improvements to such officer, board or depositary as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and

restrictions as it may determine. All expenses incurred in carrying out the provisions of such ordinance or resolution may be treated as a part of the cost of operation.

(3) If so provided in the ordinance or resolution authorizing the issuance of any sewer revenue bonds under the provisions of this chapter, the annual installment of any unpaid special assessment levied under the provisions of §184.05 and the interest thereon may be included in the first bill which may be rendered by the municipality after such installment shall become due and payable for water supplied to the premises for which such special assessment shall have been levied, and if the amount so included shall not be paid within thirty days from the rendition of such bill, the municipality shall, if so provided in such ordinance or resolution, discontinue supplying water to such premises and disconnect the same from the waterworks system of the municipality. In case any of the proceeds of sewer revenue bonds issued under the provisions of this chapter shall be applied to the payment of all or a part of the cost of constructing or reconstructing any such sewer improvements, such special assessments and the proceeds of the collection thereof shall be pledged to the payment of the principal of and the interest on such sewer revenue bonds or any sewer revenue refunding bonds which may be issued to refund such bonds.

(4) The ordinance or resolution providing for the issuance of sewer revenue bonds may also contain such limitations upon the issuance of additional sewer revenue bonds as the council may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such ordinance or resolution.

(5) No sewer revenue bonds shall be issued under the authority of this chapter unless the council shall have theretofore found and determined (a) the estimated cost of the sewage disposal system or systems and of the sewer improvements, if any, on account of which such bonds are to be issued, (b) the estimated annual revenues of such sewage disposal system or systems, and of such sewer improvements and other special funds, if any, pledged for the payment of the principal of and interest on such sewer revenue bonds, and (c) the estimated annual cost of maintaining, repairing and operating such system or systems, nor unless it shall appear from such estimates that the annual revenues, together with the other special funds to be pledged for the payment of the principal of and interest on said bonds, will be sufficient to pay such cost of maintenance, repair and operation and the interest on such bonds and the principal thereof as such interest and principal shall become due.

(6) If the approval of the issuance of sewer revenue bonds at an election shall be required by the constitution of the state, such election shall be called, noticed and conducted, and the

result thereof determined and declared in the manner required by law for the issuance of bonds of the municipality; but if an election be not required by the constitution and nevertheless be held, it may be called, noticed and conducted, and the result thereof determined and declared, in such manner as the council may provide by resolution.

History.—§8, ch. 26919, 1951; (1), (5) §5, ch. 59-361.

184.09 Sewer service charges; revenues.—

(1) (a) The council shall, in the ordinance or resolution providing for the issuance of sewer revenue bonds, fix the initial schedule of rates, fees and other charges for the use of, and for the services and facilities furnished or to be furnished by, the sewage disposal system or systems, to be paid by the owner, tenant or occupant of each lot or parcel of land which may be connected with or use any such sewage disposal system or systems by or through any part of the sewer system of the municipality. After the system or systems shall have been in operation the council may revise such schedule of rates, fees and charges from time to time. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (a) to pay the cost of maintaining, repairing and operating the system or systems, including reserves for such purpose and for replacements and depreciation and necessary extensions, (b) to pay the principal of and the interest on the sewer revenue bonds as the same shall become due and reserves therefor, and (c) to provide a margin of safety for making such payments. The municipality shall charge and collect the rates, fees and charges so fixed or revised, and such rates, fees and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the municipality or of the state or of any sanitary district or other political subdivision of the state.

(b) Such rates, fees and charges shall be just and equitable, and may be based or computed either upon the quantity of water supplied or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewer system or upon the number or average number of persons residing or working in or otherwise connected with such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors.

(c) Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than the water system of the municipality may be determined by gauging or metering or in any other manner approved by the council.

(d) In cases where the character of the

sewage from any manufacturing or industrial plant, building or premises is such that it imposes an unreasonable burden upon any sewage disposal system, an additional charge may be made therefor, or the council may, if it deems it advisable, compel such manufacturing or industrial plant, building or premises to treat such sewage in such manner as shall be specified by the council before discharging such sewage into any sewer lines owned or maintained by the municipality.

(2) In lieu of or in addition to levying special assessments upon benefited property on account of the construction or reconstruction of sewer improvements under the provisions of §184.05, the municipality may charge and collect such rates, fees and charges for the services and facilities furnished or to be furnished by such sewer improvements to premises connected therewith as may be just and equitable, taking into account the total amount of bonds authorized for such sewer improvements and the amount of such special assessments, if any.

(3) No rates, fees or charges shall be fixed under the foregoing provisions of this section until after a public hearing at which all of the users of the sewage disposal system or systems and owners, tenants or occupants of property served or to be served thereby and all others interested shall have an opportunity to be heard concerning the proposed rates, fees and charges. After the adoption by the council of a resolution setting forth the preliminary schedule or schedules fixing and classifying such rates, fees and charges, notice of such public hearing, setting forth the proposed schedule or schedules of rates, fees and charges, shall be given by one publication in a newspaper published in the municipality at least ten days before the date fixed in such notice for the hearing, which may be adjourned from time to time. After such hearing such preliminary schedule or schedules, either as originally adopted or as modified or amended, shall be adopted and put into effect, and thereupon the ordinance or resolution providing for the issuance of sewer revenue bonds may be finally adopted. A copy of the schedule or schedules of such rates, fees and charges finally fixed in such ordinance or resolution shall be kept on file in the office of the clerk of the municipality and shall be open to inspection by all parties interested. The rates, fees or charges so fixed for any class of users or property served shall be extended to cover any additional properties thereafter served which fall within the same class, without the necessity of any hearing or notice. Any change or revision of such rates, fees or charges may be made in the same manner as such rates, fees or charges were originally established as hereinabove provided, but if such change or revision be made substantially pro rata as to all classes of service no hearing or notice shall be required.

History.—§9, ch. 26919, 1951.

184.10 Collection of charges.—

(1) Upon the construction of a sewage disposal system and the financing of such construction by the issuance of sewer revenue bonds under the provisions of this chapter the owner, tenant or occupant of each lot or parcel of land within the municipality which abuts upon a street or other public way containing a sanitary sewer served or which may be served by such sewage disposal system and upon which lot or parcel a building shall have been constructed for residential, commercial or industrial use, shall, if so required by the rules and regulations of the council or by ordinance, connect such building with such sanitary sewer, and shall cease to use any other method for the disposal of sewage, sewage waste or other polluting matter. All such connections shall be made in accordance with rules and regulations which shall be adopted from time to time by the council, which rules and regulations may provide for a charge for making any such connection in such reasonable amount as the council may fix and establish.

(2) The council may provide in the ordinance or resolution authorizing the issuance of sewer revenue bonds under the provisions of this chapter that the charges for the services and facilities furnished by any sewage disposal system or sewer improvements constructed or reconstructed by the municipality under the provisions of this chapter shall be included in bills rendered for water supplied to the premises, and that if the amount of such charges so included shall not be paid within thirty days from the rendition of any such bill, the municipality shall discontinue supplying water to such premises and shall disconnect the same from the waterworks system of the municipality. Any such ordinance or resolution may include any or all of the following provisions, and may require the council to adopt such ordinances or resolutions or take such other lawful action as shall be necessary to effectuate such provisions, and the council is hereby authorized to adopt such ordinances or resolutions and to take such other action:

(a) That the municipality may require the owner, tenant or occupant of each lot or parcel of land within the municipality who is obligated to pay the rates, fees or charges for the services and facilities furnished by any sewage disposal system or sewer improvements constructed or reconstructed by the municipality under the provisions of this chapter to make a reasonable deposit with the municipality in advance to insure the payment of such rates, fees or charges and to be subject to application to the payment thereof if and when delinquent.

(b) That if any rates, fees or charges for the services and facilities furnished by any sewage disposal system or sewer improvements constructed or reconstructed by the municipality under the provisions of this chapter or any installment of special assessments levied

on account of the construction or reconstruction of any sewer improvements hereunder, shall not be paid within thirty days after the same shall become due and payable, the municipality may at the expiration of such thirty day period disconnect the premises from the sewer system, and the municipality may proceed to recover the amount of any such delinquent rates, fees or charges or installments of special assessments, with interest, in the action of assumpsit.

(c) That if any installment of special assessments levied on account of the construction or reconstruction of any sewer improvements under the provisions of this chapter shall not be paid within thirty days after the same shall become due and payable, and such sewer improvements provide sewer facilities for premises served by the waterworks system of the municipality, the municipality at the expiration of such thirty day period shall discontinue supplying water to such premises and shall disconnect the same from the waterworks system of the municipality.

(d) That if any rates, fees or charges for the use and services of any sewage disposal system or sewer improvements by or in connection with any premises not served by the waterworks system of the municipality, or any installment of special assessments levied on account of the construction or reconstruction of any such sewer improvements, shall not be paid within thirty days after the same shall become due and payable, the owner, tenant or occupant of such premises shall cease to dispose of sewage or industrial wastes originating from or on such premises by discharge thereof directly or indirectly into the sewer system of the municipality until such rates, fees or charges or installment of special assessments, with interest, shall be paid; that if such owner, tenant or occupant shall not cease such disposal at the expiration of such thirty day period it shall be the duty of any public or private corporation, board, body or person supplying water to or selling water for use on such premises within five days after the receipt of notice of such delinquency from the municipality; and that if such public or private corporation, board, body or person shall not, at the expiration of such five day period, cease supplying water to or selling water for use on such premises, then the municipality may, unless it has theretofore contracted to the contrary, shut off the supply of water to such premises.

(e) That the municipality shall have power to enter into valid and legally binding contracts with any person, public or private corporation, board or other body supplying water to any premises served by the sewer system or facilities of the municipality for the shutting off and discontinuing of the supply of water to such premises as long as any charges for the sewer service or facilities of the municipality are unpaid, under such terms and con-

ditions as shall be mutually agreed upon, including provisions for the billing and collecting of the sewer charges of the municipality by the owners of the water facilities at the same time water charges are billed and collected by such owners of the water facilities.

History.—§10, ch. 26919, 1951; (2) (e) n. §6, ch. 59-361.

184.11 Application of revenues. — (1) All revenues derived from any sewage disposal system or systems or sewer improvements for which a single issue of sewer revenue bonds shall be issued, except such part thereof as may be required to pay the cost of maintaining, repairing and operating such system or systems and to provide reserves therefor as may be provided in the ordinance or resolution authorizing the issuance of such sewer revenue bonds, and the proceeds of all special assessments pledged to the payment of the principal of and the interest on such sewer revenue bonds, shall be set aside at such regular intervals as may be provided in such ordinance or resolution and deposited for the credit of the following separate funds for the following purposes:

(a) a sinking fund for the payment of the interest on and the principal of such sewer revenue bonds as the same shall become due, and any premium upon bonds retired by call or purchase before their maturity or respective maturities, including the accumulation of a reserve for such purpose; and

(b) a fund for anticipated renewals and replacements and extraordinary repairs.

(2) The use and disposition of moneys to the credit of such sinking fund shall be subject to such regulations as may be provided in the ordinance or resolution authorizing the issuance of the sewer revenue bonds and, except as may otherwise be provided in such ordinance or resolution, such sinking fund shall be a fund for the benefit of all bonds without distinction or priority of one over another.

(3) The council shall cause to be made at least once each year a comprehensive report of the operations of the sewage disposal system or systems and sanitary sewers, if any, including all matters relating to rates, revenues, proceeds of any special assessments, expenses of maintenance, repair and operation and of renewals and replacements, principal and interest requirements and the status of all funds. Copies of such annual report shall be filed with the treasurer of the municipality, and shall be open to the inspection of all interested persons.

History.—§11, ch. 26919, 1951.

184.12 Trust funds. — All moneys received pursuant to the authority of this chapter shall be deemed to be trust funds, to be held and applied solely as provided in this chapter. The ordinance or resolution authorizing the issuance of bonds shall provide that any officer to whom, or any bank, trust company or

other fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this chapter and such ordinance or resolution may provide.

History.—§12, ch. 26919, 1951.

184.13 Remedies.—Any holder of bonds issued under the provisions of this chapter or of any of the coupons appertaining thereto, except to the extent the rights herein given may be restricted by the ordinance or resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, mandamus or other proceeding, protect and enforce any and all rights under the laws of the state or granted hereunder or under such ordinance or resolution, and may enforce and compel the performance of all duties required by this chapter or by such ordinance or resolution to be performed by the municipality or by the council or by any officer thereof, including the fixing, charging and collecting of rates, fees and charges for the services and facilities furnished by the sewage disposal system or systems and any sewer improvements and the levying and collecting of any special assessments.

History.—§13, ch. 26919, 1951.

184.14 Pledge of surplus water revenues.—The council is hereby authorized and empowered to pledge all or any part of the revenues of the waterworks system of the municipality, subject to all prior pledges of such revenues, to the payment of the costs of maintaining, repairing and operating any sewage disposal system or systems for the construction of which sewer revenue bonds shall have been issued under the provisions of this chapter, or to the payment of the principal of and the interest on such sewer revenue bonds.

History.—§14, ch. 26919, 1951.

184.15 Sewer revenue refunding bonds.—The council is hereby authorized to provide by ordinance or resolution for the issuance of sewer revenue refunding bonds of the municipality for the purpose of refunding any sewer revenue bonds then outstanding and issued under the provisions of this chapter. The council is further authorized to provide by ordinance or resolution for the issuance of sewer revenue bonds of the municipality for the combined purpose of (a) paying the cost of any extension, addition or reconstruction of a sewage disposal system or systems or sanitary sewers or the cost of a new sewage disposal system or systems or sanitary sewers, and (b) refunding sewer revenue bonds of the municipality which shall theretofore have been issued under the provisions of this chapter and shall then be outstanding and which shall then have matured or be subject to redemption or can be acquired for retirement. The issuance of such bonds, the maturities and other

details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the municipality and of the council with respect to the same, shall be governed by the foregoing provisions of this chapter in so far as the same may be applicable.

History.—§15, ch. 26919, 1951.

184.16 Combination of water and sewer systems.—The council is hereby authorized and empowered to combine the waterworks and sewer systems of the municipality for financing purposes, and to issue water and sewer revenue bonds of the municipality, at one time or from time to time, for the combined purposes of (a) refunding any water revenue bonds or certificates of the municipality which shall then be outstanding and for the payment of which any part of the revenues of the waterworks system shall be pledged or for such purpose and for constructing any extensions, additions, renewals or replacements of such system, and (b) any one or more of the purposes specified in §184.06. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the municipality and of the council with respect thereto, shall be governed by the foregoing provisions of this chapter in so far as the same may be applicable; provided, however, that it shall not be necessary to hold any public hearing upon the rates charged for water furnished by the waterworks system of the municipality, and the rates charged for water shall be so fixed and revised as to provide funds sufficient at all times to pay the cost of maintaining, repairing and operating the waterworks system, including reserves for such purpose and for replacements and depreciation, and to pay the principal of and the interest on that amount of such bonds as shall be issued on account of such waterworks system.

History.—§16, ch. 26919, 1951.

184.17 Exemption of property from taxation.—As proper facilities for the collection, treatment, purification and disposal of sewage are essential for the health of the inhabitants of the municipality and for its industrial and commercial development, and as the exercise of the powers conferred by this chapter to effect such purposes constitutes the performance of essential municipal functions, and as the sewer system of the municipality, including any sewage disposal system or systems constructed under the provisions of this chapter, constitutes public property and is used for municipal purposes, the municipality shall not be required to pay any taxes or assessments upon any such sewage disposal system or any part thereof, whether located within or without the territorial boundaries of the municipality.

History.—§17, ch. 26919, 1951.

184.18 Alternative method.—This chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing. This chapter being necessary for the welfare of the inhabitants of the municipalities in the state, shall be liberally construed to effect the purposes thereof.

History.—§18, ch. 26919, 1951.

184.191 Chapter applicable to all counties.—This chapter shall apply to all municipalities in all counties in the state.

History.—§7, ch. 59-361.

184.20 Publication of notice.—If no newspaper is published in a municipality acting under the terms and provisions of this chapter, the requirements herein contained for the publication of any and all notice or notices shall be complied with if said publication is made for the required time or times in a newspaper published in the county in which said municipality is located, and if no newspaper is published in either said municipality or said county, then said publication of said notice or notices shall be had by posting same at the city hall or at the regular meeting place of the governing body of said municipality if said municipality has no city hall.

History.—§21, ch. 26919, 1951.

184.21 Additional pledge of excise taxes.—Any municipality may pledge the proceeds of utilities services taxes, cigarette taxes, or franchise taxes, as defined herein, or any other excise taxes or other funds which such municipality is authorized to levy and collect or will have available, as additional security for the payment of the principal of and interest on any revenue bonds or general obligation bonds issued hereunder, or for reserves for such debt service. In the event of the pledge of such

utilities services taxes, cigarette taxes, franchise taxes, or other excise taxes as provided herein, such pledge shall be and constitute a valid and legally binding contract between the municipality and the holders of such revenue bonds or general obligation bonds, as the case may be, and the municipality shall be obligated to continue the levy and collection of such utilities services taxes, cigarette taxes, franchise taxes, or other excise taxes in accordance with the proceedings which authorize the issuance of the revenue bonds or general obligation bonds for which such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes are so pledged as additional security as long as any of said revenue bonds or general obligation bonds are outstanding and unpaid. It shall be the mandatory duty of the municipality, when it has so pledged any utilities services taxes, cigarette taxes, franchise taxes or other excise taxes as additional security for such revenue bonds or general obligation bonds, to continue the levy and collection of such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes in the manner provided in the proceedings authorizing the issuance of the bonds for which the same are pledged, and to raise the rates of such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes to the maximum rates permitted by the statutes or franchises in effect at the time of the authorization of such bonds to the full extent necessary to comply with such proceedings authorizing the issuance of such bonds. The state does hereby covenant with the holders of such bonds that it will not repeal or impair, or amend in any manner which will materially and adversely affect the rights of such holders, the duty and obligation and power of the municipality to levy and collect such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes in accordance with the proceedings authorizing the issuance of such bonds.

185.01 Legislative declaration.—It is hereby found and declared by the legislature that police officers as hereinafter defined perform both state and municipal functions; that they make arrests for violations of state traffic laws on public highways; that they keep the public peace; that they conserve both life and property and that their activities are vital to public welfare of this state. Therefore the legislature declares that it is a proper and legitimate state purpose to provide a uniform retirement system for the benefit of police officers as hereinafter defined.

History.—§1, ch. 28230, 1953.

185.02 Definitions.— The following words and phrases as used in this chapter shall have the following meanings, unless a different meaning is plainly required by the context:

(1) "Police officer" means full-time police officers who receive compensation from municipal funds of any incorporated municipality of the state for services rendered.

(2) "Average final compensation" means the average cash compensation of a police officer during his last ten years of contributing service.

(3) "Salary" means the total cash remuneration paid to a police officer for services rendered.

(4) "Casualty insurance" means automobile public liability and property damage insurance to be applied at the place of residence of the owner, or if the subject is a commercial vehicle, to be applied at the place of business of

the owner; automobile collision insurance; fidelity bonds; burglary and theft insurance; plate glass insurance.

(5) In determining the aggregate number of years of service of any police officer, the time spent in the military service of the United States or United States merchant marine by the police officer on leave of absence for such reason shall be added to the years of service, provided, however, that to receive credit for such service the police officer must have re-entered the municipality's police service within one year of date of release from service.

(6) Otherwise aggregate number of years of service with the municipality means the total number of years, and fractional parts of years, of service of any police officer, omitting intervening years and fractional parts of years, when such police officer may not be employed by the municipality. Provided, however, that no police officer will receive credit for years or fractional parts of years of service for which he has withdrawn his contributions to the fund for those years or fractional parts of years of service; and provided further that no credit will be given for service after the normal retirement date. Further providing that a police officer may voluntarily leave his contributions in the fund for a period of five years after leaving the employ of the police department, pending the possibility of his being rehired by the same department, without losing credit for the time he has participated actively as a police officer. Should he not be re-employed as a police officer, with the same department, within five

years, his contributions shall be returned to him without interest.

History.—§11, ch. 28230, 1953; (4) n. §1, ch. 29825, 1955; (5) and (6) n. §1, ch. 59-320; (2) and (6) §1, ch. 61-85.

185.03 Municipal police officers' retirement trust fund created.—There may be hereby created a special fund to be known as the municipal police officers' retirement trust fund, exclusively for the purposes provided in this chapter, in each incorporated city or town of this state, heretofore or hereafter created, which now has or which may hereafter have a regularly organized police department, and which now owns and uses or which may hereafter own and use equipment and apparatus of a value exceeding five hundred dollars in serviceable condition, for the prevention of crime and for the preservation of life and property, and which city or town does not presently have established by law a similar fund.

History.—§1, ch. 28230, 1953; §2, ch. 29825, 1955; §2, ch. 61-119.

185.04 Actuarial deficits not state obligations.—Actuarial deficits, if any, arising under this chapter shall not be the obligation of the state.

History.—§1b, ch. 28230, 1953.

185.05 Board of trustees; members, terms of office.—In each municipality described in §185.03, there is hereby created a board of trustees of the municipal police officers' retirement trust fund. The board of trustees shall consist of the mayor, or corresponding officer when the municipality does not have a mayor, the chief of the police department, and two regularly employed policemen of the municipality to be chosen by the legislative body of the municipality upon recommendation of a majority of the regularly employed policemen of the municipality, and one resident of the municipality to be appointed by the legislative body of the municipality. The mayor, or corresponding officer, and the chief of the police department shall serve as long as they shall continue to hold office as mayor or chief respectively, and upon a vacancy in the office of mayor or chief, their respective successors shall succeed to the position of trustees; and each of the policemen shall be trustee for a period of two years, unless he sooner leaves the employment of the municipality as a policeman, whereupon the legislative body of the municipality upon recommendation of a majority of the regularly employed policemen thereof, shall choose his successors; the resident member shall be a trustee for a term of two years and may succeed himself in office. The mayor shall be the chairman of the board. The board of trustees shall elect one of its members as secretary of the board. The secretary of the board shall keep a complete minute book of the proceedings of the board. The trustees shall not receive any compensation as such.

History.—§2, ch. 28230, 1953; §2, ch. 59-320; §2, ch. 61-119.

185.06 Powers of board of trustees.—The board of trustees may:

(1) Invest and reinvest the assets of the

retirement trust fund in annuity and life insurance contracts of life insurance companies in amounts sufficient to provide, in whole or in part, the benefits to which all of the participants in the municipal police officers' retirement trust fund shall be entitled under the provisions of this chapter, and pay the initial and subsequent premiums thereon.

(2) Invest and reinvest the assets of the retirement trust fund in:

(a) Time or savings accounts of a national bank, a state bank insured by the federal deposit insurance corporation, or a savings and loan association insured by the federal savings and loan insurance corporation.

(b) Obligations of the United States or in obligations guaranteed as to principal and interest by the United States.

(c) County bonds containing a pledge of the full faith and credit of the county or district involved, provided that such bonds are approved by the state board of administration as to legal and fiscal sufficiency, bonds of the Florida development commission, or any other state agency, which have been approved as to legal and fiscal sufficiency by the state board of administration.

(d) Obligations of any municipal authority issued pursuant to the laws of this state, provided, however, that for each of the five years next preceding the date of investment the income of such authority available for fixed charges shall have been not less than one and one-half times its average annual fixed-charges requirement over the life of its obligations.

(3) Issue drafts upon the municipal police officers' retirement trust fund pursuant to this act and rules and regulations prescribed by the board of trustees. All such drafts shall be consecutively numbered, and be signed by the chairman and secretary and shall state upon their faces the purposes for which the drafts are drawn. The city treasurer or other depository shall retain such drafts when paid, as permanent vouchers for disbursements made, and no money shall otherwise be drawn from the fund.

(4) Any and all acts and decisions shall be by at least three members of the board; however, no trustee shall take part in any action in connection with his own participation in the fund, and no unfair discrimination shall be shown to any individual employee participating in the fund.

(5) Finally decide all claims to relief under the board's rules and regulations and pursuant to the provisions of this act.

(6) Convert into cash any securities of the fund.

(7) Keep a complete record of all receipts and disbursements and of the board's acts and proceedings.

(8) The general administration of, and the responsibilities for, the proper operation of the retirement trust fund and for making effective the provisions of this chapter are vested in the board of trustees. The board of trustees shall

keep in convenient form such data as shall be necessary for an actuarial valuation of the retirement trust fund and for checking the actual experience of the fund.

History.—§3, ch. 28230, 1953; §1, ch. 57-118; (1), (2) and (4), (8) n. §3, ch. 59-320; (1), (2), (3), (8) §2, ch. 61-119.

185.061 Use of annuity or insurance policies.—When the board of trustees purchases annuity or life insurance contracts to provide all or part of the benefits promised by this chapter, the following principles shall be observed:

(1) Only those officers who have been members of the retirement trust fund for one year or longer may be included in the insured plan.

(2) Individual policies shall be purchased only when a group insurance plan is not feasible.

(3) Each application and policy shall designate the pension fund as owner of the policy.

(4) Policies shall be written on an annual-premium basis.

(5) The type of policy shall be one which for the premium paid provides each individual with the maximum retirement benefit at his earliest statutory normal retirement age.

(6) Death benefit, if any, should not exceed:

(a) One hundred times the estimated normal monthly retirement income, based on the assumption that the present rate of compensation continues without change to normal retirement date, or

(b) Twice the annual rate of compensation as of the date of termination of service, or

(c) The single-sum value of the accrued deferred retirement income (beginning at normal retirement date) at date of termination of service, whichever is greatest.

(7) An insurance plan may provide that the assignment of insurance contract to separating officer shall be at least equivalent to the return of the officer's contributions used to purchase the contract. An assignment of contract discharges the municipality from all further obligation to the participant under the plan even though the cash value of such contract may be less than the employee's contributions.

(8) Provisions shall be made, either by issuance of separate policies, or otherwise, that the separating officer does not receive cash values and other benefits under the policies assigned to him which exceed the present value of his vested interest under the retirement plan, inclusive of his contribution to the plan, the contributions by the state shall not be exhausted faster merely because the method of funding adopted was through insurance companies.

(9) The police officer shall have the right at any time to give the board of trustees written instructions designating the primary and contingent beneficiaries to receive death benefit or proceeds and the method of the settlement of the death benefit or proceeds, or requesting a change in the beneficiary, designation or method of settlement previously made, subject to the terms of the policy or policies on his life.

Upon receipt of such written instructions, the board of trustees shall take the necessary steps to effectuate the designation or change of beneficiary or settlement option.

History.—§4, ch. 59-320; (1) §2, ch. 61-119.

185.07 Creation and maintenance of fund.—The municipal police officers' retirement trust fund in each municipality described in §185.03 shall be created and maintained in the following manner:

(1) By the net proceeds of the one per cent excise or license tax which may be imposed by the respective cities and towns upon certain casualty insurance companies on their gross receipts of premiums from holders of policies which policies cover property within the corporate limits of such municipalities as is hereinafter expressly authorized.

(2) By five per cent of the salary of each full time policeman duly appointed and enrolled as a member of such police department, which shall be deducted by the municipality and paid over to the board of trustees of the retirement trust fund wherein such policeman is employed, provided that no deductions shall be made after an officer has passed his normal retirement date. A full time police officer participating in the old age and survivors insurance of the federal social security law, and/or municipal police officers' retirement trust fund, may limit his contributions to the municipal police officers' retirement trust fund to three per cent of salary and receive reduced benefits as set forth in §§185.16(2) and 185.18(5). No police officer shall have any right to said money so paid into said fund except as provided in this chapter.

(3) By all fines and forfeitures imposed and collected from any policeman because of the violation of any rule and regulation promulgated by the board of trustees.

(4) By payment by municipality or other sources of a sum equal to the normal cost and the amount required to fund over a forty year basis any actuarial deficiency shown by a quinquennial actuarial valuation. The first such actuarial valuation shall be conducted for the calendar year ending December 31, 1963.

(5) By all gifts, bequests and devises when donated for the fund.

(6) By all accretions to the fund by way of interest on bank deposits or otherwise.

(7) By all other sources of income now or hereafter authorized by law for the augmentation of such municipal police officers' retirement trust fund.

History.—§4, ch. 28230, 1953; (4) §3, ch. 29825, 1955; (2) and (4) §5, ch. 59-320; (2), (7) §2, ch. 61-119.

185.08 One per cent excise tax on casualty insurance premiums authorized; procedure.—

(1) Each incorporated city or town in this state described and classified in §185.03, as well as each other city or town of this state which on July 31, 1953, has a lawfully established municipal police officers' retirement trust fund or city fund providing pension or relief benefits to policemen by whatever name

known, may assess and impose on every insurance company, corporation or other insurer now engaged in or carrying on, or who shall hereafter engage in or carry on the business of casualty insurance as shown by the records of the state treasurer in his capacity as state insurance commissioner, an excise or license tax in addition to any lawful license or excise tax now levied by each of the said towns respectively, amounting to one per cent of the gross amount of receipts of premiums from policy holders on all premiums collected on casualty insurance policies covering property within the corporate limits of such municipalities, respectively.

(2) In the case of multiple peril policies with a single premium for both property and casualty coverages in such policies, thirty per cent of such premium shall be used as the basis for the one per cent tax above.

(3) Said excise or license tax shall be payable annually March 1 of each year after the passing of an ordinance assessing and imposing the tax herein authorized. Every insurance company, corporation or other insurer paying such tax shall receive credit for the amount thereof, when paid, on the amount payable by such insurer to the state for the similar state excise tax now imposed by other provisions of law; provided, however, that this chapter shall not be construed to require the payment of an excise tax by an insurance company that does not now pay such tax.

History.—§5, ch. 28230, 1953; §2, ch. 61-119; §1, ch. 63-196.

185.09 Report of premiums paid; date tax payable.—Whenever any city or town shall pass an ordinance assessing and imposing the tax authorized in §185.08, a certified copy of such ordinance shall be deposited with both the comptroller and the treasurer of the state and thereafter every insurance company, corporation or other insurer carrying on the business of casualty insuring on or before the succeeding March 1 after date of the passage of said ordinance shall report fully in writing to the comptroller and to the treasurer, as insurance commissioner, a just and true account of all premiums received by such insurer for casualty insurance policies covering or insuring any property located within the corporate limits of such municipality during the period of time elapsing between the date of the passage of said ordinance and the succeeding March 1. The aforesaid insurer shall annually thereafter, on March 1, file with the same officers, a similar report covering the preceding year's premium receipts. Every such insurer shall, at the time of making such report, pay to the state treasurer the amount of the tax heretofore mentioned. Every insurer engaged in carrying on a general casualty insurance business in the state, as shown by the records of the state treasurer as insurance commissioner, shall keep accurate books of account of all such business done by it within the limits of such incorporated municipality in such a manner as to be able to comply with the provisions of this chapter. The treasurer shall furnish to any

municipality requesting the same a copy of any of the reports filed by insurers under this section.

History.—§6, ch. 28230, 1953; §2, ch. 61-85.

185.10 Treasurer to keep accounts of deposits; disbursements.—The treasurer of the state shall keep a separate account of all moneys collected for each city and town under the provisions of this chapter and any and all moneys so collected, after deducting the necessary expense incurred by the treasurer as insurance commissioner of the state, in carrying out the provisions of this chapter, shall be paid into the state treasury in a special fund known as the "municipal police officers' retirement trust fund" which said special fund is hereby created for the reception of the same. The comptroller shall on or before June 1 of each year, and at such other times as the state treasurer may elect, draw his warrant on the state treasurer for the full net amount of money then within the state treasury in the municipal police officers' retirement trust fund specifying the cities or towns to which said moneys shall be paid and the net amount collected for and to be paid to each city or town, respectively, which said sums payable to said cities or towns are hereby appropriated annually out of the municipal police officers' retirement trust fund. Said warrants of said comptroller shall be countersigned by the governor and shall be payable to the cities or towns, respectively, entitled to receive the same, and shall be remitted annually by the comptroller to such cities and towns.

History.—§7, ch. 28230, 1953; §2, ch. 29734, 1955; §2, ch. 61-119.

185.11 Funds received by municipalities, deposit in retirement trust fund.—All funds received by any city or town under the provisions of this chapter, shall be by said town paid immediately into its municipal police officers' retirement trust fund or into its pension fund for policemen, where such latter fund exists.

History.—§8, ch. 28230, 1953; §2, ch. 61-119.

185.12 Payment of municipal tax credit on state tax.—The tax herein authorized shall in no wise be additional to the similar state excise or license tax imposed by part IV, chapter 624, but the payer of the tax hereby authorized shall receive credit therefor on his said state excise or license tax and the balance of said state excise or license tax shall be paid to the state treasurer as is now provided by law.

History.—§9, ch. 28230, 1953; §3, ch. 61-85.

185.13 Failure of insurer to comply with chapter; penalty.—Should any insurance company, corporation or other insurer fail to comply with the provisions of this chapter, on or before the first day of March in each year as herein provided, the certificate of authority issued to said insurance company, corporation or other insurer to transact business in this state may be cancelled and revoked by the state treasurer, and it is unlawful for any such insurance company, corporation or other insurer to transact any business thereafter in this state

unless such insurance company, corporation or other insurer shall be granted a new certificate of authority to transact business in this state, in compliance with provisions of law authorizing such certificate of authority to be issued.

History.—§10, ch. 28230, 1953.

185.14 Contributions.—Except as provided in §§185.07(2) and 185.15, the municipal officer or board paying salaries to police officers entitled to the benefit of this chapter shall deduct five per cent from each installment of salary of each police officer so long as such police officer shall hold office, or be employed. Said amount so deducted shall be deposited in a special fund hereby established in the municipal treasury, to be known as the municipal police officers' retirement trust fund.

History.—§12, ch. 28230, 1953; §6, ch. 59-320; §4, ch. 61-85; §2, ch. 61-119.

185.15 Contributions; new employees.—Any person who enters the employment of any incorporated municipality of the state as a police officer after July 31, 1953 and who does not desire to accept the provisions of this chapter shall, within twelve months after employment, notify the officer or board paying the salary of such police officer, in writing, to that effect. Thereupon, it shall be the duty of the board of trustees to refund from the municipal police officers' retirement trust fund the full amount, without interest, withheld from such police officer's salary and deposited in such fund. Thenceforward no withholding shall be made from such salary and all police officers who have given such notice shall be barred from participating in the retirement system.

History.—§13, ch. 28230, 1953; §2, ch. 57-118; §6, ch. 59-320; §2, ch. 61-119.

185.16 Requirements for retirement.—Any police officer who has attained the age of sixty years, or more, and who at such time has completed at least ten years of service as a police officer and for such period has been a member of the retirement fund, is eligible for normal retirement benefits. Normal retirement under the plan is retirement from the service of the city on or after the normal retirement date. In such event, payment of retirement income will be governed by the following provisions of this section:

(1) The normal retirement date of each police officer will be the first day of the month coincident with or next following the date on which he has attained the age of sixty years and has completed ten years service. A police officer who retires after his normal retirement date will upon actual retirement be entitled to receive the same amount of monthly retirement income that he would have received had he retired on his normal retirement date.

(2) The amount of the monthly retirement income payable to a police officer who retires on or after his normal retirement date shall be an amount equal to the number of his years of credited service multiplied by one and sixty-seven hundredths per cent of his average final

compensation. If the police officer has been contributing only three per cent of salary, his monthly retirement income shall be an amount equal to the number of his years of credited service multiplied by one per cent of his average final compensation. The retirement income will be reduced for moneys received under the disability provisions of this chapter.

(3) The monthly retirement income payable in the event of normal retirement will be payable on the first day of each month. The first payment will be made on the police officer's normal retirement date, or on the first day of the month coincident with or next following his actual retirement, if later, and the last payment will be the payment due next preceding the police officer's death; except that, in the event the police officer dies after his retirement but before he has received retirement benefits for a period of ten years, the same monthly benefit will be paid to the beneficiary (or beneficiaries) as designated by the police officer for the balance of such ten year period, or, if no beneficiary is designated, to the surviving spouse, descendants, heirs at law or estate of the police officer, as provided in §185.162. If a police officer continues in the service of the city beyond his normal retirement date and dies prior to his date of actual retirement, without an option made pursuant to §185.161 being in effect, monthly retirement income payments will be made for a period of ten years to a beneficiary (or beneficiaries) designated by the police officer as if the police officer had retired on the date on which his death occurred, or, if no beneficiary is designated, to the surviving spouse, descendants, heirs at law or estate of the police officer, as provided in §185.162.

(4) Early retirement under the plan is retirement from the service of the city, with the consent of the city, as of the first day of any calendar month which is prior to the police officer's normal retirement date but subsequent to the date as of which he has both attained the age of fifty years and completed ten years of contributing service. In the event of early retirement, payment of retirement income will be governed as follows:

(a) The early retirement date shall be the first day of the calendar month coincident with or immediately following the date a police officer retires from the service of the city under the provisions of this section prior to his normal retirement date.

(b) The monthly amount of retirement income payable to a police officer who retires prior to his normal retirement date under the provisions of this section shall be an amount computed as described in subsection (2), taking into account his credited service to his date of actual retirement and his final monthly compensation as of such date, such amount of retirement income to be actuarially reduced to take into account the police officer's younger age and the earlier commencement of retirement income payments.

(c) The retirement income payable in the

event of early retirement will be payable on the first day of each month. The first payment will be made on the police officer's early retirement date and the last payment will be the payment due next preceding the retired police officer's death; except that, in the event the police officer dies before he has received retirement benefits for a period of ten years, the same monthly benefit will be paid to the beneficiary designated by the police officer for the balance of such ten year period, or, if no designated beneficiary is surviving, the same monthly benefit for the balance of such ten year period shall be payable as provided in §185.162.

History.—§14, ch. 28230, 1953; (3)-(7) n. §4, ch. 29825, 1955; §6, ch. 59-320; (2) §5, ch. 61-85; (4) §2, ch. 63-196.

185.161 Optional forms of retirement income.—

(1) In lieu of the amount and form of retirement income payable in the event of normal or early retirement as specified in §185.16, a police officer, upon written request to the board of trustees and submission of evidence of good health (except that such evidence will not be required if such request is made at least three years prior to the date of commencement of retirement income or if such request is made within six months following the effective date of the plan, if later), and subject to the approval of the board of trustees, may elect to receive a retirement income or benefit of equivalent actuarial value payable in accordance with one of the following options:

(a) A retirement income of larger monthly amount, payable to the police officer for his lifetime only;

(b) A retirement income of a modified monthly amount, payable to the police officer during the joint lifetime of the police officer and a joint pensioner designated by the police officer, and following the death of either of them, one hundred per cent, sixty-six and two-thirds per cent, or fifty per cent of such monthly amount payable to the survivor for the lifetime of the survivor.

(c) Such other amount and form of retirement payments or benefit as, in the opinion of the board of trustees, will best meet the circumstances of the retiring police officer.

The police officer upon electing any option of this section will designate the joint pensioner or beneficiary (or beneficiaries) to receive the benefit, if any, payable under the plan in the event of his death, and will have the power to change such designation from time to time but any such change shall be deemed a new election and will be subject to approval by the pension committee. Such designation will name a joint pensioner or one or more primary beneficiaries where applicable. If a police officer has elected an option with a joint pensioner or beneficiary and his retirement income benefits have commenced, he may thereafter change his designated joint pensioner or beneficiary but only if the board of trustees consents to such change and if the joint pensioner last previously designated by him is alive when he files

with the board of trustees his request for such change. The consent of a police officer's joint pensioner or beneficiary to any such change shall not be required. The board of trustees may request such evidence of the good health of the joint pensioner that is being removed as it may require and the amount of the retirement income payable to the police officer upon the designation of a new joint pensioner shall be actuarially redetermined taking into account the ages and sex of the former joint pensioner, the new joint pensioner, and the police officer. Each such designation will be made in writing on a form prepared by the board of trustees, and on completion will be filed with the board of trustees. In the event that no designated beneficiary survives the the police officer, such benefits as are payable in the event of the death of the police officer subsequent to his retirement, shall be paid as provided in §185.162.

(2) Retirement income payments will be made under the option elected in accordance with the provisions of this section and will be subject to the following limitations:

(a) If a police officer dies prior to his normal retirement date or early retirement date, whichever first occurs, no benefit will be payable under the option to any person, but the benefits, if any, will be determined under §185.21.

(b) If the designated beneficiary (or beneficiaries) or joint pensioner dies before the police officer's retirement under the plan, the option elected will be cancelled automatically and a retirement income of the normal form and amount will be payable to the police officer upon his retirement as if the election had not been made, unless a new election is made in accordance with the provisions of this section or a new beneficiary is designated by the police officer prior to his retirement and within ninety days after the death of the beneficiary.

(c) If both the retired police officer and the beneficiary (or beneficiaries) designated by him die before the full payment has been effected under any option providing for payments for a period certain and life thereafter, made pursuant to the provisions of subsection (1)(c), the board of trustees may, in its discretion, direct that the commuted value of the remaining payments be paid in a lump sum, and in accordance with §185.162.

(d) If a police officer continues beyond his normal retirement date pursuant to the provisions of §185.16 (1), and dies prior to his actual retirement and while an option made pursuant to the provisions of this section is in effect, monthly retirement income payments will be made, or a retirement benefit will be paid, under the option to a beneficiary (or beneficiaries) designated by the police officer in the amount or amounts computed as if the police officer had retired under the option on the date on which his death occurred.

History.—§7, ch. 59-320.

185.162 Beneficiaries.—

(1) Each police officer may, on a form, pro-

vided for that purpose, signed and filed with the board of trustees, designate a beneficiary (or beneficiaries) to receive the benefit, if any, which may be payable in the event of his death, and each designation may be revoked by such police officer by signing and filing with the board of trustees a new designation or beneficiary form.

(2) If a deceased police officer failed to name a beneficiary in the manner above prescribed, or if the beneficiary (or beneficiaries) named by a deceased police officer predeceases the police officer, the death benefit, if any, which may be payable under the plan with respect to such deceased police officer may be paid, in the discretion of the board of trustees, either to:

(a) Any one or more of the persons comprising the group consisting of the police officer's spouse, the police officer's descendants, the police officer's parents, or the police officer's heirs at law, and the board of trustees may pay the entire benefit to any member of such group or apportion such benefit among any two or more of them in such shares as the board of trustees, in its sole discretion, shall determine, or

(b) The estate of such deceased police officer, provided that in any of such cases the board of trustees, in its discretion, may direct that the commuted value of the remaining monthly income payments be paid in a lump sum. Any payment made to any person pursuant to the power and discretion conferred upon the board of trustees by the preceding sentence shall operate as a complete discharge of all obligations under the plan with regard to such deceased police officer and shall not be subject to review by anyone, but shall be final, binding and conclusive on all persons ever interested hereunder.

History.—§7, ch. 59-320.

185.18 Disability retirement.—

(1) A police officer having ten or more years of credited service and having contributed to the municipal police officers' retirement trust fund for ten years or more may retire from the service of the city under the plan if, prior to his normal retirement date, he becomes totally and permanently disabled as defined in subsection (2), by reason of any cause other than a cause set out in subsection (3), on or after the effective date of the plan. Such retirement shall herein be referred to as disability retirement.

(2) A police officer will be considered totally disabled if, in the opinion of the board of trustees, he is wholly prevented from rendering useful and efficient service as a police officer; and a police officer will be considered permanently disabled if, in the opinion of the board of trustees, such police officer is likely to remain so disabled continuously and permanently from a cause other than as specified in subsection (3).

(3) A police officer will not be entitled to receive any disability retirement income if the disability is a result of:

(a) Excessive and habitual use by the police officer of drugs, intoxicants or narcotics;

(b) Injury or disease sustained by the police officer while willfully and illegally participating in fights, riots, civil insurrections or while committing a crime;

(c) Injury or disease sustained by the police officer while serving in any armed forces;

(d) Injury or disease sustained by the police officer after his employment has terminated;

(e) Injury or disease sustained by the police officer while working for anyone other than the city and arising out of such employment.

(4) No police officer shall be permitted to retire under the provisions of this section until examined by a duly qualified physician or surgeon, to be selected by the board of trustees for that purpose, and is found to be disabled in the degree and in the manner specified in this section. Any police officer retiring under this section shall be examined periodically by a duly qualified physician or surgeon or board of physicians and surgeons to be selected by the board of trustees for that purpose, to determine if such disability has ceased to exist.

(5) The benefit payable to a police officer who retires from the service of the city upon total and permanent disability as a result of a disability commencing prior to his normal retirement date is the monthly income payable for ten years certain and life which can be provided by the single-sum value of the deferred monthly retirement income beginning at normal retirement date which has accrued to his date of disability (where the amount of such accrued deferred monthly retirement income is computed by multiplying his number of years of actual credited service as of his date of disability by one and sixty-seven hundredths per cent of his average final compensation). If the police officer has been contributing only three per cent of salary, his monthly retirement income shall be an amount equal to the number of his years of credited service multiplied by one per cent of his average final compensation.

(6) The monthly retirement income to which a police officer is entitled in the event of his disability retirement will be payable on the first day of each month. The first payment will be made on the first day of the month following the later to occur of (a) the date on which the disability has existed for six months and (b) the date the board of trustees approves the payment of such retirement income. The last payment will be (a) if the police officer recovers from the disability prior to his normal retirement date, the payment due next preceding the date of such recovery, or, (b) if the police officer dies without recovering from his disability or attains his normal retirement date while still disabled, the payment due next preceding his death or the one hundred twentieth monthly payment, whichever is later. Any monthly retirement income payments due after

the death of a disabled police officer shall be paid to the police officer's designated beneficiary (or beneficiaries) as provided in §§185.162 and 185.21.

(7) If the board of trustees finds that a police officer who is receiving a disability retirement income is, at any time prior to his normal retirement date, no longer disabled, as provided herein, the board of trustees shall direct that the disability retirement income be discontinued. Recovery from disability as used herein shall mean the ability of the police officer to render useful and efficient service as a police officer.

(8) If the police officer recovers from disability and reenters the service of the city as a police officer, his service will be deemed to have been continuous, but the period beginning with the first month for which he received a disability retirement income payment and ending with the date he reentered the service of the city will not be considered as credited service for the purposes of the plan.

History.—§16, ch. 28230, 1953; §6, ch. 59-320; (1) §6, ch. 61-85; (1) §2, ch. 61-119.

185.19 Separation from municipal service; refunds.—Should any police officer leave the service of the municipality before accumulating aggregate time of ten years toward retirement and before being eligible to retire under the provisions of this chapter, such police officer shall be entitled to a refund of all of his contributions made to the municipal police officers' retirement trust fund without interest, less any benefits paid to him.

Should any police officer who has been in the service of the municipality for at least ten years and has contributed to the municipal police officers' retirement trust fund for at least ten years elect to leave his accrued contributions in the municipal police officers' retirement trust fund, such police officer upon attaining age fifty years or more may retire at the actuarial equivalent of the amount of such retirement income otherwise payable to him.

History.—§17, ch. 28230, 1953; §6, ch. 59-320; §7, ch. 61-85; §2, ch. 61-119.

185.191 Lump sum payment of small retirement income.—Notwithstanding any provision of the plan to the contrary, if the monthly retirement income payable to any person entitled to benefits hereunder is less than thirty dollars or if the single-sum value of the accrued retirement income is less than seven hundred fifty dollars as of the date of retirement or termination of service, whichever is applicable, the board of trustees, in the exercise of its discretion, may specify that the actuarial equivalent of such retirement income be paid in a lump sum.

History.—§7, ch. 59-320.

185.21 Death prior to retirement; refunds or death benefits.—Should any police officer die before being eligible to retire under the provisions of this chapter, the heirs, legatees, beneficiaries, or personal representative of

such deceased police officer shall be entitled to a refund of one hundred per cent, without interest, of the contributions made to the municipal police officers' retirement trust fund by such deceased police officer; or in the event an annuity or life insurance contract has been purchased by the board on such police officer, then to the death benefits available under such life insurance or annuity contract, subject to the limitations on such death benefits set forth in §185.061 whichever amount is greater. In event the death benefit paid by a life insurance company exceeds the limit set forth in §185.061 (6) the excess of the death benefit over the limit shall be paid to the municipal police officers' retirement trust fund.

History.—§19, ch. 28230, 1953; §6, ch. 29825, 1955; §3, ch. 57-118; §6, ch. 59-320; §2, ch. 61-119.

185.221 Report to state treasurer.—

(1) Each year by February 1, the chairman or secretary of each municipal police officers' retirement trust fund shall file a report with the state treasurer as insurance commissioner containing the following:

(a) Whether in fact the municipality is within the provisions of §185.03.

(b) A certified statement of accounting for the most recent fiscal year of the municipality showing a detailed listing of assets, and methods used to value them) and a statement of all income and disbursements during the year, such income and disbursements shall be reconciled with the assets at the beginning and end of the year.

(c) A statistical exhibit showing the total number of police officers on the force of the municipality, the number included in the retirement plan and the number ineligible classified according to the reasons for their being ineligible, and the number of disabled and retired police officers and their beneficiaries receiving pension payments and the amounts of annual retirement income or pension payments being received by them.

(d) A statement of the amount the municipality has contributed to the retirement plan for the year ending with the preceding December 31 and the amount the municipality will contribute to the retirement plan for the current calendar year.

(e) If any benefits are insured with a commercial insurance company, the report shall include a statement of the relationship of the insured benefits to the benefits provided by this chapter. This report shall also contain information about the insurer, basis of premium rates and mortality table, interest rate and method used in valuing retirement benefits.

(2) By February 1 of each quinquennial year beginning with February 1, 1964, the chairman of each municipal police officers' retirement trust fund shall report to the state treasurer as insurance commissioner such data that the state treasurer needs to complete an actuarial valuation of each fund. The forms for each municipality shall be supplied by the state treasurer. The expense of the actuarial

valuation shall be borne by the municipal police officers' retirement trust fund established by §§185.10 and 185.24.

History.—§7, ch. 59-320; §2, ch. 61-119.

185.23 Rules and regulations.—The state treasurer shall make such rules and regulations as are necessary for the effective administration of this chapter.

History.—§20, ch. 28230, 1953.

185.231 Advisory committee.—The state treasurer may appoint annually an advisory committee, to serve for one year, or at his pleasure, consisting of seven members, one of whom shall be from the state treasurer's office, as chairman, to receive such reports as may be brought to its attention and to advise and assist on matters relating to the municipal police officers' retirement trust fund.

History.—§7, ch. 59-320; §2, ch. 61-119.

185.232 Report to legislature.—The state treasurer shall make to each regular session of the legislature a written report on the operation of the municipal police officers' retirement trust fund.

History.—§7, ch. 59-320; §2, ch. 61-119.

185.24 Annual appropriation.—There is hereby annually appropriated to the state treasurer from the moneys collected for each city and town under this chapter the amount necessary to administer efficiently the provisions of this chapter, not to exceed thirty thousand dollars per annum.

History.—§20, ch. 28230, 1953.

185.25 Exemption from execution.—The pensions, annuities, or any other benefits accrued or accruing to any person under the provisions of this chapter and the accumulated contributions and the cash securities in the funds created under this chapter are hereby exempted from any state, county or municipal tax of the state and shall not be subject to execution or attachment or to any legal process whatsoever and shall be unassignable.

History.—§21, ch. 28230, 1953.

185.27 Roster of retirees.—The secretary of the board of trustees shall keep a record of all persons enjoying a pension under the provisions of this chapter, in which shall be noted the time when the pension is allowed and when the same shall cease to be paid. And in this book the secretary shall keep a record of all policemen employed by the municipality and a record shall be kept in such manner as to show the name, address and time of employment of such policemen and when such policemen cease to be employed by the municipality.

History.—§23, ch. 28230, 1953.

185.29 City attorney to represent board of trustees.—The city attorney or corporation counsel shall give advice to said board of trustees in all matters pertaining to their duties in the administration of said municipal police officers' retirement trust fund whenever thereunto requested; and he shall represent and de-

fend said board as its attorney in all suits and actions at law or in equity that may be brought against it, and bring all suits and actions in its behalf that may be required or determined upon by said board; provided, however, that if the city attorney should fail or refuse to comply with the request of the board of trustees in this relation, the said board of trustees in their discretion may employ independent legal counsel for such purpose.

History.—§25, ch. 28230, 1953; §2, ch. 61-119.

185.30 Depository for retirement fund.—All funds and securities of the municipal police officers' retirement trust fund shall be deposited with the city treasurer or depository of the city, who shall keep the same in a separate fund, and he shall be liable for the safekeeping of the same, under the bond given by him to the city, and he shall be liable in the same manner and to the same extent as he is liable for the safekeeping of the funds of the city.

History.—§26, ch. 28230, 1953; §2, ch. 61-119.

185.31 Municipalities and boards independent of other municipalities and boards.—In the enforcement and in the interpretation of the provisions of this chapter, each municipality shall be independent of any other municipality and the board of trustees of the municipal police officers' retirement trust fund of each municipality shall function for the municipality which they are to serve as trustees.

History.—§27, ch. 28230, 1953; §2, ch. 61-119.

185.32 Exemptions from chapter.—This chapter shall not apply to any person who is or may become eligible to become a member of any other retirement system provided for by law, or of any retirement system provided for by any ordinance of any incorporated municipality of the state, nor shall this chapter, nor any provisions thereof, be construed as limiting, modifying or enlarging any ordinance of any incorporated municipality of the state; provided, however, that nothing in this chapter shall be construed to bar cities that have adopted the social security plan advanced by the federal government.

History.—§28, ch. 28230, 1953; §19, ch. 29615, 1955.

185.33 Statutes and laws not repealed.—This chapter shall not operate to repeal any section of chapter 175 or 132 or §§25.112, 38.14-38.19, 112.05, 238.01-238.16, nor any retirement laws enacted during the 1953 session of the legislature, nor to affect the rights of any person enjoying the benefits or entitled to enjoy the benefits of such sections or laws.

History.—§29, ch. 28230, 1953.

185.34 Disability in line of duty.—Any condition or impairment of health of any and all police officers employed in the state caused by tuberculosis, hypertension, heart disease or hardening of the arteries, resulting in total or partial disability shall be presumed to have been suffered in line of duty unless the contrary be shown by competent evidence, provid-

ed, however, that such police officer shall have successfully passed a physical examination on entering into such service, which examination fails to reveal any evidence of such condition. Nothing herein shall be construed to extend or otherwise affect the provisions of chapter 440, pertaining to workmen's compensation. All laws, including local or special laws, in conflict herewith are repealed.

History.—§§1, 2, ch. 57-340.

185.35 Municipalities having their own pension plans for policemen.—

(1) In order for cities with their own pension plans for policemen or for policemen and other employees to participate in the distribution of the tax fund established in §§185.07, 185.08 and 185.09, their retirement funds must meet each of the following standards:

(a) The plan must be for the purpose of providing retirement and disability income for policemen.

(b) The normal retirement age, if any, shall not be higher than age sixty-five.

(c) If the plan provides for a stated period of service as a requirement to receive a retirement income, that period must not be higher than thirty-five years.

(d) The benefit formula to determine the amount of monthly pension should be equal to at least one-twelfth of one per cent of the officer's total earnings during his period of credited service;

(e) If a ceiling on the monthly payment is stated in the plan, it should be no lower than one hundred dollars.

(f) Death or survivor benefits and disability benefits may be incorporated into the plan as the municipality wishes but in no event should the single-sum value of such benefits as of the date of termination of service because of death or disability exceed

1. One hundred times the estimated normal monthly retirement income, based on assumption that the present rate of compensation continues without change to normal retirement date, or

2. Twice the annual rate of compensation as of the date of termination of service, or

3. The single-sum value of the accrued deferred retirement income (beginning at normal retirement date) at date of termination of service, whichever is greatest; provided, however, that nothing in this subparagraph shall require any reduction in death or disability benefits provided by a retirement plan in effect on July 1, 1959.

(g) Eligibility for coverage under the plan must be based upon length of service, or attained age, or both, and benefits must be determined by a nondiscriminatory formula based upon

1. Length of service and compensation, or

2. Length of service.

(h) If the retirement plan requires participants to contribute toward the cost of the plan, it must set forth the termination rights, if any, of an employee in the event of the separation or withdrawal of an employee before retirement.

(i) An actuarial valuation of the retirement plan must be made at least once in every five years commencing with December 31, 1963, by an actuary who is a member of the society of actuaries, casualty actuarial society, conference of actuaries in public practice, or fraternal actuarial association, and who is selected by the individual municipal police officers' retirement trust fund.

1. Cost of the actuarial valuation must be paid by the individual retirement fund or by the municipality.

2. A report of the valuation, including actuarial assumptions and type and basis of funding shall be made to the state treasurer within three months after the date of valuation. If any benefits are insured with a commercial insurance company, the report shall include a statement of the relationship of the retirement plan benefits to the insured benefits and in addition the name of the insurer, basis of premium rates and the mortality table, interest rate and method used in valuing retirement benefits.

(j) Commencing on July 1, 1964, the municipality shall contribute to the plan annually an amount which together with the contributions from the police officers, the amount derived from the premium tax provided in §185.08 and other income sources will be sufficient to meet the normal cost of the plan and to fund the actuarial deficiency over a period not longer than forty years.

(k) No retirement plan or amendment to a retirement plan shall be proposed without the proposed plan or amendment containing an actuarial estimate of the costs involved.

(l) Each year on or before March 15, the trustees of the retirement plan must submit the following information to the state treasurer in order for the retirement plan of such city to receive a share of state funds for the then current calendar year; when any of these items would be identical with the corresponding item submitted for a previous year it will not be necessary to submit duplicate information but to make reference to the item in such previous year's report:

1. A certified copy of each and every instrument constituting or evidencing the plan.

2. A certified statement of accounting for the most recent fiscal year of the municipality showing (a) a detailed listing of assets and (b) a statement of all income and disbursements during the year. Such income and disbursements must be reconciled with the assets at the beginning and end of the year.

3. A certified statement listing the investments of the plan and a description of the methods used in valuing the investments.

4. A statistical exhibit showing the total number of policemen, the number included in the plan and the number ineligible classified according to the reasons for their being ineligible.

5. A statement of the amount the city and other income sources has contributed toward the plan or will contribute toward the plan for the current calendar year.

(2) When a municipality has a policemen's retirement plan which meets the standards set forth in subsection (1), the board of trustees of the pension plan or the official pension committee or agency, may place the income from the premium tax in §185.08 in its existing pension fund for the sole and exclusive use of their policemen (or for firemen and policemen where included), or may use said income to pay extra benefits to the policemen.

(3) The retirement plan setting forth the benefits and the trust agreement, if any, covering the duties and responsibilities of the trustees and the regulations of the investment of funds must be in writing and copies made available to the participants and to the general public.

History.—§7, ch. 59-320; (1)(i) §2, ch. 61-119; (1)(i) §3, ch. 63-196.

185.36 Rights of police officers under former law.—The rights of police officers established or declared by any former provisions of this chapter shall not be impaired nor shall their benefits be reduced by virtue of any provisions of this chapter, provided however that no member may receive the benefits under the former chapter and also be entitled to receive the benefits under this chapter as amended in 1959. Unless an election in writing is made before January 1, 1960, to the board of trustees to remain under the provisions of the former chapter, it shall be conclusively presumed that the provisions of this chapter, as amended, will apply as to all police officers. Members who have retired under the former chapter prior to the enactment of the 1959 law shall continue to receive their benefits under the former chapter. Nothing in this law shall be construed as affecting benefits, due or to become due any police officer under a statutory pension plan.

History.—§7, ch. 59-320.

185.37 Termination of plan and distribution of fund.—Upon termination of the plan for any reason, or upon written notice to the board of trustees that contributions thereunder are being permanently discontinued, the fund shall be apportioned and distributed in accordance with the following procedures:

(1) The board of trustees shall determine the date of distribution and the asset value to be distributed, after taking into account the expenses of such distribution.

(2) The board of trustees shall determine the method of distribution of the asset value, that is, whether distribution shall be by pay-

ment in cash, the maintenance of another or substituted trust fund, by the purchase of insured annuities or otherwise, for each police officer entitled to benefits under the plan, as specified in subsection (3).

(3) The board of trustees shall apportion the asset value as of the date of termination in the manner set forth below, on the basis that the amount required to provide any given retirement income shall mean the actuarially computed single-sum value of such retirement income, except that if the method of distribution determined under subsection (2) involves the purchase of an insured annuity, the amount required to provide the given retirement income shall mean the single premium payable for such annuity.

(a) Apportionment shall first be made in respect of each retired police officer receiving a retirement income hereunder on such date, each person receiving a retirement income on such date on account of a retired (but since deceased) police officer, and each police officer who has, by such date, become eligible for normal retirement but has not yet retired, in the amount required to provide such retirement income, provided that, if such asset value be less than the aggregate of such amounts, such amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such asset value.

(b) If there be any asset value remaining after the apportionment under paragraph (a), apportionment shall next be made in respect of each police officer in the service of the city on such date who has completed at least ten years of credited service and who has contributed to the municipal police officers' retirement trust fund for at least ten years and who is not entitled to an apportionment under paragraph (a), in the amount required to provide the actuarial equivalent of the accrued normal retirement income, based on the police officer's credited service and earnings to such date, and each former participant then entitled to a benefit under the provisions of §185.19, who has not, by such date, reached his normal retirement date, in the amount required to provide the actuarial equivalent of the accrued normal retirement income to which he is entitled under §185.19, provided that, if such remaining asset value be less than the aggregate of the amounts apportioned hereunder, such latter amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(c) If there be an asset value after the apportionments under paragraphs (a) and (b), apportionment shall lastly be made in respect of each police officer in the service of the city on such date who is not entitled to an apportionment under paragraphs (a) and (b) in the amount equal to his total contributions to the plan to date of termination, provided that, if such remaining asset value be less than the aggregate of the amounts apportioned hereunder such latter amounts shall be proportionately re-

duced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(d) In the event that there be asset value remaining after the full apportionment specified in paragraphs (a), (b) and (c), such excess shall be returned to the city, less return of state's contributions to the state, provided that, if the excess is less than the total contributions

made by the city and the state to date of termination of the plan such excess shall be divided proportionately to the total contributions made by the city and the state.

(4) The board of trustees shall distribute, in accordance with the manner of distribution determined under subsection (2), the amounts apportioned under subsection (3).

History.—§8, ch. 61-85; (3)(b) §2, ch. 61-119; (3)(c) and (d) §4, ch. 63-196.

- 186.0180 Accidents involving death or personal injuries or damage to vehicles.
- 186.0181 Duty to give information and render aid.
- 186.0182 Duty to report accidents immediately.
- 186.0183 When driver unable to report.
- 186.0184 Accident report forms.
- 186.0185 Duty upon striking unattended vehicle.
- 186.0186 Duty upon striking fixtures on street or roadway.
- 186.0187 Garages to report.
- 186.0188 Accident reports confidential.
- 186.0189 Application of ordinance.
- 186.0190 Effect of ordinance.
- 186.0191 Uniformity of interpretation between this ordinance and the laws of the state.
- 186.0192 Repeal.
- 186.0193 Publication of ordinance.
- 186.0194 Schedules of designated streets, districts, and zones referred to in ordinance.

(3) BICYCLE.—Every device propelled by human power upon which any person may ride, having two tandem wheels either of which is over 20 inches in diameter, (and including any device generally recognized as a bicycle though equipped with two front or two rear wheels).

(4) BUS.—Every public motor vehicle designed for carrying more than 7 passengers and used for the transportation of persons; and every motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation.

(5) BUS STAND.—A fixed area in the roadway parallel and adjacent to the curb to be occupied exclusively by buses for layover in operating schedules or waiting for passengers.

(6) BUSINESS DISTRICT.—The territory contiguous to a street when 50% or more of the frontage thereon for a distance of 300 feet or more is occupied by buildings in use for business.

(7) CENTER OR CENTER LINE.—A continuous or broken line marked upon the surface of a roadway by paint or otherwise to indicate each portion of the roadway allocated to traffic proceeding in the two opposite directions, and if the line is not so painted or otherwise marked, it is an imaginary line in the roadway equally distant from the edges or curbs of the roadway.

(8) COMMERCIAL VEHICLE.—Every vehicle designed, used or maintained primarily for the transportation of property.

(9) COMMON CARRIER.—The term "regular common carrier of passengers" shall mean

all common carriers of passengers operating between fixed termini, over regular routes and on fixed schedules.

(10) **COUNCIL.**—The governing body of cities of the first and second class.

(11) **CROSSWALK.**—That portion of a roadway ordinarily included with the prolonged or connection of the lateral lines of sidewalks at intersections, or a portion of a roadway distinctly indicated for pedestrian crossing by lines or other marking on the surface.

(12) **CURB LOADING ZONE.**—A space adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials.

(13) **DOUBLE PARKING OR DOUBLE STANDING, OR DOUBLE STOPPING.**—The parking, standing, or stopping of a vehicle upon the roadway side of another vehicle parking, standing, or stopping, but not legally within, or adjacent to an open parking space.

(14) **DRIVER.**—Every person who drives or is in actual physical control of a vehicle.

(15) **FARM TRACTOR.**—Every motor vehicle designed and used primarily as a farm implement for drawing plows, mowing machines, and other implements of husbandry.

(16) **FREIGHT CURB LOADING ZONE.**—A space adjacent to a curb for the exclusive use of vehicles during the loading or unloading of freight.

(17) **HOLIDAYS.**—Where used in this ordinance or on official signs erected by authorized official agencies shall in addition to Sundays mean those entire days declared by law of the state to be legal holidays, to wit: New year's day, Robert E. Lee day, Washington's birthday, Confederate memorial day, Memorial day, Jefferson day, Independence day, Labor day, Columbus day, Good Friday, General election day, Armistice day, Thanksgiving day, and Christmas day.

(18) **INTERSECTION.**—

(a) The area embraced within the prolongation of the lateral curb lines, or, if none, then the lateral boundary lines of two or more roadways which join one another at an angle, whether or not one such roadway crosses the other.

(b) Where a street includes two roadways 30 feet or more apart then every crossing of each roadway of such divided street by an intersecting street shall be regarded as a separate intersection. In the event such intersecting street also includes two roadways 30 feet or more apart, then every crossing of two roadways of such streets shall be regarded as a separate intersection.

(19) **LANED ROADWAY.**—A roadway the bed of which is divided into three or more clearly marked lanes for vehicular traffic.

(20) **MOTORCYCLE.**—Every motor vehicle designed to travel on not more than three wheels in contact with the ground except any vehicle as may be included within the term "tractor" as herein defined.

(21) **MOTOR-DRIVEN CYCLE.**—Every motorcycle, including every motor scooter, with a motor which produces not to exceed 5 horsepower, and every bicycle with motor attached.

(22) **MOTOR VEHICLE.**—All vehicles propelled by power (other than muscular power), trailers, semi-trailers, trailer coaches and trolley coaches, excepting, however, road rollers, and vehicles which operate only upon rails or tracks in place on the ground, or that travel through the air or that derive their motive power from overhead electric lines, farm tractors, farm trailers, and other machines and tools used in the production, harvesting and care of farm products.

(23) **MUNICIPALITY.**—All cities of the first and second class, and all incorporated or unincorporated towns as defined by Florida Statutes.

(24) **OFFICIAL TIME STANDARD.**—Whenever certain hours are named herein they shall mean standard time or daylight saving time as may be in current use in this municipality.

(25) **OFFICIAL TRAFFIC-CONTROL DEVICES.**—All signs, signals, markings, and devices not inconsistent with this ordinance or prohibited by statute, placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning or guiding traffic.

(26) **OFFICIAL TRAFFIC-CONTROL SIGNAL.**—Any device, whether manually, electrically, or mechanically operated, by which traffic is alternately directed to stop and proceed.

(27) **OTHER GOVERNING BODY.**—The governing body of incorporated towns.

(28) **OWNER.**—Any person, association of persons, firm or corporations in whose name the title to a motor vehicle is registered.

(29) **PARK OR PARKING.**—When prohibited means the standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading.

(30) **PARKING METER.**—A mechanical timing device authorized by ordinance of this municipality to be used for the purpose of regulating parking, and which is actuated by the insertion of a coin and the operation of a lever or cranking device.

(31) **PASSENGER CURB LOADING ZONE.**—An area adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers.

(32) **PEDESTRIAN.**—Any person afoot.

(33) **PERSON.**—Natural persons, associations of persons, firms, partnerships, and corporations.

(34) **POLICE OFFICER.**—Every officer of the municipal police department or any such

officer authorized to direct or regulate traffic or to make arrests.

(35) **PRIVATE ROAD OR DRIVEWAY.**—Every road or driveway not open to the use of the public for the purposes of vehicular travel.

(36) **RAILROAD.**—A carrier of persons or property upon cars, other than street cars, operated upon stationary rails.

(37) **RAILROAD SIGN OR SIGNAL.**—Any sign, signal, or device erected by authority of a public body or official or by a railroad and intended to give notice of the presence of railroad tracks or the approach of a railroad train.

(38) **RAILROAD TRAINS.**—A steam engine, electric or other motor, with or without cars coupled thereto, operated upon rails, except street cars.

(39) **RESIDENCE DISTRICT.**—The territory contiguous to a street not comprising a business district when the frontage on such for a distance of 300 feet or more is mainly occupied by dwellings or by dwellings and buildings in use for residence.

(40) **RESTRICTED ACCESS STREET.**—Every street or roadway in respect to which owners or occupants of abutting property or lands and other persons have no legal right of access to or from the same, except at such points only and in such manner as may be determined by the public authority having jurisdiction over such streets or roadway.

(41) **RIGHT-OF-WAY.**—The privilege of the immediate use of the street.

(42) **ROADWAY.**—Those portions of a street or highway improved, designed, or ordinarily used for vehicular travel.

(43) **SAFETY ZONE.**—The area or space officially set aside within a street for the exclusive use of pedestrians and which is so plainly marked or indicated by proper signs as to be plainly visible at all times while set apart as a safety zone.

(44) **SCHOOL BUS.**—Every motor vehicle owned by a public or governmental agency and operated for the transportation of children to or from any school, or privately owned and while being operated primarily for the transportation of children to or from any school.

(45) **SEMI-TRAILER.**—Every vehicle of the trailer type, so designed and used in conjunction with a motor vehicle that some part of its own weight and that of its own load rests upon or is carried by another vehicle.

(46) **SIDEWALK.**—That portion of a street between the curb lines, or the lateral lines of a roadway, and the adjacent property lines intended for the use of pedestrians.

(47) **SPEED LIMITS.**—“Speed limits” shall mean prima facie speed limits as long as the state law provides that speeds in excess of those specified in §317.22, are prima facie evidence of reckless driving. “Speed limits” shall mean maximum speed limits at such time as the state law is amended to establish maximum speed limits.

(48) **STOP.**—When required means complete cessation of movement.

(49) **STOP, STOPPING, OR STANDING.**—When prohibited means any stopping or standing of a vehicle whether occupied or not, other than the temporary stopping of a passenger vehicle for the purpose of and while actually engaged in picking up and discharging passengers, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-control sign or signal.

(50) **STREET OR HIGHWAY.**—Every way or place of whatever nature open to the use of the public, as a matter of right, for purposes of vehicular travel. The term “street” shall not be deemed to include a roadway or driveway upon grounds owned by private persons, colleges, universities, or institutions.

(51) **TAXI—TAXICAB.**—A licensed public motor vehicle for hire designated and constructed to seat not more than seven persons and operating as a common carrier on call or demand.

(52) **TAXI—TAXICAB STAND.**—A fixed area in the roadway parallel and adjacent to the curb set aside for taxicabs to stand or wait for passengers.

(53) **THROUGH ROADWAY.**—A roadway within a through street.

(54) **THROUGH STREET.**—Every street or portion thereof at the entrances to which vehicular traffic from intersecting streets is required by law to stop before entering or crossing the same and where stop signs are erected as provided in this ordinance.

(55) **TRAFFIC.**—Pedestrians, ridden or herded animals, vehicles, street cars, and other conveyances either singly or together while using any street for the purpose of travel.

(56) **TRAILER.**—Every vehicle without motive power, designed to carry property or passengers wholly on its own structure and to be drawn by a motor vehicle.

(57) **TRUCK.**—Any motor vehicle which is used for the transportation or delivery of goods with a body built and designed for that purpose.

History.—Comp. §2, Ch. 57-333.

186.04 Duties of police department.—It shall be the duty of the chief of police with such aid as may be rendered by other members of the police department to enforce the provisions of this ordinance and the state vehicle laws applicable to traffic in this municipality, to make arrests for traffic violations, to assist in the prosecution of persons charged with such violations, to investigate accidents, to cooperate with the traffic engineer and other officials of the municipality in the administration of the traffic ordinance and in developing ways and means to improve traffic conditions, and to carry out those duties specially imposed by this ordinance and the traffic ordinances of this municipality.

History.—§3, Ch. 57-333.

186.05 Police department to submit annual traffic-safety report.—The police department

shall annually prepare a traffic report which shall be filed with the mayor or city manager. Such report shall contain information on traffic matters in this municipality as follows:

(1) The number of traffic accidents, the number of persons killed, the number of persons injured, and other pertinent traffic accident data;

(2) The number of traffic accidents investigated and other pertinent data on the safety activities of the police.

(3) Plans and recommendations for future traffic safety activities.

History.—§4, Ch. 57-333.

186.06 Records of traffic violations.—

(1) The chief of police or other officer of the police department as designated by the chief, or by the clerk of the traffic violations bureau, shall keep a record of all violations of the traffic ordinance of this municipality except standing or parking violations, and of the state vehicle laws of which any person has been charged, together with a record of the final disposition of all such alleged offenses. Such record shall so be maintained as to show the types of violations and the totals of each. Said record shall accumulate during at least a 3-year period and from that time on, the record shall be maintained complete for the most recent 3-year period.

(2) All forms for records of violations and notices of violations which shall include traffic "tickets" issued by police officers, shall be serially numbered. For each month and year a written record shall be kept available to the public showing the disposal of all such forms, and such records, notices, and reports shall be public records.

History.—§5, Ch. 57-333.

186.07 Traffic accident form.—Whenever the accidents at any particular location become numerous, the police department shall cooperate with the traffic engineer in conducting studies of such accidents and determining remedial measures.

History.—§6, Ch. 57-333.

186.08 Traffic accident reports.—

(1) The police department shall maintain a suitable system of filing traffic accident reports. Accident reports, or cards referring to them, shall be filed alphabetically by location. Such reports shall be available for the use and information of the traffic engineer.

(2) The police department shall receive and properly file all accident reports made to it under state law, or under any ordinances of this municipality, but all such accident reports made by drivers shall be solely for the confidential use of the police department, the traffic engineer, the motor vehicle division of the state department of public safety, and the state road department, and no such report shall be admissible in any civil or criminal proceeding other than upon request of the person making such report or upon request of the

court having jurisdiction to prove a compliance with the laws requiring the making of any such report.

History.—§7, Ch. 57-333.

186.09 Drivers files to be maintained.—

(1) The police department shall maintain a suitable record of all traffic accidents, warnings, arrests, convictions, and complaints reported for each driver except those concerning standing or parking, which shall be filed alphabetically under the name of the driver concerned.

(2) Such records shall accumulate during at least a 3-year period and from that time on, such records shall be maintained complete for at least the most recent 3-year period.

History.—§8, Ch. 57-333.

186.10 Traffic engineer.—

(1) The office of traffic engineer is hereby established. The traffic engineer shall be appointed by the city manager, the council or the legislative body of the municipality and shall exercise the powers and duties provided in this ordinance. In the absence of such appointment, or at such times as the traffic engineer may be absent from the municipality or incapable of performing his duties, the duties and powers of the traffic engineer shall be vested in a duly appointed assistant traffic engineer, or if none, or if such assistant be absent from the municipality, or incapable of performing his duties, the said duties shall be vested in the chief of police, or other municipal official as determined and authorized by the city manager, the council or the legislative body.

(2) It is the general duty of the traffic engineer, or chief of police, if no traffic engineer appointed, to plan and determine the installation and proper timing and maintenance of traffic-control devices; to plan and direct the operation of traffic on the streets of this municipality; including parking areas; to conduct investigations of traffic conditions; to cooperate with other municipal and state officials and make recommendations for the improvement of traffic movement and conditions, including improvements in streets, and to carry out the additional powers and duties imposed by ordinances of this municipality or as directed by the city manager or the governing body.

History.—§9, Ch. 57-333.

186.11 Authority to designate through streets.—The traffic engineer or such duly appointed representative as is authorized in §186.10 (1), is hereby authorized to designate streets, or parts of said streets, as through streets.

History.—§10, Ch. 57-333.

186.12 Through streets other than state highways and under the jurisdiction of this municipality, designated.—Those streets and parts of streets described in schedule III attached hereto and made a part hereof are here-

by declared to be through streets for the purpose of this ordinance.

History.—§11, Ch. 57-333.

186.13 Authority to erect stop signs at through streets.—Whenever any ordinance of this municipality designates and describes a through street or when any street is designated as a through street by the traffic engineer, it shall be the duty of the traffic engineer to place and maintain a stop sign on each and every street intersecting such through street or intersecting that part thereof described and designated as such by any ordinance of this municipality, except at those intersections which are controlled by automatic signals or other traffic-control devices.

History.—§12, Ch. 57-333.

186.14 Authority to erect stop signs at other than through streets.—

(1) The traffic engineer is hereby authorized to determine and designate intersections where a particular hazard exists upon other than through streets and to determine whether vehicles shall stop at one or more entrances to any such intersection, and shall erect a stop sign at every place where he shall find a stop required, except at those intersections which are controlled by automatic signals or other traffic-control devices.

(2) Every said stop sign erected pursuant to this ordinance shall be a standard sign adopted by the state road department.

History.—§13, Ch. 57-333.

186.15 Authority to place and obedience to turning markers.—The traffic engineer is authorized to place markers, buttons, or signs within, or adjacent to intersections and thereby require and direct that a different course from that specified in this ordinance be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed, no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs.

History.—§14, Ch. 57-333.

186.16 Authority to place restricted turn signs.—The traffic engineer is hereby authorized to determine those streets or intersections of such streets from which drivers of vehicles shall not make a right, left or U-turn, and shall place proper signs upon such streets and at such intersections. The making of such turns may be prohibited between the hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when such turns are unrestricted.

History.—§15, Ch. 57-333.

186.17 Traffic engineer to designate crosswalks, establish safety zones, and mark traffic lanes.—The traffic engineer is hereby authorized:

(1) To designate and maintain by appropriate devices, marks, or lines upon the surface of the roadway, within the jurisdiction of this

municipality, crosswalks at those places where he shall find that there is particular danger to pedestrians crossing the roadway, and when he shall further find that the existence of a crosswalk will reduce that danger.

(2) To establish safety zones of such kind and character and at such places where he shall find that there is particular danger to pedestrians, and which are consistent with state law, and where he shall find that the existence of a safety zone will reduce that danger.

History.—§16, Ch. 57-333.

186.18 Authority to sign one-way streets, roadways, and alleys.—Whenever any ordinance of this city designates any one-way street, roadway, or alley the traffic engineer shall place and maintain signs giving notice thereof, and no such regulation shall be effective unless such signs are in place. Signs indicating the direction of lawful traffic movement shall be placed at every intersection where movement of traffic in the opposite direction is prohibited.

History.—§17, Ch. 57-333.

186.19 Authority to mark lanes.—

(1) The traffic engineer is authorized to mark lanes upon the roadway of any street where he shall find that a regular alignment of traffic is necessary in the interests of safety and efficiency, or at such places as he may find to be advisable, consistent with the traffic ordinances of this municipality and state law.

(2) Where such traffic lanes have been marked, it shall be a violation of this ordinance for the operator of any vehicle to fail or refuse to keep such vehicle within the boundaries of any such lane except when lawfully passing another vehicle or preparatory to making a lawful turning movement.

History.—§18, Ch. 57-333.

186.20 Authority to prohibit all-night parking.—The traffic engineer is authorized to prohibit all-night parking, and to erect signs giving notice thereof, upon any street or portion thereof, whenever in his opinion such prohibition is necessary or advisable in the interest of public safety.

History.—§19, Ch. 57-333.

186.21 Authority to establish play streets.—The traffic engineer is hereby authorized to declare and to establish, whenever he shall find that the public safety and convenience are best served thereby, any street or part thereof a play street, and to place appropriate signs and barricades enclosing the roadway indicating and helping to protect the same.

History.—§20, Ch. 57-333.

186.22 Play streets.—Whenever authorized signs and barricades are erected enclosing any street or part thereof as a play street, no person shall drive a vehicle upon any such street or portion thereof.

History.—§21, Ch. 57-333.

186.23 Authority to establish traffic-control devices; manual and specifications.—

(1) The traffic engineer shall place and maintain, or remove, traffic-control signs, signals, lane markings, and other devices and shall determine the hours and days during which any traffic-control device shall be in operation or be in effect, when and as required under the traffic ordinances of this municipality to indicate and to carry out the provisions of said ordinances, and may place and maintain such additional traffic-control devices as he may deem necessary to regulate traffic under the traffic ordinances of this municipality and under state law, to regulate, warn, or guide traffic, provided no stop sign or traffic-control signal shall be erected or maintained at any location so as to require the traffic on any state highway to stop before entering or crossing any intersecting highway unless approval in writing has first been obtained from the state road department.

(2) In all respects all traffic-control signs, signals, and devices shall conform to the manual and specifications as approved by the state road department. All signs and signals required hereunder for a particular purpose shall be uniform as to type and location throughout the municipality. All traffic-control devices so erected and not inconsistent with the provisions of state law or this ordinance shall be official traffic-control devices.

History.—§22, Ch. 57-333.

186.24 Emergency and experimental regulations.—

(1) The chief of police, in collaboration with the traffic engineer, is hereby empowered to make all regulations necessary to make effective the provisions of the traffic ordinances of this municipality and to make and enforce temporary or experimental regulations, consistent with this ordinance, to cover emergencies or special conditions. No such regulation shall be effective and in force until and unless adequate signs, signals, or other notices are erected clearly indicating said regulation. No such temporary or experimental regulation shall remain in effect for more than 90 days.

(2) The traffic engineer may test traffic-control devices under actual conditions of traffic.

History.—§23, Ch. 57-333.

186.25 Authority to determine streets and highways where angle parking permitted.—The traffic engineer shall determine the location of angle parking zones, and shall erect and maintain appropriate signs indicating the same and giving notice thereof.

History.—§24, Ch. 57-333.

186.26 Permit for loading and unloading at an angle to the curb.—The traffic engineer or chief of police is authorized to issue permits to permit the back-loading of merchandise or material subject to the terms and conditions of such permit.

History.—§25, Ch. 57-333.

186.27 Authority to prohibit or restrict stopping, standing, or parking of vehicles.—The traffic engineer is hereby authorized to prohibit or restrict the stopping, standing, or parking of vehicles on any street of this municipality, and to erect signs giving notice thereof, in his opinion, such stopping, standing or parking of vehicles interferes with the movement of traffic thereon. Such signs shall be official signs, and no person shall stop, stand, or park any vehicle in violation of the signs.

History.—§26, Ch. 57-333.

186.28 Authority to prohibit parking adjacent to schools.—The traffic engineer is hereby authorized to prohibit parking upon either or both sides of any street adjacent to any school property, and to erect signs giving notice thereof, when such parking, in his opinion would interfere with traffic or create a hazardous situation.

History.—§27, Ch. 57-333.

186.29 Authority to prohibit parking on narrow streets.—The traffic engineer is hereby authorized to prohibit parking upon any street when the width of the roadway does not exceed 20 feet, or upon one side of a street when the width of the roadway does not exceed 30 feet, and to erect signs giving notice thereof.

History.—§28, Ch. 57-333.

186.30 Authority to prohibit standing or parking on one-way streets.—The traffic engineer is authorized to prohibit the standing or parking of vehicles upon the left-hand side of any one-way street and to erect signs giving notice thereof.

History.—§29, Ch. 57-333.

186.31 Authority to permit parking on one-way streets.—The traffic engineer is authorized to determine when standing or parking may be permitted upon the left-hand side of streets which include two or more separate roadways and to erect signs giving notice thereof.

History.—§30, Ch. 57-333.

186.32 Authority to restrict stopping, standing, or parking near hazardous or congested places.—The traffic engineer is hereby authorized to designate by proper signs, places not exceeding 100 feet in length in which the stopping, standing or parking of vehicles would create an especially hazardous condition or would cause unusual delay to traffic.

History.—§31, Ch. 57-333.

186.33 Traffic engineer to designate curb loading zones.—The traffic engineer is hereby authorized to determine the location of passenger and freight curb loading zones and shall place and maintain appropriate signs indicating the same and stating the hours during which the provisions of section are applicable.

History.—§32, Ch. 57-333.

186.34 Traffic engineer to designate truck routes.—The traffic engineer is hereby au-

thorized to designate certain streets as truck routes to be used for the expeditious and convenient movement of farm tractors, trailers, semi-trailers, trucks and other commercial vehicular traffic, and shall give notice thereof by means of appropriate signs placed along such streets.

History.—§33, Ch. 57-333.

186.35 Traffic engineer to designate public carrier stands.—The traffic engineer is hereby authorized to establish bus stops, bus stands, taxicab stands, and stands for other passenger common-carrier motor vehicles on such public streets, in such places and in such number as he shall determine to be of the greatest benefit and convenience to the public. Every such bus stop, bus stand, taxicab stand, or other stand shall be designated by appropriate signs.

History.—§34, Ch. 57-333.

186.36 Parking prohibited at all times on certain streets.—The traffic engineer is hereby authorized to designate certain streets where parking shall be prohibited at all times.

History.—§35, Ch. 57-333.

186.37 Parking prohibited at all times at certain places.—The traffic engineer shall designate certain places where parking shall be prohibited at all times and shall erect signs giving notice thereof.

History.—§36 Ch. 57-333.

186.38 Authority to limit parking time on certain streets.—The traffic engineer shall erect signs in each block limiting the parking time on certain streets and giving notice thereof.

History.—§37, Ch. 57-333.

186.39 Authority to determine metered parking zones.—The traffic engineer is hereby authorized to determine and designate metered parking zones, and to install and maintain upon any of the streets or parts of streets described in schedule VII attached to and made a part of this ordinance as many parking meters as necessary in said metered parking zones, where it is determined that the installation of parking meters shall be necessary to aid in the regulation, control, and inspection of the parking vehicles. The parking meters may be of whatever type as determined by the council or other governing body.

History.—§38, Ch. 57-333.

186.40 Traffic engineer to impose restrictions upon use of streets.—The traffic engineer is hereby authorized to prohibit the use of the roadway by farm tractors, trailers, semi-trailers, and by trucks or other commercial vehicles, and to impose limitations as to the weight thereof on designated streets where in his opinion the public safety is concerned, but said prohibitions and limitations shall not become effective until notice thereof is given by means of appropriate signs placed on such streets.

History.—§39, Ch. 57-333.

186.41 Authority to prohibit bicycle riding on specified streets.—The traffic engineer is authorized to erect signs on any sidewalk or street prohibiting the riding of bicycles thereon by any person, and when such signs are in place no person shall disobey the same.

History.—§40, Ch. 57-333.

186.42 Traffic violations bureau created.—

(1) The police magistrate may establish a traffic violations bureau to assist the court with the clerical work of traffic cases. The bureau shall be in charge of such person or persons and shall be open on such days excluding Sundays and full legal holidays and at such hours as the police magistrate may designate.

(2) The police magistrate or magistrates who hear traffic cases shall designate the traffic ordinances of this municipality for violation of which payments of fines may be accepted by the traffic violations bureau, and shall specify by suitable schedules the amount of such fines for first, second, or subsequent offenses, provided such fines are within the limits provided by law, and shall further specify what number of such offenses shall require an appearance before the magistrate.

(3) The police magistrate or magistrates are hereby authorized to suspend the payment of any costs, or fine, or penalty, and to remit any costs or fine or penalty assessed for any violation of any provision of this ordinance, and to suspend any jail sentence imposed for a violation of any provision of this ordinance.

History.—§41, Ch. 57-333.

186.43 When person charged may elect to appear at bureau or before judge.—

(1) Any person charged with an offense for which payment of a fine may be made to the traffic violations bureau shall have the option of paying such fine within the time specified in the traffic citation or notice of arrest at the traffic violations bureau, upon entering a plea of guilty and upon waiving appearance in court; or depositing any required lawful bail, and upon a plea of not guilty shall be entitled to a trial as authorized by law.

(2) The payment of a fine to said bureau shall be deemed an acknowledgment of violation of the designated ordinance and the bureau, upon accepting the prescribed fine, shall issue a receipt to the violator acknowledging payment thereof.

History.—§42, Ch. 57-333.

186.44 Duties of traffic violations bureau.—The following duties are hereby imposed upon the traffic violations bureau in reference to traffic offenses:

(1) It shall accept designated fines, issue receipts, and represent in court such violators as are permitted and desire to plead guilty, waive court appearance, and give power of attorney.

(2) It shall receive and issue receipts for bail from the persons who must, or wish to

be heard in court, enter the time of their appearance on the court docket, and notify the arresting officer and witnesses, if any, to be present.

(3) It shall keep an easily accessible record of all violations of which each person has been guilty during the preceding 12 months, whether such guilt was established in court or in the traffic violations bureau.

History.—§43, Ch. 57-333.

186.45 Traffic violations bureau to keep records.—The traffic violations bureau shall keep records and submit summarized monthly reports to the police department of all notices and citations issued and arrests made for violations of the traffic laws and ordinances in this municipality, and of all fines collected by the traffic violations bureau, and of the final disposition or present status of every case of violation of the provisions of said ordinances. Such records shall be so maintained as to show all types of violations and the totals of each. Said records shall be public records.

History.—§44, Ch. 57-333.

186.46 Additional duties of traffic violations bureau.—The traffic violations bureau shall follow such procedures as may be prescribed by the traffic ordinances of this municipality, or as may be required by any laws of the state of Florida.

History.—§45, Ch. 57-333.

186.47 Parties.—Every person who commits, attempts to commit, conspires to commit, or aids or abets in the committing of, any act declared herein to be in violation of the ordinance of this municipality, whether individually, or in connection with one or more other persons, or as a principal, agent, or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcibly, or wilfully induces, causes, coerces, requires, permits, or directs another to violate any provision of this ordinance is likewise guilty of such offense.

History.—§46, Ch. 57-333.

186.48 Offenses by persons owning or controlling vehicles.—Neither the owner, or any person, employing or otherwise directing the driver of any vehicle, shall require or knowingly permit the operation of such vehicle upon a street of this municipality in any manner contrary to law.

History.—§47, Ch. 57-333.

186.49 Penalties.—Unless another penalty is expressly provided herein, every person found guilty of a violation of any provision of this ordinance, may be punished by imprisonment and/or fined not in excess of the punishment provided for in the city charter.

History.—§48, Ch. 57-333.

186.50 Forms and notices of citations, arrest or appearance.—The municipality shall provide in triplicate, suitable serially num-

bered forms for notifying alleged violators to appear and answer to charges of violating traffic ordinances. Such forms shall be issued to and receipted for by the chief of police or other person acting for him. The municipal clerk shall each month report to the police magistrate the disposition made by the police of all triplicate forms issued to them. For this purpose the municipal clerk or his representative, shall have access to the necessary records of the police department, of this municipality, and the traffic violations bureau. These reports shall be public records.

History.—§49, Ch. 57-333.

186.51 Procedure upon arrest.—

(1) In every case of arrest under §186.0177, persons under influence of intoxicating liquor or of drugs, and §186.0178, reckless driving, or where it appears doubtful whether the violator will appear pursuant to a written citation or notice, the violator shall be kept in custody, and in every other case of arrest, where the violation is willful, wanton, and deliberate, the violator may be kept in custody, by the police department, unless lawfully released on bond, until trial, or until he shall have complied with the penalty imposed by the court, as the case may be.

(2) Except when directed by this ordinance to keep in custody a person arrested for a violation of any of the traffic ordinances, or where any lawful bail is required, any police officer, upon making an arrest for violation of the traffic ordinances of this municipality, shall take the name, address, and operator's license number of the alleged violator and the registration number of the motor vehicle involved, and shall issue to him in writing on the form provided by the municipal clerk, a citation or notice to answer to the charge against him at a place and at a time at least 48 hours after such arrest unless the person arrested shall demand an earlier hearing, to be specified in the notice. The officer, upon receiving the written promise of the alleged violator to answer as specified in the citation or notice, shall release such person from custody.

(3) The place specified in said notice to appear must be before a magistrate within the municipality in which the offense charged is alleged to have been committed, and before a magistrate who has jurisdiction of such offenses.

(4) The person arrested, in order to secure release as provided in this section, must give his written promise to appear in court or plead guilty as provided, by signing in triplicate the written citation or notice prepared by the arresting officer.

(5) Any officer violating any of the provisions of this section shall be guilty of misconduct in office and shall be subject to removal from office.

History.—§50, Ch. 57-333.

186.52 Failure to obey notice or summons.—

(1) The violation of a written promise to

appear, given to an officer upon arrest or issuance of a traffic citation for any traffic violation, shall constitute a violation of this ordinance regardless of the disposition of the original charge.

(2) A written promise to appear in court may be complied with by an appearance by counsel.

(3) The foregoing provisions of this ordinance shall govern all police officers in making arrests without a warrant for offenses committed in their presence, but the procedure prescribed herein shall not otherwise be exclusive of any other method prescribed by law for the arrest and prosecution of a person for an offense of like grade.

History.—§51, Ch. 57-333.

186.53 Notice on illegally parked vehicle.—Whenever any motor vehicle without driver is found parked, stopped, or standing, in violation of any of the restrictions imposed by ordinance of this municipality, the officer finding such vehicle shall take its registration number, and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to such a vehicle a traffic citation or notice in writing, on a form provided by the municipal clerk, for the driver to answer the charge against him within 48 hours, during the hours and at a place specified in the notice.

History.—§52, Ch. 57-333.

186.54 Failure to comply with notice attached to parked vehicle.—If a violator of the restrictions on stopping, standing, or parking under these ordinances does not appear in response to a notice or citation affixed to such motor vehicle within a period of 48 hours the municipal clerk or the traffic violations bureau shall send the owner of the motor vehicle to which the notice or citation was affixed, a letter informing him of the violation, and warning him that in the event such letter is disregarded for a period of 5 days a warrant of arrest will be issued.

History.—§53, Ch. 57-333.

186.55 Presumption in reference to illegal parking, operating, stopping, etc.—

(1) In any prosecution charging a violation of any ordinance governing the stopping, standing, parking, or operating of a vehicle, proof that the particular vehicle described in the complaint was parked or operated in violation of any such ordinance or regulation, together with proof that the defendant named in the complaint was at the time of such parking or operating the registered owner of such vehicle, shall constitute in evidence a prima facie presumption that the registered owner of such vehicle was the person who stopped, stood, parked, or operated such vehicle at the point where, and for the time during which, such violation occurred.

(2) The foregoing stated presumption shall apply only when the procedure as prescribed

in §§186.53 and 186.54 has been followed.

History.—§54, Ch. 57-333.

186.56 When warrant is to be issued.—In the event any person fails to comply with a notice given to such person or attached to a vehicle or fails to make appearance pursuant to a summons directing an appearance in the police magistrate's court or the traffic violations bureau, or if any person fails or refuses to deposit bail as required and within the time permitted by ordinance, the municipal clerk or a clerk of the traffic violations bureau shall forthwith secure and issue and have served a warrant for his arrest.

History.—§55, Ch. 57-333.

186.57 Disposition of traffic fines and forfeitures.—

(1) All fines or forfeitures collected upon a finding of violation of ordinance, or upon the forfeitures of bail of any person charged with violation of any of the provisions of this ordinance, shall be paid into the municipal treasury and deposited in the general fund.

(2) The police magistrate or magistrates are hereby authorized to suspend the payment of any costs, or fine, or penalty, and to remit any costs or fine or penalty assessed for any violation of any provision of this ordinance, and to suspend any jail sentence imposed for a violation of any provision of this ordinance.

History.—§56, Ch. 57-333.

186.58 Official misconduct.—Failure, refusal, or neglect on the part of any judicial or other officer or employee receiving or having custody of any such fine or forfeiture, either before or after a deposit in said fund, to comply with the provisions of §186.57 shall constitute misconduct in office and shall be grounds for removal therefrom.

History.—§57, Ch. 57-333.

186.59 Authority to impound vehicles.—Members of a police department are hereby authorized to remove a vehicle from a street to the nearest garage or other place of safety, or to a garage designated or maintained by the police department, or by this municipality, under the circumstances hereinafter enumerated:

(1) When any vehicle is left unattended upon any bridge, causeway, or viaduct, or in any subway, where such vehicle constitutes an obstruction to traffic.

(2) When a vehicle upon a street is so disabled as to constitute an obstruction to traffic, or the person or persons in charge of the vehicle are by reason of physical injury incapacitated to such an extent as to be unable to provide for its custody and removal.

(3) When a vehicle is found being operated upon the streets and is not in proper condition.

(4) When any vehicle is left unattended upon a street and is so parked illegally as to constitute a definite hazard or obstruction to the normal movement of traffic.

(5) When any vehicle is left unattended upon a street continuously for more than 24 hours and may be presumed to be abandoned.

(6) When the driver of such vehicle is taken into custody by the police department and such vehicle would thereby be left unattended upon a street.

(7) When removal is necessary in the interest of public safety because of fire, flood, storm, or other emergency reason.

(8) Any violator taken into custody pursuant to §186.51 may at the discretion of the police magistrate be released without posting bond, if the violator agrees to the impounding in a garage authorized by this ordinance of the vehicle owned and driven by the violator or to surrender his or her driver's license to insure the violator's appearance in the municipal court to answer the charges against same, and pay such fine as may be assessed against the violator.

(9) No vehicle impounded in an authorized garage as herein provided shall be released therefrom until the charges for towing such vehicle into the garage, and storage charges have been paid. The charge for towing or removal of any such vehicle and storage charges shall be fixed by the police magistrate, such charges to be based upon a computation of all actual expenses entering into the current cost of such services. Such charge or charges shall be posted by public inspection in the office of the municipal clerk or the traffic violations bureau, and in any authorized garage.

History.—§58, Ch. 57-333.

186.60 Notice of impounding.—

(1) Whenever an officer removes a vehicle from a street as authorized in this section, and the officer knows or is able to ascertain the name and address of the owner thereof, such officer shall immediately give or cause to be given notice in writing to such owner of the fact of such removal, and the reasons therefor, and of the place to which such vehicle has been removed. In the event any such vehicle is stored in an authorized garage, a copy of such notice shall be given to the proprietor of such garage.

(2) Whenever an officer removes a vehicle from a street under this section, and does not know and is not able to ascertain the name of the owner, or for any other reason is unable to give the notice to the owner as hereinbefore provided, and in the event the vehicle is not returned to the owner within a period of 3 days, then and in that event the officer shall immediately send or cause to be sent written report of such removal by mail to the motor vehicle commission, and shall file copy of such notice with the proprietor of any authorized garage in which the vehicle may be stored. Such notice shall include a complete description of the vehicle, the date, time, and place from which removed, the reasons for such removal, and the name of the garage or place where the vehicle is stored.

History.—§59, Ch. 57-333.

186.61 Obedience to official traffic-control devices.—No driver of a vehicle shall disobey the instructions of any traffic-control device placed in accordance with the provisions of the ordinances of this municipality, unless at the time otherwise directed by a police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this ordinance.

History.—§60, Ch. 57-333.

186.62 When traffic devices required for enforcement purposes.—No provision of this ordinance for which signs or marking are required shall be enforced against an alleged violator, if at the time and place of the alleged violation an official sign or marking is not in proper position and sufficiently legible to be seen by an ordinarily observant person.

History.—§61, Ch. 57-333.

186.63 Traffic-control signal legend.—

Whenever traffic is controlled by traffic-control signals exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights successively one at a time, or with arrows, the following colors only shall be used and said terms and lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green alone or "Go":

(a) Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn, but vehicular traffic including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk, unless such movement is governed by a pedestrian control signal.

(2) Yellow alone or "Caution" when shown following the green or "Go" signal:

(a) Vehicular traffic facing the signal is thereby warned that the red or "Stop" signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.

(b) Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall stop and yield the right-of-way to all vehicles, provided, however, that any pedestrian lawfully within the intersection at the time such signal is exhibited shall retain the right-of-way as to vehicles.

(3) Red alone or "Stop":

(a) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "Go" is shown alone.

(b) No pedestrian facing such signal shall

enter the roadway or otherwise interfere with any vehicular traffic, unless directed so to proceed by a pedestrian control signal.

(4) Red with green arrow:

(a) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk, and to other traffic lawfully using the intersection.

(b) No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

(5) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

History.—§62, Ch. 57-333.

186.64 Pedestrian walk-and-wait signals.—

Whenever special pedestrian-control signals exhibiting the words "Walk" or "Wait," or "Don't Walk," are in place, such signals shall indicate as follows:

(1) "WALK."—Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles except emergency vehicles.

(2) "WAIT" OR "DON'T WALK".—No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal may proceed to a sidewalk or safety zone while the "Wait" or "Don't Walk" signal is showing.

History.—§63, Ch. 57-333.

186.65 Flashing signals.—Whenever flashing red or yellow signals are used they shall require obedience by vehicular traffic as follows:

(1) FLASHING RED (STOP SIGNALS).—When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk, at an intersection or at a limit line when marked, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(2) FLASHING YELLOW (CAUTION SIGNAL).—When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution, and in no event at a speed greater than 15 miles per hour.

History.—§64, Ch. 57-333.

186.66 Display of unauthorized signs, signals, or markings.—

(1) No person shall place, maintain, or display upon or in view of any street, any unauthorized sign, signal, marking, or device which purports to be, or is an imitation of, or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any street and traffic sign or signal or parking meter bearing thereon any commercial advertising.

(3) This shall not be deemed to prohibit the erection upon private property adjacent to streets or signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance, and the traffic engineer is hereby empowered to remove the same or cause it to be removed without notice.

History.—§65, Ch. 57-333.

186.67 Interference with official traffic-control devices or railroad signs or signals.—

No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal, or any inscription, shield, or insignia thereon, or any part thereof.

History.—§66, Ch. 57-333.

186.68 Vehicles approaching or entering intersection.—

(1) The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different street or highway.

(2) When two vehicles enter an intersection from different roadways at the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(3) The foregoing rules are modified at through streets and highways and as otherwise hereinafter stated.

History.—§67, Ch. 57-333.

186.69 Vehicle turning left at intersection.—

The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to all vehicles approaching from the opposite direction which are within the intersection or so close thereto as to constitute an immediate hazard.

History.—§68, Ch. 57-333.

186.70 Vehicles entering through street intersection.—

The driver of a vehicle shall stop as required by this ordinance at the entrance to a through street and shall yield the right-of-way to other vehicles which have entered the intersection from said through street, or which are approaching so closely on said

through street as to constitute an immediate hazard.

History.—§69, Ch. 57-333.

186.71 Vehicles entering stop intersection or approaching railroad crossing.—When signs are erected giving notice thereof, the driver of a vehicle shall likewise stop in obedience to a stop sign as required herein at an intersection or a railroad crossing where a stop sign is erected at one or more entrances thereto, although not a part of a through street, and shall proceed cautiously, yielding to vehicles not so obliged to stop which are within the intersection or approaching so closely as to constitute an immediate hazard, but may then proceed, except when otherwise directed by a police officer or traffic-control signal.

History.—§70, Ch. 57-333.

186.72 Vehicle entering street from private road or driveway.—The driver of a vehicle about to enter or cross a street from a private road or driveway shall yield the right-of-way to all vehicles approaching on said street.

History.—§71, Ch. 57-333.

186.73 Stop before entering or emerging from alley or private driveway.—

(1) The driver of a vehicle entering or emerging from an alleyway, driveway, or building shall stop such vehicle immediately prior to driving onto a sidewalk or into a sidewalk area extending across any alleyway, or private driveway, yielding the right-of-way to all traffic, vehicle or pedestrian, approaching in said alleyway, driveway, or sidewalk, or upon said street.

(2) The driver of a vehicle entering or emerging from an alley, driveway, or building in a business district shall except when entering or emerging from a one-way street only turn such vehicle to the right.

History.—§72, Ch. 57-333.

186.74 Stop when traffic obstructed.—No operator of a vehicle shall enter an intersection or a marked crosswalk unless there is sufficient space beyond such intersection or crosswalk in the direction on which said vehicle is proceeding to accommodate the vehicle without obstructing the passage of other vehicles or pedestrians, notwithstanding any traffic-control signal indication to proceed.

History.—§73, Ch. 57-333.

186.75 Obedience to signal indicating approach of railroad train or bridge opening.—

(1) Whenever any person driving a vehicle approaches a railroad crossing or bridge over waterway and a clearly visible electric or mechanical signal device gives warning of the immediate approach of a train, the driver of such vehicle shall stop within 50 feet but not nearer than 10 feet from the nearest track of such railroad or barriers or stop signals on approaches to said bridges, and shall not proceed until he can do so safely.

(2) The driver of a vehicle shall stop said

vehicle and not traverse such a grade crossing or bridge when a crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach of a railroad train or the intended opening of such bridge to permit watercraft to pass thereunder.

(3) No person shall drive any vehicle through, around, or under any crossing gate or barrier at a railroad grade crossing or bridge while such gate or barrier is closed or is being opened or closed.

(4) The above stopping requirements shall apply also when a railroad train approaching the street crossing emits an audible signal and such railroad train, by reason of its speed or nearness to such crossing, is an immediate hazard, or when an approaching railroad train is plainly visible and is in hazardous proximity to such crossing.

History.—§74, Ch. 57-333.

186.76 Certain vehicles must stop at all railroad grade crossings.—

(1) The driver of any common carrier carrying passengers, or of any school bus carrying any school child, or of any vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop such vehicle within 50 feet but not nearer than 10 feet from the nearest rail of such railroads and while so stopped shall listen and look in both directions along such track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he can do so safely.

(2) No stop need be made at any such crossing where a police officer or a traffic-control signal directs traffic to proceed.

(3) When stopping as required at such railroad crossing the driver shall keep as far to the right of the roadway as possible and shall not form two lanes of traffic unless the street or roadway is marked for 4 or more lanes of traffic.

History.—§75, Ch. 57-333.

186.77 State speed laws applicable.—The state traffic laws regulating the speed of vehicles shall be applicable upon all streets within this municipality, except as this ordinance, as authorized by state law, hereby declares and determines upon the basis of engineering and traffic investigation that certain speed regulations shall be applicable upon specified streets or in certain areas, in which event it shall be unlawful for any person to drive a vehicle at a speed in excess of any speed so declared in this ordinance when signs are in place giving notice thereof; provided, however, if the state laws prescribe prima facie speed limits, it shall be prima facie unlawful for any person to exceed any speed limit established under this ordinance when signs are erected giving notice thereof. (See speed schedules at end of ordinance.)

History.—§76, Ch. 57-333.

186.78 Special hazards.—The fact that the speed of a vehicle is lower than the prescribed limits shall not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazards exist or may exist with respect to pedestrians, or other traffic or by reason of weather or other roadway conditions, and speed shall be decreased as may be necessary to avoid colliding with any person, vehicle, or other conveyance on or entering the street in compliance with legal requirements and the duty of all persons to use due care.

History.—§77, Ch. 57-333.

186.79 Minimum speed regulation.—

(1) No person shall drive a motor vehicle on any street at such a slow speed as to impede or block the normal and reasonable forward movement of traffic, except when a reduced speed shall be necessary for safe operation of such vehicle or in compliance with law.

(2) If any person shall drive a motor vehicle at a speed so slow as to impede the forward movement of traffic proceeding immediately behind such vehicle, on any street whereon a higher speed shall be lawful, then said person shall, when the width of the roadway permits, drive to the extreme right side of the street until such impeded traffic shall have passed by.

History.—§78, Ch. 57-333.

186.80 Emergency vehicles not subject to speed limits.—The speed limitations set forth in this chapter shall not apply to authorized emergency vehicles when responding to emergency calls and the drivers thereof sound audible signal by bell, siren, or exhaust whistle. This provision shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard to the safety of all persons using the street, nor shall it protect the driver of any such vehicle from the consequences of a reckless disregard for the safety of others.

History.—§79, Ch. 57-333.

186.81 Notice charging violation shall designate speed.—In every charge of violation of §§186.77-186.80, the complaint, also the summons or notice to appear shall specify the speed at which the defendant is alleged to have driven, also the speed limit applicable within the district or at the location.

History.—§80, Ch. 57-333.

186.82 When signal required.—

(1) No person shall turn a vehicle from a direct course upon a roadway unless and until such movement can be made with reasonable safety and then only after giving a clearly audible signal by sounding the horn if any pedestrian may be affected by such movement or after giving an appropriate signal in the

manner hereinafter provided, in the event any other vehicle may be affected by such movement.

(2) A signal of intention to turn right or left shall be given continuously during not less than the last 100 feet travelled by the vehicle before turning regardless of the weather.

(3) No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear.

History.—§81, Ch. 57-333.

186.83 Required position and method of turning at intersections.—The driver of a vehicle intending to turn at an intersection shall do so as follows:

(1) Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(2) Where both intersecting roadways are two-way, the approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered, and in all cases except where otherwise directed by signs or markings simultaneous left turns by opposing traffic should be made in front of each other.

(3) Approach for a left turn from a two-way street into a one-way street shall be made in that portion of the right half of the roadway nearest the center line thereof and the turn shall be made by turning from the right of such center line where it enters the intersection as close as practicable to the left-hand curb of the one-way roadway.

(4) A left turn from a one-way street into a two-way street shall be made by passing to the right of the center line of the roadway being entered upon leaving the intersection, and the approach for such turn shall be made as close as practicable to the left-hand curb of the one-way street.

(5) Where both intersecting roadways are one-way, both the approach for a left turn and a left turn shall be made as close as practicable to the left-hand curb or edge of the roadway.

History.—§82, Ch. 57-333.

186.84 Obedience to no-turn signs.—Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no driver of a vehicle shall disobey the directions of any such signs.

History.—§83, Ch. 57-333.

186.85 Limitations on U-turns.—No driver of any vehicle shall turn such vehicle so as to proceed in the opposite direction upon any street in a business district, or at any intersection controlled by traffic signal, and shall not make said U-turn upon any other street except at an intersection, and then only from the right-hand side of the street when such

movement can be made in safety and without interfering with other traffic.

History.—§84, Ch. 57-333.

186.86 Moving parked vehicle.—No person except when stopping, standing or parking where angle parking is permitted, shall start a vehicle which is stopped, standing, or parked on a street without first giving the visible signal as provided in §186.90(4) of his intention so to do, and in any case unless and until such movement can be made with safety.

History.—§85, Ch. 57-333.

186.87 Limitations on backing.—The driver of a vehicle shall not back the same unless such movement can be made with reasonable safety and without interfering with other traffic, and shall not back into a street intersection, or on or over a crosswalk, or around a street corner and in no event shall the distance of the backing movement exceed 50 feet, and shall in every case yield the right-of-way to moving traffic and pedestrians.

History.—§86, Ch. 57-333.

186.88 Opening door of and entering and emerging from vehicle.—No person shall open the door of, or enter or emerge from any vehicle in the path of any approaching vehicle.

History.—§87, Ch. 57-333.

186.89 Signals by hand and arm or signal device.—The signals herein required shall be given either by means of the hand and arm or by a signal lamp or signal device of a type approved by the state department of public safety, but when a vehicle is so constructed or loaded that a hand and arm signal would not be visible both to the front and rear of such vehicle then said signals must be given by such a lamp or device.

History.—§88, Ch. 57-333.

186.90 Method of giving hand and arm signals.—All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signals shall indicate as follows:

(1) Left turn—hand and arm extended horizontally;

(2) Right turn—hand and arm extended upward;

(3) Stop or decrease of speed—hand and arm extended downward;

(4) Re-entering lane of traffic from parked position—hand and arm extended horizontally.

History.—§89, Ch. 57-333.

186.91 Drive on right side of roadway; exceptions.—Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) When the right half of a roadway is closed to traffic while under construction or repair;

(3) Upon a roadway divided into three lanes for traffic under the rules applicable thereon; or

(4) Upon a roadway designated and signposted for one-way traffic.

History.—§90, Ch. 57-333.

186.92 Passing vehicles proceeding in opposite directions.—Drivers of vehicles proceeding in opposite directions shall pass each other keeping to the right, and upon the roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible.

History.—§91, Ch. 57-333.

186.93 Overtaking a vehicle on the left.—

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

History.—§92, Ch. 57-333.

186.94 When overtaking on the right is permitted.—

(1) A driver of a vehicle may overtake and pass upon the right of another vehicle which is making or about to make a left turn.

(2) The driver of a vehicle may overtake and pass upon the right of another vehicle upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two or more lines of moving vehicles, but only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway.

History.—§93, Ch. 57-333.

186.95 Limitations on overtaking on the left.—No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the righthand side of the roadway before coming within 100 feet of any vehicle approaching from the opposite direction.

History.—§94, Ch. 57-333.

186.96 One-way streets, alleys and rotary traffic island.—

(1) Upon a street or alley designated and signposted for one-way traffic a vehicle shall be driven only in the direction designated.

(2) A vehicle passing around a rotary traffic island shall be driven only to the right of such island.

History.—§95, Ch. 57-333.

186.97 Driving on roadways laned for traffic.—Whenever any roadway has been divided into three or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply.

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation. Under no condition shall an attempt be made to pass upon the shoulder or any portion of the roadway remaining to the right of the indicated right-hand traffic lane.

History.—§96, Ch. 57-333.

186.98 Driving on divided streets.—Whenever any street has been divided into two roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway and no vehicle shall be driven over, across, or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection established by the traffic engineer.

History.—§97, Ch. 57-333.

186.99 Restricted access.—When signs are erected giving notice thereof, no person shall drive a vehicle onto or from any controlled-access roadway except at those entrances and exits which are indicated by said signs.

History.—§98, Ch. 57-333.

186.0100 Standing or parking close to curb.—Except where angle parking or parking on one-way streets is permitted by this ordinance, every vehicle stopped or parked upon a street where there is an adjacent curb shall be so stopped or parked with the right-hand wheels of such vehicle parallel with and within 12 inches of the right-hand curb.

History.—§99, Ch. 57-333.

186.0101 Obedience to angle-parking signs

or markings.—Upon those streets which have been signed or marked by the traffic engineer for angle parking, no person shall stop, stand or park a vehicle other than at the angle to the curb or edge of the roadway indicated by such signs or markings.

History.—§100, Ch. 57-333.

186.0102 Permit for loading and unloading at an angle to the curb.—No persons shall stop, stand, or park any vehicle at right angles to the curb for the purpose of loading or unloading of merchandise without a permit issued by the traffic engineer or his authorized representative.

History.—§101, Ch. 57-333.

186.0103 Lights on parked vehicles.—

(1) Whenever a vehicle equipped with all reflectors required by law is lawfully parked at night-time upon any street within this municipality, no lights need be displayed upon such parked vehicle.

(2) Any lighted headlamps upon a parked vehicle shall be depressed or dimmed, in event cowl or parking lamps are not used.

History.—§102, Ch. 57-333.

186.0104 Stopping, standing, or parking prohibited in specified places.—

(1) No person shall stop, stand, or park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-control device, in any of the following places:

- (a) On a sidewalk;
- (b) In front of a public or private driveway;
- (c) Within an intersection;
- (d) Within 15 feet of a fire hydrant;
- (e) On a crosswalk;
- (f) Within 20 feet of a crosswalk at an intersection;

(g) Within 30 feet of any flashing beacon, stop sign, or traffic-control signal located at the side of a roadway;

(h) Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless the traffic engineer indicates a different length by signs or markings;

(i) Within 50 feet of the nearest rail of a railroad or bridge;

(j) Within 20 feet of the driveway entrance to any fire station and, on the side of a roadway opposite the entrance to any fire station, within 75 feet of said entrance when properly signposted;

(k) Alongside or opposite any street or highway excavation or obstruction when such stopping, standing, or parking would obstruct traffic;

(l) On the roadway side of any vehicle stopped, or parked at the edge or curb of a street;

(m) Upon any bridge or other elevated

structure upon a street or within a street tunnel;

(n) At any place where official signs prohibit stopping, standing, or parking.

(2) No person shall move a vehicle not owned by or in charge of such person, into any such prohibited area or away from a curb such distance as is unlawful.

History.—§103, Ch. 57-333.

186.0105 Unattended motor vehicle.—No person driving or in charge of any motor vehicle except a licensed delivery truck or other delivery vehicle, shall permit it to stand unattended without first stopping the engine, locking the ignition, and removing the key. No vehicle shall be permitted to stand unattended upon any perceptible grade, without stopping the engine and effectively setting the brake thereon, and turning the front wheels to the curb or side of the street.

History.—§104, Ch. 57-333.

186.0106 Parking not to obstruct traffic.—

(1) No person shall park any vehicle upon a street, in such a manner or under such conditions as to leave available less than 10 feet of the width of the roadway for free movement of vehicular traffic.

(2) Where streets are not completely paved or curbs provided, the parking of a car shall not usurp more than 12 inches of the paved portion of the street.

History.—§105, Ch. 57-333.

186.0107 Stopping, standing, or parking in alleys.—

(1) No person shall stop, stand, or park a vehicle within an alley in a business district except for the expeditious loading or unloading of materials, and in no event for a period of more than 20 minutes, and no person shall stop, stand, or park a vehicle in any other alley in such a manner, or under such conditions as to leave available less than 10 feet of the width of the roadway for the free movement of vehicular traffic.

(2) No person shall stop, stand, or park a vehicle within an alley in such position as to block the driveway or entrance to any abutting property.

History.—§106, Ch. 57-333.

186.0108 Authority to remove and impound vehicles.—

(1) Whenever any police officer finds a vehicle standing upon a street or alley in violation of any of the foregoing provisions of this article, such standing upon a street or alley in violation of any of the foregoing provisions of this article, such officer is hereby authorized to move such vehicle, or require the driver or person in charge of the vehicle to move the same to a position off the paved or improved or main traveled part of such street or alley.

(2) Whenever any police officer finds a

vehicle unattended upon any street, bridge, or causeway, or in any tunnel within this municipality where such vehicle constitutes an obstruction to traffic, such officer is hereby authorized to provide for the removal of such vehicle in accordance with the provisions of §§186.59 and 186.60.

History.—§107, Ch. 57-333.

186.0109 All-night parking prohibited.—No person, except physicians or other persons on emergency calls, shall park a vehicle on any street marked to prohibit all-night parking and giving notice thereof, for a period of time longer than 30 minutes between the hours of 2 a.m. and 5 a.m. of any day.

History.—§108, Ch. 57-333.

186.0110 Parking for certain purposes prohibited.—No person shall park a vehicle upon any street for the principal purpose of:

(1) Displaying such vehicle for sale.

(2) Washing, greasing, or repairing such vehicle, except repairs necessitated by an emergency.

(3) Displaying advertising.

(4) Selling merchandise from such vehicle except in a duly established market place, or when so authorized or licensed under the ordinances of this municipality.

(5) Storage, or as junkage or dead storage for more than 24 hours.

History.—§109, Ch. 57-333.

186.0111 Parking adjacent to schools.—When signs are erected giving notice thereof, no person shall park upon either or both sides of any street adjacent to any school.

History.—§110, Ch. 57-333.

186.0112 Parking prohibited on narrow streets.—When official signs are erected prohibiting parking upon narrow streets, no person shall park a vehicle upon any such street in violation of any such sign.

History.—§111, Ch. 57-333.

186.0113 Standing or parking on one-way streets.—When appropriate signs are erected giving notice thereof, no person shall stand or park a vehicle upon the left-hand side of any one-way street in violation of any such sign.

History.—§112, Ch. 57-333.

186.0114 Standing or parking on one-way roadways.—In the event a street includes two or more separate roadways and traffic is restricted to one direction upon any such roadway, no person shall stand or park a vehicle upon the left-hand side of such one-way roadway unless signs are erected to permit such standing or parking.

History.—§113, Ch. 57-333.

186.0115 Stopping, standing, or parking near hazardous or congested places.—When official signs are erected at hazardous or congested places, no person shall stop, stand, or

park a vehicle in any such designated place.

History.—§114, Ch. 57-333.

186.0116 Standing in passenger curb loading zone.—No person shall stop, stand, or park a vehicle for any purpose or period of time except for the expeditious loading or unloading of passengers in any place marked as a passenger curb loading zone during hours when the regulations applicable to such passenger curb loading zone are effective, and then only for a period not to exceed 5 minutes.

History.—§115, Ch. 57-333.

186.0117 Standing in freight curb loading zone.—

(1) No person shall stop, stand, or park a vehicle for any purpose or length of time other than for the expeditious unloading and delivery or pick-up and loading of materials in any place marked as a freight curb loading zone during hours when the provisions applicable to such zones are in effect. In no case shall the stop for loading and unloading of materials exceed 30 minutes.

(2) The driver of a vehicle may stop temporarily at a place marked as a freight curb loading zone for the purpose of and while actually engaged in loading or unloading passengers, when such stopping does not interfere with any motor vehicle used for the transportation of materials which is waiting to enter or about to enter such zone.

History.—§116, Ch. 57-333.

186.0118 Standing in restricted parking zone.—No person shall stop, stand, or park a vehicle for any purpose or length of time in any restricted parking zone other than for the purpose to which parking in such zone is restricted, except that a driver of a passenger vehicle may stop temporarily in such zone for the purpose of and while actually engaged in loading or unloading of passengers when such stopping does not interfere with any vehicle which is waiting to enter or about to enter the zone for the purpose of parking in accordance with the purpose to which parking is restricted.

History.—§117, Ch. 57-333.

186.0119 Stopping, standing, or parking of buses and taxicabs regulated.—The operator of a bus or taxicab shall not stop, stand, or park upon any street in any business district at any place other than at a bus stop, or taxicab stand, respectively, except that this provision shall not prevent the operator of any such vehicle from temporarily stopping in accordance with other stopping, standing, or parking regulations at any place for the purpose of and while engaged in the expeditious unloading or loading of passengers.

History.—§118, Ch. 57-333.

186.0120 Restricted use of bus and taxicab stands.—No person shall stop, stand or park a vehicle other than a bus in a bus stop, or other than a taxicab in a taxicab stand when such

stop or stand has been officially designated and appropriately signed, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in expeditious loading or unloading of passengers when such stopping does not interfere with any bus or taxicab waiting to enter or about to enter such zone.

History.—§119, Ch. 57-333.

186.0121 Application of §§186.0121-186.0127.—The following provisions prohibiting the stopping, standing, or parking of a vehicle shall apply at all times or at those herein specified or as indicated on official signs except when it is necessary to stop a vehicle to avoid conflict with other traffic or in compliance with the directions of a police officer or official traffic-control device.

History.—§120, Ch. 57-333.

186.0122 Regulations not exclusive.—The provisions of §§186.0123, 186.0125, 186.0126 and 186.0127, imposing a time limit on parking, shall not relieve any person from the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing, or parking of vehicles in specified places or at specified times.

History.—§121, Ch. 57-333.

186.0123 Parking prohibited at all times on certain streets.—When signs are erected giving notice thereof, no person shall park a vehicle at any time upon any of the streets described in schedule IV attached to, and made a part of this ordinance.

History.—§122, Ch. 57-133.

186.0124 Parking prohibited at all times at certain places.—No person shall park a vehicle at any time on any of the following parts of streets, sidewalks, or sidewalk areas, where signs are erected giving notice thereof:

- (1) In front of a theater entrance.
- (2) In front of the entrance or exit of a hotel.
- (3) In front of the entrance to any building where in the opinion of the traffic engineer parking should be prohibited for public safety.

History.—§123, Ch. 57-333.

186.0125 Stopping, standing, or parking prohibited during certain hours on certain streets.—When signs are erected in each block giving notice thereof, no person shall stop, stand, or park a vehicle between the hours hereinafter specified in schedule V of any day except Sundays and full legal holidays, within the district, or upon any of the streets described in said schedule V attached to, and made a part of this ordinance.

History.—§124, Ch. 57-333.

186.0126 Parking time limited on certain streets.—When signs are erected giving notice thereof, no person shall stop, stand or park a vehicle for longer than the time designated by

said signs at any time between those hours so stated by said signs on any day except Sundays and full legal holidays, within the district or upon any of the streets described in schedule VI attached to, and made a part of this ordinance.

History.—§125, Ch. 57-333.

186.0127 Metered parking zones.—

(1) When parking meters are erected giving notice thereof, no person shall stop, stand, or park a vehicle in any metered parking zone for a period of time longer than designated by said parking meters upon the deposit of a coin of United States currency of the designated denomination on any day except Sundays and full legal holidays, unless otherwise posted, upon any of the streets described in schedule VII attached to, and made a part of this ordinance.

(2) Every vehicle shall be parked wholly within the metered parking space for which the meter shows parking privilege has been granted, and with the front end of such vehicle immediately opposite the parking meter for such space.

(3) It is a violation of this ordinance for any person to deposit or attempt to deposit in any parking meter any thing other than a lawful coin of the United States, or any coin that is bent, cut, torn, battered, or otherwise misshapen. It is a violation of this ordinance for any unauthorized person to remove, deface, tamper with, open, willfully break, destroy, or damage any parking meter, and no person shall willfully manipulate any parking meter in such a manner that the indicator will fail to show the correct amount of unexpired time before a violation.

History.—§126, Ch. 57-333.

186.0128 Obstruction to driver's view or driving mechanism.—

(1) No person shall drive a vehicle when it is so loaded, or when there are in the front seat such a number of persons exceeding three, as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the mechanism of the vehicle.

(2) No passenger in a vehicle shall ride in such position as to interfere with the driver's view ahead or to the sides, or to interfere with his control over the driving mechanism of the vehicle.

(3) No person in a bus, trolley coach, or other transit vehicle shall stand beyond the safety line which shall be inlaid, constructed in the floor, or painted upon the floor, so as to interfere with, or obstruct the driver's view to the front or sides, or to obstruct the view of signal he may give to drivers of other vehicles.

(4) No vehicle shall be operated upon any street unless the driver's vision through any required equipment is normal and unless such

vehicle complies with the provisions of subsection (6) of this section.

(5) No person shall drive any motor vehicle with any sign, poster, or other non-transparent material upon the front windshield, sidewings, side or rear windows of such vehicle so as to obstruct the driver's view, other than a certificate or other paper required to be so displayed by law.

(6) The windshield on every motor vehicle shall be equipped with a device in operating condition for cleaning rain, snow, or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of a vehicle.

(7) No person shall drive any motor vehicle equipped with any television viewer, screen or other means of visually receiving a television broadcast which is located in the motor vehicle at any point forward of the back of the driver's seat, or which is visible to the driver while operating the motor vehicle.

(8) No owner shall display upon any part of his vehicle any official designation, sign, or insignia, of any public or quasi-public corporation, municipal, state, or national department or government subdivision without authority of such agency.

History.—§127, Ch. 57-333.

186.0129 Mufflers' prevention of noise.—

(1) Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise, and no person shall operate a motor vehicle on the streets equipped with a muffler cut out, bypass, or similar device.

(2) A "muffler" as used herein is defined as a device consisting of a series of chambers or other mechanical devices designed for receiving the exhaust gases from an internal combustion engine for the purpose of breaking up the sound waves and the diffusion of smoke emitting from such engine.

(3) No person shall introduce any foreign material or obstruction into the muffler or exhaust pipe which causes or is capable of causing exhaust gases to ignite, burn, or flash in any manner or form.

History.—§128, Ch. 57-333.

186.0130 Following fire apparatus prohibited.—No driver of any vehicle other than an authorized emergency vehicle on official business shall follow any fire apparatus traveling in response to a fire alarm closer than 500 feet or drive into or park such vehicle within the block where fire apparatus has stopped in answer to a fire alarm.

History.—§129, Ch. 57-333.

186.0131 Crossing fire hose.—No vehicle shall be driven over any unprotected hose of a fire department when laid down on any street or private driveway for use at any fire or

alarm of fire or practice runs, without the consent of the fire department official in command.

History.—§130, Ch. 57-333.

186.0132 Following too closely.—The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles, and the traffic upon and the condition of the streets and shall maintain proper control of the vehicle at all times.

History.—§131, Ch. 57-333.

186.0133 Overtaking and passing school bus; school bus to bear sign; where school bus to stop.—

(1) Any person using, operating, or driving a motor vehicle upon or over the roads or streets of this municipality, upon approaching any school bus used in transporting school pupils to or from school, while such bus is stopped upon the roads or streets of this municipality, is required to bring such motor vehicle to a full stop before passing such school bus; provided, that said bus is properly identified by being painted a uniform color as approved by the state board of education, with the words "school bus" on the front and back in black letters at least four inches high. If a stop signal which meets standard requirements prescribed by the state board or by state law is displayed from the bus, said signal shall be due warning to the driver of any approaching vehicle that children may be on the highway and such vehicle shall not pass the school bus until the signal is no longer actuated or until the driver signals traffic to proceed.

(2) Every school bus shall stop as far to the right of the street as possible before discharging or loading passengers and, when possible, shall not stop where the visibility is obscured for a distance of 200 feet either way from the bus.

History.—§132, Ch. 57-333.

186.0134 Driving through funeral or other procession.—No operator of a vehicle shall drive between the vehicles, persons, or animals comprising a funeral or other authorized procession when such funeral or procession vehicles are properly identified by pennants or other authorized insignia and while such funeral or procession is in motion except when otherwise directed by a police officer. This provision shall not apply to authorized emergency vehicles as defined in this ordinance.

History.—§133, Ch. 57-333.

186.0135 Drivers and participants in procession.—All vehicles, persons, or animals comprising a funeral or other procession shall proceed as near to the right-hand edge of the roadway as practicable and shall follow the preceding vehicles, persons, or animals in such

procession as closely as is practicable and safe.

History.—§134, Ch. 57-333.

186.0136 When permits required for parades, processions, and sound trucks.—

(1) No procession, or parade, excepting the forces of the United States armed services, the military forces of this state, and the forces of the police and fire departments, shall occupy, march, or proceed along any street or roadway except in accordance with a permit issued by the chief of police and such other regulations as are set forth herein which may apply. No sound truck or other vehicle equipped with amplifier or loudspeaker shall be driven upon any street for the purpose of selling, offering for sale, or advertising in any fashion except in accordance with a permit issued by the chief of police.

(2) No oversized or overweight vehicle or equipment may be driven, occupy or proceed upon any street or roadway except in accordance with a permit issued by the chief of police and such other regulations as are set forth herein which may apply.

History.—§135, Ch. 57-333.

186.0137 Vehicles shall not be driven on sidewalk.—The driver of a vehicle shall not drive upon or within any sidewalk area except at a permanent or temporary driveway.

History.—§136, Ch. 57-333.

186.0138 Driving through safety zones prohibited.—No vehicle shall at any time be driven through or within a safety zone.

History.—§137, Ch. 57-333.

186.0139 Riding on motorcycles and motor-driven cycles.—A person operating a motorcycle or motor-driven cycle upon the roads or streets of this municipality shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person nor shall any other person ride on a motorcycle or motor-driven cycle unless such vehicle is equipped to carry more than one person, in which event a passenger may ride upon the permanent and regular seat, if equipped for two persons, or upon another seat firmly attached to the rear or side of the operator.

History.—§138, Ch. 57-333.

186.0140 Clinging to vehicles.—Any person riding upon any bicycle, motorcycle, motor-driven cycle, coaster, sled, roller skates or any toy vehicle shall not attach the same or himself to any vehicle upon any street.

History.—§139, Ch. 57-333.

186.0141 Boarding or alighting from vehicle.—No person shall board or alight from any vehicle while such vehicle is in motion.

History.—§140, Ch. 57-333.

186.0142 Unlawful riding.—No person shall ride on any vehicle upon any portion thereof

not designed or intended for the use of passengers. This provision shall not apply to an employee engaged in the necessary discharge of a duty, or to a person or persons riding within truck bodies in space intended for merchandise.

History.—§141, Ch. 57-333.

186.0143 Lights and brakes and other parts and equipment.—No person shall drive, move, stop or park, and no person shall cause or knowingly permit to be driven, moved, stopped or parked on any street any private or commercial vehicle 1. which is in such unsafe condition as to endanger any person or property, or, 2. which is not equipped with those lamps, reflectors, brakes, horn, and other warning and signalling devices, windows, windshield, mirrors, safety glass, mufflers, fenders and tires, and such other parts and equipment of a vehicle on the highways, in the position, condition and adjustment meeting the requirements of the laws of the state of Florida as to such parts and equipment of a vehicle on the highways of the state at the time, under the conditions, and for the purposes then existing, or 3. with respect to any vehicle being driven, moved, stopped or parked on any street within this municipality, to do any act forbidden, or fail to perform any act required by the laws of Florida relating to the lamps, brakes, fenders, and other parts and equipment, size, weight, and load as to such a vehicle on the highways of the state; provided, however, an authorized emergency vehicle may be equipped with and may display flashing lights which do not indicate a right or left turn.

History.—§142, Ch. 57-333.

186.0144 Inspection of vehicles.—It is unlawful for any person to drive, stop or park, or for the owner to cause or knowingly permit to be driven, stopped, or parked on any street within this municipality any vehicle which is required under the laws of Florida to be inspected, unless such vehicle has been inspected and has attached thereto, in proper position, a valid and unexpired certificate of inspection as required by the laws of Florida or by this municipality.

History.—§143, Ch. 57-333.

186.0145 Height, length, and weight of vehicle.—

(1) No person shall drive, move, stop or park, and no owner shall cause or knowingly permit to be driven, moved, stopped or parked on any street of this municipality any vehicle or vehicles of a size or weight or gross loaded weight exceeding the maximum limitations specified in the laws of Florida as to such size, weight, and gross loaded weight unless such person or owner is authorized to drive, stop, or park such vehicle of a size or weight exceeding the maximum by special permit of the state road department as provided by the laws of Florida.

(2) The provisions of this section shall not apply to fire apparatus, road machinery, snow plows, or to implements of husbandry temporarily moved upon a street.

History.—§144, Ch. 57-333.

186.0146 Restrictions on farm tractors, trailers, trucks and commercial vehicles upon use of streets.—

(1) When signs are erected giving notice thereof, no person shall operate or stop, stand, or park any farm tractor, trailer, semi-trailer, truck or commercial vehicle with a gross weight in excess of the amounts specified in schedule VIII at any time upon any of the streets or parts of streets described in said schedule VIII, attached to and made a part of this ordinance.

(2) It shall be unlawful to operate, park, stand or use upon any public street any commercial vehicle unless said vehicle is designated by lettering of three inches minimum size on either side indicating the name of the firm or the name of the corporation or person operating the same for a commercial use.

History.—§145, Ch. 57-333.

186.0147 Licensing of vehicles.—Every vehicle, at all times while driven, stopped or parked upon any streets of this municipality shall be licensed in the name of the owner thereof in accordance with the laws of Florida, unless such vehicle is not required by the laws of Florida to be licensed in this state, and shall unless otherwise provided by statute display the license plate or both of the license plates assigned to it by the state, one on the rear and if two, the other on the front of said vehicle, each to be securely fastened to the vehicle outside the main body of the vehicle, in such manner as to prevent said plates from swinging, with all letters, numerals, printing, writing, and other identification marks upon said plates clear and distinct and free from defacement, mutilation, grease and other obscuring matter, so that they shall be plainly visible and legible at all times 100 feet from the rear or front. No license plates other than those furnished by the state shall be used; provided, however, if such vehicle is not required to be licensed in this state, the license plates on such vehicle issued by another state, or by a territory, possession or district of the United States, or a foreign country, substantially complying with the provisions hereof, shall be considered as complying with this ordinance.

History.—§146, Ch. 57-333.

186.0148 Pedestrians subject to traffic-control signals.—Pedestrians shall be subject to traffic-control signals at intersections as hereinafter declared in §186.0149 of this ordinance, and at all other places pedestrians shall be accorded the privileges and shall be subject to the restrictions stated herein.

History.—§147, Ch. 57-333.

186.0149 Pedestrians' right of way at crosswalks.—

(1) Where traffic-control signals are not in place or in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection, except as otherwise provided herein.

(2) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall neither overtake nor pass such vehicle.

(3) Whenever special pedestrian-control signals exhibiting the words "walk" or "wait" are in place such signals shall indicate as follows:

(a) "Walk."—Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles except emergency vehicles.

(b) "Wait."—No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the "walk" signal may proceed to a sidewalk or safety island while the "wait" signal is showing.

(c) Between adjacent intersections at which traffic-control signals are in operation pedestrians shall not cross the roadway except in a marked crosswalk.

(4) No pedestrian shall cross a roadway other than in a crosswalk upon any through street.

(5) A pedestrian shall yield the right-of-way to an emergency vehicle as provided in §186.0174(2).

History.—§148, Ch. 57-333.

186.0150 Pedestrians to use right half of crosswalk.—Pedestrians shall move, whenever practicable, upon the right half of crosswalk.

History.—§149, Ch. 57-333.

186.0151 Crossing at right angles.—No pedestrian shall, except in a marked crosswalk, cross a roadway at any other place than by a route at right angles to the curb or by the shortest route to the opposite curb.

History.—§150, Ch. 57-333.

186.0152 Crossing at other than crosswalks.—Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

History.—§151, Ch. 57-333.

186.0153 Pedestrians to walk on left side of roadway where sidewalks not provided; not to solicit rides.—

(1) Pedestrians walking along a street or roadway where sidewalks are not provided shall walk on the left side of the street or roadway facing approaching traffic.

(2) No person shall stand in a roadway for the purpose of soliciting a ride from the driver of any private vehicle.

(3) Subsection (1) of this section, applying to pedestrians, shall also be applicable to riders of animals.

History.—§152, Ch. 57-333.

186.0154 Drivers to exercise due care.—Notwithstanding the provisions of §§186.0148-186.0153, every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian upon any roadway and shall give warning by sounding the horn when necessary, and shall exercise proper precaution upon observing any child or any confused or incapacitated person upon a roadway.

History.—§153, Ch. 57-333.

186.0155 Effect of regulations.—

(1) It is a violation of this ordinance for any person to do any act forbidden or fail to perform any act required which relates to the regulation of bicycles.

(2) No parent of any minor child and no guardian of any minor ward shall authorize or knowingly permit any such minor child or ward to violate any of the provisions of §§186.0155-186.0165.

(3) Sections 186.0155-186.0165 shall apply whenever a bicycle is operated upon any street, or upon any public path set aside for the exclusive use of bicycles, subject to those exceptions stated herein.

History.—§154, Ch. 57-333.

186.0156 Traffic laws apply to persons riding bicycles.—Every person riding a bicycle upon the street shall be subject to all of the duties applicable to the driver of a vehicle by the ordinance of this municipality, except as to special sections relating exclusively to bicycles and except as to those provisions of this ordinance which by their nature have no application.

History.—§155, Ch. 57-133.

186.0157 Obedience to traffic-control devices.—

(1) All persons operating a bicycle shall obey the instructions of official traffic-control signals, signs and other control devices applicable to vehicles, unless otherwise directed by a police officer.

(2) Whenever authorized signs are erected indicating that no right, or left or U-turn is permitted, no person operating a bicycle shall disobey the direction of any such signs except where such persons dismount from the bicycle to make any such turn, in which event such person shall then obey the regulations applicable to pedestrians.

History.—§156, Ch. 57-333.

186.0158 Riding on bicycles.—

(1) No person propelling a bicycle shall ride other than astride a permanent and regular seat attached thereto.

(2) No bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped.

History.—§157, Ch. 57-333.

186.0159 Riding on roadways and bicycle paths.—

(1) Every person operating a bicycle upon a street shall ride as near to the right-hand side of the roadway as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction.

(2) Persons riding bicycles upon a roadway shall not ride more than two abreast except on paths or roadways, or parts of roadways, set aside for the exclusive use of bicycles.

(3) Whenever a usable path for bicycles has been provided adjacent to a roadway, bicycle riders shall use such path and shall not use the roadway.

History.—§158, Ch. 57-333.

186.0160 Speed.—No person shall operate a bicycle at a speed greater than is reasonable and prudent under the conditions then existing.

History.—§159, Ch. 57-333.

186.0161 Entering or emerging from alley, driveway, or building.—The operator of a bicycle entering or emerging from an alley, driveway, or building, shall, upon approaching a sidewalk, or the sidewalk area extending across any alleyway or driveway, yield the right-of-way to all pedestrians approaching on said sidewalk or sidewalk area, and upon entering the roadway, shall yield the right-of-way to all vehicles approaching on said roadway.

History.—§160, Ch. 57-333.

186.0162 Carrying articles.—No person operating a bicycle shall carry any package, bundle, or article which prevents the rider from keeping at least one hand firmly upon the handle bars, and in full control of such bicycle.

History.—§161, Ch. 57-333.

186.0163 Parking.—No person shall stand or park a bicycle upon a street other than upon the roadway against the curb, or upon the sidewalk, in a rack to support the bicycle, or against a building, or at the curb, in such a manner as to afford the least obstruction to pedestrian traffic.

History.—§162, Ch. 57-333.

186.0164 Riding on sidewalks.—

(1) No person shall ride a bicycle upon a sidewalk within a business district.

(2) When signs are erected on any sidewalk or street which prohibit the riding of

bicycles thereon by any person, no person shall disobey such signs.

(3) Whenever any person is riding a bicycle upon a sidewalk, such person shall yield the right-of-way to any pedestrian and shall give audible signal before overtaking and passing such pedestrian.

History.—§163, Ch. 57-333.

186.0165 Lamps on bicycles.—

(1) Every bicycle shall be equipped with a lamp on the front exhibiting a white light visible from a distance of at least 500 feet to the front and with a lamp on the rear exhibiting a red light visible from a distance of 500 feet to the rear; except that a red reflector meeting the requirements of this section may be used in lieu of the red light. All such lamps and reflectors shall be in place and in operation whenever such bicycle is operated after sundown.

(2) No person shall operate a bicycle unless it is equipped with a bell or device capable of giving signal audible for a distance of at least 100 feet, but no bicycle shall be equipped with, nor shall any person use upon a bicycle, any siren or whistle.

(3) Every bicycle shall be equipped with a brake which will enable the operator to make a braked wheelskid on dry, level, clean pavement.

History.—§164, Ch. 57-333.

186.0166 Penalties.—Every person not a juvenile, as such is defined by the laws of this state, found guilty of a violation of any provisions found in §§186.0155-186.0165 shall be punished by a fine of not more than 25 dollars or by impounding of such person's bicycle for a period not to exceed 90 days. Upon the recommendation of a judge of a juvenile court or a competent court having jurisdiction over the person of a minor, the chief of police may impound such minor's bicycle for such period as said court may determine.

History.—§165, Ch. 57-333.

186.0167 Authority of police and fire department officials.—

(1) It is the duty of the officers of the police department or such officers as are assigned by the chief of police, to enforce all traffic ordinances of this municipality and of the state vehicle laws applicable to street and highway traffic in this municipality.

(2) Officers of the police department, or such special officers as are assigned by the chief of police, are hereby authorized to direct all traffic by voice, hand, or signal in conformance with traffic ordinances, provided that, in the event of a fire or other emergency or to expedite traffic or to safeguard pedestrians, officers of the police department may direct traffic as conditions may require notwithstanding the provisions of the traffic ordinance.

(3) Members of the fire department, when at the scene of a fire, may direct or assist the police in directing traffic thereat or in the immediate vicinity.

History.—§166, Ch. 57-333.

186.0168 Required obedience to traffic ordinance.—It is a violation of this ordinance for any person to do any act forbidden, or fail to perform any act required in this ordinance.

History.—§167, Ch. 57-333.

186.0169 Obedience to police and fire department officials.—No person shall willfully fail or refuse to comply with any lawful order or direction of any police officer, or member of the fire department at the scene of a fire, who is invested by law or ordinance with authority to direct, control, or regulate traffic.

History.—§168, Ch. 57-333.

186.0170 Traffic laws apply to persons riding on bicycles, or on animals or driving animal-drawn vehicles.—

(1) Every person riding a bicycle or driving any animal drawing a vehicle upon a street shall be subject to the provisions of this ordinance applicable to the driver of a vehicle, except those provisions of this ordinance which by their nature can have no application.

(2) Persons riding or leading animals on or along any street shall ride or lead such animals on the left side of said street facing approaching traffic. This shall not apply to persons driving herds of animals along streets.

History.—§169, Ch. 57-333.

186.0171 Use of coasters, roller skates, and similar devices restricted.—No person upon roller skates, or riding in or by means of any coaster, toy vehicle, or similar device, shall go upon any roadway except while crossing a street on a crosswalk, and when so crossing such person shall be granted all of the rights and shall be subject to all of the duties applicable to pedestrians. This section shall not apply upon any street while set aside as a play street as authorized by ordinance of this municipality.

History.—§170, Ch. 57-333.

186.0172 Public employees to obey traffic regulations.—

(1) The provisions of this ordinance applicable to the drivers of vehicles upon the streets shall apply to the drivers of all vehicles owned or operated by the United States, this state, or any county, city, town, district, or any other political subdivision of the state subject to such specific exceptions as are set forth in this ordinance with references to authorized emergency vehicles.

(2) The provisions of this ordinance shall not apply to persons, teams, motor vehicles, and other equipment while actually engaged in work upon the surface of the street, but shall apply to such persons, teams, vehicles and equipment when traveling to or from such

work. These provisions shall not relieve the driver of any such team, vehicle or equipment from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others.

History.—§171, Ch. 57-333.

186.0173 Authorized emergency vehicles.—

(1) The driver of any authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law, or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(2) The driver of an authorized emergency vehicle, except when otherwise directed by a police officer, may:

(a) Park or stand notwithstanding the provisions of this ordinance;

(b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;

(c) Exceed the speed limits, so long as he does not endanger life or property;

(d) Disregard regulations governing direction of movement or turning in specified directions, so long as he does not endanger life or property.

(3) Those exemptions hereinbefore granted in reference to the movement of an authorized emergency vehicle shall apply only when the driver of said vehicle sounds a siren, bell, or exhaust whistle and the vehicle displays a lighted red lamp visible from the front, as a warning to others.

(4) No driver of any authorized emergency vehicle shall assume any special privilege under this ordinance except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law.

History.—§172, Ch. 57-333.

186.0174 Operation of vehicles and actions of pedestrians on approach of authorized emergency vehicle.—

(1) Upon the immediate approach of an authorized emergency vehicle, when the driver is giving audible signal by siren, exhaust whistle, or bell, the driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to the right-hand edge of curb of the roadway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed except when otherwise directed by a police officer.

(2) Every pedestrian shall yield the right-of-way and shall immediately leave the roadway, and remain out of the roadway, until the authorized emergency vehicle has passed ex-

cept when otherwise directed by a police officer.

History.—§173, Ch. 57-333.

186.0175 Incompetent drivers; drivers' licenses.—

(1) No person under the age of sixteen years, without a special permit as provided by the laws of the state of Florida, and no person physically or mentally disabled or incapacitated in any particular, temporarily or permanently, shall drive a motor vehicle upon the streets of this municipality, provided such disability or incapacity is such as to interfere with the ready and safe operation of such vehicle.

(2) No person shall drive a motor vehicle upon the streets of this municipality unless such person has a valid operator's license issued by this state, or such operator's license as is required of such person under the laws of the state, or chauffeur's license if a chauffeur's license is required.

History.—§174, Ch. 57-333.

186.0176 Permitting incompetents to drive.—No owner, and no person having charge or control of any motor vehicle, shall permit any prohibited person as described in §186.0175 to drive the same.

History.—§175, Ch. 57-333.

186.0177 Driving while under the influence of liquor or drugs.—

(1) It is a violation of this ordinance for any person while under the influence of intoxicating liquor or narcotic drugs, or any other drugs when affected to the extent that his or her normal faculties are impaired or who is an habitual user of narcotic drugs or other drugs, to drive any vehicle upon any street within this municipality.

(2) Every person who is found guilty of a violation of this section shall be punished as provided for by law.

(3) Every finding of guilty under this section shall be reported to the department of public safety of Florida, or such other agency as may by statute be designated for the purpose of supervising the licensing of drivers and chauffeurs.

History.—§176, Ch. 57-333.

186.0178 Reckless driving.—

(1) Any person who drives any vehicle within this municipality in such a manner as to indicate either a willful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(2) Every person found guilty of reckless driving shall be punished as provided for by law.

History.—§177, Ch. 57-333.

186.0179 Careless driving. —

(1) Every person operating a vehicle upon the streets within this municipality shall drive

the same in a careful and prudent manner, having regard for the width, grade, curves, corners, traffic and use of these streets and all other attendant circumstances, so as not to endanger the life, limb, or property of any person. Failure to drive in such manner shall constitute careless driving and a violation of this ordinance.

(2) Every person found guilty of careless driving shall be punished as provided for by law.

History.—§178, Ch. 57-333.

186.0180 Accidents involving death or personal injuries or damage to vehicles.—

(1) The driver of any vehicle directly involved in an accident resulting in injury to or death to any person, or resulting in damage to a vehicle which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible and shall then forthwith return to and in every event remain at the scene of the accident until he has fulfilled the requirements of §186.0181.

(2) Any person failing to stop or comply with said requirements under such circumstances shall be guilty of violations of this ordinance, and shall upon being found guilty be punished as provided for by law.

History.—§179, Ch. 57-333.

186.0181 Duty to give information and render aid.—The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle which is driven or attended by any person shall give his name, address, and the registration number of the vehicle he is driving and shall upon request exhibit his operator's or chauffeur's license to the person struck or the driver, or occupant of or person attending any vehicle collided with and where practical shall render to any person injured in such accident reasonable assistance, including the making of arrangements for the carrying of such person to a physician, surgeon, or hospital for medical or surgical treatment if necessary, or if such carrying is requested by the injured person.

History.—§180, Ch. 57-333.

186.0182 Duty to report accidents immediately.—

(1) The driver of a vehicle involved in an accident resulting in injury or death to any person, or any property damage shall by the quickest means of communication, give notice of such accident to the police department. No vehicle involved in such accident shall be moved except when so ordered by a police officer.

(2) The police department may require any driver of a vehicle involved in an accident to file written reports and supplemental reports concerning said accident, whenever the original information is insufficient in the opinion of the police department, and may

require witnesses of such accidents to render reports to the police department.

(3) Every law enforcement officer who, in the regular course of duty, investigates a motor vehicle accident of which report must be made as required in this section, either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses shall within 24 hours after completing such investigation forward a written report of such accident to the police department. It shall be the duty of all police officers and other peace officers to report to the department of public safety of Florida, or such other agency as may by statute be designated therefor, on the form provided, all accidents within 24 hours of the time they receive such information.

History.—§181, Ch. 57-333.

186.0183 When driver unable to report.—Whenever the driver of a vehicle is physically incapable of making a required accident report and there was another occupant in the vehicle at the time of the accident capable of making a report such occupant shall make or cause to be made said report.

History.—§182, Ch. 57-333.

186.0184 Accident report forms.—

(1) The police department shall secure from the department of public safety of this state, or such other agency as may by statute be authorized to supply the same, forms for accident reports required hereunder, and thereon shall report sufficiently detailed information to disclose with reference to a traffic accident the cause, conditions then existing, and the persons and vehicles involved.

(2) Every accident report required to be made in writing shall be made on a form approved by said department of public safety, or said other agency where such form is available.

History.—§183, Ch. 57-333.

186.0185 Duty upon striking unattended vehicle.—The driver of any vehicle which collides with any vehicle which is unattended shall immediately stop, and shall then and there either locate and notify the operator or owner of such vehicle of the name and address of the driver and owner of the vehicle striking the unattended vehicle, or shall leave securely attached in a conspicuous place in the vehicle struck, a written notice giving the name and address of the driver and of the owner of the vehicle doing the striking and a statement of the circumstances thereof, and shall report such accident as provided in §186.0182 hereof.

History.—§184, Ch. 57-333.

186.0186 Duty upon striking fixtures on street or roadway.—The driver of any vehicle involved in an accident resulting only in damage to fixtures legally upon or adjacent to a street shall take reasonable steps to locate

and notify the owner or person in charge of such property of such fact, and of his name and address and of the registration number of the vehicle he is driving, and shall upon request exhibit his operator's or chauffeur's license and shall make such report of such accident when and as required in §186.0182.

History.—§185, Ch. 57-333.

186.0187 Garages to report.—The person in charge of any garage or repair shop to which is brought any motor vehicle which shows evidence of having been involved in an accident, or struck by any bullet, shall report to the police department within 24 hours after such vehicle is received and before any repairs are made to such vehicle, giving the engine number, registration number, and if known, the name and address of the owner and operator of such vehicle, together with any other discernible information.

History.—§186, Ch. 57-333.

186.0188 Accident reports confidential.—All accident reports and supplemental reports required of drivers of vehicles by §186.0182 (1) and (2) shall be without prejudice to the individual reporting, and shall be for the confidential use of the police department and of the state department of public safety, except that the police department may disclose the identity of a person involved in an accident when such identity is not otherwise known or when such person denies his presence at such accident. No such report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the police department shall furnish upon demand of any court, a certificate showing that a specified accident report has or has not been made to the police department solely to prove a compliance or a failure to comply with the requirement that such a report be made to the department.

History.—§187, Ch. 57-333.

186.0189 Application of ordinance.—This ordinance applies to every street, alley, sidewalk, driveway, park area, and every other way, either within or outside the corporate limits of this municipality, the use of which the municipality has jurisdiction and authority to regulate.

History.—§188, Ch. 57-333.

186.0190 Effect of ordinance.—If any part or parts of this ordinance are for any reason held to be invalid or unconstitutional, such decision shall not affect the validity or constitutionality of the remaining portions of this ordinance. The (city council) (city commission) hereby declares that it would have passed this ordinance and each part or parts thereof, irrespective of the fact that any one part or parts be declared invalid or unconstitutional.

History.—§189, Ch. 57-333.

186.0191 Uniformity of interpretation between this ordinance and the laws of the state.—It is the dominating purpose of this ordinance that its provisions should adopt and make applicable to municipalities the presently existing laws of the state of Florida relating to the subjects for which provision is made herein, in order that uniformity of application and interpretation may be attained. No application or interpretation of this ordinance, regardless of the wording of any section of this ordinance, shall deviate from that uniformity of application and interpretation between comparable provisions of this ordinance and the laws of Florida, except where such deviation is required by the differing governmental or administrative requirements.

History.—§190, Ch. 57-333.

186.0192 Repeal.—All other former traffic ordinances of this municipality are hereby repealed, and all ordinances or parts of ordinances in conflict with or inconsistent with the provisions of this ordinance are hereby repealed, except that this repeal shall not affect or prevent the prosecution or punishment of any person for any act done or committed in violation of any ordinance hereby repealed prior to the taking effect of this ordinance.

History.—§191, Ch. 57-333.

186.0193 Publication of ordinance.—The city clerk shall certify to the passage of this ordinance and cause the same to be certified for adoption by reference as provided by law.

History.—§192, Ch. 57-333.

186.0194 Schedules of designated streets, districts, and zones referred to in ordinance.—

SCHEDULE I.

(1) **INCREASED SPEED LIMITS.**—In accordance with §186.77, and when signs are erected giving notice thereof, the speed limit shall be as set forth in this schedule upon those streets or portions thereof and at the times specified herein.

- 192.53 Disposition of bonds, etc., deposited with state treasurer under chapter 15054.
- 192.54 Banks and trust companies; exemption from taxation, etc.
- 192.56 Land shall not be subdivided; no plat filed until taxes paid.
- 192.57 Oath; when not required.

192.01 Property subject to taxation.—Unless expressly exempted from taxation, all real and personal property in this state, and all personal property belonging to persons residing in this state, shall be subject to taxation in the manner provided by law.

History.—§1, ch. 4322, 1895; GS 428; §1, ch. 5596, 1907; RGS 694; CGL 893.

192.02 Real property defined.—For the purpose of taxation "real property" shall be construed to include lands and all buildings, fixtures and other improvements thereon. When used in connection with taxation the terms "land" and "real estate" shall be construed as having the same meaning as real property above defined.

History.—§2, ch. 4322, 1895; GS 429; §2, ch. 5596, 1907; RGS 695; CGL 895.

192.03 Personal property defined.—For the purpose of taxation "personal property" shall be construed to include all goods and chattels, money and effects, debts due or to become due from solvent debtors whether on account, contract, note or otherwise, and all public stocks or shares in incorporated or unincorporated companies.

History.—§3, ch. 4322, 1895; GS 430; §3, ch. 5596, 1907; RGS 696; CGL 896; §1, ch. 18297, 1937; §5, ch. 63-550.

192.04 Property taxable as of January first; lien.—All real and personal property shall be subject to taxation on the first day of January of each year, and shall be a lien upon such property for the purposes thereof superior to all others, which lien in addition to the provisions for the collection of taxes on personal property may be enforced by suit in equity.

History.—§3, ch. 4322, 1895; RGS 696; CGL 896; §3, ch. 5596, 1907; §1, ch. 18297, 1937.

192.05 Assessment of stock in trade; failure to file return and pay the tax when due.—

(1) All personal property considered as goods, wares and merchandise commonly known as stock in trade, shall be assessed for the purpose of taxation by the counties, cities, villages, towns and taxing districts at twenty-five per cent of a valuation to be based upon the invoice cost value of the goods. Said valuation shall be the inventory data reported on the taxpayer's federal income tax return and such other sworn data as shall be necessary to assure an accurate report of the average inventory of the taxpayer held or owned over a period of twelve months, next preceding January 1 of the year for which the assessment is made.

(2) Any person who fails to make a tax return as required by this section shall pay a

penalty in addition to and as part of the tax, a sum equal to twenty-five per cent of the tax found to be due. A taxpayer making a return and who fails to include therein all stock in trade subject to taxation as required by this chapter shall pay as a penalty in addition to, and as part of the tax, a sum equal to twenty-five per cent of the tax found to be due on that part of his stock in trade which he fails to include in his return. All taxes together with any penalties shall draw interest at the rate of one per cent per month from the date the said taxes become delinquent until same have been paid. In making a back assessment of omitted property there shall be added as a penalty the sum of twenty-five per cent of the tax per annum from the date such tax should have been paid.

History.—§3, ch. 4322, 1895; GS 430; §3, ch. 5596, 1907; RGS 696; CGL 896; §1, ch. 18297, 1937; §1, ch. 61-295.

192.051 Statutory exemptions; governing provision.—It is hereby declared to be the intent of the legislature of the state that §1 of Art. IX of the constitution is the exclusive governing provision concerning statutory exemptions of property of nonprofit corporations.

History.—§2, ch. 61-266.

192.06 Property exempt from taxation.—The following property shall be exempt from taxation:

(1) All property, real and personal, of the United States and of this state, except such property of the United States as shall be subject to taxation by this state or any political subdivision or municipality thereof under any law of the United States.

(2) All public property of the several counties, cities, villages, towns and school districts in this state, used or intended for public purposes, including both real and personal property of all fire, hose and hook and ladder companies, except lands sold for taxes for the use of any counties, cities, villages, towns or school district; and including all property of municipally owned and operated public utilities held and used exclusively for municipal purposes.

(3) Such property of educational, literary, benevolent, fraternal, charitable and scientific institutions within this state, as shall actually be occupied and used by them for the purpose for which they have been or may be organized, provided, not more than seventy-five per cent of floor space of said building or property is rented, and the rents, issues, and profits of said property are used for the educational, literary, benevolent, fraternal, charitable or

scientific purposes of said institutions; provided, further, that the above stated limitation against the rental of more than seventy-five per cent of the floor space of any such building or property shall not apply to rooms or beds rented, or available for rent, to patients in any hospital, licensed by the state board of health, operated by a Florida corporation, not for profit, which has been exempt from the payment of taxes to the United States upon the income derived from the operation of such hospital, if all of such income, remaining after payment of the usual and necessary expenses of operating such hospital, including the payment of liens and encumbrances upon the property of such corporation, shall be used exclusively for educational, charitable or scientific purposes, including the maintenance, improvement or expansion of the facilities of such hospital; provided further, that nothing in this subsection shall be construed as applying to special assessment by municipalities for sidewalks, curbing, street paving or other local improvements. Provided further, that educational institutions as used in this chapter shall mean state tax supported, parochial, church and non-profit private schools, colleges or universities conducting regular classes and courses of study required for eligibility to, certification by, accreditation to or membership in the southern association of colleges and secondary schools, state department of education or the Florida council of independent schools this act shall not apply to property owned by testamentary charitable trusts in counties having a population of not less than one hundred twelve thousand nor more than one hundred seventy thousand according to the latest official decennial census.

(4) All houses of public worship and lots on which they are situated, and all pews or steps and furniture therein, every parsonage and all burying grounds not owned or held by individuals or corporations for speculative purposes, tombs and right of burial; but any building being a house of worship which shall be rented or hired for any other purpose except for schools or places of worship, shall be taxed the same as any other property.

(5) All public libraries and real and personal property belonging to and connected with the same, consisting of the library itself and all real and personal property held for the actual use and occupation of such library only, and not for rent, profit or speculation.

(6) All property, real and personal, held by and belonging to any agricultural society in this state, and used exclusively for the meetings or exhibits of such society, which now is or may hereafter be lawfully organized in pursuance of law.

(7) Property to the value of five hundred dollars to every widow, and to every person who is a bona fide resident of the state, and has lost a limb or been disabled, in war or by misfortune.

(8) All property in this state now owned and exclusively used by the regularly consti-

tuted women's club of Florida, or American Legion, or the duly constituted chapters, inns, or other associations duly chartered by national college fraternities or national college sororities, located and existing at colleges and universities in the state, at state institutions or duly chartered as such colleges or universities by the state, used solely as their clubhouse or home, is hereby defined to mean such property as is contemplated by §1 of Art. IX of the constitution of Florida and is hereby declared to be exempt from all taxation; provided, that nothing in this subsection shall be construed as applying to special assessments by municipalities for sidewalks, curbing, street paving or other local improvements as to which special assessments against abutting property owners are made and collected.

(9) All homes, clubhouses, hospitals and other property owned and operated by the organizations of exservice men, not for profit, and in carrying out the purposes of such organizations and to preserve the associations and lessons of the world wars and Spanish American war, are hereby made and declared to be exempt from the assessment and levy of all ad valorem taxes in the state.

(10) Real property owned and used by labor organizations with charters from national or international organizations which is used exclusively by them as their meeting halls, training halls or educational purposes is hereby defined as being property within the purview of §1, Art. IX of the state constitution and entitled to tax exemption thereunder; provided, however, that this exemption shall only extend to the portion of a building used for such purposes and where any property owned by any such labor organization is used for commercial purposes, which purposes include, but which are not limited to, rentals, it shall be subject to taxation. The portion of such buildings used for commercial purposes or other purposes, may be valued and placed upon the tax rolls separately from the portions entitled to exemption as aforesaid.

(11) (a) Real property owned and used by medical societies chartered under the laws of this state, which is used exclusively by them for the headquarters for such societies, the preservation of medical or scientific libraries, the situs for medical research programs and discussions or other educational or scientific purposes, identified or allied with organized medicine is hereby defined as being property within the purview of §1, Art. IX of the state constitution and entitled to tax exemptions thereunder. Provided however, that this exemption shall only extend to the portion of a building used for such purposes and where any such property owned by any such medical societies is used for commercial purposes which includes, but is not limited to, rentals, it shall be subject to taxation. The portion of such buildings used for commercial purposes or other purposes, may be valued and placed upon the tax rolls separately from the portions entitled to exemption as aforesaid.

(b) All bridges and approaches, the property upon which said bridges and approaches are constructed and all appurtenances there-to owned by neighboring states or jointly by this state and neighboring states when said bridges and their approaches and appurtenances are open to travel by the general public.

(c) Nothing in this subsection shall be construed as amending or otherwise affecting any of the provisions of subsections (1) through (10), inclusive, of this section.

(12) Real property held and used for the production of income, and for no other purpose, by a testamentary trust for a term of not less than ninety-nine years duration, established by will, probated and administered under the laws of Florida, for the purpose of constructing and operating a charitable, nonprofit hospital or hospitals, within the state, provided such income is applied exclusively to the nonprofit charitable hospital purposes specified in said will, and provided, however, that such exempted property shall not exceed five thousand acres in any one county.

*(13) All property, real and personal, of any hospital, licensed by the state board of health, owned and operated by a Florida corporation not for profit, which has been exempt from the payment of taxes to the United States upon the income derived from the operation of such hospital, and used by such hospital for hospital purposes, including but not limited to housing for nurses, interns and other hospital personnel, laboratories, laundries, parking lots, auditoriums, lecture halls, animal houses, pharmacies and other hospital uses; provided that all income of such hospital, remaining after payment of the usual and necessary expenses of operation, including the payment of liens and encumbrances upon its property, shall be used exclusively for educational, charitable or scientific purposes, including the maintenance, improvement or expansion of its facilities.
